The third annual Eastland County Pecan Show will be held at Cisco Friday and Saturday, December 9 and 10, under the

The man came to install the hillbilly's new TV set. TV man: Now this (pointing to the antenna) will have to go on the roof.

Wife: It's like I been telling you Zeke. Now we got to put a roof on the house.

Sticking our nose deep into the high school state football playoffs we picked eight of ten teams correctly the past weekend for an .800 total. Actually we did throw in three Southwest Conference tussles for measure. The two losses that went against our percentage margin was McCamey's 14-7 victory over Ozona and Texas University's stunning upset over A&M

Ranger's defensive minded Bulldogs, who have only had six points scored on them in the past six contests, take on another old foe at home Saturday in a contest which now either means life or death for the contenders.

McCamey, who rode last week into the regional fracas with their victory over Ozona, represents a completely different team than the Bulldogs faced last week against Albany, who relied mostly on quick shock in the opening minutes of their previous contests. Where Albany was small, McCamey is big. Where Albany was fast but erratic, McCamey is powerful and determined.

Without an official starting lineup for the McCamey eleven, it is still doubtful that Ranger has faced a line so large in their ten previous outings. McCamey's 14-7 victory over Ozona Saturday was a indication of their power.

The big McCamey line, who have been successful in tearing and cutting holes in the enemy's front wall for its backs to fall into isn't enough, they have more. In fact, they have three complete teams, any of which is capable of matching weights with the Bulldogs.

One thing for certain, the Bulldogs took a terrible moral victory over Albany Thursday afternoon here. The Lion fans were the most boastful and positive group that has followed any group doing battle with the Bulldogs. No reason to elaborate on the disappointed group that left Ranger late on the fateful afternoon.

Naturally they had reason to believe that their undefeated team, with nearly a perfect season record, could outrun the Bulldogs, who only casually recall their opening tie with Mineral Wells and their 19-13 defeat at Winters three games later. But the final 20-6 score was pure satisfaction for the Ranger fan who had heard the Lion's roar for a full week prior to the bi-district clash.

Doak Walker, the little man who fooled the pros (more than 400 points worth in six years) is retiring at the end of this National Football League season. The all-around great back is profiled in the current issue of Sport magazine which also features him on its cover. Sport is at the newsstands now.

Regional Tilt Tickets Go On Sale Wednesday

Reserved tickets for the Ranger-McCamey regional clash will be put on sale at the school office Wednesday morning beginning at 8 a.m. G. B. Rush, superintendent of schools said here today.

Rush said that the tickets would be sold in the same manner as those distributed for the Albany contest Thursday. That is, only reserve tickets will be sold prior to game time and both the reserve and general admission tickets will cost \$1.50 each.

The reserve tickets will also go on sale at McCamey at the same time. More than 894 reserve tickets were sent there today.

DeLeon District Band Meeting Set In January

The all-district high school band, chosen recently at Comanche, will meet in mid-January at De Leon and most of the program for that event was selected in a meeting this week at Ranger.

Planning the program were three bandmasters—Howard E. Gill of Eastland, Ernest Repass of DeLeon and Fred Baumgardner of Ranger. The district band's first concert will be at the De Leon meeting.

The band will rehearse in daytime sessions and the concert is to be given that night.

auspices of the Cisco Chamber of Commerce. County Agent J. M. Cooper will direct the show. Judging will be Saturday, December 10.

"As you begin to harvest your nuts in the next few weeks please keep the pecan show in mind and save back some of your best papers and native seedlings also to exhibit," said Mr. Cooper.

"Eastland County has some of the best pecan soil to be found anywhere and pecans in the years ahead could become one of the most important crops. It is up to us to boost this crop and the coming show is only one means of doing so."

"We solicit your help and influence in helping to make the coming show the best one we have ever had in the county."

F.H.A. Makes Final Beau Selection Here

Boone Carroll Yarbrough was runoff winner in the annual election for F. H. A. Beau at Ranger High School.

Boone is a popular sophomore student and a member of the Bulldog football squad. He was the freshman candidate in the F. H. A. contest that year and he is a member of the M.Y.F., a church organization.

A dinner will be given in his honor and other guests will include the three other candidates who were Robert Watson, Charles Bonney and Charles David Wolford.

The selection of an F. H. A. Beau is based on the qualities of personality, good manners, friendliness, high character and pleasing appearance.

Letters To Santa Start Early Here

Santa Claus letters, an old favorite with the Ranger Times, have begun rolling in for publication, without even a hint, thus making it seem that the practice is equally appealing to the younger set who each day more and more anticipate the guardian of the north pole and his annual visit.

First letters to be received in the Times office were signed by William Wade Warren, Pam Dennis and another signed simply, "Robbie."

The letters:

Dear Santa Claus;

I am a little boy age seven. I have been pretty good, but I will try and be better from now until Christmas. Here is what I would like to have. A bicycle, horse, shoes, house coat, building blocks. Thank you Santa. I love you.

William Wade Warren

Dear Santa,

I am a little girl, six years old. I have been a pretty good girl this year. Would you please bring me a tiny teddy doll and a buggy. Please don't forget the other little boys and girls.

Love,

Pam Dennis

Dear Santa,

I have been a good girl. I want a new pair of roller skates.

Reservations must be completed by Dec. 5 and are being made through local Scout officials or at the Boy Scout office in Brownwood.

"The Boy Scout movement in our area has had an outstanding growth in membership this year, about 20 per cent, gain, and now totals about 1,900 boys in 81 Scouting units," according to W. Doyle Graves, Stephenville, who is chairman of organization and extension.

Numberous Eastland County Scouters and their ladies are expected to be among those attending the annual event at Brownwood.

Local Woman Chosen For Baptist Board

Mrs. Ralph E. Perkins has been elected to the State Baptist Training Union Executive Board by the General Convention meeting in Atlanta last week. She will serve for two years.

Mrs. Perkins is an "approved elementary teacher" and has served with the state department for a number of years. In 1953 The First Baptist Church Elementary Department, under the directorship of Mrs. Perkins prepared the Program Materials for three months for the three departments. These programs are used in churches over some 30 states and in many foreign countries.

Dr. T. C. Gardner, Executive Secretary of the Training Union Department was very complimentary concerning the honors received at Hardin-Simmons University. He said, "We are proud to have Mrs. Perkins on our Executive Board. She received the highest grades her junior year in college that had been made up to that time. She has done a marvelous work in The First Baptist Church of Ranger."

The local church came in for additional honors with the Junior Department of Training Union, directed by Mrs. J. C. Carter, preparing the Junior programs for the month of March, 1956. The pastor prepared the General Assembly programs for March 1956. John Perkins served as a personal page for Dr. Gardner during the sessions of the convention.

The attack was his second in less than two years. He was stricken 18 months ago at El Paso while driving a truck.

Holliday, recognizing the symptoms of the attack was able to call for assistance before he was stricken.

Humorous Story Is Recounted By Clerk

Mrs. Jewell Reaves, clerk of Texas Local Board No. 36, Selective Service, in the Petroleum Building, has come across a humorous account of the experiences of a soldier in World War I, who asked "Think Army life tough these days?" Says he:

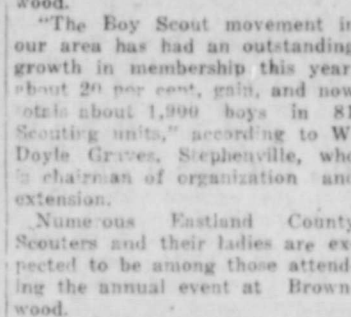

"I am one of the fellows who made the world safe for Democracy. I fought and I fought and I fought — but I had to go anyway. I was called in Class A. The next time I want to be in Class B, be here when they go and when they come back. I remember when I registered. I went up to the desk and the man in charge was my milkman. He was bold enough to ask, 'What's your name?' I said, 'You know my name.' 'What's your name?' he barked, so I told him August Childs. He said, 'Are you alien?' I said, 'No, I feel fine.'"

"The next day I went to camp. I guess they didn't think I would live long. The first fellow I saw

wrote on my card 'Flying Corps.' I went a little further and some fellow said, 'Look what the wind is blowing in.' I said, 'Well, nothing. The draft is doing it.' On the second morning they put clothes on me. What an outfit. As soon as you are in it, you think you can fight anybody. They have two sacks — too small and too large. I passed an officer all dressed up with a funny belt and all the stuff. He said, calling after me, 'Didn't you notice my uniform when you passed?' I said, 'Yes, what are you kicking about? Look what they gave me.'"

"Three days later we sailed for France. Marching down the pier I had more luck. I had a sergeant who stuttered and it took him so long to say 'Halt' that 27 of us marched overboard. They pulled us out and lined us up on the pier and the captain came by and said,

Sixteen Teams Set For Class A State Playoffs

Second-round Class A football playoffs take on another weekend of serious business for the state flag, which finds Ranger still in the running, after initial elimination was transacted Thursday, Friday and Saturday last week.

With 16 teams yet remaining in the running, four widely scattered contests will attract the most attention in the Class A test.

Locally, the winner of the McCamey-Ranger fracas Saturday should have an easier go next week against the winner of the Stinnett-Hale Center contest.

The South Texas spotlight will be focused on the Hondo-Hebberville meeting at Falfurrias Friday night. The two central Texas powers, Franklin and Luling meet at Luling Friday night and Vanderbilt Industrial, with a perfect 11-0 record, clashes with Deer Park Friday.

Only Chillicothe, who meets Rockwall at Wichita Falls Friday, matches Vanderbilt's perfect 11-0 record.

However, Chillicothe's chances of advancing to the playoffs are not considered too highly.

McCamey has been rated number one by most sports writers throughout the state.

Gradual Warmup, Rain Expected Next Three Days

Temperatures are expected to warm up some during the next two days as a cold front that moved into this area Sunday afternoon pushed temperatures down to near 20 before dawn today.

Highest temperature today is expected to reach into the mid 50s and descend to the low 30s tonight. High Wednesday will be in the 60s.

It was biting cold and blustry over most of the eastern half of the nation Monday, and generally chilly elsewhere.

The cold front moved into the Eastland County area Sunday afternoon on the heels of a howling dust storm that stretched far into central Texas by Monday morning.

The front brought snow flurries in a band from the Northern Plains eastward through the Upper Mississippi Valley, the Great Lakes region, the Ohio Valley and the New England states. Light rain fell over the Pacific Northwest and freezing rain or snow flurries fell over the northern Rockies.

Long distance forecasters expect rain clouds to move into the area Thursday, touching off a possible shower chain.

Bulldogs Meet McCamey 2 P.M. Here Saturday

The Ranger Bulldogs were guaranteed another football game at home when McCamey opened Ozona 14-7 in their bi-district Class A football clash Saturday.

There was no dispute as to where the Ranger-McCamey regional contest would be played as no negotiations were required.

In 1953, when the Bulldogs brought home the state title they lost a coin flip to McCamey and to where the Ranger-McCamey regional contest would be played as no negotiations were required.

Interscholastic league rules required the playoffs to be completed with a different host team each meeting.

Both schools decided that the game would be played at 2 p.m. Saturday. Bulldog Stadium will be the site of the post-season classic.

Mr. and Mrs. W. P. Guinn left Saturday for Houston.

Funeral services were held Monday afternoon at Heights Funeral Home in Houston. Burial was in a Houston Cemetery.

Pharmacy Burglary Nets Cash, Narcotics

Burglars, heedless of street lights and passing cars, casually broke into Swaney's Pharmacy on Main Street at 11:30 Saturday night and stole and undisclosed amount of narcotics and \$100 in cash.

Entrance was gained through the front door, police said.

Taken was a draw-down from the pharmacy room containing 1 1/2 narcotics and \$100 left in the cash register for use Sunday morning.

Police said that nothing else had been touched, leaving the impression with the city police, Texas Ranger Jim Riddell of Breckenridge and the Eastland county sheriff's office that the burglars had planned the robbery.

A 17-year-old youth of Ranger,

reported the robbery to police and said that he saw a man leaving by the front door carrying a box under his arm while a second man waited in a car in front of the building with the motor running.

The youth said that the pair sped away when the second man with the box entered the car.

He was not able to give the law enforcement officers any description of the two men and was not certain of his description of the car in which they fled.

Road blocks were set up at DeLeon, Breckenridge, Eastland and east of Ranger on U. S. Highway 80 within minutes of the burglary but as yet no arrests have been made.

William Swaney, owner of the pharmacy, and last to leave Saturday night, had departed only 30 minutes earlier. He reported to police that he felt a car had followed him to his house. The report was unconfirmed, however.

Patrolman John Shook, a d Don Butler, on duty at the time of the burglary, were on the south side of the city making a regular residential check, when the robbery was reported.

Police advocate that the robbers were familiar with their operation and waited until the patrol car had crossed the tracks before entering the building.

Exes Will Convene For Plan

Approval and recommendation of a practical endowment plan for Ranger Junior College will be the basis on which the Endowment Advisory Committee will meet Thursday at 7 p.m.

The Ex-Students Association Committee will also meet with the endowment committee for a joint discussion and review of the proposal.

An endowment plan has been developed and will be submitted to the joint committees for review and approval. The plan, when approved will then be recommended to the president and board of regents for adoption.

The successful experience of a number of Texas colleges is being utilized as the principal basis on which the plan is being developed. These colleges have attributed their success in accumulating up to several million dollars in their endowment to the teamwork of their board of regents, the working committees, and other interested citizens.

Hundreds of contributions from wealthy friends of these colleges have been made in varying amounts ranging from a few thousand to well over a million dollars. Substantial gifts in both cash and property have been contributed through wills covering their estates, as well as outright gifts. One gift which was recently given to a neighboring college, consisted of a large ranch covering more than 3,400 acres of land.

The committee desires that every interested citizen offer whatever suggestions he may have relative to this proposal. It has been suggested by one of Ranger's local citizens that the proposed construction of a permanent type, major college building be the immediate goal. An initial fund raising campaign for \$25,000 from the local community has also been suggested as one means of spearheading the foundation.

The Ex-Students Association Committee is composed of L. E. Russell, chairman; Alvis Woods, Mrs. O. C. Warden, Mrs. Morris Campbell and Mrs. Alla Rae Morris.

The advisory committee for this program consists of Bruner H. Peacock, chairman; Dr. P. M. Kuykendall, W. F. Creager, Mrs. L. H. Hagaman, A. P. Thomas, Jr., Frank Deaton, and S. M. McAnelly.

Figures Given On Signing for Draft In Texas

A total of 5,863 Texans registered at local draft boards in October, Local Board No. 36, Petroleum Building, Eastland, has been advised from headquarters in Austin.

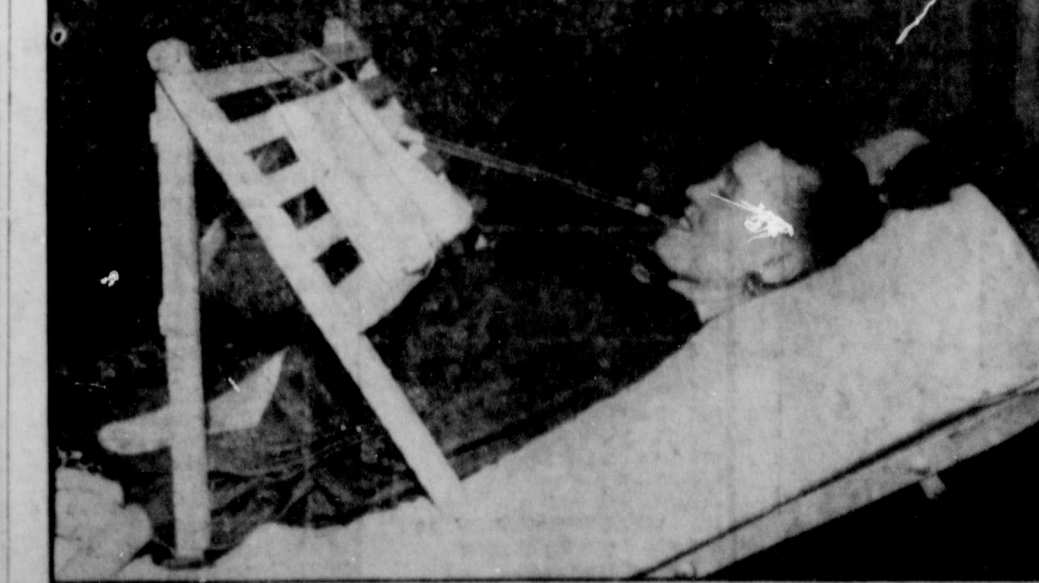

Federal law requires men to register on their 18th birthday, or within five days thereafter, if, Col. Morris S. Schwartz, state Selective Service director, pointed out.

Under present regulations and policies, no man is drafted under age 21 in Texas except volunteers or delinquents. But the law obligates males to register at 18.

Since the present draft law was enacted in 1948, all males born since August 30, 1922, have been and are now required to register, except those not yet 18.

A man who fails to register, up on prosecution and conviction, is subject to fine up to \$10,000, or five years imprisonment, or both.

Miss Minnie Mae Billingsley Takes Vows With Donald Hart

Miss Minnie Mae (Mitz) Billingsley, Eastland County Home Demonstration Agent, and Donald James Hart of Eastland exchanged wedding vows in a double ring ceremony at 7 p. m. Saturday at Central Presbyterian Church, Abilene.

The Rev. Jess Bass, pastor of Primitive Baptist Church, Tuscola, read the service, against a background of greenery, baskets of white gladioli and white candles which burned in floor candelabra. The couple stood beneath an arch decked with wedding bells. The kneeling rail was of white satin.

The bride is the daughter of Mr. and Mrs. Gilbert S. Billingsley of Tuscola and her husband is the son of Mrs. Lawrence Walker Hart, 1313 S. Seaman, Eastland, and the late Mr. Hart.

A prelude of nuptial music was provided by Mrs. Jimmy Young of Eastland, who accompanied Miss Sharon Smith of Tuscola, who sang "Through the Years" and "Whither Thou Goest."

As the couple pledged their vows, Mrs. Young played "Blest Be the Tie That Binds." And at the close of the ceremony, Miss Smith sang "The Lord's Prayer" by Malotte. The traditional wedding marches were used for the processional and recessional.

Candles were lighted by Clara and Nelda Turnbow, cousins of the bride.

Pete Billingsley of Tuscola, Hardin - Simmons University student, gave his sister in marriage. She wore an ice-blue satin gown, designed with long full skirt and long sleeves which came to points over her hands. The fitted bodice was trimmed with multiple satin-covered buttons, high neckline and Victorian collar. Her finger-tip veil was of ice-blue illusion, caught to

a calotte of ice-blue satin, which was beaded with seed pearls.

She carried a white Bible, topped with white baby orchids and gardenias.

Miss Lavada Brunson of Jayton was maid-of-honor and bridesmaid; Miss Julia LaFaye Mason, assistant county home demonstration agent, Eastland; Miss Jane Hart of San Antonio, sister of the bridegroom; Miss Olea Whitaker and Miss Anna Lou Bradbury, both of Abilene.

The candle lighters and the attendants wore identical gowns, fashioned with princess - style waists, full ballerina length skirts and cap sleeves. The gowns formed a monochromatic picture in blue. The candle lighters wore just a shade darker than the bride's; the bridesmaid's a shade darker than the candle lighters' frocks, while the maid-of-honor's gown was of royal blue.

Walker Hart of Lamesa was his brother's best man. Ushers were George Hotcho, Port Arthur; Dan Amis, Lubbock, and Harold Everett of Abilene.

At the reception which followed in the church Fellowship Hall, the bride's table was covered with a blue cloth, overlaid with white lace, and centered with a Styrofoam sleigh, decked with sleigh bells, and occupied by a miniature bride and bridegroom.

The three - tiered wedding cake was embellished with spun-sugar orchids and valley lilies, and topped by a miniature bride and groom. The crystal punch bowl and blue napkins bearing the inscription "Don and Mitz" completed the setting.

Mrs. Jim Hart and Miss Mabel Hart, both of Eastland, assisted in serving refreshments.

For her daughter's wedding, Mrs. Billingsley wore a dark blue suit, pink hat, pink gloves and corsage of gardenias and carnations.

Mrs. Hart, the bridegroom's mother, wore a Dior blue hat, white gloves and navy blue suit, fashioned with a beaded collar.

Both wore corsages of gardenias

Man Is Fined On Driving Without Auto License

A 48-year old white man from Gorman was fined \$25.00 and court costs, a total of \$48.90, for driving without a license, Monday. The man was picked up by Constable E. L. Dennis of Gorman and fined in Justice of the Peace J. R. Boggus court.

Judge Boggus said the sheriff's department and the highway patrol were in a crack-down campaign on people who drive automobiles without licenses, and the best way to prevent trouble is to get a license immediately in case you don't have one.

About 150 attended the wedding and reception from Tuscola, Lawn, Ovalo, Abilene and Eastland, as well as numerous other points.

The new Mrs. Hart was graduated from South Taylor High School at Tuscola, attended Hardin-Simmons University and received a BS degree from NTSC. Her husband was graduated from Eastland High School and received a BS degree from Texas Technological College, Lubbock. He is employed as agricultural representative of Texas Electric Service Company, Eastland.

After their wedding trip, the couple will be at home at 216 E. Valley Street, Eastland.

It Was Just An Accident—

... that Columbus discovered America, or was it luck? He himself said that his journey would be hazardous and he didn't know where he was going. But he had faith that he would discover a great land and he did. Likewise, the person who buys land without an abstract is embarking on a dangerous course. Like Columbus he must have faith that he won't lose his all and plenty of luck to avoid financial disaster.

Be sure you get a Modern Truck

Look for new CONCEALED SAFETY STEPS—a mark of today's most modern trucks that new Chevrolet Task-Force trucks bring you. They stay clear of snow, mud and ice to give you firmer, safer footing. You can see how different they are from the old-fashioned exposed running boards still used on some "new" trucks!

This is just one of the ways you're way ahead with new Chevrolet trucks! They're the most modern trucks built today!

And that holds good under the hood! These handsome huskies offer you the shortest stroke V8's* in any leading truck. That means less piston travel per mile for longer engine life. Or, you can have the most modern valve-in-head six on the

market. All engines have a 12-volt electrical system for quicker, surer starting.

You get today's most modern cab, too—with advanced features like the sweeping panoramic windshield, bigger side and rear windows, and High-Level ventilation.

And you get the most modern truck styling going. Work-Styled Chevrolet trucks offer two different

styling treatments—one for light- and medium-duty models, another for heavy-duty.

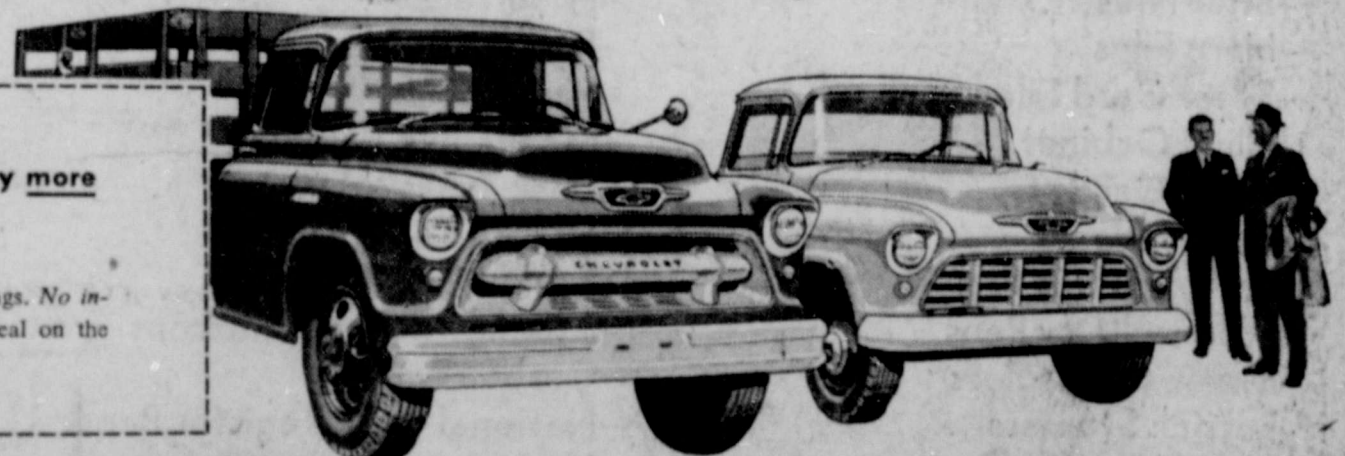

But this is just a quick once-over of the modern advantages you get. Come on in and see why anything less is an old-fashioned truck!

Steer Your Youngster Straight on Bike Safety

By Betty Skelton, Dodge Test Driver

It was interesting for me recently to learn how a bicycle champion teaches her child to ride their bikes safely. "I tell my youngsters that they are just like Daddy driving his car when they ride their bikes. Bikes are vehicles, just like cars, and they have to be handled carefully."

That was the advice of Mrs. Clair Young, the former Georgia McCluskey, one-time Women's National Bicycle Racing champion. Her children begin riding two-wheelers when they are three years old. Only two of her four children are now old enough to ride bikes, but Mrs. Young has taught them to be skillful and safe cyclists.

Miss Skelton

Here are bike safety suggestions prepared by the American Automobile Association for the small fry:

- Suggested for Small Fry**
 1. Never carry a passenger on your bike. Bicycles are unsafe when overloaded.
 2. Give the right of way to pedestrians, and warn them that you are approaching by using your bicycle bell.
 3. Do not ride too fast on hills and slippery or rough roads.
 4. Keep your bike in good condition. Be sure it has good brakes and a suitable bell or horn. For night driving, it should have a headlight and a taillight reflector.
- Many communities make it illegal for youngsters under 12 to use the streets for bike-riding. When your small fry reach the age

of 12, however, safety experts consider they are old enough to ride on roadways.

Be Extra Cautious in Streets

Here are further AAA recommendations for the big kids in the streets:

1. Observe traffic regulations. Halt at traffic lights and STOP signs. Stay on the right side of the road. Signal when preparing to turn or stop.
2. Ride in a straight line; don't zigzag or do "trick riding." If you must turn to pass a parked car, always signal and check carefully for oncoming cars before you pull away from the curb. Watch out for people opening car doors on the street side.
3. Ride in single file on busy streets.
4. Never hitch a ride on the back of a moving vehicle.

That youngster of yours who is riding a bike today will be driving a car tomorrow. Don't soft pedal the importance of a good safety attitude. Now is an excellent time for your future motorist to learn respect for the traffic laws that are made for his protection.

America's most famous woman driver, Miss Skelton holds the woman's automotive speed record of 143.44 mph, and is the only woman test driver in the automotive industry. Address any questions or suggestions about cars, safety, and driving problems to her in care of this newspaper.

Humorous -

(Continued from Page One)
"Fall in!" I said, "I've already been in, sir."
"I was on the boat 12 days; seasick 12 days. Nothing going down and everything coming up. Landed over the railing at the time. In the middle of one of my best teams, the captain refused, up and said, 'What company are you in?' I said, 'I'm all by myself, sir.' He asked if the brigadier was up yet. I said, 'If I swallowed it, it's up.' Talk about dumb people—I said to one of the fellows, 'I guess we have dropped the anchor,' and he replied, 'I knew they would lose it, it has been hanging out ever since we left New York.'
"Well, we landed in France. We were immediately sent to the trenches. After three nights in the trenches, the cannons started to read and the shells started to pass. I was shaking with terror. I tried to hide behind a tree but there were not enough trees for the officers. The captain came

around and said, 'Five o'clock we go over the top.' 'Captain, I would like to have a furlough.' He said, 'Haven't you got any red blood in you?' I said, 'Yes, but I don't want to see it.'

At five o'clock we went over the top; 10,000 Germans came at us. The way they looked at me you'd think I was the one who started the war. Our captain yelled, 'Fire at will,' but I didn't know any of their names. I guess the fellow behind me thought I was Will. He fired his gun and shot me in the excitement."

The University of Mississippi was selected to meet Texas Christian in the 1956 Cotton Bowl game and immediately accepted.
