

Session of the 84th Congress, Representative Omar Burleson of the 17th District of Texas, whose home town is Anson, was elected by his colleagues to head the Texas Delegation in Washington. The delegation is the 22 members of gation in Washington. The delega-tion includes the 22 members of the House of Representatives and the two Senators from Texas, all were present when new officers were relected for 1956.

As Chairman of the Delegation, Congressman Burleson will pre-side over all meetings of the Tex-as Decration in Congress and be-

as Decegation in Congress and beactivities as the members may office. In the 81st Congress, Representative Burleson served as secretary of the Texas group.

The Texas group meets each Wednesday in the dining room of the capital assigned to the Speaker of the House. At these meetings the members may have as their guests visitors from back home, except on those days when the meetings are closed for the discussion of legislative or other issues of mutual interest.

The Texas Delegation however.

The Texas Delegation, however, never attempts to agree to vote never attempts to agree to vote as a bloc on any bill, or take un-animous action on political mat-ters. Depending on the section of the state from which the Congressen come, there is a rather wide ice in political views at than any other in the that, as a group, they have reatest influence of any

200,000,000 BAGS of PURINA CONCENTRATES stand back of

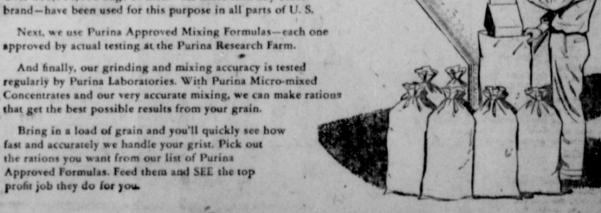

We have just taken on the new Purina CHECK-R-MIX Service. This means we have back of us the Country's largest and most experienced grain balancing program. We feel it will mean top quality livestock and poultry rations from your grain.

For example, we mix your grain with Purina Concentrates.

Over 200,000,000 bags of them-far more than any other brand-have been used for this purpose in all parts of U. S. Next, we use Purina Approved Mixing Formulas-each one

approved by actual testing at the Purina Research Farm. And finally, our grinding and mixing accuracy is tested regularly by Purina Laboratories. With Purina Micro-mixed

that get the best possible results from your grain. Bring in a load of grain and you'll quickly see how fast and accurately we handle your grist. Pick out the rations you want from our list of Purina Approved Formulas. Feed them and SEE the top profit job they do for you.

Hold Fast to Your Rights-. . . when you are contracting to buy real estate and insist that the title be proved. There are two kinds of titles, only one of which is very satisfactory. The title that only affords possession rights may be sufficient for the owner who never expects to sell or encumber, but a good record title serves every purpose and protects against future costs and possible frauds. Always insist on a good record title as revealed thru an abstract of title.
