

Three Arrested After Chase At Eastland

Three California men, accused of siphoning gas from parked cars in Eastland, were arrested in Ranger Monday afternoon by city police and Constable Ralph Veal following a wild chase in Eastland and finally on to Ranger.

Employees at Victor Cornelius' in Eastland were amazed Monday afternoon to see a car taking gas from their parked vehicles. Three of the employees gave chase in and around and only one car followed the suspects' car as it left Eastland by U. S. Highway 80 toward Ranger.

One of the Eastland men phoned police after they arrived in Ranger while the other continued the chase. Ralph Veal alerted at Ranger Hill, stopped the car there.

The trio was brought back to Ranger police station and later released to the Eastland police who returned them to jail there.

Rangers Slam Howard Payne, 74-67, Monday

Lionie Wood led his mates with a 16 point barrage over the fouling Howard Payne quintet that committed 32 rules infractions during the contest. Bill McCurry, captain of the team, who saw his last action for Ranger College in the contest meshed six field goals and three gratis tosses for 15 points.

In the scoring columns, the Rangers had five men scoring at least ten points each.

The Rangers are idle until Jan. 31 when they meet the Tarleton State Flawboys at Stephenville, the Pioneer Conference leaders.

4 Scout Districts May Become Two

Possibility of consolidation of the present four Boy Scout districts into two large districts, in Comanche Trail Council, was disclosed by North Dist. Chairman Dr. J. C. Whittington at a Scouters' round-table and district committee meeting in the First Methodist Church of Ranger Monday night.

He states that the council is giving serious consideration to such a plan, in the interest of easier and more efficient handling by professional Scout workers and with the funds available.

The Ranger meeting drew an attendance of 39 persons. The delicious dinner was served by women of the church. Reports of sessions held by groups, into which the gathering was divided, were made by Dr. J. H. Denton of Cisco, the Rev. Bruce Weaver and Host Arthur Deffebach of Ranger.

Most staffing details were completed by the committee. Dist. Scout Executive Troy Boone urged that boards of review meet prior to Boy Scout Week, in February. Awards were presented.

The invocation was by the Rev. Richard P. Smith III of Eastland and the Pastor, Explorer Post gave the closing ceremony. The next meeting will be held in Eastland Feb. 22.

With nearly 20 persons in attendance, the group named officers for the various districts in BOATS & MOTORS Marine Headquarters L & J SUPPLY

One-Car Crash Kills Negro

Judge R. L. Rust, 78, Dies In Eastland, Mon.

Robert Lee Rust, 78, former county judge of Eastland County and former mayor of Eastland, died at his apartment in the Rust Building, in which he maintained law offices, on the Courthouse square at 5 a.m. Monday.

While he had been in failing health since last summer, his serious illness dated back probably only about two weeks.

Judge Rust was born near Joshua, Johnson County, April 9, 1878, son of a well-known farm couple, Mr. and Mrs. Jim Rust, and gained his early education in the schools of Johnson County.

He then taught school and studied for the legal profession, graduating from the University of Texas Law School, Austin. He received his license to practice in 1906.

Judge Rust came immediately to Eastland and thus had practiced his profession here for a half-century. Besides his membership in bar associations, he was a member of the IOOF and Yeoman Lodges, active in the Sons of Confederate Veterans and was an honorary life president of the T. P. Sunshine Singing Convention Association of Texas.

Since childhood he had been a member of the Methodist Church. In recent years he had attended the Church of God. He married Miss Olive Bridges of Johnson County about 55 years ago.

Judge Rust's hobby was the singing convention movement. He had been actively interested in the sessions and programs of the Eastland County Singing Association for many years and it was a rare thing that he ever missed one of the quarterly conventions in the county.

Constable Ralph Veal and Deputy Sheriff Johnny Boyd, who questioned the youth, expect at least one more arrest in connection with the F & R robbery.

Slightly more than two weeks ago, city police had questioned the same suspect without any success. The sale of the guitar and amplifier was the clue breaking the case.

Veal arrested the youth near midnight Sunday at his home west of Ranger, where he obtained a confession.

Veal and Boyd removed the suspect to county jail shortly after the arrest.

Both of the men, construction workers on a highway job near Rotan, were in "satisfactory" condition Sunday night in Calkins Hospital at Rotan.

The 1956 Oldsmobile, driven by McGowan, reportedly hit a shoulder, overturned and rolled out into a field. The car was traveling west toward Aspermont at the time of the crash.

Hospital attendants said Sunday night that McGowan suffered two broken legs and multiple cuts and bruises. Vrijl suffered a broken vertebra in the back and a fractured shoulder.

Funeral services will be held at 2 p.m. Wednesday at the Eastland Church of God, with the Rev. W. E. Hallenbeck, pastor, conducting. Interment will follow in Colony Cemetery, between Morton Valley and Ranger. His parents are buried here. Hamner Funeral Home is in charge of arrangements.

Only 15 Years Old F & R Burglary Suspect Arrested

A 15-year-old youth who used socks on his hands because he "saw it done on television" was lodged in Eastland County jail and was charged Sunday night with the burglary of a house near Morton Valley and the more recent burglary of F & R Oil Company in Ranger.

Constable Ralph Veal and Deputy Sheriff Johnny Boyd, who questioned the youth, expect at least one more arrest in connection with the F & R robbery.

Car Accident Hurts Son of Ranger Couple

Two persons, Lud McGowan, son of Mr. and Mrs. G. C. McGowan, 602 West Main and Oscar Vrijl, 17, both of Snyder, were injured in a one-car accident five miles northwest of Rotan about 10 p.m. Saturday on State Highway 70.

Both of the men, construction workers on a highway job near Rotan, were in "satisfactory" condition Sunday night in Calkins Hospital at Rotan.

Auto Overturns Into Deep, Rocky Ditch

Robert E. Jones, a Negro, was killed instantly about 4 a.m. Monday morning when the car he was driving overturned several times four miles east of Ranger.

Jones, about 44, had been hired in Big Spring to drive the car belonging to W. L. Hart of Fort Worth, to Mineral Wells. Hart was asleep at the time of the accident.

The car, demolished by the impact, slammed into several huge rocks overturned in the new road bed.

Jones, who apparently went to sleep at the wheel of the automobile, was dead on arrival at Ranger General Hospital. His body was taken to Killingsworth Funeral Home and transferred to Odessa for burial.

He is survived by his mother and three sisters.

Hart was lodged in city jail after a check at Ranger General Hospital following the accident. He was charged with drunkenness and released late Monday morning after he paid \$15.70.

Both of the men were still in the car after the accident and ambulance attendants had a difficult time in removing the pair from the automobile that was laying on its top in the ditch.

Hart is an electrical engineer. He was taken to a daughters home in Fort Worth Monday.

The Ranger Junior High School Puppies A and B teams took a doubleheader from the Eastland Mavericks at Ranger Friday night.

Gary Bradshaw hit 10 points for the winners in the first game. He was closely pushed by Charlie White and Dean Richie who had nine and eight points respectively.

Jerry Anderson hit eight field goals and three gratis shots for 19 points in the second fracas. Joe Comacho also collected nine markers.

 A provision was written into law. If this provision had been in operation in 1955, it would have cost the Texas farmers approximately \$12.50 per bale or an average of about 2 1/2 cents per pound.

 during 1955, practically all of whom were 18-year-olds. This compares with a total of 63,852, in 1954, 66,546 in 1953, 69,023 in 1952, and 59,098 in 1951.

Federal law requires men to register on their 18th birthday, or within five days thereafter, Lt. Col. Morris S. Schwartz, state Selective Service director, pointed out.

Under present regulations and policies, no one is drafted under age 21 in Texas except volunteers or delinquents. But the law obligates males to register at 18.

Since the present law was enacted in 1948, all males born since August 30, 1922, have had and now have legal obligation to register, except those not yet 18.

A man who fails to register as required, upon prosecution and conviction, is subject to fine up to \$10,000, or five years in prison, or both.

"Altering of registration certificates, or the carrying of registration certificates by unauthorized persons is subject to the same punishment," Colonel Schwartz said.

Cases have come to light in the past where boys under 18 have had draft registration certificates in their possession so they can buy beer at public taverns.

and under heavy attack from many senators from the states where gas is consumed, but not produced. They contend it will raise the price to the consumer. As a matter of fact, there is good chance that the price of natural gas to the consumer may be increased regardless of any legislation. But unless the authority of the federal government is removed, and if the federal government regulates and fixes prices at the well-head, the big cities are going to have less gas and it is certain to eventually increase the price far beyond what it is today. Many members of both the House and the Senate were against us on this proposition who would ordinarily be expected to vote against the federal government's encroaching upon private industry. In other words, there were many conservatives who otherwise would have been expected to vote with us. We did not do so for fear that the increase on natural gas would come to the people they represented.

"Mrs. Burlison and I had the pleasure of visiting with the national board of directors of the Federation of Women's Clubs, meeting here in Washington, the past few days. Mrs. L. E. Dudley of Abilene, the Texas state president, and Mrs. Joseph M. Perkins, past president, of Eastland, were in attendance, and we enjoyed very much having them here.

The druggist is still among the first to see the young father come trailing his own clouds of glory, bustle out all over with such pride in his first child that you'd think he had done it all himself. He orders prodigally of dusting powders, oils and, of course, cigars. The young mother soon drops in for vitamins and such, and all kinds of invaluable advice. Then the baby makes its first personal appearance, to be admired and praised. Before it seems possible, the youngster is running around the store looking at picture books, and suddenly, becomes a high-school boy or girl, showing off that special date. It would take only a few turns of that old-fashioned ceiling fan, and they're in for dusting powders, vitamins and cigars on their own account.

The druggist is still a meeting place and clearinghouse for daily living. With all its "streamlining" and "wonder" products on the shelves, the modern "corner druggist" adds proof to the old adage that "the more things change, the more they remain the same." It still occupies its old place on one of the busiest corners of American life.

Farm Labor -

(Continued From Page One)

ranch operators must meet by January 31, 1956. This applies to all of them who paid as much as \$100 cash wages to any one agricultural employee in the calendar year 1955.

Right now I want to define "agricultural labor" as the term applies to social security under the old-age and survivors insurance program. The definition includes services performed on a farm in connection with the raising and harvesting of products and the raising, etc. of livestock, poultry, bees, fur-bearing animals and wildlife; services in the care of the employer's farm and equipment if performed for the most part on a farm; services performed in handling, processing, or packaging agricultural commodities produced in major part by the employer; services in connection with cotton ginning; and domestic service in or about the household of the employer if performed on a farm operated for profit.

If you operate an agricultural enterprise — either as sole owner or in a partnership — and you paid any one employee as much as \$100 cash wages to perform agricultural labor in 1955, you have an obligation to meet before the end of January. Specifically, you must fill out Internal Revenue Service Form 943, "Employer's Tax and Information Return for Agricultural Employees," and remit the social security tax. The amount of the tax is 4 per cent; it applies to each of your agricultural employees to whom you paid cash wages of \$100 or more in the year.

If you paid an employee more than \$4,200 in the year, report only \$4,200 paid to that employee. If you paid wages for any services other than agricultural labor, do not report such wages on Form 943.

Please bear in mind that the regularity of the employee's work for you is not a consideration. You may employ him part time or for a short period of time; you may engage him by the day, week, or month. It is the amount of cash wages paid him during the year that determines whether you have

an obligation to report his wages and pay the social security tax.

In conclusion I want to point out that the cash wages you report on Form 943 are credited to the worker's social security account. The Social Security Administration maintains individual accounts for every person — employed or self-employed — in work that counts toward old-age and survivors insurance. Through the proper reporting of your net earnings to your social security account by April 15, both you and he are building old-age and survivors insurance protection for yourselves and your families in your later years and for your dependents in case of your death.
