find the railroads in every chapter and verse, Seed and fertilizer, plows and planters, tractors and harvesters . . . to name a few items . . . constantly are on the move by rail.

Moving goods from farm to factory to market efficiently and economically is our business.

But we recognize other responsibilities to our neighbors, also. For example, T&P has employed agricultural representatives for more than 50 years to assist farmers in the diversification, production and marketing of their crops. By cooperating with county agents, agricultural teachers of schools and colleges ... with others interested in the area's economy ..., T&P's agricultural representatives have not only contributed to the welfare of farmers, but to the well-being of consumers as well,

Of the various modes of transportation only the railroads provide this kind of special service to

No other industry can match the railroads in length of loyal and faithful service to the farmers of the nation,
