"Who Knows What We'll Find!"

As a part of their work in Humble's Refining Research Laboratory, Humble scientists bombard petroleum hydrocarbons with electrons in a 2-million volt Van de Graaff Accelerator.

But if you ask one of these scientists what he expects to find. he'll answer, who knows!

For this is fundamental research. Results may be quick or they may be a long time developing. Who knows? . . Perhaps the scientists

of useful products from a barrel of crude oil. . . . Perhaps they'll be able to make improvements

in the fine products already supplied you. . . . Perhaps they'll develop an entirely new group

of petroleum products. Who knows!

will find a way to increase the yield

This much, however, is certain: Humble research scientists at Baytown use every device of physics, chemistry. mathematics and mechanics to provide you with more and better petroleum products.

Two quick examples: The specifications for Esso Extra gasoline, the formula for Humble Uniflo motor oil. These, without question, are the finest products you can use in your car.

Sincerely

HUMBLE OIL & REFINING CO.

HOMESTEAD MAY BE SOLD FOR TAXES

Many Texans have the mistaken mpression that their homestead linquent taxes. In many cases, this idea has led to considerable grief and monetary loss which could have been avoided. A home-stead should be rendered to tax tsessors like any other property, and taxes assessed against it and taxes assessed against it Grand, Mable Greer presiding.

The degree teams initiated Lattice and taxes a new member.

dicated that the deadline for rendering property for taxation is Jones. April 1, so far as most city taxing agencies are concerned. The last were served to 19 members. ty taxes is April 30. State taxes are collected by the County Tax

Under the Texas Constitution, each family is entitled to claim one piece of real property as their omestead. This claim must be with the county tax assessor on or before April 30, each and every year. This affidavit must be filled

by the owner himself. A lending agency cannot do so, even though may actually pay the annual taxes thereon from a fund created by the owner's monthly install-

When the homestead affidavit is properly filed, the owner becomes entitled to an exemption of state taxes up to the value of \$3,000, or 200 acres in the case of farm lands. This is an exemption from payment, not a complete exemption from rendition and assessment. There is no similar exemption with reference to county or city taxes.

The homestead claimed for tax purposes need not be the properwhich is actually occupied by

When the homestead affidavit is not filed by April 30, the taxpayer loses his right to the \$3,000 or 200-acre exemption, and consequently becomes liable for more axes than he would otherwise be required to pay.

Property taxes are assessed against the person who is the record owner of each piece of real and personal property on the first day of January of each year. Inividuals purchasing property durthe taxes for all previous years bave been paid. Otherwise, the purchaser may be forced to pay taxes to protect his property. Unpaid taxes create a lien against the property which can be en-

When taxes are not paid by the deadline perscribed for the particular taxing unit (city, county, state, or district), monetary pen-alties and interest are added from month to month. In addition, the property becomes subject to seizure and sale to satisfy the tax lien. This lien applies to all prop-
