A Hollywood producer wanted to give his mother a present for her birthday which would outshine the Cadillac one brother gave her and a mink coat another other had presented her.

He heard of an amazing mynah bird which could talk fluently and paid \$25,000 for it, certain it would please his mother most. This bird not only spoke several languages but sang several

The day following her birthday he called up to find out what she thought of his present. "What did you think of my present, mother?" he asked.

"Delicious," she said.

R. V. Galloway, manager of the Chamber of Commerce, and Frank Deaton wield a mean hoe. Deaton, you know is chairman of this paintup - eleanup project ov-er town and early Wednesday orning he and Galloway were chopping weeds that had grown through from the crevices in side walks over town. By the time they were through weeds were lying all over the sidewalks and blowing down the streets.

It really improves the look of

The Plug and Trigger cotumn started again in today's Times is being furnished for the most part by R. V. Galloway. We began the column last year with the openter months. But there is a reason that Galloway is furnishing most of the information.

Here a couple of weeks back, Galloway called to the attention of the Fort Worth Star Telegram, after they had run a story headed somethics to the effect that the Eastle a ake was half full, that several cabins and commercial cabins were rising over the banks of the lake.

In return correspondence, Star account of fishing at the relatively new lake.

So while Galloway gathers copy for the Star Telegram, which in charge of local plant operations, cidentally will carry a Ranger dateline, he also furnishes us information for our local column.

We do know from experience that Galloway cannot keep up with the many fine strings fish that. will undoubtedly taken from the lake during summer months and on up into ot give him a little help.

If you catch, or know of some at a meeting Tuesday night to one that has caught any amount schedule the second annual Of-of fish at all, how about riving ficer - Dads game Saturday, June m a ring at 31. After all, the 9. information will be used to plug our lake.

regular meeting June 5. For a group, representing practically body also discussed the proposed sprout will be held on Rising Star all organized baseball in Ranger will probably ask them to turn over the rodeo grounds to them for use in developing a lighted special equipment is necessary, and the effects that it would have on the Little League organization.

At the meeting the governing to kill grass and weed seed as they body also discussed the proposed sprout will be held on Rising Star gible.

Special equipment is necessary, however, for the planting and spraying. This will be brought up from either Waco or Houston for the developing a lighted organization. for use in developing a lighted organization, baseball field, that would accomotal of about 90 boys, nossibly costumes henceforth.

NOTICE - OPEN SATURDAYS Every Saturday for your Convenience

by W. H. McAnally, Manager

'Service Was Never Better"

Some time ago, we mailed out post cards to all our customers in Ranger. If you'll remember, we asked you in the post card what you didn't like about your telephone service.

Maybe some of you were surprised that we would ask a question like that. But we meant it. We weren't asking for compliments. We did it to find out what you really thought about telephone service here.

When the cards came back with your answers, we were harmy to see that most of you said. "Service is

were happy to see that most of you said, "Service is very good, well satisfied with it." And it was good hearing from you, because we'll all admit that nobody knows more about your service than you do.

We also got a few complaints—thanks for telling us about them—and we tried to clear those up in a hurry so that everyone in Ranger would be satisfied with their telephone service.

Meanwhile, don't hesitate if something's bothering you right now about your telephone service. Just call the telephone company. We'd like to know about it—and we'll try to do something about it, too.

Stop Those Hurried Dashes

Ever notice how you run for a ringing telephone be-cause you're often in another part of the house? Then, when you get there, you're probably a little out of breath as you answer.

The best way I know of to stop those dashes through the house is a handy extension telephone. Our records show that the most popular spots for an

extension with most people are the bedroom and kitch-en. But don't forget the living room or the workshop i or anywhere, really, that's most convenient for you and

To order an extension, just call the telephone company. The cost of an extension in your home is only \$1.00 a month, plus a one-time installation charge of

Long Distance Visit

I was thinking just the other day that you can't drive a car from Ranger to Fort Worth for .50 cents. Yet you can visit there—by Long Distance—for just .50

That's the cost of a three-minute station-to-station call, after 6 p.m. and all day Sunday. Long Distance rates to anywhere are much less than you might think. So plan to visit regularly—by Long Distance. And when you call, remember to call by number—it's twice as fast.

There is an Old Chinese Proverb-

, reminding us that every long journey begins with the first step. Likewise all achievements require the act of starting. He who never tries, never does, never enjoys, never grows, never really lives! And failures usually follow wrong starts. For example, those who are buying real estate for the first time should get an abstract. In this they not only find themselves in harmony with the wisdom expressed in the proverb, but also following the course of generations past who knew the Chinaman was right.
