#### AN EDITORIAL

The growth of Ranger Junior College as reflected by the foregoing official report indicates the economic worth to Ranger. The proposed cafeteria - community dining facili-ty will have an appraised value of over \$35,000. The building will be air conditioned with the latest cafeteria equipment. Such a place for gathering of large groups has long been a need of this area. The building will accomodate approximately 350 people for banquets. The proposed plan will allow local clubs the use of the building on request. Ranger Junior College needs your help in making this a reality. The college will need \$3,500 or 10 per cent of the

#### **Trial Scheduled** In September For Dallas Negro

The trial of Odell Christian, Dallas negro, is scheduled for the first criminal case week in Sep-tember in the 91st District Court. Christian was indicted on April 18th for assaulting Lottle Hamp-ton, aged Ranger 'negress, who had befriended him in her home. He is charged with assault with intent to rob which carries possi-ble imprisonment of not less than two nor more than ten years, and burglary of a private residence at night which carries possible imprisonment of any term of years not less than 5, which could mean as many as 99 years.

Trial was originally set for June 4th but was continued by the judge of the District Court until September on the grounds that the defendant's Dallas lawyer was scheduled for active duty with the Army reserves beginning June 3rd. As is customary court was recessed during the summer months of July and August from contested cases. County Attorney Joe Nuessle has described these cases as among the most vicious he has encountered while in office, Bail bonds totalling \$2,500 were set by Judge T. M. Collie following the return of the indictments.
