Fire Prevention Week Scheduled; Prizes For Students Listed

Fire prevention week is scheduled for Oct. 8, the second Monday of the month this year. Members of the chamber of commerce fire prevention committee met earlier this week and decided on a course of action to make the city and surrounding area "fire conscious."

The committee voted to sponsor the following prizes to students in Ranger schools:

- High school \$5 first prize for the winning essay on fire prevention; \$2.50 second prize essay.
- Junior high school \$5 first prize for the winning essay on fire prevention; \$2.50 second prize.
- W. A. schools: \$3 first prize for winning fire prevention poster; \$1.50 second prize. Both Hodges Oak Park and Young schools will receive these prizes. The poster contest is open to students in the fourth, fifth and sixth grades only, the committee announced.
- Students entering the contest may pick up literature at the chamber of commerce office or at the office of Dr. Marshall Johnson.

18-Year-Olds Reminded They Must Register

A number of 18-year-old boys have failed to register with the Selective Service Board on schedule, Mrs. Jewell Reeves, clerk, disclosed Saturday.

Draft board registration over the state is lagging under official expectations, she said.

"If registration follows the trend of the past several years, it should increase in 1956 over 1955," Mrs. Reeves said. "By this time of the year, we had expected registration would be between a thousand and 2,000 above that of 1955."

She said this expectation was based on an increase in the number of live male births each year during the late 1930s and early 1940s and the growth of Texas population caused by people's coming into the state.

Either 18-year-olds are leaving the state, or they are failing to register, Colonel Morris Schwartz, state Selective Service director, said. He said that perhaps some 18-year-old males are delaying to comply with the law.

The draft law requires young men to register with the nearest draft board the day they are 18, or within five days thereafter.

Since the present law was enacted in 1948, all males born since August 30, 1922, have had and now have a legal obligation to register, except those not yet 18.

Those who fail to register as required, upon prosecution and conviction, are subject to fine up to \$10,000, or five years in prison, or both. No one is drafted under age 22, except volunteers and delinquents, but the law obligates all males to register at 18.

Members of the Fire prevention committee include Dr. M. E. Jolly, chairman; Mrs. D. E. Pulley, C. B. Pruet, O. C. Warden, C. E. May, Marjorie Maddocks, T. C. Weaver and Charis Isabell.

The Progressive club of Cheaney, Alameda, Salem and surrounding communities held its regular meeting Monday night, Sept. 19. The meeting opened with a community singing led by several different members.

The committee appointed for the contest in which a name for the club was to be selected, opened the entries.

E. E. Blackwell, chairman, welcomed the 37 members and visitors present.

In the naming contest, Mrs. Kay Hart reported that 25 names were submitted. Mrs. Sophie Freeman was named the winner. Her entry suggested "Mansker lake site Progressive club." The winner was presented the prize of \$4.

The next meeting of the club will be Sept. 24, 7:30 p.m. at the old Alameda Church of Christ.

Mineral Wells Wins-14-7; Dirty Playing Mountaineers Seen

Their numbers were 14, 18 and 33. Their names were Bud Frazier, Charlie Pratt and Bobby Burris.

Write their names and numbers in capital letters, alongside of poor sportsmanship, dirty football and incompetent officials—those were the guillotine operators whose combined efforts beheaded the Ranger Bulldogs in Mountaineer stadium at Mineral Wells Friday night, Sept. 15, by a score of 14-7.

They are proud of Mountaineer stadium in Mineral Wells, but with a big one at that, the overhaul job left the working press in the same muddle as always. With the public address system announcers, radio and recording men taking up practically all of the space in the two boxes, and assuming a role of "Little God" it is nothing short of a miracle that members of the two town papers were able to get together even a semblance of the "Dogs" second game this year. The press of Mineral Wells while cooperative, were laboring under an extreme handicap, as well as the Ranger representatives. As one reporter so aptly stated "If any of us got anything on this game let's swap out."

The Bulldogs showed a vast improvement over the first game's performance and had they had the stamina to play the entire game as well as they played the second quarter, it would have been a different story to be written today.

Top spot of the game was a 53-yard burst by Bud Frazier of the Mountaineers on the eighth play of the fourth period.

In the matter of statistics Mineral Wells chalked up 12 first downs to Ranger's six. A total of 272 net yards rushing was reached by the big red while the "Dogs" rolled for 143.

In the aerial department the Bulldogs attempted 15 flights "chucking the oval all over the field." Over all, 30 strikes were picked up in this end of the game by the locals. Mineral Wells failed to go to the airbus a single time.

Four times a Bulldog back dug his toe into the "hog-hide" and sent it booming down the field for 161 yards. The Mountaineers boot twice for 71 chalk marks. Mineral Wells returned Ranger punts a total of 20 yards. The Bulldogs kicked-off twice for a total of 55 yards and gave up 15 yards on the returns. The big red kicked-off three times for 154 yards. Ranger returned 78 yards.

13 May be Lucky At RJC

Thirteen reasons why Ranger Junior college will have one of the best bands in the Texas junior college association are all accounted for by director Al Lotseich and his 13 musical notes.

On saxophones are Mrs. Weldon Curbo, Duke Dixon, Eplidia Gonzales, Mary Lou Wright and Mary-Jane Maddon.

Doing the honors on the trumpets are Roger Flowers, Brent Waldrop, and Joe Lawson.

Showing the trombone parts with the maestro is Clyde Littlefield.

The bass section is managed very capably by Jack Florence and Bob Maddox while at the drums are veterans Roy Falk assisted by Don Chastain.

The Ranger band made its first appearance Saturday night at Buckaroo stadium in Breckenridge when the Rangers met the Dragons of Paris junior college.

State liquor control board men and the Ranger city police swooped down upon an alleged bootlegger Wednesday at about 11:45 a.m.

Will Cook, negro, 209 Marston street, was arrested when the law enforcement officers seized 25 half-pints of whiskey and a quantity of beer on his premises.

Cook was filed on in Justice of Peace Jim Boggs' court and bond was set at \$500. The accused made bond and denied the alleged bootlegging, stating that it was in his possession for personal use. Cook stated that he would plead "not guilty."

Farmers Do Not Have to File On Quarterly Basis

Eastland county farmers are no longer required to file Social Security returns on a quarterly basis, according to A. E. Fogle Jr., administrative officer of the Abilene office.

During 1955 farmers were required to file a quarterly Social Security return with the district director of Internal Revenue. Due to a change in procedure, farmers now file one return in January covering all taxable wages paid to farm employees during the preceding calendar year.

A farmer must file a Social Security return during the year when he quits farming before the end of the year and has paid taxable wages during the year.

Thelma Edwards Head Cheerleader

Thelma Edwards, a Phi Theta Kappa and a popular campus figure, will be head cheerleader for the Ranger Junior college Rangers this year.

Miss Edwards attended RJC last year and won many honors. Among these were freshman favorite, football sweetheart, reporter and historian of the Mountaineers, and one of the two business managers of the Ranger staff. She was also a member of the Rangeanna, a girl's organization which is rapidly growing in skill and popularity.

A 1955 graduate of Olden high school, she lettered in basketball, was class officer two years and graduated with a high average.

An elementary education major, she plans to finish her degree work at North Texas State college in Denton.

Although Thelma is kept very busy with various activities, she still reserves time for duties in the First Methodist church.

The student body and faculty members are indeed proud that Thelma Edwards has qualities which assure her success and will make her a model ex of RJC.

HITS and MISSES

By ED JOHNSON

Although Maccow, Peking and the satellites have made grandiose claims about the amount of aid they are giving to North Korea, actual figures indicate that there has been a wide gap between commitment and fulfillment. It is significant that, on the basis of figures which the North Korean government itself has put out, the entire volume of economic aid given to North Korea by its allies in two-and-one-half years since the armistice is less than the yearly rate of United States aid spending in South Korea.

A writer admires forbearance, particularly in his readers. Here are eight safety tips for the mobile boatman:
1 Use safety chains. Most states require these by law.
2 Check trailer hitch and tie-downs for secureness after driving a few miles.
3 Loosen tie-downs when trailer is parked overnight.
4 Make sure your trailer fits your boat. The boat should be supported in at least three places. If a motor is carried on the boat insist on a transom support.
5 Check your insurance policy to make sure your car is covered when towing a trailer.
6 When towing a trailer, drive accordingly. Remember, it takes more room to pass another car, more room to park and a greater distance to stop. Drive at slightly slower speeds.
7 For safety and performance, a frame hitch is preferable to a bumper hitch.
8 Check the vehicle laws of your own state to see if you are required to license the trailer.

The batters also come in for their share of attention in each game as they follow rituals which seem to be a required part of the national pastime. After each pitch, the batter will step away from the plate and grind dirt into his hands and then proceed to wipe it off on his shirt and trousers. This makes the team's laundry very happy and the uniforms a mess for the rest of the game. Batters also love to glare at the umpire each time a strike is called and sometimes they will even enter into conversation on the subject. On rare occasions and only if he knows the TV cameras are aimed on him, the umpire will become put out with the batter's displeasure and ask him to retire for the day. This sets off a mob scene, similar to the one described in this column Thursday, with players running about aimlessly and shouting at the top of their lungs until they become fatigued and retire to their positions. Incidentally, the batter always loses these arguments so this is one phase of the game where you can be perfectly certain of how it's all going to end.

The generation of a good idea is hard work. It involves sorting out and discarding so many bad ones. Stewart Rivers says: "For the millions on eager feet who are hastening to college halls and schoolhouse doors, the youthful visions of life lure. A few see the towers of Oxford or vision some university of less note; some dream of prowess on diamond and gridiron or track; others hope for a place in mart, or factory, or field in the vast world university where the masses go to school."

Which of these will realize the dreams of youth, as they follow the visions splendid, no one can tell. But we all feel a common interest in the eager and aspiring millions in those marching throngs on their way to the schools of the land. In our best moments we cheer them on, gratefully willing to help see them through.

Those of us who have older grown know of the sad reverses and sore disappointments that await them along the way on the upward climb from the first grade to the last graduation day.

Some grown weary and faint will throw up their hands and quit, railing against their sorrowful fate. Perished now are the ambitions of youth! Life's young dreams in its morning time have faded away! To every discouraged lad I would whisper words of good cheer, with the assurance that friends of education and of ambitious youth stand ready to help all who are determined to pay the price of success.

Fortunate are those toiling on the upward way to school, college and university who, even though on weary feet, will follow the gleam.

To a child thrust into a strange world, a good teacher is the best thing that can possibly happen. The modern idea of business is to do something at least as well as, or better than, anyone else can do it. Then sell it at a fair price and you will make money. The modern business man does not apologize because he makes profit. He is in business to make money, but he does not want this money except in exchange for a service. He is insistent that he give good value for money received. If he were not he could not stay in business long and retain his self-respect.

Some public speakers can talk as easily as others of us do.

ing August this year were 16.45 percent above the August 1955 daily receipts. Producers receipts were 115.05 percent of Class 1 sales during August compared to percentages of 123.71 for July 1956 and 105.05 for August 1955. The minimum uniform price to be paid for 4.0 percent milk received by Central West Texas handlers from producers during August will be \$5.72 per hundred-weight according to an announcement by Byford W. Bain, market administrator. This price is subject to the following location and butterfat differentials. For milk which is received at Lamesa and Midland, the producers of such milk will receive a price 15 cents higher, while those delivering their milk to plants located at Brownwood and Mineral Wells will receive prices 20 and 25 cents lower, respectively. For each point (0.1 percent) that the average butterfat content of producer milk varies from 4.0 percent a butterfat differential of 7.1 cents applies.

The above price was computed from reports filed from 10 regulated handlers under Order No. 82 during August.

The Louse is On the Loose

The "dirty louse" of Ranger is on the loose again! Says the police chief. This time in the Young addition as before, the poisoner killed the puppy of Miss Johnny Young. Ed Freeman, acting police chief, stated that he has redoubled efforts of the police department to apprehend the vicious and sadistic fiend, he also had some "choice and d unprintable remarks" as to how his own thoughts flowed along the line of the scoundrel that will, in all probability kill a human being if he is not stopped quickly. All citizens are urged to cooperate with the police in renouncing down the dirty son that is the perpetrator of these canine killings.

The Navy also flies many additional types of aircraft and training as pilots of these other types will be offered to men who can demonstrate their qualifications. Jet pilot training in the Navy consists of approximately 18 months of intensive training, leading to a commission and the famed "Navy Wings of Gold." This is followed by about 30 months of active duty with the fleet. The basic requirement for acceptance into the program is a minimum of two years of college. The Navy also offers pilot training to college graduates on a slightly different basis with added advantages for the higher education. Commander Paul E. McNamara, pilot training information officer for Texas and Oklahoma, has invited all young men who are interested in flying to visit the team while it is in Ranger.

Dove Hunters Luck Is Better Than Expected

Eastland county dove hunters have been having better than expected luck. A large percentage of local hunters are bringing home their limit, despite the effects of the prolonged drouth. Birds didn't take long to get wise, however, and shooting gets harder each day. Most of the doves, as expected, are being found near water. Feed is actually shorter in this county than in water, but both are at a minimum. Merchants report a heavy sale on ammunition, but there is still a plentiful supply here.

SPEEDER ARRESTED

Bright lights which she failed to dim spelled trouble for a speeding white woman early Thursday morning. The female, Nadine C. Lipford of California, approached the local squad car in which Ranger police were patrolling. Failure to dim her lights after repeated warning signals from the officers, the woman was clocked at 45 miles per hour in a 30-mile zone. She was released after posting a \$10 bond.

Pre-Nuptial Shower Honors Miss Sherry Ann King, Thursday

The home of Mrs. Nath Pirkle was the scene of a pre-nuptial shower Thursday evening honoring Miss Sherry Ann King.

Hostesses were: Mmes. Pirkle, A. W. Warford, H. P. Flowers, Howard Crabb, Brownie King, C. L. Cantrell, R. V. Robinson, W. A. Reuser, R. J. Rains, J. C. Carter, Roy McCleskey and Miss Anice Locke.

The receiving line was formed by Mrs. Pirkle, Sherry Ann, and her mother, Mrs. F. R. King.

Miss Kay King registered guests in a lovely white bride's book, which lay on a table decorated with a bouquet of white mums and white daisies centered with a blue candle.

The serving table, laid with a white cut work cloth, was centered with an arrangement of white mums and feathered carnations featuring three white frosted wedding bells with the wedding date inscribed. Two pale blue streamers with the names of the honoree and her fiance on them and blue candles completed the arrangement. Appointments were of crystal and silver.

Cookies, mints and nuts were served by Mrs. Allen Rushing and punch was ladeled by Miss Wynona Rains.

The many lovely gifts of crystal, china and linen were displayed in the bedrooms.

Homespun Beef Stew

Old fashioned beef stew... that's this thrifty main dish that calls for wholesome cubes of boneless beef. With a popular modern dress... the ring of fluffy rice... this generous mixture of beef and vegetables runs a close second to grandma's favorite recipe.

Just add milk, hard rolls and a refreshing cool salad and the meal is complete. A piece of lemon layer cake would be an excellent choice for dessert.

Hasty Chili

1 pound ground beef, 2 tablespoons lard or drippings, 2 small onions, chopped, 1 can (1 lb. 13 oz.) tomatoes, 1 can (1 lb. 4 oz.) kidney beans, 1 teaspoon salt, 2 teaspoons chili powder, 1-8 teaspoon cayenne pepper.

Brown the beef slowly in lard or drippings. Add onion, tomatoes, beans and seasonings. Cook slowly for 1 hour. Water may be added if desired and the seasonings can be adjusted to taste. Yield: 4 to 6 servings.

Magic Meal for Fall Hasty Chili

It's fun to get back into the kitchen to do a little fussy cooking after, perhaps, neglecting it in the past two to three months. Change of weather brings a change of appetites. Hasty chili, according to Reba Staggs, well known home economist, affords an excellent lunch or dinner entrée. Cooked with a generous amount of ground beef, this recipe is actually a meal-in-one dish.

Christian Science

How spiritual understanding of the real nature of man and the universe brings harmony in human experience will be brought out at Christian Science services this Sunday.

The lesson-sermon entitled "Reality" will include the following selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (335:27-29): "Reality is spiritual, harmonious, immutable, immortal, divine, eternal. Nothing unspir-

itual can be real, harmonious eternal."

Among the passages to be read from the King James Version of the Bible are the following: (Psalms 33:1, 4, 5); "Rejoice, the Lord, O ye righteous: praise is comely for the upright. . . . For the word of the Lord is right; and all his works are done in truth. He loveth righteousness and judgment: the earth is full of the goodness of the Lord."
