RANGER, TEXAS, TUESDAY, NOVEMBER 27, 1956

PRICE FIVE CENTS

WHAT'S... COOKING?

"For inasmuch as ye have done it unto the least of these, ye have done it unto me."

Two things need to be looked after immediately, and we know they will be taken care of in the same splendid manner that Ranger always responds in such matters.

The Ranger women who are giving their time and efforts to serve the Child Welfare Organization have run out of bed covers right here at the beginning of winter and have sent out an urgent plea for old quilts and blankets that can be used to keep the needy families of this area warm at night.

We know there are many of you who have old bed covers like this that are actually taking up room in your closets and storage spaces, and if you will call Mrs. A. N. Larson at 402, or Mrs. C. E. May Sr. at 440, or Mrs. B. A. Tunnell at 261, somebody will be out and pick these covers up.

The Welfare Organization is doing a great work here in collecting clothes and shoes and seeing that the neediest families get them. All cases are carefully investigated and Mrs. Larson says the average person has no idea of the strained circumstances that some of these people are in. A lot of them are old folks who are unable to work at all and who subsist on small pension allowances that barely cover the cost of food; others are underprivileged children, some of whom have been deserted by one parent or the other, and who have no other place to turn for their needs than to the Welfare Organization.

Not only are old blankets and quilts needed, but they can always use old clothing and shoes of any size and for all ages.

Another thing is, these Welfare Workers need a small building in the downtown area where they can store the clothes they have for distribution, and a building small enough for them to warm up. When children are being fitted for clothes they nearly "freeze to death" in the large building they have now, because it is too large to heat.

If anyone has a small building on foot right now is the Hobby Fair being planned by members of the Green Door Ceramic Studio. They have sent out an invitation to everyone having hobbies to join in making a display of all these interesting activities for exhibit during the holiday season.

The old Traders Grocery Building across the street from the Commercial State Bank has been obtained for this exhibit, which is due to go in on December 5 and displayed to the public for the first time on December 7, then every Friday and Saturday thereafter for the balance of this year.

There must be hundreds of individuals and organizations in the Ranger area with hobbies and exhibits that would be suitable for this Hobby Fair. The Green Door Ceramic Studio members have already written letters to every Home Demonstration Club in the County asking for exhibits, but they are especially asking for exhibits of individuals and their hobbies. No matter what it is, if it is a hobby, you should put it on exhibit. (Continued on Page Two)

Weather Reports

Clear but becoming colder Tuesday night with a low of 27 degrees before daylight Wednesday. No rain is in sight for the next five days.

SERVICE

Pamper your car with quality service from an experienced mechanic. All work—fast, efficient, economical. Call 802 today.

Staff Paving Nears

Completion of another link in the paving that would give Ranger a hard-surfaced road to within a half mile of Lake Leon was a step nearer this week as the County Commissioners passed an order Monday to request the State Highway Department to pave the old Ranger-Staff Road from U. S. Highway 80 south to join Farm Road 570 which is already hard-surfaced.

It is understood from talks previously held with the Highway Department that the state would pave that stretch of road if formally requested to do so by the Commissioners Court, as it would be another link in the farm-to-market system.

Parade Keeps Getting Bigger But Still Room

The Santa Claus Christmas Parade to be held in Ranger at 3:30 o'clock next Friday afternoon keeps getting bigger and bigger, according to Jake Lawson, parade chairman, but there is always room for one more. In case there are others who wish to prepare an entry between now and parade time, which will be formed at 3:00 p.m. Friday.

Lawson said they still needed all the kids they could get who would ride bicycles in the parade. A prize of \$1.00 is being offered for the best decorated bicycle and all you need to do, kids, is hang something on that old bike and get in when it starts. And besides, if you ride a bike in the parade you will get to join all those who will be served fruit cake and cold drinks at the gymnasium after the parade.

A complete list of all entrants will be announced in the Times tomorrow which is being printed a day early on account of the Thanksgiving holiday Thursday.

Overnight Low Of 27 Likely

An overnight low of 27 for the Abilene-West Texas area is predicted for Tuesday night. A cold front moving into the state dropped temperatures here to 30 Monday night, and freezing weather extended all the way to Beaumont where the mercury dropped to 32.

Weather forecasters say this front will be followed by a more severe one Tuesday night, but the weather will remain clear. The long range forecast predicts no rain for at least the next five days, which will make it nice on Thanksgiving visitors and football fans if nothing else.

DATES ANNOUNCED

Cooper Outlines Pecan Show Rules

Complete plans for the fourth annual Eastland County Pecan Show were announced today by County Agent J. M. Cooper.

The show will be held in the Reynolds Building in Cisco, co-sponsored by the Extension Service and the Cisco Chamber of Commerce.

A list of 10 rules have been made. They follow:

1. Entries accepted from pecan growers in Eastland and adjoining counties.
2. All pecans entered in the show must have been grown in 1956.
3. All entries of nuts must be entered by 9:30 o'clock Saturday, Dec. 15. However they may be sent or left either at the chamber of commerce office in Cisco or at the county agent's office in Eastland prior to this time. They should be marked with the owner's name, address and the variety.
4. Growers are limited to one entry of each improved or paper-shell variety. (Example: John Jones may have one entry of Burketts, one of Mahans, one of Western Schleys, one of Stuarts, etc.)
5. There is no limit on the number of entries of the seedling or native varieties. (Example: John Jones has four different seedlings or native varieties — he may enter them all.)
6. Nuts must have been grown by the man or woman showing them.
7. All first place entries of nuts (Continued on Page Two)

A Truly American Tradition...

TO GIVE THANKS FOR OUR BLESSINGS

Since 1621, when the first settlers paused to give thanks for their blessings, Thanksgiving Day has been an American tradition. On this Thanksgiving day we give thanks for the good fortune of being citizens of a mighty

Democracy... for the peace, prosperity and freedoms it offers us. We offer a prayer that it will continue to be here through the years for ourselves and our children to live in and enjoy. Let us count our blessings everyday!

Child Welfare Workers Need Small Building; Bed Covers

Eastland Seeks Same Title Ranger Sought Last Year

Following their 26-7 victory last Friday night over the Cross Plains Buffaloes for Bi-District Championship, the Eastland High School Mavericks are seeking the same title that the Ranger Bulldogs were seeking about this time a year ago.

During the holiday season of 1955 football fever was rampant in Ranger and the same thing is happening right now in the County Seat as the Mavericks prepare to meet Henrietta next Friday night at 8:00 o'clock in Midwestern University Stadium at Wichita Falls.

Mineral Wells had also been considered as a neutral meeting ground until Henrietta school officials met with Supt. Wendell Siebert, Principal Charlie Marshall and Coach Carroll Shelton of Eastland last Saturday and flipped a coin. Coach Massey of Henrietta won the toss and Wichita Falls was named the site.

The toss of the coin was made on a home and home basis. Siebert said the game would have been played in Eastland if Massey had missed his call. "We found out that they were going to play in Wichita Falls even if they won on the toss on a home and home basis," Siebert said, "and we figured that gave us a better deal, since they were going to have to travel both ways and we had a chance to play in our own backyard."

The superintendent said Henrietta officials "wouldn't even talk about playing the game Thanksgiving Day."

Wichita Falls is 19 miles northwest of Henrietta and about 126 miles due north of Eastland. The Mavericks, of course, defeated Cross Plains 26-7 in bi-district play to earn the right to meet Henrietta and Henrietta dined (Continued on Page 2)

Santa Letters Are Coming In

Thanks, Kiddies! Old Santa Claus is going to be mighty happy to read all these nice letters you're sending him to be printed in The Ranger Times, and you can look for the first bunch of them Wednesday!

Hope yours gets here in time for the Wednesday paper, but if not, we'll have it in the next issue, with your name and all!

Just send your letters to Santa Claus, Ranger Times, Ranger, Texas, and we'll do the rest.

Mrs. A. N. Larson, president of the Ranger Child Welfare Organization, has sent out an urgent appeal this week for two things that are desperately needed right now to help her corps of workers over a difficult period.

In the first place, the Child Welfare Organization needs a small building in the downtown area where their clothing can be stored, and a building that can be heated. Mrs. Larson said she clothing was now being stored in a very large building near the Chamber of Commerce, and while they appreciated the use of this building tremendously, it was too large to heat and it makes working conditions very bad.

An appeal is made to everyone who happens to have some old quilts or blankets around the place that can be spared to call Mrs. Larson, or Mrs. May or Mrs. Tunnell and the bed covers will be picked up.

"Unless you see some of these people and actually investigate their circumstances as we do, you can't imagine the privation they are going through just to keep warm," Mrs. Larson said. "We need these bed covers for people who are actually suffering, and of course we can always use any kind of clothing and shoes. Anything in this line that people have thrown away or will never use again can mean so much to these unfortunate people who have no other source of getting the necessities of life."

Mrs. Larson said these unfortunate people were in their desperate circumstances through no fault of their own. Some of them are old and have nothing but small pensions on which to live and these will barely meet the needs of food and medicine. Others are unfortunate children, some of whom have actually been deserted.

As those of us who are more fortunate, it is hoped that as we enter this holiday season the approval of these welfare workers can be heeded, and their needs for a building and bed covers and more warm clothing can be met immediately. If you are one of those in a position to help, please call any of the ladies mentioned herewith and let us take care of the matter as quickly as possible, as Ranger always does in matters of this kind.

PTA To Serve Paraders Fruit Cake and Sodas

The Young School and Hodges P-TAs will serve all the marchers, drivers, participants and others taking part in the Santa Claus Parade Friday huge slabs of fruit cake and soda pops at the City Gymnasium right after the parade has disbanded, it was announced today by Jake Lawson, parade chairman.

The parade is scheduled to form on Commerce Street at 3:00 o'clock in the area stretching from the depot westward on Commerce, and then parade up Main turning south at the O. K. Grocery & Market and disbanding in that vicinity.

All paraders are asked to then meet at the gym where refreshments will be waiting for them.

Three Ranger Men Sent To County Jail

Following an automobile wreck north of town Sunday night during which three occupants of a car failed to negotiate a turn, three men, all from Ranger, were picked up by Highway Patrolman Les Strawn and lodged in City Jail here charged with intoxication. The men were taken before Justice of the Peace Charles Bobo Monday morning and fined \$5 each and costs, and carried to the County Jail at Eastland until they could arrange to pay the money.

Also on Sunday night, a man from Odessa was picked up by City Police and charged with drunk in car. He spent Sunday night in jail and was released Monday morning on payment of a \$35.00 fine.

Bloodiest Week-End

The week-end just past was one of Texas bloodiest this year with 45 people losing their lives, 31 of them being in traffic accidents. Texas has already broke all records for violent deaths this year, with the worst season of all yet to come.

Ranger High Band Has Busy Calendar

The Ranger High School Band under direction of Dan Whitaker has a busy two weeks in front of it, from now until December 8.

These activities being on Saturday, Dec. 1 when the All-Region Band Clinic will be held at Abilene. The purpose of this clinic is to hold an elimination contest among high school musicians which will finally result in the selection of musicians to form the All-State Band.

At the Abilene meet, an All-Region Band will be selected for this particular part of the state, and this band will have 109 players. At the same time All-Region Bands will be selected in 16 other parts of the state, with each band having the same 109 players.

From these All-Region Bands, players will be selected to comprise two All-State Bands, one of them being a Concert Band, and the other being a Reading Band. Both of the All-State Bands will perform at the Texas Music Educators Association Convention to be held in Dallas from February 13 to 16, and on the night of February 16 the All State Concert Band will give a concert at the Park Auditorium in Dallas.

Trying out for places in the All-Region Bands from Ranger will be Bill Creager, fultist, Bonnie Jumper, Trombonist, and Dale Cozart, snare drummer.

Regional Marching Contest
On December 8 the Regional Marching Contest will be held at Winters under direction of Bob Gans, and the Ranger High School Band will be entered in this event along with bands from Winters, Hallinger, Coleman, Stamford, Hamlin, Brady, Cisco, Haskell and De Leon.

At the same time the Regional Twirling Contest will be held and Bill Creager from Ranger will enter the solo twirling event. Ranger will also have two quartets entered, one composed of Bill Creager, Sue Cantwell, Sarah Johnson and Patsy Halliday, and the other consisting of Mary Kay Rush, Linda Black, Carol Phillips and Mollie Mitchell.

Scheduled for as far away as the last weekend in April are the Concert Playing Contests and the Sight Reading Contests to be held at McMurry College in Abilene. Chairmen of these two events are Byron Gray, director of the Cisco High School Band, and Dan Whitaker, director of the Ranger High School Band.

Rangers Meet Howard Payne At Local Gym

Ranger Junior College opens its 1956 cage season Wednesday night against the Howard Payne "H" Team at the City Gymnasium in a game that begins at 7:30 o'clock.

Coach Fred Weir of the Rangers has a squad of 16 men this year that have speed to burn, and according to Weir they've been hitting the bucket from all over the court.

Ten of the 16 players have been working out for the past month and are in good shape with plenty of practice to start the season. The other six players had to wait until the end of football season before joining the squad.

Players who have been working out previously include Jim May of the State of Oregon, James Tulle of Vernon, Phil Stovall of Big Spring, Bob Baker of Fort Worth, Bubba Canneton of Fort Worth, Ronald Darnell of Eunice, New Mexico, Weldon Cyrbe of Breckenridge, Phil Chandler of South America, Richard Fletcher of Morgan and Bobby Crabtree of Graham.

Football players just joining the team include Dan Mitchell of Ranger, Shorry McLearn of Graham, Mickey Poteet of Cooper, Billy Beebe of Oklaunion, Douglas Jordan of Rusk and Bud Remyne of Arlington.

Coach Weir says there are four starters back from last year's team including Canuetson, an all-conference guard.

Weir said that although his players had plenty of speed they left a lot to be desired in height. Tallest man on the team is center Jim May who is 6-4, and Weir said the others would average about 6 feet.

Despite what Weir says about height, an average of 6-foot men stacks up pretty well, and if they are fast 6-footers as he says, the Rangers ought to be in a position to deal somebody a lot of misery before the season ends.

All basketball fans of the area are invited out to the curtain-raiser tomorrow night, as it is the only game on the home schedule until the Rangers meet Weatherford here on December 17. The next home game after that will be with Abilene Christian B on January 3.

Living Costs Hit New High This Month

The Government's Cost-of-Living Index rose one-half of one per cent again this month, making the fourth rise this year under the Republican administration, a record reaching an all time high of any period in history, peace or war, according to the government's own figures.

For many people in many of the larger industries this cost-of-living means nothing because their contracts are tied to the cost-of-living increases. Their contracts require that with each cost-of-living increase their salaries automatically increase accordingly, but millions and millions of people in this country are not fortunate enough to have such contracts.

Such people therefore, have to get along with less, see their savings dwindle and pay through the nose, and one wonders how much further the little fellow can go with the government taking more and more of his salary for taxes while prices continue to spiral upward.

The little man these days with a fixed income has come to be known as a setting duck because Uncle Sam knows exactly what to clip him in taxes, and his take home pay is smaller by the year (Continued on Page Two)

Meat Prices To Rise During 1957

WASHINGTON — The Agriculture Department says there will be slightly less meat available in 1957. It will sell at higher prices than in 1956.
 "Hog slaughter specially will be less than in 1956," the department said. "Fully as many cattle likely will be slaughtered as in 1956, but average carcass weights may be enough lighter to pull down the total output of beef to some extent."
 "Prices for hogs will be higher than in 1956. Those for cattle are expected at least to stay above their lowest points of 1956 and may average slightly above that year. With little change in slaughter in prospect, prices for sheep and lambs also might average slightly higher in 1957."

SUGAR DADDY WITH A SWEET TOUCH—A striking example of sugar sculpture is this 400-pound Taj Mahal, created by A/2C Julian Malek, right, of Mitchell Air Force Base, in Long Island, N.Y. Malek used sugar cubes mortared with sugar royal icing. The task took three months of evenings and weekends to complete. The work was on display at the Hotel Show in New York City's Coliseum.

Eastland-

(Continued from Page 1)
 Holiday 19-14 to move into second round play.

Officials of the Henrietta school said some 4500 attended their bi-district game Friday night in Wichita Falls against Holiday, and they say that many or more will see the Eastland game. If those figures are correct, that means that about twice as many fans as could be seated here will witness the clash of the two Class A powers.

Henrietta boasts a record of 11 wins and no defeats this year. They have set record after record for the North Texas school. This is the first Henrietta team to go through regular season play undefeated. This is the first Henrietta team to win a district crown in the school's history, and, of course, the school won its first bi-district crown Friday night. Without doubt, they will attempt to add one more record to the ones they have already set, that of winning the school's first regional championship.

But Eastland hasn't been too push in great teams, themselves, and it is apparent that the 1956 Mavericks have that will to win, something you can't do without in the playoffs. Eastland has won just three district championships, counting the one this season, and only two bi-district crowns. The Mavs will be seeking the second regional championship in the school's history, and the right to enter a quarterfinal game for the first time. Back in 1947, when the Mavs last won regional, that was as far as they could go since no statewide playoff was held then. Now a state Class A champion is crowned each year.

Pecans-

(Continued from Page 1)
 will be sent to A&M College for the State Pecan Show.

8. Nuts must be left on display until 4 o'clock on Dec. 15.
 9. Each entry must consist of enough nuts to fill a quart fruit jar (The nuts are displayed on a paper plate and a quart jar full will fill up a paper plate).

10. Varieties with less than three entries will be judged and no cash premiums will be awarded.

First, second and third place prizes will be awarded to winners in each of the following varieties: Burkett, Mahan, Western Schley, Eastern Schley, Texas Prolific, Kincaid, Stone, Success, a Vt. De-man, Jersey, Williamson, Delmas, Curtis, Onilwon, San Saba Improved, Halbert, John Garner, Squirrels Delight and Seedlings or Natives (round or oblong).

A grand championship prize and rosette and reserve championship prize and rosette will also be presented.
 "Classes will be judged on size, color and appearance, shell thickness, cracking quality, kernel quality, weight, attractiveness and other factors," Cooper explained. Judges will be from the A&M College Extension Service and horticultural department.

Lights In Hen House Bring More Eggs

Laying flocks need at least 13 hours of good light every day if high egg production is to be maintained. Ben Wormeli, extension poultry husbandman, says research has shown that the effect of light which enters through the hen's eye and is carried to the pituitary gland stimulates the production of the hormones which activate the egg producing process and keeps the rate of lay high.
 Since the light rays to be effective must hit the eyes of the birds, Wormeli says it is important that lights be placed so the entire house is well lighted especially over the feeders and waterers.

He suggests that clear 60 watt bulbs set six feet above the floor and 14 feet apart be used. A clean 12 inch shallow reflector used with each bulb will help give better light distribution. The use of an automatic timing switch is also suggested for these can be easily set to take care of the changing daylight hours. Too, Wormeli points out, that lights are needed on cloudy days. A light intensity of at least one foot candle power at the hen's eye level is recommended as the minimum requirement for laying hens.

Wormeli says that some poultrymen use both morning and evening light periods to maintain the 13 hour length day. If the hens are on the floor, he says, a 15 minute period of dimmed lights is recommended as a signal for the hens to go to roosts. With pullets starting their lay in late summer or early fall, it is best to wait until production slackens slightly before starting the use of lights to lengthen the day. Turn on the lights, he says, as soon as there is a slight slack in production. Waiting too long may cause a slight molt and a heavy drop in egg output.

The use of artificial lights to keep the hens on the job for 13 hours a day is a necessary management practice for keeping egg production high throughout the year, and profits up, says Wormeli.

\$10,090 In Cash Prizes for Swine In Stock Show

Cash awards totaling \$10,090 are offered in the swine competition at the Southwestern Exposition and Fat Stock Show in Fort Worth, Jan. 25 through Feb. 3. This figure is divided into \$8,250 for the open show and \$1,840 for the junior pigshow.

The open show has two divisions, breeding classes and fat barrows. The breeds in each are Berkshires, Chester Whites, Duroc, Hampshires, Poland Chinas and Spotted Poland Chinas.

For the breeding animals, there are 11 classes for each breed: senior fall boar pig, junior boar pig, champion and reserve champion boars, senior fall sow pig, junior fall sow pig, champion and reserve champion sows, get of sire, produce of dam and breeder feeder litter. Fat barrows for each breed are in nine classes, weight divisions being: 190 to 210 pounds, 211 to 230 pounds and 231 to 250 pounds with individuals and pens of three in each weight division. The champion and reserve champion barrow, as well as the champion pen will be selected. The champion and reserve champion barrow of the open show will be chosen.

In the junior pig show, the breeds are the same as in the open show except that Spotted Poland Chinas are not included. Grand and reserve champions of the junior show are selected, then the

top winners of junior and open competition meet for the naming of the grand champion barrow of the entire show.

What's Cooking-

hibit and let other people enjoy looking at it. Anyone who occasionally sells some of these things he makes as a hobby is invited to put a price tag on the items and they can be sold at the exhibit, with the Ceramic Studio taking a small 10 per cent commission to help pay for the expenses incidental to the exhibit.

Anyone having entries for the show is asked to phone the Green Door Ceramic Studio at 167 for full details.

We drove down Highway 80 East for a straight 200 miles over the weekend to visit some of our folks and we didn't see a town on the route that would come half way up to Ranger in the matter of street lighting and street decorations for Christmas. As a matter of fact, not more than half of them had even started. Coming back Sunday night we didn't see a thing that looked like Christmas until we rolled into Ranger and looked up Main Street and it looked like something out of a Santa Claus book.

Just wait until we start decorating these residences, too!

Western Horses To Be Shown In Stock Show

The Western Horse competition of the 1957 Southwestern Exposition and Fat Stock Show in Fort Worth will begin on Wednesday, Jan. 23, announces Douglas B. Mitchell, horse show superintendent and assistant manager of the Stock Show. Opening performance of the rodeo will be Friday night, Jan. 25.

The Quarter Horse show is approved by the American Quarter Horse Association under the direct supervision of the Stock Show. The Quarter Horse competition will occupy four days, ending Saturday Jan. 26. All entries in the performance classes also must exhibit in halter classes.

Quarter Horse performance classes will comprise cutting horses, roping horses and reining horses. There will be a junior stallion, mare or gelding class in each of the three divisions.

The Fort Worth Fat Stock Show was the scene of the first Quarter Horse Show ever held and the show here each year draws the largest number of entries of any Quarter Horse show in the nation.

Palominos will be shown in halter classes and in performance classes. The halter classes will be

divided in two groups: stock horse type and pleasure type. Also there will be an open class for colts (stallions, mares or geldings) foaled in 1955 and 1956.

Performance classes for Palominos also will have two divisions: stock horse type and pleasure type. Open to horses of both types will be the Western pair class and the silver mounted. The Palominos will be shown from Jan. 27 through Jan. 29. The Palomino show is approved by the Texas Palomino Exhibitors Association, Inc., under the direct supervision of the Stock Show.

The open cutting horse contest will get under way on Jan. 23, when the first go-round will be held. The Fort Worth event always attracts the largest field in the nation. The contest is approved by the National Cutting Horse Association under the direct supervision of the Stock Show.

The Fort Worth exposition offers a full array of show horses, in addition to the Western Horses, thereby presenting a complete horse show. Deadline for horse entries is Jan. 1.

WOMEN WHO COOK ELECTRICALLY KNOW

Electric Cooking SAVES TIME

AUTOMATIC CONTROLS TEND YOUR COOKING FOR YOU!

Complete oven meals cook to perfection whether you're minutes or miles from your kitchen. Oven turns on and off at pre-set times, keeps food piping hot until you're ready to serve it.

Working wives and busy homemakers agree! Today's electric ranges save time in so many ways. Electric ovens cook complete meals... automatically... while you're out of the kitchen. New super-speed surface units start heating instantly... maintain any pre-selected heat automatically for fast, accurate cooking. New thermostatically-controlled surface units watch over your cooking while you're busy with other things. And because electric heat is so clean, utensils stay bright and shiny without scouring... and your kitchen walls and curtains stay new-looking with much less cleaning and care.

For a full measure of cooking pleasure... **COOK ELECTRICALLY**

See your favorite electric range dealer soon—for the model that's exactly right for your family's needs and budget. You'll find electric cooking one of the nicest things about living better... electrically!

Second Baptist WMU Meets At Church

The WMU of the Second Baptist church met at the church Monday afternoon at 3 for their monthly mission study. Another chapter from the mission study book on Japan was taught by Mrs. Floyd Caraway. There were 18 members present.

The pre-school Sunbeams also met in the regular monthly mission study with Mrs. Fred Mathews as counselor, with Mrs. Earnest Noth assisting. There were 8 members present.

Small rotary graters, operated by hand, are wonderfully useful for grating nutmeats — and they are widely available now and inexpensive.

DRESSY DENIM—Once banished to heavy duty on farm and in factory, blue denim is taking a step up the ladder of fashion. Casual coat, above, has straight and narrow cut with huge patch pockets.

WSCS Meets For Last Session On SE Asia

Members of the WSCS met in the last session of the mission study Monday afternoon. The short business meeting was presided over by Mrs. A. W. Brazda and the opening prayer was led by Mrs. A. J. Hatliff. The opening song was

"In Christ There is No East or West."

Mrs. Arthur Deffebach had charge of the program and conducted a litany. The lesson was on Indonesia and Mrs. Stanley McAnelly gave the description of the work being done there. Indonesia is a new member of the United Nations. Much of the religion there is Moslem. Independent churches are being organized and doctors and mobil units are much needed. Mrs. Arthur Deffebach gave a prayer and talked on Building A Church in Sarawak.

The dedication was in three different languages.

A report on Southeast Asia, describing the products and commodities, and sign of the work of communists was given by Mrs. B. A. Tunnell. She gave the work in Sumatra. Wonderful work is being done in Manila.

The closing prayer was given by Mrs. Deffebach.

BATHTUBS NOW PRODUCED FOR TALL AND SMALL JOBS

How can a tall person relax in a short bathtub? Or a small person stay afloat in a long tub?

Home owners have been plagued by this ever since Paul Bunyan tried to bathe in the Great Lakes. But manufacturers have solved the problem, says the Plumbing Fixture Manufacturers Association.

They produce bathtubs that range in length from 38 inches to 72 inches — suitable sizes for everybody.

The two, square tubs now are available. These provide bathing areas up to 62 inches long yet fit into a limited space. They average only 49 inches wide.

The bathing area is diagonal and has a seat in one or both corners, thereby letting the user sit while bathing himself.

Consult plumbing contractors about fixtures of various sizes, the PFMA suggests.

YELLOW BATH FIXTURES OUT PACE OTHER COLORS

Yellow bathroom fixtures have shown greater popularity growth in recent years than any other color, says the Plumbing Fixture Manufacturers Association.

Four times as many yellow bathtubs, for example, now are being sold as three years ago when the color was introduced.

Second in percentage growth during the same period is gray. It now is three times as popular as in 1953. Pink or coral is third, slightly more than two times as popular, according to the PFMA.

Other colors making decided gains recently include tan, ivory, blue and green, in that order.

Meanwhile, white shows the greatest decrease, the PFMA reports. Its percentage of total sales has slipped 15 per cent in three years.

VISITS FROM SHERMAN

Dr. and Mrs. W. P. Watkins had as their guests last week Mrs. Watkins' parents, Dr. and Mrs. J. C. Wilson of Sherman.

NEWS FROM STAFF

By Mrs. M. O. Hazard

Mr. and Mrs. Lonnie Crosby and Brenda from Cisco were guests of his parents, Mr. and Mrs. Allen Crosby on Monday evening.

Mr. and Mrs. M. O. Hazard were Abilene visitors on Monday.

Mr. and Mrs. Jim Bennett and daughter from Big Spring were guests Friday and Saturday of Mrs. Bennett's niece, Mrs. Jimmy Little and Mr. Little.

Mr. and Mrs. Jack Cole from Wichita Falls were guests of Mrs. Cole's parents, Mr. and Mrs. O. T. Hazard over the week end.

Women's Activities

Nov. 29

The Rho Pi Chapter of the Beta Sigma Phi Sorority will meet with Mrs. Mary Sismore Thursday, Nov. 29. "The Beauty of Action" will be presented by Mrs. Marge Lamb.

Nov. 30

There will be a call meeting of the American Legion Auxiliary Friday night at the hall to make plans for Christmas entertainment.

Dec. 3

The WSCS will meet in circles Monday afternoon at 3:30. Circle No. 1, Mrs. W. M. Brown leader, will meet with Mrs. P. M. Kuykendall. Circle No. 2, Mrs. Dockery leader, will meet with Mrs. A. W. Brazda. The meeting place of Circle No. 3, Mrs. Pearsall leader, will be announced later. The Business Women's Circle will meet with Mrs. Brazda at 7:30.

Former Ranger Man To Wed In Vernon

Of interest to former friends in Ranger is the wedding of Bob Steele, son of Mr. and Mrs. Raymond Steele, formerly of this city but now of Vernon, to Miss Sharon Wolfe of Vernon, to take place Friday afternoon, Nov. 30 at 5:00 o'clock, at the Vernon Methodist Church.

Both the bride and the groom are students at Texas Tech in Lubbock and will continue their studies there.

While living in Ranger, Mr. Steele was employed by the telephone company.

The Coles are on their vacation and are visiting with relatives in San Antonio this week.

Mrs. L. G. Powell and Mrs. T. E. Pope were shopping in Eastland and Ranger Thursday.

Mr. and Mrs. M. O. Hazard visited Monday afternoon in Eastland with his sister, Mrs. Pearl Hourland.

Mr. and Mrs. Vern Garrett and Lavell from Kokomo were visiting with their son-in-law and daughter, Mr. and Mrs. Jimmy Little Saturday evening.

Mr. and Mrs. S. E. Hazard of Eastland were the guests Wednesday evening of Mr. and Mrs. M. O. Hazard.

Mr. and Mrs. A. G. Crosby and Judy Beth of Eastland were out Saturday to visit his parents, Mr. and Mrs. Allen Crosby.

Mr. and Mrs. Jimmy Little were business visitors in Eastland Wednesday afternoon.

Mr. and Mrs. J. C. Foreman, Kenneth and Allen from Olden were visiting in the home of Mrs. Foreman's parents, Mr. and Mrs. Allen Crosby Tuesday evening.

Mr. and Mrs. M. O. Hazard were in Ranger on business Monday afternoon.

NEWS FROM DESDEMONA

By Ansel McMasters

Mr. and Mrs. James Riggs are the proud parents of a 9 1/2 pound baby boy which was born November 18. The grandparents are Mr. and Mrs. Ferl Lewis and Mr. and Mrs. Ed Riggs.

Mrs. Skinny Lewis and daughter Karon are in the Gorman Hospital.

Mrs. Ollie Riggs is in the Gorman Hospital, following an operation Saturday. She is doing better.

Mr. and Mrs. Bernard Keith and daughter of Kermit visited here this weekend with his mother Mrs. Ethel Keith. Also visiting Mrs. Keith was Mr. and Mrs. Pug Guthery and daughter of Kermit. They also visited his parents Mr. and Mrs. Roy Guthery.

Mrs. Dory Williams visited in Plainview, with her mother Mrs. Long.

Mr. and Mrs. P. D. Ash and son Dale of Stephenville visited Mr. and Mrs. John Ash, Eula and Arlington.

H. O. Fiens and son of Ft. Worth visited Mrs. Ollie Fiens, his mother.

Mrs. Preacher Rainey and children of Ranger visited her mother, Mrs. Roberts.

VISITS IN LARSON HOME

Guests in the home of Mr. and Mrs. A. N. Larson last week were Mr. and Mrs. Travis G. Cox and Susan from Temple, Mrs. S. L. Inzer, Bill and John from Grand Island, La., and Clyde Larson from Laugh Air Base in Del Rio.

ATTEND SMU-BAYLOR GAME

Mr. and Mrs. Pete Brasher and Dr. and Mrs. W. P. Watkins spent the weekend in Dallas, and attended the SMU-Baylor football game.

Thanksgiving Dinner Served By Eastern Star

Every seat was filled around the banquet table at Masonic Hall Monday night as members of the Order of the Eastern Star served a Thanksgiving Dinner to their husbands and to members of the Masonic Lodge and their wives. Frank Hicklin was toastmaster.

The Rev. Ralph Perkins gave the invocation, and introduced Bro. Jessie Sutton, educational and musical director of the First Baptist Church, who sang two songs, accompanied by Mrs. Betty Brasher.

The meal was prepared and served by members of the O.E.S., and consisted of turkey, dressing, and all the trimmings for a traditional Thanksgiving feast.

Main speaker of the evening was the Rev. Richard Lewis, pastor of the First Presbyterian Church of Breckenridge. Benediction was given by Bro. Sutton, who sang The Lords Prayer, accompanied by Mrs. Brasher.

Hospital News

Elliott Bryant of Cross Plains is a new patient in the West Texas Clinic.

New patients in the Ranger General Hospital are Linda Kay White, Ranger, medical; Bonnie Brashers, Ranger, surgical; Mary Croxson, Eastland, medical; Mr. John Gotcher, Ranger, medical; Mrs. George Dunuth, medical, Mingo; Mrs. C. F. McCoy, Eastland, surgical.

RARE CHATTEL, WELL INSURED—A blue-eyed, white python, called the "most beautiful snake in the world," is shown upon its arrival in Chicago, en route from India to the Brookfield, Ill. Zoo. Because of its rarity, special life insurance has been taken out for the snake during its stay in the Windy City. The non-poisonous snake is valued at \$25,000. Holding the eight-foot-long python are: Robert Snedegar, zoo's curator of reptiles; guard Jim Ruzicka; Zoo Director Robert Bean, and guard Walter Buegel.

GUEST SPEAKER TONIGHT

Dr. Andrew Q. Allen

Dr. Andrew Q. Allen, of Dallas, will be the guest speaker at the Annual Adult-Brotherhood Banquet being held Tuesday evening at the First Baptist Church at 6:45 p.m.

The main auditorium will be the first scene of the evening's entertainment and fellowship. After the welcome, and song services, a group will assemble in the lower auditorium at 7 p.m. for the "Turkey and all the trimmings."

All adults of the church are supposed to attend this annual festive service. For many years the adults of the Sunday School, with the assistance of the Brotherhood have observed this "Thanksgiving Season."

The Nursery will be open for the little ones.

Navy Recruiter Says Enlistment Quota Is Up

The quota for enlistments in the Navy from this area is increased for the months of November and December. Chief J. P. Tompkins, local Navy Recruiter, announced today.

Increased requirements for Navy operating forces has caused an urgent need for more ships and men in the U.S. Navy. Inquiries as to how one may enlist in the Navy and help supply this needed manpower should be addressed to the Navy Recruiting Station, Abilene, or visit the recruiter at your earliest convenience.

"QUICK! - FRANKLIN - WHERE IS THAT? BOOK ON FIRE PREVENTION?"

A Woman Looks At Thanksgiving

by Margaret Blair Johnston, condensed from Family Circle

Trouble often seems to come in bunches. Not long ago a series of tragedies hit my town, and in my work-weariness I said to a friend, "If only the good things came in bunches, too!"

"They do," she said. "Your trouble is that just now you're not counting them."

With the holidays ahead, we're coming into the busiest days of the year. There may be times when you, like the young housemaker I dropped in on the other day, look around your kitchen and exclaim, "I work day in and day out, but I never seem to get ahead of the mess!"

"What mess?" I asked.

"Why, just look at this kitchen." "I am," I said, "and I don't see a mess. I see a lovely lived-in look."

Many of us fail to count the good things, even at Thanksgiving time, because we just don't see them. We have in mind a glorified image of how our kitchens, homes, families ourselves — and even Thanksgiving — should look.

Let's count the good things in our kitchens, and I mean more than our time-saving appliances.

Look — you have a husband to grouse. And what would you do without those two wonderful impes? As for Rover, he's well worth his share of Thanksgiving treats.

Let's remember how much the Pilgrims loved life. We're likely to think of them dressed solemnly in black and white, marching solemnly to church — and so they did on the Sabbath. But their everyday dress was colorful. They loved life all the more fully because sickness had taken such a dreadful toll during that first winter. Half of the settlers perished. Whole families were wiped out. Only five out of 18 wives survived, and only one family escaped without a loss.

Last Thanksgiving a woman asked me, "How will I ever survive the day? We're having 14 people to dinner!"

"Why don't you let them all help?" I asked. But I discovered that co-operation was the last thing she wanted. She wouldn't think of letting guests come early to help, or of allowing some to bring food for the dinner. She could not see that one of the finest arts of woman can develop is the art of sharing and working with others.

Amid Thanksgiving preparations we might all take a look around our lovely lived-in kitchens and remember that the word thanks is derived from Anglo-Saxon, Norse, German, and Danish words that originally connoted "thought." So Thanksgiving is a kin to "thought-giving." If we think, we'll truly thank.

Get Your Garden Ready for Spring In the Fall

Fall is not only football weather, but the season for preparing your garden for a good spring start. Before the ground freezes, feed shrubs a balanced plant food. Scratch in lightly one cupful for small shrubs, two for mediums, and proportionately more for larger specimens. Then water deeply to be certain that roots get some food while the ground is still soft.

Dissolve food in water, if you like, and pour it on directly, says an article in the November issue of Better Homes & Gardens magazine. You can use the same food on your shrubs and on your lawn.

Also before the ground freezes, cut off frost-blacked perennial tops, and cover clumps with loose soil. When the soil is frozen hard, cover the mounds with marsh hay, evergreen boughs, or similar loose mulch to help maintain a uniform temperature. This will keep soil from alternately freezing and thawing in winter and thereby keep plants from heaving.

To prevent damage by rabbits, brush repellent on stems of flowering quince, young fruit trees, and other wood plants. The magazine says a good formula is: place one and three-quarter pounds rosin one quart denatured alcohol, in a can or jar. Close the top tightly, and shake well. Allow to stand overnight before using, then brush the mixture on all branches up to two feet above soil level.

Spread much over strawberry beds to a depth of two inches. Add an extra inch in colder areas and windily locations. Use a loose, dry, mulching material that does not pack down. Some mulches of this

type are cornstalks, marsh hay, or straw. Fork the mulch evenly over the bed to obtain uniform cover.

These jobs should take priority over the other necessary fall garden jobs, according to the magazine. When you have time, turn over the vegetable plot to a full fork's depth before the soil freezes. Let it stand rough. Rough soil catches snow, thus adding moisture to the ground. Heavier soils spaded in the fall can be worked. Alternating freezing and thawing mellow heavy soils.

Also found up your garden tools and prepare them for winter storage. Scrape the soil film from metal with a putty knife and scour the tools bright with aluminum oxide abrasive paper. Rust-proof them for storage by brushing on a thin coat of oil or a mixture of carbon tetrachloride and paraffin.

Clean clay pots and containers for storage and they'll be ready to use any time. Use steel wool to remove the whitish crust on outside surfaces of the pots. Remove clinging soil from the inside with a putty knife, and soak to remove stubborn dirt that remains, the magazine says. Then, stack the pots upside down by sizes for easy storage.

STRICTLY FRESH

ONE thing about orchestra leaders and errant husbands: both have to face the music.

Definition of a farmer: man out-standing in his field.

A sawhorse is a seahorse you've already seen.

Bowties and neckties both have loose ends: the difference is in the dangle angle.

Sled manufacturers are beginning to whistle: "There's No Business Like Snow Business." Their

is one fine where downhill trends mean an increase in sales.

Not So Far From Here—

... we know of an improved farm for sale at a reasonable price. There are ten children in the family and the father is dead testate passing his interest to the widow now a non-compos-mentis. One of the boys is missing, believed to be in the penitentiary, with a wife and several minor children residing on the farm. One other child, an adult female, married a citizen of another country and is living abroad incognito. Who will make us an offer for this farm without an abstract?

OU Fan Sends Dime To Tech To Buy Shoes

LUBBOCK — One of the few chuckles enjoyed by Texas Tech coaches this season has been furnished by an Oklahoma fan.

Remarking, "Apparently all Texans don't have oil wells," the Oklahoman sent Tech a dime to help buy football shoes for the Red Raiders. The donor, enclosing a picture of quarterback John Riddle in action, figured that the Raiders' shoes were so old that they had to be taped together.

What the Oklahoman mistook for tape was a white stripe on the shoes. The shoes, far from being inexpensive or worn out, were actually being worn for the first time in the game pictured.

Manufactured of kangaroo hide and imported from Germany, the shoes cost about \$20 a pair. They are two pounds a pair lighter than ordinary football shoes. Tech's backs and ends wear the red-white-trimmed models.

Their cost of \$20 a pair has caused Coach DeWitt Weaver to quip: "If the Oklahoma man wants to really help us he'd better send more than a dime. I don't believe that would buy one shoestring."

Elizabeth Fox Chosen Olden FFA Sweetheart

Elizabeth Fox has been elected sweetheart of the Olden Future Farmers of America chapter.

Miss Fox was selected at the last meeting of the chapter. She will represent Olden in the district sweetheart contest.

The chapter also elect Stanley Cook and Tommy Alford as voting delegates to the District FFA banquet.

The meeting was held in the FFA building at Olden.

Meet the magic of the new kind of Ford!

An Action Test will show you that Ford's newness just begins with its longer, lower, wider beauty. It's a completely new car—right from the wheels up!

Out on the open road, Ford's magic really takes over! Ordinary stretches of road become special. In fact, every trip's a treat. And it's no wonder, with the all-new "Inner Ford" melting the miles. The revolutionary new frame, for example, is a full foot wider at the center. You ride lower, with more inside room ... full road clearance.

And this longest of all low-priced cars is a *riick* to handle! With a lower center of gravity, wider rear tread and new easier steering, even tight turns and rutted roads come easy.

And talk about "big-car power"! This new kind of Ford offers you your choice of Silver Anniversary V-8's with a wide range of horsepower to suit every need.* Or if you prefer, you may choose the world's most modern "Six" ... the new Ford Mileage Maker Six.

*A special 270-hp Thunderbird 312 Super V-8 engine available at extra cost. Also extra high-performance Thunderbird 312 Super V-8 engine delivering up to 283 hp.
