

1957 Class History . . .

By DAN CRUSE, Historian
It is twenty-five years after the graduation from Ranger High School of the class of 1957. As the pages of history unfold we find that a group of young children began their school career on a September morning in 1942.

Not knowing what was ahead, our class started on its way. Some started at Young, some at Hodges, some at St. Rita's. In Young came Edward, Desma, Barbara, Jack, Carolyn, Jonell, Wilda, and Dorothy. In Hodges were Gerald, Jerry, Janie, Helen, Frankie, Eliza, Charles and Jerry Don. Those

starting at St. Rita's were John, Linda, Eddie, Leanne, Paula, Pat, while Morris started at Slaughter Ward.

At last our class was on its way. The school years rolled along and pupils came and went; but in the class, as we know it today continued to grow. In the second grade our class increased as Elizabeth, Sherry, and Alton became new members. In the third grade Gene joined our class. During our fourth year Vonnice joined our ranks; while Dorothy came in our fifth year. Paul and Clifford were the new members during our sixth

Lanny, Carolyn, Dorothy, Jonell, Dorothy Eppley, and Joe. Jerry was a class favorite while Sue, Elizabeth, Helen, Paul, and Jerry served as class officers. I was on the student council, and Paul was F.H.A. Beau.

Time really moved along. It was our Sophomore year. Paul, Jerry, and Dorothy were class officers while I served on the Student Council. Jerry Don was a class favorite. John served on the Annual Staff. Jerry Don, Paul, John, Charles, Jerry, and Dan lettered in football. Gene and Gerald were in district tennis. The band received many honors that year. Many of the girls belonged to the F.H.A. with Sue and Desma serving as officers. Some of the boys were in (Continued on Page 6)

1957 Class Prophecy . . .

By DOROTHY NEEDHAM
Recently I had a most enlightening experience. I was sitting in Mr. Koenig's government class and dozed off to sleep. As the other students studied, I had a very unusual dream:

The year was 1967. I had just been appointed ambassador to Spain by President HAGAMAN. The credit for my appointment goes to the President's mother, Mrs. Hagaman, who worked so hard to teach me to speak Spanish. My secretary, PAULA ANGUS, was discussing our high school days with me. We were surprised to

note the rapid speed at which time had flown. Paula remarked that it seemed only yesterday that we were seniors in good old R.H.S.

"Yes," I answered, "How time does fly!" As the conversation continued, we gradually came to the present occupations of our old classmates. "Paula," I asked, "Do you know where JACK and DOROTHY are now? I haven't seen them since the day after graduation, when they eloped."

Then I received all the details. It seems that Dorothy and Jack had built a new and larger flower shop on the grounds of the old

Mathena's Flower Shop. Dorothy had flowers, Jack delivered them, and Mrs. Mathena was kept quite busy caring for the seven little Blackwells.

In the same manner, I learned about our other classmates. Mrs. Robinson would be proud to know that JERRY BRADFORD has published a new book, entitled "Three Easy Steps to Income Tax Evasion," and he said that he owes all his literary success to the coaching he received when he was taking ready-writing.

JONELL PENNEY has taken over her grandfather's farm and has

become quite famous. She has produced a new line of sheep, the wool of which is 50 percent nylon and comes in red, green, blue, and the ever-popular white.

CAROLYN WEAVER received the Nobel Prize for Science for her invention of a new toothpaste. It is a toothpaste for people who can brush after every meal—but don't!

JANIE VINSON and WILDA SIDES are really successful in the dress designing business. They design all of Congresswoman SHERY BAKER'S clothes. CHARLES BONNEY is the head of the advertising department of their firm. His pictures have caused a new sensation in billboard designing.

ELIZABETH SEYMOUR is the owner of the Seymour Air Lines. (Continued on Page Four)

WHAT'S... COOKING?

By NORMAN WRIGHT
The Times is indebted to Delbert Capps for all the photographs appearing in this graduation edition. In fact, we are indebted to him for all the photographs appearing in any edition of the Times. Although he may not actually snap some of them, he prints them, and unless they are printed, here negatives are no good to anybody. Without him, we could never get the paper out.

Delbert Capps is the only person we know today who can make a good living literally running away from work. He spends half of his time hiding out and we spend half of our time hunting him. He is a cross we have to bear, like an affliction. Indeed, one might go so far as to say we are afflicted with Delbert Capps, like a person is afflicted with the itch.

When Delbert sees something which hints of work coming in the front door, he runs out the back. When his wife gets tired of such shenanigans, he and she throw up a barricade across the back door. Delbert scoots up through the skylight.

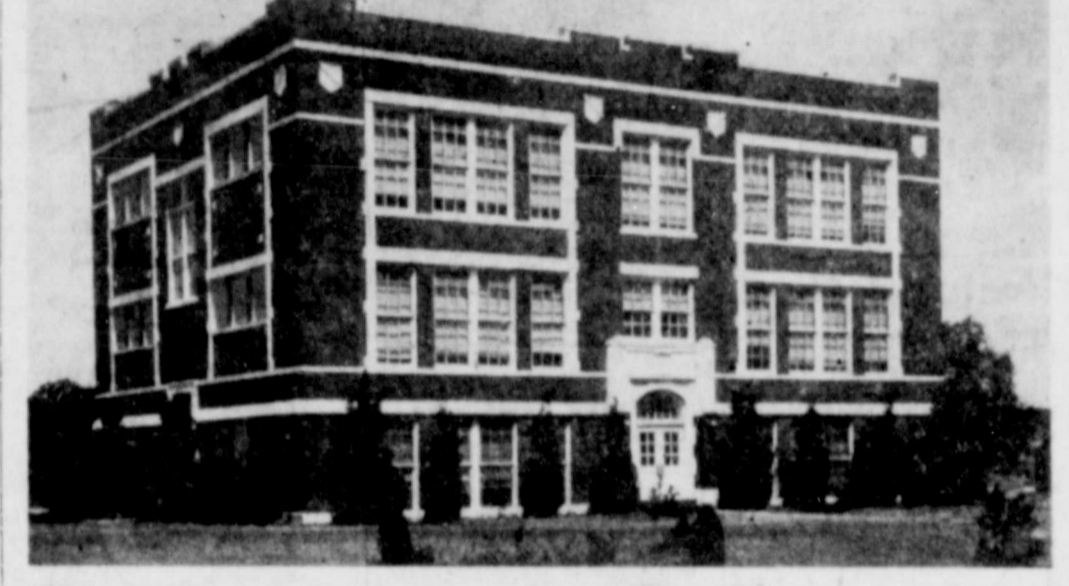

Occasionally he is caught, and people wishing to have their pictures taken have learned by now to stalk him in pairs. Once cornered and treed, one of the stalkers drags him, screaming, behind his camera and twists his arm until he snaps the shutter, while the other strikes a pose.

When thus captured, however, and forced into recording a person's image on a negative, he becomes quite docile and turns out the most beautiful prints imaginable, even using a lot of camera wizardry to make most of us look much prettier and younger than we really are. Not only does he remove all the blemishes and scars and freckles and moles and wrinkles and other signs of old age and hard use, but we've even seen him restore lost teeth and hair and make such other improvements that his subjects sometimes do not even recognize themselves.

But we'll tell you again—he doesn't like it. It is just a necessary evil he has to put up with in order to keep eating.

There are a lot of serious, weighty problems we would like to discuss today, but since this is graduation day and a happy occasion, we have decided it best to forego all these other matters until another, sadder, time. But we worry about them, nevertheless.

We are very much like the man who said he left all of the little things to his wife—such (Continued on Page 6)

Ranger Junior College Ends Biggest Year, 1957

DR. PRICE ASHTON
RJC President

College Summer Registration Set Monday, May 27

Ranger Junior College does not miss a step going right into summer school following graduation, as registration for the summer term will take place Monday, May 27. School starts the next day, Tuesday, May 28. Anyone interested is asked to contact the college for full details of all courses offered, and everything else relative to the summer term.

O. M. Franklin In Rug-Cleaning Business In Ranger

Mail Carrier O. M. Franklin has become affiliated with the Ahlens Carpet and Furniture Cleaning Service and is now ready to do that type of work in his spare time.

Franklin said rugs and carpets could be cleaned right on the floor and metallic work guaranteed. Hand cleaning is used on domestic and oriental rugs, wall-to-wall carpeting and furniture upholstery without removing any of the articles from the house.

Franklin also does moth proofing, and said he would be glad to offer free estimates and explain his methods to anyone interested.

As Ranger Junior College comes to the end of its 31st year of operations, it can count the year 1957 as one of the greatest in its history from the standpoint of progress.

Two beautiful new buildings were added to the campus in Ranger with the completion of the new \$120,000 Boys' Dormitory and the new \$50,000 Cafeteria. Contents of these two buildings are valued at \$20,000 each, making a total value of these two buildings alone of \$210,000.

In addition to this, more than \$85,000 in new equipment has been added to the college's asset, including typewriters, business machines, desks, and other classroom equipment, bringing the school's teaching aids to the tip top pinacle of efficiency.

Within the past three years, according to Dr. Price Ashton, president, total value of the college plant has increased from \$410,000 to \$712,000, making it now in the neighborhood of a \$1,000,000 investment in Ranger.

The new \$80,000 National Guard Building within the vicinity of the college has done much to increase the value of property in that area which has not been considered in placing a current value on the college property. The addition of concrete, gutters, hard-surface streets and proper landscaping on the college campus could do much in sending the value of the property upwards.

The income of Ranger Junior College three years ago was \$93,000 per year. Today that income has increased to \$228,460 a year.

Three years ago the college had 11 members on its faculty and today it has 34 members, and growing.

At the present time the college has an enrollment of 666 students, but at one time during the year it had 630 students, some of whom finished their work or had to leave for various other reasons.

Its present graduating class of 123 is one of the largest of any normal year of operation, although not as large as some of the boom years when so many Veterans were taking advantage of the G. I. Bill to complete their education.

Ranger Junior College, 10th largest in the state, is the only junior college to operate branch schools, such as the ones maintained by RJC at Albany and Breckenridge. The number of students in either of the branches outnumber the entire enrollment of some of the smaller junior colleges of the state. In fact, RJC's graduating class this year is bigger than one of the schools.

The future of RJC is bright and here is no end to its possibilities as more and more students are sent to the junior colleges for their first years of advance schooling. With tuition rates being doubted in many of the larger universities, more and more students will seek the smaller schools for economic reasons.

In Ranger Junior College the 'ity of Ranger has an institution or which it can not do too much. It is one of the finer of the 'ity's assets, and the fastest growing thing in town.

Strawn Boy Is Silver Keys Office

Winford Scott, son of Mr. and Mrs. E. D. Scott of Strawn, will serve as vice-president of the Silver Keys at Tarrant State College during the 1957-58 school year.

The Silver Keys is a boys' social club at Tarrant and the newly elected officers will take their positions in the fall.

McCleskey Station Gets Remodeling

The Roy McCleskey Magnolia Service Station on Highway 81 East has just completed a new paint job and installed two huge Mobil signs. A new concrete driveway has also been built. Roy invites his friends to come around and take a look at the new premises.

High School, College To Graduate 161 Students

Exercises for 62 Sixth Graders Friday, 10:30

Exercises have been set for the High School Auditorium at 10:29 Friday morning, May 24, for a total of 62 Sixth Grade students who are graduating from Young and Hodges Oak Park Ward Schools into Junior High School.

Appropriate programs have been planned by pupils and teachers of both schools, and the public is invited to the exercises.

Pupils graduating from Hodges Oak Park are Patricia Jean Baumgartner, Brenda Joyce Biggs, Charlene Blackwell, Barbara Blodgett, Wanda Brown, Richard Coby, Charlie De Los Santos, Cliff on Dempsey, Patricia Eschberger, Mary Jane Fisher, Michael Fletcher, Mary Catherine Fron, Delanda Garcia, Jackie Grisson, Dena Harrison.

Linda Lou Hatton, Pedro Hauer (Continued on Page 6)

Eighth Grade Sets Graduation 1:00 p.m. Friday

It will be a whole of a Senior Class when this year's Eighth Graders get there because there are a whopping 75 of them.

The Eighth Graders will hold their exercises at 1:00 p.m. Friday in the High School Auditorium marking their graduation from Junior High School into Senior High. These youngsters have planned an outstanding program, and all are invited to see it.

The class includes Bill Able, Frank Ainsworth, Roy Ainsworth, Melvin Anderson, Jayme Barker, Gary Bradshaw, Sharon Browning, Diana Cantrell, Sue Cantwell, Linda Clark, Tim Cavington, Mickey Craig, Ronnie Dakevich. (Continued on Page 6)

Elizabeth Seymour Writes Class Will

Beneath the picture of each Ranger High School Senior scattered throughout today's Times, is a quotation from the Class Will which was written by Elizabeth Seymour and read in its entirety at the Seniors' final assembly last Friday. We wish to give our best wishes to the seniors and to give our credit for all the "quotes" from the Will.

These Students Were Elected High School Favorites By Secret Ballots, Cast by all High School

Jerry Anderson, Barbara Crabb are Best Sports

Along with the four Seniors pictured at right, Jerry Anderson and Barbara Crabb, two freshmen students, were also winners in the high school's popularity contest. Jerry was elected "Best Sport" among the boys, and Barbara "Best Sport" among the girls.

A list of candidates for all places was submitted to all students in high school, and by secret ballot they voted for their favorites in each position. The honor is distinctive because it came from the students themselves, and not from a board of judges or from selling votes. The honors are the most coveted in high school.

School Poems Are Scattered in This Issue

Scattered throughout the issue of the Times, you will find several poems written by Ranger High School students. These poems have been accepted for publication by the National Poetry Association, and will appear in an anthology entitled "Young America Sings."

The poem submitted by Alfred Rogers received special mention.

Please look for the poems. You will enjoy them and may wish to clip them. The work was done under supervision of Mrs. George Robinson.

Baccalaureate Set Here Sunday Night

Simultaneous baccalaureate and graduation exercises will be held in Ranger Sunday evening for a total of 161 students as 38 Ranger High School graduates attend baccalaureate services at the high school auditorium, and 123 Ranger Junior College graduates receive their Associate of Arts Degrees in the sanctuary of the First Baptist Church. Both services begin at 8:00 o'clock.

An impressive ceremony has been planned by the college for the graduation exercises at the First Baptist Church, with Dr. L. D. Ligon, Vice-President of Midwestern University at Wichita Falls, delivering the commencement address. Degrees will be awarded by Mrs. E. M. Haby, college registrar.

Miss Ann Robinson will play the professional as Ranger High School Seniors, in their caps and gowns, take their places in the Auditorium Sunday evening. After they have been seated the congregation will join in singing "Onward Christian Soldiers." The Rev. K. Herman Boyd, pastor of the First Methodist Church, will deliver the invocation.

A senior brass quartet will play the "Graduation Song" after which the Rev. C. Bosmans, of St. Rita's Catholic Church, will deliver the baccalaureate address.

The Rev. J. T. Ferguson, pastor of the Eastside Baptist Chapel, will deliver the Benediction, after which Miss Robinson will play the Recessional while the seniors leave the room.

High School ushers will include Johnny Young, Freddy Cooper, Ruth Miller and Carolyn Rose.

Speaking for the faculty and the Board of Education, Superintendent G. B. Rush has extended an invitation to everyone in Ranger to attend the baccalaureate services, and High School Principal Charles Garrett has extended an invitation on behalf of the Senior Class.

Final commencement exercises will be held on Friday night, May 24, when diplomas will be awarded and the 1957 school year brought to an end.

Members of the high school faculty besides Supt. Rush and Frin. Garrett include Harold Barrett, Roy Neal Baze, Mrs. Bessie L. Beatty, E. D. Daves, Kathleen Dunlap, Beverly Dudley, Mrs. L. H. Hagaman, Mrs. Richard Handerson, Mrs. M. L. King, A. G. Koenig, Mrs. A. G. Koenig, Anna McEver, Mrs. Charles Murr, Mrs. W. D. R. Owen, Mrs. D. L. Penny, Mrs. George Robinson, John S. Wilhelm, Dan M. Whitaker and Boone Yarbrough.

Officers of the Senior Class are John Hagaman, president; Charles Tibbels, Vice-President; Linda Shaffer, Secretary; Joanne Harrell, Treasurer; and Jerry Bradford, Class Representative.

Parade at 5 pm

Ranger citizens are reminded to get on down town before 5 o'clock Saturday afternoon if they want a good standing place from which to see the Army Day Parade preceding dedication of the new National Guard Armory at 6:30 when an impressive program has been planned for the appearance of General Albert Sidney Johnson, Commander of the 49th Division.

General Johnson will deliver the principal address, along with many other items of interest in the program.

Following the dedication the National Guard will serve a barbecue turkey dinner with all the trimmings, and tickets to this affair are \$1.00. Everything will be conducted inside the building, so that any possible rain or had weather will not interfere.

The 155 mm Howitzers, mounted artillery field pieces maintained in the batteries at Cisco and Breckenridge, will be in the parade, along with equipment of Ranger's Service Battery, the Eastland County Sheriff's Force, and Ranger High School Band.

Weather Reports

Partly cloudy with scattered showers Saturday and Sunday. Low Saturday night 55 to 60. High Sunday 75 to 80.

TRANSIENT ROOMS and 3 and 4 room apartments. Ghoulson Hotel. Phone 9506.

FOR RENT: Three room furnished apartment. Call 250-R.

APARTMENT, good frigidaires, stoves and beds, bills paid, 309 Elm, 2 blocks from main.

JACK BLACKWELL
I will my ability to be mentally alert, have no secret plans to kill Aunt Lillie's friend Tressler, and not to make remarks at the wrong time in fourth period English class to Mary Pugh.

PAULA ANGUS
I will my ability to think of excuses not to play in hand to Phyllis Williams.

DEANNE HAZARD
I will my ability to never run out of typing paper to Betty Gail Gardenhire.

CLIFFORD ESTES
I will my skillful ability to drive and not get a speeding ticket to Johnny Young.

JONELL PENNEY
In the event of my death, I leave my bones to anybody in need of a quick biology project.

VONNIE SHOOK
I will my ability to talk and get away with it in first period study hall to Elizabeth Brown.

CAROLYN WEAVER
I will my ability to always be present at school to Don Deffenbach.

Fine Arts Recital for RJC Is Monday Eve

The Fine Arts Department of Ranger Junior College will present seven of its students in a year-end recital Monday evening at 8 o'clock in the Music Hall on the campus, to which the public is cordially invited.

Hubba Camuteon's voice solos will be "The Song of the Mountains" by Cadman and "In Deisen Heiligen Hallen" by Mozart.

All of the students to be presented are voice students with the exception of Roger Flowers, trumpet, and Jackie Cornelison, piano.

Joe Charles Lawson will begin the recital with two voice solos, "Perfect Prayer" by Stenson, and "Oh, Dry Those Tears" by De l Riego.

Geneva Martin will sing "The Sleep That Flits of-Baby's Eyes" by Carpenter, "The Corals" by Treharrel, "Florian Song" by Godard and "Cloud Shadows" by Rogers.

For a trumpet solo, Roger Flowers will play Gerzwin's "Rhapsody In Blue."

Mrs. Marie Parsons led in prayer and Mrs. Marcus Matthews taught the 13th chapter of Genesis.

Refreshments were served to the following: Mmes. Jack Mace, Marcus Matthews, Walter Mitchell, Marie Parson, E. J. Noth and Mrs. Peterson.

CAPPS STUDIO

"Spring in the Air"

By HELEN CARROLL
Ranger High School
Come and go with me, and we shall see
The spring leaves bursting from the trees.
The early birds, flying through the breeze
Singing and chirping so merrily.
The little children tripping along so gaily
And each zings within his own mind
Wonders how God could be so kind.

"Sunrise"

By JOHN HAGAMAN
Ranger High School
Have you ever seen the great sunrise
Have you heard the sound of the blue bird's cries
In the shimmering dew of the early morn?
You will feel as if you were new born.

Each person can find within his heart
A will to work and a will to start
To be kind to each one whether good or bad
Because he knows God will be glad.

You will feel that God is near,
In the early morn when all is dear.
When all is quiet and peace is in power
Enjoy it for it lasts only an hour.

"Heaven"

By SHERRY ANN BAKER
Ranger High School
Heaven is a resting place
For God and all above
Who guide us through this race
With their unceasing love.

1.10-In Rain Falls Friday Night; More To Come

Another 1.10-inch of rain fell in Ranger Friday night and up until noon today Saturday morning bringing the year's total since January 1 to 17.10, just .37-inches short of what was received here during all of 1956. The total, unofficial measurement for 1956 was 17.47-inches.

"Nocturnal Show"

By ALFRED ROGERS
Ranger High School
Up above, the stars shine brightly;
Overhead their beams shine nightly.
Their rays from heaven, known from old,
Cover the earth in a luster of gold.

Miss Cecilia Mooney

Cecilia Mooney, Robert Gabrysch Will Be Married June 22nd

The approaching marriage of Cecilia Mooney and Robert Gabrysch has been announced by her parents, Dr. and Mrs. Edmund Mooney of Dallas.

Miss Mooney is the niece of Mr. and Mrs. William Bourdeau of Ranger. The future bridegroom is the son of Mr. and Mrs. William Gabrysch of Falls City, Texas.

The wedding will take place at St. Rita's Church in Ranger, June 22nd. Both the future bride and groom are graduates of the University of Texas. Miss Mooney is on the teaching staff of Midland schools and Mr. Gabrysch is with the U. S. Army, stationed in El Paso.

Mental Health Society to Be Topic of Co. Council P-TA At Ranger

Mrs. M. W. Herweck of Ranger, acting president of the Eastland County Council P-TA, has announced that the next meeting of the council will be held at Ranger Junior College Cafeteria at a date tentatively set for June 4 or June 6, at which time plans to form a Mental Health Society in this area will be discussed.

Dr. Leach, head of the psychology department of Abilene Christian College, Dr. Bob Atherland of Texas University, and Mrs. Sybil Keaster, District I P-TA Mental Health Chairman, will be the speakers.

New officers for the County Council were installed on Wednesday, May 15, at a meeting in Cisco with Mrs. A. E. Unruh of Fort Worth, Legislative Chairman of District I, Texas Congress of Parents and Teachers, presiding at the installation.

The new officers are Mrs. Roy Benton of Cisco, president; Mrs. Kelsey Starks of Rising Star, Mrs. Grover Johnson of Scamlot, Mrs. L. G. Kennedy of Ranger, Mrs. J. T. Wright, of Eastland, and Mrs. Helen Donham of Rising Star, vice presidents; Mrs. W. L. Darr of Cisco, secretary, and Mrs. Gene Abbott of Cisco, treasurer. Messdames Starks, Kennedy and Wright were installed by proxy.

Mrs. Unruh also presided at a school instruction held at the council meeting in which she said,

RJC Faculty Honored At Dinner Party

Dr. and Mrs. Price Ashton entertained the Ranger Junior College faculty members and their families with a dinner party Thursday evening at Ranger Hall.

Snapdragons, larkspur and roses decorated the banquet hall where thirty faculty members dined.

The twenty-seven faculty children were served by college students in the cafeteria proper.

Guests of honor for the evening were Coach and Mrs. Fred Weir, who are leaving Ranger to go into the U. S. Army for a six months tour of duty. The Ashtons presented the Weirs with a stainless steel barbecue set and expressed appreciation for the fine work they had done at RJC this year.

Following the dinner the faculty attended Bubba Camtenson's voice recital.

The guest list included: George Alford and Mrs. Alford, Rev. and Mrs. Lonnie Brannan and children, Mark, David, and Elaine, Mr. and Mrs. Ernie Haby and Diane, Mrs. R. L. Hamrick, Mr. and Mrs. Judson Hardy and children, Beth and Bobby, Mr. and Mrs. Tom Hestand and children, Sandra, Cindy and Terry, Mrs. Frances Jameson, Mr. and Mrs. Al Lotspeich and children Quinn, Roxie and Mirth, Miss Waldine Kribbs, Mrs. Alla Ray Morris, Mr. and Mrs. George Rushton, and children Bill, Chuck and Carol, Miss Vivian Simmons, Mrs. Marjorie Theberge and Mother, Mrs. Patrick J. O'Donnell and children Rita, Rickey and Mike, Mr. and Mrs. Fred Wier and daughter Charlotte, Mr. and Mrs. E. L. Danley, Mr. and Mrs. Hayden Morgan and children Jan and Phil, Mr. and Mrs. R. F. Webb and children, Glenda Jean and David, Mr. and Mrs. A. P. Thomas and children Rickey, Bruce, David and Silvia, and Dr. and Mrs. P. M. Koykendall.

VISITING PARENTS

Mr. and Mrs. Lewis Croom and children, Lewis Wayne and Donna

of Dallas, are visiting his parents, Mr. and Mrs. H. C. Croom.

Citizenship Award Won by Sue Garrett

Miss Sue Garrett of Ranger High School has been selected to receive the Annual Good Citizenship Award of the Charles Crawford Chapter of the Daughters of the American Revolution.

This award will be presented at a meeting of the chapter in Cisco Monday evening, May 20.

This award is given on the basis of honor, service, leadership and scholarship in the school and community. It is given annually to the girl in the graduating class most nearly fulfilling these requirements.

The nominees for this award from the class are presented to a special faculty committee, which makes the final choice.

Sue is the daughter of Mr. and Mrs. C. L. Garrett. Mr. Garrett is the principle of Ranger High School.

Sue has been very active in school and church work. She is Salutatorian of the graduating class and is editor of the High School Annual, The Bulldog. She was chosen Miss Success by the school this year. She has been very active in many extra curricular activities including the Sub Deb Club.

Women's Activities

May 20

The WSCS will meet at 3:30 p.m. Monday for the selection of circle members and pledge service.

BEST WISHES

and good luck.

TO THE CLASS OF 1957

We extend best wishes on this important and significant occasion.

F & R Oil Co.
Hwy. 80 East - Phone 493

Phophecy-
(Continued from Page 1)

Her slogan is, "Go Seymour, and See More."

SUE GARRETT, who made her debut in the Junior play and who also had a part in the Senior play in high school, is the most popular actress in the United States now. In addition to acting, she has tried her hand at writing. She is currently starring in a Broadway production of one of her own plays, which is the story of her high school days in Ranger, Texas. She calls the play "The Garretts of Paige Street."

We have been seeing **GENE BAGWELL**'s name in the newspapers quite often lately. It appears daily in the "Want Ad" section. It seems he can't find employment.

DAVID ANDERSON and **JERRY CANTRELL** are now co-owners of a large chain of service stations. They have developed a new type of gasoline. It is crystal-clear, smells like orange blossoms, and takes twice as many gallons per mile as other ordinary gasolines do. **CLIFFORD ESTES** quit his old job and is now working for David and Red. He says the old type gasoline makes his head ache.

MORRIS BAKER, brilliant young pharmacist, has made a great contribution to the theatrical world. He has invented a crying pill. It looks very much like a sleeping pill, but if you take one, you will cry until the effects of the pill wear off. It is a great help to actors and actresses who play sad roles. In fact, it is said to be the greatest invention since the onion.

CHARLES TIBBELS makes his living in a very unique way. He raises bull frogs. I have heard that Toad's toads are the finest to be had.

EDWARD BLACKWELL has taken over Allan Lewis's old job of managing the Western Auto Store. **ALLAN** quit a while back and is now writing a very educational book. It is called "Ten Easy Steps in Weight Lifting."

ELIZA MORALES, who received her experience in the Ranger High School Library, is now the head librarian in the Library of Congress. Her fine list alone brings in thousands of dollars to the Federal Government.

FRANKIE LANDTROOP, **JOE HARPER** and **LANNY SMITH** bought the old Trio Club. Each night they feature their own songs and their own trumpet playing. They are the greatest since Harry James. They call themselves "The Trio Three."

HELEN CARROLL is now the manager of Penney's. I heard she receives a tremendous salary. That just goes to show that "Penney's" can certainly add up to a lot of money.

GENERAL CRUSE was present in his old home town for a parade in his honor, last week. He rode down Main Street in a light-colored Cadillac. It seems just like old times. It was certainly a festive occasion.

Poor **BARBARA RODGERS** is still unmarried. It's not that she hasn't been asked; she just can't make up her mind. She's still very popular with the boys, which just goes to show that gentlemen prefer red-heads.

DESMO EAKIN has taken over Mrs. Robinson's English classes. Desma is also coaching ready-writing, spelling, and football. She has quite a full schedule.

DEANNE HAZARD is the chief telephone operator of the whole United States. She may decide to make the telephone company her career.

PAUL HINDS is still working at Adam's Grocery Store. He may teach school someday, but he just can't make up his mind.

HELEN HOGAN has really

THE SUE GARRETT made a name for herself. She has created a sensational new hair-grower. She calls it Helen Hogan's Hair Tonic for Hairless Heads.

EDDIE JACOBY is still working at Duke and Ayers. He has gone a long way in this world. He is now the assistant manager of the Ranger store.

PAT GALLAGHER is a doctor at St. Joseph's Hospital in Fort Worth. **LINDA SHAFFER** is head nurse there, too.

GERALD SHOCKEY has bought a lot of shares in the General Motors Corporation. He designed the 1967 model Chevy himself. It looks very much like a pencil sharpener turned upside down.

VONNIE SHOOK, who always made such high grades in book-keeping in high school, is his book-keeper. She is doing a wonderful job.

Thus went the conversation. As we continued talking, we mentioned some of our teachers and some of the wonderful times we had in high school.

Suddenly we were surprised to hear a bell ringing. It even sounded like the school bell back home. Then I was awakened by a punch from someone behind me. As I looked around, I realized that I had been dreaming and that I was still in class. Well, this may not be an accurate prophecy of our class, but I do hope that all our dreams come true.

THE SENIOR CLASS OF 1957

PLEASE PHONE 284 and give us your news items. They will be of interest to others, and we always appreciate your calling us.

First Baptist Announcements Made by Pastor

"Building A Better Life" will be the pre-graduation sermon at 11:00 a.m. service at the First Baptist Church when the pastor, Rev. Perkins will complete a series of messages to both college, high school and grade school pupils.

Special recognition will be given all students at the morning services. Sunday evening worship services will be discontinued in favor of college and high school services. Training union will meet at 7 p.m. with all departments meeting in their usual places.

Sunday school at 9:45. Nine departments affording to all the family a special department for each member of the family. Bible study directed by consecrated teachers. "Bring your family this Lord's day to Sunday school and stay for the worship service," invites the pastor.

Special music will be under the direction of Jesse N. Sutton.

A cordial invitation is extended to new citizens of the city, and to those visiting in the area to attend any or all of the services where a welcome awaits all who come.

The nursery is open for the little ones.

Brotherhood Executive Council To Meet Monday

Brotherhood Executive Council of the First Baptist Church will meet Monday night at 7 p.m. in the library. Officers, captains and lieutenants are urged to be present.

Several important items need immediate attention, and two replacements need to be made.

Plans for the summer programs will be completed. Information for the quarterly meeting of the Class of the Association Brotherhood will be discussed. Ranger and Eastland churches will have an important part in this meeting that is scheduled for July.

J. B. Houghton, local president, will be in charge of the meeting.

Rev. Boyd Makes Announcements For 1st Methodist

REV. HERMAN BOYD 24
Rev. R. Herman Boyd made the following announcements for the First Methodist Church:

Sunday school at 9:45. A class for every age and a good teacher to teach the lesson. Be sure you are in Sunday School.

The morning worship is 10:30 o'clock. The pastor will speak on, "The Power of Deception." The Chancel choir will sing the anthem, "Brother James Air" by Jacob. Junior Fellowship for children at 6 p.m. Sunday for ages from four to eleven.

The evening worship service will be dismissed for the baccalaureate services for the High School and the Ranger Junior College.

Sub-district of the MYF will meet Monday evening at 7:30 at Eastland. All the young people are expected to attend the meeting, at which time the new officers will be installed.

The Chancel Choir will have rehearsal on Wednesday evening at eight o'clock.

Please be in your church Sunday for all the services. Visitors are always welcome. There is a nursery for the babies.

First Christian Announcements

Sunday school at the First Christian Church begins at 10:00 a.m. with classes for all ages. Church services begin at 11 a.m. and the evening service at 8 p.m. This will be the last Sunday that Bill Gipson will be speaker.

Christian Science

Humanity's need of spiritual growth and progress will be brought out at Christian Science services this Sunday.

Keynoting the Lesson - Sermon entitled "Mortals and Immortals" is the Golden Text from I Corinthians (15:53): "This corruptible must put on incorruption, and this mortal must put on immortality."

Readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include the following (265:5): "Mortals must gravitate Godward, their affections and aims grow spiritual, — they must near the broader interpretations of being, and gain some proper sense of the infinite, — in order that sin and mortality may be put off."

Scriptural selections to be read include the following from Psalms (89:15): "Blessed is the people that know the joyful sound; they shall walk, O Lord, in the light of thy countenance."

"Our Lady"

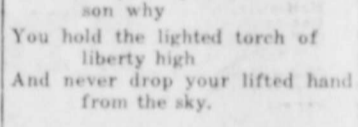

By CORENE SUTTON
Ranger High School

O, bronze one, now moss green,
You stand guard over America's home scene.
Your stoney face seems cold;
But I know you have a heart of gold.

May the silver planes winged by
Your head, always know the reason why
You hold the lighted torch of
liberty high
And never drop your lifted hand
from the sky.

O, our lady strong,
Guard our country from invading wrong,
May there always be a new dawn
Of liberty, true and strong.

The world is yours

"Fear"

By LINDA SHAFFER Ranger High School As I walk in the night, Of the dangers that lurk In each darkening quirk And murky hiding place, As I continue my pace, I'm so thankful to meet An old friend on the street.

History-

(Continued from Page One) the F.H.A., with Edward holding an office. Now came our Junior year. We were in the swing of things and had learned to love old R.H.S. Sue, Jerry, Paul, and Dan were class officers. John was a class favorite. Paul, Charles, John, Linda, and I were on the Annual Staff. Jack, Edward, and Alan received honors in FFA. Jonell, Dorothy, and David were all-district in band.

What's Cooking-

(Continued from Page 1) little things as deciding how many children they would have, how they would build their new home and where, and what sort of occupation he would follow in order to support the family after a fashion of some sort—all these little things he left to her HE concentrated on the bigger things like Sue, the Middle East, the \$72 Billion Budget, and problems that really mattered. That's us.

hear the address of Commanding General Albert Sidney Johnson. It would be the greatest act of disrespect imaginable if he did not have a packed and jammed Armory Building, full of Ranger citizens, to hear him.

And after that, the Guard would like to have as many people as possible to buy a barbecue ticket for \$1.00 and join in the feast following the dedication program. From these \$1.00 tickets, the Guard hopes to make a little money with which to buy furnishings for their beautiful new building, which the people of Ranger will use as much as they do. The barbecue plate which you will be served would be worth at least \$2.25 if you bought it in a regular eating establishment.

Captain Cecil Carr, himself, has donated 25 turkeys for the barbecue, and other people have furnished some of the things that will be served, and that is why you are getting such a tremendous bargain for \$1.00.

Join your neighbors a a d friends for the parade Saturday afternoon, and for all the rest of it at the new building following the parade, and let's show them once more how Ranger does things when Ranger is looking out after her own. Never was a town's DUTY any more clearly cut out for it.

Success TO YOU Well done and good luck. MORRIS CAMPBELL HUMBLE SERVICE STATION

BRAZDA CLINIC

Now, at last, our Senior year. This has been the greatest year in our wonderful history. We received our class rings and wore them with great pride. Helen Hogan joined our class this year. John, Jerry, Linda, Deanne, and Charles Tibbels were class officers. I was president of the Student Council, and Elizabeth was secretary. Jack and Dorothy were elected class favorites. Paul and Elizabeth were Mr. and Miss R. H. S. while Sue and Dan were elected Mr. and Miss Success. Dorothy, Jonell, a n d Frankie received honors in band. John, Charles Tibbels, Gene, Jerry, Paul, Jerry Don, Gerald, Charles Bonney and Dan all lettered on the football team. Paul, John, Jerry Don, and Dan were captains. Gene, John, Paul, Jerry Don, and Dan were all-district, with Paul, John, Jerry Don, and Dan receiving all-area honors. Paul and John were all-state players. Paul was captain of the basketball team and made the all-state team. John and Dan were members of the Regional championship golf team. Deanne was Football Sweetheart while Linda was Band Sweetheart. We had a wonderful time during the Senior play, "Bugs about Harry." Jerry, Paul, Elizabeth, Dorothy, Sue, Linda, John, Charles, Jack, Deanne Helen, Gene, Jonell, and Dan were members of the cast, while Paula, Dorothy, Barbara, Helen, Sherry, Carolyn, Jerry Don, and Morris served on the production staff. Sue, Linda, Sherry, Dorothy, Jack, Barbara, Clifford, Charles and Patricia were on the staff of the all school play.

All members of the class were in clubs this year with many of them holding offices. Paul, Sue, Linda, Helen, John, Elizabeth, Deanne, Charles, Gerald, a n d Dan were on the Annual Staff. We all had a wonderful time at the Junior-Senior Banquet. We are looking forward to graduation. Our Senior Trip was a wonderful success. What lies ahead no one knows. But we are proud of our class history and hope that the future will bring us many blessings. We can only pray that the future will be as good to us as individuals as the past has been to us as a class—the Class of 1957. Dan Cruise, Class Historian

The entire town is justly proud of you '57 grads.

A total of 123 students of Ranger Junior College, including the branches at Albany and Breckenridge, will receive their Associate of Arts Degrees when the 31st Commencement is held Sunday evening, May 19, at the First Baptist Church in Ranger.

Dr. L. D. Ligon, vice-president of Midwestern University of Wichita Falls will be the speaker, and an impressive ceremony has been planned for the full evening. Mrs. E. M. Haby, Registrar of the College, will pass out the diplomas.

This is one of the biggest graduating classes ever to pass through the college not counting some of the huge ones when so many veterans were going to school under the GI Bill. It is one of the largest normal classes ever to graduate.

Those completing the sophomore work, and candidates for degrees are:

CLASS OF... 1957

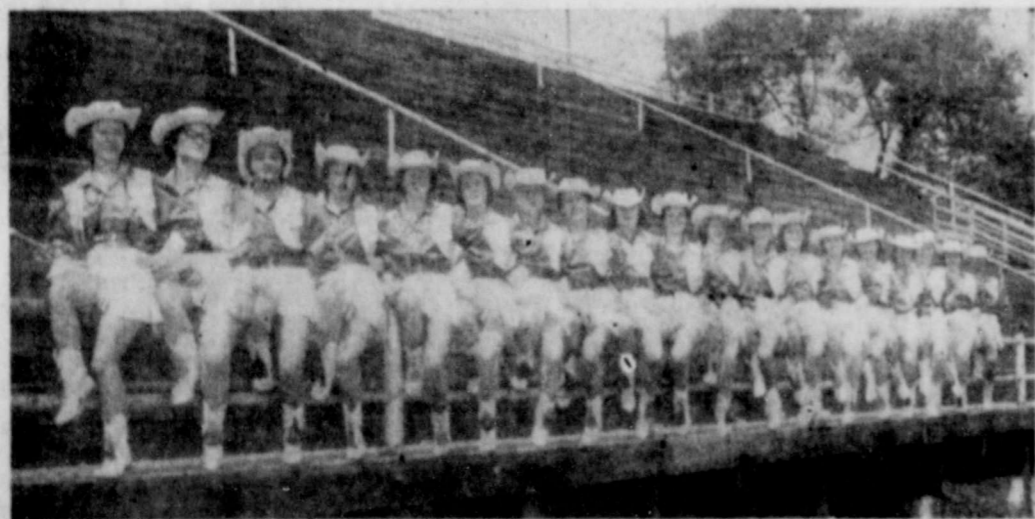

Good Fortune.

BURTON-LINGO COMPANY
J. D. Nichols, Mgr.

Fall Registration Begins September 9th and 10th at Ranger Junior College

Serving West Texas Since 1926

Courses leading to degrees in business administration, secretarial studies, accounting, education, English, journalism, mathematics, science, social science, music and agriculture are offered. Summer classes begin June 3rd.

RANGEANNS—R. J. C. Glamour Girls are a prominent part of campus activities on the campus. This colorful group presents both precision routines at half-time and entertaining stage programs under the direction of Dean Al Lotspeich - Music Department, R. J. C.

We are anticipating the beginning of the fall term with much pleasure. Our accomplishments during thirty years of operation lead us to believe that the 1957 - 1958 school year will be another link in our chain of community service.

New equipment, additional improvements to plant facilities, and changes in curriculum will greatly increase the advantages of Ranger Junior College. We welcome new and former students to our campus.

RANGER JUNIOR COLLEGE STAGE BAND: A prominent organization on the campus this year, is under direction of Al Lotspeich, Dean of Music. The band has been active all year playing for ball games, Thursday night dances on the campus, assemblies and programs.

Campus Improvement RJC Need

By NORMAN WRIGHT

One of the greatest needs of Ranger Junior College today as it enters its Thirty-First Annual Session is the need for an extensive campus beautification program that would lift it from the mire of a hog pen and place it in the proper setting for a school plant that is rapidly approaching the value of \$1,000,000.

Ranger Junior College is operating in a setting resembling the back yards more than anything else, with not one inch of hard-

surfaced street and not one foot of curb and gutter.

The buildings at Ranger Junior College are not large and imposing but they are very, very nice buildings, both inside and out, wonderfully equipped in order to do the finest teaching job possible today.

In the proper setting these buildings on the campus of Ranger Junior College would give the school the appearance of a bright diamond in a polished platinum mounting, but as it is they resemble a shacktown in ever sense of the word.

It is a challenge to the Ex-Students Association to do something about it, since they adopted as a project at their Homecoming last Fall a full campus beautification program including an entrance arch on Highway 80 which would direct the attention of hundreds of thousands of tourists to the college, which is the 19th largest in the state and the only college of any kind on Highway 80.

There are enough Ex-Students of Ranger Junior College to provide it with the most beautiful campus in America even if each one gave only a very small donation. The Ex-Students should make arrangements to start a mailing campaign among all the members and get as many dollars together this summer as possible in order to complete the program by next Fall.

It can be done, even by starting with only a dozen Ex-Students. This dozen is bound to know the names and addresses of a dozen more, and that new dozen would know some more names and addresses. It could snowball into staggering proportions if some live-wire set of Ex'es would get behind it and stay with it. The problem of beautification is the Ex'es project, and they should do something about it one way or another. They should put it over or else give it up entirely and go about it in some different way.

It has been estimated that about \$3,000 are needed to build the necessary curbs around the streets which must be done before paving can begin. A campaign was started to raise this \$3,000 and about 6 or 8 people came across with substantial donations amounting to a very few hundred dollars, and after that the campaign fell flat. People could not be talked out of even 10 cents — possibly because there was not a fully organized and determined group of people behind the drive.

The people of Ranger should contribute a substantial part of the money needed to improve the campus because the million-dollar plant is located in Ranger and Ranger gets the benefit of it, but Ranger citizens should not be expected to contribute all the money when there are so many Ex-Students that have voted to back the beautification program.

Talk about securing new industry, Ranger had better look after some it already has before branching out for more. If Ranger did not have Ranger Junior College it would be moving heaven and earth trying to get one. Now that it has it, firmly established, going into its 31st year, it is time it was being accorded its rightful place in the city, and established as one of the most beautiful colleges in the state, bar none.

Ranger would look a long time before it could ever find an industry comparable to it. The town should not rest until Ranger Junior College was the talk of all West Texas and the source of about three times as much income to the city as it now is.

Typical Street At Ranger Junior College Showing Need for Paving

DIAMONDS IN MUD: Many buildings at Ranger Junior College which would be beautiful and attractive lose their beauty because they are not in the proper setting. Paved streets and curbs are two of the school's greatest needs, as the college plant, valued at almost \$1,000,000 is being allowed to "wallow" so to speak in hog pen surroundings.

The Ex-Students Association of the College voted to do something about this condition at the Homecoming last Fall, but little has been done up to now. Ranger Junior College could be one of the "show places" of this area if its surroundings were improved by better streets and landscaping. CAPPS STUDIO PHOTO.

Photos Missing On Six Junior College Grads

In this section of the Ranger Times, 30 individual pictures are published of the 36 Graduates attending Ranger Junior College at Ranger.

Pictures of six graduates are missing because they were not available. Those six include: Mildred Elliott, Santiago Camacho and Benjamin Bell of Ranger, Howard Poe and Marie Boney of Eastland, and Billy Korngay of Cisco.

None of the pictures are published of the graduates in the A J h a n y and Breckenridge branches of Ranger Junior College, although a complete list of their names is published.

How To Look Your Loveliest While Dancing

For twenty years orchestra leader Sammy Kaye has been eyeing the American female, from a vantage point atop the nation's brightly lit handstands.

Kaye considers the American woman the most gracefully proportioned in the world, and offers the following hints on how she can look her best while dancing:

1. Dress glamorously, yet not uncomfortably. Your dress should be pretty, with a full or flared skirt as opposed to a tight sheath

which would obstruct your leg as you knee action, and make maneuvering around a crowded floor an unnecessary chore for your partner.

2. Save your enormous hats for other occasions. A small hat will not hide your face, be an obstacle to other dancers, nor a hindrance to that special man who wants to hold you a bit closer during the more romantic tunes.

3. Be certain your shoes are correctly fitted and comfortable. It is frustrating to see a couple leave the floor because the lady's feet hurt! Even worse are the tortured expressions only the orchestra leader sees, on the faces of those martyrs who decline to spoil the fun for others.

4. Avoid cumbersome earrings which fall off easily.

5. Wear short, white gloves. They look so charming and add a lovely, feminine touch to an already beautifully turned out woman.

6. Be confident. Have fun. Smile. Relax. Never worry about onlookers too engrossed in themselves to pay any attention to others.

7. Be dignified in appearance, manner and dance. No matter how much the style in music changes, ladylike decorum is always in fashion. It is a beautiful sight to watch partners twirl and float in the dance idiom of the day, but vulgarity and ostentation are never attractive to anyone.

WELL DONE...

CLASS OF 1957

We are proud of you on this great occasion.

Social Science Laboratories

For the young student just finishing high school and planning to enter his first year of college, Ranger Junior College offers the same identical courses as the larger universities for both the Freshman and Sophomore years when all of the work to be completed is required work.

And the price at which these courses can be completed while staying close to home and attending Ranger Junior College is so low compared to that which would have to be spent in a large university in a large city, that there really is no comparison.

Students leaving home and going to big universities in a big city find themselves surrounded by such a swarm of expenses they hardly know where to begin in attempting to save money. Every move they make cost money even to such small things as laundry and cleaning and pressing and other things a young student is not accustomed to paying. Trips home are expensive, and board and room away from home are not only sky high but almost out of reach and tuition in some colleges and universities is astronomical.

Much of these expenses can be reduced and some of them done away with entirely by taking the required work of Freshman and Sophomore years in a junior college, at home or close to home.

Ranger Junior College maintains one of the finest faculties in the state, and every course of instruction is accepted for full credit without question by any big university anywhere when students later go to those places to take their specialty training. The college is adding new equipment every year at the rate of many thousands of dollars to keep every course of instruction up to date.

Students attending Ranger Junior College are in classes small enough that they are given individual attention and instruction and they learn their subjects thoroughly, an advantage

that is not found in big universities, some of which have student bodies bigger than the entire population of Eastland County.

Ranger Junior College invites all high school graduates everywhere to investigate the many advantages to be found in attending school at the college. Counselors are happy to talk to them at all times, and a catalog of the college is available for the asking, showing all of the different courses of study offered, and all of the many activities that are available to students.

Ranger Junior College offers many courses of study which students may take and graduate with the specialized ability to make a living and have a career if they could never go to school another day.

There are many financial aids available at Ranger Junior College including all the benefits offered by the GI Bill which college officials welcome you to investigate.

Ranger Junior College extends an invitation to you to enter school this summer, if you wish, and continue right on through the fall and winter term.

Special Programs For Science, Math Students

AUSTIN — High school students who are exceptionally capable in science and mathematics will attend special programs this summer at five Texas colleges and

universities. The programs are made possible by a \$25,000 Fund for the Advancement of Education grant to the University of Texas, which is coordinating the project. The summer courses, to be offered June 10-July 12, will enable superior students between their junior and senior years to take advantage of facilities at the various colleges.

Participating schools and fields of study they will attend include Texas Technological College, physics; Rice Institute and Southern Methodist University, mathematics; Texas A&M College, biology, and the University of Texas, chemistry. Some 25 to 30 students will be enrolled at each institution. They will participate in group discussions, lectures, problem and project sessions, and field trips.

The programs are intended to challenge each student's curiosity and give him ample opportunity for intellectual development through creative work and association with research scientists," Dr. Robert E. Eakin, project coordinator, said. The offerings are not designed to take the place of the usual high school and college offerings, but

rather to increase the students' enthusiasm for science and develop a greater understanding of the types of careers in which the students express interest and knowledge. The University of Texas conducted a pilot program last summer as part of its extensive efforts to increase the quality and quantity of the region's scientific manpower.

"I've killed a child!"

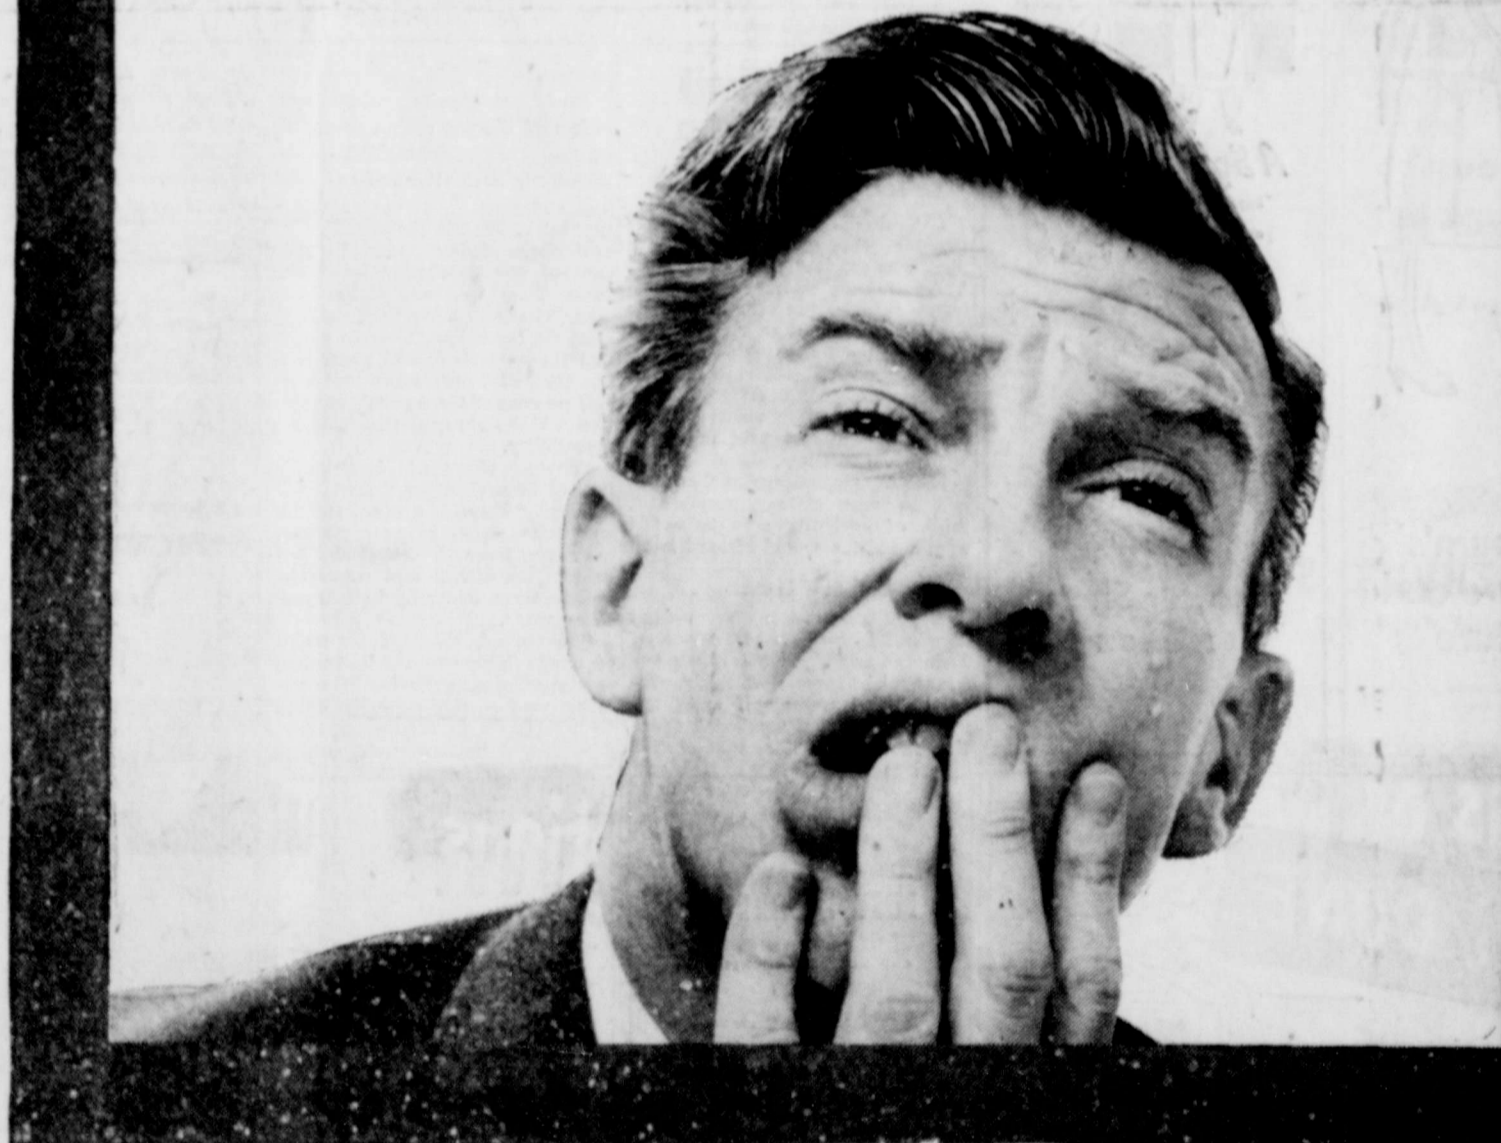

"Never had an accident before. Never been in trouble with the law. Always tried to do right by my family and friends. Now I've killed a child—just by taking a foolish chance."

Every day it happens, often just like that, to drivers who thought accidents happen only to the other fellow—never to themselves.

Remember this. No one expects to meet death on the road. Certainly no one expects to be

guilty of causing it. Yet last year, 40,000 men, women and children died in traffic accidents. Thousands of drivers—many who never had or expected to have an accident—found themselves guilty of killing someone on the highway.

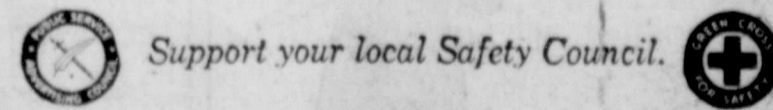

Most of these deaths can be prevented—with your cooperation.

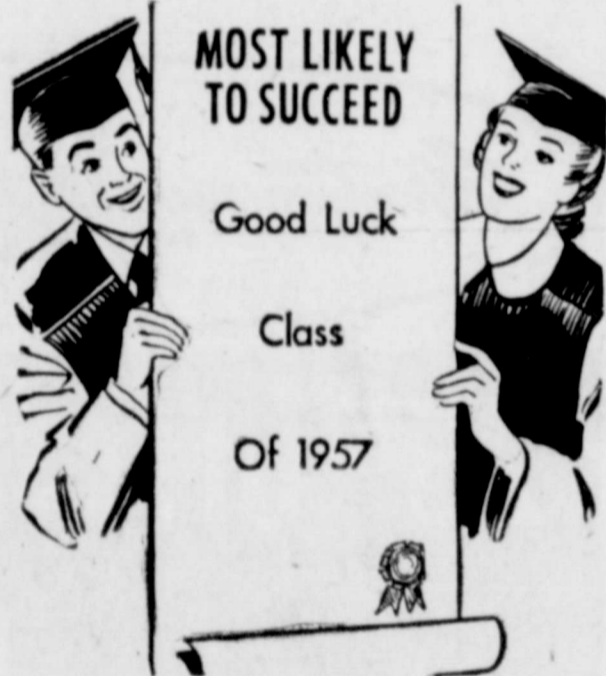

Here's how you can help stop traffic tragedies:

1 Drive safely and courteously yourself. Observe speed limits and warning signs. Where traffic laws are obeyed, deaths go DOWN!

2 Insist on strict enforcement of all traffic laws. Traffic regulations work for you, not against you. Where traffic laws are strictly enforced, deaths go DOWN!

Support your local Safety Council. Published in an effort to save lives!

RANGER PEANUT CO.

RJC Activities Many and Varied

Students enrolled in Ranger Junior College have their choice of a wide variety of activities suitable to everyone on the campus in which they can participate, have fun, and relax from the normal

1957 RJC Graduates

THELMA EDWARDS
Olden, Texas

grind of classes and study. There is, of course, a full schedule of athletics. Ranger Junior College is a member of the Pioneer Conference, and enters a full schedule of football, basketball and track. There are also tennis teams, and coaches and facilities for entering every other kind of lesser athletics towards which a student might be inclined.

Ranger Junior College also has a top notch stage band that is divided into smaller organizations such as orchestras and musical groups, and the band is prominent in all football contests and other events on the campus.

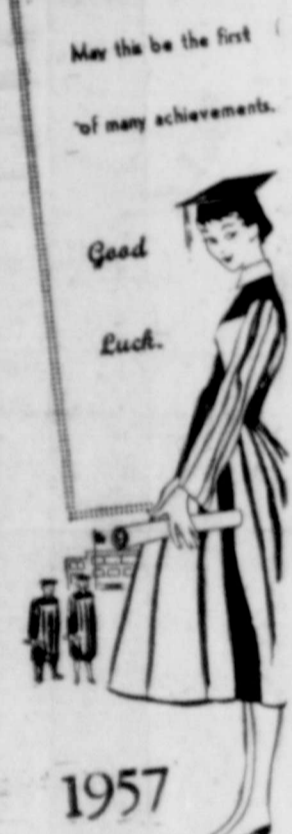

There are singing and choral organizations aplenty ranging all the way from the outstanding Ranger Junior College Choir and Madrigal Singers on down through various and sundry quartets, octets, trios, and other musical groups that are widely sought after as entertainers for luncheon clubs and other civic and social organizations.

Perhaps the most noted organization on the campus is the famed Rangesettes, a precision drill team made up of beautiful girls in colorful uniforms that perform at all the college football games and make many out of town trips to other events over the state.

The campus is alive with clubs such as the Ag Club, Spanish Club, Rope and Spur Club, Band Council, Social Clubs, International Relations Club, the Delta Psi Omega, the Phi Theta Kappa, the Student Council and more musical clubs than a person can keep up with.

All of these extra-curricular activities give Ranger Junior College students an opportunity to exercise their talents and to pursue many things in which they are most interested, and make life on the campus lively and gay for all of them. Ranger Junior College invites you to join the many students here next year as you pursue your education.

LUCK TO YOU

Two Jobs Await Every Graduate From Agriculture

COLLEGE STATION — Almost two job openings await every student who graduates from a school of agriculture this spring, according to information released by the U. S. Department of Agriculture. These openings include teaching, research, extension, communications, conservation, farm services and other related fields in the agricultural profession. Dr. J. C. Miller, dean of the School of Agriculture at Texas A and M, says "Many people still think of agriculture in terms of wagon and team, and of hard hand labor. "Agriculture today is a completely different thing from what it was 20 years ago," he says. Today's agriculture offers a place for the best minds available. Opportunity is unlimited, and the young man—or woman—with ambition should give it serious consideration.

"Any enterprise where one-eighth of the population serves all of the other seven-eighths — especially in such vital areas as food and clothing — offers great opportunity. That is the situation of agriculture today. Only 12 percent of our population is on the farm. They feed and clothe the other 88 percent. That means good markets for a long time to come; and those markets will grow better. By 1975, only seven and one-half percent of the nation's population will be charged with this responsibility. "Every phase of learning is needed in agriculture," Dean Miller says. "There is a place for the man who wants to grow things; to process them; to design and sell better machinery and chemicals, and to serve this vital industry in other ways. "So acute is the need for trained minds in agriculture that many special efforts to provide them are being made. For example, more than \$20,000 in scholarships are available to beginning students in

agriculture at Texas A. and M. College alone. These are specifically for students in agriculture, and do not include the well-known Opportunity Awards. Additional help is available throughout the years of college training.

IT'S THE LAW
in Texas
★ in Texas ★
Public Service Bureau
of the State Bar of Texas

FUTURE TENNE LAW
You can tell a lot about people by the way they regard time. Do they put stock mostly in the past — their record; the present — their direct joy in work or play; or the future — their plans? Why not use all three dimensions of time? Past experience to guide, the present for rest, and the future to realize dreams. Lawyers report a sharp shift in the way people regard time and the law: Of old they thought of law in terms of past facts like failures to meet legal duties, misdeeds, etc.—facts useful chiefly in lawsuits. You still have to think of the record, since you may have to go to trial some time. So keep good records of your affairs. But more and more people now also think of the law in the future tense—in terms of built-in safeguards for plans which they want to go through without legal hitch-ups. Our heavy income and death taxes have made people plan ahead legally, rather than wait for the axe to fall. Any time you buy or sell a home or a business or make an investment you have choices of how you may do it—some wise, some not, in view of your circumstances. Should you do business as a sole proprietor, a partnership, or corporation? Do your contracts set out ways of meeting unexpected events? How best may you serve your estate (and also carry out your wishes) by a will or a trust or by direct gifts? While all of these things point forward, the past in the form of

court records can serve you by showing where trouble may come from. As more and more people know the symptoms of legal trouble—where to look for legal hitches in plans before big trouble starts, there will be fewer law suits and better human relations. And where does trouble sometimes start? Most often when you lack a clear grasp of your relationship, your rights and duties, and your own and the other fellow's resources—in transactions involving large personal or financial stakes. (This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)
