Stuck in Mud But They're All Working

Farmers Suffering Due To Combine Shortage

As if Eastland County farmers didn't have enough to worry about right now, they are suffering from a shortage of combines with which to harvest their oat crops.

Every oat stalk in the county is ripe right now, loaded with grain and ready to fall over the minute the next good sprinkle or good-sized puff of wind comes along, and the farmers are fighting against time, working 24-hours a day, Sundays included, trying to get the grain crop harvested.

County Agent J. M. Cooper said there were actually plenty of combines around here to get the crop in, but the trouble is, they are all

wanted at once. Farmers are afraid to risk the weather from one day to the next, and the crop would be all but ruined if a heavy rain should beat it to the ground because the combines could not pick it up. They could do it eventually, Cooper said, but it would be a long, tedious, expensive process.

Meantime the farmers are taking advantage of every minute of the day, and far into the night, to get their land ready for peanuts. Pat Thomas of Sinclair, Morris George of Gulf and Bob Earnest of Texas, all of whom run combine routes to farmers over the country, report that some of them are still bogged down but they are trying to work their fields just the same. Jack Blackwell, a driver for Thomas, said his route took him into four counties and the story was the same every where — from daylight until long after dark, and in some places 24 hours around the clock.

Funeral Services for Mrs. Duke Held Friday

Funeral services for Mrs. Mary A. Duke were held at the First Christian Church in Ranger Friday, June 7, and burial was in the old cemetery at Gordon.

Mrs. Duke died Thursday, June 6, at the home of a daughter, Mrs. C. R. Howe, of Stamford. She was born in Weatherford on March 22, 1872.

Besides Mrs. Howe, she is survived by two other daughters, Mrs. George Penix of Lueders and Mrs. Gaston Dixon of Ranger. There are seven grandchildren and 10 great grandchildren. There is also one sister surviving, Mrs. B. H. Stewart of Ranger.

Those from out of town attending the funeral were Mr. and Mrs. G. W. Penix of Lueders, Mrs. C. R. Howe of Stamford, Mr. and Mrs. Buck Newsum, Sharon and Phillips of Lueders, Mr. and Mrs. Elmon Higgs, Janice and Joe of Lueders, Mr. and Mrs. Lewis Thomas, Leslie, Glynn and John of Snyder.

Mrs. Sterling Short, Bob and Dan of Dallas, Mr. and Mrs. L. S. Wadlington, Sandra and Donnie of Abilene, Mrs. Bob Stewart, Mrs. Ernest Glazier and Mrs. Charlie Adams, all of Fort Worth, Mr. and Mrs. Lawrence Stewart of Mineola, Mrs. Ennis, Mrs. Bradley and Mrs. Loflin, all of Mingus, Mr. and Mrs. Garland Powell and Janice, and Mrs. Glynn Simmons and Floris of Abilene, Mrs. Orval Barnett, Linda and Shirley of Stamford, Mr. and Mrs. Lester Love and Rhonda Sue of Stamford, and Mrs. Weston Guest and Mrs. Jack Wendt and Leslie of Pecos.

Giants Thrown Into Tie With Dodgers

Team	W	L	Pct.	GB
Giants	4	1	.800	
Dodgers	4	1	.800	
Indians	2	3	.400	2
Yankees	0	5	.000	4

Ranger's Little League Giants were knocked off their undefeated streak Tuesday night when the Indians handed them a 12-3 drubbing, forcing the league leaders into a tie with the Dodgers who handed the cellar-dwelling Yankees a 16-4 defeat.

Giants errors and walks accounted for their downfall as the Indians amassed their 12 runs on only four hits. The Giants gathered only three hits in making their three runs.

A Tribute To Dad

What shall I give to one small boy? A glamorous game, a tinselled toy, A barlow knife, a puzzle pack, A train that runs on curving track? A picture book, a real live pot... No, there's plenty of time for such things yet. Give him a day for his very own— Just one small boy and his dad alone. A romp in the woods, a romp in the park, A fishing trip from dawn to dark, Give the gift that only you can— The companionship of his Old Man. Games are out grown, and toys decay— But he'll never forget if you "Give him a day."

Buy Gifts For Father Right Here In Ranger

Nuessle and Cox Lock Horns Again

The why and wherefore of a \$150 check got things boiling Monday in Eastland County commissioners court, with members of the commission, for the most part, sitting back and listening to two selected officers debate the issue.

It came out in the discussion that the check was written by a farmer in Commissioner R. M. Bennett's precinct to cover the cost of work done for him by the county. Bennett's workers had done some terracing, it was revealed.

Whether for better or for worse, next Sunday is Father's Day all over the United States of America, and by custom, it is an occasion when other members of the family shower the old chap with gifts and otherwise make him proud he's living on the one day of the year when somebody pays him some attention.

In their brief spree of gift buying for this one special day, Ranger citizens are reminded that almost anything under the sun that the "old man" could want can be found right here at home in Ranger, saving everybody a long expensive trip to some other pasture where the grass only looks greener but isn't.

Take the matter of Sporting Goods. Ranger is so packed and jammed with places that sell Sporting Goods that the Times hesitates to mention them for fear of leaving somebody out.

To tell you the truth, people come to Ranger from all around to buy Sporting Goods, even from as far away as the big cities of Abilene and Fort Worth, because Ranger is in "Lake Country", and is prepared to handle the needs of sportsmen and lovers of the outdoors with the things that are actually needed in this immediate locality.

It matters not whether it is a complete boat, motor and trailer, or a rod and reel, or a set of Sios and plugs, almost anything in the world manufactured today for fishermen can be found in Ranger, all carrying the most famous names in the business.

If Father doesn't fish but goes in for golfing or hunting or some other sport, it is almost impossible to name a gadget that can not be found in Ranger to make his sport more enjoyable. The town is crammed from one end to the other with Sporting Goods and even if one traveled all the way across Texas to some other city, he would not find a bigger selection than is right here at home.

The same is true if a person is trying to buy a gift for the car. All over town, even at a large number of service stations, wonderful gifts for the car are available. Almost anything made in this country that comes under the name of automobile accessories can be found somewhere in Ranger, at one of the many places or the other.

If anyone is thinking of buying Father a gift that he can enjoy in the home there is no better place than Ranger to look for it. Whether it is an easy chair from which to view his favorite television programs, whether it is a room cooler, whether it is a TV set or a portable radio to take on his out-of-town trips—regardless of what it is, it can be found in many places in Ranger, available on easy terms if one wishes, and guaranteed to the limit by a next door neighbor who will be here tomorrow to back it up if something goes wrong.

Wearables. If it is to be a gift of something to wear, just don't mention the word. Unquestionably the finest wearing apparel on the market anywhere in the United States today, for men, is on display in Ranger, ready for easy selection, and wrapped in gift-wrappings that are out of this world. Ranger stores offering wearing apparel for men, taken as a whole, offer as wide a range of prices as can be found in any city, and they are within a stone's throw of everybody's doorstep if an exchange should be needed.

Miscellaneous. If Father's hobby is photography, there are a number of places that can fill almost any need in this field, and Ranger's excellent drug stores offer everything. (Continued On Page Four)

Contract Let On Lake Road

Contract has been let and construction is to begin the latter part of this month, or not later than July 1, on the new hard-surfaced road from near Ranger to Lone Cedar Crossing near Lake Leon, according to Gordon Smith of the State Highway Department at Eastland.

The road will be hard-topped with asphalt the same as all other Farm-to-Market Roads in the county. It will have a 100-foot right-of-way, with a 20-foot hard-top driving surface.

The new road will begin at a point on Highway 80 a short distance west of Ranger and will continue to Lone Cedar Crossing where it will connect with the hard-surfaced road there, giving motorists from Ranger a paved road to within about 1 1/2 miles of the lake shore.

Whatever else will be done later about this short gap is anybody's guess but there is considerable support to the idea that some way or other before too many months or years have passed this last strip will also have a hard surface.

Report on Community Clinic

HELD IN RANGER MAY 2, 1957 BY WEST TEXAS CHAMBER OF COMMERCE

We further urge that your committees be constituted by both farmers and business men.

1. Establish needed marketing facilities.
2. Annual meeting of farmers and business men (planned annual banquet suggested as a means of developing closer relationship).
3. Improved and expanded rural telephone program (a much discussed project).
4. Lend support to 4H and FFA projects (provide facilities for projects shown).
5. Study of soils for new crops (commercial berry and grape production suggested as a possibility).
6. Study possibility of irrigation (determine source, amount of water and cost of production).
7. Work to expand dairying and poultry.
8. Feed mill suggested as a possibility.
9. Seed cleaning facilities needed.
10. Work for needed additional poultry processing facilities.

Industrial development is claiming the interest of all communities, both large and small. In some instances such demand is being made upon the local chambers to increase its program to include more activity in this phase of their operation.

The business leadership of the community is aware of the toll that the long drought has taken in this section of the State, and as a result it is felt imperative that we work on those things that will build an economy in another direction. Hence, an accelerated program in this field.

However, it is to be remembered that industrial development in so many cases must be preceded by a well-rounded program of community building. Therefore, industrial development should have its rightful place in your overall program.

Since there is no simple or easy approach to industrial development we shall classify the suggestions of your people under a general program. However, there might be suggestions made by your people that can be activated on what we have termed a short-range basis.

General Objectives I & J SUPPLY CO TV HEADQUARTERS RCA, Admiral, Philco, Zenith Free Delivery and Convenient Terms. Good Trade-Ins, too!

During the next several issues the Times will print in this space installments of the report made by the WTCC on the Community Clinic held in Ranger last May 2. If you do not have time to read these installments from day to day, please clip them as they will give you a complete record of the report for later reference.

1. Continue organized effort to locate small adaptable industries.
2. Make existing buildings available to industry.
3. Develop industrial brochures of Ranger and adjacent areas (assistance available through Industrial Department, West Texas Chamber of Commerce. This information should be available for wide distribution and for industrial committee use).
4. Extend cooperation to existing industry (work for possible expansion to existing industry).
5. Long range study on possible secondary recovery in the petroleum fields of your area.
6. Study possibility of re-opening Thurber coal mines.
7. Suggestions for new industries: (a) Tins, Ceramics, Brick (b) Peanut processing (peanut butter) (c) Textile (d) Dairy products processing

While the suggestions as related to the problems of education in your community could have been included with your civic improvement suggestions, it is felt that particular attention should be given to the suggested needs. Therefore a separate division is suggested for this phase of your work program.

Through our observation at the clinic sessions we noted a positive pride on the part of your people in Ranger Junior College. We also observed that your people are aware of the tremendous importance of the college in the civic and business aspects of your city.

It is clearly evident that your people are willing to plan and work for a general improvement program for the college.

Therefore, we recommended a general steering committee composed of your leading business men to study the suggestions made by your people as related to the needs of the college. Sub-committees can be activated to form action groups to carry this work out.

Ranger Junior College 1. Campus beautification 2. Street paving throughout college areas 3. Closer relationship between college administration and business and civic leadership 4. Additional building facilities needed Public Education 1. Extended support to public school program (public forums on school needs) 2. Study needs for additional elementary class rooms 3. Study need for high school cafeteria HIGHWAYS TRANSPORTATION Fifty-seven suggestions were made relative to needs in highway and transportation facilities. Included are twenty-three suggestions made in the farm session of the clinic for positive action in the development of needed farm-to-market roads. Here you have an excellent opportunity to develop area good will by formulating a well-directed program in this classification. Full development of highway and transportation facilities is important in the growth and welfare of your community and area. Developments and improvements cannot be approached on a short-range basis. Therefore, we classify the suggestions made by your people as long range objectives, with the recommendation that an early study be begun on a farm-to-market road program. (To Be Continued Thursday)

Mrs. Daisy Motley's Brother Dies Today

Word was received here today that Claude Swank, the brother of Mrs. Daisy Motley, passed away at his home in Flint, Michigan, at 7:45 this morning, Tuesday, June 11. He had been ill since last Dec. 1, when he underwent surgery for cancer of the throat.

Mrs. Motley said she would not try to attend the funeral as she paid him a visit last April, and nothing could be accomplished by her making the trip to Michigan now.

Oak St. Ladies To Raise Money for Paving Street

A big delegation of women who live on Oak Street in Ranger have scheduled a bake sale for Friday and Saturday of this week to be held at Hamilton's Fruit & N Vegetable Stand on Highway 80, in which they hope to raise some money to help pave the street.

The ladies say that anyone who travels that street or lives on it knows how badly the street needs paving, and they have asked all people living on the street to please bake a cake and contribute it to the sale.

All that is necessary, they say, is to bake the cake and take it to Hamilton's Fruit Stand the first thing next Friday morning.

The ladies explain that there are some elderly people and widows living on the street that are positively unable to pay to have their part of the street paved, and they are trying to raise some of the money through this bake sale in order to help out financially with the paving.

The cooperation of everyone is urged—all those who will bake a cake, and everyone in town who will buy one, next Friday and Saturday.

Board of Stewards Will Not Meet

Board of Stewards of the First Methodist Church will not meet Wednesday as that is the day the new pastor, Rev. James Ellison, will arrive with his family. A new meeting date will be announced soon, according to Gaston Dixon, chairman of the board.

By NORMAN WRIGHT

We have spent an uncommonly lot of time lately apologizing to folks. We spent last week apologizing because we could not read other people's writing, and it looks like we are going to spend this week apologizing for that quip we made last Thursday about a mere male not having a chance against a female whether "man or beast" because they'd trap you every time, unless some folks can finally wake up to the fact that in this drab, dreary world there is room now and then for an occasional light-hearted joke. We hate to spend every second of our lives being dead serious about something.

But then we don't suppose we are any worse off than some of the men in the United States Weather Bureau who got raked all over the coals for naming all the hurricanes after women. That brought on a storm of protests from one end of the country to the other, but we notice they are still doing it.

So, just in order to get off on an even start again with everybody let us offer a general cover-everything apology and say we are downright sorry we were ever born, and we most humbly beg your pardon that such a thing ever happened.

After reading in one of these columns last week a number of reasons why home town newspapers were so popular all over the country, Mrs. Ethel Gilmore called in to say she knew another reason.

Mrs. Gilmore said she heard a fellow say once if there were no home town newspapers there would be no family scrapbooks. It had never thought about it in just exactly that light, but it certainly is the honest truth.

Usually the home town newspaper starts carrying something about a fellow the day he is born. Very few births take place without being noted in the home town newspaper. It follows him every step of the way, recording the little birthday parties his mother holds for him, and it stays right with him all during his school and college days.

When he walks down to the altar with a beautiful bride on his arm, the home town newspaper tells all about that, too. It follows him all through his business life and his career as a father, recording events even in the lives of his own children. And when, at last, the grim reaper comes along to take him to his final reward, the hometown newspaper records those last moments devoted to his final rites on this earth.

You are quite right, Mrs. Gilmore, there would be few family scrapbooks if it were not for the home town newspaper.

Mrs. D. E. Pulley called in (Continued on Page Four)

IT'S THE LAW in Texas

YOUR CHILD AND THE DOCTOR

It's a good idea to give written consent for necessary medical care if your child leaves home for a visit or a camping trip, or if you plan to be away for any length of time.

For example, a summer camp nurse may bring a boy in a hospital with an acute case of appendicitis. But the doctor may well hesitate to go ahead and operate without the parents' consent.

Is the doctor arbitrary, and is such permission just a legal technicality? No, he is well within his rights, though he may give first aid—but only for emergency treatment where a child's health or life may be at stake. He is likely to put off follow-up care until he can reach the child's parents. A relative or baby sitter generally cannot grant consent for a child's treatment.

Even an adult must request treatment and grant consent to medical care on his own before a doctor can give it to him. Children cannot do this.

By going to your doctor you show your willingness and consent to accept his treatment. Your consent is assumed also when you ask for a house call by the doctor, or if as a result of an accident you come to a hospital for emergency treatment. If you are unconscious, the doctor may well give you emergency care, yet later he should get your consent to further treatment.

Minors cannot consent to medical treatment, and except in dire emergencies their parents or guardians must give it for them. The consent should not be broadly or loosely phrased, but should be as specific as circumstances permit.

The principal reason for having the consent in writing is to avoid later misunderstandings. It is a protection both to the patient and physician.

(This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

WHY re-enlist in the small-car army?

READ THIS STARTLING FACT

5 out of 10 Smaller Cars wear a Pontiac Price Tag —yet none gives you Any of Pontiac's Advantages

PONTIAC GIVES YOU UP TO 8.9% MORE SOLID CAR PER DOLLAR!

Not one of the smaller cars can give you the heavy-duty construction, the road-hugging heft and solid security that surround you in every Pontiac. Yet Pontiac's the nimblest heavyweight you ever managed—and your Pontiac dealer can show you more than six dozen advanced-engineering reasons why! Pontiac has gone all out to make this genuine big car the best behaved beauty that you ever had the pleasure of bossing. You'll find Pontiac's exclusive Precision-Touch Controls make steering and braking the surest, easiest you've ever experienced! Park it, cruise it, try it in stop-and-go traffic... this is driving the smaller jobs can't duplicate.

PONTIAC GIVES YOU 4 TO 7 INCHES MORE WHEELBASE!

The small cars extend bumpers and fenders to look big—but Pontiac puts the extra length where it counts—between the wheels! Pontiac's longer stride brackets the bumps instead of riding on them. And this extra length shows up inside, too, in stretch-out space for six footers. Add to Pontiac's bonus in length its all-new suspension system and you have an exclusive Level-Line Ride no car at any price can surpass... and a built-in sense of direction and security that will soothe you for the smaller cars forever!

PONTIAC'S PERFORMANCE TOPS THE BEST THE SMALL CARS CAN OFFER—BY A WIDE MARGIN!

Not one of the smaller cars can measure up to Pontiac Performance. Whether you judge a power plant by engineering statistics or on-the-road performance, Pontiac's Strato-Streak V-8 stands head and shoulders above anything in the low-price field. Your Pontiac dealer will be happy to show you a complete facts-and-figures comparison—then an eye-opening test drive in traffic or out on the highway will supply all the heart-lifting proof you need that Pontiac has separated the men from the boys when it comes to performance!

—AND PONTIAC HAS ALWAYS BEEN FAMOUS AS ONE OF AMERICA'S TOP TRADE-INS!

Maybe it comes as a surprise to you that so much more car can be yours at the same price you've seen on the smaller cars. But there's the fact! And Pontiac is a wonderful investment, too! As you know, it has always commanded a top trade-in. So why not step out of the small-car class and into a Pontiac... there's nothing in your way. Your Pontiac dealer has the keys and an eye-opening offer waiting for you right now!

So why not look and feel like a million—instead of a million others?

NOW! If you want the ultimate in both economy and extraordinary performance, new Tri-Power Carburetion is available at a cost so even the lowest priced Pontiac models! It's America's newest power advance and exclusively Pontiac's at a low \$420!

VISIT IN BRECKENRIDGE

Mr. and Mrs. Frank Lovelace visited relatives in Breckenridge Sunday.

MRS. BENJAMIN DAWS

Betty Jean Brockman, Benjamin Daws Wed In Woodson, June 2

The First Christian Church in Woodson was the scene Sunday evening June 2, at 3 p.m. for the wedding of Betty Jean Brockman and Benjamin Bedford Daws.

Mr. and Mrs. John Brockman of Woodson are the parents of the bride and Mr. and Mrs. T. Daws of Woodson are the groom's parents.

The double ring service was read by Rev. Dick Brown, of the

First Christian Church of Mineral Wells.

Mr. T. T. Daws was his son's best man and ushers were Alex Daws, brother of the groom, of Las Animas, Colorado, and Robert Brockman, twin brother of the bride, of Woodson.

The matron of honor was Mrs. Jim Hulse, sister of the bride, of LaJara, Colorado.

Bridesmaids were Mrs. George Brockman, sister-in-law of the bride, Wichita Falls, and Miss Sandra Gall Sturdivant, a college friend of Snyder.

Candlelighters were Dorothy Daws, sister of the groom and Larry Brockman, brother of the bride. The flower girl was Dianna Brockman, daughter of Mr. and Mrs. John Brockman, Jr., of Graham. Ring bearer was Gary Bob Hulse, nephew of the bride, son of Mr. and Mrs. Jim Hulse, LaJara, Colorado.

Miss Brenda Boyd of Graham, organist, gave the pre-nuptial music and accompanied Rev. Dick Brown, who sang "Indian Love Call," "Because," and "Lord's Prayer."

Vows were read before an altar background of white gladioli and candelabra holding burning tapers. A white satin kneeling bench and white aisle runner was placed before the altar. Few markers were white satin bows.

The bride, given in marriage by her father, wore a gown of white satin. The fitted bodice was designed with a low rounded neckline outlined with crisp cross strips of satin and set in the long tapered sleeves. The long fitted basque came to a point in front and back with a bouffant skirt sweeping out into a cathedral train. The long fingertip veil of illusion fell from a Capulet of white satin outlined in satin strips encrusted with seed pearls. She carried a colonial bouquet of feathered carnations centered with a white orchid corsage.

The matron of honor wore a dress of rose floored nylon, floor length, and carried a nosegay of white carnations. The bridesmaids dresses were of pale green taffeta, floor length. They wore carnations in their hair and carried nosegays of carnations. The flower girl's dress was white dotted swiss, floor length and she carried a white basket of flower petals.

The bride's mother wore a dress of black silk trimmed in white with white accessories and wore white carnations. The groom's mother chose a navy blue cotton lace with white accessories and a pink carnation corsage.

Immediately following the wedding, a reception was held in the church, with members of the wedding party assisting in receiving.

The table was laid with a white cut-work cloth and centered with the bride's bouquet surrounded by the attendant's bouquets. The three tiered wedding cake was decorated with pink flowers and white wedding bells and flanked by white candles in crystal holders. After the reception the couple left for Farmington, New Mexico, where he is to be employed through the summer.

For going away the bride chose a brown cape dress with white accessories and white orchid corsage.

Both are graduates of Woodson High School and attended Ranger Junior College. He has had two years of military service, part of this time overseas. He has been attending NTSTC as a senior and both will return to college in the fall.

Mrs. R. A. Jameson of Ranger and Miss Thelma Edwards of Olden attended the wedding.

Mrs. Sherman Adcock and son, Ricky, of Fort Worth are visiting her parents, Mr. and Mrs. C. S. Entler. Mrs. Delma Prescott of Midland is also visiting the Entlers.

Charles Crawford Chapter of DAR Has Luncheon

The Charles Crawford Chapter of the Daughters of the American Revolution closed their year's work on Monday, June 3, with a luncheon at the Victor Hotel. Honorees for the luncheon, who were presented gifts by the regent, Mrs. Nancy McCrea, were the State Regent, Mrs. Felix Irwin of Corpus Christi; the State Vice Regent, Mrs. Edgar Riggs of Graham; and Mrs. F. E. Harrell of Cisco.

The centerpiece at the honor table was an arrangement of pink and blue carnations around a decorative bird cage. The side tables were centered with assorted bouquets carrying out the pink and blue color theme. Magnolia blossoms were scattered over the tables. Place cards were decorated with pink artificial flowers tied with blue ribbons.

After the invocation, given by Mrs. Homer Slicker, all present repeated the pledge of allegiance. Three vocal selections were furnished by Dan Mitchell of Ranger and two piano solos by Miss Jackie Cornelison of Breckenridge.

The regent then introduced Mrs. Felix Irwin whose address pertained to the work of the national DAR and facts concerning the part Texas plays in national DAR functions and achievements. Following the address was the presentation, by the regent, of the Award of Merit, the highest award the DAR can bestow, to the organizing regent of the Charles Crawford Chapter, Mrs. F. E. Harrell. Mrs. Harrell was also presented a silver bowl inscribed "Charles Crawford Chapter—DAR—Ethelia R. Harrell—1927-1957" from the chapter members.

The program was closed with a prayer given by Mrs. Nancy McCrea. Members and guests who attended included Mesdames W. J. Foxworth, W. C. McDaniels, Roy Reed, James Horton, Samuel But-

... that the party with whom you are dealing to buy real estate did not get an abstract but it will be your fault if you trade with him without an abstract. What about the title? One authority on titles puts it this way: "Titles were good yesterday, only fair today, but worse tomorrow." Better get an abstract when you buy real estate of any kind. It's safer, more business-like and a sure sign of good judgment.

 to make a suggestion that somebody around here has got to attend to. She said we ought to get in touch with Art Baker, the man who conducts the TV program known as "You Asked For It", and get him out here to present a show that would point out how a skyscraper bank building could be built in Dallas out of a worthless old hill in Ranger.

Mrs. Pulley had in mind the Featherlight Corporation which takes shale from what was once considered worthless land around Ranger and converts it into building materials. Mrs. Pulley pointed out it was actually possible for Featherlight to take one of those old hillslides around here and convert it into a beautiful, modern skyscraper.

At any rate that is a good suggestion and it should be forwarded to Art Baker even if we have to do it ourselves. Having a TV crew out here making pictures of all of us would be something to break the summer monotony.

In making his original budget request for operation of the Postal Service this coming fiscal year, Postmaster General Summerfield asked for \$3,249,400,000.

Congress whacked \$57,400,000 off of this request, telling Summerfield he would have to get along with \$3,192,000,000. (That's BILLIONS, friends.)

Now Summerfield comes back and says he is not only going to have to have the \$3,400,000 restored, but he is going to have to have another \$92,100,000 on top of that, because he misfigured and didn't ask for enough to start with.

Using the same old blackmail tactics, Summerfield said if he didn't get the money he would stop a big part of the mail service again.

We therefore had to laugh when we ran across this motto recently of the U. S. Postal Service: "Not snow nor rain nor heat nor gloom of night stays these couriers from the swift completion of their appointed rounds."

Cox, by this time, was on his feet. He too had a statement to make. He said the check was held up at Bennett's request so that he (Bennett) could check and make sure it was for the correct amount.

Further questioning showed that a receipt for the money paid was not issued until the check was cashed. Cox was asked several times if he had not been asked to write the receipt before the farmer before that date. He said he had not.

Cox then said he just wouldn't take any more checks except cashier checks if he was going to be responsible for all of them. Nuessele said he wouldn't be responsible if he would cash them when he got them. Cox shot back that he held up the check on the authority of Commissioner Bennett. Nuessele replied that wasn't enough authority, he should have approved such action before the farmer before that date.

The treasurer then turned his eyes on O'Brien, suggesting that in the future he make out any checks he writes (he wrote the one in question for the farmer) to the correct fund instead of the county treasurer. O'Brien didn't want any of the argument. He said he couldn't even remember how he happened to write out the check.

"The man simply asked me to write out a check for him and I did," he said.

Finally Bennett said he would go see the farmer and see if he wouldn't be willing to pay the county what he owed. That left the matter standing at that point.
