Winners Named In Eastland Tournament

Tommy Warford Flight Champ At Eastland

EDITOR'S NOTE: Tommy Warford, Ranger High School Junior, who was champion of the first flight in the Eastland Golf Club Tournament which ended Sunday, was playing in the tournament strictly for fun and practice and did not accept a prize, according to his coach, Boone Yarbrough.

By winning his flight, Tommy became eligible for a set of matched irons offered as a prize, but turned them down. To have accepted them would have jeopardized his future standing as a high school athlete and an amateur.

Bill Carlson of Abilene mixed in just enough birdies with his par golf to hand Frank Freer of Fort Worth a 4 and 2 setback Sunday afternoon to cap the seventh annual Lakeside Country Club golf tournament championship.

Carlson's sub-par game was a fine climax to one of the club's best tournaments. The Abilene Christian-College golfer did it the hard way, too. He started off by defeating Douglas Newton of Del Rio, who was tournament medalist, 4 and 3. Then he downed O. B. Poole of Del Rio 1-up on the 20th hole after a nip and tuck battle all the way. In the semi-finals he again won 1-up, this time downing

Floyd Pearson of Breckenridge. Freer got the finals by beating Don Doyle of Eastland 1-up, Punk Conby of Odessa 2 and 1 and state schoolboy champion Randy Petri of Austin, the tourney favorite, 3 and 2.

Carlson collected a pair on the first hole to put Freer three down, but the Fort Worth golfer played even then until the ninth hole and sunk a 12 foot putt to pull within two holes of the champion at the end of the front nine.

Carlson won the 16th green he patched him off as he drove the 285-yard green and trickled up within inches of the cup for a genuine birdie two.

Dudley Krueger of Austin won the championship consolation trophy by downing Doyle 1-up in the finals.

First flight champion was Ranger's Tommy Warford. The high school golfer played outstanding golf all the way and downed Ralph Glenn of Cisco 3 and 2 in the finals. In first round play Warford beat Charles Collins of Eastland 2 and 1, polished off Lonnie Temple of Alaska 2 and 1 in the second round, then downed Walter Dixon of Fort Worth 2 and 1 in the semi-finals.

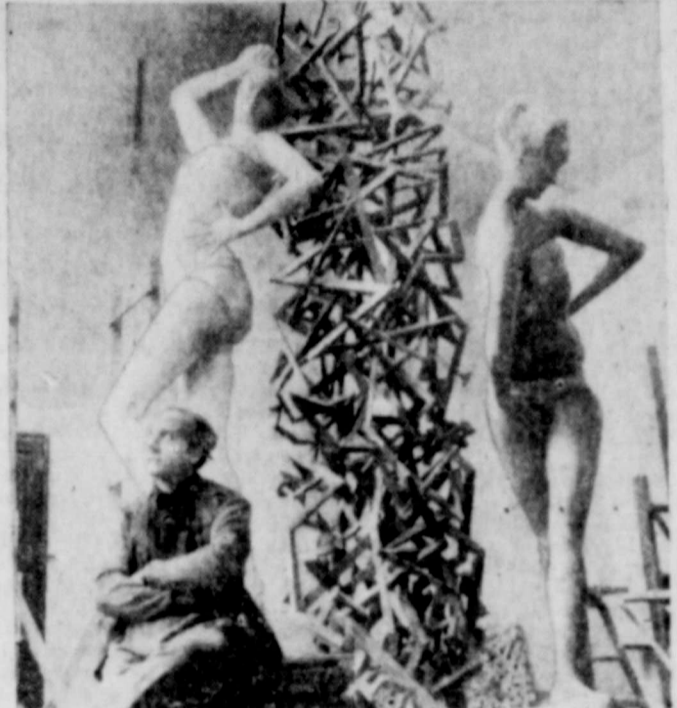

Ray Anderson of Breckenridge defeated Byron McClellan of Gatesville 3 and 2 for the consolation championship in first round play. Perry Seaborn of Fort Worth took out Carl Hall of Jacksboro 1-up for second flight championship honors. Seaborn defeated I. C. Threatt of Venezuela 4 and 3 in first round play, downed Bill Forney of Coleman 6 and 5 in the second round and took out E. K. Henderson of Eastland 2 and 1 to gain the finals.

Second flight consolation winner was Bobby Schroyer of Stephenville. He beat John Dyer of Abilene 4 and 3 for the honors.

Third champion was J. P. McMahon of Stephenville. Runner-up was Britt Phippen of Cisco who defeated McMahon 4 and 3 in the finals. McMahon beat H. C. Gauge of Tulsa 3 and 2 in first round play, defeated Jack Page of Cisco 1-up in 20 holes in second round play and took out Joe Stephens 4 and 3 in the semi-finals.

Consolation winner in the third flight was Larry Knight of Breckenridge, who defeated Earl Long of Dallas 2-up.

WHAT IS IT?—All you cultured people who appreciate the finer things of life such as abstract, modern art, kindly take a look at that pile of junk in the middle of the picture above and see if you can figure out what the Italian sculptor Emilio Greco, shown with it, is trying to get over to you. We don't know what it's made out of but it weighs 1 1/2 tons. It is easy to figure out the two realistic dancers, carved from marble, and that other thing, it says here, is a "typewriter."

Teen-Age Dodgers Beat Red Caps 3-1 Under New Lights

Just a whole big lot of Ranger people had a whale of a good time Monday night watching a "big league" ball game at the new Pony League Park when the Dodgers beat the Red Caps in a hard fought 3-1 scrap that saw some real ball playing.

GI War Orphans School Program Gets Under Way

More than 3,000 sons and daughters of deceased war veterans attended class this past school year under the eight-month-old War Orphans Education Program.

Giants	7	2	.777	-
Dodgers	6	3	.666	1
Indians	5	4	.555	2
Yankees	0	9	.000	7

In a couple of games that were marred by far too much apparent rough stuff such as throwing at the batter, sliding into basemen for no reason and being too careless with baseball bats, the second place Dodgers beat the league-leading Giants 11-10 Tuesday night to cut the Giant lead to one game, while the third place Indians trimmed the winless Yankees 9-4 and moved to within two games of the Giants.

A great deal of criticism about the rough play was heard after the game, whether the roughness was accidental or on purpose. If accidental, as it perhaps was, it is an element that has no place whatsoever in Little League baseball and should be eliminated if it means benching the offenders.

Standers and Lockwood pitched for the Giants with Peterson and Pounds hurling for the Dodgers. Yankee pitchers were T. Townsen and Huerta, and Indian pitchers were Santos and Owens.

Box score of the Giant-Dodger game is as follows:

Residents Ponder New Summer Water Rates

Gasoline Price War Covers All Hi-Way 80

The gasoline price war that has been noted in Ranger and Eastland for the past several days is being waged the full length of U. S. Highway 80.

The editor of the Times drove 200 miles into East Texas Sunday and noted that the further east he got the lower gasoline prices became.

Prices around Eastland county for the better brands of fuel are around 26.9 and 27.9 cents per gallon for regular grades and a little higher for ethyl. In the Dallas area such grades as Humble regular were selling Sunday for 24 cents. Station operators said that in deep East Texas the prices on regular grades dropped to as low as 22 cents at many stations.

The war is going on in spite of the fact that three major companies, Gulf, Sinclair and Continental, have all announced an increase in prices at the refinery. All other major companies are expected to follow suit as the price advance is said to be the result of recent wage advances.

It has not been determined at just exactly what spot on Highway 80 the price-cutting began, but it eventually spread in both directions from town to town until the whole length of the Highway from east to west was effected. On other highways, even in the same general section of the country, prices were not effected to any great extent by the price war.

Homer Perry Writes Governor To Boost State

Homer Perry, employee of the Premier Oil Refining Company, has written a letter to Governor Price Daniels urging that the State of Texas adopt an advertising program that will bring more tourists into the region.

Perry noted in his letter that Texas was failing to encourage its most potential dollar harvest, which was the tourist industry. He pointed out that the average family on vacation spends at least \$25 a day at the very least while traveling and staying overnight, and that no other state in the union had as many attractions to advertise as the State of Texas.

In his letter Perry made a list of suggestions for a comprehensive tourist attraction program. He said it would take at least five years in his opinion, for the state to realize a full harvest of tourist dollars, but the right kind of advertising program ought to begin to bear fruit within nine months.

It might be noted that the last legislature made provisions for some such program to be set up, but it has not got under way yet.

Johnson Predicts Defeat for High Interest Rates

Senator Lyndon B. Johnson predicted Sunday in a statewide radio broadcast that efforts to increase interest rates on Rural Electrification and other farm and housing loans will be defeated by Congress.

"The Bureau of the Budget has sent to Congress a bill to require Federal lending agencies to raise interest rates on these loans," he pointed out. "My own opinion is that Congress won't go along with the proposal."

"When we passed the Housing Bill in the Senate recently, we successfully beat down an effort to increase the rate on college housing loans from two and five-eighths per cent to three and one-half per cent. This is an indication of the feeling of Congress."

Nearly everywhere that two or more Ranger citizens got together downtown Monday, they pulled out their pencils and started figuring. What they were figuring and discussing were the new Summer Water Rates announced Sunday by the City Commission and which go into effect on July 1 for those who wish to sign up for them.

The only people effected are the so-called "big water users" whose residential water bills were in excess of \$10 a month average for the months of July, August and September last year.

Under the new plan, eligible water users can pay 20 per cent more this year than their average bill for the three months last year, and use all the water they wish without even having their meters read.

If a person's average bill was \$15 a month last year for the months of July, August and September, he would be allowed to pay 20 per cent more, or \$3 per month, making his total bill \$18 a month, and have unlimited use of water. On top of that, however, would be his regular sewer charge of 75c, and his regular sanitary charge of 50c per month.

All in all, residents thought it was a good thing and nobody had any kicks at all to offer. It was generally agreed that 20 per cent more was fair enough for an unlimited amount of water, but the big, overriding question was: Is it going to keep raining, or is it going to stop?

One man, whose water bill averaged about \$18 a month last year, figured it this way: He said last year it actually took \$18 worth of water to keep his plants and shrubs and lawns growing and looking nice because there was no rain at all, more. He said this year, if it was going to rain, he might not even need \$10 worth of water to accomplish the same thing he did last year with \$18 worth.

Another man pointed out to him that by agreeing to sign up and pay 20 per cent more for unlimited use of water, he would be insuring an extra \$3.60 a month as insurance against no more rain from now on, which would be a pretty good bargain.

So it all gets back to the matter of weather, citizens say. At any rate, the proposition is being given plenty of consideration and several residents have already signed up to take advantage of the new rates. According to City Manager Lester Crossley, it is necessary and required that residents call at the water window at City Hall and arrange for the new rates, and this must be done before July 10. It will be too late after that.

Little League Players To Be Photographed

Notice is hereby given to all Little League baseball players that a photographer will be on the field next Thursday night for the purpose of taking pictures of each team to be run in the Times.

All players are asked to please be present and about fifteen minutes early so as not to be left out of the pictures. It is hoped the pictures can be taken before time for the games to start.

3 Drunks Jailed Saturday Night

Three men, two from Abilene and one from Ranger, were locked up in the city jail Saturday night and charged with drunkenness. One of the men was charged with being drunk in a car. They all paid fines Sunday morning and were released. Otherwise, city officers had a quiet weekend in Ranger.

WHAT'S...

COOKING?

By NORMAN WRIGHT
Virgil Moore, writing in the Eastland Telegram, says there is talk in the county seat now and then, by persons from here and there, about holding another beer election in Eastland County.

Alcohol is the most damnable and cursed stuff ever to come into existence on this planet and not one speck of good ever came from any of it.

Eastland County is close enough to the disgraceful stuff as it is—too close, in fact. There are times when a person can drive his automobile from here to Strawn, or Breckenridge, or Mingo, and see an empty beer can every five or ten feet along the roadside.

Many a time residents of Ranger and Eastland and all other towns around here, for that matter, have gone out in their front lawns early of a morning to find them dumped full of empty beer cans.

Only yesterday morning, Monday, right here on one of the main streets of Ranger, a business man coming to town had to stop and clear the empty whiskey bottles from the street before he could pass in his car.

But that's not it—that's not it at all. Debris alongside the highways, and in the lawns and on the streets, is nothing compared to the debris in a man's soul that is caused by the nasty, filthy stuff.

There was a time in our own life, once, when we decided to see if we couldn't drink all that slop up. There is not one single lot of a thing that anybody can tell us about what comes from drinking liquor. But thank God we had guts enough to quit before it killed us.

You can take every horrible thing going on in this country today and trace it squarely back to the liquor bottle.

Almost 90 per cent of the 40,000 deaths on our highways each year is caused by liquor. All of the teen-age trouble in this land is caused by liquor. If the teen-agers are not actually using it themselves (and a vast majority of them are) they are brought to their present delinquent state because their parents are using it.

Almost all of the robberies and burglaries are caused by liquor. There is seldom a murder committed unless liquor is behind it. Even the wave of hot-checking that is going on over the county is caused by somebody trying to get money to buy liquor.

Liquor is the cause of more broken homes than everything else in the world put together. Enough money is spent on it every year to build a beautiful, brand new air-conditioned school building in every town in America. If the money spent on liquor, and the

We Presume Our 450 Men Dead Because Reds Deny Holding Them

The State and Defense departments say that the 450 Americans, missing in Korea and known to have been taken prisoner, are presumed to be dead.

It may be true that there has been no recent evidence that any of them are alive. But the only evidence we have that they are dead is that the Chinese Reds deny holding them. Gen. Van Fleet says that the Reds still hold 400 of the 3141 Americans missing in Korea, including his son.

Two years ago Washington wore a red face over this issue. A Defense official said "the department did not consider any of the missing men alive. That statement was based on the fact that the Communists denied holding any of them. In other words, the evidence we had was no good because the Reds, who tell the truth only when it serves their purposes, deny it."

But shortly after that Peiping embarrassed the administration by admitting that it held 15 airmen. We allowed the Reds to blackmail us into the interminable conferences with them in Geneva, at which they have hoped to obtain American recognition, in return for the repatriation of these 15 plus two civilians the government presumed dead.

May the Chinese Reds not now be planning further blackmail? They probably are if in fact any of the 450 men are still alive.

Meanwhile, the President makes his unfortunate remark indicating that he does not preclude this country's reconsidering our embargo policy toward Red China. It is to be hoped that this remark was a slip of the tongue. For how can trade relations be formalized without some sort of diplomatic contacts?

Meanwhile, too, our forces in South Korea are in deadly danger because the Reds, in violation of the armistice terms, have vastly increased their fire power.

The Korean war may have to be fought all over again some day, with our side in approximately as grave a condition of unreadiness as before. And in the meanwhile we supinely accept the fact, whatever it is or was, of the 450 men known to have been taken prisoner by the Reds.

And in this country, if our law enforcement officers and our courts legally and lawfully put a Red in jail, the Supreme Court of the United States will turn him loose.

The Communists have never lost a case before the Supreme Court in this country.

IT'S THE LAW in Texas

A public service feature of the State Bar of Texas

ANCIENT JURORS AND ADVOCATES

Speaking before juries — the beginning of jury trials — goes back to Greek colonies in Sicily about 600 B. C., in lawsuits over lands seized by tyrants.

Soon Athens itself took over such oratory, but appears to have worked out no rules of evidence or judicial control of the trial.

Juries often cheered or booed the parties. They talked together and shouted back to the speakers. What one man knew about the case he told his neighbor.

All evidence could go: Personal knowledge, hearsay, prejudice, and the juror's opinion.

The Athenian jury had power. Each "dicast" (chosen by lot) was both juror and judge. Each juror got one obol a day — about three cents.

Each accused person had to come before the jury personally to defend himself — which was especially hard if he didn't know the art of advocacy, since he was assumed to be guilty.

Indeed, many hold that if Socrates had taken independent advice he would never have offended the boisterous and biased Athenian jury, which sentenced him to the hemlock there on the hillside in 399 B. C.

Less outspoken defendants in those days sought bootleg legal advice.

Antiphon (415) ghost-wrote and sold briefs to clients who had to put their own cases to the jury. He set out four steps of an Athenian trial: (1) the accuser's charge, (2) the accused's reply, (3) the accuser's reply, and (4) the accused's response.

Afterwards the jury let the accused off or found him guilty. The jury sentenced the guilty then and there, allowing some — Socrates, for one — to propose their own penalties and even to bid them upward if they failed to please the jury.

After the trial, the speakers (or in Socrates' case, his friend Plato) often worked their talks over, and sent them out for friends to admire or criticize.

What appeals were used to win the jury over? Pretty much the same ones we hear today. Aristotle listed a few:

The values the jurors shared with the speaker — reverence for justice, the law, and the city's founding fathers; the sanctity of the juror's oath; the verdict's effect upon public and foreign opinion, and sometimes upon women and youth.

(This column, prepared by the State Bar of Texas, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

It Wasn't Your Fault—

... that the party with whom you are dealing to buy real estate did not get an abstract but it will be your fault if you trade with him without an abstract. What about the title? One authority on titles puts it this way: "Titles were good yesterday, only fair today, but worse tomorrow." Better get an abstract when you buy real estate of any kind. It's safer, more business-like and a sure sign of good judgment.

cost of the damages resulting from it, could all be put into one big cash pot, it would not take but a very short while to pay off the entire National debt.
People who advocate the selling of beer in a county always argue that it's good for business. Well, maybe so, as far as a few immediate nickels and dimes are concerned for a few people. But how anybody could stand up and say that liquor is good for anything is more than we will ever be able to under-

stand.
As far as nickels and dimes are concerned, we don't suppose there is a type of business in the country that would get more out of it than the newspapers, because of the advertising revenue.
But, as far as this newspaper is concerned, liquor advocates don't know what a fight is until they try us, a former old drinking buddy, just once on a beer election.

Brucellosis Law To Be Talked At Meet Tonight

Tonight at 8:00 o'clock is the time set for Eastland County Dairymen to meet at the Community Club House in Ranger to hear the Brucellosis Law discussed and explained by Dr. C. M. Patterson of the A&M College Extension Service.

County Agent J. M. Cooper has also invited county agents and dairymen from Palo Pinto, Erath, Stephens, Shackelford, Brown and Comanche Counties to be here for the meeting, which was called at the request of dairymen, themselves, who wanted further information about the law which goes into effect in about 14 months. Dairymen who are not operating under the law when it goes into effect will be closed down, it is said.

Coldest June 24 Is Recorded Mon.

Following the summer "norther" which hit Texas Sunday, the Dallas weather bureau recorded the coldest June 24 on record Monday morning when the thermometer dropped to 64.

The norther blew into Texas from the northeast about high noon in the eastern part of the state and spread rapidly to the west and south. Some sections of the state experienced high wind damage but nowhere did rain measure more than an inch Sunday.

Ranger had 20-inches, and some parts of the county had none.

Coach Tom Hestland. A partial list of the Rams roster includes Fred McDonald, Bobby Fron, Charles White, Jerry Wilson, Homer Montgomery, Sam Owens and Jerry Anderson. These kids have a game tonight, Tuesday, against Eastland, beginning at 8 o'clock.

Wendell Holbrook is chief umpire, and David D. Pickrell is general manager of the whole thing who has worked tirelessly in building the ball park and organizing the teams.

An invitation is still open for all 13 and 14 year old boys, and all 15 and 16 year old boys to go out to the park any night the kids are playing or working out and they will be given a place on one of the rosters.

A full schedule of games has been arranged for the entire summer, and one of the nicest ball parks in the county has been completed including the floodlights, the backstop, dugouts for both teams, foul line fences and a grandstand. The Coca Cola Company is working now on a new score board which will be given the Pony League.

The kids in the Pony League age group are all graduates of the Little League and are real ball players, and furnish plenty of entertainment and excitement for those who go out to watch them play.

Last Rites Are Held Monday for Sidney Arther

Funeral services were held Monday at 3 p.m. at Hamner Funeral Chapel for Sidney J. Arther, 47, who died Saturday following a heart attack.

Rev. Harvey Kimbler, Rev. Mart Agnew and Rev. Lee Fields officiated at the service and interment was in Eastland Cemetery.

Mr. Arther has owned and operated a grocery store here for a number of years until bad health forced him to retire earlier this year.

Survivors include his wife; two children, Wanda and Knicky; his parents, Mr. and Mrs. Sid Arther Sr., three brothers, J. E. (Tip)

Tommy Warford-

Rodney Stephens of Eastland in the finals of the fourth flight 3 and 2. He gained the finals by beating C. J. Mantooth of Abilene by default, H. O. Anderson of Cisco 3 and 2 in second round play and Jim Smith of Eastland 4 and 2 in the semi-finals.

Consolation winner in the fourth flight was Buddy Haun of Eastland, who defeated Bob King of Eastland 1-up.

Fifth flight was John Powell of Eastland. He took out H. R. Jeffries of Baird 2-up in the finals. Powell downed Virgil Moore in first round play 6 and 5, took out Jack Chamberlain Jr. of Eastland 2-up in second round play and defeated Bill Brasher 2-up in the semi-finals. Moore won consolation honors in the flight by edging Charles Yowell of Jacksboro 1-up on the 19th hole.

Ninety-six golfers - six full flights - entered the tourney. Perfect weather, with the exception of a brief shower Sunday morning, aided the success of the meet. Winners in each flight were presented with a full matched set of irons, runner-ups got a set of woods and consolation winners were given golf carts.
