88TH YEAR

PRICE FIVE CENTS

A Small City with Big Industry - A Bright Spot for New Industry

RANGER, TEXAS, SUNDAY, JULY 7, 1957

## Water Rate Offer Expires July 10th

# Wednesday Last Day To Sign for Low Rates

### WHAT'S...

### COOKING?

By NORMAN WRIGHT

Taking a long look at it, Ranger should consider itself one of the luckiest cities in the country as far as Highway 80 is concerned. The theme of the 1957 National Citizens Planning Conference, held recently in Little Rock, was "Main Street - 1969". The year 1969 referred to the scheduled completion of the 41,000 mile interstate highway system of which Highway 80 is a part.

Perhaps the most dramatic explanation of what the new highway system will mean was told by Elmer F. Teyan, vice-president of Yale & Towne, who told the conference that America was being "rediscovered".

"In the adventure of rediscovery," he said, "we are finding that there is a land in all parts of our great country where industry can be established and where it can flourish; we are finding that everywhere there are men and women with skill and aptitude for even the most complex industrial tasks. Our systems of communication and transportation have narrowed the expanses of time and space. Nothing is distant any more and all Americans are neighbors."

Mr. Teyan noted that "the continuing dispersal of industry, away from large, concentrated centers" strengthens our defense and security in this atomic age, but even more important is its influence on economic growth. This decentralization, he said, "is equalizing prosperity for all."

The dispersal program of his own company has resulted thus far in three new plants in small towns in Virginia and Tennessee, with others under construction in Arkansas, California and North Carolina, so he should know where of he speaks.

"We found the strength of people," he said, "small town Americans are generous people to work with... We found stability among people in small towns—the stability that comes from nearness to the earth... They are purposeful and direct and proud of their capacities."

But what are OTHER advantages that industrialists look for in seeking new plant sites? Mr. Teyan lists them as: "good transportation, good communications, nearness to raw materials and services, and a strong welcome and spirit of cooperation from officials and civic leaders."

The new Highway 80 will make Ranger's transportation system better than ever and the city is fortunate to be on the new interstate route even if it will, eventually, be missed by a mile or so.

CONSIDER THIS: The Government could just as easily have selected Highway 180 for this interstate network, and then where would Ranger have been? Instead of being slightly missed, the town would have been missed 30 miles or more by "Main Street—1969."

The big upper highway will carry 90 per cent of the traffic, and Ranger is on it. It is towns like Mineral Wells, Breckenridge, Albany, Anson and some of those that are left holding the bag, because they have truly been left off of "Main Street—1969."

Wednesday, July 10, is positively the last day that Ranger Citizens can report to the Water Office and sign up for the new low summer rates that will date back to July 1 for those who sign before the deadline is reached.

Scores of citizens have already signed for the new rates and are having the time of their lives using all the water they want by paying a flat fee of 20 per cent more than their 3-months water bill last year for the months of July, August and September.

Those who wish to sign up for the low rates can report to the water window at City Hall where a clerk will figure their average monthly water bill for the months of July, August and September last year. By increasing that average monthly bill by 20 per cent, it can be determined what

## Summer Band Classes Start Here August 26

The Times is in receipt of a card from High School Band Director Dan Whitaker announcing that the summer marching school for the entire high school band will begin on August 26. Whitaker says "all band students in the Eighth Grade and high school are expected to attend." The director said marching and playing sessions would be held Monday through Friday in order to prepare for the first football game which is September 6.

Right here the Times is stumped by Whitaker's card. It says "A 161 piece band is expected for use this fall." Maybe that should be "61," but it sure as heck says "161." Well good for us!

## Vaughn Leases Haganan Lake Fishing Rights

H. H. Vaughn has announced that he has leased Haganan Lake for fishing rights, and anyone wishing to fish in the lake can secure permits from him at his service station on Highway 80 East.

Vaughn said permits for the season would be \$5 which would permit a man and his entire family to fish in the lake at any time. The \$5 permits are good until May 1, 1958.

Day by day fishing permits are also available at 50 cents per person per day.

Although Ranger merchants and business men will tell you they never will reach the point where they think they have all the business they need, many of them will never-the-less admit that the first half of 1957 has treated them very well indeed.

Nobody has got rich, but merchandise has sold well and many stores have told the Times they have registered substantial gains over last year.

As far as Chief of Police Pop Pounds and other members of the Ranger Police Department are concerned, the Fourth of July was not even just an ordinary day. "Absolutely nothing happened," Chief said. "It was about the longest day I ever spent, sitting around here doing nothing."

The police "blotter" on which entries are made of all arrests and other activities of any 24 hour period, didn't have a scratch on it for July 4.

"Ranger's Future is Our Future" ELLIOTT MTR. CO. (FORD)

the monthly bill will be this year, regardless of the amount of water a person uses. As a matter of fact, those signing up will have unlimited use of water and will not even have their meters read.

Based on \$10 Minimum In order to sign up, a person must have had an average monthly bill of at least \$10 a month last summer during July, August and September. If his bill did not reach \$10 a month, he can assume that it did reach that much and sign up on that basis. By assuming that his bill was \$10 a month, he can add 20 per cent, or \$2, to it, making \$12 a month, and have unlimited use of water, without having his meter read. If a person's bill was \$15 a month, he can add 20 per cent, or \$3, to it, making \$18 a month, and have unlimited use of water, and so on.

The water customer will have to pay his regular sewer and sanitary charges in addition to his water bill, however. They are separate items by themselves, and just happen to be on the water bills. They will have to be paid as usual.

Pleased With Rates Residents who have signed up for the new rates are quite pleased with their bargain, according to what most of them have been heard to say. There is no secret about it, though, the city is having a hard time maintaining pressure at peak periods of the day, especially in the late afternoons, in some sections of town.

The city is also frank to admit that this whole thing is an experiment. It was the desire of the City Commission to come up with a plan whereby water users could keep their lawns and shrubs and flowers alive and beautiful during the worse part of the summer and they have offered what other towns have termed the best water deal in the county.

While the city commissioners made the proposition, they nevertheless look at it in pretty much the same light as "The Lord giveth and the Lord taketh away." If the "no limit" privilege is wantonly abused, somebody might possibly find themselves back on the old rates.

## Jackie Williams Training at Polk

Army Pvt. Jackie R. Williams, 18, son of Mr. and Mrs. Jack Williams, Route 3, Ranger, is receiving eight weeks of basic combat training with the 1st Armored Division at Fort Polk, La., it has been learned here.

Williams is a former student at Ranger High School and is well known to many in this city.

Some of the stores that deal mostly in seasonal goods such as ready-to-wear and clothing have stated that business was steady during the season and merchandise sold readily a regular price. A bright spot with several stores is the fact that what did not sell as well as expected, they have been able to clear out with moderate mark-downs and their inventories are in good shape as they prepare to go into the fall season.

What little merchandise is a seasonable nature that remains is expected to be cleared out this month as store-wide clearances usually begin after the Fourth of July, and several are slated to be announced in Ranger next week.

Stores that deal in heavier lines of merchandise including household furniture and furnishings, refrigerators, room coolers, TV sets, power mowers, boats, motors, and the like, have all reported sales that have been satisfactory. Merchants say they haven't had anything like a boom by any means, but business has been steady.

Another line of business that has picked up in Ranger has been home building, home repair and home remodeling.

One merchant, the manager of a large soft lines department

## Junior Girls Auxiliary Opens At Lueders

Junior Girls Auxiliary camp, which always has one of the largest enrollments of the summer camps, opens at Lueders Baptist Encampment grounds Monday, July 8, and will continue through noon on July 11.

## New Life Mag Features Famous King's Ranch

The new Life magazine coming soon to the news stands features the fabulous King Ranch in Texas with a cover picture of a cattle round-up and a feature length story on the inside under the heading, "The Mighty Ranch of Richard King," and a sub-heading which says, "An American Epic that Started with a Stowaway and Ended in the World's Greatest Cattle Empire."

With several pages of beautiful, full color photographs, and several more pages of text, the magazine tells a story that the movies have always considered too big to film. The story makes mighty good reading, especially for Texans.

Rev. Charles Wood, Camp Pastor at Lueders

Rev. Charles Wood, pastor of the First Baptist Church at Cisco, Texas, theme of the camp will be "Look Unto Me." Activities will include swimming and recreation, handwork, daily worship services and missionary messages, music and other activities.

Mr. Leonard Hartley of Sweetwater, District GA director, will conduct the counselors' clinic; Mrs. George Graham of Abilene, District WMU president, the Beauty Box or Hitch on personal living; Mrs. D. N. Morrison, handwork; Mrs. Nelson Howard, pianist; Rev. C. D. McIntire of Abilene will give some of his chalk drawings; Mrs. Ralph Perkins of Ranger, will direct stunts; Mrs. Ardis Murphy will be life guard; Mrs. C. S. Gibson, camp hostess; Mrs. Oscar Panning, camp nurse and Mrs. Donald Baird, in charge of recreation. Mrs. L. L. Troit, district WMU director is another of the camp personalities.

Junior RA camp will be held the following week, July 15-18; Youth camp, July 22-25, and Music Camp, July 29-August 1.

## 4000 Natives Simply Disappeared!

# Ranger Must Have Spent July 4 In Bed

## Brenda Howton Falls From Speeding Car

Whatever happened to Ranger's 4,000 natives on July 4, 1957, is a good question. To a person out looking for them, to find out how they were spending the holiday, they had simply gone underground and disappeared. Of the 4,000, maybe a hundred was spotted here and there during the Independence Day cessation of activities, acting like vacationers should.

During the early part of the day Thursday, a handful of Rangers were boating and riding water skis on Lake Leon, but as the July sun got higher and hotter and the mercury began to reach the 100-mark motor boats all of a sudden quit popping and the lake was as calm and serene as a lilypond in the park.

Fishermen were few and far between. Some of the more ardent ones gave it a good old college try early in the morning, but quit for three or four reasons, mainly because the fish would not cooperate, not knowing, evidently, that it was a holiday. Also the water was still muddy and the heat was too great to put up with very long. Outdoor picnic parties could be counted on the fingers of one hand.

At one time during the day, Ranger's Main Street was noted to have only one car on it, and that was the police car parked in front of the police station. A person could have fired a cannon loaded with buckshot from the railroad tracks to Montgomery Ward and not touched a thing on Main Street. There was a flurry of cars around the post office early Thursday morning, but they soon left the scene.

Even the Municipal Swimming Pool went begging for customers. At least that is what a check at 5 p.m., showed. At that time of the afternoon, when old Sol was about as hot as he got at any time during the day, only a few splishers were in the pool and a few more sitting around under the trees.

A few people were noted sitting in beach chairs under the trees in their front lawns watching the water sprinklers, reading the newspapers and surrounded with (Continued on Page Four)

## Home Runs Feature Giants Win Thursday

Team	W	L	Pct.	GB
Giants	9	5	.750	2
Dodgers	7	5	.583	2
Yankees	7	11	.385	8

Two mighty home runs by David Lockwood and Jackie Grissom figured prominently in the scoring Thursday night when the league-leading Giants widened their lead in the standings with an 8-2 win over the second place Dodgers.

The Dodgers, which had been only one game behind going into Thursday night's affair, dropped into a tie for second place with the Indians who defeated the Yankees 19-3. Both the Dodgers and the Indians are now two games behind the Giants.

In addition to slugging out his home run for the Giants, Lockwood also did the pitching and went all the way, holding 11 batters to three hits. Jones started for the Dodgers with Peterson relieving in the 5th.

Santos was the starting pitcher for the Indians in their game with the Yankees, with Garcia coming on in the second, and Owens in the third. Huerta started for the Yankees and was relieved by Townzen in the fourth.

Box score for the Giant-Dodger game was as follows:

## Ranger Firemen Tie Eastland In Pump Race

Members of the Ranger Volunteer Fire Department pumping team tied the Eastland pumping team for first place in the pumping race held Tuesday at the quarterly meeting of the North Central Texas Firemen's Ass'n Convention at Mineral Wells.

Ranger was also selected as host city for the next meeting of the Association which will be in October.

Firemen from Ranger, Eastland, C. I. C. O., Breckenridge, Mineral Wells, Gorman, Comanche, Weatherford and Palo Pinto were served a chicken dinner on the roof garden atop the Cray Water Hotel, and transacted quarterly business.

Attending from Ranger were Billy Ewing, Q. V. Raney, Coy Nichols, M. D. Sharp, Clayton Khulman and Doyle Gentry, all members of the pumping team, and also Lem Rushing, Jack Mace, Paul Fonville, L. R. Conn and Lonzo Stephens.

## Mrs. C. E. May, Sr. Breaks Leg July 4

Mrs. C. E. May, Sr., accidentally slipped and fell at her home in Ranger on July 4, breaking her leg. She is in Room 707, Harris Hospital, Fort Worth, where an operation was to be performed this morning, Saturday, for the purpose of putting a pin in the broken bone.

According to her daughter-in-law, Mrs. C. E. May, Jr., the fracture was not a serious one.

Team	W	L	Pct.	GB
Giants	29	9	.761	0
Yankees	16	19	.457	13
Dodgers	16	19	.457	13
Indians	16	19	.457	13

Box score for the Indian-Yankee game was as follows:

Player	AB	R	H	R
Merritt, ss	3	1	4	
Owens, 3b	3	0	2	
Matthews, p	3	1	3	
Santos, p	4	4	4

## Moves to Curb Supreme Court Show Congress Getting Fed Up

Congressional resentment of recent Supreme Court decisions is boiling over, as well it should be. "Something must be done" is heard not only on the street corners all over the nation but in the halls of Congress as well.

And "something" will be done. At the least, there must be legislation to nullify some of the court's recent decisions, such as those opening the FBI files to subversives, hamstringing congressional investigations, and taking away from the states concurrent jurisdiction in many offenses.

The depth of resentment in the legislative branch is reflected in the moves to require justices to be reconfirmed by the Senate every four years, and the even more extreme move in the House to start impeachment proceedings against the entire Supreme Court.

The court had better see the handwriting on the wall and amend its course, and that quickly.

This government is made up of three divisions, the Executive, the Legislative and the Judicial. The Supreme Court has undeniably infringed upon the powers of the other two. Not only that, but it has taken away many rights belonging to the states, as well.

The present Supreme Court is making no effort to rule on what is constitutional and what is not constitutional, which is its sole purpose, but it has set out to amend the constitution by judicial decisions that have no basis in law. The decisions are based on the teachings of modern psychologists and social scientists.

When the present Supreme Court overturned all judicial precedent in the school segregation decision, even reversing all previous decisions of the court, it did not cite law; but it cited modern psychologists, one of whom was a man named Gunnar Myrdal, a Swedish socialist. Another was Theodore Brameld, who had been cited by the Hogue Committee on Un-American Activities as having been a member of 10 organizations declared to be communist. Another was K. B. Clark, a Negro social science expert, employed by the NAACP.

When the Court starts running with that kind of company and hands down decisions like the school segregation decision as a result of it, it is high time to do something drastic if it means firing every last one of the justices and getting a new bunch out and out. And men with experience, we might add.

**INGROWN NAIL HURTING YOU? Immediate Relief!**  
 A few drops of OTC-2000 being dissolved right from the offending cause of ingrown nail. OTC-2000 softens the skin surrounding the nail, allows the nail to be cut and thus prevents further pain and disease. OTC-2000 is available at all drug concerns.

## First Baptist Announcements

Rev. Ralph Perkins of the First Baptist Church invites everyone to attend the church services Sunday. He said, "Members ought to feel a keen sense of responsibility to God for attendance of the worship services."

The pastor will bring a special message on "Purchased Through the Blood," a Lord's supper message. Rev. Perkins said, "Baptists need to know about the fullness of the Lord's supper. Other than Baptists ought to have a clear understanding as to the Baptist position on this Church ordinance."

The Sanctuary Choir under the leadership of J. N. Sutton will bring the special music for the morning worship hour.

Sunday school and Training Union meeting at their regular times and in their regular places will present Bible lessons and Training in Bible living that will enrich the lives of those attending.

The pastor will bring the evening message at 8 p.m. "Transformation" is the theme. The text is 2 Corinthians, 3rd chapter, and the 18th verse.

All are invited to attend and hear the messages, the Gospel Singing, and to enjoy the Christian fellowship.

All the buildings are air-conditioned and the nursery is open, with capable workers in charge of the little ones.

## First Christian Church Services Are Announced

Morning worship services at the First Christian Church are featuring a series of sermons on "Great Chapters in the Bible." The third in this series will be presented Sunday morning as Pastor Barker brings an expository message on the first chapter of Isaiah. At least three purposes lie behind the bringing of this series of messages: 1, to build a new sense of appreciation for the greatness of the word of God; to bring new understanding of some of the Bible's outstanding passages; and 3, to build faith in the God of all grace and glory.

Sunday evening's text is found in Ecclesiastes 12:1-7 with a message entitled, "Remember thy Creator." Evening worship is a simple, faith-building time for singing praises to God and giving heed to His eternal truths. All members and friends are urged to attend.

The pastor observes that, "While vacations are of great benefit to people, no man should ever take a vacation from God. Our need for God in our lives is as great in summer as in winter. His blessings to us come both when the weather is warm and when it is cold. Be faithful to God and to His house always."

## Christian Science

The supremacy and all-power of God—divine Life, Truth, and Love—will be emphasized at Christian Science services this Sunday.

Selections to be read from the Bible in the Lesson-Sermon entitled "God" include the following from Joshua (1:5): "Have not I commanded thee? Be strong and of good courage; be not afraid, neither be thou dismayed; for the Lord thy God is with thee whithersoever thou goest."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read the following (228:25-27): "There is no power apart from God. Omnipotence has all power, and to acknowledge any other power is to dishonor God."

The Golden Text is from Joel (2:27): "Ye shall know that I am in the midst of Israel, and that I am the Lord your God, and none else."

## Nazarene Church Weekly Schedule

The weekly schedule for the Church of the Nazarene, as announced by the pastor, Rev. Bill Vaughn, is as follows: Sunday School, 10 a.m. Morning Worship, 11 a.m.; NYPS, 6:30 p.m.; and Evening Worship, 7:00 p.m.

Prayer meeting is held at 7 each Wednesday evening. Everyone is invited to attend these meetings.

## Training Union Topic Announced

"Miriam, a Leader in Israel," is the theme for the Sunday School lesson at the First Baptist Church this week. The lesson is found in Exodus 15:20-21, and Numbers 12:1-5. It is the story of a people oppressed by the things of this world, yet provided for by the "foresight of the Lord." A history of adventure, faith, and love, it also tells of a mother's love and a daughter's ability to follow the instruction of a Godly mother.

In Training Union for an entire month the "Training Period" will have as a basis of programs, "Christ's Standard of Greatness." The adults will have these topics for their programs:

"The World's Idea of Greatness," "When Jesus Taught Greatness," "The Truly Great," and "Achieving Greatness."

All age groups will have a special program arranged for their particular age level. In T. U. individuals participate. They learn to do by doing.

Everyone is invited to bring his family to Training Union this Sunday night at 7 p.m.

## Church of Christ Sermon Topics Are Announced

"Why Do Men Refuse to Come to Christ?" will be the sermon topic Sunday morning for Robert L. Craig, preacher for the Eastside church of Christ, Strawn Road and Young St. This service will begin at 10:45, preceded by Bible study at 9:45. At the evening service, which will begin at 7:30, the sermon will be the first in a series dealing with "Worship in Spirit and Truth." The part of worship which will be dealt with Sunday evening will be the "Lord's Supper."

The church of Christ is one of few that practices taking the Lord's supper every Lord's day, following the example of Acts 20:7. Why this is done, how it is to be done, and a person's attitude in so doing will all be discussed. Mr. Craig, with the members of the Eastside congregation, invites your presence at any or all of these services.

## Weekly Schedule For St. Rita's Catholic Church

The following is the weekly schedule for St. Rita's Catholic Church:

Holy Mass every Sunday morning at 8 o'clock.

Evening devotions on Sundays at 7 p.m.

Study club for the high school students Wednesday evening at 7 p.m.

Choir practice Wednesday evening at 7:45 p.m.

Study club for the Junior College students Wednesday evening at 8 o'clock.

Religion class for the grade school students at 6:30 p.m. Thursday.

Rev. Fr. Roemans, pastor of St. Rita's Catholic Church, is always available to give information and to explain the Catholic faith to those who want to know more about it. This information is given without any obligation whatsoever and without prejudice against any other religion.

**CARD OF THANKS**

## Church of Christ Announcements

"A Man whom Jesus Couldn't Convert" will be the sermon subject at the 10:45 a.m. worship tomorrow at the Mesquite and Rusk Street Church of Christ. The lesson at the 7:30 p.m. worship will be, "The Three Ages of Religion."

Bible study begins at 9:45 a.m. Midweek Bible Study meets at 7:30 p.m. Wednesday. The public is sincerely urged to visit all services of the Mesquite and Rusk Church.

The minister gives the following thought for the day: "Many people have been led to think that

certain peculiar, happy, joyous, pleasurable feeling is itself religion — and they call it "heartfelt religion." I believe in sincere, heartfelt religion, but that is more than good feelings. We are not saved because we feel good, but rather we should feel good because we know we are saved, by having God's word for it. God cannot lie, whereas our feelings are very deceptive and unreliable.

### Cleaning Care Preserves Linoleum Beauty

BY EDNA MILES

A LINOLEUM floor, contrary to popular opinion, is not indestructible. But it will take a lot of wear and tear, including rough usage from children and pets.

However, it needs the right cleaning methods if it is not to bulge and crack. And it should be waxed to preserve the beauty of its finish.

Don't flood linoleum with water when you wash it. If you use a cleaning product specifically formulated for linoleum, you won't need a lot of water. A once-over wiping with a damp mop cleans the floor evenly and quickly, without rinsing.

Using new mopping equipment takes the strain out of cleaning a linoleum floor. A sponge mop and special cleaner omits rinsing and wiping dry.

### PERSONALS

#### VISITS WITH WALTER DANIELS'

Mr. and Mrs. Clyde Woods of Corpus Christi and Mr. and Mrs. Marvin Hall of Illinois, visited with Mr. and Mrs. Walter Daniels over the holiday.

#### VISITS WITH THE GAFNERS'

Mr. and Mrs. W. H. Pettit and children of Oklahoma City have

been visiting with Mr. and Mrs. O. R. Gafner. They all spent the weekend in Stockdale with Mr. and Mrs. J. A. Adams.

#### LEAVING FOR BALTIMORE

Mrs. C. E. Beck is planning to leave next week for Baltimore, Maryland, to visit with her daughter and son-in-law, Mr. and Mrs. Tommy Woods.

#### FAMILY REUNION

The Angus family reunion was held Thursday, July 4, in the home of Mr. and Mrs. Hershel Angus. Those attending were: Mr. and Mrs. F. C. McMillan and Eddie of

Caddo; Mr. and Mrs. C. W. Woods, of Corpus Christi; Mr. and Mrs. Bill Angus and Larry of El Paso; Mrs. Ben Lewis and Sherry, and Mrs. Elmo Ray and Connie, of Dangerfield; and Mr. and Mrs. Jack Angus and Jimmy, Mr. and Mrs. Will Eyley, Charles Eyley, and Mr. and Mrs. Walter Daniels, all of Ranger.

#### VISIT FROM ASPERMONT

Mr. and Mrs. Lionel Croom and daughters, Sandra and Faye of Aspermont, visited Wednesday with Mr. and Mrs. H. C. Croom and Mr. and Mrs. R. N. Nixon.

PAGE FOUR

### Ranger's July 4—

(Continued from Page One)

ice water pitchers. Highway 80 was almost as deserted as Main Street. Cars were neither going nor coming from any direction except in small driplets and the occupants inside them looked like they wished they were somewhere else, and would be glad when they got there.

When questioned about where they were and what they did on the Fourth, Ranger business men who are members of the early morning coffee crowd, said they stayed at home by the air conditioner.

That just about sums up what most everybody else did, evidently, because there were fewer Ranger people seen in circulation Thursday than has been noticed around here in many a day.

### Zemo Great for Minor Burns, Cuts

Zemo, a doctor's formula, liquid or ointment, soothes, helps heal minor burns, cuts, bruises. Family antiseptic, eases itch of surface sores, eczema, teen-age pimples, athlete's foot. Stops scratching, so aids faster healing. For stubborn cases, get Extra Strength Zemo.

### Warning: Green Grass Will Burn In All This Heat

Ranger residents are warned that all this high grass in some of the ditches and alleys around town will burn like powder if a match is put to it.

This fact was discovered this week by workers on the T&P tracks in Ranger. Although the fire was set on purpose and the workers were fully prepared for all emergencies and able to control any serious outbreak, the grass burned like a powder train.

The terrific heat of the past two weeks has dried out the grass and made it crisp and brittle, and regardless of how green it looks, fire is something to keep away from it.

#### FOR ATHLETES FOOT

Use T-4-L for 3 to 5 days. Watch the old tainted skin slough off leaving healthy, hard skin. If not pleased with powerful, instant-drying T-4-L, your 40¢ back at any drug store. Today at Swaney's Pharmacy.

### NO-COOKING TRIUMPH Magic Cream Cheese Pie

If you want a taste-tempting, appetite-filling dessert, try this cream cheese pie made with sweetened condensed milk and strawberries. The filling needs no cooking. As it is delicious in a crumb crust that needs no cooking, it is a real treat to the cook on a hot day.

It takes only a few simple steps to make this luscious filling. Add lemon juice to the 15-ounce can of sweetened condensed milk and watch it thicken as you stir it in. Beat a package of cream cheese until smooth. Add two egg yolks and then the strawberries to the cream cheese. And finally combine the fruit-cream mixture with the lemon juice-sweetened condensed milk mixture.

Top the pie with a meringue made of the two remaining egg whites and brown. Or, if you want to keep the no-cooking record straight, top it with whipped cream and save the egg whites for tomorrow.

This recipe is just as successful using 12½ pints of strawberries.

#### MAGIC BERRY CREAM CHEESE PIE

- 1 baked 9-inch pastry shell or Graham cracker crust
- 1 1/2 cups (15-oz. can) sweetened condensed milk
- 1 cup lemon juice
- 1 package (1 lb.) cream cheese
- 2 eggs separated
- 1 cup fresh sliced strawberries or raspberries
- 1/2 teaspoon cream of tartar, if desired
- 4 tablespoons sugar

Put sweetened condensed milk and lemon juice into mixing bowl; stir until mixture thickens. Beat cream cheese, softened at room temperature, until smooth. Add one egg yolk at a time, beating well after each addition. Add fruit and mix well. Fold the cream fruit mixture into sweetened condensed milk mixture. Put into baked pastry shell or crumb crust. For meringue, add cream of tartar to egg whites; beat until almost stiff enough to hold a peak. Add sugar gradually, beating until meringue is stiff and shiny. Beat on dry. Fill lightly on pie filling. Bake in slow oven (325°F.) until lightly browned, about 15 minutes. Cool.

### Farmers Advised To Take A Break Like Everybody

College Station, A "break" in morning and afternoon hours is as important to farmers as it is to city workers, according to the Texas Farm and Ranch Safety Council. In fact, these "breaks" in work routine can prove especially important, for they reduce the possibility of accidental deaths and injuries as well as improving work efficiency.

The farmer who just can't spare the 10 or 15 minutes required to get off the tractor, walk around or maybe have a snack or something to drink, should be reminded that recent accident studies indicate that the highest percentage of farm work accidents occur during the late morning and mid-afternoon hours.

Farm wives can serve as break reminders to their husbands by packing a mid-morning and mid-afternoon snack and taking it to the field.

This break can also provide mothers an excellent opportunity to take children to the field to watch father operate the dangerous machines that they sometimes find such fascinating "playthings." This may satisfy the children's curiosity and make a much anticipated event in the daily life of the youngsters.

So, why not follow the advice of the Texas Farm and Ranch Safety Council and take time out for a mid-morning and mid-afternoon break? It can pay off in safety, pleasure and efficiency.

#### ATTENDING REUNION

Mrs. A. L. Anable is attending the Hayes reunion in Mt. Pleasant this weekend.

#### VISITS IN FORT WORTH

Mrs. Frana Ames visited in Fort Worth with Mr. and Mrs. Barker and Mrs. Compton recently.

#### ATTEND THE CHURCH OF YOUR CHOICE SUNDAY

### Letters To Editor

Editor Ranger Times  
Ranger, Texas  
Dear Sir:

Reading your "What's Cooking" Column of June 20th regarding the Supreme Court, I wish to say that you are so right. I believe it was FDR who said it just wouldn't be cricket to appoint men smarter than yourself to positions of influence. We will have to admit that in Roosevelt's case it didn't present very much of a problem because he was just naturally a bit smarter than most of them.

However, in the case of Harry, we thought it was impossible to find anybody second rate to him and we had always supposed that he was scraping the bottom of the barrel when he made his appointments to the Court.

But now Ike has gone him one better because at least one of his appointees, the chief justice, came not from the bottom of the barrel, but from under the barrel.

We have known for years that it was standard operating procedure for some politicians to appoint second rate men to fill their political posts, but we never thought it would come to this.
