

County School Committee In Area Meet

See What We Mean?

By RAY SWINDELL

IN CASE no one has told you, and we seriously doubt that, it is income tax time again. Disgusting as it may seem, you must file those returns. Your uncle, bless his heart, will bless a handful of us and will give some refunds.

AND, the old chap will take a little more from a few of us. And one fellow—Uncle Sam—can get blood from a turnip and he does.

BUT regardless whether he gets blood from you or not, you must file a return.

AND, should you fail to file that return, you may be returning a file that someone slipped to you behind bars.

THIS income tax routine causes more headaches each year than the wife wanting a new car. But, like the new car, the returns are necessary. Or should we have said it: but like the returns, the new car is necessary. In any event, both are necessary when my wife and the uncle say so.

IF you wind up the year owing the uncle, he merely sends you one statement, waits one month, and if he does not receive his money, he sends the state police after you. But it all boils down to something good.

WILL ROGERS had the right idea when he said something to the effect that he knew of no government that offered so much for so little to its citizens. The old chap was right. His expensive, that's for sure.

—Jrs—
This is March of Dimes Month. The publicity for the 1958 March of Dimes is based on the theme "Survival is Not Enough." The why of such a theme is fairly obvious.

Imagine survival in an iron lung, or just a form in a bed, or in a wheel chair. It may be an effective kind.

It was Roosevelt who coined the words, "the only thing we fear is fear itself." And if you are able to make the people made enough at fear, they will come through with some results. Perhaps that is what is behind the theme of this year's March of Dimes theme.

People seem to move along from day to day without any change. But when something is tossed in front of them that disturbs their daily routine, they get mad. And if the thing is continually tossed in front of them, they will get madder.

Picture a small boy in an iron lung. That is survival.

Dorothy Deans, public relations director of the National Foundation for Infantile Paralysis, in a speech said that "people who are not indifferent to the plight of other people. They care. They want to help. They just don't know how much their help is needed—nor for whom."

Your help is needed, just remember that.

—Jrs—
WE HAVE some tangible evidence that Ranger is growing. Bank deposits are up and more people are using telephones than last year.

AND THE town will continue to grow as long as it has men with progressive thoughts.

WE ARE unable to arrive at any definite figure pertaining to the number of people in Ranger. However, Rip Galloway, chamber of commerce manager, said that there are an estimated 4,500 persons here in Ranger.

AND THAT is a considerable increase over the 1950 census.

Officers of the Eastland County committee to study county school problems and assist the statewide Hale - Aikens committee of 24 will meet with officers from 12 other counties Monday at 7 p.m. in the Abilene high school cafeteria.

Attending the area-wide meeting will be chairmen and aides from Eastland, Callahan, Fisher, Haskell, Jones, Knox, Mitchell, Nolan, Scurry, Shackelford, Stephens, Stonewall and Taylor counties. Proposed studies from each county will be discussed.

The Area 7-B meeting is chiefly an instructional meeting for the individual county chairmen. Mrs. Joseph M. Perkins, Eastland County chairman, said.

Reports from each county are due May 1 in order that the Texas Legislature will have a final report from the state committee by October.

The 55th Legislature created the Hale-Aiken Committee of Twenty-four to make a comprehensive study of the needs of the public school system. The final report will make recommendations in four fields: school program, finance, construction, and teacher supply.

Mrs. L. E. Dudley of Abilene is area chairman. In all there are 24 areas in the state.

Mrs. Perkins said a local meeting would be held after the area meeting, and Eastland County members would get down to serious work.

Mrs. Richard Donovan of Cisco is secretary of the county group and County School Supt. H. R. Garrett serves as consultant. Wendell Siebert of Eastland heads the School Program Committee. Tom Wilson of Eastland is chairman of the Finance Committee; Floyd Killingsworth of Ranger is Teacher Supply Committee chairman and W. C. Browning of Gorman is chairman of the School Construction Committee.

JODIE'S CAFE TO OPEN SEVEN DAYS A WEEK

It was reported in a story earlier in the week in the Times that Jodie's Cafe would remain open only six days a week.

The cafe will be open seven days a week from 6 a.m. until 9 p.m.

WEATHER

Rather mild weather with chilly nights and slowly rising daytime temperatures is in store for Ranger residents today and Friday. Increasing high cloudiness Thursday and Friday. Light south winds Thursday. Mild temperatures Thursday and Friday. High Thursday in the low 60s. Low Thursday night 35-40. High Friday 65-70.

"RED RIVIERA" ON BLACK SEA—The beach at the resort of Golden Sands is part of the dream of a "Red Riviera" on the Black Sea coast near Varna, Bulgaria. Vast sums are being spent by Communist Bulgaria to build the area into a prime tourist attraction. Some 130 hotels are under construction and the resort will boast such capitalist pleasures as gambling casinos and night clubs with Western entertainers.

STONE AGE UP-TO-DATE—Their use almost as old as civilization, stones that become rounded when tumbled in revolving drums to serve as grinding agents are contrasted with a precision nose cone made primarily of basic, stone-like ceramic materials for use in a supersonic missile. The contrast between the ancient and modern was provided at the opening of a research center at Princeton, N.J. It will be devoted to projects affecting forward-looking operations of the nation's ceramic tile industry.

Local Loan Association Sees Increase In 1957

The First Federal Savings and Loan Association of Ranger continues to grow as evident by the financial statement released at the end of 1957.

Assets and liabilities for 1957 show a considerable increase over the 1956 figures according to the statement being mailed to shareholders.

C. E. May, secretary and treasurer, said that the total assets December 31, 1957 were \$864,222.15 compared with \$760,880.80 for the end of 1956. This is an increase of \$103,341.80. May pointed out.

The savings and loan association declares a dividend twice each year and pays two per cent each time in July and December.

First mortgage loans listed in December, 1957 totaled \$727,675.95 compared with the same period for 1956, \$650,470.21. FHA title I and other loans for the same two periods were \$66,408.99 for 1957 and \$51,710.31 for 1956.

Stock in the Federal Home Loan Bank for 1957 totaled \$12,600.09 compared with the previous total of \$10,700.00.

The savings and loan association has an active program designed for 1958, according to its chairman, Dr. M. E. Jolly.

One of the fourteen committees of the chamber working towards a better Ranger, it is composed of four other local persons. They are L. L. Bruce, G. E. Bush, Marjorie Maddocks, and J. A. Bates.

The group works closely with the public schools and the colleges to promote a better relationship between the college, grade, and high school students and the citizens of Ranger.

Bank Deposits Up From Previous Year

Bank deposits in Ranger increased substantially in 1957 over the previous year, according to the statement of financial condition of the Commercial State Bank.

The statement, released December 31, 1957, showed total resources at \$2,663,516.37 compared with \$2,453,122.42 at the same date in 1956 for an increase of \$210,393.95.

The play, under the direction of George Alford, head of the college speech department, will be given in the spring semester. Alford indicated that it would be in February.

First District Game

Winters Downs Bulldogs 56 - 41

The Ranger high school Bulldogs absorbed their first District 7AAA basketball contest in their initial outing from Winters in Winters Tuesday night 56-41.

Despite a last half burst of 31 points, the local crew coached by Harold Barrett, was unable to overtake the strong Winters crew.

Winters took an early first quarter lead with an impressive 15-1 score and never allowed the Bulldogs to come near them.

At half-time, Winters held a comfortable 31-10 lead. But in the final stages of the game, the local

led turned on the steam but were unable to overtake the host team.

Fred Austin, Winters' lead, led in the scoring department among the two teams with 22 points.

David Wharton, continuing his pace this year, led the Bulldogs in scoring with 12 points.

Friday night the cagemen take on their second district foe, Cisco, on the home court. The following Friday, the Bulldogs travel to Balinger.

Cub Pack 34 Schedules Meet For Friday Nite

Cub Scout Pack 34 will hold a pack meeting Friday night, January 10 at 7 p.m. at the First Methodist Church.

All Cub Scouts and their parents are urged to attend this important meeting.

There will be games, stunts, and skits for the pack members.

George Rushton, cubmaster, said that plans for the next six months will be announced at this meeting.

Chamber Education Group Program Listed

Understanding of the chamber of commerce and its function. The articles were written with the cooperation of Wilson Guest, president of the chamber, and Rip Galloway, chamber manager.

The education committee of the Ranger Chamber of Commerce has an active program designed for 1958, according to its chairman, Dr. M. E. Jolly.

One of the fourteen committees of the chamber working towards a better Ranger, it is composed of four other local persons. They are L. L. Bruce, G. E. Bush, Marjorie Maddocks, and J. A. Bates.

The group works closely with the public schools and the colleges to promote a better relationship between the college, grade, and high school students and the citizens of Ranger.

The committee, during official school week, encourages more parents to visit the various schools. It is through the visits, the committee personnel point out, that parents become better acquainted with the educational facilities in Ranger.

Of great importance to the committee is paved streets and curbing at Ranger College. The committee will work with the city commission on an improvement program.

The committee is considering the possibility of having a banquet early in September honoring the faculty of Ranger College, the high school, junior high, and the two elementary schools.

No action has been taken on this yet, but it is hoped that it will materialize by September. Inter-

Real estate decreased two dollars to nine dollars in 1957 from \$11.00.

Warrants, stocks and bonds, and cash and exchange totaled \$1,864,522.32 in 1957 compared with \$1,756,228.32 for the previous year. Broken down, this is how it looked with the 1957 figure given first followed by the 1956 figure: Warrants, \$13,692.48 and \$23,149.26.

Stocks and bonds, \$1,134,771.01 and \$1,141,771.01.

Cash and exchange, \$729,988.83 and \$591,308.05.

Liabilities of capital stock and surplus remained the same in 1956 and 1957 at \$50,000.00.

Undivided profits in 1956 totaled \$108,586.82 compared with \$11,691.75 for the past year.

Deposits totaled \$2,404,416.72 in 1957 and \$2,209,040.75 in the previous year.

Reserves in 1957 were \$47,408.90 compared with the 1956 total of \$35,495.87.

Postponement was made necessary by the pressure of term papers and impending examinations.

This play, under the direction of George Alford, head of the college speech department, will be given in the spring semester.

Alford indicated that it would be in February.

Utility Meters Show Increase

A minor but noticeable increase in population in Ranger was noted during the past year as this small West Texas town continued to grow.

According to figures arrived at through the number of utility connections in Ranger, an increase has been noted here for the past several years. Increases were also noted in bank deposits and assets of the First Federal Savings and Loan Association of Ranger.

Rangers In Action Thursday Night

The Ranger College Rangers resume their basketball activity here tonight with a non-conference contest with the Midwestern University freshmen.

Without in five outings this year, the Rangers have two other non-conference games set, one a return match with Midwestern University. The final non-conference tilt will be with Cisco Junior College in Cisco.

The cagemen of Roy Barrett will be competing for the last time in the Pioneer Conference. Next year, they will enter the Texas Conference.

The first Pioneer Conference game is set for January 11 with Tarleton State at Stephenville.

Second largest increase noted was in water meters in use in Ranger. At the close of 1957, there were 1,375 meters being read each month compared with 1,368 for 1956.

The number of light meters in use in Ranger increased three over the past year. There were 1,618 at the end of 1956 compared with 1,621 for 1957.

Lane Star Gas Company showed a decrease in the number of meters in use in Ranger in 1957. The 1957 total was 1,344 compared with 1,376 for the previous year.

The population figure arrived at through this method is not in any way conclusive. Most estimates of the population of Ranger, place the figure at 4,500.

It might be pointed out that some of the meters in use are on the outside of the city limits.

But, nevertheless, there has been an increase in population in Ranger.

"The game of love is never called on account of darkness."

C-C Directors In Meeting Tuesday Nite

The Ranger Chamber of Commerce, in its first 1958 meeting, Tuesday night, heard committee reports and made assignments to different other committees.

In making the assignments, Wilson Guest, president of the chamber, urged each committee to hold a meeting prior to the February meeting of the chamber directors and chairmen of each group.

The group voted that the February meet would be a joint affair with the directors and committeemen and chairmen. This meeting will be held February 4 at 7:30 p.m. Plans are being made to hold the meeting at the Ranger College cafeteria.

Guest told the group that one way to build Ranger was to make the people here talk Ranger; for the people to take an optimistic outlook on life here.

Present at the meeting were Guest, Morris George, Charles Milliken, Archie Robinson, F. E. Brashear, James Ratliff, T. C. Wylie, Virgil Elliott, T. J. Anderson, Dr. M. E. Jolly, Dave Dickson, Dr. W. F. Watkins, Ray L. Davis, Joe Dennis, and E. V. Galloway, chamber manager.

SCHOOL HEAD IN AUSTIN MEET

H. R. "Pop" Garrett, Eastland County school superintendent, is serving on the Conference Evaluation Committee under the leadership of Dr. Morris Wallace of Texas Technological College as chairman.

The School Administrators Advisory Conference on Education, which started yesterday, will continue through Friday. It is being held in Austin.

Paul Brashear to Seek Re-Election

Paul Brashear today authorized this newspaper to announce that he would be a candidate for re-election as state representative of the 76th District.

Brashear is seeking a third term as representative of Eastland, Callahan and Shackelford counties. A native of this region, Brashear is in the insurance business in Cisco. He recently resigned as manager of the Chamber of Commerce.

Brashear said he will issue a formal statement at a later date.

Let us measure your insurance needs

Insurance has become more of a science than it was years ago. There are more kinds of protection now, and there are combinations of policies that can be made—often at a great saving.

There are new protections that you may not know about. Your insurance against many possible disasters may now be inadequate, in view of increased replacement costs of property. Even damage suits are bigger now.

Let us survey fully your current needs for protection against fire, wind, theft, embezzlement, accidents, damage suits, interruption of business and other risks.

I GIVE YOU TEXAS

By BOYCE HOUSE

We hear some man say, "I'm a made man." I don't believe there is any such person. Unless we were left orphans in infancy, we all owe much to our parents for their care and love. Then we are indebted to grandparents, uncles and aunts. And to school teachers and to ministers and to doctors. We owe a debt of gratitude to society for providing schools, libraries and parks. And there are many people who do things for us just for the

pleasure of it. Maybe it's only a handshake and a word of encouragement when you were blue and about to give up; perhaps it is a loan at a timely time; or suggesting your name to someone who is looking for someone for a job. When I was a senior in Central High School in Memphis, Tenn., I obtained a job on a statistical daily, after school hours and on Saturdays. I copied the births and deaths, marriage licenses, building permits and listed new lawsuits—all this information was obtained in various offices in the Courthouse. Then I visited the nearby offices of three justices of the peace to list their newly-filed cases. Half a dozen blocks away was the fire station where I copied a report of each fire of the previous 24 hours.

Then I was through except for visiting the hotels—the Chisca, the Gayoso, the Peabody, the Gaston and the Fransioli—and copying the names of all the new arrivals. For doing this—the rounds consumed several hours daily—I received \$5 a week, which figured out less than a dollar a day. But this was much more than it sounds like now—in purchasing power it would likely equal \$20 a week today. Mr. Rowe was the publisher. He was short and fat, with a stubbly red mustache, and he moved about

nervously all the time. He would talk fast, stop in the middle of a sentence—then start a new sentence. I was always afraid he was going to fire me, and so I would hesitate to approach him for my "salary." When I did, he would count out five one-dollar bills. But one day he counted out six. He said, in his disjointed form of sentence, "Your work is—so—a raise." The job did not call for actual writing but it was the next thing to being a reporter for it brought me into contact with public offices, which were news sources, and with the atmosphere of clicking linotype mats and the rumble of a cylinder press. Soon after getting my high school diploma, I got a job on the Commercial Appeal as a reporter. But I might not ever have be-

come a full-fledged newspaperman had it not been for that apprenticeship on the Daily Recorder. And I don't even know who suggested my name to Mr. Rowe for the job. Even if one doesn't achieve much success, he would not have achieved even that much if someone—yes, lots of someones—hadn't helped. IN AUSTIN HOSPITAL Mrs. C. D. Wood of Austin, formerly of Ranger, is in St. David's Hospital, room No. 205, after having major surgery Thursday.

Pickle Curry Sauce Livens Rock Lobster Tails

BY DOROTHY MADDOX.

Now is the season for parties and new ways of serving good food. The tang and flavor of pickles in special sauces for fish and sea food is something to be happy about.

So take a look at these recipes and see if they don't appeal to you. Wonderful with boiled or broiled South African lobster tails which are available in the frozen food case of your local supermarket.

Pickle Curry Sauce (about 1 cup)
One half cup butter or margarine, 1/4 cup sweet pickle liquid, 1/4 cup chopped sweet mixed pickles, 1 teaspoon curry powder.

Combine all ingredients. Cook over low heat for 10 minutes, stirring occasionally. Serve over hot lobster tails.

Pickle Hollandaise Sauce (about 1 cup)
One 6-ounce bottle prepared Hollandaise sauce, 2 tablespoons sweet pickle liquid, 1/4 cup chopped sweet gherkins, 1 teaspoon grated onion, 1 teaspoon prepared horseradish.

Combine all ingredients. Heat

Whether boiled or broiled, rock lobster tails taste twice as good when flavored with pickle curry sauce.

To serving temperature over low heat, stirring constantly. Serve with lobster tails or boiled white fish.

Pickle Tomato Sauce (about 1 1/4 cups)
One 8-ounce can tomato sauce,

1/2 cup pickle liquid, 1/4 cup chopped dill pickles, 1 tablespoon sugar, 1/2 teaspoon salt.

Combine all ingredients. Cook over low heat 10 minutes, stirring constantly. Serve with lobster, shrimp or boiled or broiled fish.

New-Fashioned Welsh Rabbit

Here's a recipe that's destined to make smart cooks famous—Welsh Rabbit Pie. Like the famous Welsh Rabbit that's traditionally served in an "au gratin" dish with toast points, it combines cheddar cheese with ale or beer and zesty seasonings. But, unlike the historic version, it's baked in a pastry shell.

Served in pie-sized wedges with an accompanying green salad, it's ideal for an informal luncheon or supper menu. In thin slices, it's perfect as a pre-dinner appetizer or late-evening snack. In either case, beer is the obvious and best beverage choice.

Welsh Rabbit Pie

1 9-inch unbaked pastry shell 1/2 cup ale or beer
 1 8-ounce package natural 1/2 cup light cream or milk
 Cheddar cheese, grated 1/2 teaspoon salt
 1 tablespoon flour 1/2 teaspoon dry mustard
 3 eggs, lightly beaten Dash of cayenne pepper

Chill pastry shell. Distribute cheese evenly in shell. Sprinkle with flour. Beat together eggs, beer, milk and seasonings. Pour mixture over cheese. Bake at 425 degrees (hot oven) 15 minutes. Reduce heat to 300 degrees and bake 40 minutes longer or until silver knife inserted in center comes out clean. Cut into wedges and serve with ale or beer. Makes 6 main-course or 20 snack-size servings.

AROUND RANGER COLLEGE CAMPUS

By Ranger College Journalism Class

School is slowly settling down to normal on the Ranger College campus after a sixteen-day Christmas vacation. All students and faculty members have returned, though a few were delayed by unusual weather conditions. Judson Hardy, head of the mathematics department, was marooned with his family in Lubbock by the heavy snow, and Gilbert Barnett was unable to return from his home in El Paso because of the snow. Forrest Hall, who lives in Sinton, was delayed by high water conditions in South Texas.

The last day of school before the Christmas holidays began was a festive day, for several classes enjoyed informal coffees. Mr. and Mrs. Lonnie Branam entertained the nine o'clock typing class with a coffee in their home, and the ten o'clock typing class went to El Rancho for coffee. Mrs. Hamrick's Spanish class enjoyed "merienda" at El Rancho. Mr. Hardy's algebra and calculus classes celebrated by working puzzle problems instead of routine problems.

Santa was very generous with some of the good boys and girls on the campus. Jim Baccus and Butch Kalinec have brand-new '58 Fords, and Louis Caviness, Lawrence Clayton, and Forrest Hall came back with new cars. Roger Flowers has a new Hi-Fi set, and many students received new wrist watches. It does pay to be good, so it seems.

The annual staff met Tuesday to select the cover for the "1958 Ranger". Staff members are hard at work preparing layouts to meet their second deadline January 15.

The girls in the dormitory did not have a regular devotional Monday evening, but enjoyed an informal sing-song and popped corn.

Several students traveled long

distances to go home for Christmas. Ronnie McPherson went to San Diego, Calif.; Glenn Schmanke to Topeka, Kansas; Charlotte and Charles Clark to Mosquero, New Mexico; and Gilbert Barnett to El Paso.

Mrs. Price R. Ashton has been in Brownwood this week with her father who is ill with pneumonia.

RECENT GUESTS

Mr. and Mrs. W. W. Jones had as their guests last week Mr. and Mrs. J. L. Jones and Mr. and Mrs. Pat Jones, all of Tulsa, Oklahoma; Mr. and Mrs. O. R. Mills of Grand Prairie; Mr. and Mrs. J. P. Dyson of Stephenville.

Nearly all of the Nimrod 4-H boys and a part of the girls, mothers and sisters took part on a count hunt on the Herman Schaefer and Oliver Harrison farms Saturday night, Dec. 28. Jim Bann, Cross Plains hunter, brought over three of his good coon dogs for the hunt. Three coons were treed, two in hollow trees and one in some rocks. At 11:30 p.m. they retired to the community clubhouse where they had hot dogs, cookies, Fritos, "oter chips and hot coffee. Some of the older folks did not take a part in the hunt.

Sharon DeSham, Dinah Green and Judy Lewis, Kling Star 4-H'ers, are feeding out lambs and looking forward to showing them at the county show and then selling them at the annual auction. The girls seem happy with their projects. They will likely do a good job with the lambs as most girls in the past have done so.

Billy Johnson, son of Mrs. W. T. Johnson of Ranger and a member of the W. B. Baker Jr. High club, is happy with his Sears gift that he won last May by writing an essay on "Why boys are important in Eastland County." His gift is a farrow pig next March. He will return one gilt pig back to the program which in turn will be given to another winner in the contest. This Sears pig program was started in the county in the early 1940's. Over 100 club boys have had pigs in the county in the program.
