

See What We Mean?

By RAY SWINDELL. RIP GALLOWAY, chamber of commerce manager, has devised a rather unique way of viewing the fight on television.

Several days ago we defied convention and read a magazine. The conventional thing, quite obviously, today is to watch television and ignore the thing that makes an "exact man."

The article we read dealt with education and it caused a few thoughts to reverberate through our mind.

American society believes in a democratic education for all of its people. This, we believe, is a clearly fine idealistic idea, but when society refuses to spend some of its "ill-gotten" gains on its educational program and continues to force its children into already crowded schools, then the sanity of the proposal is elusive.

Actually, the principle of mass education is of questionable value but not for to dwell on. However, if society is going to hold to this principle of mass education and if they expect it to work, they are going to have to spend some of those fabulous American dollars.

Some provisions are being enacted to relieve the crowded conditions in schools but they are being put into force slowly. The two facts that America is one of the richest nations, and that its classrooms are inadequate for its school population, just do not seem to fit.

One guesses that politics is the "fitter." And may be entirely right in such a conclusion.

Occasionally we ramble off on some unbiased views on unrelated topics that do not, in any way, concern the people of Ranger. Sometimes it makes for interesting reading, and sometimes, it's just the opposite.

It is obvious that man is a fallible machine. And the inventions and creations of man are all fallible. Consider the automobile; they must be "doctored" at intervals, otherwise they will cease to function.

The airplane is fallible, and the numerous other things created by man are fallible.

AND THE doughnut is a creation of man, or by machinery carried out by man.

Essays Printed In Anthology By Students

Eighteen essays by Ranger high school students have been selected for publication in the 1958 Young America Speaks, an anthology of essays compiled by the National Essay Association.

Submitted by the English students of Mrs. Lillie Robinson, they were selected on the basis of their technique, skill, originality, and readability.

The sun shone dimly through the dark clouds. Through the icy, misty rain I saw an elegant rainbow. Each color matched like the young flowers on a cool summer day.

As I looked at the rainbow, it reminded me of a road to wisdom. Each color representing a different road. At the end of each road the struggling wayfarer shall find success or his "pot of gold."

County Represented At St. Louis Meeting

Turkey growers from every corner of the nation including Eastland County—nearly 4,000 of them—demonstrated a faith in the future of their industry by holding one of the most successful conventions in their 19 years of existence.

Attending the convention from Eastland County were Mr. and Mrs. Don Kincaid, Robert and Alvin Kincaid and Mr. and Mrs. Harry Tibbels.

While official attendance figures are still to be tallied, Federation officials placed it as "close to 4,000"—one of the best attended meetings in NTF history.

The convention officially got underway at noon on Tuesday with a kickoff luncheon to raise \$125,000 for turkey promotion in 1958.

The banquet provided the grand finale for the three-day convalescence. There the retiring president, Trevor L. Jones, Havana, Ill., officially turned over his gavel to the incoming chief, Peter Crafts, Greensboro, N. C.

Coaches Will Be Honored

The annual high school grid banquet, sponsored by the mothers of the football players, will be held Saturday night in the Ranger College cafeteria at 7 p.m.

The banquet will honor the 1957 Bulldogs and the coaching staff, and dates and wives of the coaches.

Held annually in Ranger for the past several years, the mothers of the players prepare the meals.

At the banquet, the outstanding players of the Bulldogs, who copied the District 7AAA title in 1957, will be recognized.

Charles Walford, a 155-pound junior end was named on the second team all-state AA team by the Sportswriters Association.

Robert Vesie, a Bulldog tackle, was picked for the second team in the Allene poll.

Managers of the team to be recognized are Richard Spindell, Dan Lavoie, and Homer Montgomery.

Members of the 1957 Bulldog team are: Lee King, John Perkins, Charles Walford, Jerry Underwood, David Wharton, Wayne Stewart, Jerry Price, Jake Basham, Bert Young.

Patsy Keith, Tommie June Sharpe Winners In Homemaking Contests

Winners of the Betty Crocker Homemakers of Tomorrow contest in two county schools have been named. Patsy Keith score highest on the test. Eastland High School and Tommie June Sharpe ranked tops among Olden High School girls.

They received the highest scores in written examinations on home-making knowledge and attitudes, administered Dec. 2, to senior girls in the graduating classes. Their examination papers will be entered in competition to name this state's candidate for the title of All-American Homemakers of Tomorrow and will also be considered for the runnerup award in the state. For their achievement, they received award pins designed by Trifari of New York.

The national winner in the fourth annual Betty Crocker Search conducted among 327,000 young women in 11,800 of the nation's public, private and parochial high schools will be named April 17 at a banquet in the Waldorf-Astoria Hotel in New York City.

General Mills is sponsor of the program designed to assist schools in education for home and family living. This year's huge entry brings the four-year participation over the million mark. A total of 1,071,000 girls has enrolled in this national home-making project since it was launched in 1953. A total of \$166,000 in scholarships will be awarded this year.

Each State Betty Crocker Homemakers of tomorrow will receive a \$1,500 scholarship and an educational trip with her school advisor to Washington, D. C., colonial Williamsburg, Va., and New York City. A \$500 scholarship will be awarded the second ranking girl in each state. The school of the state winner will receive a set of the Encyclopedia Britannica.

The scholarship of the young woman named All-American

Ranger Garden Club To Sponsor Games Tourney

The civic and budget committees of the Ranger Garden Club in a joint meeting this week voted to sponsor a games tournament to raise funds to purchase draperies for the Community Club House.

The 15 member group set February 11 as the date of the tourney. It will be held in the Community Club House at 2 p.m. Price of admission was set at one dollar per person.

Prizes will be offered to the winners of each respective game. Any type of game ranging from 42 through bridge and canasta will be played.

Refreshments will also be served.

Mrs. A. W. Branda is chairman of the civic committee and Mrs. P. T. Smith is chairman of the budget committee of the Garden Club.

Mrs. R. L. Hamrick is president of the club.

Members of the budget committee are Mmes. A. E. Ernst, F. P. Brashier, Charles Hummel, Robert Allen, P. M. Kuykendall, E. L. McMillan, and Edwin Lumsden.

Civic committee members are Mmes. W. F. Creager, Joe Dennis, J. Floyd Killingsworth, Charles Milliken, James W. Ratliff, and Buck Wallace.

Olden Basketball Teams Post Two Wins Over Carbon

Olden boys and girls swept a pair of basketball wins from visiting Carbon teams Tuesday night. The Olden boys won 74-45 and the girls put a 65-54 victory count in the books.

Eddie Munn was high pointer for the fired-up Olden five, getting 40 points in one of his top performances of the year. Jack Hilliard had 15 points for the night. J. P. Horn got eight, Jerry Colburn 5, Ray Rodgers 4 and Gary Woods 2.

High pointer for the losers was Don Underwood. He had 26 points to his credit.

Wilma Edwards paced the Olden girls, getting 33 points to outshine Carbon's Ann Mangus, who had 26.

The games were first district encounters of the year for both Carbon and Olden.

Fall Semester Ends At Ranger High School

Final examinations for the fall semester started today at Ranger high school and will continue through Friday, according to Charles Garrett, school principal.

Second Baptist, WMU Has Meeting Mon. Afternoon

The WMU of the Second Baptist Church met Monday afternoon at 3:00 for a Royal Service program, "The Golden Door," with Mrs. Bob Wymer, program chairman, in charge.

The meeting was opened with a hymn, "Faith of Our Fathers." Those present repeated the Lord's Prayer in unison. The devotional period was led by Mrs. Charlie Beck and Mrs. E. C. Ward. Mrs. Willie Joyner led a prayer for the missionaries on the "Call to Duty" list for the day.

Those taking part on the program were: Mmes. Carl White, J. D. Nichols, E. L. Scarborough, Roland Goodwin, H. H. Sutton, and F. E. Caraway. After Mrs. Albert Williams read several prayer requests, Mrs. Joe Calder led in prayer. The program was closed by a trio, "Have You Counted the Cost?" Several announcements were made about Focus Week. The meeting was closed with a prayer led by Mrs. Eddie Squiers.

Those present were: Mmes. Clyde Rogers, Beck, Scarborough, Sutton, Caraway, White, Nichols, Wymer, Williams, Calder, Eddie Bush, Goodwin, Joyner, H. F. Duncan, Ward, Verna Hartsfield, Ada Loper, G. P. Rose, Eddie Squiers, E. J. Noh, Bill Ewing, one new member, Mrs. Tommy Brown, and one visitor, Mrs. Lula Maddox.

Ladies Meet for Bible Study

The Ladies of the Merriman Baptist Church met in the home of Mrs. W. S. Vinson Tuesday afternoon at 1:45. Mrs. A. E. Dawson presented the devotional taken from the 26th chapter of Exodus. Mrs. C. J. Cole led the opening prayer.

Refreshments of donuts and coffee were served to Mmes. Jack Walker, G. D. Falls, Cole, Dawson, Ainsworth, J. W. Vinson, and the hostess.

VISITS PARENTS
Mr. and Mrs. Charles Massegue of Abilene visited her parents, Mr. and Mrs. Bob Wymer, over the weekend.

Iced Tea Season Is Any Time You're Thirsty

BY DOROTHY MADDOX

ALMOST everyone likes iced tea. Big pitchers of it are delicious, not only all summer, but right on through the year.

For a quick, delicious, easy-to-prepare meal, assemble a platter of Swiss cheese slices, deviled eggs and cold cuts. Serve with slices of fresh pumpernickel bread. Easy to get together, very easy to eat.

Crisp carrot sticks, radishes, green onions and chilled pickle strips complete this balanced meal.

Here are tested methods of making iced tea in advance, enough for 10 to 12 servings.

Pre-measure 1/2 cup loose tea (or remove tags from 15 teabags). Bring 1 quart of freshly drawn cold water to a full, rolling boil in a saucepan.
Remove from heat and while water is still bubbling, ADD ALL THE TEA AT ONE TIME.
Stir. Brew 5 minutes, uncovered.
Stir and strain into pitcher holding an additional quart of freshly drawn cold water. (Do not refrigerate.)
Serve in ice-filled glasses. Use lemon and sugar to taste.
Note: This recipe can be prepared in half the usual time because it requires boiling only 1/2 quart of water.
Recipe measures loose tea in a cup rather than by "tablespoons," thus assuring accurate measuring. Requires less ice cubes.
WHY DOES TEA CLOUD?
1. Clouding in iced tea is caused by precipitation which occurs when iced tea reaches a certain degree of coldness.
2. Clouding does not impair the flavor or quality of iced tea.
3. Clouding can be removed by adding enough boiling water to restore the crystal clear appearance.
4. Iced tea should not be refrigerated. It will hold its flavor and quality 3 to 4 hours after preparation.

Iced tea is an ideal beverage with which to wash down an enticingly prepared cold-plate buffet meal.

Vonnie Shook Is Honored by Wedding Shower

Miss Vonnie Shook was honored with a wedding shower in the home of Miss Sherry Ann Baker January 7, from 7 until 9 o'clock p.m.

The centerpieces consisted of white stock and carnations, two bluebirds, and a bell of styrofoam, net, and silver glitter, all on a revolving platform.

Refreshments of lemonade, crackers, mints, and nuts were served to the guests.

Rebekah Lodge Has Meeting

The Ranger Rebekah Lodge No. 244 met Tuesday night for a regular business meeting.

Noble Grand, Laura Todd, presided. Sick reports were given. The charter was draped for the past president of the assembly, Mae Hatcher James.

The new pass word was given to those present. Talks were made on the good of the order. The peany prize, furnished by Mrs. Eleanor Horton, was won by Mrs. Sudie Strong.

BACKWARD GLANCE

Once again, we've turned the corner from an old year into a new one.

Before old man 1957 disappears completely from sight, let's take one last look at him. His was a year of continued telephone activity in Ranger and other nearby communities we serve. For that, he at least deserves a tip of the hat from us.

Here, in brief, is his telephone record:

1. Total telephones now in service in Ranger—1492.
2. Average number of local calls a day—6,900.
3. Average number of Long Distance calls a day—321.

To sum it up, folks in Ranger depended on their telephones to do many jobs for them in 1957 and we plan this year to continue offering the kind of service that telephone users here have come to depend on.

QUESTION FOR THE LADIES

How many times did you answer your telephone today? Several times, I'll bet. Chances are, you'll get one or two more calls before the evening's over.

I'll bet, too, you're usually in the kitchen when the phone rings, or when you need to make a call. Sometime, just for fun, count the steps you take going back and forth from the kitchen to the phone. And count the times, too, when you hurry through a conversation because there's something on the stove and you have to get back to keep an eye on it.

A telephone in your kitchen—where you need it most—is just about the handiest "appliance" you can have. You'll be surprised, too, how little it costs to put one in... even if you choose yours in one of the glamorous new decorator colors.

If you'd like more information about how you can have a handy new kitchen phone, just call the telephone business office—and we'll give you complete details.

Call by number. It's twice as fast.

WSCS of First Methodist Church Meets Monday

The WSCS of the First Methodist Church met in regular session Monday, January 13, at the church. Mrs. A. J. Katliff, president, presided over a short business meeting. Mrs. A. W. Brazda led the opening prayer.

The minutes were read by the secretary, Mrs. Gaston Dixon. All officers and circle leaders gave their reports. Communications were also read.

Mrs. Brazda, chairman of social relations work, had charge of the program, "Jesus Christ's Way of Life." Items were given on "The Work of the United Nations and Their Views of Human Rights."

Mrs. James Ellison presented the devotional on "Concentration in Silence." A song, "Near to the Heart of God," was sung. Mrs. Ellison led the closing prayer.

The announcement was made that the Bible study will begin January 22, with Rev. James Ellison teaching. A covered dish supper will be served at 6:30 p.m. on that date.

Start the new year off right—eat a good breakfast every morning.

Two out of three Americans eat too little breakfast. How about you? A good breakfast can prevent that empty, shaky feeling that often hits around 11:00 a.m. when breakfast has been inadequate. A good breakfast pattern goes something like this: fruit, cereal, eggs, toast and beverage. Vary the basic pattern by the kind of fruit, cereal or bread you use and by the way you prepare the eggs.

fruit first is that the acid taste of fruit starts the saliva flowing, thus helping to create an appetite for breakfast. The pulp of fruit as well as the minerals are useful for their laxative effects. Although most fruits are acid, they don't have an acid effect on the body. Instead they help to counteract the other acids of the body. Many fruits, especially citrus fruits, also provide much needed vitamin C.

If you plan breakfast around a cereal, be sure to include milk, meat or eggs, too, in order to get the most from the incomplete protein of cereal. Animal foods contain complete protein.

Keep the menu simple and easy to prepare. Allow time for all family members to eat leisurely and enjoy the meal. An attractive centerpiece and colorful mats or dishes will spark appetites, and add interest to this important meal.

What's the status of health in your family? Could it be improved in 1958? Here is a check that is certain to add to better family health.

Here are the seven important factors: good nutrition, sanitation, regular health examinations, immunization, exercise, rest and recreation, an adequate home health center, and a means of achieving the status of radiant health which is the result of complete physical, social and mental well-being.

An accepted guide for good nutrition is the Texas Food Standard. Mrs. Johnson points out that family attitudes toward food and the enjoyment of meal time are just as important as the kind and amount of food eaten. Sanitation includes a healthful water supply, safe sewage and garbage disposal, cleanliness around the barn and home, as well as clean milk free from bacteria.

Regular health examinations for mother and father as well as the children are one of the most important steps in improving fam-

ARCTIC "LANDING"—Engineers in Marietta, Ga., show how 40-pound block of ice is mounted on outrigger attached to rear of auto and dragged at high speed over section of a plane's fuselage material to determine effect of landings on Arctic ice. ily health. Your family physician can advise about immunization against contagious and infectious diseases. Exercise, rest and recreation is a fifth step. The important thing is to build toward a family attitude which considers rest and recreation as essential to good health and not a waste of time or evidence of laziness.

The sixth step is the maintenance of an adequate home health center. Every family should have supplies, equipment and medicine for the minor illnesses and emergencies that must be cared for at home.

Many physical and mental ailments are rooted in worry, fear, and concern. The seventh step toward achieving a state of radiant health involves "talking out" problems as a family member.

Jack Calloway, Rising Star 4-H Club boy has entered his 700 lb. Hereford steer calf, "Duke", in the Abilene Livestock Show that opened on Jan. 13. "Duke" is a 1-footed scramble calf and will be entered in the Houston show the last of February. He will be sold at auction at the end of that show. Jack is a high school senior who played several positions on the football squad at Twinkle City last fall. "Ray", another calf that Jack is feeding will likely go to the Eastland County show. Jack is the son of Mr. and Mrs. Horace L. Calloway. They live east of R. Star, down near Sipe Springs.

—Don Massingill Baird rodeo scramble calf, "Maverick", graded choice at the Callahan County livestock show at Cross Plains recently. Don has dual membership in the Eastland FFA and the 4-H Club also. He is the son of Mr. and Mrs. Virgil Massingill, Highway 80 East.

Alex Brashear and Charles Best, Ranger 4-H Club boys have lambs they are feeding out as lamb projects. The lambs came from the Terrell Ranch at Staff last October. John Thurman is manager of the ranch. He usually sells a few lambs each year to club boys to feed out. Alex and Charles are neighbors and the boys keep their lambs together in the same pen.

Charles has a dog, "Smokey", that has a lot of curiosity about a stranger and if we remember correctly Mr. Best said that "Smokey's" grandfather came from Scotland.

Other Ranger boys feeding lambs are Johnny Bob King, Theo Hale and Pat Jameson.

ABOUT YOUR HEALTH

A weekly public service feature from the Texas State Department of Health. HENRY A. HOLLE, M.D., Commissioner

It was a good year for public health. 252,000 births were recorded as the year ended, compared with 220,000 in 1957. For the first time in Texas history, live births passed the quarter-million mark. More than 12,000 deaths, and indicates a natural

population increase of 180,000. Other health events were equally significant. An influenza epidemic—the worst since 1918—caused a flurry of activity among health officials in months just before the year died. Before it was over almost two million doses of vaccine—and early warning undoubtedly lessened the epidemic's impact.

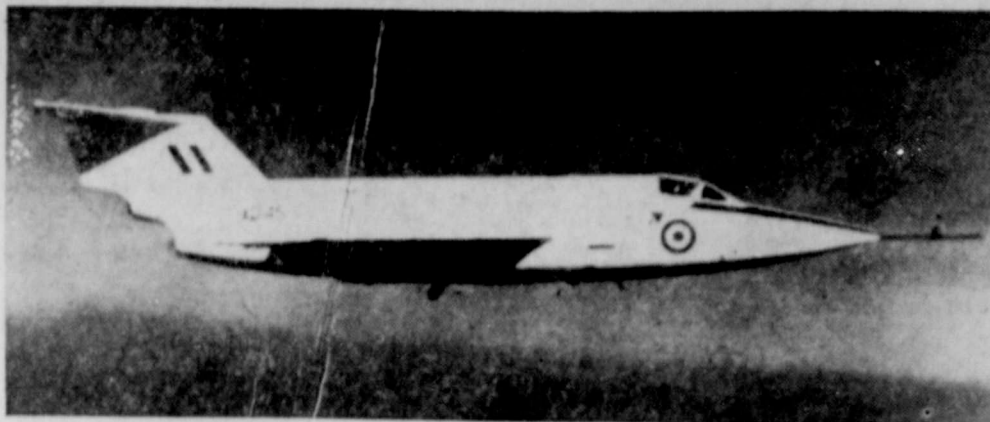

As the official state agency for city planning assistance, the State Health Department processed 14 applications for federal financial aid. Total cost of projects, all in cities of less than 25,000, is \$451,252, of which the federal share is \$216,483.

Spring floods were behind the urgency of 58 special health projects costing \$417,000, including control of insect vectors, rehabilitation of water plants, and chlorination of thousands of farm wells.

Almost 1,100,000 pounds of food had to be removed from sale channels as being unfit for human consumption during the year.

Four separate episodes of radioactive isotope mishandlings were investigated, and a toxicological information center was initiated to instantly provide information on antidotes in case of industrial and household chemical poisoning. The center operates in cooperation with the Texas Medical Association.

Almost 1,800,000 shots of polio were given throughout Texas, cutting the incidence of polio to less than half that of the previous year.

"JUST MELT AWAY"—Great Britain has unveiled details of a new rocket-jet-powered fighter that would just "melt away" if it flew at top speed. The Saunders-Roe S-R53, a single-seat interceptor powered by one deHavilland Spectre rocket engine and one Armstrong-Siddeley Viper jet engine, has been designed to the mixed-unit concept originated by Saunders-Roe for high-altitude interception. It carries air-to-air guided weapons. The craft, shown here in test flight over Levensden, England, is said to be capable of flying at three times the speed of sound—about 2,000 miles an hour.

Only 729 cases were reported in 1957, compared with a five-year median of 1751 cases.

Five hundred nursing homes, housing 8,000 aged people, were inspected and licensed during 1957, and 21 hospital construction projects were approved by the State Board of Health under terms of the Hill-Burton Act.

Construction of city sewerage plants with federal help got underway with the allocation of \$3,500,000 to 42 separate projects, and a statewide water sampling program was begun. With game wardens collecting samples, some 500 samples per month are being analyzed at the State Health Department laboratory.

The past year saw 2116 medically indigent crippled children and department-manufactured biologics were furnished in record quantities to physicians of medically indigent patients.

IT'S THE LAW in Texas

Although it may come as a surprise to some people, the federal government levies a tax which applies to gifts made by one person to another. However, the government has no desire to tax ordinary birthday and Christmas gifts. The law therefore excludes from taxable gifts the first \$2,000 given to each individual in each calendar year.

The law also excludes from taxable gifts, gifts to the church, community chest, and similar charitable organizations, and allows each giver an exemption of \$50,000—before the tax applies.

The tax applies whether the gift is of money or of property. If it is of property, the tax is computed on the fair market value of the property at the date of the gift. The purpose of many gifts is to remove the property from the taxable estate of the giver at the time of his death. This may or may not be accomplished. The federal law provides that transfers made within three years before date of death shall be deemed to have been made in contemplation of death and shall be taxable in the estate of the one who dies.

It may be advisable to "look a gift horse in the mouth" for the gift may cost the one who receives the gift in income taxes as well as the giver in gift taxes.

For income tax purposes the cost basis of property received by gift is the cost to the giver regardless of the fact that the giver may have paid a gift tax on the gift. The other rule is that in case of property received by inheritance, the cost basis is the fair market value at the date of the decedent's death.

An example will show the application of the rules. Suppose a farmer acquired his land in the early days at a cost of \$10,000. This property is now worth \$50,000. The farmer wishes to retire and to escape estate taxes, so he gives the farm to his daughter.

Although he may pay federal gift taxes totaling several thousand dollars, when the daughter decides to sell the farm for its \$50,000 value, she still has to pay income tax on \$40,000 profit (difference between the sales price and her father's cost of \$10,000).

On the other hand, if the farmer had not given the farm to the daughter, but had left it to her under his will, he would have saved the gift tax. The daughter would have taken the property at a cost basis of \$50,000, so upon the sale she would not have had to pay any income tax.

Of course, there would have been

some estate taxes and administration expenses in the father's estate, but that would have been much less than the taxes which resulted from the gift. However, depending upon individual and particular circumstances, there may be occasions when a gift is advisable. Your lawyer can advise you on this matter.

(This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

As a juror you are a judge of the evidence presented at a trial. In order to reach a proper verdict, you have to decide: what to believe and what not to believe. One person can't believe two diametrically opposed statements.

But also, there is no fool-proof way to sift out the true from the false. Lacking a surfire truth detector, our jury system is the best method yet found. So the jurors must consider the factors affecting the witnesses' credibility so far as the evidence discloses: their age, education, work, or looks and conduct on the witness stand; relationships between the witness and the parties; stakes in the trial's outcome; bias, if it appears; the strength of the witness' memory; the chances they have had to see, hear, and know what they have testified to; their candor; the reasonableness of their testimony.

Witness often differ in details due to their different opportunities or powers to observe, or their money of what they saw, heard, or did. In view of these differences try to reconcile gaps when you reasonably can.

Consider why a witness may make untrue statements: Is it because of confusion, nervousness, mistakes, poor memory, thoughtlessness, lack of intelligence, or evil intent?

The law assumes that the common sense and experience of twelve men will be more reliable than that of any one, in finding the truth among the statements offered by witnesses in a trial. The conclusion of the twelve jurymen will be safer and wiser because of the broad background of education, age, profession, and experience brought to bear on disputed matters.

Mothers Club Pie-Cake Sale To End Friday

Ranger residents still have an opportunity to aid in the improvement of Teen Town by purchasing a pie or cake from the Teen Town Mothers Club.

The club is sponsoring a unique pie-cake sale in which a person may place his order for the kind of pastry wanted. Orders will be taken until Friday afternoon. Phone 48 or 274. Pies sell for one dollar and cakes for two dollars.

Let us measure your insurance needs

Insurance has become more of a science than it was years ago. There are more kinds of protection now, and there are combinations of policies that can be made—often at a great saving.

There are new protections that you may not know about. Your insurance against many possible disasters may now be inadequate, in view of increased replacement costs of property. Even damage suits are bigger now.

Let us survey fully your current needs for protection against fire, wind, theft, embezzlement, accidents, damage suits, interruption of business and other risks.

THE QUESTION to answer is simple: Why did man create such a thing as a dog? He did not, and yet, he left so many things with so many faults?

ITS OBVIOUS that man blundered somewhere. Or else the maker of man blundered.

Ever consider contradictory proverbs? If not, take a break and study these. They are interesting.

Great minds run in the same channel, but all fools think alike. Seek, and ye shall find, but curiosity killed a cat. Life is what we make it, but what is to be will be.
