### SEE WHAT I MEAN?

By RAY SWINDELL  
Times Editor

Ranger College has a new coach today. And that is about all we can say.

We cannot say he is the best coach ever to be hired by the local college, and we cannot say he is the worst. Nor can we linger until after the first grid game and then determine whether he is good or bad. A man has to prove himself, and he simply cannot do that in a year.

David Slaughter has a fairly impressive record behind him as basketball coach at Carrollton high school. His AAA teams have tied for district honors with Terrell the past two years.

And to us, Terrell is a terror in the football kingdom. We have witnessed those East Texas boys in action during our tour as sports editor of the Sulphur Springs Daily News - Telegram.

While the past records of any team or coach does offer room for speculation on the outcome of the future, we do not believe this holds true at the local college. Slaughter is jumping from high school to college coaching and there is a difference.

Too, he will only be here two weeks during this semester at the college. That will be during spring practice. He will get a partial picture of what he has to work with before fall.

So far, fact that the Rangers will be competing in a new conference — the Texas Conference — this year, may have some bearing on Slaughter's coaching ability. Most sports writers are of the opinion that the Texas Conference does not offer as much power as the Pioneer Conference.

That could have been true last year and it may be true next year, but it will not necessarily hold true through all the years.

We have been told that Carrollton did not place too much emphasis on football. That can be very advantageous. We recall that the particular college we attended—a senior college—placed too much emphasis on football. And that can have its drawbacks.

If Slaughter holds true to the policy advocated by the Carrollton school, then things should run smooth here. This is not to say that the two present coaches lost their jobs because of over-emphasis on the sport. That is ridiculous.

Officially, one did not ask to have his contract re-negotiated, and the other's contract was not renewed in order that the new coach could name his own assistant. That is a statement through official channels.

But no man, regardless of intellect, can tell what the future may bring forth. We anticipate the Ranger College Rangers joining the crew on top of the totem pole, both in football and basketball as well as the other sports offered at the college.

This writer and his wife department watched a group of teenagers rehearse for their appearance on "Teenage Downbeat" scheduled for April 4 Tuesday night.

The kids are really enthusiastic about Teen Town and what it is doing for Ranger. It certainly does benefit the youngsters of the community.

Fifteen couples and two alternate couples have been chosen to make the trip to Fort Worth to appear on WBAP-TV. We are looking forward to seeing them.

—JRS—  
People like to brag. Take us, for example. We receive a copy of The Fine Lady, student publication of Stephen F. Austin State College, because we edited the paper. We like to read it and we like to brag about the school.

We like to brag about the town where we were born and raised. We had fun there but that is not home now. Ranger is home to us now.

And we want to brag about Ranger. So why don't you give us a hand. It's a nice town.

## Livestock Sales Increase Over Previous Week

Sale of livestock at the Ranger Livestock Commission Company on Highway 80 east showed a slight increase over the previous two weeks, it was revealed today.

Bill White, operator of the sales barn along with his son, Wilford, said the entire sale averaged \$110 per head compared with only \$95 per head a week ago.

The elder White said a horse sale would be held March 17 at 7 p.m. at the barn.

In this week's sale, top hogs brought \$20.50 a hundredweight, fat calves 28 1/2 cents a pound, highest price for a cow was \$17.50, and highest for steer calves was \$30.50.

## Practice Sessions Are Underway At Teen Town

Visitors from as far away as McCreary and Shreveport, La. were at Teen Town Saturday night, according to Homer Perry, director of the teenage organization.

Other teenagers were present from Olden and Eastland to enjoy dancing and games along with the local members.

Practice sessions are being held from 8 to 9:30 p.m. each Tuesday by the fifteen couples and two alternate couples who will appear on "Teenage Downbeat" on WBAP-TV Fort Worth April 4.

The couples were recently selected from approximately 70 teenage members of Teen Town to appear on the daily television program featuring teenagers from the Fort Worth area.

Perry indicated that a very colorful program will be presented by the local youths when they appear on the program.

## Ticket Sales For Bazaar Continue

Ticket sales for the Community Clubhouse piano are progressing rapidly, according to officials who are heading the campaign to raise funds for the purchase of a new piano.

A program of entertainment and stunts has been planned for the bazaar.

The Community Clubhouse serves Rangers as a meeting place for women's clubs, fine arts programs, and all cultural activities. It has been pointed out by officials of the organizations taking part, that the project is for the betterment of Ranger.

Tickets are selling at one dollar each and are available from any member of the 1920 Club, 1947 Club, New Era Club, Columbia Study Club, Lone Star Ladies Club, A.A.U.W., and the Beta Sigma Phi Sorority.

All club members holding tickets for sale are urged to complete their sales by March 10 if possible and turn in the money or tickets by that date to the chairman of the committee.

The following women compose the committee representing the seven clubs: Mrs. J. E. Matthews, chairman, Mmes. B. A. Tunnell, Floyd Killingsworth, F. P. Brasher Sr., D. T. Wier, W. A. Lewis, Lloyd Bruce, Clyde Harris, W. A. Robinson, Marshall Jolly, P. P. Brasher Jr., C. E. May, Jr., Sam Ailes, Charles Miliken, Arthur DeFebach, D. L. Covington, and E. E. Crawford.

## Three Contested School Races Are Noted In County

There will be at least three contested school board races this year.

Twenty candidates have filed in seven separate races, records kept in County School Supt. H. R. (Pop) Garrett's office reveal.

Four candidates seek three seats in the Olden trustee race. Candidates are L. J. Williamson, U. B. O'Brien, O. H. Dickson, and J. W. Cook.

At Carbon there are four candidates for two vacancies. Candidates are T. R. Bryant, L. A. (Jeff) Gehlan, A. E. Guy and J. E. Jackson.

## Officers Seeking Identity of Body Found Near Cisco

Officers of the Eastland County Sheriff's Department this morning were still working on thin clues seeking to identify the body of a man found earlier this week near Cisco.

Dr. Charles H. Balfew, Cisco health officer, has ruled that the man's shot of natural causes. The body, which was found near Cisco, was brought to the Wiley Funeral Home in Cisco from the L. J. Peever farm nine miles northwest of Cisco Wednesday. The body will be kept at the funeral home while officers seek to have it identified.

Chief Deputy Sheriff Johnny Boyd said last Wednesday that Sheriff's officers are definitely still seeking to identify the body. He hinted that several clues are being run down.

## Band Members Enter Contest

The 48-member Ranger high school band will be among the 69 high school bands from throughout Texas competing in the annual Jacksboro Music Festival Saturday.

An estimated 3,200 high school students, all members of various bands, are expected to participate in contests ranging from twirling to concert playing.

Dan Whitaker, director of the Ranger band, said the local band would enter the concert playing and sight reading contests. And a group of local students will enter the twirling contests to be offered at the event sponsored by 14 merchants of Jacksboro in cooperation with the Jacksboro high school band.

The contests are not, in any way, connected with the Texas Interscholastic League, Whitaker said, however, each band entered will compete equal classes designed by the League. Ranger will compete against AA bands only, Whitaker pointed out.

First place winners in each division will be awarded trophies.

In the concert contest, the band is required to play one overture and one march. And in the sight reading contest, they are required to play a melody they have never seen before.

Whitaker is given the opportunity to study this new melody for one minute, then he and the band

## Officers Elected By Texas U. Exes

"Potential Unlimited" was suggested as a motto for the committee of 75 citizens who are surveying the University of Texas as to what it is and what it can become.

The suggestion was made by Ralph "Poppy" Blount, Longview attorney, as he spoke to the crowd of Texas Exes of the Oil Belt area at their annual Independence Day celebration, Monday night.

The banquet with Eastland members as hosts and hostesses, was held in the White Elephant restaurant.

Seventy-two people attended the meeting which celebrated the 75th anniversary of the University.

Jack Gorman presided with Judge Cecil Collins introducing the guest speaker, V. T. Seaberry, Jr. gave the invocation.

Richard Moore of Cisco was elected president of the club and an invitation from Cisco members to have next year's meeting in their town was accepted. Miss Helen Crawford of that city was elected secretary.

Vice presidents elected from the other cities were Chauce Thompson of Breckenridge, Don Russell of Eastland, Dr. W. M. Jeddison of Gorman, and Floyd Killingsworth of Ranger.

## Eastland County Man Participates In Army Maneuvers

SEVENTH ARMY, Germany — Army Specialist Third Class Albert A. Walker, son of Mr. and Mrs. J. L. B. Walker, Caddis Mills, Texas, recently participated in "Sabre Hawk" Seventh Army maneuvers which involved more than 100,000 troops in Germany.

Specialist Walker, a clerk in Headquarters Detachment of the 3d Quartermaster Battalion, entered the Army in December 1956 and received basic training at Fort Hood, Tex. He arrived in Europe last June.

Walker is a 1951 graduate of Caddis Mills High School and was formerly employed by Texas Aircraft Corp., Dallas.

Housing for these additional children will require expenditure of more than \$127 million a year by local school districts for construction of classrooms during the next six years.

DAVID P. SLAUGHTER, former Carrollton coach, is named to coach the Ranger football team.

## Band Jackets Ordered, To Be Presented Soon

High school band jackets are expected to be presented to the members of the band in April, according to Dan Whitaker, director of the band.

Whitaker said the jackets have been ordered and are due to arrive in April.

The junior high school band members will receive letters only, Whitaker said. They are to be presented in general assembly within a week.

## DRIP Heard Over KERC Eastland

Radio station KERC, Eastland, is now broadcasting The Baptist Hour at 10:30 a.m., Sundays. The program was carried previously at 3:30 p.m., Sundays.

The Baptist Hour has a weekly listening audience estimated at more than 30 million in 35 states and eight foreign countries. A total of 452 radio stations now broadcast this modified worship service.

Dr. Roy O. McClain, pastor of the First Baptist Church of Atlanta, Ga., is featured as the speaker. Music is by the Baptist Hour choir under the direction of R. Paul Green. This professional singing group is now known internationally and has been used in religious capacities by CBS, NBC, and RCA recording company.

Theme of the series of broadcasts for March is "Transforming Faith". The Rev. Paul M. Stevens is director of the commission.

## FOR EVALUATION OF SCHOOLS... Information Available To County School Committees

As thousands of Texas citizens join in their county Hale-Aiken committee's study of local schools, they have a wealth of information available to assist them in their timely evaluation of the schools.

Local committees have a deadline of May 1 for reporting their recommendations to the state-level Hale-Aiken committee, headed by Sen. A. M. Aikin, Jr. of Paris.

Much basic information has been provided by the Texas State Teachers Association in a booklet, "Education... An Investment in the Future." Each committee member has been furnished a copy of this TSTA-developed booklet, which tells the story of Texas schools statistically and graphically. The information it contains was compiled from authentic sources which are identified.

This survey points up the fact that the number of school-age children in Texas is growing at the rate of almost one-half million each five years.

To instruct this increasing scholastic population, the number of teachers has increased from 59,000 in 1948-49 to 78,000 during the current school year. By 1962, the teacher total will soar to 93,285.

Housing for these additional children will require expenditure of more than \$127 million a year by local school districts for construction of classrooms during the next six years.

## WILL OPEN TRAINING APRIL 28

An East Texas State College graduate was named this week as Ranger College football coach, it was revealed by Dr. Price Ashton, president of the college.

He is David P. Slaughter, who for the past four years has been backfield coach for Carrollton in East Texas.

Slaughter fills the vacancy created by the resignation of Tom Hestand to assume a similar job in New Mexico. The new coach will be given the opportunity to name his own assistant. The college board of regents recently declined to re-negotiate the contract of Roy Barrett, assistant football coach and head cage coach.

The board stated that Barrett's contract was not re-negotiated because they wanted the new coach to name his own assistant.

No assistant had been named Thursday, however, several were under consideration.

Slaughter, who has eight years of coaching experience, started coaching at Knox City. He won three regional football championships during his four years there.

He annexed three district basketball titles and two bi-district titles in basketball while at Knox City.

As backfield coach at Carrollton, he led the boys for a pair of ties with Terrell for district honors in 1956 and 1957. The first of his four years there, he served as B-team coach and won the district title.

In 1957, the Texas Sports Writers Association named him as Coach of the Year in their annual poll.

Dr. Ashton said the new coach would not assume full time duties until September, 1958, however, he will open spring training April 28 and continue through May 9.

Besides his coaching duties, Slaughter will teach physical education at the college.

He received both his bachelor and master's degree in physical education at East Texas State College in Commerce.

He is married to former Zana Hamm of Knox City. She attended Stevens College in Missouri.

The new coach is a member of the Carrollton Methodist Church and the Knox City Masonic Lodge and his wife is an Eastern Star member.

## 6th place in per capita tax collections.

The booklet also reveals many interesting facts about teacher demand and turnover. It indicates that 40,955 teachers will be needed as replacements and additions within the next five years. More than 10,000 teachers change positions each year, and 4,500 are lost from the profession. The turnover averages 14 percent per year, compared to a three percent employment shift in Texas industry.

Are enough teachers available? The trend is discouraging. The booklet reveals. In 1950-51, Texas colleges and universities had 7,275 graduates prepared to teach. By 1956-57 this number had declined to 5,096, and only half of them showed up in the classrooms last fall.

As the number of persons training to enter the teaching profession decreases, the number of emergency certificates issued to unqualified persons increases. In 1955-56, there were 1,121 such emergency certificates granted. In 1956-57, the Texas Education Agency issued 3,199.

Another significant trend is that more than 11,000 Texas teachers are nearing retirement. As they retire, the number of teachers needed will sharply increase.

The other girls sampled the demonstrations. There were 26 members present.

### Fertilizing Fish Ponds Increases Pounds of Fish

COLLEGE STATION — Applying fertilizer to the farm fish pond not only increases the amount of food in the water but also is one of the best practices for controlling submerged mosses in the pond, says Ed Cooper, extension wildlife specialist.

The first application of fertilizer should be made immediately, he says. Since the pond water is usually deficient in the same nutrients as is the soil over which the water flows into the pond or tank, Cooper suggests the use of the same commercial mixture as is used for crops on the farm. An initial application of 100 pounds for each surface acre of water is suggested. This amount should cause a change in the color of the water. This is due to the development of a great amount of plankton which is used for food by the fish and organisms upon which fish feed. Bloom is another term used to describe the water in a properly fertilized pond.

Cooper advises periodic checks of the pond to determine when additional fertilizer applications are needed. He says to submerge the arm into the water to elbow depth and if the thumb can be plainly seen, more fertilizer should be applied. Only the amount required to get the desired bloom should be applied and this may be about half of the first application. Bloom is another term used to describe the water in a properly fertilized pond.

Pond fertilization should be stopped during the hot summer months. The fertilizer can cause a shortage of oxygen in the water, especially during the periods when the wind is not strong enough to cause wave action. Fish will die when their oxygen supply is depleted.

Finally, Cooper emphasizes that all of the fertilizer to be used during the year should not be applied at one time. Start now and make enough applications to maintain the desired bloom. The shading from the bloom will also control submerged mosses and make fishing and swimming in the pond more enjoyable.

### Circle 4 Meets In Milliken Home

Mrs. Charles Milliken was hostess to Circle No. 4 of the First Methodist Church WSCS Monday morning at 9:30 a.m.

Mrs. J. A. Townsen, circle leader presided over the business meeting. Mrs. Roscoe Hopper was in charge of the program on the Methodist Hospital in Florida. Mrs. Hopper was assisted by Mrs. George Rushton, who discussed "Medical Missionaries in Foreign Lands."

Those present were Meses. Hopper, David Allsup, Tom Heustand, James Ratliff Jr., Rushton, Townsen, Virgil Elliott, and the hostess, Mrs. Milliken.

**DETOURING AROUND FINANCIAL TANGLES—**

... has long been a basic characteristic of the successful man. Young men seldom do and few of his older brothers. To avoid many of the pitfalls blocking successful careers, save something regularly, don't mortgage income beyond its capacity to absorb, make a Will, provide adequate life insurance for yourself and family, keep all property insured, and guard against faulty titles in buying real estate. These are a few of the fundamentals which, if followed, will detour you around many financial tangles.

### Bonbons Make Wonderful Dessert Ingredient

BY DOROTHY MADDOX

FRESHLY boxed chocolates give ice cream desserts a speciality de luxe flavor. You'll enjoy them used in this recipe.

#### Candy Ice Cream Roll (Makes 6-8 servings)

One-half cup sifted cake flour, 1/2 teaspoon baking powder, 1/4 teaspoon baking soda, 1/4 teaspoon salt, two 1-ounce squares unsweetened chocolate, 3 tablespoons hot water, 2 tablespoons granulated sugar, 4 eggs, 1/4 cup granulated sugar, 1 teaspoon lemon extract, confectioner's sugar, 1 pint vanilla ice cream, softened, 1 cup assorted freshly boxed chocolates.

Sift flour, baking powder, soda and salt together. Combine chocolate, water and 2 tablespoons sugar; mix well. Beat eggs until thick; add 1/4 cup sugar and beat thoroughly. Add lemon extract; add chocolate mixture; beat well. Fold in sifted dry ingredients. Spread in wax-lined 15 1/2 by 10 1/2 by 1-inch baking pan. Bake in moderate oven (350 degrees F.) for 20-25 minutes, or until cake tests done.

Sprinkle a clean towel with confectioner's sugar. Turn cake onto towel. Roll up. Cool. Unroll. Spread with ice cream. Arrange chocolates along edge of roll. Roll up, jelly-roll fashion. Slice in 1-inch slices.

#### Candy Strawberry Ice Cream Tarts (Makes 4 3 1/2-inch tarts)

One cup all-purpose flour, 1/2 teaspoon salt, 1/2 cup shortening, 3/4 tablespoon cold water, 1 pint

Fresh, boxed candies add richness to ice cream tarts, top, and ice cream cake roll, bottom.

strawberry ice cream, 1/2 cup whipped cream, 4 assorted chocolates.

Cut four 5 1/2-inch circles and press into four 3 1/2-inch pans. Prick well and bake in hot oven (450 degrees F.) 10 to 15 minutes. Cool. Remove from pans and fill with ice cream. Garnish with whipped cream and top with chocolates.

### Ranger Garden Club Invited to Attend Annual Spring Convention

Members of the Ranger Garden Club have been invited to attend the annual spring convention of District Eight, Texas Garden Clubs, Inc., at the Cisco Junior College auditorium on Wednesday, March 12. Some 300 members are expected to attend the convention in Cisco.

Visiting guests will be welcomed on arrival at the Cisco Junior College at 8:30 a.m. with doughnuts and coffee. Mrs. E. G. Thornton of Olney, governor and Mrs. George A. Stephens of Abilene, first vice president and district chairman, will be presented at the coffee. Souvenirs will be given each guest upon registration.

At 10 a.m. Mrs. Elizabeth Weir

of San Antonio, nationally known flower lecturer and expert arranger, will talk and demonstrate arrangements, making arrangements from her own plant material and containers.

At noon, a luncheon will be held at the Lutheran Parish House with Mrs. Wilma Lucas, third vice president of Texas Garden Clubs, presiding. Distinguished guests will be presented and awards will be distributed in a "barrel race" event.

Back at the college auditorium at 1:30 p.m., the state president, Mrs. David H. Buchanan of Temple, will address the convention. A tea will follow in the lobby of the college building honoring Mrs. Buchanan and Mrs. Cecil Biggs of Temple, advertising and circulation director of Lone Star Gardeners Magazine.

Mrs. S. C. Shaw, 1207 West 9th Street, Cisco, registration chairman, reports that registrations already are coming in. Mrs. B. S. Huey of Cisco is chairman of the general arrangements committee for the convention.

**Summer Workshop Scheduled On SMU Campus July 14 - August 20**

A summer workshop in family finance will be given at Southern Methodist University for the seventh consecutive year, according to Dr. Bob G. Woods, coordinator of the workshop. The course, limited to educators, will run from July 14 to August 20.

Through an arrangement with the National Committee for Education in Family Finance, as many as 30 qualified teachers and administrators may receive scholarships covering tuition. A descriptive brochure and application form may be obtained by writing Dr. Woods at the University, Dallas 5, Texas.

The Southern Methodist University workshop, one of 15 such summer courses offered by universities throughout the United States, will draw its students from Texas, Mississippi and Louisiana.

The workshop will cover such fields as personal income, budget, banking, consumer credit, renting and buying a home, life insurance and other insurance, social security, pensions, savings and investments, personal taxes, wills and estates. Students will do "laboratory" work to develop special materials or projects for their classrooms or school systems back home. Upon successful completion of the course, the teachers will receive credit toward a graduate degree.

These workshops are part of a long-range program aimed at giving young people in the nation's schools and colleges accurate and useful instruction in the management of personal and family finances. They are made possible by grants to the universities from the Institute of Life Insurance as a public service to American education. Workshop students teach such subjects as home economics, business education, mathematics, social studies, family living and guidance in junior and senior high schools, junior colleges, liberal arts colleges, and teacher training institutions.

### AS IT LOOKS FOR HERE

By OMAR BURLESON

By OMAR BURLESON  
17th District

Washington, D. C.—All veterans of World War I and II, carrying National Service Life Insurance, should take a look at their policies.

### How do you feel about burglars?

It's foolish to own fine things and then worry about their being stolen. Let us and America Fore worry about that for you. Let us write an America Fore policy for you which will take the sting out of loss of household goods, personal effects, clothing, jewelry, furs, silverware, etc. It covers burglary, robbery, theft and MYSTERIOUS DISAPPEARANCE (which is considered to be theft.) It also may include holdup and theft away from home, and covers all members of your immediate family residing with you. And you'll be amazed how little this Family Theft policy costs. Ask us.

Thousands of World War II veterans who are still carrying their Service Insurance in the form of "low-cost" term policies will find it may be worthwhile to convert their policies.

"Term" insurance is devised to be cheap when you are young. It is this type which you bought while in Service. It affords the young man with a growing family, who has not reached the peak of his earning power, a chance to buy a lot of protection at low cost.

This cheapness is only achieved by the fact the policy has no saving value. The premium charge only covers the age group in which each insured person may be at present.

Because it has no saving value, National Service Life Insurance term policy has no value except as a death claim. All former premiums are lost if it is necessary to drop the policy.

Because the premiums only cover your own age group, the term premium payments are very low when you are young and very high when you are old. They go up each five years.

In younger years, many survive and few die. The cost of a few death claims each year is spread over many survivors. In older years, naturally more die and fewer survive—so the cost of more death claims each year is spread over fewer survivors.

The premium on a \$10,000 term policy is twice as much at age 53 as it was at 40. It is three times as much at 60—nearly five times as much at 65 as it is at 40. A policy costing \$100.00 at age 40 will cost \$1,118.80 a year at age 75.

Finally, at 90 years of age the annual premium would be \$6,505.50 to carry \$10,000 worth of insurance.

Many World War II veterans who hung on to term insurance too long experienced tragic results. They did not convert to permanent insurance plans in their middle years and reached the tragic point where they could not afford to pay the premium. Some have paid in more than the policy is worth as a claim but have to drop it and get nothing back.

What to do? Each man must make his own insurance plan. Insurance advisors say the plan should be based on income, other insurance carried, needs, and his personal savings and investment programs, if any.

But these basic facts may avoid saying later, "I would have done it differently if I had given it my attention earlier."

1. Premiums are higher for the young than term insurance—but they do not change.

2. The premium rate on a permanent plan is higher the later in life it is started. This means that

Views and News

By Mrs. Ethel ... By Mrs. ...

Do you want to look smart in spring clothes? Of course you do. Soon we will be starting winter clothes and getting the new season's wardrobe ready to wear. But some of us may have put on a few pounds during inactive winter months. Below are suggestions for losing those extra pounds and sending yourself for the "spring look."

1. Hanging on to term insurance simply because you are still at an age when it is cheap is not the answer. It seems.

2. The permanent plans accumulate increase in value which can be borrowed against, converted into retirement income, turned into cash, or used to buy a paid-up policy of lesser value.

3. Any veteran wishing more information on this matter writes for a booklet furnished by the Veterans Administration. It happens that I am in the process of doing something about my own World War II policy.

There is no safe easy way to reduce. The one accepted way is to begin with a consultation with your family doctor and then eat less, but adequately. This means smaller amounts of a large variety of foods to insure enough of all the nutrients for good health. One good guide to for the basis of a reducing diet is the Texas Food Standard. It avoids much of the embarrassment and inconvenience caused by social dining.

4. Safe reducing is a fairly long-time project. Two pounds per week is generally considered a safe rate of loss. Copies of the Texas Food Standard are available at the Home Demonstration agent's office.

5. Proper Clothing Care Clean, well-cared-for clothing can do much to give the wear a good start on the day's activities. Take storage, for instance. Crowding is always bad for clothing. A good hanger and frequent airing will do a lot to freshen up clothes and keep them more wearable. Prompt attention to spot removal and simple repairs will also prolong the life of clothing articles. Quick attention often avoids the need of sending garments to the

cleaner. Touch up pressing done at home between regular cleaning can also help to save on cleaning bills. The best way to save clothes is to give them the daily care needed to keep them clean as long as possible and hold them in shape so they won't need to go to the cleaner so often.

6. WARDROBE PLANNING Check clothing needs for spring and summer now. Begin planning long before you shop.

7. Plan what clothes you need to go with what you have. Consider your activities. Include at least one outfit for each activity, or to save money, choose an outfit that can be accessorized or changed to go many places. Make a plan and stick to it. Ask yourself these questions before you buy: Do I really need it? Does it go with what I have? Can I afford it?

8. HOME SEWING Decide what to sew and what to buy ready made. You can have more and better clothes if you sew well.

9. A convenient sewing area will increase your efficiency and pleasure in sewing. Arrange for it: Cutting surface. Convenient pressing area. Sewing machine (light come over left shoulder). Easily cleaned floor—waste bucket near.

10. Adequate storage for patterns, supplies, pressing equipment and yard goods within reach. Electrical outlets properly placed for sewing machine and iron.

REMEMBER... It's not necessary to spend a lot of money for clothing in order to be well dressed. The important thing is to plan well and choose wisely, taking the best care of your clothes that is possible.
