

Bank Deposits Show Increase For Year

BANK CALL REVEALS DEPOSITS

Bank deposits at the Commercial State Bank show a considerable increase, according to a statement of financial condition requested by the State Banking Department.

Deposits as of March 4 total \$2,406,284.99 compared to \$2,184,543.53 for the March 14, 1957 bank call. Four bank calls are made annually with two dates—June 30 and December 31—specified. Two calls are made at random.

The deposits show an increase of \$221,740.86 over the 1957 figure and \$1,869.37 over the December 31, 1957 financial statement released to the public.

Most bankers are of the opinion that the earlier a bank call comes, the lower deposits usually are. Had the call come at the same date it did a year ago, bankers are convinced deposits would have been even higher.

Local bank deposits, it was noted, almost triples the deposit gains in Abilene, a city many times larger than Ranger. Deposits in Abilene increased \$85,501, and deposits in Ranger topped that figure by \$36,239.56.

While deposits were up at the Commercial State Bank, so were loans. Loans and discounts were listed at \$792,031.37, compared with \$770,053.05 for the December 31 statement.

The bank deposit gain looked exceptionally good in the face of a lot of national talk about a recession, and in view of the fact that the county failed to make a farm crop last year.

Reserves show a slight increase on the March 4 statement compared with the December 31 statement. Tuesday reserves were listed at \$48,541.16, compared with the December figure of \$47,408.90.

Warrants showed a slight increase, while cash and exchange, and undivided profits decreased some.

RAINFALL CHART SHOWS...

There's No Doubt, 1958's Really Wet

The first two and a half months of 1958 have all the earmarks of another wet year in Eastland County.

Total rainfall during that period has been 6.75 inches, far above the 1957 total for the same period. All of the moisture has been in slow, soaking rains — with the exception of several brief downpours — and penetration has been excellent on areas with good grass cover.

The 1958 rainfall figure in Ranger is 2.41 inches above the normal 4.34. During the past 72 days of 1958, it has rained 20 days. Add cloudy weather most of the time has added in letting the moisture penetrate into the soil.

In the first two weeks of March 3.95 inches of rainfall have been recorded, more than January and February combined. And indications are that March will set a record in rainfall. It has already topped all but three Marches in the past 47 years. Record rainfall for March was in 1937 when 4.48 inches fell.

In 1957, an all-time rain record of 43.26 inches, 17.43 above normal, was set. During the first

three months of last year, however, only four inches of rainfall was recorded. This was 34 below normal. So far this year, with half of March remaining, 6.75 inches of moisture has gone into the books.

Here is a comparison of 1957, 1958, and normal rainfall figures.

Month	1958	1957	Normal
January	1.69	1.05	1.37
February	1.11	1.33	1.38
March	3.95	1.62	1.59
Totals	6.75	4.00	4.34

An even fifty inches of rain has fallen in Ranger during the past fifteen months. This is 19.93 above normal. All farm ponds and county lakes are full or near full and a number of small springs have started to flow again.

Commanders are: Albany, Joe M.

School Vote Set April 5

Ranger voters will be faced with a simple school board election this year — as usual — with only two names appearing on the ballot.

With the March 5 deadline passed, only two persons, both incumbents, have filed for a seat on the Ranger school board.

The two men seeking re-election are Glenn Covington and Melvin Adams. Both are completing two-year terms.

The election is scheduled for April 5. Voting will take place in the city hall on Main Street. The polls will be open from 8 a. m. until 7 p. m.

Present members of the board are: Dr. A. W. Brazda, Johnny Bates, Glenn Covington, Gaston Dixon, Walter Arterburn, Melvin Adams, and Dr. W. P. Watkins. All are elected for two-year terms.

Cameron State Dominates PC All-Star Team

Ranger College did not land a man on the Pioneer Conference All-Star cage team as a result of voting by the coaches of the five-team loop.

The Rangers completed the conference with an 0-9 record and an 0-16 mark for the season to hold the cellar slot.

Three players from Cameron State's title-winning quintet received first team honors, two from runner-up Tarleton State, and one from third place Arlington State.

All three honorees from Cameron State of Lawton, Oklahoma, were unanimous choices. The three were instrumental in Cameron's drive through a 22-game season without defeat and to a conference championship in the school's first year in the loop.

Cameron and San Angelo both placed a pair on the second team with Arlington getting the final man.

KIND WORDS RESULT IN NICE GIFT

A Ranger woman was presented a 35mm camera Tuesday as a result of several kind words spoke by her and published in The Ranger Times May 14, 1957.

She is Mrs. John J. Boen, an employee of the Texas Electric Service Company here.

In May, Mrs. Boen called the late Norman Wright, then editor of The Ranger Times, and told him how the Cookbook Bread Company trucks pulled off the street and did not block alleys and parking spaces when servicing their accounts.

W. D. Branson, an employee of the Cookbook Bread Company, was in Ranger when the article was printed. He clipped it and sent it to the district office in Fort Worth.

Eventually, Jim Peoples, district manager in Fort Worth, sent the camera. It was presented by G. N. Robinson, local route man for the Cookbook Company.

Junior Band Enters Dublin's Festival

The Ranger junior high school band, under the direction of Dan Whitaker, will participate in the Dublin Festival Monday in connection with the St. Patrick's Day celebration there.

Sponsored annually by the Dublin Lions Club and the chamber of commerce, the city will be host to approximately 1,000 high school students representing 17 bands of the West Texas area.

Both junior high and senior high bands will participate. The local senior high band will not take part.

The 46-member junior high band will compete in two contests against bands from Stephenville, De Leon, Jackboro, and the Stephenville sixth grade band.

The local group will play a march, "Sky Pilot" and one overture, "Greensleeves" in the concert playing contest. Play by sight reading will be the other contest.

In the sight reading contest, they play a tune they have never heard before and will have one minute to study the sheet music before playing it.

Trophies will be awarded to the best band in each classification. A sweepstakes trophy will also be presented.

The band will leave Ranger at 8:15 and will return late in the evening.

Ranger Brothers Named To UT Scholastic Roll

Two Ranger students are among the 510 students on the fall semester honor roll at the University of Texas.

Robert L. Basford from Lubbock was "high man" with almost an "A" average on 19 1/2 semester hours of work. The normal student "load" is 15 hours.

The two boys from Ranger, both brothers, are Charles and James Raney, sons of Mr. and Mrs. D. B. Raney.

Both are graduates of Breckenridge High School. Charles in 1956 and James in 1957. Charles graduated from Ranger College in 1952.

CONVENTION LEADERS—These two men will lead the 17th Congressional District American Legion convention in Abilene this weekend. At left is Dr. C. B. Cathey, Fifth Division commander, and at right is Troy S. Bowen, commander of the 17th District. Local delegates will attend the convention.

Local Legionnaires To Attend Meeting

Ranger Legionnaires will send several delegates to the annual Spring Convention of the 17th Congressional District of the American Legion to be held Saturday and Sunday in Abilene.

Fifteen Posts will be honored by being presented with citations for having exceeded their 1958 membership quota by the time of the convention, Troy S. Bowen of Sweetwater, district commander, has announced. Posts and their Commanders are: Albany, Joe M.

Boosters Club's... Band Banquet Set Saturday

An estimated 130 persons are expected to attend the annual band banquet to be held in the banquet hall of the First Baptist Church Saturday at 7 p. m.

Don Stacy, Abilene Christian College student and member of the famous ACC band, will be the featured speaker for the annual event sponsored and financed by the local Band Boosters Club.

Themes of this year's banquet will be "Under Water". Dan Whitaker, director of the junior high and senior high bands, said the hall would be decorated appropriately for the event.

Jackie Neeley, member of the band, will serve as toastmaster at the banquet honoring the members of the band.

All arrangements, including the selection of a speaker, were made by a seven-member band council composed of high school band members. Jackie Neeley is president of the council; Don Deffenbach, vice president; and Mollie Mitchell, secretary.

Other members of the council are Carol Phillips, Bill Greager, Dale Conart, and Mary Kay Rush. There is no charge for admission.

Chamber Members Are Slow In Donations For Pamphlet

Indications this week were that a pamphlet with facts about Ranger for newcomers would not be printed, according to Felton Brashier, Sr. chairman of the newcomers committee of the chamber of commerce.

Only 35 chamber members had returned cards mailed to them asking that their firm name be placed in the pamphlet.

"With just 35 firms out of a membership of approximately 120, returning cards, it is obvious that local merchants do not want the pamphlet", Brashier said.

"We would like to have at least sixty per cent of the chamber of commerce membership participating", he added.

Unless more merchants signify that they want the pamphlet, it will not be printed. Members may call the chamber of commerce office.

The pamphlet, if printed, will contain a short history of Ranger, public school and recreational facilities and schedules of the various churches, clubs, and other types of organizations. It would be distributed only to newcomers by a member of the chamber committee.

All members have been asked to contribute five dollars. Their name will appear on the back of the cover. Only members of the chamber of commerce may participate.

Over 100 letters were mailed to the chamber members the latter part of January asking their cooperation.

Such a pamphlet, Brashier said, would be very beneficial to the new citizens of Ranger.

Bazaar Set Friday Nite

A large number of local residents are expected to attend a bazaar sponsored by seven local ladies clubs to raise funds to purchase a piano for the Community Clubhouse.

The event, which will feature an interesting program and many prizes, will be held at the clubhouse Friday night. Activity will get under way at 7 p. m.

Tickets have been on sale by members of the 1920 Club, 1947 Club, New Era Club, AAUW, Columbia Study Club, Lone Star Ladies Club, and the Beta Sigma Phi. The tickets sell for one dollar each and may be purchased at the door.

Prizes to be given away include a \$100 U. S. savings bond, one \$50 bond, and two \$25 bonds. These will go to the lucky ticket holder. One does not have to be present to win.

Included in the program will be the fifteen couples, all members of Teen Town, who will appear on "Teenage Downbeat" on WBAP-TV-Fort Worth April 4. This group will dance several numbers.

The Teddy Bears, a group of local youngsters, will sing several rock-n-roll songs.

Mrs. Morris Newham will present several of her dancing students.

Refreshments will be served. And as a highlight of the program, some comical stunts will be performed but they will not be revealed until Friday night.

The dance students under Mrs. Newham are Donna Hardy, Mary Wier, Ann Ratliff, Linda May, Nancy Newham, Jeri Jolly, and Rita Thelberg.

Morris George To Direct Public Service Program

The oil industry's new public information and service program will be directed here this year by Mr. Morris George, local Gulf agent.

His appointment as general chairman of the oil information committee was announced today by Raleigh Cowhick, district manager of Continental Oil Company in Abilene, and Mr. H. L. McMillan, district manager of Humble Oil & Refining Company in Abilene.

Cowhick is area chairman of the West Central Texas oil information committee for 1958 and McMillan is in charge of school activities.

The oil group will provide speakers, films and demonstrations to local clubs and organizations, make educational materials available to teachers and students in junior and senior high schools and stage Oil Progress Week next October.

This American Petroleum Institute sponsored program seeks to make clear how well the people of this region are served by many oil businesses and gain support for conditions under which they can continue to be privately managed, fully competitive and financially sound, the area OIC officials said.

They are of the opinion that the Negro is merely trying to "run over them" because they have a Supreme Court ruling to back them up. This is utterly ridiculous.

They just want a better school system to forward their education because, in most cases, their own system is inadequate.

But still the pros and cons of the matter continue and dozens of laws have been passed to fight it. But, as usual, most men fail to take into consideration the Supreme Law.

The teachings of Jesus Christ are wonderful. He was a brilliant man, and in his writings can be found the answers to many present-day problems.

But, has it reached a peak where man has taken those great words of wisdom and has twisted them to suit his own ego?

The words written by the various writers found in the Bible are elastic. But we do not think the words of Christ are such.

One cannot twist and distort them to suit the ego. Man is born to teach truth and good deeds.

Here, we will just fall back on the transcendental idealism of Ralph Waldo Emerson: "What is man born for but to be a reformer, a remaker of what man has made; a renouncer of lies; a restorer of truth and good."

SEE WHAT I MEAN?

By RAY SWINDELL, Times Editor

This progressive West Texas town has taken some steps forward as far as the integration of its public schools is concerned.

And the one thing that gives it that progressive atmosphere is the fact that the school integrated without any major incident.

Desegregation took place here in little more than a year after the May 17, 1954 Supreme Court ruling that stated racial integration of public schools was unconstitutional.

The high school, only part of the Ranger public school system that has desegregated is now nearing completion of its third year of integration. One Negro student enrolled in an elementary school here but dropped out after a week of attending classes.

Ranger can join the scores of other towns across Texas and the South that have integrated, proving that the mixing of the two races breeds unity instead of marriage.

Whether the integration of the Ranger school is due to progressive thinking on the part of the citizens, or of economic necessity, or a common goal—education—in sight by the two races, is hard to determine.

We like to think that it is the last of the three reasons mentioned above.

When a common goal is desired, man seems to be possessed with a certain amount of unity. And both races, present day opinions notwithstanding, want an education but in many cases, it boils down to one simple fact that we, the "superior" race, have no desire to see the "inferior" race educated.

Scores of people tolerate the integration of public schools, not because they are an advocate of the Supreme Court ruling, but because they have been convinced that from a financial point of view, it is much better to be integrated.

But they should take into consideration the educational point of view. The kids are in school for an education.

In Texas as of September 1, 1957, approximately 125 districts out of more than 1,000 school districts had desegregated to a certain extent. Most of these are in west and southwest Texas. The eastern part of the state is possessed with a frame of mind that will not be eliminated for another generation.

Out of 240,000 Negroes of school age, 5,600 are in white schools. And most of them integrated without incident which is all it should be when one considers the educational angle. But few people do.

They are of the opinion that the Negro is merely trying to "run over them" because they have a Supreme Court ruling to back them up. This is utterly ridiculous.

They just want a better school system to forward their education because, in most cases, their own system is inadequate.

But still the pros and cons of the matter continue and dozens of laws have been passed to fight it. But, as usual, most men fail to take into consideration the Supreme Law.

The teachings of Jesus Christ are wonderful. He was a brilliant man, and in his writings can be found the answers to many present-day problems.

But, has it reached a peak where man has taken those great words of wisdom and has twisted them to suit his own ego?

The words written by the various writers found in the Bible are elastic. But we do not think the words of Christ are such.

One cannot twist and distort them to suit the ego. Man is born to teach truth and good deeds.

DETOURING AROUND FINANCIAL TANGLES

... has long been a basic characteristic of the successful man. Young men seldom do and few of his older brothers. To avoid many of the pitfalls blocking successful careers, save something regularly, don't mortgage income beyond its capacity to absorb, make a Will, provide adequate life insurance for yourself and family, keep all properties insured, and guard against faulty titles in buying real estate. These are a few of the fundamentals which, if followed, will detour you around many financial tangles.

EARL BENDER & COMPANY
 Eastland, (Abstracts since 1923) Texas

FORMOSAN HARVEST—Although new charming techniques have aided rice growers on Formosa, the harvesting is still done in the old-fashioned way by this worker in a field at Taichung. The stalks are beaten against a sieve over a screened tub to shake the rice grains free. This year's harvest—1,900,000 metric tons—is the largest in the history of Nationalist China, and more than enough to feed the island's 10 million residents. A surplus of 200,000 metric tons will be exported to Japan.

Social Security Notes

"YOUR SOCIAL SECURITY"
 Editor's Note: This is the first of a series of articles on Social Security compiled by C. M. Vaden, Jr., field representative of the Abilene Social Security office. The articles are designed to give you a better understanding of your Social Security. If you pick up with this article and read each of the succeeding articles, you should have a good general knowledge of the Social Security program.
 What is Social Security? This is the logical place to begin any series of articles on Social Security. Social Security is basic financial protection against income loss due to old age, disability, or death. It is insurance—based on the same general principle as private insurance, but it is not a contract arrangement. It is a social insurance program, the idea being that you make small payments during your working life and when you are faced with an emergency such as disability or death, or when you reach old age and retire, you and your survivors get the payments.
 I would like to emphasize that Social Security is Old-Age and Survivors Insurance. A lot of people have the idea that Social Security pays only retirement benefits. Actually it provides protection against three risks—loss of earnings in old age, loss of earnings due to death of the breadwinner of the family, and loss of earnings due to a disability.
 So Social Security is actually three kinds of insurance—disability insurance, life insurance and old-age insurance.

To Our Benefit

Scores of Ranger citizens look upon Ranger College as a burden instead of an asset. It is, to be sure, a great asset to the community. Ranger benefits in many ways from it.

A new industry is more prone to move into a town that can offer higher educational facilities. A stay-at-home attitude will prevail among the high school graduates who plan to further their educations. They have the facilities in their own front yard.

There is no doubt that the junior colleges across the nation possess the answer to many of the educational problems confronting the increasing population. And Ranger is fortunate in having a junior college.

Eastland County is fortunate in possessing two junior colleges. And, regardless of prejudices, we should not forget them when discussing Eastland County with potential industrial leaders.

Funeral Services For Mrs. Akers Held In Eastland

Funeral services for Mrs. Lena Akers were held Wednesday at 3:30 p.m. at the First Baptist Church in Eastland with Rev. E. E. Barber, pastor of the Morton Valley Church, officiating, assisted by Rev. Tim Akers of Fort Worth.

Mrs. Akers died Tuesday morning at Graham Hospital in Cisco. She had been in ill health for about a year.
 Born Feb. 5, 1904 in DeLeon, Mrs. Akers was married to J. W. Akers in 1921 in DeLeon. At the time of her death she made her home on Route 3, Cisco, at the Eastland - Cisco - Breckenridge highway "Y".

Survivors include her husband; four sons, Jesse of Houston, J. W. of Wichita Falls, Jack Allen of Fort Worth and Pat of Route 3, Cisco; four daughters, Mrs. J. W. Thomas of Dallas, Mrs. Carl Sedman of Port Lavaca, Miss Jeanette Akers of Dallas and Miss Laverne Akers of Route 3, Cisco; two brothers, D. E. Nowlan of DeLeon and Arnold Nowlan of Houston;

C. O. Roderick Taken by Death Here Wednesday

Funeral services will be held Friday at 11 a.m. at the Pecan Gap Methodist Church in Pecan Gap for C. O. Roderick.
 Mr. Roderick died Wednesday night at Eastland Memorial Hospital after a lengthy illness. He had made his home in Eastland for the past six weeks.
 He was born in Morgan, N. Carolina Feb. 5, 1874. He lived in Pecan Gap for many years before moving to Eastland.
 Survivors include his wife; four sons, E. W. of Dallas, Travis of Pecan Gap, C. O. Jr. of Evant and Gene of Midland; four daughters, Mrs. Bill Moore of Fairfield, Calif., Mrs. Kate of Midland, Mrs. Mary Margiotta of Long Island, N. Y. and Mrs. Tommy Clark of Eastland; and numerous grandchildren.
 Burial will be in Pecan Gap.

MISS SYLVIA LATHAM... wedding announced

Miss Sylvia Jeanne Latham to Wed Donald S. Slatton May 10

Mr. and Mrs. Robert Homer Latham of 506 South Bassett have announced the engagement and approaching marriage of their daughter, Miss Sylvia Jeanne Latham to Donald Stewart Slatton of Abilene. The bridegroom-to-be is the son of Rev. and Mrs. Murphy Slatton of Eastland.

The wedding will take place at 7:30 p.m. May 10 at the First Baptist Church of Eastland with Rev. Harvey Kimbler officiating, followed by a reception at the Woman's Club. All relatives and friends are invited, announced the bride-elect's parents.

Miss Latham was graduated from Eastland High School and attended Ranger College. She is now employed with Southwestern Bell Telephone Company in Eastland.

Her fiancée was graduated from Olden High School, attended Cisco Junior College, served two years in the U.S. Army and was discharged in the fall. He is now employed by the Foremost Dairies in Abilene.

The couple plan to make their home in Abilene.

New Electric Medallion Home Program Outlined

Eastland, Ranger and Breckenridge building contractors got a look at the new "Live Better Electrically" Medallion home program Tuesday night when Texas Electric Service Co. played host to the tri-city group in Breckenridge.

Bill Collins of Eastland, assisted by Ben McKinnis, outlined the program and how a concerted effort will be put forth both nationally and locally to advertise the merits of having proper electrical wiring in modern homes.

Bill Rogers, Breckenridge manager, introduced Collins who showed film slides during his talk. Frank Sayre, district manager from Eastland, spoke briefly. Al Larson, TESCO manager at Ranger, also attended the meeting.

A large number of contractors from the three cities attended the meeting. They were treated to a steak dinner.

Gorman Gatherings

By Mrs. R. E. Boucher

Mr. and Mrs. Gene Elliott, Pat and Jeanne of Abilene were in Gorman Saturday. They were enroute to San Antonio. They stopped here to pick up his father and mother, Mr. and Mrs. J. N. Elliott, to visit over the weekend with Mr. and Mrs. O. D. Hite, Susan and Sally in San Antonio.

Mr. and Mrs. Ben Nix and Sherry of Denton were weekend guests in the home of their parents, Mr. and Mrs. Marvin Nix. Mrs. T. E. Hogan returned

home Saturday from Fort Worth. She has been with her daughters for the past month recovering from a heart ailment. Her daughter, Mrs. Bob Newton, brought her home and spent the weekend. Those attending the teachers meeting in Abilene Friday were Supt. Graydon Baze and his staff. The girls basketball team won all three games at Brownwood and are scheduled to play in Austin in the state playoffs. Gorman is proud of their girls.

Mr. Elba Pittman had as her guests over the weekend her son and family, Mr. and Mrs. Harrell Pittman and children of De Leon and Mr. and Mrs. Cleo Parmely and Mrs. Ruth Hanson of Abilene. Mr. and Mrs. Freddie Bennett and children and Mr. and Mrs. Stanley Bell of Fort Worth visited with their parents, Mr. and Mrs. Geo. Bell and Mrs. Ruby Bennett recently.

Mrs. A. M. Allen of De Leon visited recently in the home of her sisters, Mrs. T. F. Morrow and Mrs. J. E. Walker.

Mr. and Mrs. W. M. Emmons of Breckenridge were guests in the home of her parents, Mr. and Mrs. J. E. Walker over the weekend.

Neil Sutton of Berger was home over the weekend. E. W. Underwood of Fort Worth was here on business Saturday. He also visited in the homes of his sisters, Mrs. Gus Fossard and Mrs. Floyd Gilbert, and his brothers Charles Underwood and T. F. Morrow.

Mr. and Mrs. Ben Burdett visited with George Snyder in Ranger

Sunday, Mr. Snyder is a patient in the General Hospital there.

Mr. and Mrs. G. W. Porter and Mr. and Mrs. Floyd Porter are visiting with relatives in Lameta this week.

The spring revival of the First Baptist Church begins March 30 and closes April 6. Rev. Phillips of Henderson will be the evangelist. We are anticipating a good meeting. Everyone is invited to attend.

appearance in the Texas area by its purchase of the Bird Grocery Stores of 110 in number and in all cases were semi-self-service with weekly sales of \$100,000. The number of stores has increased by at least 25%, a store's daily sales of \$10,000. Most of this change can be attributed to changing methods of operation.

WSCS Elects Delegates to Attend Meeting

The Women's Society of Christian Service met Tuesday evening in Temple March 25, 26, and 27.

It was announced that a mission study will start at the church here Monday, March 17, under the direction of Mrs. A. W. Brazda.

Mrs. John Roberson discussed "Our Goals for the Year." The devotional was presented by Mrs. James Ellison, on "The Sincerity of a Good Mother." A song, "Happy the Home," was sung. Mrs. Peacock led the closing prayer.

VISITS AUNT

Lt. Col. Morris Kelley of San Angelo will be a guest in the home of his aunt, Mrs. C. E. May, Sr., today.

A Jewel Of A Cake

Surprise your family on St. Patrick's Day with this easy to make Leprechaun Cake that harbors hidden treasure just as Irish folklore tells us. Frosted with whipped cream and gayly garnished with green maraschino cherries for shamrocks, the treasure is revealed in the bottom layer of the cake, which is emerald in color and fruity in flavor.

The trick is easy to do with lime-flavored gelatin prepared according to package directions. Poured over the cake layer and then chilled.

Leprechaun Cake

1 package lime-flavored gelatin 1 cup whipping cream
2 nine-inch sponge cake layers 2 tablespoons sugar

Prepare gelatin according to package directions. Place one cake layer in 9-inch cake pan and pour the gelatin over it. Chill about 2 1/2 hours, or until gelatin is firm. Dip bottom of cake pan in hot water just long enough to loosen gelatin around sides of pan. Then slide cake from pan.

Frost with whipped cream. Then place second sponge layer on top. Frost top and sides of cake with whipped cream. Garnish with halved green maraschino cherries to simulate the shape of a shamrock.

Helen Jean Parks Circle Meets With Mrs. Hardy

The Helen Jean Parks Circle of the First Baptist Church met Tuesday, March 11, in the home of Mrs. Kenneth Hardy.

Mrs. J. N. Sutton opened the meeting with a special prayer for the coming revival and the mission program.

A short business meeting was held with Mrs. Earle Pittman, co-chairman, presiding.

Mrs. L. G. Kennedy, mission study chairman, reviewed the first two chapters of a mission study book entitled "Look, Look, the Cities." Mrs. Pittman assisted her by leading a quiz on cities of the Bible, with all the group participating.

The meeting was closed with a prayer led by Mrs. Roy Barrett. Refreshments of cake and sweetrolls were served to Mes. W. H. Clem, Pittman, Sammie Elder, Barrett, Ray Swindell, E. T. Gore, Kennedy, W. J. Arterburn, Carl Black, Lewis Conn, Kenneth Williams, Jack Gibson, Sutton, Wilson Guest, and the hostess, Mrs. Hardy.

Mrs. Vinson Is Hostess to Bible Study

The ladies of the Merriman Baptist Church met in the home of Mrs. W. S. Vinson Tuesday afternoon at 1:45 for their weekly Bible study.

The devotional was taken from the 34th chapter of Exodus and presented by Mrs. A. E. Dawson. Refreshments were served to Mes. G. D. Falls, C. J. Cole, Dawson, J. W. Vinson, and the hostess Mrs. W. S. Vinson.

Hospital News

New patients in the Ranger General Hospital are: Ronald Patton, Olden, medical; Lola Harris, Ranger, medical; Mrs. E. H. Waldrip, Ranger, surgical; and Lena Smith, Eastland, medical.

"Who Says You Need Costly Shots To Relieve 'Hot Flashes' And Irritation From Change-Of-Life?"

Mrs. A. M. Watonga, Okla., adds, "Middle age was torture. Had costly shots 3 times a week but got no relief. Then took Pinkham's Tablets. They brought me new happiness, comfort!"

Science offers women new freedom from much of the misery of change-of-life, thanks to an amazing new tablet developed especially to relieve these functionally-caused discomforts. Doctors reported sensational results using this remarkable home treatment alone... and no costly injections!

Relief for 8 out of 10 Tested! Irritability, tortured nerves were calmed. Dizziness relieved. Awful hot flashes subsided. Here's why. Unlike aspirin and such "general purpose" remedies, this new tablet is a unique combination of special

medicines... acts directly on the cause of these troubles... works through a woman's sympathetic nervous system to relieve tense feelings and physical distress that bring unhappiness to so many. Clinical tests prove this. Now this amazing formula is at drugstores without prescription. Ask for "Lydia Pinkham's Tablets". Don't let change-of-life rob you of joy! Get handy Pinkham's Tablets. Contain blood-building iron. See how fast you can feel your happy self again—without costly shots! (Also liquid Lydia E. Pinkham's Vegetable Compound.)

Rabies Threat To Wildlife In Texas

A dangerous undercurrent of rabies runs throughout the broad range of Texas wildlife. The condition, while not new, could erupt into a full scale epidemic in an unguarded moment.

Rabid wildlife species infect dogs, and dogs infect other dogs. Therein lies the greatest source of danger to humans.

Twenty-eight cases were diagnosed in State Health Department laboratories during December. In addition, six positive cases were diagnosed in dogs by the El Paso County laboratory.

The 2 cases were submitted

from 15 counties. Included in the total were 12 dogs, 11 foxes, three cats, and one bat and one coyote.

Jasper County in deep East Texas was hardest hit. Situated in the center of the most active focus of wildlife rabies, the county reported eight positive cases—six foxes, one cat and one dog.

Cameron County at the southern tip of the State was second with four cases, all in dogs. Freestone, Llano, and Red River Counties experienced two cases apiece. Bexar, Grayson, Hardin, Harris, Hidalgo, Marion, Presidio, Tom Green, Tyler, and Wichita Counties each had a single case.

There is general agreement among health and veterinary officials that only a small fraction of the actual number of cases is reported. Thus, rabies in Texas is much more prevalent than indicated by heads submitted for the laboratory analyses.

Authorities also agree that we need not tolerate the constant threat of rabies provided we are willing to take these three tried and proved steps to erase it from the Texas scene.

1. Enforce vaccination of all dogs and cats. Some vaccines give effective protection for a year. Others, composed of egg-grown live virus, may protect for as long as three years without revaccination.

2. Adopt and enforce stringent city ordinances against stray dogs. Ownerless dogs—those without licenses or vaccinations—should be impounded.

3. Set up local programs of areas of over-abundance. Of greatest concern in Texas are foxes and skunks.

England and the Scandinavian countries have taken these steps. So have several of our own north-east states. Their reward has been complete freedom from one of the most dreaded of all diseases.

All three steps demand full cooperation from all pet owners and local governing officials. Without such cooperation, rabies eradication is doomed to failure before it starts.

Political Announcements

The Ranger Times has been authorized to publish the following announcements of candidates for public offices, subject to the Democratic primaries in July, as follows:

- State Representative PAUL BRASHEAR or County Judge JOHN S. HART (Re-election) CLYDE L. GARRETT County Clerk JOHNSON SMITH (Re-Election) County School Superintendent H. R. (Pop) GARRETT (Re-Election) District Clerk ROY L. LANE (Re-Election) For Justice of the Peace Precinct 2 CHARLES DOBO (Re-Election)

WEEKEND GUESTS Major and Mrs. Norman Davenport and Jan visited Mrs. Lottie Davenport over the weekend. Mrs. Davenport returned home with her son and family to Lawton, Oklahoma, to spend the week.

WAITING BY THE RIVER — Misery is mirrored on the faces of these friends and relatives of the school children who died in the Levisa Fork of the Big Sandy River, three miles south of Prestonsburg, Ky. They're waiting for workmen to bring the death vehicle to the surface of the muddy torrent. Twenty-five or more children died with the driver when the bus plunged off a 50-foot bank into the water. The National Safety Council called it the worst school bus accident in history.

HOME MAKERS Views and News

Home plants like other living things need moisture, air and food. Purpose of the soil is to hold the moisture and air and release the nutrients gradually as the plants grow. To mix potting soil, mix one-half coarse peat and one-half good garden soil. The garden soil contains the plant food; peat facilitates drainage and lets air get to the roots, and increases the water holding capacity of the mixture.

This soil mixture should be suitable for most house plants such as geraniums, philodendron, ivy and begonias. Plants such as succulents, cactus and sedums require a mixture with more sand to provide necessary drainage. One-third peat, one-third sharp sand and one-third garden soil makes a good mixture for these cactus type plants. Prepared soils are available from local florists, nurseries and garden suppliers for those who do not have the facilities for preparing potting soil at home.

Black spot and powdery mildew are the most common leaf diseases of roses in Texas. Extension Specialists advise the use of control measures, dusting or spraying, as soon as the first new shoots begin to develop.

Black spot is the disease which causes the large brownish, black margins on the soft twigs and leaves. It will soon be making its appearance. One of the best preventative treatments, is the use of a sulfur-cooper dust mixture, 90 parts of sulfur and 10 parts of cooper, applied weekly except during hot, dry weather. Applications made during such weather may cause burning.

During wet weather, the rose plants should be thoroughly dusted or sprayed. If the disease becomes established, spray with captan, raneb or zeneb. Both sides of the leaves should be coated with the spray material. Spraying will give better results than dusting.

Powdery mildew causes a white powdery coating on the leaves, buds and young stems of the rose plant. The sulfur-cooper mixture is recommended for early control and as a preventative treatment because it is cheaper than other materials. However, if powdery mildew becomes established, then weekly-spraying with karathane or midex are suggested. If both diseases become established, a combination of chemicals may be used. In general, the yellow and white varieties are more susceptible to these diseases. Radiance and red Radiant varieties are resistant to both.

ATTEND THE CHURCH OF YOUR CHOICE EACH SUNDAY

How do you feel about burglars?

It's foolish to own fine things and then worry about their being stolen.

Let us and America Fore worry about that for you.

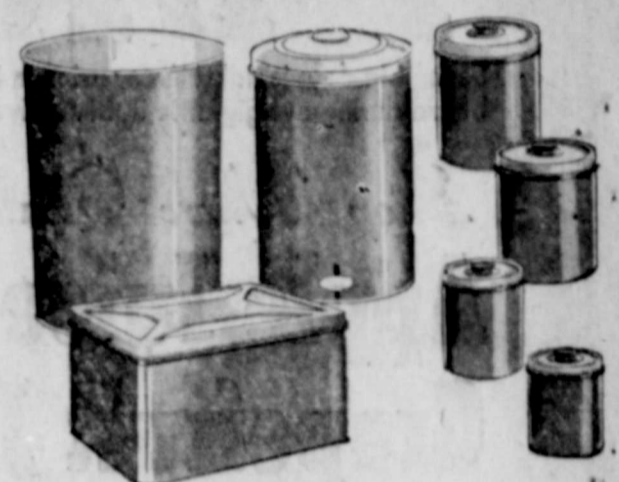

Let us write an America Fore policy for you which will take the sting out of loss of household goods, personal effects, clothing, jewelry, furs, silverware, etc. It covers burglary, robbery, theft and MYSTERIOUS DISAPPEARANCE (which is considered to be theft.)

It also may include holdup and theft away from home, and covers all members of your immediate family residing with you. And you'll be amazed how little this Family Theft policy costs. Ask us.

Lacasa Lines
Mrs. D. B. Raney

The Annie Armstrong week of prayer programs held by the W.M.U. of the New Hope Baptist Church the past week were well attended each afternoon and will end Wednesday night with the play "Daughter of Destiny," being presented after prayer services.

Fifteen members of New Hope Baptist Church attended the workers' conference at Moran Tuesday evening. The pastor, Frank Brooks, was on the program for the sermon of the conference.

Visitors to Mr. and Mrs. Jack Pockrus the past week were Mr. and Mrs. A. W. Sechrist; Mrs.

Dora Dempsey and children, Gerald and Carol; Mr. and Mrs. Truman Dempsey and Bobby Dale; all of Ranger; Hubert Pockrus; and Dial Raney. The latter was a representative of the men's Sunday School Class of New Hope Baptist Church at the Sunday school hour. Mr. Pockrus was a member of this Sunday School Class and will have one member meet with him each Sunday morning.

Mrs. Norman Morrison and baby returned to her home in Fort Worth after being ill for several weeks in the home of her parents, Mr. and Mrs. H. L. Caraway and the Ranger General Hospital.

Mrs. A. O. Templeton spent several days last week in Abilene caring for her daughter-in-law and grand-daughter, Mrs. Carlton

Templeton and Carla, who were ill several from here attended the funerals of Mrs. Marsh Cook Swann and Mr. Ad Simmons at Abilene. Both were well known here.

The Lacasa Community Club met last Thursday and will meet again March 20. It is very important that all come at that time.

Don Deffebach Is Guest Speaker A-P-TA Meeting

Don Deffebach was the guest speaker at a meeting of the Hodges Oak Park P-TA Tuesday afternoon at 3:30, in the school auditorium. The topic of his speech was "Banishing the Word 'Delinquent'."

A cornet solo was presented by Jackie Ray Neeley, who was accompanied by Ann Robinson at the piano.

Jesse Sutton To Direct Music In Revival Meeting

J. N. Sutton, minister of music and education at the First Baptist church, will direct the music in the revival meeting beginning Sunday, March 16 and continuing through March 23.

Mr. Sutton has served the First church for the past eighteen months and has developed a wonderful Sanctuary choir as well as an intermediate and Junior choir group.

Morning services each day begin with breakfast at 6:50 to 7:10 and worship from 7:15 to 7:50 when the benediction is given. Evening services begin at 7:30.

BETWEEN YOU, ME AND THE LAMPPOST—The saga of six Belgians who fought for freedom when their country was ruled by Spain in the 17th century is perpetuated in iron outside an old inn in Brussels. Hidden at the inn, which dates from 1677, the leaders of the rebellion were discovered by a Spanish patrol. They ran for their lives but were captured and hanged at a nearby town.

VISIT HERE

Mr. and Mrs. Mike Evans and children, Kelly and Duke, of Dallas visited her parents, Mr. and Mrs. J. B. Shirley, over the weekend.

Other guests of Mr. and Mrs. Shirley over the weekend were Mr. and Mrs. Cecil Townsend of Royalty.

COLD SUFFERERS

Science Develops New Tablet: Relieves Painful Monthly Cramps For 3 out of 4 Women Tested! Gives Greater Relief Than Aspirin!

New promise of relief from tortures of monthly cramps, nervous tension is found in an amazing new tablet! Developed especially to relieve this female discomfort, it offers greater relief than aspirin!

For 3 out of 4 tested by doctors, pain and cramps were stopped or strikingly relieved. Even on the first day, many had no nagging headaches, no backaches or other functional distress!

The new tablet contains a unique combination of medicines.

That's why it offers so much more relief than plain aspirin! Acts on the cause of distress to calm uterine contractions. Also works through a woman's sympathetic nervous system. Called "Lydia Pinkham's Tablets," they're sold at all drugstores. Easy to take, contain blood-building iron.

So don't suffer needlessly. Take Pinkham's Tablets yourself. See if you don't escape much irritability and discomfort—before and during your period!

If you prefer a liquid all druggists, today, also have the famous Lydia E. Pinkham's Vegetable Compound.

Notes From OLDEN
By Mary Ann Reese

Mrs. Marvin Hutto underwent surgery in Ranger General Hospital Thursday morning. She is doing as well as can be expected.

Guests in the Lester-Lowe home this past weekend were Mr. and Mrs. Joe Slough and baby of Freeport. They were enroute to Abilene to a funeral.

Mrs. S. J. Munn, a long-time resident of Olden, passed away last Thursday. Mrs. Munn lived in and around Olden for about 30 years.

Olen Keller was seriously injured in a ditching machine accident Wednesday morning. Both legs

were broke.

Ralph Norton of Abilene visited with his mother, Mrs. Ruth Howard this past weekend.

Candidates for the trustee election of the three vacancies on the Olden School board are O. H. Dick, C. B. O'Brien, L. J. Williamson and Z. W. Cook.

Mr. and Mrs. A. D. Campbell and Mrs. Stella Jarrett attended a retirement banquet for V. L. Red at the Wooten Hotel in Abilene on Feb. 28.

Guests in the Tom Sharpe home this past weekend was Mrs. S'nary's brother, Bill Elliott from Abilene.

Mrs. L. C. McMinn is visiting relatives in Kermit.

Mrs. Stella Jarrett attended a postal meeting Saturday in Valley Mills. While there she also visited her mother and other relatives.

Women's Activities

March 13

The Rho Pi Chapter of Beta Sigma Phi will meet March 13 in the home of Mrs. W. F. Creager. Hostesses will be Meses. Drennon Daves and Charlie Rose. The program theme will be "Home Building and Planning."

RETURN FROM VISIT

Mr. and Mrs. Lee Russell returned Sunday night from a visit with his parents, Mr. and Mrs. H. M. Russell, of Stroud, Okla.

Super U. S. Brain Academy Is Discussed By Rep. Omar Burleson

OMAR BURLESON
17th District
Washington, D. C.—New ideas of Federal Aid to Education have previously been discussed in this column.

In addition to the proposal for direct contribution of Federal funds to public schools are now those which would subsidize higher institutions of learning, and those which would subsidize the individual student.

These later proposals are made under the new emphasis on training scientists.

One of the newest and most appealing is the creation of a United States Science Academy. It would operate similar to West Point, the Naval Academy and the Air Force Academy.

It is proposed to be under the direction of the Department of Defense, but its military atmosphere would be limited.

It would train selected men and women to be known as cadets in the field of science and engineering, for service as officers or employees of the United States.

It would prepare young people for scientific careers, devoted primarily to the security and safety of our country.

The Secretary of Defense would determine the permanent location of such an academy, after a commission of five had made a study of possible sites within the country.

Upon graduation, all cadets would be required to serve a minimum of five years as officers, scientists with the United States Armed Forces or as civilian scientists or engineers in the Government.

Nomination of cadets for the academy would be made by the President, senators and representatives, as is done for the existing academies.

The period of study would be four years.

The bill introduced for such an academy provides that military and physical requirements be minimum. The greatest possible emphasis would be on scientific knowledge and development, and not on the cadets' military training or service.

The author of the bill points out these advantages:

It would assure our armed Forces and civilian branches of the Government with a definite, dependable and steady number of

highly trained scientist-officers. At present, we must obtain such men through the draft and have been unable to get enough of them.

The author maintains it would provide a far greater advantage for the country by the fact that men and women trained at the Science Academy would be geared toward national defense, including scientific research and scientific defenses.

The pro argument says that it would provide an incentive for American youth to strive for scientific leadership and pursue a career in science and engineering; that it would strengthen our present system of scientific education by training more people skilled in the art of communicating interest in science, and increase the percentage of science teachers.

If we are to concentrate on training scientists for the future, this method would at least pinpoint our efforts. It would assure the services of trained scientists for the Government, and not train a lot of people who may decide to accept employment in private industry after they receive their education at Government expense.

What do you think?

RETIRING—Mr. and Mrs. F. L. (Pat) Crawford are retiring effective April 1 and plan to "fill our places of service in our community." Crawford retires from Magnolia Petroleum Co. after almost 32 years service. Mrs. Crawford is retiring as a state Baptist Training Union Worker. (C. Harris Photo).

Journalism Scholarship Deadline Set

Deadline for entries in the West Texas Press Association's \$400 Journalism Scholarship Contest was announced as May 1 today by Ray E. Fox of Colorado City, contest committee chairman. The Eastland Telegram is one of the participating newspapers which annually award this scholarship.

Winner will receive \$100 per year for each of his or her four years at any of 10 cooperating West Texas college and universities. Two previous winners are now studying college journalism on WTPA scholarships.

Rules for the journalism scholarship award have been forwarded to high school principals and newspaper editors and publishers throughout West Texas.

Applicants must be in the top 25 per cent of their 1958 high school graduating class, demonstrate and be interested in journalism as a career.

Pat Crawfords Are Retiring On April 1

Mr. and Mrs. F. L. (Pat) Crawford of 507 South Mulberry, Eastland, were honored at a retirement banquet in Dallas on Friday March 7, by the Natural Gas Department office and Laboratory employees of Magnolia Petroleum Co.

Crawford is retiring April 1, from active service for the company, after 31 years and eight months. Mrs. Crawford has traveled as a state training union worker for the Baptist Demonstration for the past 10 years and is also retiring from this work.

At the banquet, Crawford received recognition for his services and was presented a retirement plaque and an annuitant's emblem by P. D. Blackburn of the department office.

Mrs. Crawford received two pieces of luggage and her husband received a three-suit piece of luggage to match, and a wrist watch.

Mr. and Mrs. Crawford have lived in Eastland since 1938. However, for the past several years, their work has kept them away the majority of time.

They plan to be in Eastland permanently at their home and are anxious to visit with friends and to fill our places of service in our community.

HERE FROM ABILENE

Aubrey Carver and son Bobby of Andrews visited Mr. and Mrs. J. D. Johnson over the weekend.

Eddie Munn Is Named On Area Class B Team

Eddie Munn, a 6-3 Olden High School senior, was named on the Abilene Reporter-News' second team Class B All-Area basketball team today.

Joining Munn on the squad was Jack Hilliard of Olden, who gained honorable mention and Jerry Warren of Gorman who also was listed on the honorable mention list. All three of the boys made All-District honors this year. Jerry Blackwell of Seranton won third team honors.

Olden won the District 32-B title, then went on to cop bi-district honors. They were edged out in regional play.

Easter Seals Mailed Out to More County Citizens Than Ever Before

Thousands of sheets of colorful Easter Seals cascaded into the mail this past week, getting the Eastland County 1958 appeal underway. Mrs. Marene Johnson, chairman, announced today.

Mrs. Johnson said that 4 1/2 year's mailing will reach even more homes than in 1957, seeking support for the continuation and expansion of the Easter Seal service for crippled children.

Contributions were already being returned by Wednesday, and drive, Mrs. Johnson said, "makes us believe that this year's drive will be a big success."

The 1958 appeal, sponsored by three National Society for Crippled Children and adults and its 1655 Easter Seal affiliates in every state, will continue the drive through Easter Sunday, April 6.

"In the real spirit of Easter, and of spring, we hope for the greatest outpouring of support from the public in the history of the Easter Seal Society," Mrs. Johnson stated, \$60 had been contributed by this morning. The early response to the

PONTIAC SWEEPS NASCAR SAFETY HIGHWAY PASSING TESTS!

DAYTONA BEACH, FLA.

Pontiac again proves it is AMERICA'S NUMBER 1 ROAD CAR in the year's toughest test of SAFETY, HANDLING AND PERFORMANCE!

HOUSEWIFE VICKI WOOD AND HER '58 PONTIAC taught men drivers a lesson in winning the 30 m.p.h. safe passing event. The elated Mrs. Wood reported, "... our new Pontiac handled and performed like a dream ... so smooth and easy I couldn't believe it"

Winner of the 30 m.p.h. passing event and high over-all winner of the safety tests with his standard 4-door Pontiac Catalina, magazine auto expert Jim McMichael cracked, "I could have told them before the tests started—this '58 Pontiac is in a class by itself".

Chances are you'll never be up against the precise and exacting demands that NASCAR puts on test cars and drivers.

But you can put Pontiac through your own everyday driving paces and learn why test drivers call Pontiac America's Number 1 Road Car.

You'll discover that the industry's hottest team of engineers has created a car so advanced in basic design that it brings with it a totally new kind of driving.

Give the nod to its Tempest 395 V-8 with power trimmed precisely to your wish. Corner it, park it, maneuver it to the point of abuse and you marvel at your absolute command in every type of driving situation.

Come in—drive and safety-test America's Number 1 Road Car. You'll discover it's by far the biggest money's worth on the market!
