38TH YEAR PRICE FIVE CENTS A Small City with Big Industry - A Bright Spot for New Industry RANGER, TEXAS, SUNDAY, MARCH 30, 1958

See What I Mean?

By RAY SWINDELL
Times Editor

From a newspaperman's viewpoint, the circulars that were distributed in Ranger several days ago were a bit on the comical side.

It is not our intent to say they were comical in content, but in the manner in which they were presented to the public. We have always been of the opinion that such mid-night rides faded away with the Klux Klan of the Throbbing 'Twenties.

We do not propose to deny that the circulars contained facts, nor do we wish to state that the circulars were composed of truths.

But, one thing is obvious, and this is a newspaperman speaking, the circulars are libelous. The person or persons involved are now open for a nice size law suit.

It has been pointed out to this writer that libel does not exist when facts are present to substantiate a statement. But facts do not prove anything. Courts do. The law is what the court says it is at a specified time.

We have witnessed the college's side of the story but we are still blank on the other side.

The bite of winter seems to be getting softer and softer and we expect, by next week, the local residents will be "under the weather" of the spring weather.

Of course, only fools and newsmen predict the weather in Texas.

About the change in weather, as one newspaper columnist says, "I could be wrong."

Chances are that many of you will read these few lines before 1 p. m. If so, you might like to be reminded that the boat show activity gets started at this time.

We have chatted with the local firms who have placed boats, motors, accessories, camping and fishing equipment on display at the National Guard armory for the two-day event. And it is our conclusion, that it will be an interesting and educational program.

Prizes will be offered by the firms who have entered the show and by the Ranger Volunteer Firemen.

It is a show that the entire family can enjoy and it does not cost a cent.

While in the reminding mood, we would like to point out that April is Cancer Control Month. Mrs. Reecoe Hopper has been appointed, Eastland County chairman.

She recently announced that the county goal was \$2,500. April 15 has been designated as Cancer Control Day. It might be well for all of us to remember April and do what we can to fight one of the worst sicknesses there is.

The talk about a tri-city telephone exchange seems to have pulled an old soldier trick—faded away. Not too many local residents have been discussing the project.

We have chatted with a dozen or so individuals and they are split. Half are for it and half are against it.

It is our understanding that the Southwestern Bell Telephone Company officials are studying facts and figures gathered in a recent survey of Ranger, Eastland and Cisco.

What kind of conclusion they reach is anybody's guess. It has been pointed out to us that the Bell Company favors a tri-city system.

Whenever the survey is completed, it will be presented to the city commissioners of Ranger, Eastland, and Cisco for their approval. And there is a chance that they will not approve it.

The Times February 26 advocated such a system provided that the cost is reasonable. And this writer is for the system.

Stolen Camera Is Recovered By City Police

City police revealed today that a camera stolen from Morris Newnam had been recovered. The camera, stolen shortly after Christmas from Newnam's car, was returned voluntarily by a teenager who was not involved in the theft of the camera.

The youth was quoted by officers as saying another youth stole the camera and gave it to him to keep. However, when the youth was questioned by City Patrolman Don Butler, he admitted knowing the whereabouts of the camera and immediately turned it over to Butler.

Officers placed the value of the camera at over \$100. It is a Model 150 Polaroid Land camera.

Butler said he questioned the youth about stolen goods in connection with the recent hubcap thefts and the camera. According to Butler, the youth departed and within ten minutes had returned with the camera.

He told Butler he did not steal the camera but named the boy, another teenager, who did.

Both boys were questioned and released pending further investigation.

ROTARY CLUB LADIES NITE SET APRIL 2

Rotary Club Ladies night will be held April 2 at the Ranger College cafeteria, it was announced today by Rotary officials.

A musical program has been scheduled featuring the local First Methodist Church Choir and a singing group from the Albany branch of Ranger College.

The Albany group is under the direction of Roy Hathway.

Club officials said that members may invite guests to the event which will start at 7:30 p. m.

Dr. A. W. Braza da is president of the club and Virgil Elliott is president-elect.

TAYLOR COUNTY IS SECOND

County's Bond Sales Rank First In Zone

Any businessman doubting that there is money to be spent in Eastland County should take a look at the latest report issued by the United States Treasury Department concerning savings bonds.

Eastland County set the pace in District 16 with total sales of \$114,200. Ranking second in the sale of bonds was Taylor County (Abilene) with purchases of \$99,866.

February sales pushed the county's total purchases of bonds to \$507,000, according to Guy Parker of Eastland, county chairman.

The 35 percent figure also leads the nine county figures. Nolan County ranks next with a percentage mark of 26.8.

Statewide the percentage of quota sales during the first two months of the year is only 18.6 percent. Eastland County ranks among the top county's in the state in sales. In the 29 county Fort Worth District only two counties had larger purchases of bonds in February than Eastland County did. Only Tarrant (Fort Worth) and Wichita (Wichita Falls) had sales higher than Eastland County, and percentage-wise both of those counties fell far below Eastland County's 35 percent mark.

Here is a chart showing how counties in District 16 ranked:

RANGER AUTO PARTS—The recently completely remodeled front of the Ranger Auto Parts, located on Main Street, is pictured above. The parts company, owned by Gaston Dixon, offers complete machine work and replacement parts. The firm has been located in Ranger for a number of years. Dixon has been associated with the firm since 1930. He was an employee until 1945 when he became part owner and later, in 1955, he became sole owner. The company offers repair work on lawn mower motors. (Staff Photo).

County Easter Seal Drive at \$490 Mark

Mrs. Bill Sikes, chairman of the Eastland County Easter Seal drive, announced today that contributions now total more than \$490. Mrs. Sikes said that with two weeks remaining in the drive, the county has gone above last year's donations.

"Ware is still needed," Mrs. Sikes said. "Hundreds of Texas children may be unable to receive needed care and services for their numerous crippling conditions this year unless Easter Seal Appeal funds reach an almost ridiculously low goal of \$35,000 for the entire state, Mrs. Sikes said.

"Many now healthy children—how many, no one can accurately predict—will fall victim to crippling diseases and accidents. Statistics can actually forestall the birth of hundreds of Texas babies who will come into the world crippled by cerebral palsy (caused and cured as yet unknown) and by clubfoot, cleft palate and other congenital defects.

"Like death and taxes, they know that many will be crippled by accidents and disease, and that hundreds will be born crippled, is a sure thing. The only unknown factor are 'who' and 'how many'."

"And—just supposing—if it was only one child in the entire state of Texas, wouldn't it be tragic if it was your child, or even the child next door?"

And yet, each year, thousands of Texas parents are faced with the reality that is their own child who is crippled. It becomes something awesomely personal.

"This is a decisive year for the Easter Seal Family in Texas," Mr. Ricker said. "Success in reaching our goal will mean a better opportunity for many children whom we already serve, and a chance to expand our program to serve many others."

The Easter Seal leader pointed out that costs involved in operation and maintenance of the non-profit organization caring for the crippled have increased "tremendously" in the past few years, just as with most profit-making enterprises.

And as if increased costs were not problem enough, an even greater responsibility is placed on the Easter Seal societies in Texas as the population of the state continues its rapid increase, causing the number of crippled children and adults who need Easter Seal service to raise proportionately.

"Over the years—even during years and depressions—the Easter Seal Appeal in Texas has shown a steady, but never spectacular, gain," Ricker said.

"Able-bodied Texans have never failed to respond to the needs of their less fortunate neighbors when those needs have been clearly presented to them. I feel sure that 1958 will not be an exception."

Ricker added, however, that Easter Seal services cannot be extended in 1958 to care for many who are waiting unless greater support of the current Appeal is given in all parts of the state. "We will do well just to 'hold the line,'" he said.

To care for the thousands of crippled Texans who could benefit from treatment or services, the Texas Society's funds in 1957 totaled just over \$281,000.

Yet with this comparatively small sum it actually provided care and treatment for 5,000 crippled children, and maintained 31 strategically located Easter Seal treatment centers in Texas, a greater number than in any other state.

The 5,000 children aided by the Society in Texas represented nearly a third of the total cared for by Easter Seal societies nationwide, and yet there are at least 20,000 in Texas who could benefit from Easter Seal services. If we had the funds and staff to care for them," Ricker added sadly.

Investigation Still Underway

Unique And Weird...

Stories Continue On Hubcap Thefts

Unique, but weird stories continued to come to light today in the series of automobile accessory thefts that have been uncovered by local and county law enforcement officers in Eastland County.

Latest to be revealed by Chief of Police W. G. Pounds and city policeman, Don Butler was a technique used by a 15-year-old Ranger youth to return stolen auto parts to Ranger from another town.

According to Butler, who has done a considerable amount of work in uncovering the thefts, the youth tied the stolen accessories under the automobile with baling wire.

The stolen equipment was returned to Ranger in that manner from an East Texas town with the family unaware that the accessories were tied beneath the car.

Officers quoted the youth as saying he had done the same thing on a trip to Big Spring.

Police questioned the youth at considerable length pertaining to other thefts in Ranger during the past several months. The investigation continues today. Some 15 boys from Ranger and Eastland are involved.

HIS PAL—Dean Hammond, who for years has cheerfully attended school despite his serious illness, poses with his pal, "Peanut. Local citizens have been asked to give Dean "a last chance."

Minister Urges Aid For Desdemona Boy

A DeLeon minister, James R. Hill, pastor of the First Christian Church, is leading a drive to give a 10 year Desdemona boy a chance for survival.

The youth is Dean Hammond, son of Mr. and Mrs. L. P. Hammond. Mrs. Hammond is an employee of Hollywood Maxwell factory in Eastland.

It was in 1953 that Mr. and Mrs. Hammond learned from their family doctor that their son had contracted a serious if not incurable disease, which is some type of muscular disorder.

Since that time Dean has grown progressively worse, but still attends school daily in his wheelchair. He has an alert mind and in spite of his physical handicap masters his studies as a fourth grader.

For some five years, Mr. and Mrs. Hammond and Dean's older brother, Gerald, have carried the burden common to any family having this problem. During the four years, Dean's father is a farmer, the family's income has not been sufficient to maintain family expenses. Mrs. Hammond took her job in Eastland to help pay part of the cost of medical care for Dean.

"The fine farm family has not asked for help, but some of us have learned that there is a ray of hope, even though remote it may be," Rev. Hill said in a visit here Wednesday. "We have learned too, that the care he must have will be beyond the family's financial resources."

Church of God Revival Set For Next Week

A revival campaign will be conducted March 30 through April 13 at the Church of God of Prophecy located on Tiffin Road. Evangelist W. T. Pettyjohn will conduct the revival. He will be assisted by David House.

Services start each evening at 7:30. There will be old-time preaching, salvation for the souls, special singing, and prayer for the sick.

L. C. PHAGAN, PREMIER JOSEER 1204 W. Bliss - Phone CIO 2-1640 All types of oils and greases for farm, industrial and commercial users. Only local oil (no imported oil used) in making Premier Products.

NO HEARING SET YET FOR TEENAGERS

City and county law enforcement officers continued to uncover stolen automobile accessories this week to focus more attention on the county and city teenagers involved.

At the same time, officers have revealed the unique, uncanny, and eerie actions of the teenagers towards each other.

Chief of Police W. G. Pounds and City Policeman Don Butler disclosed that a large number of hubcaps, car mirrors, fender skirts and other auto accessories have been recovered this week.

Others are still reported being turned up. Butler said there was some speculation that the youths had thrown some stolen articles in Lake Leon.

Latest development was made this week when a youth returned a camera stolen from a local man's car shortly after Christmas. The youth voluntarily returned the camera after he was questioned by Butler.

Officers said that "hundreds of dollars" worth of equipment has been stolen. Some of it has been accounted for but there is still some that has not been recovered.

Deputy Sheriff Johnny Boyd said that in addition to the Ranger teenagers, boys from Eastland and Carbon have been implicated. He said a group of Eastland boys set fire to the Church of God in Eastland.

Hise Funeral Rites To Be At 3 P.M. Saturday

Funeral for Charles F. Hise, 66, former Ranger resident who died Thursday at his home in Abilene, will be held at the Church of Christ, corner of Ruak and Mesquite Sts., at 3 p. m. Saturday.

Burial will be in Evergreen Cemetery under direction of Killingsworth Funeral Home.

Officiating at the service will be Lawrence Smith of Abilene Christian College and George Bailey, minister of the College Church of Christ in Abilene.

Nephews will serve as pallbearers. Killingsworth Funeral Home is in charge of arrangements.

Annual Scouting Show Set April 19

Hundreds of Cub Scouts, Boy Scouts and Explorers throughout the eight-county Comanche Trail Council will stage their fourth annual spring Scouting Exposition on April 19.

The county fair style show will be held in Memorial Hall in Brownwood beginning at 2 p. m. and lasting until 9 p. m. This is a walk-around show and people will feel free to come and go at will.

The Scouts will exhibit and demonstrate "Scouting in Action." More than thirty Scouting activities will be featured which will include achievements and merit badges such as pioneering, cooking, camping, Indian Lore, leatherworking, geology, forestry, handicrafts, first aid, sky observers, games, stunts, skills and others.

"The Exposition will be the biggest boys' show in our area. It will feature boy activities and all sorts of displays which depict skills and hobbies staged by the boys," stated Lowell Pouncey, chairman of camping and activities for the Comanche Trail Council.

First Baptist T. U. To Meet Monday Evening

The monthly Training Union planning meeting of the First Baptist Church will be held Monday evening at 7 o'clock in the lower auditorium of the church. Glenn West is Training Union director. General officers, departmental officers, union officers, and all committees should be present. There will be a period of information and plans for the future, and a clinic for the newly elected officers. Plans will be made for the month of April. Youth week and vocational guidance week will be placed in the calendar of activities. The programs for each union will be planned as well as departmental assembly programs. The "Second-mile Bible Reading Crusade" sponsored by the Training Union under the leadership of Associate Training Union Director Miss Anice Loeke, is meeting with splendid results. More than a hundred members have joined this Bible reading plan whereby they read three chapters daily and five chapters on Sunday. In this way the entire Bible can be read through in one year. Begin any time; read as many chapters daily as you care to. The plan chart may be secured from the church office or the Training Union office.

Second Baptist Announcements

The Second Baptist Church welcomes all residents of Ranger to the Sunday School which begins at 9:45 a.m. The Lesson this Sunday will be "Baptism and the Lord's Supper." Following the Sunday school the pastor will bring the message, "Compromise with Circumstance," at 11:00 a.m. Training Union begins at 6:15 p.m. The evangelistic hour follows at 7:30 p.m. The pastor will bring the message, "The Right Method of Evangelism." Beginning April 20, a revival will be underway at the church. Hubert Austin will be bringing the messages and Richard Fancher will be directing the music. Prayer meetings have been scheduled by departments in the Sunday School.

Hospital News

New patients in the Ranger General Hospital are Mrs. Helen Patton, Raskin, surgical; Sandra Jo Williams, Rising Star, medical; and L. C. Burke, Ranger, medical.

Merriman Baptist Announcements

The following is the weekly announcements for the Merriman Baptist Church. Sunday school, 10 a.m., church services, 11 a.m., evening service 7:30 p.m., Wednesday night prayer meeting at 8. Rev. Jack Walker will do the preaching. Everyone is welcome to attend these services.

Services Set Church of God

The following is the weekly schedule of services for the Church of God, Strawn Road and First St. as announced by the pastor, Rev. J. C. Atkins. Sunday School 10 a.m.; Morning Services, 11 a.m.; Evening Evangelistic, 7 p.m.; Y.P.E., 7:30 p.m. Wednesday and Bible Study, 7:30 p.m. Friday.

Political Announcements

The Ranger Times has been authorized to publish the following announcements of candidates for public offices, subject to the Democratic primaries in July, as follows:
State Representative
PAUL BRASHEAR
County Judge
JOHN S. HART (Re-election)
CLYDE L. GARRETT
County Clerk
JOHNSON SMITH (Re-election)
County School Superintendent
H. R. (Pop) GARRETT (Re-election)
District Clerk
ROY L. LANE (Re-election)
For Justice of the Peace
Precinct 2
CHARLES BOBO (Re-election)

First Christian Church Begins Revival Sunday

Realizing the great need in our time for the church to stress revival and evangelistic emphasis, the First Christian Church will be holding a series of revival services this next week. An invitation is extended to members and friends of the church to share in this vital effort through prayer and faithful attendance at the services.

Weekly Schedule For St. Rita's Catholic Church

The following is the weekly schedule for St. Rita's Catholic Church:
Holy Mass every Sunday morning at 8 o'clock.
Evening devotions on Sundays at 7 p.m.
Evening Mass every Thursday at 7 p.m.
Study Club for the high school students every Wednesday at 7 p.m.
Religious classes for grade school students every Thursday at 6 p.m.
First communion class every Saturday at 10 a.m.
Rev. Fr. Mark Van Hemelryck, pastor of St. Rita's, is always available to give information about the Catholic Church and its doctrines, to any person interested in the matter.
Everyone is welcome to attend the church services.

Church of Christ Announcements

At the Mesquite and Rusk Church of Christ the theme for the morning sermons has been "The Definition of a Christian." This theme will be continued Sunday, March 30. The sermon subject for the morning worship will be "The Red Dragon of Revelation 12."

Christian Science

God's supremacy and all-power will be explained in the Lesson-Sermon entitled "Reality" at Christian Science services Sunday. From the Bible will be read the following (1 Chronicles 29:11): "Thine, O Lord, is the greatness, and the power, and the glory, and the victory, and the majesty; for all that is in the heaven and in the earth is thine; thine is the kingdom, O Lord, and thou art exalted as head above all."

NOTICE

Since announcing my decision to become a candidate for a place on the Ranger College Board of Regents, it has been necessary for me to be out of the city during the last two weeks. It has been brought to my knowledge that during my absence certain political platforms and publications underwritten with my name have evolved. Until this time I have made no formal political statement or campaign nor have I authorized or sanctioned any publication of any nature. I offer the following statement as to my intent on seeking this place on the Board of Regents: I feel that in my business association with a great number of school administrators, coaches and teachers in our surrounding area, that this association could be utilized in helping encourage prospective students to attend our college. I pledge myself to the utmost of my ability to work for a bigger and better Ranger College. Thank you for any consideration.

Signed

Home Decorating Program to Be Presented to 1920 Club April 3

Believe it or not, the wrought iron gates in this Spanish Patio are not real—they are printed on a 7-ft. panel fabric of spun rayon and Celanese Fortisan rayon.

This is one of the many room settings to be seen in "World of Ideas", the Home Decorating program with the International Flavor, presented by Celanese Corporation of America.

Celanese went Around the World to find unique ideas for the extraordinary fabric designs which appear in the program. The program is divided into four parts showing how the Ancient Customs, Architecture and Colors of Denmark, Spain, Austria and several countries in Asia have been translated into American fabrics and furnishings of Celanese Contemporary Fibers.

"World of Ideas" will be shown on April 3, 1958 at the Community Club House, for the 1920 Club. Mrs. A. W. Brazda will read the commentary on the 55 color slides in this program, which includes 35 Room Settings.

In addition to the Room Settings, the program includes a group of colorful pictures of the Countries visited. These pictures are from the pages of Holiday Magazine and they transform the program into a Home Decorating Travelogue.

The color slides also show how fabric design is created. For instance — Temple bells from Bangkok, Antique Ornaments from Vienna, Lacey Grill work from Madrid, Contemporary Ceramics from Copenhagen become the motifs for gossamer sheer printed fabrics, heavy antique satins, tafetas, and sturdy upholstery fabrics.

These fabrics are featured in room settings which have captured the moods of the various countries. While maintaining their International Flavor, the room settings have been designed for adaptation in our American Homes.

An added feature of the program is a dress length given as a door prize. 1920 Club members are invited to see this program and enjoy a thrilling trip Around the World right in their own Clubhouse.

Child Welfare Club Meets With Mrs. Kuykendall

The Child Welfare Club met Wednesday, March 26, in the home of Mrs. F. M. Kuykendall.

Reports were given by various committees and department heads. Refreshments were served from a beautifully appointed refreshment table. Mrs. Price Ashton presided at the tea service. Others who assisted in serving were Mrs. James Ratliff and Mrs. David Pickrell.

The following members were present: Meses. Ashton, Saunders, Gregg, M. L. King, E. L. McMullan, C. E. May Sr., James Morris, Blanche Murray, Pickrell, Ratliff, J. T. Roberson, P. T. Smith, B. A. Tannell and the hostess.

Guests included: Meses. J. S. McDowell, E. E. Crawford, M. H. Haganman, E. H. Mills, and Felton Brashier.

AROUND RANGER COLLEGE CAMPUS

By Ranger College Journalism Class

Personality of the Week

One of the most popular young men on the Ranger College campus is Clyde Evatt, this week's Personality of the Week. The son of Mr. and Mrs. J. H. Evatt of Eastland, he is a freshman student majoring in physical education.

This tall, robust young man played end on the 1957 Ranger College football team and served the Rangers as co-captain. He intends to continue his education at some senior college after finishing at Ranger and plans to coach.

Evatt is a graduate of Eastland high school, where he was prominent in school activities. He is a class officer and participated in various sports all four years of his high school career. He attended Weatherford Junior College one semester before entering Ranger College.

He is a friendly, clean-cut young man well liked by all. He has a pleasing personality and was runner-up in a recent election held by the college students to select the boy with the best personality for the favorite section of the annual. He is courteous and considerate and is a willing worker. His wholesome outlook on life, his cooperative spirit, and his satisfactory relations with others have earned for him the admiration and respect of both faculty and students of Ranger College.

The Girls' Dormitory of the college sponsored a semi-formal party at the Union Building Thursday, March 27.

The theme used in decorations was springtime. The Union Building was an attractive garden scene featuring yellow, blue, and pink carnations in festoons draped on the windows and on trellises along the walls. Japanese lanterns and simulated redbud trees further carried out the spring garden motif.

The refreshment table, laid with a white cloth, had for a centerpiece an arrangement of yellow daffodils flanked by blue candles. Other table appointments were crystal.

Couple's Class Has Meeting

The Couple's Sunday school class of the Second Baptist Church met Thursday in the home of Mr. and Mrs. Eddie Gallagher.

The class president, Earl Reeves, presided over the regular business meeting. The opening prayer was led by Rev. Ed Scarborough.

Mrs. Reeves presented the devotional on "God's Promises to Us."

Refreshments of cake and coffee were served to Mr. and Mrs. Gallagher, Mr. and Mrs. Roland Goodwin, Mr. and Mrs. Reeves, Rev. and Mrs. Scarborough, Mr. and Mrs. F. E. Caraway, and Mrs. Willie Joyner.

Ben Karnes To Be Soloist With Symphony

Ben Karnes, resident piano teacher in Breckenridge, who has students in Ranger, will appear as soloist with the Amarillo Symphony on Sunday, March 30.

The appearance is a result of the youth symphony contest in which Mr. Karnes was an alternate winner on February 2.

The first movement of the Beethoven third concerto is the composition to be performed.

Mr. Karnes is a 1956 graduate of the North Texas State College school of music, and studied in Germany and France while in the armed forces. He had lessons in Paris with the internationally known concert pianist Monique de la Bruchollerie, and is presently continuing study with Dr. Silvio Scintilo of Dallas.

YOUR SOCIAL SECURITY

(Editor's Note: This is the fourth in a series of articles compiled by C. M. Vaden, Jr., Field Representative of the Abilene Social Security Office.)

Your earnings count toward social security payments only if you are employed or self-employed in work covered by Social Security. Today this includes almost everyone who works for a living.

Federal government employees under the civil service retirement system, most policemen and firemen with their own retirement systems, doctors of medicine, some state and local government employees, and people who do not make the minimum amounts necessary to qualify still are not covered.

First, you're covered in most jobs in stores, banks, factories, office or any job where the employer is a private profit-making concern. And in these jobs you are

covered regardless of how little you earn and how little you work. It does not matter how young or how old you are. However, you pay Social Security taxes on wages only up to \$4200 a year.

There are some exceptions such as work performed by a parent for his son or daughter, by a child under 21 for his parent, by a husband for a wife, and a wife for a husband.

If you work for yourself, your work is covered by the Social Security law if you have net earnings of \$400 or more in a year as a sole owner of a business or as your share in a partnership. The only self-employed persons now excluded are Doctors of Medicine. You report your self-employment earnings on your Federal income tax return, and pay social security taxes on your net earnings up to \$2,200 a year whether or not you have to pay any income tax.

You pay social security tax on your net earnings from your business—you do not pay social security tax on interest, dividends, capital gains or rental income.

The household worker and domestic employee are covered by Social Security if they are paid \$50 or more in a calendar quarter. This includes anyone who works in or around a private home—maids, cooks, housekeepers, handymen, chauffeurs, etc.

The following booklets will give more information on above subjects. "Self-employment and Social Security," "Good News for Household Workers" and "Your Social Security." Write for a free copy—Social Security Administration, P. O. Box 1641, Abilene, Texas.

Horseradish Sauce Puts Kick in Vegetables

Vegetables dressed up with fluffy pimento horseradish sauce provide an agreeably different taste.

By DOROTHY MADDOX

To give simple and familiar vegetables added appeal, serve them with this special horseradish sauce.

It's light and fluffy and far lower in calories than sauce made with cream. The secret is whipped instant nonfat dry milk crystals, the new crystalline form of nonfat dry milk that whips when mixed with an equal amount of ice water.

This sauce is equally good hot or cold. Try it heated with canned or fresh asparagus and potatoes; or chilled and served

over deviled egg and cucumber salad.

Egg and Cucumber Salad With Fluffy Dressing
Arrange halves of deviled hard-cooked eggs and slices of cucumber on crisp salad greens. Serve with chilled fluffy pimento horseradish sauce.

Pimento-Horseradish Sauce (About 4 cups)

One-half cup instant nonfat dry milk crystals, 1/2 cup ice water, 2 tablespoons lemon juice, 1 1/2 cups mayonnaise or bottled salad dressing, 1 tablespoon prepared horseradish, 2 teaspoons onion salt, 2 canned pimentos, drained and diced.

Mix instant crystals with ice water in a bowl. Whip until soft peaks form (3-4 minutes). Add lemon juice; continue beating until stiff peaks form (3-4 minutes longer).

Lightly fold mayonnaise into whipped milk to blend. Blend in horseradish, onion salt and pimentos. Heat in top of double boiler over hot water to serving temperature.

Quick Corned Beef Hash Dinner

Cut 1 1/2-pound can corned beef hash into 4 cross-wise slices. Broil 3-4 inches from source of heat until thoroughly heated, about 5 minutes. Top each slice with poached egg and 1/4 cup fluffy pimento sauce.

Directions for pressing are often misinterpreted. Most man-made fibers require little pressing...

Good sharp shears which cut quickly and easily make any sewing job easier and safer. Store or separate compartment of the sewing box. Keeping a cork on the tip is a good safety practice.

WEEKEND GUEST
Mrs. W. D. Barber of Grand Saline visited Mr. and Mrs. J. H. Shirley last weekend.

HERE FROM SOUTH AMERICA
Mr. and Mrs. James Blair of South America are visiting her mother, Mrs. L. H. Ferrin.

Mr. and Mrs. Blair will be here for two months.

DETOURING AROUND FINANCIAL TANGLES—
... has long been a basic characteristic of the successful man. Young men seldom do and few of his older brothers. To avoid many of the pitfalls blocking successful careers, save something regularly, don't mortgage income beyond its capacity to absorb, make a Will, provide adequate life insurance for yourself and family, keep all properties insured, and guard against faulty titles in buying real estate. These are a few of the fundamentals which, if followed, will detour you around many financial tangles.

EARL BENDER & COMPANY

Mr. and Mrs. H. C. Croom Celebrates Golden Anniversary With Open House

Mr. and Mrs. Horace Chilton Croom were honored on their 50th wedding anniversary, Sunday, March 23, from 3 to 5 o'clock p. m. with open house.

Those in the receiving line were Mr. and Mrs. Croom, James Horace Croom Sr., Lewis M. Croom, M. H. Brewer, and Aubrey Yeager. Mrs. A. H. Powell presided at the white and gold anniversary book, a gift of Mrs. Juanita Agnew of Marlin, Texas.

A floral arrangement of gilded mums and a ladder with the number "50" in gold was a gift of Mrs. R. V. Mathena.

Also on the table was an old fashioned oil lamp used over 50 years ago.

The dining table was laid with a hand made bronze linen cover. An arrangement of gilded mums and a gold wedding ring centered the table. A two tiered white and gold wedding cake on a reflector surrounded by yellow roses and a net was on the buffet.

Mrs. Lewis M. Croom presided at the coffee service. Mrs. James H. Croom Sr. laddied punch.

Mmes. Bernice Brewer, Maurice Griffith, and Mary Yeager showed the gifts, which were displayed on tables in the bedroom. Family pictures of three generations were placed on one table.

The couple's gift from their family was a gold disk with a 1958 calendar. The date of the wedding, March 26, was marked with a small diamond.

Over 200 cards of congratulation were received from friends. Friends from Ranger and several surrounding towns sent flowers.

The house party included: Mr. and Mrs. M. H. Brewer of Marlin; Mr. and Mrs. Lionel Croom of Dalhart; Mr. and Mrs. Larry Griffith of North Carolina; Mr. and Mrs. Aubrey Yeager of Fort Worth; Mr. and Mrs. James H.

Minister-

(Continued from Page One)

Contributions to the L. P. Hammond Fund should be mailed to the F&M Bank of DeLeon.

"I once lived near the Spears Clinic and Hospital," Rev. Hill said, "and having had first hand knowledge of many cases on record, in their office, it is my belief that they may be able to help Dean. Whatever the outcome, this is the chance for Dean. Please help him have that last chance!"

Moving pictures were made of the family and the house party.

Carbon School News

By LINDA COLLINS
Telegram School Reporter

Go, there isn't much happening around our campus except we are still booming with lessons. The juniors and freshmen have book reports this week in English so everyone has his head buried in a book. It seems we will be that way for a while being the American history book report comes up next week.

Book reports are not very important to the seniors right at the present time. "It's A Girl" is their main train of thought running through their busy minds. The seniors are reminding everyone of the big event happening tonight. I advise you not to miss the play.

I haven't heard much of a report on the track meet Saturday. I am not sure of the outcome. The next meet will be in Lueders Saturday.

A forty-two party with a cake and pie sale was held at the gym Friday night. There was a good crowd for the party. All proceeds went to the athletic fund. The juniors have begun work on their banquet. It won't be long and we are sure looking forward to it.

That is it for this time.

HOME MAKERS Views and News

Home Edition Sun. Mar. 30, 1958

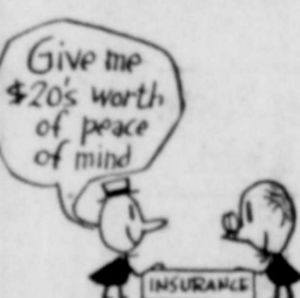

Fabrics of man-made fibers rate high in popularity with today's homemakers. Their so-called easy-to-care for qualities are in great demand. However, unless you read the labels and interpret them as the manufacturer intended, you may be expecting too much from some of the fabrics. Here are some interpretations from manufacturers of labeling terms often used with reference to these fabrics.

Wrinkle resistance, a term often used, should not be confused with wrinkle-proof. Manufacturers remind us that no fabric is wrinkle-proof.

There is a difference between permanently and durably pleated fabrics. Nylon can be permanently pleated. Fabrics of orlon and dacron can be durably pleated. Manufacturers tell us that after 10 to 15 washings, it is best to take garments of orlon and dacron to a cleaners for repleating. Pleated garments of these fabrics will require more careful handling and will perhaps be more expensive in the long run.

Altering nylon fabrics may present some problems. Once creases and pleats are set in 100 percent nylon they are very hard to remove. In buying a dress whose alteration will be needed, choose the larger size. It is easier to take in seams than to let them out.

Fabrics of man-made fibers are often labeled as moth-resistant. However, manufacturers remind us that moths are attracted to some dyes or finishes on the fabric and to some blended fabrics. For example, if dacron is blended with wool, the moths will be attracted, as always, to wool.

Give me \$20's worth of peace of mind

We're in an unusual business

People who buy insurance of us hope we'll never have to "deliver" it!

What we really sell in our "store" is the calm mental state that comes to you every day if you know that if you have a loss at some future date, you won't have a loss.

We protect you against the fear of being partially ruined or completely ruined by a loss by fire, storm, burglary, damage suit or personal accident.

We sell sound sleep, sweet dreams, contentment, freedom from worry.
