He is survived by his wife and one nephew, Jack Davis of Weatherford.

Mother And Child Thrown From Auto Here

A young mother and her 18-month-old daughter were physically kicked out of a car and left stranded three miles east of Ranger Tuesday night.

That, at least, is the story the woman told to Chief Deputy Sheriff Johnny Boyd who investigated Wednesday morning. Boyd received a call from a family which lives near where the woman was thrown from the car on Highway 80. He went to the scene and found the woman and child covered up in quilts and blankets. She told Boyd the story of having an argument with her husband and being thrown from the car.

Her husband preceded to throw pots and pans and everything else out of the automobile, then roared away leaving the woman without any money. She told officers she didn't even know where she was.

The woman told the officers she and her husband and little girl were moving from Abilene to Arkansas. They were going to live with the woman's mother. She said an argument started, and finally her husband stopped the car and threw her out. The woman and her child spent the night along the highway.

Officers phoned her mother and she said she would send what money she could get together to her daughter. Officers raised enough money for the woman and child to eat on and shipped her belongings to her mother in Arkansas. Wednesday afternoon she caught a bus out of Ranger headed for Arkansas.

No charges were filed against the husband.

Highway Crash Injures Two East of Ranger

Two persons were injured, none seriously, in a truck-car collision 6.8 miles east of Ranger at 6:15 p.m. Tuesday.

Wilson Harold Bridges, 40, of DeLeon, and Donald Edward Stanley, also of DeLeon, suffered lacerations of the head when the 1957 Ford driven by Bridges crashed into the back of a 1955 truck-tractor which was carrying a load of long joints of eight-inch pipe. Both the car and the truck were traveling west on Highway 80 when the mishap occurred. The car's top was ripped loose and pushed back to the rear of the vehicle. Damage was estimated at \$1000.

Driver of the truck was J. C. Lela Campbell, 56, of Beaumont. He was not injured and the truck was not damaged.

Bridges and Stanley were rushed to Ranger General Hospital, but have both since been released.

Charges of failure to pass to the left with safety have been filed against Bridges. Highway Patrolmen Les Strawn and Al White investigated.

Water Board Heads Elected

Seventy-one Eastland County citizens voted for four uncontested seats on the Eastland County Water Supply District Saturday in Ranger and Eastland.

Two directors from Ranger and two from Eastland were elected as members of the eight-member board.

C. B. Pruet and E. H. Mills were elected from Ranger. Pruet polled 25 votes and Mills 28 in the election that saw only 28 Rangerites go to the polls.

T. M. Fullen and Guy Parker, Eastland board members, both polled 42 votes each. A total of 43 persons voted in Eastland.

The two Ranger members were re-elected to two year terms. Parker was re-elected to a two year term but Fullen was elected to replace L. E. McGraw, who did not seek re-election.

Other members of the board are F. P. Brasher, Sr., Wilson Guest, both of Ranger; M. H. Perry, Grady Pipkin, both of Eastland.

The election was called during a March 11 meeting of the board in Eastland. Six members were present for that meeting.

The board was created by House Bill 888 and passed the fifty-first state legislature. It is composed of four members from Eastland and four from Ranger.

H. P. Pentecost served as election judge in Eastland and W. W. Mitchell was election judge in Ranger.

No Ruling Yet From Benson On Acreage Request

No ruling on the Southwestern Peanut Growers' Association's recent request for an acreage increase for growers of Southwest Spanish peanuts has yet been handed down by Sec. of Agriculture Ezra Taft Benson. Ross Wilson, manager of the SPGA, told this newspaper today.

"As yet we do not have a ruling on this matter from the Department of Agriculture," Wilson said. "We did get a good hearing in Washington on March 14 which lasted some four hours."

At the Washington meeting Wilson and others pointed out that the Association sold its entire inventory of Spanish peanuts this year at better than 195 percent of the 1957 support price.

Under the present law an acreage increase may be granted "if the Secretary of Agriculture determines, on the basis of the average yield during the preceding five years, adjusted for trends in yields and abnormal conditions of production affecting yields in such five years, that the supply of any type of peanuts for any marketing year will be insufficient to meet the estimated demand for cleaning and shelling purposes at prices at which the Commodity Credit Corporation may sell peanuts owned or controlled by it, the state allotments for those states producing such type or types of peanuts shall be increased to the extent determined by the Secretary in his required to meet such demand."

Regular Field Try Is Staked

Proposed depth is 1100 feet with rotary.

Two Elections Set Saturday

RECORD NUMBER EXPECTED

Ranger voters will go to the polls Saturday and vote in the two school elections.

Two seats are to be filled on the Ranger School Board and three are to be filled on the Ranger College Board of Regents.

Five persons are seeking the three seats on the board of regents. The two school board candidates are unopposed.

Expectation is that a record number of local residents will turn out for the Ranger College regents election. Many local observers say it is the first time for names of candidates to appear on the ballot other than the three incumbents.

The three persons with the highest number of votes will fill the three seats on the nine-member board of regents.

The five names on the ballot are Carl Page, Margie Maddocks, Roscoe Hepper, Richard "Dick" Henderson, and J. F. Donley. Lewis Conn's name was on the ballot but he withdrew.

Miss Maddocks, Hopper, a n d Page are the three incumbents. Page is the only one of the three seeking re-election to an elected three-year term. Miss Maddocks and Hopper were appointed to fill unexpired terms of members who resigned.

Three new members of the board are elected each year. Present board members are Morris Newsham, Hopper, P. P. Brasher, Jr., Joe Dennis, Page, A. W. Warford, A. L. Wood, Miss Maddocks and David Pickrell.

The Ranger School Board election will be a simple one for local voters. Only two names appear on the ballot and both are asking for re-election.

The two names are Glynn Covington and Melvin Adams. Both are completing two-year elected terms.

Present members are Dr. A. W. Brazda, Johnny Bates, Covington, Gaston Dixon, Walter Aeterburn, Adams, and Dr. W. P. Watkins. All are elected for two-year terms.

Voting in the school board election will be held at the school tax office, in the Recreation Bldg., from 8 a.m. until 7 p.m.

Voting in the regents race will be held at the city hall on Main Street from 8 a.m. until 7 p.m.

Does Ranger Want A Junior College?

(An Editorial)

The Saturday election of regents for Ranger College has gotten down to the point that the actual question to be decided is "Does Ranger Really Want A Junior College?"

People who know the history of the college are conscious of the fact that five years ago it was questionable whether or not the institution could open its doors.

Since that time it has gained national recognition for its rapid growth, its constant improvement of academic standards, and its almost unbelievable increase in plant valuation from \$400,000, in 1953 to over \$710,000 in 1958.

This progress was possible only because of expert business management of the financial affairs of the college. So outstanding was this that Dr. Price Ashton was elected to the membership in the National Institute of Management for the superior job of handling the finances at Ranger College.

Dr. Ashton together with the present board of regents outlined a constructive and progressive program aimed at building a better junior college for Ranger early in 1953.

Since that time many of these dreams have become a reality. Working against over-whelming odds—no money—small enrollment—citizens who said it couldn't be done—inferior physical plant—poor dormitories, and a makeshift cafeteria, these regents and Doctor Ashton have been successful in effecting some changes that have made Ranger College one of the outstanding small colleges in the state.

1. A superior faculty of well-trained Christian men and women who are not afraid of work. They have worked together tirelessly to raise standards and to improve Ranger College.

2. Adequate dormitory space: W. P. Newell Hall—Brick structure which can house 80 men students—built at \$3.01 per square foot.

3. Girls' Dormitory—Brick structure—will house 30 girls and cost \$1.67 per square foot.

4. Ranger Hall (Cafeteria and Community Center)—Brick structure—built at \$1.12 per square foot.

These buildings have been built without spending one cent of taxpayers' money. The bonds are retired by the room rent received from the students.

5. College books are audited yearly by a reputable C.P.A. and by the State Auditor.

6. Inventories of all college property have been made, and instructors and students who use this property are responsible for care and safekeeping.

7. Higher standards of work have been evidenced yearly by the standardized tests given in the college testing program.

8. The Registrar has been made the Sole Keeper of the Permanent Records. Only the Registrar has the authority to record grades and issue transcripts.

9. College property has been improved and free rents have been abolished.

10. No free meals are served at the college cafeteria; college telephones, cars, and credit cards are used only for college business.

Despite rumors to the contrary, the faculty and the student body are a busy and happy group of people.

This fact was substantiated by letters from Ranger faculty pledging their support and endorsement of the school's program. These letters served as a vote of confidence from both faculty and student body for both Dr. Ashton and the Board of Regents.

The character, integrity and sincerity of Dr. Ashton and the present Board of Regents is record enough within itself. Their record is to be applauded rather than to be minimized.

If you endorse the program at Ranger College, we ask your endorsement of the present Board of Regents who pledge their continued efforts to build a bigger and better Ranger College and a bigger and better Ranger.

These men have given endlessly of their time, efforts and money. They have no personal axe to grind. Their only desire is to build a college that is a credit to the community.

Ranger Man Gets Award

A modest Ranger man, who had rather work than take a month's paid vacation, received recognition Tuesday for twenty-five years of faithful service to Montgomery Ward Company in Ranger.

Leon Lewis, who became an employee of the local store April 1, 1933, was presented a watch of his choice for his work with the company. The up-keep on the watch for the rest of his life is included.

J. H. Heath of Fort Worth, district manager of Montgomery Ward, made the presentation Tuesday afternoon with all the employees of the local store present.

A party will be held next week to honor the father of five children who refuses to reveal his age. All employees of the local store will be present.

W. H. Stevenson, manager of the Ranger store, said Lewis was employed at 11 p.m. on April 1, 1933 as a combination porter and the mounter, a position he still holds. At the time he was hired, he was working at the Gholson Hotel.

LEON LEWIS . . . 25 Years Service

Today Leon serves as porter and trimmer for Montgomery Ward. Besides this he is warehouse man, receiving clerk, and jack of all trades around the store.

He was hired in 1933 for two or three weeks to clean up the store but his three weeks stretched into 25 years.

Lewis is eligible for four weeks' vacation this year. But, according to Stevenson, it is not likely that he will take the entire four weeks.

Stevenson said the tall man—he stands over six feet—never took his complete vacation. Last year, he had three weeks but he did not take them all.

Many customers trade at the Montgomery Ward store because Lewis is there to serve them.

This week, he received letters from the president and vice president of the company thanking him for his twenty-five years of service. The letters were from John Bar, president, and Paul M. Hammaker, vice president. Both men are from Chicago.

Along with the watch, he was presented a certificate which stated: Congratulations Mr. Leon Lewis and thank you for twenty-five years of loyal service you will complete April 1, 1958. Wards is proud of you and your achievements.

Schools, College Dismiss Classes For Easter Friday

Ranger's school population, from the grade and secondary schools through college, will dismiss classes for the Easter holidays.

G. B. Rush, school superintendent, said that the five public schools would dismiss classes Thursday afternoon at the regular time and would not resume classes until Tuesday morning.

Ranger College students will have a respite from classes from Thursday noon until Tuesday morning, according to Dr. Price Ashton, president of the college.

Things Seen and Unseen—

... are all paid for by the ultimate consumer. The farmer sells his bale of cotton for \$150.00 and we buy it back in cotton products for several hundred dollars. Same old cotton except the looks, design, color, wage, transportation, rent, storage, interest, commission, profit and taxes—many kinds of them. Like the bale of cotton, the abstract must bear its myriad of hidden costs but at that it is well worth the sales price for it is the basis of your title security and your protection against fraud.

Carbon School News

By LINDA COLLINS
Telegram School Reporter

There has been a few more events around our dear old school this week—Kid Day, Stock Show and the presentation of letters to grade school basketball team. Kid Day at C.I.S. was different this year than it has been for the past four or five years. On Kid Day the seniors initiated the freshmen and the seniors are dressed as little "kids." The seniors were quite a sight with their short dresses and with short pants, and six-shooters.

The freshmen looked like something from outer space. They were a sight to be running around school all doing little odd things most of them were unnecessary, but they seemed to have a lot of fun.

Several of the Carbon F.F.A. boys entered the Stock Show held in Eastland over the weekend. Charles Caraway showed the F.F.A. Chapter's champion Southdown ewe. He also showed a champion Southdown ram.

Jerry May showed a reserve champion dairy herd bull and prime Duroc gilt fat class; Joe Paul May, medium Duroc gilt fat class; Caraway, medium Hampshire burrow fat class, Lyndall Morrow, a prime and a medium crossbreed fat lamb; Caraway, two prime Southdown fat lambs; and John Wilson, his chapter Southdown ewe in breeds class.

Bob Hogan and Mickey Rodgers assisted the boys showing two animals.

Thursday will be the day for the Easter baskets and all the eggs. The first and second grades

will have lunch and hunt in the Eastland park; third and fourth graders, at Mr. and Mrs. Truman Bryants; and the fifth and six grade will go to "Tator Hill."

Track boys will go to Gorman Thursday afternoon for a track meet. Students from the seventh to the twelfth will attend the track meet.

Mr. Services presented the letters to the grade school basketball team Thursday. Those receiving letters were Nancy Benton, Ruby Rusberry, Letha Matthews, LaFerne Lee, Sharon Johnson, Velle Garrett, Wanda Tucker, Mary Hone, Mary Breen, Claudette Guy, Larry Morrow, Don Guy, Weldon Cook, Gary Norris, Jerry Laster and Sammy Scott. Nora Jordan received a letter for being manager.

See you next week.

Has the "garden fever" hit you yet? If not, a few more warm days may bring it on. To some, growing a home garden is a way to relax. To others, a garden is an important part of the family's economic program. If properly man-

aged, a good home garden can mean a sizeable saving on the family food budget. There is no substitute for the quality and the plain down-to-earth good eating that can be obtained in "garden fresh" vegetables from your own backyard.

Timely Garden Tips
 As always — Plan the garden in advance. Develop a complete plan of procedure to follow.

Keep the garden small. Give a small garden good care, and you will be amazed at the quality of vegetables it will produce.

Make a succession of plantings. Don't plant everything at one time and then stop—this results in over-production for a short time and then the supply is gone. Staggered plantings will give a continuous supply of top quality vegetables over a longer period of time. Radishes, mustard, green bush beans, bush squash, and sweet corn are examples of crops that should be planted at least 2 or 3 times during the season.

Plant a variety of vegetable crops. There are 32 vegetable crops that can be grown in Texas gardens. In order to have a well-balanced garden that includes crops. There are 32 vegetable at least 10 to 12 different kinds of vegetables should be planted. Try one new vegetable crop in 1958—you may find a new favorite.

Treat all vegetable seed with a protectant. This is very important this season because of excessive moisture and cool soils. A good seed protectant can help secure a more uniform stand of stronger seedlings.

Make a heavy application of organic matter and of commercial fertilizer. Adequate applications will furnish a quickly-available source of nutrients to the garden vegetables.

Obtain seed of adapted varieties. Don't be satisfied with "second best." Use the varieties that have the potential to return the highest yield and the best quality. Plant varieties of vegetables that have been tried and proven adapted to your area.

Tomato and pepper plants. There is still time for gardeners to start tomato and pepper plants in plant boxes or pots. Growing his own plants helps assure the home gardener of true-to-name transplants that are free from disease. It also gives him a supply of strong, stocky plants when the weather is favorable for planting. Some good tomato varieties for home gardens are Texta 2, Homestead, and Pritchard, or large size and crisp-fleshed sweet bell peppers, try Yolo Wonder.

Watermelon For Gardens
 Home gardeners with limited space have never been able to grow the large vining types of watermelons. The Texas Agricultural Experiment Station has just released a new variety of watermelon designed to fit into even the smallest home garden. This variety has been named the "Bush Desert King" and, as the name suggests, it grows in a bush form rather than in the characteristic vining form. The plant of this melon usually extends from 4-6 feet from tip to tip and measures about 18 inches in height.

Dr. H. C. Mohr, who designed this variety, states that it requires very little more space than a bush squash. This plant is very resistant to wind damage in the early Spring and the heavy foliage protects the fruit from sunburn and from crow damage. The melon is yellow fleshed and of very good quality. The average size is from 20 to 25 pounds.

AS IT LOOKS FOR HERE

By OMAR BURLESON

By Omar Burleson
 17th District

As predicted in this column of Feb. 27, President Eisenhower has issued an Executive Order which is supposed to tighten foreign oil imports.

However, it falls far short of the need, and is disappointing. The President and his official dealing with this problem express sympathy for the independent oil operator, which is all very well and good, but does not help the situation faced by the State of Texas.

The President's order is based on the voluntary cooperation of the importing oil companies, but three of the largest importers have not cooperated in the past, and there is no good reason to believe they will in the future.

In the Executive Order the "Buy American Act" is applied to petroleum. The Defense Department alone spent \$1,250,000,000 for oil and oil products in 1957. Of this sum, approximately \$335,000,000 was for foreign oil. The "catch" in applying the "Buy American Act" is that it does not apply when purchased outside the United States. It is also difficult

to identify foreign oil because it is mixed with domestic oil. If strictly applied and administered, this Act would help, but it remains to be seen.

This action of the President may be intended to gain support for the extension of the Reciprocal Trade Agreements, which are soon to be up in the Congress. If it works no better than it has in the past, it is a poor excuse not to write a provision in the Law to restrict the import of cheap foreign oil into the United States.

As everyone knows, foreign trade is an extremely complicated matter. Many industries in this country are having difficulty because of competition with goods produced in foreign countries by cheap labor and imported here.

The right of free trade is perfectly sound, but when the free economy of the United States is competing with Government owned and Government subsidized industry in foreign countries, it becomes imperative to prevent the 22c an hour wage from destroying the market of the \$1.88 per hour worker.

Unless many American industries, including oil, have more protection than they are now getting from the Government, the extension of the Reciprocal Trade Agreements which have for years sailed through the Congress, are going to have rough sledding.

This thought: To live and let live is never as good as to live and help live.

County Rainfall Above Average For Three Months

Rainfall during March was .74 above normal in Eastland County. A total of 2.33 inches was recorded pushing the total for the first three months of 1958 to 5.12 inches.

Rainfall for the year now stands at .78 above normal. Average rainfall for March is 1.59 inches and the average for the first

three months of the year is 4.34. A total of eight rainy days—when more than a trace was recorded—were recorded during March. For the year 23 of the first 60 days were wet ones.

Submoisture is reported to be the best it has in many years, and the county is greener today than it has been since 1947. Rainfall during January was

listed at 1.70 inches, and 1.09 was recorded during February. April is always a good month in Eastland County, but farmers are hoping that it will not be too set this year. Average rainfall for the month is 2.87 inches.

TELEPHONE TALK

by W. H. McAnally, Manager

IN THE DOGHOUSE?

Spring has officially arrived and we have had a few days of Spring weather. I heard of a contest of guessing when 80 degrees would be reached.

If you are like I am, you have already spent several hours outside working in the yard. I really don't consider it work because I enjoy it so much. However, there is the problem of receiving a telephone call and tracking through the house. I have a telephone located just inside the door. It keeps the house neater and keeps me out of the "dog house". As Spring turns into Summer, all of us will be spending more and more time out of doors. Right now, close your eyes and imagine you are outside the house and you receive a telephone call. How long will it take you to get to the nearest telephone? Now, how much more convenient if you had another instrument near your door. You can solve that problem by calling the Telephone Co. and asking for that convenient telephone.

Have you ever wished you could have a little more privacy on some of your telephone calls? Well, there's an easy way to solve your problem. Put an extension phone in your bedroom.

You'll have privacy on your calls and you'll find extension phones are convenient, too. No more running from one end of the house to the other to answer the phone, only to find the caller has hung up. You'll be surprised at the number of steps conveniently located phones can save you in a day.

And an added touch for the housewife with good tastes... a phone in color. We now have phones in nine bright colors plus black to blend or contrast with any colors in your home.

Extension phones are low cost, too. Here in Ranger an extension costs you only \$1.00 a month plus a small, one-time installation charge. Just call the business office and pick your extension telephone in color today.

ONE-THIRD OFF!

No, we're not having a sale "for a limited time only". It's an everyday offer to save you one-third of the cost when you call Long Distance station-to-station.

Long Distance charges for station-to-station calls are about one-third lower than for person-to-person service.

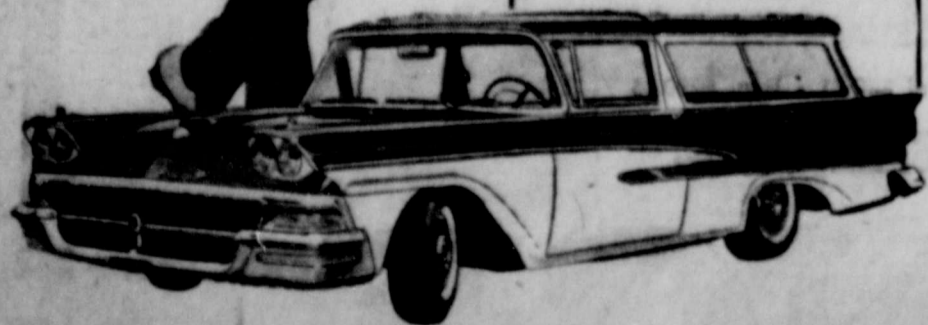

Call by number. It's twice as fast.

J. R. Davis Is Taken By Death

Funeral services were held Tuesday in Weatherford for J. R. "Bob" Davis, former resident of Ranger who died in Weatherford Sunday morning.

Services were held in the Cotton Bratton Funeral Home in Weatherford. Burial was in Weatherford.

He is survived by his wife and one nephew, Jack Davis of Weatherford.

Mother And Child Thrown From Auto Here

A young mother and her 18-month-old daughter were physically kicked out of a car and left stranded three miles east of Ranger Tuesday night.

That, at least, is the story the woman told to Chief Deputy Sheriff Johnny Boyd who investigated Wednesday morning. Boyd received a call from a family which lives near where the woman was thrown from the car on Highway 80.

He went to the scene and found the woman and child covered up in quilts and blankets. She told Boyd the story of having an argument with her husband and being thrown from the car.

Her husband proceeded to throw pots and pans and everything else out of the automobile, then roared away leaving the woman without any money. She told officers she didn't even know where she was.

The woman told the officers she and her husband and little girl were moving from Abilene to Arkansas. They were going to live with the woman's mother. She said an argument started, and finally her husband stopped the car and threw her out. The woman and her child spent the night along the highway.

Officers phoned her mother and she said she would send what money she could get together to her daughter. Officers raised enough money for the woman and child to eat on and shipped her belongings to her mother in Arkansas. Wednesday afternoon she caught a bus out of Ranger headed for Arkansas.

No charges were filed against the husband.

Two persons were injured, none seriously, in a truck-car collision 4.8 miles east of Ranger at 6:15 p.m. Tuesday.

Wilson Harold Bridges, 40, of DeLeon, and Donald Edward Stanley, also of DeLeon, suffered lacerations of the head when the 1957 Ford driven by Bridges crashed into the back of a 1956 truck-tractor which was carrying a load of long joints of eight-inch pipe. Both the car and the truck were traveling west on Highway 80 when the mishap occurred. The car's top was ripped loose and pushed back to the rear of the vehicle. Damage was estimated at \$1000.

Driver of the truck was J. C. Leta Campbell, 56, of Beaumont. He was not injured and the truck was not damaged.

Bridges and Stanley were rushed to Ranger General Hospital, but have both since been released.

Charges of failure to pass to the left with safety have been filed against Bridges. Highway Patrolmen Les Strawn and Al White investigated.

At the Washington meeting Wilson and others pointed out that the Association sold its entire inventory of Spanish peanuts this year at better than 105 percent of the 1957 support price.

Under the present law an acreage increase may be granted "if the Secretary of Agriculture determines, on the basis of the average yield during the preceding five years, adjusted for trends in yields and abnormal conditions of production affecting yields in such five years, that the supply of any type of peanuts for any marketing year will be insufficient to meet the estimated demand for cleaning and shelling purposes at prices at which the Commodity Credit Corporation may sell peanuts owned or controlled by it, the state allotments and there being no other such type or types of peanuts shall be increased to the extent determined by the Secretary to be required to meet such demand."

No Ruling Yet From Benson On Acreage Request

No ruling on the Southwestern Peanut Growers' Association's recent request for an acreage increase for growers of Southwest Spanish peanuts has yet been handed down by Sec. of Agriculture Ezra Taft Benson. Ross Wilson, manager of the SPGA, told this newspaper today.

"As yet we do not have a ruling on this matter from the Department of Agriculture," Wilson said. "We did get a good hearing in Washington on March 14 which lasted some four hours."

Two Elections Set Saturday

RECORD NUMBER EXPECTED

Ranger voters will go to the polls Saturday and vote in the two school elections.

Two seats are to be filled on the Ranger School Board and three are to be filled on the Ranger College Board of Regents.

Five persons are seeking the three seats on the board of regents. The two school board candidates are unopposed.

Expectation is that a record number of local residents will turn out for the Ranger College regents election. Many local observers say it is the first time for names of candidates to appear on the ballot other than the three incumbents.

The three persons who will fill the three seats on the nine-member board of regents.

The five names on the ballot are Carl Page, Margie Maddocks, Roscoe Hopper, Richard "Dick" Henderson, and J. F. Donley. Lewis Conn's name was on the ballot but he withdrew.

Miss Maddocks, Hopper, a 3rd Page are the three incumbents. Page is the only one of the three seeking re-election to an elected three-year term. Miss Maddocks and Hopper were appointed to fill unexpired terms of members who resigned.

Three new members of the board are elected each year. Present board members are Morris Newsam, Hopper, F. P. Brashier, Jr., Joe Dennis, Page, A. W. Warford, A. L. Wood, Miss Maddocks and David Pickrel.

The Ranger School Board election will be a simple one for local voters. Only two names appear on the ballot and both are asking for re-election.

The two names are Glynn Covington and Melvin Adams. Both are completing two-year elected terms.

Present members are Dr. A. W. Brazda, Johnny Bates, Covington, Gaston Dixon, Walter Arterburn, Adams, and Dr. W. P. Watkins. All are elected for two-year terms.

Voting in the school board election will be held at the school tax office, in the Recreation Bldg., from 8 a.m. until 7 p.m.

Voting in the regents race will be held at the city hall on Main Street from 8 a.m. until 7 p.m.

Schools, College Dismiss Classes For Easter Friday

Ranger's school population, from the grade and secondary schools through college, will dismiss classes for the Easter holidays.

G. B. Rash, school superintendent, said that the five public schools would dismiss classes Thursday afternoon at the regular time and would not resume classes until Tuesday morning.

Ranger College students will have a respite from classes from Thursday noon until Tuesday morning, according to Dr. Price Ashton, president of the college.

Does Ranger Want A Junior College?

(An Editorial)

The Saturday election of regents for Ranger College has gotten down to the point that the actual question to be decided is "Does Ranger Really Want A Junior College?"

People who know the history of the college are conscious of the fact that five years ago it was questionable whether or not the institution could open its doors.

Since that time it has gained national recognition for its rapid growth, its constant improvement of academic standards, and its almost unbelievable increase in plant valuation from \$400,000, in 1953 to over \$710,000 in 1958.

This progress was possible only because of expert business management of the financial affairs of the college. So outstanding was this that Dr. Price Ashton was elected to the membership in the National Institute of Management for the superior job of handling the finances at Ranger College.

Dr. Ashton together with the present board of regents outlined a constructive and progressive program aimed at building a better junior college for Ranger early in 1953.

Since that time many of these dreams have become a reality. Working against overwhelming odds—no money—small enrollment—citizens who said it couldn't be done—inferior physical plant—poor dormitories, and a makeshift cafeteria, these regents and Doctor Ashton have been successful in effecting some changes that have made Ranger College one of the outstanding small colleges in the state.

1. A superior faculty of well-trained Christian men and women who are not afraid of work. They have worked together tirelessly to raise standards and to improve Ranger College.

2. Adequate dormitory space: W. P. Newell Hall—Brick structure which can house 80 men students—built at \$3.01 per square foot.

3. Girls Dormitory—Brick structure—will house 30 girls and cost \$1.67 per square foot.

4. Ranger Hall (Cafeteria and Community Center)—Brick structure—built at \$1.12 per square foot.

5. These buildings have been built without spending one cent of taxpayers' money. The bonds are retired by the room rent received from the students.

6. College books are audited yearly by a reputable C.P.A. and by the State Auditor.

7. Inventories of all college property have been made, and instructors and students who use this property are responsible for care and safekeeping.

8. Higher standards of work have been evidenced yearly by the standardized tests given in the college testing program.

9. The Registrar has been made the Sole Keeper of the Permanent Records. Only the Registrar has the authority to record grades and issue transcripts.

10. College property has been improved and free rents have been abolished.

11. No free meals are served at the college cafeteria; college telephones, cars, and credit cards are used only for college business.

12. Despite rumors to the contrary, the faculty and the student body are a busy and happy group of people.

This fact was substantiated by letters from Ranger faculty pledging their support and endorsement of the school's program. These letters served as a vote of confidence from both faculty and student body for both Dr. Ashton and the Board of Regents.

The character, integrity and sincerity of Dr. Ashton and the present Board of Regents is record enough within itself. Their record is to be applauded rather than to be minimized.

If you endorse the program at Ranger College, we ask your endorsement of the present Board of Regents who pledge their continued efforts to build a bigger and better Ranger College and a bigger and

Things Seen and Unseen—

... are all paid for by the ultimate consumer. The farmer sells his bale of cotton for \$150.00 and we buy it back in cotton products for several hundred dollars. Same old cotton except the looks, design, color, wage, transportation, rent, storage, interest, commission, profit and taxes—many kinds of them. Like the bale of cotton, the abstract must bear its myriad of hidden costs but at that it is well worth the sales price for it is the basis of your title security and your protection against fraud.

Carbon School News

By LINDA COLLINS
Telegram School Reporter

There has been a few more events around our dear old school one week—Kid Day, Stock Show and the presentation of letters to grade school basketball team.

Kid Day at C.R.S. was different this year than it has been for the past four or five years. On Kid Day the seniors initiated the freshmen and the seniors are dressed as little "kids." The seniors were quite a sight with their short dresses and sun short pants, and six-shooters.

The freshmen looked like something from outer space. They were a sight to be running around school all doing little odd things most of them were unnecessary, but they seemed to have a lot of fun.

Several of the Carbon F.F.A. boys entered the Stock Show held in Eastland over the weekend. Charles Caraway showed the F.F.A. Chapter's champion Southdown ewe. He also showed a champion Southdown ram.

Jerry May showed a reserve champion dairy herd bull and prime Duroc guilt fat class; Joe Paul May, medium Duroc guilt fat class; Caraway, medium Hampshire burrow fat class, Lyndall Morrow, a prime and a medium crossbreed fat lamb; Caraway, two prime Southdown fat lambs; and John Wilson, his chapter Southdown ewe in breeds class.

Jack Hogan and Mickey Rodgers assisted the boys showing two animals.

Thursday will be the day for the Easter baskets and all the eggs. The first and second grades

will have lunch and hunt in the Eastland park; third and fourth graders, at Mr. and Mrs. Truman Bryants; and the fifth and six grade will go to "Tator Hill."

Track boys will go to Gorman Thursday afternoon for a track meet. Students from the seventh to the twelfth will attend the track meet.

Mr. Services presented the letters to the grade school basketball team Thursday. Those receiving letters were Nancy Benton, Ruby Basberry, Letha Matthews, LaFerne Lee, Sharon Johnson, Velle Garrett, Wanda Tucker, Mary Rose, Mary Beem, Claudette Guy, Larry Morrow, Don Guy, Weldon Cook, Gary Norris, Jerry Laster and Sammy Scott. Nora Jordan received a letter for being manager.

See you next week.
