Land Office Head Dies of Pneumonia

J. T. Robison Succumbs After Long Strain of Impeachment Proceedings.

AUSTIN, Sept. 7.—J. T. Robison, commissioner of the general land office for 21 years, died of pneumonia in New London, Conn., early today. He had gone there for a visit with his son, Dr. J. T. Robison, Jr., leaving here late in July. It was his first vacation from the general land office since he entered its employ as a clerk 31 years ago.

He left here soon after the house of representatives had exonerated him of proposed impeachment charges involving his administration of the land office. At the time of his departure, the 67 year old commissioner, who held the distinction of being Texas' oldest official, both in years and point of service, was plainly fatigued.

Robison's body will be brought to Austin for burial in the family plot beside a son and daughter, who preceded him.

Robison suffered a nervous breakdown soon after reaching New London and later contracted pneumonia. His condition had been precarious for several days.

Robison was a nephew of Joel Robison, Texas patriot who was with the group at San Jacinto that captured Santa Anna.

The Lone Star flags of the capitol and land office were flown at half mast in memory of the veteran officer.

Governor Moody is empowered under the constitution to appoint a successor, to fill out the unexpired term which ends in January, 1931. Until a commissioner is appointed, J. H. Walker, chief clerk under the law, will be acting commissioner. He was serving in this capacity during Robison's absence.

After having served in public office for many years without accusation of wrong-doing, Robison's

troubles began last January, when he refused to postpone sales of mineral rights in University of Texas lands, after he had been importuned to do so by the board of regents, Governor Moody and the attorney general's department.

J. A. FOSHEE HELD IN DEATH OF E. WRIGHT

LUBBOCK, Sept. 8.—Preliminary hearing for B. A. Foshee, 24, on a charge of murder in connection with the fatal shooting, Saturday, of Elmer Wright, 23, eight miles northwest of Levelland, will be held at Levelland tomorrow morning.

Foshee, officers said, drove to Levelland following the shooting and surrendered to officers, stating that he "had killed Wright as he was breaking up his home."

Foshee's wife is 19 years old and the mother of two children.

Foshee shot at Wright five times, he told District Attorney Durwood Bradley of Lubbock, in a statement made Saturday afternoon. Three of the shots took effect, Wright dying almost instantly.

CAPT. G. T. COOPER RETURNS TO SUDAN

Capt. G. T. Cooper, formerly marshal of Sudan, returned Monday from a month's visit at Dallas, Oklahoma City and other points in Texas and Oklahoma. Capt. Cooper has decided to remain in Sudan, and is preparing to enter the land business. He was an officer for more than 30 years and retired at Sudan some months ago. He will maintain offices at Sudan and Muleshoe and will be in position to show prospective land buyers some of the best lands in Texas and New Mexico.

Mr. and Mrs. J. C. Whaley and Mr. and Mrs. J. N. Beasley of Gainesville were visiting and attending to business matters in Sudan the first of the week.

Eight Lives Lost in T. A. T. Plane Crash

LOS ANGELES, Sept. 7.—Racing from a storm, the air transport liner City of San Francisco crashed into the side of a 10,000-foot mountain and burned last Tuesday in the most desolate section of central New Mexico, with probably instant death to its human cargo of one woman and seven men, advices to the Transcontinental Air Transport company here today indicated.

The wreckage of the big tri-motored metal monoplane, a burned and twisted mass of metal, was discovered on the south side of Mount Taylor at 11:03 o'clock this morning by a Western Air Express eastbound transport monoplane.

Lieut. George K. Rice, pilot of the Western Air Express Transport, which had four passengers and was bound from Los Angeles to Albuquerque, made the discovery. He first noticed what appeared to be a bit of snow on the south side of the mountain. He swerved his big Fokker monoplane around and zoomed down to within a thousand feet.

There the appalling sight of twisted, burned metal, and a circle of burned trees surrounding it was revealed to Lieut. Rice, his co-pilot and the four passengers.

When the disappearance of the plane became known last Tuesday, one of the most spectacular hunts of the wild West got under way.

Scores of army, navy, marine corps and civilian planes sailed through the cloudy and storm beset skies of the wildest section of the continental United States.

GRANT, N. M., Sept. 8.—The last search for the Transcontinental Air Transport plane City of San Francisco ended today as a party of forest rangers, an ambulance crew and newspapermen lifted a burned and crumpled fuselage from the charred bodies of the five passengers and a crew of three on the side of Mount Taylor, seven miles from its summit and 27 miles northwest of Grant.

The impact of the plane, which disappeared last Tuesday and was located first yesterday from the air by Pilot George K. Rice of a Western Air Express passenger plane, plowed a swath 300 feet long through the heavily wooded mountainside. It had thrown the bodies forward until all were crowded toward the front of the cabin. One lay virtually under the crushed and almost totally destroyed center motor of the trimotored ship.

An area more than 300 feet square was literally covered with debris.

It will be necessary to carry the bodies for seven miles down the slope on hand-borne litters as the ground is so rough and rocky one cannot ride a horse over it.

Crashed at Noon.

On the arm of one of the pilots there was strapped a wrist watch that had stopped at 11:01. The pilots were required to carry Pacific coast time on flights between Albuquerque and Los Angeles, which

placed the time of the crash at one minute after noon mountain time. Valencia county authorities said this would indicate the plane never passed over Grant on the morning of its fatal ride on the winds but had gone directly from Albuquerque to the point of the crash.

The eight persons aboard the air transport were:

Passengers.
Mrs. J. B. Raymond, Glendale, California.
A. N. McGaffey, Albuquerque, N. M.
William H. Beers, New York.
M. N. Campbell, Cincinnati.
Harris Livermore, Boston.
Crew:
J. B. Stowe, chief pilot.
A. E. Dietel, co-pilot.
C. F. Canfield, courier.

REPORT OF BULA REVIVAL

Bula Methodist revival closed Sunday with 64 conversions and reclaimed, and 30 odd additions to the church.

The contest was successfully carried out; the Bible read through two and one-half times by the blues and reds; the reds came out victorious.

There were 78 persons came out to hear the preaching who had never attended at Bula before. These attended through the efforts of the contestants.

We had our social Monday night with 210 present. Iced tea, lemonade and cake were served, and everyone had a good time.

The meeting will be an everlasting benefit to the community.

Mrs. W. W. EVINS.

WALKER-WILLIAMS

Mr. Othell Walker and Miss Esther Williams were quietly married in Clovis last Sunday at 9 o'clock. The young couple were accompanied by Jack Rogers of Sudan and Miss Thelma Anderson of Littlefield.

Othell is the son of W. H. Walker, well known farmer living four miles south of Sudan. Esther is the daughter of H. T. Williams of Littlefield, and before her marriage was employed as a clerk in Ellis & Ware's dry goods store of that city.

Both young people are well known in their respective towns, and The News joins with their many friends in wishing them a happy future.

SAYS WE GOT HIM WRONG

McLarty of the "M" says we got him wrong last week—says he had no thought of limiting himself to one barrel. Says he intended to shoot both barrels all the time.

Beg pardon, McLarty. We'll know better next time.

Mr. and Mrs. C. B. Richards of Seagraves spent several days in the Robertson home this week.

End of Big Vote Period Is Near

It's a Neck and Neck Race in The Sudan News Campaign. "First Period" Votes Can Decide Big Prize Winner—Now Is the Time for the Contestants to Hustle and Get Votes While the Count Is High.

ONLY 8 MORE DAYS OF FIRST PERIOD!

Several of the Contestants Are In Position to Win if They Take Advantage of the Big Period Votes That Are Now In Force.

Developments during the past few days in The Sudan News' big Automobile Prize Campaign have been the most sensational and spectacular yet recorded. Tens of thousands, yes, hundreds of thousands of votes have been cast; first one candidate would hold sway for supremacy, then another; battles were fought, won and lost, and the race waxed fast and furious.

Yet, so closely arrayed and with honors so equally divided up to the present time, it depends entirely upon results obtained by each individual candidate between now and the close of the first period, Wednesday night, Sept. 18, as to who the ultimate winners will be.

No one has a walkaway for that fine Pontiac Four Door Sedan. Neither is anyone hopelessly beaten. Just a good bunch of subscriptions turned in for the credit of ANY ONE of the various contenders would change the entire complexion of affairs and furnish new leaders in the race. In fact, a few long term subscriptions now while they count the most might be the very ones to stem the tide of defeat and turn it to a sweeping victory.

With but one more week after this in which to turn in subscriptions and receive the MAXIMUM number of votes, and but four more weeks to go before the race comes to a close, interest in the campaign intensifies. Each candidate realizes that the big prizes, stupendous in value, lie practically within their grasp, either to be claimed for their very own or forfeited to more aggressive opponents during the next few weeks, depending upon the results obtained while the Big Votes are allowed.

If you halt now for a moment, if you weaken for a single day, or if you overlook any opportunity to better your chance to win, you are taking a desperate chance of losing the big prize, already partially won and which really belongs to you, and you are nearly certain to bring dismal disappointment upon yourself as well as your friends, who will take it as sorely as you will yourself.

Don't forget that this is a battle hereafter. Craft helps; speed too, but the rugged strength and lasting qualities of a few thousand votes mean victory here as the same traits win any battle.

Remember 2,000 votes on renewals and 4,000 votes on new one-year subscriptions NOW while in the last period only 1,000 votes are allowed on same subscriptions (new or renewal). Now you get 100,000 and 200,000 votes on five-year subscriptions, and during the last period you get 60,000 votes, whether new or old.

Let's Go!

COCHRAN COUNTY OIL STIKE WAITING ON STORAGE

The Amarillo News' review of the oil situation in Cochran county says:

Due to lack of storage facilities, intensive drilling in the Continental Oil Company's No. 1 Slaughter test in Cochran county, sixty miles west of Lubbock, will not be resumed until the middle of next week, it was announced at the test late yesterday.

From the present depth of 4855 feet, oil has pushed up more than 2,000 feet and the gas pressure, appearing since last Tuesday, remains strong.

Storage tanks are being installed at the rig, while the bit is slowly digging deeper into discovery depth. No announcement has been made as to the shooting of the well.

Lubbock and the South Plains are seething with excitement as the word of "oil" is relayed throughout the area. Leasing activity has begun outside of the 10,000 acres lease of the Continental Company.

Mr. and Mrs. J. W. Richards and daughter, Jonnie Bess of Lubbock spent several days this week with the former's sister, Mrs. J. P. Robertson and family.

A Bigger and Better South Plains Fair

LUBBOCK, Texas, Sept. 10.—With the Sixteenth Annual Panhandle South Plains Fair only two weeks away, officials of that institution are working early and late in order to have every detail in shape when the fair gates open September 30, for the six day exposition.

Byron C. Dickinson, president of the fair association and A. B. Davis, manager, are directing the activities of the hundreds of superintendents, directors, employees and other officials.

Three one-day booster trips be made by citizens of Lubbock within the next few days to carry a message of good will and friendship to neighboring towns and to tell the people over the Plains of Texas of the plans of the fair. Already one trip has been made which included stops at Levelland, Morton, Elda, N. M., Portales, N. M., Muleshoe, Sudan, Amherst, Littlefield, Anton, and Shallowater.

Booster trips will be made in the next few days to include stops at Abernathy, Hale Center, Plainview, Lockney, Floydada, Crosbyton, Ralls, Lorenzo, Idalou, Slaton, Southland, Post, Lamessa, Tahoka, O'Donnell, Seminole, Seagraves, Brownfield, Ropesville, Meadow, and other points on the Plains.

"Everything will be in readiness when the fair opens," Dickinson says.

"Bigger and Better can be applied to every department of the fair. More expensive free acts and fireworks have been contracted for. Six free football games including teams from Slaton, Plainview, Post, O'Donnell, Lubbock, Lorenzo, Brownfield, Ralls, Crosbyton, Levelland, Tahoka, and Littlefield high schools have been scheduled. The games will be free to everyone that enters the general admission gate at the fair."

Chamber of Commerce Organized for Sudan

Sudan's Community Festival Week was wound up in a blaze of enthusiasm, during which a strong Chamber of Commerce of 200 members was organized. The organization will be known as Sudan Community Chamber of Commerce and the membership will embrace citizens from all parts of Sudan District.

This organization will now take over the work so ably set on foot by Capt. Nusbaum and, it is confidently expected carry on till Sudan District shall have fully come into her own.

It is to be noted with satisfaction that the Chamber starts its labors with a correct view of the situation. Knowing that the prosperity of the town must depend in large measure on the prosperity of the surrounding community, the Chamber, as its name indicates, will devote its energies to the development and building up of our entire trade territory.

The News ventures the assertion that there is not in the entire Panhandle section of Texas a territory with more potential possibilities for development than the region immediately surrounding Sudan. Much of this development has already been accomplished. Sudan now ranks as one of the foremost shipping points on the Santa Fe for all lines of farm products. Already in Sudan District upwards of 500 farms have been developed. These are being constantly improved and brought to a higher state of production. Better homes are rapidly taking the place of hastily constructed temporary quarters; orchards are being grown, poultry flocks developed, dairy herds are being built up, and the district is rapidly forging to the front.

Of course Sudan business concerns have shared in this prosperity, and will continue to share. But there yet remains much to be done. Our territory is practically unlimited. Mile after mile of the finest farming lands of the Panhandle surround us in every direction. Our shipments of dairy and poultry products are growing by leaps and bounds, and there is practically no end to the possibilities of Sudan Territory.

This being the case, there is a broad and fertile field for work on the part of our new Chamber of Commerce. And, if we correctly read the characters of the men in charge of its destinies, we have faith that the years to come will witness a development in this end of Lamb county that will cause surrounding communities to sit up and take notice.

"Let's get together, stick together, pull together, and trade at home."

On Friday night at a meeting of the members the following directors were elected:

A. M. Hout, D. H. Criswell, Joe Wilkins, L. T. Hunt, S. A. Beecroft, Harry Wilson, B. O. Byrnes, E. N. Ray, C. C. Preston, Henry Cameron, J. W. Withrow.

\$109.50

Mr. and Mrs. A. L. Brannon of Slaton were guests over the weekend of Mr. and Mrs. J. P. Robertson and family.

Miss Ruby Mince, who has been visiting her sister, Mrs. Ves Patterson the past six weeks returned to Hubbard Wednesday.

THE AMERICAN CREED

"I believe in the United States of America and the principles of freedom, justice, equality and humanity upon which it was founded and for which American Patriots have given their lives and fortunes."

"I believe it is my duty towards my country to love it; to support its constitution; to obey its laws; and to defend it against all enemies."

Any erroneous reflection upon the character or reputation of any person, company or corporation which may appear in these columns will be gladly corrected upon its being brought to the attention of the management.

"BOOST OR MOVE."

WHY SUCH PROFOUND SILENCE?

Some weeks ago the Sudan News took occasion to advance some criticisms of what it conceived to be erroneous policy on the part of the Vocational Agriculture department of A. & M. College. Superintendent Davis of that department challenged the News' statements, asking that we be more specific, and promising a reply to any questions propounded.

The News took Supt. Davis at his word, and set forth a number of questions which it—together with many other Texans—very much desired to have answered. But up to date no word has come from the agriculture department of A. & M.

Now The News is strongly of the opinion that the V. A. Department is an institution having (or which should have) intimate personal contact with all the people of the state. Our course in this matter is based on the belief that the wishes of the people should have some weight (or consideration, at least) with the authorities at A. & M. And Supt. Davis may be assured that The News is not alone in its objections to certain apparent policies of his department.

We are still waiting for Supt. Davis' reply to our questions. Will we continue to wait in vain? If so, we shall be impelled to proceed with our remarks regardless of Supt. Davis' feelings or dignity.

Eternal vigilance is the price of week-end safety.

Vacation days are over. Back to the ball and chain.

AT REST FROM PERSECUTION.

Weakened and debilitated by the long strain of vicious persecution, heart-broken over the treachery of supposed friends, J. T. Robison, veteran commissioner of the general land office of Texas has passed to his reward.

The days of the martyrs are not past. J. T. Robison suffered because he had the integrity to resist graft and corruption. Always a friend of the people, he protected their rights. When the forces of greed called him to account he fought with the courage of the old soldier he was, and in the end was exonerated by the representatives of the people who loved him.

His enemies would have been kinder had they ended his life at once. But he is at peace, while they are left with their consciences—if they have any such incumbrances.

CREATES NEW BUSINESS.

A few years ago W. A. Sheaffer of Ft. Madison, Iowa, was making fountain pens in the back room of a small building. Now he employs a thousand people and his factory covers several acres. Sheaffer is a regular advertiser in high class publications. Where you see prosperous business concerns you will find they believe in advertising. If you will notice closely you will find that it is the advertised goods that are selling.

PROGRESS AND PROSPERITY.

Spending money in the home community is the best way to bring and keep prosperity, and the buy-at-home habit is one worthy of cultivation. When the citizens of a community have confidence in each other, there follows the spirit of buying at home, which makes for progress and development and greater prosperity. A town full of citizens bubbling over with enthusiasm is the town that meets with progress and prosperity.

SAFER PLACES.

The toll of week-end accidents, both from motor and drowning mishaps, would seem to indicate that a safer and saner method of spending Sunday would be at home or attending church services.

Next year's home will hardly be complete unless it can sport a two-plane hangar. This takes the place of last year's double garage.

The longest endurance record is held by a Sudan man who has just this week finished paying his 1928 Christmas bills.

Three generations ago in a picture we could pick out Grandmother from Mother and Mother from Daughter.

Members of the federal farm board are said to be working these warm days with their coats off.

Oklahoma farmer recently cleared \$1,500,000 in one year. They found four oil wells on his farm.

Orators get the headlines. Toilers get little praise.

CONGRATULATES

the new management of Hokus Pokus on their decision to help serve the people of Sudan and vicinity with a Cash-and-Carry Grocery.

Thrifty housewives will trade at cash stores and save the difference.

BANKERS CONFER ON FARM RELIEF WORK

WALLAS, Sept. 9.—Governor Dan Moody and leading bankers of the state joined with directors of the Texas state bankers association in a conference here today and discussed effects of the \$500,000,000 agriculture relief fund in so far as it pertained to the cotton situation in Texas.

The opinion of a majority of the bankers was that Texas banks were in better position than ever before to handle the movement and disposition of cotton through loans to farmers and that there was no need for additional aid from the farm relief fund for this purpose.

It is wonderful how the minds of the "leading Texas bankers" can change so much in so short a time as thirty or sixty days.

It has not been so very long ago that Governor Moody sent four great men to Baton Rouge, La., to have a conference with the newly appointed farm board, and see just what they intended to do for the Texas cotton situation immediately. They were told in plain words that the board could deal only with organized groups of producers.

Then no one heard very much about Governor Moody and his plans for the Texas cotton producers until the meeting in Dallas on Sept. 9, which says the leading bankers of Texas have decided that no additional aid is needed now. The writer is wondering if these leading bankers are any of the big boys who gave the cotton growers so much help (?) in the 1920-21 season when the farmers were urged so earnestly to hold their cotton until a better price could be had. The writer himself borrowed \$75 per bale on most of the best cotton produced in 1920, when cotton was selling for 20 cents per pound or above.

Then along about April, 1921, when cotton had dropped to about 10 cents per pound, the banker who loaned the \$75 per bale very plainly told the boys who were holding cotton that the bank must collect their loans at once. "Oh," he said, "I might wait three or four days longer, but the cotton must be sold right away."

Of course we all know that there are some good bankers in Texas that are real friends to the farmers and are anxious to be of real service to the boys on the farm.

There is a great big question mark right now in the minds of some of the leading farmers concerning the bankers who are against the cooperative farm organizations. Even after the farm-

ers have worked the best they could for eight years with only a small part of the good bankers of the state trying to help them, until they have at last received recognition from the government. Then these men in high places like Governor Moody and some of the leading bankers mentioned meet in Dallas and decide among themselves that no further aid is needed for the cotton growers at this time. It looks to the writer like a case of "sour grapes" because the money from the government could only be used by the farm organizations. The fact is that the farm marketing act was meant only as a relief measure and when it was used at all, it is so fixed that it will aid the farmers themselves.

Surely the farmers, bankers and others who are really their friends can see the selfish attitude of people who have never cared much about agriculture except in cases where it affected their selfish ends. There is more reason for farmers to cooperate now than ever before, because they have real help available.

SUDAN GETS FIRST NEW COTTON SEPTEMBER 7

Mr. D. C. Lumpkin, well known farmer living on the Boesen farm two miles southwest of Sudan, rolled into town just before noon Saturday, September 7, with the first new cotton for the county this season, which was almost a month earlier than the first bale came in last year. It was so much earlier, in fact, that the local gins came very near not being ready to gin it, but Mr. E. Lam, manager of the Whiteside Gin (or the Big Gin, as it is generally known), must have spent all this year's vacation installing new machinery, judging from the amount of improvement made in this good plant and the way it performed while ginning this first bale of Sudan's cotton for '29.

The business men of Sudan gave liberally in making up a premium, as a token of their appreciation to one of the leading farmers in this section of Texas. Mr. Lumpkin is an outstanding member of the Farm Bureau Cotton Association, so just as soon as the bale was ginned and wrapped he placed it under bill of lading to the warehouse at Houston, thereby giving the Lamb County Farm Bureau the honor of receiving the first bale produced in the county this year. There are several more bales open at this time on the four hundred acres of cotton grown by Mr. Lumpkin, and it looks now as though it will make one-third of a bale to the acre.

FARM NOTES

D. A. ADAM, County Agent

The Lamb County Fair is to be held on September 20 and 21, at Amherst, and a big fair is promised by the number who say they are going to exhibit. Premium lists are now ready for distribution and can be obtained in every town in the county. The fair list includes field crops, livestock, with especial emphasis on dairy cattle; 4-H club, and vocational agriculture department; home economics exhibits, and others. So if you have something to exhibit, do not forget to bring it to the fair.

Baby Beef Club members of the 4-H Clubs of Lamb county, under the direction of the county agent, got their calves on Tuesday, Sept. 2, and they are now on feed. Sixteen members got 32 calves, and great things are expected, judging from the amount of interest the boys are taking in these things. The calves were obtained from the Halsell Cattle Company.

The county agent is in the process of building up the Lamb County Fair exhibit which will go to Amarillo and Lubbock fairs. At present, several things are needed to finish up the exhibit—peanuts on the vine, seeded ribbon cane, redtop cane or any other cane that can be found, pumpkin, kershaw, good quality garden products of every variety, Irish potatoes, sweet potatoes, and any other crop that you might have. Bring some in, or notify the county agent, and he will come out after it. We need the above badly, to finish the exhibit.

Weldon Shaffer, 4-H club boy, carrying a dairy heifer for his project, is the proud owner of a nice young bull calf, and his heifer is doing nicely.

4-H Club boys are going to exhibit at the County Fair the project work they have been carrying for the past year.

During the Amarillo fair, there is to be an auction sale of Guernsey bulls brought in from California from the Brant Rancho. These are very high quality bulls, and are worth trying to buy. Several farmers in this county are interested, and are going up to try to bring back one of these bulls to Lamb county. Those interested should get in touch with County Agent D. A. Adam, or Mr. E. C. Cundiff at once. The sale is to be held on Thursday, September 26, beginning at 1 p.m.

A wonderful Field Day was held on the W. M. Pool and son farm,

Perryton Well Soaked.

PERRYTON, Sept. 9.—Rains Sunday brought the total precipitation for the past three days to more than two inches over the North Plains section and put the soil in excellent condition for wheat sowing.

Stephenville has spent \$25,000 improving her water system this year. Most of the expenditure has been in the form of extensions and resurfacing old lines. Some mains have been taken up and replaced with larger ones. New consumers have been added to the 1000 patrons regularly.

Junction's Chamber of Commerce has mailed 3000 circulars recently calling attention to some of the advantages of the town. Population 1,500, bus lines from all directions, aldermanic form of government, modern water, light system, and good schools are listed.

Hereford's Farmers Creamery distributes \$500 every day to the

Dimmitt.

(Castro County News.)

Much work is being done throughout the county, and great interest manifested in the Castro County Community Festival to be held here under the direction of Capt. C. S. Nusbaum, Community specialist, next week.

For the first time in its history, the Dimmitt high school will have a football team this year. Practice began at the athletic field, Monday afternoon of this week, with Coach Loter in charge.

Starting September 16th, the eastern part of Castro county will be served by a new star route, which will later be made a regular rural route, according to Assistant Postmaster Duree.

Between 40 and 50 teachers, representing the fourteen schools in Castro county, will assemble at the school auditorium in Dimmitt on next Friday, Sept. 13, in their annual institute.

According to reports coming to those in charge of the Castro County Fair, to be held at the school auditorium in Dimmitt on Friday and Saturday, September 20 and 21, the largest attendance ever in the city will be at the exposition on those two days.

Local merchants are changing their closing hours again. Since the first of August the hour has been 7:30 except Saturdays. Now the hour has been changed to 6:30 except Saturday.

The Castro County Club Federation, organized in Dimmitt on July 26th, will hold their first meeting at the Presbyterian church in this city on next Tuesday, Sept. 12, with an all day meeting.

Dublin will have the use of a large judging arena for their seventh annual fair. The fair will be held September 5th to 8th, and the 70 by 90 foot building will be finished by then.

Price Freeman of Earth, Texas, was a Sudan visitor last week.

Mr. William Teal of Kiowa, Kansas, was in Sudan last week visiting Mr. J. W. Walker.

Miss Kirk, a member of our school faculty, was in Amherst the past week-end transacting some business matters.

Mrs. Irvin Onstead of Sudan is visiting her mother in Amherst today.

Herbert Burial of Clarendon, and wife are visiting relatives in Sudan this week.

The Epworth League was honored Tuesday night with a buffet supper. A delicious course of sandwiches and coffee was served to the following: Mr. Jenkins, Mr. Aldridge, Miss Runnels, Mr. Gee, Mr. Butts, Mr. Duckworth, Misses Kathleen Lam, Katherine Findley, Frances Weinhold, Sue and Lula Belle Wilson, Alice and Esther Burial, Ida Ruth Carruth, Lilla Mae Carruth. All reported a most enjoyable evening.

BAPTIST YOUNG PEOPLE TO HAVE TRAINING SCHOOL

Beginning at 7:30 o'clock p. m., Tuesday evening, September 17, in the grammar school building, the Baptist Young People of Sudan will have a week of training for the B. Y. P. U. work.

The classes will begin promptly at 7:30 and adjourn at 9:30 for five evenings. The courses to be taught are as follows:

The Junior B. Y. P. U. Manual for boys and girls from 9 to 12 years of age. Children under this age will be permitted to attend. This course will be taught by Mrs. F. V. Crabtree (teacher in elementary grades).

The Intermediate Manual for boys and girls from 13 to 16 years of age, taught by Miss Lucille Jordan (teacher of expression).

The Senior Manual will be taught for seniors and adults, 17 years and above. This course will be taught by Mary Virginia Creighton (teacher of history and government).

Every person in the Baptist church should take advantage of this opportunity for training. A cordial welcome is extended to all who care to take this course. The training is valuable in any religious organization.

The books for the courses will be here by September 15. Further announcement will be made September 15th.

HOLT SELLS HI-WAY GARAGE

Joe Rone, for the past two years employed by Hutto Chevrolet Co., leased the H-Way Garage from A. C. Daniel and purchased the stock of tires and accessories from H. C. Holt who operated the Hi-Way since the building was erected. Mr. Rone is a local boy and has been dealing with the public in Sudan for several years. He is well and favorably known here and his many friends will be glad to learn that he has engaged in business for himself. Joe says, "It will be my aim to give the best service in tires, tubes, casings, gas and oil. Will also maintain a repair department in charge of expert mechanics, and have fire proof storage where cars will be cared for." The large salesroom has been leased by Jones Bros. Oakland-Pontiac car dealers of Littlefield, and this firm have cars on display at this time. Arch Jones, one of the brothers, will be in charge.
