

## Sudan Receives I. H. C. Short Course Feb. 29 and March 1 Interscholastic League Basketball Tournament To Be Held In Sudan

### Meeting To Be Held In High School Auditorium; FREE

Local farmers and business men have been success in securing a two-day short course in agriculture, horticulture and home economics to be held in Sudan on February 29 and March 1.

The Agricultural Extension Department of the International Harvester Company will furnish without charge the speakers for this two-day series of meetings which will be purely educational and open to everyone in the community.

F. J. Wolfe of the Harvester Company was here January 28th and met with a group of our local people to whom he outlined a comprehensive plan for putting on the short course, helped to organize the local committees and outlined their duties, gave us a good supply of publicity material, and made all preliminary arrangements.

Mr. Wolfe emphasized very thoroughly that all talks given by the speakers at the short course would be strictly of an educational nature, quite free from sales or advertising. Communities which have had these meetings are unanimous in their praise and appreciation, and strong in their appeal for a return short course this year. So you see, folks, we are indeed fortunate in securing the expert services of this crew of able lecturers to help us with our two-day agricultural and community meeting. Only a very limited number of communities in our state are favored with this short course this year.

There is a force of forty experienced people in the Agricultural Extension Department of the International Harvester Company who give all their time and efforts to instructive and helpful work among as large a number of people as they can reach in an effort to increase the happiness and prosperity on the farm, improve the general health of the people, make the work of housewife easier, and help boys and girls to worthwhile accomplishments. This extension work of the Harvester Company has been carried on for the past thirteen or fourteen years with increasing success and enthusiasm.

Further details will be announced from time to time for the time being, just remember that on the above dates we will have a crew of capable speakers and demonstrators to conduct these meetings. There will be three sessions daily—morning, afternoon and evening. The speakers use moving pictures, lantern slides and large charts to illustrate their talks. Everything will be free. There will be much of interest to everybody—men, women, boys and girls from town and the farm. Make a note of the date, plan to attend with your family, and tell your neighbors.

Following are the committees selected to help with this two-day short course. Many good people were not placed on any of these committees, but don't let that keep you from working to help Sudan put this community meeting over better than any in the state.

Following is a list of the various chairman named at the meeting:

- V. C. Nelson, Chairman.
- P. E. Boesen, Assistant Chairman.
- O. L. Davis, Chairman of Arrangement Committee.
- H. H. Weimhold, Chairman of Publicity Committee.
- R. E. Duckworth, Chairman

### TRUCK COMPLETELY DEMOLISHED AS IT HITS DITCH AND TURNS OVER

D. D. Bernethy, a brother-in-law of Marvin Greathouse, was seriously injured in a truck accident that happened Saturday night six miles west of Sudan on the Clovis highway.

He was driving one of the Garrison Truck Line trucks loaded with poultry and cream going toward Lubbock when some way or other he lost control of the truck. It then going into the ditch and turning over several times scattering chickens and cream all over the ground. Mr. Bernethy was able to get to the house of Tobe Vereen just as he got to the Vereen home. Mr. Vereen got in touch with Marvin Greathouse and they took him to Lubbock where he was placed in the West Texas Sanitarium about three o'clock Sunday morning. The Garrison Truck Line Company had two cars and one truck out picking up produce lost. Sunday morning but the truck was a complete loss. Mr. Bernethy is improving.

### BLUE BONNETT NEWS

Mr. Adam and Mrs. Gartner of Amherst, gave a demonstration on beef and pork killing curing and canning, last Monday and Tuesday at Mr. and Mrs. W. A. Epperly's farm. Mrs. Gartner acted in Miss Mashburn's place, as she was in the Lubbock Sanitarium, recovering from an appendicitis operation. Mr. W. T. Attaway brought a beef for demonstration uses, and Mr. Alvin Auens 3 hogs. This was an important and interesting demonstration. Each member and their husband and all near by neighbors should have been there, and been benefited by Mr. Adams and Mrs. Gartner's work. Dinner was served in cafeteria style, both days.

Our meeting will be in the home of Mrs. G. A. Bennfield, Wednesday 3rd. The Ruby Club will meet with us.—Reporter.

Mr. and Mrs. C. R. Terrell, and daughter, Mavis, Mr. and Mrs. Doyle Terrell, and Mr. and Mrs. C. M. Crawford were shopping in Littlefield last Saturday.

### No School at Circle Back Caused by All Teachers Being Sick

Monday of this week there was no school at the Circle Back school caused by its three teachers being sick in bed with the flu. This was quite a coincidence.

Mr. Stone, the principal, Mrs. Lightsey, teacher, and Miss Coxs, teacher, were all unable to attend school Monday on account of bad cases of flu.

Mrs. Joe T. Salem accompanied Mrs. Marvin McLarty to Lubbock Saturday where the two spent Saturday and Sunday visiting friends and relatives.

Born to Mr. and Mrs. Frank McNane, who lives on the Rails Ranch, a boy, January 29.

of Invitation Committee.

Sam Beecroft, Chairman of Reception Committee.

D. A. Adam, Chairman of Program Committee.

Miss Ruby Mashburn, Assistant Chairman of Program Committee.

O. L. Davis, Chairman of School Committee.

Mrs. Fisher Franks, Chairman of Woman's Committee.

### LADIES BIBLE CLASS OF THE CHURCH OF CHRIST

The Bible Class met with Mrs. George Doty Tuesday with ten members and one visitor present. A very interesting lesson was enjoyed on the Patriarchal Period.

The class will meet with Mrs. C. J. Poor Tuesday, February 9. The lesson will be a conclusion of the Patriarchal Period.

### BRIDGE PARTY

Mr. and Mrs. Vestus Patterson entertained a number of their friends with a Bridge party last Wednesday night at their home in South part of town.

Four games of bridge were played and enjoyed very much. Jimmie Alldredge and Mrs. Clint Dyer tied for high score with Vestus Patterson winning low score.

Refreshments were served and enjoyed by eight.

### FAREWELL PARTY

Mr. and Mrs. Clint Dyer entertained a number of friends at their home Friday night with a "Farewell party" given in honor of their friend Mr. F. B. Altman, who is leaving the first of February for Abilene where he will make his future home.

Two tables of bridge were played with Jimmie Alldredge winning high score and Sam Branch winning low score. Refreshments were served and enjoyed by all that were present.

### CLOVIS PROFITS \$1,000 PER MONTH ON TEXANS

Clovis, N. M., Jan. 15.—Texans who left their home state to come to New Mexico in order to marry without having to wait three days for a license after filing an intention to wed, are estimated to have left approximately \$1,000 a month during 1931 in this city.

Out of the 1,359 marriage licenses issued in 1931, at least 1,200 are said to have given Texas as the home state of one or both of the contracting parties. Business men here estimate a couple spends about \$10 for a visit here.

Payments include the marriage license fee, minister's fee, hotel bill or cafe bill, automobile supplies or railroad fare. In many instances the total is more than \$10, but a conservative estimate is \$10 per couple.

Licenses issued in 1930 were 56 more than in 1931. For several months, according to George Barrows, County clerk, the 1931 monthly figures exceeded those of 1930. The past several months the total has dropped. December 1931 had 160 licenses issued, compared to 170 the same month in 1930.

Since the operation of the Texas 3-day notice marriage act, in June of 1929, it is estimated approximately \$25,000 has been spent in Clovis by out of the state couples who came here to get married.—Clovis News.

Reagan Ormand, "Skinny" Jenkins, and Ernest Willingham were Tech students that spent the week-end in Sudan visiting home folks.

### RE-OPENS SUDAN BAKERY

T. C. Florence, experienced baker, is re-opening the Sudan Bakery this week. He is thoroughly cleaning and repairing the bakery and getting it ready for operation.

Mr. Florence will appreciate any patronage given him. He is a local man and has operated the bakery here before.

### TAKE CARE OF YOUR POULTRY FLOCKS

(By H. H. W.)

YOU SHOULD— Not crowd your houses, 10x10 house will only accommodate, comfortably, 36 large or 48 small hens. 14x14 80 large or 100 small hens. 200 hens should have a house 16x30.

Not let stagnant pools of water, old ponds or low places remain near the chicken house or runs, more diseases comes from these sources than most any other.

Not let the manure pile up close to the chicken house. move it out and spread it on your fields away from the house.

Not let your houses become filthy, by not having a regular time to clean and disinfect frequently. Many diseases develop from neglect to clean and keep clean the chicken house. Nothing in the poultry house is more disgusting than to enter it and find a fine lot of chickens neglected by letting manure pile up two to three feet high inside of the house and then step outside and find what cleaning had been done was dumped just outside the house.

Not permit your houses to become alive with mites, mites cause as much loss in production as any other one thing. One application of a good mite killer will keep them out for a year. Why bother with mites?

Not feed milk in untreated tin, use wood troughs and clean them often.

Not permit your chickens to roost outside, in small coops or in open sheds. Better keep only the number that you can properly house and care for. 50 hens well housed and cared for will make a greater profit than 500 hens scattered over the farm without shelter or care.

Not let your chickens get sick and begin to die and then call a specialist. Be your own specialist, keep them from getting sick. Cleanliness and care will prevent 99 per cent of your trouble in the poultry yard.

Not crowd your poultry houses, as this practice is the most costly of any thing that is done in poultry production. Many people come to me and ask if they can raise 500 baby chicks in an 8x10 or 10x10 brooded house and my answer is positively no. In the first place there is not room to place feeders enough on the floor to feed a flock of this size. Next place it is very apt to get to hot in such a small place when artificial heat is used. Next place it won't be long until you will have more room in a house like the above than chickens because they will die, and you can avoid it. 500 chickens should be placed in a 14x14 or 16x16 house, this will give the flock room to grow to 2 and one-half pounds at which time the little roosters can be sold off as fryers and the pullet remain for a month or two longer, when the number should be reduced to not over 100 and the remainder of the flock disposed of or other shelter provided for them.

Not permit a dope agent to enter your premises, as more poultry is killed or rendered unproductive by the use of various dopes peddled over the country than all the diseases put together.

Not need to use any kind of dope, nature will supply all of the cureatives if you will only do your part by keeping your poultry yards and houses clean and rid the premises of lice and mites.

Avoid over crowding.

### F. M. SHELTON FOR PUBLIC WEIGHER

F. M. Shelton, one of Sudan's well known residents, authorizes the News to place his name in our announcement column for the office of Public Weigher of Precinct No. 5, Lamb county, Texas.

Mr. Shelton has been a resident of Sudan for the past several years and is well and favorably known to the voters of this precinct. During the past six months he has been employed by the present Public Weigher, as weigher at the cotton yard, and previous to this, he was engaged in the dray and truck business in Sudan.

Mr. Shelton is asking the voters for the office of Public Weigher of Precinct No. 5 and says if elected he will do his best to render good service. He will make a thorough solicitation of the voters in this precinct and will appreciate any favors shown him. You are urged to consider his candidacy at the coming Democratic Primary July 23, 1932.

### FARMERS MEETING AT FRIENDSHIP CHURCH

"Poultry troubles" will be the topic of discussion at a meeting of farmers to be held at Friendship Church three miles west and five miles south of Sudan Friday night at 8:00 p. m. The meeting will be a round table discussion to work out ways of preventing and stopping diseases of poultry followed up by a trip to treat a flock that is infested with some of the troubles common to the community.

There will be no charge of any kind. All farmers and their wives are invited to come and take part in the discussion.

### STREET GRADED

The latter part of last week and the first of this week a crew was busy grading the streets of Sudan. The streets were getting in bad shape and the grading has greatly improved them.

Main Street is getting so low that when the grader was used on it many water lines were broken. Main Street is so low that it is hard to do anything with it and it seems that it is getting lower all the time but the grading helps it a lot for the time being.

### THE HENS ARE WORKING HARDER

According to official government figures, there are fewer laying hens on the farm today than for several years past, but egg production levels have been maintained through increased production per bird.

Converting statistics into "eggs laid per hen," government figures show October 1st average last year was 26.2 eggs per hundred hens and pullets of laying age, compared with 24.8 in 1930, with 23.7 in 1929, and a five year average of 25.2 for that date. Ten reported layings, January to October, aggregated 389.5 eggs per hundred birds this year, against 372.2 eggs last year, and 370 for the 1925-1929 average.

Now how do you account for that? Have the hens decided that unemployment among humans must be offset some way?

Misses Leona Slaughter and Frances Weimhold spent the week-end visiting home folks in Sudan. They are both attending Texas Tech.

W. W. Carpenter, formerly of Sudan but now of Plainview was a business visitor in Sudan this week.

### MARVIN McLARTY ENLARGING 'M' SYSTEM

The 'M' System force was busy enlarging and repainting the store the first of the week. Another section was added to the store which improves the looks and makes the shelving space much larger. All of the inside fixtures are being repainted and the store is being given a general cleaning.

The enlargement was necessary to take care of the present need of the store. The new addition makes the 'M' System one of the most up-to-date stores in the country. We commend Mr. McLarty on making this improvement at this time.

### ALTMAN D. G. CO. AND SUDAN D. G. MOVE FROM SUDAN

The Altman Dry Goods, formerly L. R. Woods store, and the Sudan Dry Goods Company, formerly Ainsworth store, both purchased by Mr. Altman of Abilene some time ago and operated here during the fall have been moved by Mr. Altman to Abilene and Loraine where he owns stores and will consolidate these stocks with those of the other towns.

### PHILLIPS 66 SERVICE STATION CHANGES HANDS

Wayne Thrush, formerly of the Foxworth-Galbraith Lumber Company, purchased the Phillips 66 Service Station from I. G. McNairy on January 23.

Mr. Thrush is being ably assisted by his brother Donald, and they invite you to come around and get acquainted. They are prepared to give you first class service and will appreciate your patronage.

### PURCHASES MEAT MARKET

J. A. Harris, of Amarillo, purchased the meat market from Elbert Journagan taking possession last Monday morning.

Mr. Harris, father of Mrs. F. E. Miller of this city, is an experienced butcher having held that position at the H. C. Hennington grocery store in Muleshoe for two years. He has had many years experience.

He will appreciate your patronage and invites old as well as new customers to come to the 'M' System meat market.

### ATTENDED FARM B. F. C. AT DALLAS

J. W. Hammock, a local Certified Seed Grower, attended the Farm Bureau Federation Convention the 27, 28 and 29. of last month, in Dallas.

Mr. Hammock reports that there were many farmers there telling of different projects—some being successful and some unsuccessful.

He also stated, that, on his trip he saw many vacant houses, starving and begging people. Naturally J. W. felt better about his home county on his return.

### CHANGES LOCATION

The City Garage owned and operated by Joe Wyatt has changed its location from the Hilliard building on Main Street to the Producer's Produce building just back of Alderson's Dry Goods Store.

Mr. Wyatt is now set up and ready for your business and is offering to do your auto repairing on Time Payment Plan. He is also advertising that his prices are lower. It will pay you to read his ad on another page of this issue of the News.

J. C. Barron, Cashier of the First National Bank, was confined to his home Monday on account of sickness.

### To Be Played Thursday, Friday, Saturday, February 11, 12, 13

At a meeting of the County Institute last Saturday at Littlefield it was decided that the County Interscholastic League Basketball Tournament be held at Sudan. This honor was awarded Sudan because of its superior gymnasium. We welcome the various teams of the county to Sudan to participate in the tournament.

A schedule of the games is printed on another page of this issue of the News. Sudan plays Littlefield at eight o'clock on the first night, February 11. It is urged that everyone who can attend this game, as well as all other games of the tournament. This one in particular will be the best of the tournament according to basketball fans. Sudan and Littlefield boast of the two strongest teams in the county.

Sudan will need your backing in this game so be sure and be there.

Faye Gwin, of Lubbock, spent the week-end visiting home folks in Sudan.

### GASOLINE RACKETEERS

PONCA CITY, OKLA., Feb. 1 (Special)—Launching a unique campaign designed to show American tax-payers how gasoline racketeers are stealing millions of dollars a year from road funds and other Government revenues, the Central Oil Company today released a series of advertisements in more than 1000 American newspapers.

These advertisements, paid for by the Continental Oil Company, are designed, on behalf of the oil industry, to show the widespread effect which has been produced by "gasoline racketeers" who are evading the taxes paid by legitimate oil companies, to the tune of between \$40,000,000 and \$60,000,000 a year. This enormous sum fails to reach the treasuries of the various states annually because of these tax evaders, who, in most cases, pocket this difference, selling their product on the same basis as that of legitimate gasoline on which the tax is paid.

How this theft from the public treasury is forcing higher taxes and retarding road-building work that would furnish employment to thousands of jobless citizens is pointed out by Continental officials. As an instance, a recent drive on tax evaders in Pennsylvania resulted in collection of \$125,000 a month in delinquent gasoline taxes. The total of delinquent gasoline taxes in that state is reported at more than \$3,600,000 enough to build 616 miles of improved highway.

The advertisements point out that by various subterfuges, the public treasury is deprived of many millions. Motorists are urged to buy gasoline from legitimate companies, thus serving the double purpose of helping to eliminate the criminal "racketeers" and insuring to themselves the benefits from the tax money, such as improved roads and other tax-financed projects.

The Continental Oil Company advertisements represent the first newspaper advertising campaign projected by one of the major oil companies to familiarize the motorist with the consequences of buying and using unbranded "bootleg" gasoline, which is sometimes sold at "cut prices" to attract the unwary motorist. In the latter instance, the tax is being split between the customer and the bootlegger, despite the fact that the customer may be unaware of this condition.

**WHY GROU LOW GRADE COTTON**  
DALLAS, Tex. (Special)—No cotton farmer in Texas need plant seed that will produce for him a crop of low-grade untenderable cotton in 1932, because of lack of credit to buy State Certified seed that will produce longer-staple, higher-quality cotton, according to an announcement here today by B. A. Stufflebeme, general manager of the Texas Certified Cottonseed Breeders' Association.  
As result of an arrangement

worked out by Texas Bankers, Federal Agencies providing Agricultural Credit and the Certified Cottonseed Breeders Association—which is a recognized cooperative operating under the U. S. Agricultural Marketing Act plaged to combat the growing of low grade untenderable cotton in Texas—any Texas Farmer may purchase Texas State Certified Cottonseed for his 1932 planting without a cent of cash outlay. He may pay for his seed after the crop is sold next fall out of the additional revenue which his fine cotton grown from these seed will bring him, Stufflebeme explained.

As a result of the distribution of 350,000 bushels of such State Certified Cottonseed during the 1931 planting season together with good growing conditions and a desire of many farmers to produce better quality cotton wherever possible there was a decrease of more than 17 percent in the quantity of untenderable cotton produced in Texas in 1931, as compared with 1929, the last preceding normal growing year. Stufflebeme, said that recent U. S. Department of Agriculture reports on Grade and Staple of cotton produce in Texas in 1931 show an enormous improvement in quality over the crops of the previous two years. This was due most largely to the use of quality cottonseed and is one of the most impressive demonstrations of the value of using improved cottonseed ever staged in the cotton growing area.

Through its 1500 representatives in the ginning communities of Texas, any banker or county agent in Texas, or by writing direct to headquarters of the Association in the Burt Building in Dallas, Texas, any farmer may apply for State Certified Cottonseed for his 1932 planting. The plan outlined by Agricultural leaders last spring of planting a foundation pedigree cotton block in improved seed form which to plant the entire crop the next year has proved most satisfactory to the farmers in developing improved conditions. Stufflebeme explained that his organization would be able to provide for approximately 20,000 of such foundation seed blocks this year. The farmer may pay for seed out of the proceeds of the sales of his cotton, Stufflebeme declared, the higher quality cotton produced will yield an additional profit on the State Certified Cottonseed which this year are being sold through special credit arrangements made possible by the Federal Agencies providing for agricultural credit.

“Bankers throughout Texas, when shown the impressive record of cotton staple improved worked by one year of the efforts to enable their farmer-borrowers to buy certified cottonseed under this liberal credit plan,” said Stufflebeme. “Any farmer who this year plants low quality gin-run seed that will produce ‘bollies’ or untenderable cotton, to compete in world markets with the same class of staple produced by coolie labor in China and India, will do so because he wants it—not because he has to.”

“For years the quality of Texas cotton staple, which once topped world markets, has been steadily going downward—a large percentage of the crop being untenderable cotton each year. In 1929, more than 25 percent of the Texas crop fell in this class. Then came the drouth year of 1930. In 1931, nearly 350,000 bushels of Certified Seed were distributed to Texas farmers — and the tide turned. The Texas crop jumped from 75 percent to 92.8 percent tenderable cotton.”

“Within a few years, with Certified cotton seed being made available through the help of the Federal government agencies. I predict Texas Cotton will assume its former place as the finest produced in every world market. Then, and only then will Texas farmers be prosperous, for they can command a fair price for a product on which they will have no competition from coolie-worked cotton of India and China.”

WANTED TO TRADE good Jersey Milk Cows for young mules. Coming two's or coming three's. See E. Lam at Whiteside Gin, Sudan.

Miss Addis Rollins spent the week-end with her sister Mrs. R. L. Masten. Miss Rollins resided at Sudan until a few days ago.

## Is Your Gasoline Tax Money BUILDING GOOD ROADS OR ENRICHING RACKETEERS?

You pay a tax on every gallon of gasoline you buy. Your state levies this tax to pay for building good roads.

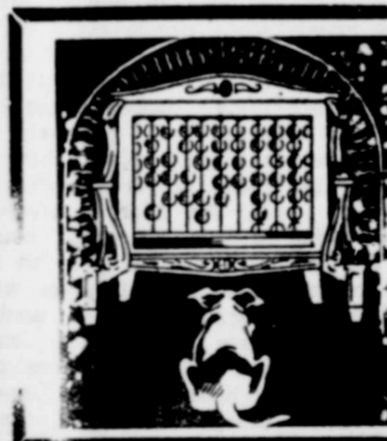

But your state is not getting all the money paid as a gasoline tax. RACKETEERS ARE TAKING AN ALARMING AMOUNT OF IT! They are selling bootlegged gasoline on which they pay the state no tax—but they make motorists pay all or a part of the tax. The racketeer keeps this tax money himself!

You get your tax back in the form of good roads when the state collects the tax. You get nothing when racketeers get your money. And remember—if your state got all the money paid as tax, it could well afford to lower its gasoline tax!

If you want your money to go into road building instead of into the racketeers' pockets, make sure the gasoline you buy is not bootlegged. Buy gasoline made by a reliable, law-abiding company and sold under a dependable, well-known brand name, and be certain that your tax money goes to your state and not to the racketeers. That's the only way to beat the racketeers.

CONOCO Gasoline is a branded gasoline you can buy with safety at the sign of the CONOCO Red Triangle.

## Teachers' Institute

Teachers from Sudan attended the Lamb County Teachers' Institute at Littlefield January 30, to complete the plans for the County Meet which will be held at Spring Lake on March 25 and 26.

The program of the day was as follows:

Invocation—Supt. O. W. Fagala, Amherst.

Welcome Address—Mayor T. S. Sales, Littlefield.

Response—County Supt. L. D. Rochelle.

Music—Miss Evelyn Phelps.

Address—Prof. R. A. Mills, Texas Tech.

Lunch served by Littlefield P. T. A.

Reading—Miss Lillian Hopping.

Some Suggestions on Improving our County Meet—Supt. H. R. Webb, Olton.

Business Session—Adjournment—

Mr. Mills' talk on the modern novel was extremely interesting.

The Home Economics Department presented an enjoyable play—"Down on the Farm."

The Interscholastic League work was discussed in detail.

## High School Notes

Mr. Davis states that the bus attendance has been good lately. When the bus drivers arrive in the mornings they register, giving the time they arrive, the number of students they brought in, and the number took home the preceding day. In the afternoon the buses are lined up on the west side of the building facing west.

A new schedule was begun in high school Tuesday. According to the schedule each student is required to take Physical Ed unless he has an excuse from a doctor. A Physical Ed period has been inserted in the daily schedule.

There was a hundred percent attendance in High School Thursday. This is unusually good; it shows that the students are interested.

## Announcement

On the nights of February 11, 12, and 13 the Interscholastic League basketball tournament will be held in the Sudan gymnasium. This is to determine the county champions in boys' basketball. Fees of 10c for children and 25c for adults will be charged. The schedule for the games will be

as follows:

February 11

6 p. m. Amherst vs. Hart's Cap

7 p. m. Olton vs. Spade.

8 p. m. Sudan vs. Littlefield.

9 p. m. Spring Lake vs. Fletton

February 12

7 p. m. Winner of Amherst vs. Hart's Camp and Olton vs. Spade.

8 p. m. Winner of Sudan vs. Littlefield and Spring Lake vs. Fletton.

February 13

7 p. m. Winners of the matches of February 12.

## Boys' Basketball Game

The boys played Anton here Saturday night, winning by a score of 22-10.

The score was very close until the last quarter when Sudan ran the score up several points.

The Sudan teams, both boys and girls, will play Lazbuddy here, Friday night. Saturday night the boys will go to Anton to return last Friday night's game. Definite arrangements have not yet been made for the girls, but plans are being made for them to go to Anton with the boys.

## Basketball Girls' Banquet

Tuesday night, January 26, the basketball girls and their coach, Mrs. Duckworth, were treated to a banquet at the White Rose Cafe. The banquet was a complete success and was greatly enjoyed by those present.

After the banquet, the girls were given a free pass to the show.

Mrs. Duckworth and the following girls wish to take this means of expressing their appreciation to Messrs. Jennings, Newsome, and Chessher: Eunice Moore, Ethel Groom, Ethel Alexander, Domicile Nuttall, Sidney Gwin, Louise Shaffer, Melba Phillips, Auda Fae Thompson, and Clara Dudley.

## Magazine for High School

Everyday new magazines are coming to the library. In addition to the list that was published last week, the following have been received.

Nature Magazine, Heggeia, Home Economics Journal, National Geographic, Popular Science.

A new system for keeping magazines and papers in many phases of their work. Students

themselves, for the most part, have charge of the library and magazines. Much reading is being done.

## Scout News

The Silver Fox patrol will give the program at the weekly meeting of the Scouts in the Scout room, Thursday night. Several of the Scouts are preparing for a Court of Honor.

Mr. Jones has framed the large portrait of George Washington, presented to the Scouts by Mr. Davis. This picture adds much to the appearance of the Scout room.

A new book which has been recently placed in the library "Caronados Children" is being read and enjoyed by many of the Scouts.

The grammar school Boy Scouts have recently been promoted to high school, and the high school scouts welcome them.

## High School Notes

A new freshmen class, made up of nineteen grade students, entered high school Tuesday.

Miss Reeves has been transferred with these students to the high school and will teach two sections of history in the afternoon but remains in the grammar school in the morning.

The following students make up the new division of the freshmen class.

Russell, Bussey, Betty Lou Campbell, Wayne Crump, Chris Furneaux, Daibert Harvey, Marybette Hill, Kathryn Hunt, Dorothy Jones, Floella Jones, Carol Preston, Jimmie Serrait, Willie Mae Seymoure, Dean Simmons, Louise Stuart, Dave Scoggin, O. B. Boone, Walter Marie Carruth, Juanita Hazel, Eva Redwine.

## The Hornet's Buzz!

Weather back-cast Dirty days hath September, April, June, and November, from January up to May, The wind it bloweth every day. All the rest have thirty-one Without a blessed gleam of sun; if any of them had two and thirty They'd be just as dry and twice as dirty.

Mr. Jenkins: "How many bones have you in your body, Radney?"

Radney: "Nine hundred".

Mr. Jenkins: "That's a great many more than I have".

Radney: "Yes, but I had sardines for lunch".

Lenora: "There are several things I can always count on."

Ann: "What are they?"

Lenora: "My fingers."  
 Early beginner: "Abraham Lincoln was born in a house which he helped his father to build".

## AGAINST USE OF SARCASM

Austin—The use of sarcasm by a teacher destroys the receptiveness of a student's mind and results in his having a "chip on his shoulder," Dr. I. I. Nelson, professor in the art of teaching at the University of Texas, warns in a recent address at a teachers' meeting.

The warning was aimed particularly at young teachers, usually alert and enthusiastic.

Sarcasm causes hostility and a closed mind, and brings about impudence. Dr. Nelson said he believed teachers who used sarcasm took an unfair advantage of students because, being in authority, they could tolerate retaliation on the part of the student for fear of breaking discipline.

An inferiority complex often is caused by continual use of sarcasm by instructors, he said.

Mr. Earl Testerman is visiting in Danville, Kentucky.

## Make Your Flock Produce

It is better to have a small number of hens that produce eggs than it is to have a large number with only a part of them laying.

Do not put off culling your hens as the longer you wait the more they will cost you. Sell as your culls today.

**BULA NEWS**

Rev. Hart of Shallowater preached to a good crowd Sunday morning.

Mr. and Mrs. J. D. Kirkland are entertaining a new son in their home, he arrived January 18th.

Mrs. Walters of Tulia spent the week with her daughter Mrs. Gordon Bain.

Mr. Al Simpkins and Jess Richardson attended the American Legion meeting at Amherst Saturday night.

We have new doctor who recently moved into our community. We are glad to welcome these good people into our midst.

Mr. and Mrs. Clyde Carter moved the past week to Muleshoe.

J. L. Bain attended to business in Muleshoe Saturday.

Mr. and Mrs. Jess Richardson and daughters spent Sunday in the Wil Carter home.

Quite a few people of Bula have been sick the past week with tonsillitis and flu. Several pupils have been absent on account of sickness.

The Bula P. T. A. meets Friday, February 5. All parents are urged to be present.

There is Sunday School every Sunday morning at 10:00 o'clock. Every one come. You are needed.

Most every one in the community has finished gathering their 1931 crop, but do not an over supply of cash on hand, here's hoping 1932 is a more prosperous year.

**FRIENDSHIP NEWS**

We are very sorry to hear that Miss Ruby Mashburn was taken to Lubbock Sanitarium for an operation. We hope she will soon recover and be able to meet with us again in the near future.

Eita Maye Ray had as her dinner guests Sunday Miss Lois Roberts and Miss Clara Maye Fisher.

Mrs. Byrd, secretary and treasurer of the Friendship H. D. Club has been on the sick list for the past two weeks, we trust that she will soon be well again.

Mr. and Mrs. Jim Lancaster the sick list this week.

Mr. and Mrs. E. Bussey visited Mr. and Mrs. A. Bussey Sunday.

Mr. and Mrs. T. Fife of Teague, Texas are returning to their farm 4 1-2 miles south of Sudan.

Mr. and Mrs. Jim Lancaster and family and Mr. and Mrs. W. R. Boyd and family visited Mr. and Mrs. Bills and family recently.

There was a large crowd at the B. Y. P. U. and singing Sunday night at Friendship Church.

Mr. Duckworth was out at Friendship Monday night to help the farmers to find better ways to raise, and combat the different diseases in chickens, etc. There will be a round table discussion on different things and we want all who are interested to meet with us Friday night at 8:00 o'clock. Mr. Duckworth will be there to help solve our problems. I am sure it will be interesting to all. —Reporter.

**YOUTH SENTENCED TO CHURCH INSTEAD OF JAIL**

Seattle, Jan. 10—Substituting church for jail, Federal Judge Jeremiah Neterer ordered John Clarke, 19, to attend church every Sunday until he is 21, or else spend six months in the Fort Lewis prison road camp for violation of the prohibition law.

In suspending the six months' term and \$1 fine for tak-

ing a quart of liquor to a dance hall, Judge Neterer imposed the following conditions on Clarke. He must attend church every Sunday from now until he becomes of age on April 28, 1933. He may attend neighborhood or family dances, but must keep away from public dances. He must read good books for at least one hour every evening. He must not associate with any persons engaged in violating the prohibition or other laws. He must carry out his expressed intention to study for a marine engineer's license. Clarke promised to observe all of the conditions. He must report to Prohibition Officer Adrian B. Miller regularly—Hockley County News.

**AN INSPIRING TELEGRAM**

On the first day that a young man began his duties as reporter on a popular paper, a report came from a nearby town that there was a terrible fire raging. The editor of the paper immediately sent the new reporter to the place, and upon arriving there he found that the firemen were unable to get control of the fire, so he sent his telegram to the editor: "Fire still raging. What shall I do?" The editor thought for a minute and then sent back this message: "Find out where the fire is the hottest and jump in."—McLean News.

**KILLED 21 RATTLE SNAKES IN CAVE**

Twenty-one rattlesnakes were killed Tuesday afternoon in a cave on the T. S. Patton farm about 20 miles northwest of Crowell in the Vivian community. H. M. Reynolds, who lives on the place, and J. P. Denton of the Ogden community killed the snakes.

They were exploring the cave which has a narrow opening, but which is fairly wide inside and extends back over 150 feet, as they were coming out of the cave they noticed a group of snakes on a ledge of a wall near the cave entrance. They immediately secured a 22 rifle and together with their flashlight and a stick they spent about two hours in hitting all of the poisonous reptiles to points where they could be shot. They think that they killed all of the snakes in the cave.

They were placed in a box and brought to Crowell Wednesday. All 21 weighed 39 pounds. Two of the largest snakes weighed six pounds each and were around 5 feet or more in length.—Crowell News.

**COL. ON STAFF OF MISSISSIPPI GOVERNOR**

I. C. Enochs, well known in Bailey county and who owns several thousand acres of land in the southern part of the county, last week received notice that he had been appointed a colonel on the staff of Martin Sennett Conner, recently elected governor of Mississippi, Mr. Enoch's home state.

A companion by his family, Mr. Enochs left Thursday of last week for their former home to attend the inauguration ceremonies.

Mr. Enochs and Governor Conner were reared together as boys, thus forming a friendship which has lasted through all the past years.

**FOR SALE**—We still have a few Canary Birds for sale, good singers or pairs or an extra female. Mrs. H. H. Weimhold, at News Office.

Mr. V. A. Coker and F. O. Masten have been visiting friends and relatives here this week. They are from Welling-ton, Texas.

Herbert Teal, Manager of the Sudan Produce, moved his family from Littlefield to Sudan on January 20 and is occupying the Weimhold residence.

**SOUR STOMACH**

JUST a tasteless dose of Phillips' Milk of Magnesia in water. That is an alkali, effective yet harmless. It has been the standard antacid for 50 years. One spoonful will neutralize at once many times its volume in acid. It's the right way, the quick, pleasant and efficient way to kill all the excess acid. The stomach becomes sweet, the pain departs. You are happy again in five minutes.

Don't depend on crude methods! Employ the best way yet evolved in all the years of searching. That's Phillips' Milk of Magnesia. Be sure to get the genuine.

The ideal dentifrice for teeth and healthy gums is Phillips' Dental Magnesia, a superior paste that safeguards against tooth decay.

**Aches and PAINS**

When you take Bayer Aspirin you are sure of two things. It's sure relief, and it's harmless. Those tablets with the Bayer cross do not hurt the heart. Take them whenever you suffer from

Headaches Neuritis  
Colds Neuralgia  
Sore Throat Lumbago  
Rheumatism Toothache

When your head aches—from any cause—when a cold has settled in your joints, or you feel those deep-down pains of rheumatism, sciatica, or lumbago, take Bayer Aspirin and get real relief. If the package says Bayer, it's genuine. And genuine Bayer Aspirin is safe.

Aspirin is the trade-mark of Bayer manufacture of monoacetic-acid ester of salicylic acid.

VOLUM ONE NUMBER EIGHT

Where do mothers learn the things they tell their daughters not to do?

Teacher (to new pupil): "What is your father's name, dear?"  
New Pupil: "Daddy."  
"Yes dear. But what does your mother call him?"  
"She don't call him anything. She likes him."

Wayne Thrush is no longer with us. He has bought the Phillips "66" Service Station and gone into business for himself. We are sorry to lose him and wish him every success in his new enterprise.

It was their first airplane ride, and the young woman on the party felt quite nervous. "You will bring us back safely, won't you?" she said to the pilot, with a rather faint smile, as they were about to start.  
"Of course I will, miss," he assured her, touching his leather helmet, "I've never left anybody up there yet."

Organizing is the art of getting men to respond like thoroughbreds. When you cluck to a thoroughbred, he gives you all the speed, strength of heart and sinew in him. When you cluck to a jackass, he kicks.

We were sorry to hear of Mr. Greathouse's illness and sincerely hope he will have a speedy recovery.

Hawker: "Any rags, paper or old iron?"  
Householder (angrily): "No, my wife's away."  
Hawker: "Any bottles?"

All the lemons that are handed out do not have fine tissue paper around them.

If you want to know something about a Philco ask Tom Alderson. He has one.
