

## Santa Fe Farm and Home Special Attracts 1335

## Lamb County 1st; Lubbock County 2nd In S. P. Cotton Production For 1931

## Lamb County Won First Place At Lubbock Meat Show Last Week

### Improved Farming Methods, Better Beef Cattle, Dairy Cattle, Sheep, Hogs and Poultry, and 4-H Club Work Discussed.

A large crowd of farm and town people greeted the Santa Fe-Texas A. and M. College farm and Home Special Agricultural Train on its visit here last Monday afternoon, and a total of 1335 persons went thru the cars to view the exhibits and to secure additional information on important phases of farming, stock raising and home making. The College specialists aboard were introduced by S. C. Evans, district agent in this section for the extension service, who praised the spirit of progress that is shown in Lamb county as evidenced by the work of the county and home demonstration agents in the outstanding winnings at the recent meat show in Lubbock. Lamb county, he said, leads the state, in the quantity and quality of its farm meats work.

Among the exhibits drawing the greatest local attention were those dealing with meat curing, 4-H poultry, self feeders for hogs, new uses of cotton, grain sorghums and farm electrical appliances. Current operations of the many electric labor savers was supplied by the local branch of the Texas Utilities Company.

Talks by specialists of A. and M. College and the varied exhibits aboard dealt with the benefits of improved farming methods, a live-at-home program and how life on the farm may be made more comfortable, happier and of greater profit. The program as a whole featured such general topics as argonny, beef cattle, dairy cattle, poultry, hogs, sheep and goats, farm electrification, seedling and clothing the family, 4-H club work, yard beautification, rug making and home industries. In the exhibits displayed, visitors to the train found illustrations of the points brought out by the speakers.

In announcing the purpose and nature of the special, J. D. Tinsley, general agricultural agent, Panhandle & Santa Fe, Amarillo, said: "This is not the first agricultural train in the operation of which the Santa Fe has joined with the Texas A. & M. College. But the exhibits aboard are the best ever carried from the college in such work. They tell in a fine way what the college is doing in helping the advancement of agricultural independence and the Santa Fe, in joining with the college in such an enterprise, feels it is taking the best way to aid in bringing about greater prosperity and better living conditions on the farm."

The Santa Fe operated agricultural trains in Texas in 1923, 1924 and 1928. The 1932 farm and home special is the forty-seventh such train run by the Santa Fe System in cooperation with the agricultural colleges in the twelve states in which it operates. This year's Texas train is a nine-car special, including four cars of exhibits, flat car for speakers' platform equipped with electrically operated voice amplifier for open air meetings, passenger coach for meetings in inclement weather, livestock feed car and cars for accommodation of the personal aboard. Operation of the special is being handled by the railway, exhibits and speakers being supplied by the college and other

cooperating agencies. The train arrived here on the seventh week of an itinerary of nearly eight weeks, including 1562 stops on Santa Fe lines in Texas. The tour began Feb. 15 at Navasota, Grimes county, and will end April 6 at Snyder, Scurry county.

Members of the A. & M. College group aboard included: S. C. Evans, district agent, Extension Service; Miss Myrtle Murray, district home demonstration agent, Extension Service; Mrs. Ola Powell Malcolm, field agent, Southern States, United States Department of Agriculture, Washington; Mrs. Hub Jones, superintendent women's division, South Plains Fair, Lubbock; Miss Ruby Mashburn, Lamb county home demonstration agent; D. A. Adam, county agent, Lamb county; G. W. Barnes, Texas Livestock Marketing Association, Fort Worth; D. S. Buchanan, animal husbandry department, A. & M.; Frank Phillips, West Texas State Teachers College, Canyon; R. E. Dickson, superintendent Spur Sub-Experiment Station; P. T. Montford, farm electrification specialist, agricultural engineering department, A. & M.; S. D. Snyder, farm electrification specialist, College Station; and W. H. Darrow, editor, Extension Service.

Santa Fe representatives aboard included: J. F. Jarrell, manager of agricultural development, Santa Fe, Topeka, Kansas; J. D. Tinsley, general agricultural agent, Panhandle & Santa Fe, Amarillo; and F. A. Baker, trainmaster, Slaton.

#### Exhibits on Farm Special

Exhibits prepared by the college occupied four cars. Livestock from the college farms filled one car and farm electrification exhibit another. Results of the latest experiments in improved farming practices and livestock production were cited and the possibilities and benefits of a live-at-home program, including home improvement and beautification, were emphasized.

Exhibits of especial appeal to women and girls were found in the 4-H pantry and home industries displays. The 4-H pantry display pointed out that no farm family of five, with proper attention to home production, need spend more than \$80 a year in cash on the family larder. The exhibit showed a model pantry, well stocked with home grown and home canned food products bearing the 4-H label.

More than 24,000,000 tin cans and more than 8,000,000 glass jars were sold in Texas in 1931, specialists aboard pointed out in citing the growth of 4-H pantry demonstration work among farm women. Summary of the work in 122 counties showed more than 47,000 women reached during the year, 10,490,578 quarts of fruit, vegetables, and meats canned and 6,271,224 pounds of fruit, vegetables and meat dried and cured. These food products put up by Texas farm women represented a value of more than \$3,600,000.

#### Farm Home Industries

Farm home industries exhibiting various gift packages pointed out what can and

Lamb county with 80,349 bales, led the South Plains in cotton production for the 1931 crop, figures made public last week by the U. S. department of commerce, shows Lubbock county with 72,172 bales, is second.

Seventeen counties on top of the caprock and Scurry county show a total of 551,837 bales for the season, compared with 283,837 bales for 1930. However, two counties, Swisher and Cochran, did not show totals in that year because the small amount ginned.

Five counties over 50,000 bales each, Hockley, Dawson and Lynn, ranking in that order.

Lamb county ranks 11th in the state in production and Lubbock county 15th, county figures show.

County	1931	1930
Bailey	21,803	5,301
Briscoe	7,049	4,102
Cochran	4,915	none
Crosby	34,429	9,778
Dawson	54,369	35,424
Dickens	29,302	11,302
Floyd	13,269	8,312
Garza	16,253	6,391
Gaines	4,248	4,089
Hale	31,612	17,774
Hockley	63,045	28,308
LAMB	80,349	36,873
Lubbock	72,172	33,873
Lynn	52,351	28,602
Scurry	21,205	18,481
Terry	33,848	24,537
Swisher	2,049	none
Total	551,525	283,837

### MRS. GILLETTE IS CANDIDATE FOR COUNTY CLERK

Mrs. W. W. Gillette Wednesday, authorized the Sudan News to announce her candidacy for the office of county clerk of Lamb county.

Mrs. Gillette is a business woman of many years experience, having, with her husband, conducted an abstract and loan business in Knox county for 11 years before coming to Littlefield. While carrying on this business Mr. Gillette was also postmaster for eight years, and Mrs. Gillette spent a portion of her time assisting him in the carrying out of the duties of his office.

Mr. and Mrs. Gillette, with their family, moved to Littlefield from Munday, Texas, in the fall of 1924, and established the Bell-Gillette Chevrolet Co. which they conducted until about a year ago when the business changed hands.

During the time they operated the automobile business here Mrs. Gillette handled all the bookkeeping for the firm, and all other work in connection with that department, and assisted her husband in the management of the business.

Mrs. Gillette is a native Texan, and has resided in the state all of her life, with the exception of five years spent in the State of Michigan.

In announcing her candidacy, Mrs. Gillette said:

"I feel with my wide business experience, especially in the abstract and loan business, and the years I have met and taken care of the public, that I am well able to efficiently fill the office which I seek. Should the citizens of Lamb county see fit to elect me to the clerkship I with my family will move to Oilton, I will give my personal and undivided attention, and will carry on the affairs of that office in the most economical way possible, and to the best of my ability."

### COTTON YIELD IS 16,595,780

Washington, D. C.—The 1931 cotton crop amounted to 16,595,780 running bales, or 17,060,772 equivalent 500-pound bales, the Census Bureau reported Monday in announcing the final ginning figures for the season.

The 1930 crop was 13,931,997 running bales, or 13,931,997 equivalent 500-pound bales, and the 1929 crop 14,547,791 running bales, or 14,824,861 equivalent 500-pound bales.

Round bales, counted as half bales included, were 621,060, compared with 524,277 for 1929. Cotton remaining after the March canvass to be ginned was estimated at 96,895 bales compared with 11,965 a year ago.

The average gross weight of bales was 514 pounds, compared with 506.4 pounds for the 1930 crop and 509.5 pounds for the 1929 crop.

1931 crop, in equivalent 500-pound bales, by States, was: Alabama, 1,914,527; Arizona, 114,300; Arkansas, 1,892,053; California, 1,759,962; Florida, 43,164; Georgia, 1,393,334; Louisiana, 899,274; Mississippi, 1,744,295; Missouri, 288,189; New Mexico, 98,127; North Carolina, 756,237; Oklahoma, 1,260,745; South Carolina, 1,004,786; Tennessee, 594,451; Texas, 5,321,987; Virginia, 42,434; all other States 11,097.

The Young People's Class of the Methodist church, with their teacher, Mrs. Tom Alderson, have just completed several garments for the orphan girl they are clothing, in the Orphan Home at Waco.

### MISSIONARY SOCIETY

The Woman's Missionary Society met at the home of Mrs. W. N. McNeely, Monday afternoon. There were twelve members present: Mesdames Dean, Dryden, Franks, Gibbs, Furneaux, Davis, Carter, Nichols, Peachy, Earnest, McNeely and one visitor, Mrs. Weimold.

Devotional services were conducted by Mrs. Joan A. Dryden, minutes of the previous meeting were read by the secretary, Mrs. Cris Furneaux. A number of business matters were put before the assembly by the president, Mrs. Franks; dues were paid, and the remainder of the afternoon was spent in quilting.

After adjournment, most of the ladies visited the Santa Fe Special.

### ARYAIN'S DRY GOODS CO OPEN FOR BUSINESS

The most recent addition to the Sudan business circle is the Aryains Dry Goods Store, located in the Holden building, across the street from the post-office. This company opened their new business during the past week. A brand new stock bought direct from the wholesale house for this store. Mr. Aryain was formerly in the dry goods business in Sudan, and has many friends here who are glad to see him reestablish in the dry goods business here. Their ad announcing the opening of this store will be found on another page in this issue of the Sudan News.

Mrs. Claude Simmons went to Plainview Monday to see her nephew who is in the hospital with pneumonia.

### MISS ADAH CARRUTH SUCCEUMS TO BRONCHOPNEUMONIA

Miss Adah Carruth, age 26, daughter of J. M. Carruth, of this city, died in a Lubbock sanitarium, after an illness of two weeks with bronchopneumonia, on Wednesday night at 10:15, March 24.

Miss Carruth was born in Hamilton county, August 25, 1905. Came with her parents to Lamb county several years ago.

Funeral services were held at the Baptist church in Sudan, Thursday afternoon 3:30 o'clock by Rev. Cole and interment followed in the Sudan cemetery.

Besides her father she leaves one brother and several sisters.

### TURKEY EGG HATCHING MACHINE INSTALLED

U. H. Mileur, manager of the Sudan Chick Hatchery, informed the News that he is installing a new 7000 capacity Jamesway Turkey Egg Hatching machine at the hatchery this week. While the machine is made especially for hatching turkey eggs it will also hatch chicken eggs successfully. The installation of the new machine gives the Sudan Chick Hatchery quite an additional capacity and will enable the hatchery to take care of its growing business.

Some time back A. J. Strickland, of the Brownfield Herald, instituted a "Most Useful Citizen" vote and when the final count was made, it was found that the editor himself, had the most votes! All of which goes to show that a "prophet" is sometimes appreciated in his own country.

Winning 15 of a possible 21 places, Lamb county captured five firsts in the cured meat division of the second annual Panhandle-South Plains Fat Calf-Pig-Meat show. Hale county won two places and Lubbock, Hockley, Bailey and Floyd counties one each.

There were 166 entries this year compared to 112 last year. Roy Snyder, superintendent, announced. Entries were 53 hams, 41 bacon, 22 shoulders, 13 sausages and 37 lard.

K. F. Warner, meat inspector agriculture at Washington and judge of the show, in announcing his decisions, said the work done by the farm men and women of the district was very good and that the products this year were much better and of a higher quality than those in the first show.

"The judge was hard put to select 12 hams for consideration this year, because of the uniformly high quality," Mr. Snyder said. "I would say that 85 per cent of the exhibits in this division were of such quality that it took rare discrimination and close study to differentiate as to placings. The people of this section have certainly made wonderful strides in their work."

Placings by contests in the sections were:

Cured Ham: first, Mrs. R. L. May, Amherst; second, Mr. May; third, Leo. Weil, Hale Center; fourth, W. A. Epperley, Sudan; fifth and sixth, T. W. Tucker, Littlefield.

Cured Bacon: first and second, I. V. Fent, Oilton; third, H. M. Cade, Slaton; fourth, Paul Naffziger, Oilton; fifth, Mrs. M. D. Ramsey, Floydada.

Cured Frame Shoulder: first, I. V. Fent, Oilton; second, R. L. May, Amherst; third, W. E. Logan, Amherst; fourth, O. N. Robinson, Muleshoe.

Cured Cooked Sausage: first and second, B. D. Birkeback, Littlefield; third B. H. Hunt, Littlefield.

Lard: first, B. H. Hunt, Littlefield; second, Mrs. R. H. Brown, Levelland; third, J. T. Brewer, Hale Center.

Entries by sections were:

Hams: L. L. George, Paul Naffziger, and I. V. Fent, Oilton; W. E. Jeteries, Mr. and Mrs. J. Phillips, T. W. Tucker, Haskel Williams, Jack McNeill, Roy Jones, W. P. Neimast, V. B. Pierce, J. C. Glover, P. W. Walker, B. D. Birkeback, Littlefield; V. M. Peterman, Mr. and Mrs. R. L. May, Mrs. W. E. Logan, and Dave Logan, Amherst; W. A. Epperley and L. C. Cox, Sudan; O. H. Robinson, Muleshoe; G. W. Jackson, Anton; J. B. Hall, Levelland; C. T. Richardson, Dick Alexander and H. C. Whitley, Hockley county; John Adams, Tulla; S. O. Clark, R5 Lubbock; Mr. Wilson, Slaton; Douglas Pounds, Acuff; D. P. Keith, R3, Lubbock; Leo Weil, Hale Center; Luther Toad, T. D. Moore, and S. T. Davis, Albany; V. L. Cade, H. M. Cade and J. S. Hampton, Slaton; Mrs. B. F. Kent, McCauley; Mrs. W. M. Finkner and Mrs. M. D. Ramsey, Floyd county.

Bacon: P. W. Walker, T. W. Tucker, W. P. Neimast, B. D. Birkeback, J. C. Glover, D. H. Hunt, V. P. Pierce and Mrs. J. Phillips, Littlefield; Mrs. D. J. Dunlap, R. L. May and W. E. Logan, Amherst; W. A. Epperley, Sudan; L. L. George, I. V. Fent and Paul Naffziger, Oilton; G. W. Jackson, Anton; W. R. Robinson, Muleshoe; J. C. H. Adams, Tulla; Dick Alexander and H. C. Whitley, Hockley county.

 F. M. Shelton.

**FOR DISTRICT ATTORNEY & JUDICIAL DISTRICT**  
 Meade F. Griffin

**FOR STATE SENATE**  
 A. P. Duggan  
 Littlefield

**STOCK HAULING LAW IN EFFECT**

Austin.—L. G. Phares, chief of the Texas Highway Patrol announced Saturday that a campaign would be launched at once, with assistance of the State Live Stock Sanitary Commission, to enforce the law requiring permits for transportation on the highways of live stock and poultry.

The legislature enacted a statute requiring those hauling live stock to obtain owner's permit certificates in an effort to prevent the removal of cattle from a quarantined district into areas not infected by ticks or cattle diseases.

Phares said that State highway patrolmen or other officers can, without a search warrant, require the driver of any vehicle moving live stock or poultry to produce a permit for the transportation signed by the owner.

Failure to possess such a permit subjects the driver of the vehicle to a fine of not less than \$25 nor more than \$200 for each head of livestock or poultry involved in the movement.

The law has a dual purpose, in that it will prohibit the transportation of stolen animals, or butchered portions thereof over the highways, a practice that is very prevalent in many parts of the State. The law was originally sponsored by the Texas Cattle Raisers Sheep and Goat Association and these two organizations will take an active part in its enforcement.

A book of these certificates can be had by writing J. H. Walker, Live Stock Sanitary Commissioner, Weimer, Texas.

**NEW DISCOVERY REACHES CAUSE OF STOMACH GAS**  
 Dr. Carl found that poisons in the UPPER bowel cause stomach gas. His simple remedy Adlerika washes out the upper bowel, bring out all gas. Ramby's Pharmacy.

### County Meet

The final report of points in the county meet has not been tabulated, but Sudan stands near the top in literary points this year. Sudan's senior declaimers, Alta Mae Hicks, at 13 years, Myrtle McLarty and Bernice Brothers, and extempore speakers, Alta Mae Hicks, all won first place. Sudan boys Curry Lynch and Clarence Weeks, lost to Littlefield in the final debate on Friday but placed second in the county. The girl debaters, Ida Rene Crain and Jimmie DeLoach, won third place in the county.

Essay and spelling have not been reported on. Gladys Barnett was the Sudan essay writer. She and Mary Luttrell made up the senior spelling team. The junior high school spelling team is composed of Willie Massey and Margaret Dean. Reports of these contests will be made soon. All essay and spelling papers are being graded by judges outside the county. This is the best record that Sudan has ever made in literary events in the county meet.

### Athletic Events

Several first places were won by the Sudan High School students in the county meet.

The tennis team, composed of Curry Lynch and Clarence Weeks, won and will go to District Meet, April 15, 16. Curry Lynch also won first place in discus throw. The girls baseball team also won first place. Girls on this team won first place. Girls on this team were the following: Domicile Nutall, Louise Shafer, Nell Walker, Marvis Terrell, Lucille Co-

canougher, Clara Mae Fisher, Catherine Hunt, Nannie Marie Breeding, Louise Stewart, June Snots and Zora Witrow.

Other places won in this meet were as follows:  
 Eldon Nichols won second place in pole vaulting, Fred Locker won third place in javelin throw and Jack Fisher won third place in shot putting, second place in the discus throw and third place in pole vaulting and tied for third place in high jump.

### Grammar School Notes

Sudan Grammar School won the following points in the Interscholastic League meet last week.

Picture memory, tied with Amherst for first place.  
 Music Memory, Madeline Fitzgerald and Audelia Arnold, first.  
 Choral Club, 1st place, seventh grade.  
 Story telling, Charlie Ray Crawford, first for the girls, and Alec Jenkins tied with Amherst for first.

The spelling and essay paper have not been heard from, but the following were Sudan entries: Joyce Stone and Vivian Covington, sub junior spellers. The Junior spellers were: Effie Jewel Barnett and Zellus Hastings. Bennie Fee Stone was the essay writer. Reports from these papers are expected soon. Jack Stone and Lucille Bass, Junior declaimers, won fourth place.

Several second and third places were taken in Junior track.

### HIGH SCHOOL NOTES

Mr. Davis wishes to express his appreciation to the many who carried contestants to the

County Meet at Spring Lake. Besides the cars that went, one bus went Friday and two went Saturday to carry contestants.

The Bally county girls volleyball contest will be held in the high school gymnasium Tuesday night, March 29.

School work is progressing nicely because the students realize that there are only eight more weeks of school, and every one wishes to complete his year's work by the time school is out.

County executives will meet soon to count points won by each school in the county meet, and the winner will be announced later.

Ruth Teague came from Olton to our school, to be one of the junior class.

Those winning first places in this county meet will go to Lubbock to the District, April 15, 19.

### F. F. T. Club

The boys of the F. F. T. Club took their calves and hogs to the South Plains Calf and Hog Show in Lubbock last Wednesday. Golden Benton was awarded ninth place with his calves. Fifty-six places were awarded. Golden won fourth place in the county. He won thirteenth place last year and ninth place this year.

### Dramatic Club

On Saturday, March 26, the Sudan High School Dramatic club presented their play, "Ambition", at Plainview, along with other Drama clubs of the different schools of the district.

Floydada won first place with "Singapore Spider." Tulla won second place with "El Cresto". Muleshoe won third place with "Magie".

The Sudan Dramatic club play was entitled "Ambition." Those in the play were A. B. Aske, Hubbard Harrell, Katherine Wilson, Bonita McGahey,

and Ellen Burnham. Sudan was awarded a place. Several plays were given honorable mention.

### High School Sick List

Bonnie Belle Lyle returned to Lubbock Tuesday for further physical examination.

Etta Mae Beauchamp is still in the hospital at Lubbock following an operation for appendicitis. She is getting along nicely and expects to return home within a few days.

Audrey Trammel has returned to school after being absent several days. He has been in the Lubbock hospital.

Hazel Capps was visiting in school Saturday. She is still going to Lubbock for treatment for her arm.

The Choral Club under the supervision of Mrs. Duckworth has made several public appearances recently. The girls sang at the Methodist church a few weeks ago and again Easter Sunday. They plan to sing at Friendship, Sunday, April 4.

### School Children On Parade

All pupils in both the grammar school and high school marched to the Santa Fe Agricultural train, Monday afternoon and saw the exhibit. Perhaps Sudan people did not realize just how many pupils are enrolled in school until they saw a line of children, marching two abreast, that more than reached from the school building to the station.

The pupils are to be complimented on the orderly way in which they marched to the station and through the train. Teachers accompanied the children, either by groups or rooms, and saw the exhibits also.

### Hornet's Buzz

Coach: Alvin, how is flattery like peroxide?

Alvin: It turns a girls head. Lenora: I had a terrible night mare last night.

Lou: I did, too. I dreamed I was studying.

Gladys: Ruth, what are you hunting?

Ruth: "Adam Bede."

Gladys: Mayby it rolled under the bookcase.

Miss Lewis: Why was Solomon the wisest man in the world?

Eldon: Because he had so many wives to advise him.

Miss Lewis: Well, that's not the answer in the book, but you may go to the head of the class

### Goodbye, Sudan High School

It is time for us to leave you, Alma Mater of our youth! We would tell you how we love you,

Fount of beauty and of truth! When far away from these dear halls,

We'll oft remember each hour of bliss.

Dreams of the joys within these walls

And think of the friends we miss

May we with courage face the years

True to the lesson we've learned from you,

Staunch hearted, brave, and free from fears

Knowing the good and true.

Our school we love,

Goodbye to you!

## Odd--BUT TRUE

TOWN and COUNTY

The Fire Boys left Sunday for Del Rio where they will spend a week or more fishing. They were accompanied by H. G. Ramby.

Mr. and Mrs. R. L. Rone and daughter, Lela B, and Treba Phillips and family returned from Dawson where they have been visiting relatives and friends. Miss Lela B remained for a longer visit.

Mrs. G. D. Sharrock and Miss M. Vereen were in Lubbock Monday.

Mr. and Mrs. G. H. Aston, of Corsicana, is visiting her sister, Mrs. S. R. Roy and family. They are planning on making their home here.

Mr. and Mrs. V. Coker, of the Earth community, were guests Sunday of Mr. and Mrs. G. W. Maston and family.

Dr. Foote reports the following births: Mr. and Mrs. J. M. Moore, a boy, Tuesday March 29; Mr. and Mrs. J. O. Crowder, 1 mile east of Sudan, girl, Tuesday, March 29th; Mr. and Mrs. Earl Ladd, boy on March 24th.

Rev. Cal McGahee, who has been very ill with pneumonia, is reported much improved at this time by his physician.

Mr. and Mrs. M. G. Bass, have moved from Crosbyton to the Circleback community, and seem delighted with this part of the country.

Tom Salem, of Sweetwater, spent Easter in Sudan with his brother Joe T. Salem and family.

Misses Lucile Askew and Ruth Crump, and Buddie Rone and Nolan Parrish motored to Littlefield, Sunday, and visited the airport.

Mr. and Mrs. A. L. Legg, of Littlefield, spent Sunday afternoon with Mr. and Mrs. C. L. McKinley.

B. C. May, of Smyre, was a business visitor in Sudan Monday.

Mrs. E. Lam and mother, Mrs. Hoag, Mrs. C. L. McKinley, and E. Lam Jr., visited with Mrs. H. L. King and daughter, Mrs. W. Allen, in Littlefield, one day last week.

Mr. and Mrs. R. E. Doss and the latter's sister, Miss Annie Boness, spent Sunday with the girls' brother, Walter Boness, in the Bula community.

Mr. and Mrs. H. C. Holt and

children, of Muleshoe, drove over Sunday and spent the day with Mrs. Holts' sister, Mrs. Annie Carter and family.

Miss Opal Carter of Brownfield visited with her mother, Mrs. Annie Carter and family the latter part of last week.

Mr. and Mrs. C. C. Willingham, and daughter, Mrs. Watts were in Lubbock the latter part of last week.

Mrs. Jerrell Fulton and brother, Ledger Lam, accompanied by Frances and Forrest Weimhold, all of Lubbock, motored to Sudan Saturday night and spent Easter with their respective parents.

R. E. Doss was a business visitor in Ralls Tuesday.

U. V. Irvin and sister, Mrs. H. K. Irvin, of Amherst, were visiting in Sudan Sunday, and while here visited the hatchery and had several trays reserved for custom hatching.

Mr. and Mrs. Herbert Teal, and two children were in Littlefield Sunday.

Mr. and Mrs. Roy Cowan and little daughter, Bobby, were visiting their parents in Lubbock Sunday.

Mr. and Mrs. R. W. Mitchell, and two children, Betty and Regina, were in Lubbock, Monday.

Mrs. Burnham of the Pleasant Valley community is in the Sanitarium at Lubbock, recuperating from an operation she underwent recently.

Misses Nina and Edna Conaugh spent the weekend in the W. T. Fowler home.

Mrs. T. D. Humphries and two children of Clovis, New Mexico, visited here Sunday with her father F. P. Wilson, and daughter, Miss Sue. Miss Sue returned home with her Sunday afternoon, and remained until Monday morning.

Mr. and Mrs. F. M. Miller are visiting and attending to business matters in Kansas this week.

Mr. and Mrs. J. R. Evans returned to their home in Dallas after a short visit with Mr. Evans' sisters, Mrs. W. M. Clements and Mrs. J. B. Findley and their families.

Etta Mae Beachamp of the Bula community underwent an operation for appendicitis Monday, in the Lubbock Sanitarium, and is reported to be getting along nicely.

Mr. J. A. Jones and son, Aubrey returned from Comanche

Mrs. Powell Merritt and little daughter, Claudean, spent Wednesday in Littlefield.

Mrs. N. W. Gordon and daughters, Inez and Gladys, Mrs. Clyde Robertson and Mrs. Wells attended the Workers Council held in Littlefield, Tuesday. Others attending the Council from Sudan were: Mesdames G. G. Hazel, L. R. Wood and Mr. and Mrs. Fred West.

Mrs. J. D. Doggins and little son, Jack were guests, Sunday of Mr. and Mrs. Robert Maston the first of the week, accompanied by Mr. Jones' two daughters, Mrs. Bessie Edmondson, of Coleman, and Mrs. Sheppard, of California. They will visit their father awhile before returning to their homes.

Mr. and Mrs. J. G. Bishop and little daughter returned to their home in Colorado the first of the week. They were called here on account of the death of Mrs. Bishop's sister, Miss Adah Carruth. Mr. Bishop is county agent of Kiowa county, and was agricultural teacher in the Sudan schools several years ago.

Mr. and Mrs. Sam Saunders, and two children, Winnilee and Stalon, accompanied by Ruby Inez Lam, Joyce Stone and Jerrell Moore, enjoyed an Easter egg hunt in the sand hills near Muleshoe, Sunday afternoon.

Miss Inez Dudley, who graduated from Sudan high school last year and has now employment in Dallas, is visiting her parents. Mr. and Mrs. M. A. Dudley.

Mrs. L. T. Hunt and daughter Mildred, were in Littlefield, Tuesday afternoon.

BLUE BONNET NEWS

Mr. Ellis Bauman and daughter, Leamel from Randlett, Okla have been visiting his daughter, Mrs. A. F. Wilson and family. They left for home Monday and Mrs. M. P. Wilson returned home with them. She has been visiting her son several months. Robert Wilson has also returned home after a few days visit in Oklahoma.

Miss Pearl Davis of Amherst spent last week with Mavis Terrell.

Mr. and Mrs. Raymond Young are moving to the Derrett farm this week.

Mr. and Mrs. Doyle Terrell spent the week-end with relatives in Lubbock.

The Blue Bonnet Home Demonstration club meets the 6th in the home of Mrs. W. E. Logan.

Mrs. M. B. Dimetry and Mrs. Edd Yancie from Clovis, N. Mex. were week-end guests of Mr. and Mrs. C. M. Crawford.

Mr. and Mrs. Coleman Floyd of Amherst, were visiting in the C. R. Terrell home Sunday.

Mrs. A. T. Ballard and son Gale from Shallowater were visiting Mr. and Mrs. Edgar Wright last Friday night.

PARTY HONORING JUNIORS

Miss Ruby Ball, the sponsor of the Junior class of Bula High School, gave a party, March 19th, in honor of the Juniors. All were present except two, Mozell Nordyke and D. L. Scifres. The members and their guests present were: Lula Mae Lee, Gaston Howell, Bonnie Dunlap, Paynes Sparks, A. H. Howell Jr. Fern Elms, Drew and Whatley, Pauline Dunlap, Milton Clements, Mae Alford Foy Waltrip, Clay Tarritt, Bailey McElreath and Mr. Alford. We played games until twelve then Miss Ball served refreshments. Every body had a real good time, and we are all looking forward for another party soon.

Raynes Sparks and Milton Clements were visitors from Texas Technological College in Lubbock.—Bonnie Dunlap.

Estelle Murphy and Eula Sturdivant, Operators

EASTER PARTY

Mr. and Mrs. Powell Merritt entertained their little daughter, Claudean and her friends with an Easter Party, Saturday afternoon.

Different games were played and an egg hunt was enjoyed by all.

Hot chocolate and cookies were served to the following: Opal Lee and Joe Boy Shuttlesworth, Sybil Gordon, Winnie Rudd, Irene Kittney, Marjorie Rattliff, L. D. Daniels, of Amherst, Claudean Merritt, and hostess, Mrs. Merritt, assisted by Mrs. Lawrence Daniels of Amherst. All reported an enjoyable time and returned home late in the afternoon.

CARD OF THANKS

We wish to express our appreciation and thanks for the sympathy and kindness of our friends and acquaintances in the illness and death of our daughter and sister.

J. M. Carruth  
Mr. and Mrs. Lewis B. McNeely

Mr. and Mrs. John Davis  
Mr. and Mrs. G. S. Bellamy  
Mr. and Mrs. J. G. Bishop  
Lillie Mae, Ida Ruth, Charles, Catherine and Walter Marie Carruth.

SCHOOL TAXES TO BE REDUCED AT LITTLEFIELD

Steps were taken by the members of the board of the Littlefield Independent school district at a meeting last week to reduce the tax valuation of the property of that district 25 per cent. To do this it will be necessary for the operating expense of the school to be reduced also.

School boards, county commissioners and city officials all over this section are making an effort to reduce taxes in every line and relief from these heavy tax burdens may be expected in the near future.

HARDENING OF THE ARTERIES

By Dr. William J. Scholes  
Hardening of the arteries is called arteriosclerosis. It is one of the most important features of the process of growing old. Hence, the saying that "a man is as old as his arteries." Arteries which have begun to harden lose their elasticity and some of their capacity to function. Consequently, there is some degree of interference with the blood-supply of the organs of the body, which gradually atrophy and slow up in their activity. The total result is a slowing-up of the activity of the individual. He becomes "old."

Some people seem to inherit better arterial tissue than others. This, together with a life in which the arteries are not abused or damaged, often seems to defer the hardening process beyond the average. Those who begin life with poor arterial tissue, and whose lives result in damage to these structures, may develop arteriosclerosis long before the average.

Common Causes

Syphilis and other infections, lead-poisoning, overeating, excessive muscular activity, and a life of hurry and tension, are regarded as the common causes of arteriosclerosis. Some include alcohol and tobacco in the list.

Bodily and mental fatigue, jizziness, headache, ringing in the ears, and numbness and cramps are early symptoms. A of these may be caused by other conditions, so are not peculiar to arteriosclerosis.

Practice Moderation

Avoidance of infections, or their eradication if present, moderation in all things, including eating, working and muscular activity, and periods of relaxation, lessen the strain on the arteries, and help to prevent them from growing old too early.

Even when the process has begun before it should, much can often be done to stay it, progress if one is aware of his condition. That is one good reason why a yearly medical examination is advisable.

COMMON TABLE SALT

OFTEN HELPS STOMACH  
Drink plenty of water with pinch of salt. If bloated with gas add a spoon of Adierika. This washes out BOTH stomach and bowels and rids you of all gas. Ramby's Pharmacy.

Golden Benton, Sudan Future Farmer of the Sudan High School won ninth place at the Lubbock Fat Stock Show, in competition with 56 calves from the South Plains, March 23rd and 24th. A labor income of 1.63 per hour was realized after paying for the calves, feed and interest in the investment. The total cost was 56.27 for the five calves fed. A total of \$11 was won in premium money, making his income for his labor \$84.97. The group of five calves won fourth in competition with all the counties and schools from the South Plains.

Five Future Farmers from Sudan entered a total of 18 head of hogs and calves in the show. The Future Farmers entering hogs were H. B. King, 1; Edgar White, 5; Bill Liston, 3; and Phipps Lee, 2.

This is the second year Sudan Future Farmers have won prizes at the Lubbock Fat Stock Show. Last year Miles Lumpkin and Golden Benton won 7th, 11th and 13th places with their calves.

From the boys who are planning on making entries in the Show next year the Sudan Future Farmers will enter a car load of calves, a carload of hogs and a carload of sheep.

Grain is still bringing \$13 a ton when fed to hogs and the ration balanced by using cotton seed meal and tankage according to Edgar White a 3rd year Future Farmer of Sudan High School. Edgar fed his pigs a total of 2295 pounds of feed and received \$13 a ton for it when his pigs sold for \$4.50 per hundred. The labor income per hour was 74c after deducting charges for feed, grinding, and cost of pigs at the beginning and interest on the money invested in the pigs and feed.

Edgar has completed 5 projects since starting vocational agriculture. Instead of feeding grain and tankage to his brood sow next year, Edgar is going to plant soybeans and balance the ration to some extent by feeding soybean hay cured when bright.

THREE CARS OF CERTIFIED GRAIN SORGHUM SEED FROM LAMB COUNTY LAST WEEK

Three car loads of certified grain sorghum seed, grown by members of the state association of breeders, left state head quarters at Littlefield last week for three points in the state.

Each car had a minimum of 40,000 for the shipments. The state association composed of nine or ten breeders has about two million pounds of state certified seed for sale from the 1931 crop.

LADIES BIBLE CLASS

The Ladies Bible Class of the Church of Christ met Tuesday afternoon with Mrs. H. G. Ramby.

The subject for discussion was "Wilderness Wandering", Lesson 10. Sixteen members were present. The class will meet with Mrs. Joe Foster next Tuesday, 3:00 p. m. Reporter.

Industry Must Go On

The wheels of industry must continue to turn—the World must be fed and clothed, and it must have some of those things to which we have become accustomed in modern life.

Conditions are not always the same, and at times it is difficult and discouraging, as it has been during the past several months. It is a period of adjustment to conditions that obtain now and will likely influence the future.

"Safety First," should be the keynote, and there is no better assurance of safety than in making our living at home and economizing where economy is possible.

We are assured of but one thing—that business conditions will be on a firmer foundation than ever before when at last this adjustment is complete.

Keep the wheels turning, but let your operations be safe and self supporting.

**SANTA FE FARM and HOME SPECIAL ATTRACTS 1335**

(Continued From Page 1)

what is being done by Texas farm women in augmenting their income through the preparation and sale of Better 4-H products and articles. Nearly 900 home industry demonstrators and cooperators received \$31,431 for such products in 1931.

How old wool and cotton garments, discarded hose, feed sacks and scraps of new material may be turned into attractive rugs was the story of one exhibit. During 1931, Texas farm women turned out 3,683 hand made rugs and mats valued at \$18,832.

Reflecting a growing revival in the use of cotton clothing, one display showed cotton garments for a family of five, illustrating the adaptability of such fabrics for mens suits, sports and evening wear for women and numerous other garments. Texas farm club girls during 1931 made articles of clothing valued at \$33,428.

**New Uses For Cotton**

New uses for cotton, opening the way to greater consumption of Texas' major agricultural product, were cited in another exhibit. Specimens of cotton bagging, mesh bags for shipping vegetables, nuts and citrus fruit as well as samples of various textiles, all manufactured from cotton, were on display.

Industrial uses for cotton were illustrated with display of various mechanical parts, such as spools, sheet timing gears used in automobiles, airplane propeller tips, and parts for weaving machinery. Attention was called to the fact that 90 per cent of the 600,000 bales of cotton consumed in the United States in 1930 was for industrial uses as compared to 10 per cent of the domestic consumption in 1919.

The need of reducing production costs and improving staple quality of the 1932 cotton crop was stressed. Important factors in accomplishing this were cited as terracing of the land to conserve moisture and soil fertility, use of proper crop rotation planting of good seed or known breeding, seed treatment to hasten germination, proper cultivation, and use of fertilizers.

**Orchards, Gardens and Yard.**

Terracing hillside orchards, featuring the development of peach orchards in Texas, was the theme of one exhibit showing miniature orchards and the proper method of terracing.

Lath garden sub-irrigation system was the subject of another miniature model showing cross section of underground irrigation system eight inches below the surface. This exhibit called attention to the fact that a vegetable garden, 10x100 feet in size, properly cultivated and irrigated, will supply the needs of family of five with fresh and canned vegetables for a year.

How proper landscaping with a few shrubs and a lawn, adds to the beauty of the grounds about a house was the story of another exhibit. It was pointed out that in 1931, a total of 1,417 farm yards in Texas were improved with landscaping and planting of shrubs and flowers at a cost of a little more \$1 a yard.

**Farm Electrification**

Farm electrification exhibit, featuring electricity as the new "hard hand" on the farm, filled one whole car of the train. This display demonstrated the many uses to which electricity may be put in bringing conveniences of the urban home to the farm home, as well as in lightning the tasks and increasing the efficiency on the farm. Appliances and equipment for house hold, kitchen, laundry, dairy, poultry raising, shop and general farm use were shown. This exhibit was sponsored by the Texas committee on the Relation of Electricity to Agriculture and the Southwest division of the National Electric Light Association.

**Livestock Exhibits**

Livestock from the college herds and flocks filled one car, illustrating points brought out

by some of the booth displays in other cars. Beef cattle and dairy stock, hogs, sheep and Angora goats were featured. Type, production and care being stressed. Exhibits and specialists aboard brought out that Texas farms and ranches show approximately 4,500,000 beef cattle, 6,000,000 sheep and 3,000,000 goats and that the feeding of calves and lambs in Texas is showing an appreciable increase. All told, it was pointed out, about 100,000 head of cattle and 270,000 lambs are being fed in Texas this year.

Creep feeding of calves was stressed in exhibit showing two Hereford cows with calves, pen arrangement allowing the sucking calves access to approved type of self-feeder being demonstrated. Such feeding will enable a calf to put on 100 lbs. additional weight by weaning time with the consumption of ten bushels of corn or equivalent in other grains. Specialists aboard pointed out. Booth display featuring beef production, pointed out advantages of trench sods, pastures, good breeding, creep feeding and the marketing of feed through cattle.

**Dairy Cattle and Hogs**

The dairy exhibit, including two Jersey milkers in the livestock car and booth display in another car, emphasized the economic necessity of keeping only cows capable of high butterfat production if a profit is to be expected. The cow in the exhibit representing the profitable type produced 47 pounds of butter fat in a year, representing value of \$94.00, at feed cost of \$94.50, or a profit of \$29.70, as contrasted with 191 pounds of butter fat for the unprofitable type, valued at \$38.24, or \$9.18 less than the feed cost of \$47.42.

Half a dozen pigs on feed, Duroc Jerseys, Berkshires, and Hampshires, demonstrating use of self-feeder and arrangement of feed, water and shelter facilities so as to give the animals every possible chance to do well, made up another exhibit in the livestock car.

Cured meats exhibit in adjoining car told a story of how proper butchering on the farm, curing and canned products from one 225-pound hog being displayed. These products were valued at \$20 as against \$5 the hog would bring in cash on the market.

**Sheep and Goats**

Two Rambouillet ewes and three Angora does made up sheep and goat exhibit in the livestock car, these being shown as the most practical types for farm and ranch flocks. Proper methods of feeding and shearing sheep and goats and the value of scouring fleeces before marketing were stressed in display booth completing the sheep and goat exhibit in the livestock car. Use of the wool scouring plant of the Texas Agricultural Experiment Station at the college was urged for wool growers desiring to learn more about their wool crop qualities.

Specimens of desirable grasses and clovers for different sections of the state were shown in pasture exhibit. Growth of interest in the East Texas permanent pasture demonstration contest sponsored by the East Texas Chamber of Commerce was brought out by announcement that more than 1000 entries have been made in the contest this year as compared with 236 entries in 1930.

**Wheat and Grain Sorghums**

The market penalty incurred by smutty and control measures for this serious disease were points emphasized by another exhibit. During 1931, approximately 7 per cent, or about 4,000,000 bushels of the Texas wheat crop graded smutty on the terminal markets and varying discounts, depending on the degree of smut damage, were assessed by buyers, it was set forth.

Grain sorghum exhibit pointed out the advantage of planting only well bred, pure line seed, all tracing back to bagged pure line seed developed by the Texas Agricultural Station, Texas state certified. This latter information was cited to bring out the point that there is no longer any need of planting other than seed of high producing strains and known pedigree.

**Poultry Exhibit**

Proper care and feeding of poultry with special attention to methods for handling baby chicks made up the subject matter of poultry exhibit. Features of this exhibit included electric brooder, screen flooring to protect the chicks from drop-pings, practical feed troughs, and water fountains. Cleanliness in chicken house, grounds, and water and management was stressed for growing healthy chicks.

Miniature exhibit of horses and mules as farm work animals, featuring big hitchers, was another display.

**ON TEXAS FARMS**

By W. H. Darrow, Extension Service Editor

Worn out hillside and waste bottom lands belonging to 30 Lavaca county farmers now have from two to ten times the pasture carrying capacity since they were seeded in demonstration last year to sweet clover, dallis grass, kobe lespedeza and carpet grass.

One ton of cured soy bean hay per acre was made on 700 Lamb county acres by 54 demonstrators last year and it is estimated that 200 farms will be growing the crop this year. The hay has been found excellent for dairy cows, and the beans are used as a protein supplement in the rations of all classes of farm animals.

One of 80 Houston county farmers cooperating with the county agent in pasture improvement, B. B. Snell has received a quick return for his labor last summer in hauling 13 large wagonloads of clover plants gathered along railroad and highway and scattering on his Bermuda sod. He now has a good stand of clover for his lot.

Cotton from certified seed introduced into Parker county last year added about \$20,000 net profit to farmer's incomes, the county agent says. The turn out was five per cent higher and the lint 1-8 inch longer on the average than cotton from common seed.

At an average cost of three dollars, 15,386 home demonstration gardeners last season gathered an average of \$80 worth of vegetables.

All over Bexar county farmers and their wives have been putting in lathe or other tile sub-irrigation systems in their gardens following a recent demonstration in the installation of these systems, the home demonstration agent reports.

first Thursday afternoon in the team contest held in connection with the cured meat show at the fair grounds. Four other placings were made out of 11 teams that entered.

A large audience witnessed the demonstrations, numbering around 250 people. Many Women remained for the entire program. As the girls finished their work they were greeted with applause from the audience.

First place winner received \$10.00, second, Hale county, \$7.50; third, Hockley, \$5; fourth, Lamb, \$3, and fifth, Lubbock \$2.00

The judges were: Miss Mildred Horton, state home demonstration agent leader; Miss Sybil Thomas, home economics supervisor and Miss Jonnie McCrery, home economics school, at Texas Tech.

Following is the list of team members, the number of girls trained in demonstration work and the demonstration, as well as the coach:

Dawson; Emily Marshall and Betty L. Bratcher; 30 girls trained; demonstration, equipment and quality, Miss Rozelle McKenney, agent.

Hockley; Bessie Mae Thompson and Aileen Whitenburgh, team; subject, equipment, cans, eight girls trained; Miss Nanette Hill, agent.

Lubbock; Ruby Gregory and Elzora Railback, team; preparation of liverpaste, subject; 30 girls trained by Miss Ila McWhitwood agent.

Lynn; Marjorie Higginbotham and Alice Church, team; subject, mince meat and baking of pie; 12 girls trained by Miss El Feda Harrison, agent.

Lamb; Doris Loyd and Mildred Garten, team; subject, scrapple; 16 girls trained by Miss Ruby Mashburn, agent.

Dickens; Gladys Conaway and Thelma Allison, team; subject preparation and cooking roast; 27 girls trained by Miss Clara Pratt, agent.

Castro; Alma Ruth Andrews and Helen Wilder, team; subject, sausage; 16 girls trained by Miss Izora Clark, agent.

Swisher; Juanita Melton and Carrie Maxine Douglas, team; subject, chilli; 30 girls trained by Miss Pauline Lokey, agent.

Hale; Maxine Nicholson and Clementine Hulse, team; subject hamburgers; 12 girls trained by Mrs. Julia E. Kelley, agent.

Floyd; Annie Jewell Fauber and Jewell Williams, team; subject, sealers; 14 girls trained by Miss Martha Faulkner, agent.

Haskell; Pearl Lee and Hope Lovingsgood, team; subject, equipment and sealers; six girls trained by Aileen Partlow, agent.

**COL. ZACK MILLER WILL FACE CHARGE**

Mariand, Okla.—Colonel Zack Miller faced criminal prosecution today for his armed defiance of the auctioneer's hammer as it was lifted over his beloved empire of the old west—the 101 ranch.

Bruce Potter, Kay county attorney, said a charge of assault with a deadly weapon would be filed against Miller, last of the three brothers who developed the great ranch into a show place, for firing a shotgun as attorneys for the ranch receiver sought a conference with him.

**FOR SALE—Several sows with month old pigs. Apply W. H. White, 4 miles north of Sudan. 397c.**

**TECH ENGINEERING SHOW AT LUBBOCK APRIL 15 AN 16**

Lubbock.—Plans for the 4th annual Texas Tech Engineering show which is to be held at the Engineering building at the college, April 15 and 16, coincident with the district No. 2 interscholastic League Meet, have been announced by Bernard Dean, senior student and publicity manager for the event.

The show is free to the public.

Sam Hopper, Wellman, senior student, is general manager of the show which is sponsored and managed entirely by senior students in the school of engineering, with the assistance of other engineering students.

Special invitations are being sent to school officials to organize science and other classes to come to the show and a special effort will be made to have all of the contestants and visitors here for the Interscholastic League Meet to see the show.

Assisting Sam Hopper are the following students and department managers: Preston Conner, assistant manager, Lubbock; James C. Keer, civil engineering, Lubbock; Olof Lodal, electrical engineering, Gorman; J. G. Whitehurst, mechanical engineering, Houston; Lloyd S. Reeves, textile engineering Dallas; Frank Cole, engineering drawing, Lubbock; and Roy C. Davis, chemical engineering, Tascas.

Representative exhibits, freak stunts and displays will be arranged by each of these departments and visitors at the show will have an opportunity to see equipment used in the engineering school and see the students at work demonstrating the uses of the various equipment.
