## LAMB COUNTY'S GOVERNMENTAL SITUATION

### Editor News:

Since we have safely survived another county seat spasm, at the tax-payers' expense, I believe it is timely to resume discussion of Lamb County's governmental situation.

I am reliably informed that only 55 per cent of our county and state taxes are paid for the past year. Unless there is a change for the better this year, and none in sight at this time it is safe to predict that tax payments next spring will slump to lower depths.

With four cent cotton and 30 cent kaffir and maize another year none of our farmers will be able to pay taxes and live. Then the county will be bankrupt.

As far as we can learn no real effort has been made by our commissioners' court to lower the cost of our county government. Many other counties have made drastic cuts in salaries drawn by county officials. For instance the Muleshoe Journal under date of April 28th contained the following:

In a grim but determined effort to meet the financial budget of Bailey County for 1932, members of the Commissioner's Court made a drastic cut in all officials salaries at their regular meeting held here last Monday. It was the third cut the Court has ordered during the past six months and amounting to more than \$3,000 in total, was still greater than either of the two previous cuts ordered, the first cut being \$750 and the second, \$1,000.

Commenting upon their action, members of the Court declared such action was absolutely necessary to bring the expenses of the county within the required budget as prepared recently by the auditor, and occasioned by the failure of citizens to pay in their taxes during the past year. Delinquent state and county taxes now due in Bailey County have reached an approximate sum of \$60,000.00, about one-half of which is due for the year 1931, and it was intimated that in the near future tax suits would be filed toward collection of some of this amount.

Cuts in salaries made at the Monday meeting were as follows:  
County Clerk's ex-officio salary reduced from \$90 per month to \$75; County Treasurer from \$135 per month to \$75 per month; County Attorney from \$90 to \$65 per month, each Commissioner from \$70 per month to \$60; deputy sheriff and jail guard amounting to \$125 per month was entirely cut off, leaving the sheriff with his ex-officio of \$3.33 per month; county farm agent reduced from \$100 to \$83.33 per month; single hands employed in road work were reduced from 25 cents per hour to 20 cents per hour; pay of tractor operators which is 40 cents per hour, and that of road druggers using four horses paid 50 cents per hour, were left the same.

Many similar cases in Texas counties and in counties of many other states might be cited in which similar action has been taken to cut government expense.

What reason can our commissioners' court advance for not doing the same? We all know it is hard to take in less than we have been getting. But the farmer, the clerk, the business man and all classes of people have had their income reduced and all are taking their medicine. The men who spend and live off tax monies, in city, town, county, state and nation are the only people who are unwilling to take lower salaries.

The Bailey county paper hints that suits would be brought to compel collection of delinquent taxes. Perhaps Bailey county is able to get blood out of a turnip. Or Bailey may be willing and proud to sell half its county farms for taxes. That would be a most effective way to depopulate the county.

Perhaps Lamb county officers and executives also intend to take legal steps to collect delinquent taxes. And when the county treasury is empty and no funds with which to pay salaries, what else is there to do—if salaries must come?

I am told that all is well at Olton and the monthly checks are still good. With a reduction of 25 to 50 percent in nearly all commodities, the county servants are now drawing that much higher salaries than in the days of prosperity and plenty.

There is but one remedy left to the taxpayer—elect men who are willing to shoulder their part of the burden—who will promise to cut county government expense and treat their fellow-men with fairness and justice.

This shall be the voters' slogan in the July primaries.  
And I am sure none will forget it.

### ON TEXAS FARMS

By W. H. Darrow, Extension Service Editor

It would have taken 114 old roosters to have equalled the price H. H. Campbell of Motley county received the other day for 19 capons. He produced 100 capons last year and the county agent reports that he will increase the crop this season.

A Cameron county lady whose hens were not laying was bound to cull them severely but the county agent simply suggested that the scratch feed ration used be changed to a laying mash. In two weeks the 35 hens had increased in production from two eggs daily to 21 eggs per day.

Grimes county farmers have sown 4400 pounds of grass and lespedeza seed this spring for pasture improvement and for soil improvement and hay crops.

In a recent month Mason county home demonstration club women made more than 1000 gallons of cheap milk into American cheese for home use and a small amount for sale.

Dressed poultry and cakes are the leaders in sales of home products sold in the Smith County Home Demonstration Market which has nearly doubled the volume of business this spring over the same period last year. Eggs have sold for 12 1-2c per dozen because people were glad to pay the difference for clean fresh eggs.

Four-H club girls in Tarrant county built 84 hot beds for their gardens this year, bringing the total in use by girls in the county to 192. Of the 267 girls growing gardens, 253 were forced to plant over because of the spring freeze.

Mr. and Mrs. E. Pope who have been visiting in California with relatives returned to their home near Sudan recently.

### FARM NOTES

By D. A. Adam, Co. Agt.

Certified Grain Sorghums Breeders of Lamb County furnished certified grain sorghum seed, for all 4-H Club boys in the County. Each 4-H Club boy taking a field crop demonstration in feed stuff was given enough seed to plant five acres. Each boy is treating his seed for smut, and spacing the crop properly and cultivating under supervision of the county agent. The man who donated these seed are W. H. Cunningham, Littlefield; A. B. Brown, Spade; Harvey Love, Spade; and J. W. Hammock, Sudan. Sudan Lamb county 4-H Clubs will have 100 acres of cotton demonstrations during the coming year. Acala in the variety, and the boys are planting and cultivating under supervision of the county agent.

Lamb 4-H Clubs will have two teams at the Short Course this summer, one dairy judging team, and one hog judging team.

Geo. T. Galloway, Olton, shipped a car of calves, and carried a cooperatively loaded car of hogs to the Los Angeles market during the past week.

Plant your soy beans now. Seed can be obtained from several farmers, and also P. W. Walker, Littlefield, who purchased most of the seed produced in the county last year. It is better than alfalfa in protein content, and is very palatable to all forms of livestock. Harrell Hunt, Spade 4-H B.Y., reports that his club sow has farrowed ten pigs, and so far, has saved eight.

Spade 4-H Club boys and county agent Adam, assisted by Geo. Monteith, built a self-feeder for Howard Lackey who has a sow in his club work. Other such demonstrations will be given soon.

Earl Davis and Davis Fulcher are getting their cars in order and will leave in a few days for Pie Town where they have filed on a tract of land joining Mr. Holden's land.

Miss Anna Boness is visiting her brother in Attawa, Ill., and will also visit relatives at Rochester, Minn. Mrs. R. E. Doss received a letter from Miss Boness stating that she reached her destination, and found her folks all well.

J. J. Blanchard returned from Hot Springs, New Mexico the first of the week.

### MISCELLANEOUS SHOWER

Mrs. Leonard Payne and Miss es Lucile Askew and Ruth Crump gave a surprise party and shower at the home of Mrs. D. L. Payne for Mrs. Olan Roark, Wednesday afternoon.

Bridge and "42" furnished the entertainment for the afternoon, after which refreshments of ice tea, sandwiches and salad was served to the following: Mesdames Butts, V. C. Jones, Hunt, Smith, Ina Smith, Joe Salem, Lee Crosby, Jimmie Alldredge, Marvin McLarty, Judge Briscoe, Patterson, Olan Roark, Payne, and Misses Lucile Askew and Ruth Crump.

### BRIDGE PARTY

Mr. and Mrs. Jimmie Alldredge entertained a number of their friends with a bridge party last Friday evening at their home.

Four games of bridge were played and enjoyed by all present. Especially was it enjoyed by Clarence (Buster) Dyer who won high score. Leonard Payne had the hard luck of winning low score.

Refreshments of ice cream and cake were served to Mr. and Mrs. Clint Dyer, Mr. and Mrs. Leonard Payne, Misses Hazel Reeves, Helen White, Messrs F. B. Altman, Sam Branch, Hubert Butts, Buster Dyer, and the Host and Hostess.

### PARKER MANAGER OF TEXAS UTILITIES

D. R. Parker of Lubbock was made manager of the Texas Utilities Company at Littlefield after the resignation of R. E. McCaskill about three weeks ago. Mr. Parker has been with the company at Lubbock for the past two years. He will reside at Littlefield and manage Littlefield, Amberst and Sudan the same as Mr. McCaskill did.

Mr. McCaskill has purchased a gin and will give his entire time to that business in the future but will remain as a resident of Littlefield.

### CITY OFFICIALS REDUCE EXPENDITURES

During the past two weeks the city officials have been making some changes in the city force and also have reduced salaries. A. C. Findley, water service man and Marshall has had his wages cut from \$125 a month to \$85 a month, and John A. Dryden has accepted the secretaryship at \$50 per month, for which sum he furnishes his own office. The office has been moved from the former location of the City Hall, to the room formerly occupied by the Miller Land Office in the Ramby building. Mr. Weldon, City Night Watchman, is to receive \$20 per month from the city and will probably receive a like amount from the business men during the summer months.

J. A. Holden and son, J. C. Holden, and Lee Allsup, made a trip to Pie Town last week. Mr. J. A. Holden remained and his wife will join him soon and they will make their home there where they have filed on a 640 acre homestead. Mrs. Holden will visit her son Carl at Abeline, before moving to New Mexico.

Mr. and Mrs. T. A. Askew are driving a new Buick that they purchased in Lubbock last week.

### DRYDEN FOR RE-ELECTION

Mr. Dryden has authorized us to announce his candidacy for second term for the office of county attorney, subject to the action of the voters to be expressed at the coming Democratic primary. Mr. Dryden expresses his sincere appreciation for the support given him two years ago when he made the race for this office and for the co-operation he has received by the citizens in the administration of the affairs of his office and in asking for reelection does so solely upon the record he has made during the one year he has served as county attorney and in this connection says: That since Lamb county has been organized in 1908, there has been 1994 criminal cases filed in said court, that 859 of these cases were filed during the twenty-three years prior to the time he assumed the duties of this office and that 205 cases have been filed during the one year he has been in office, nearly one-fourth as many cases filed in the one year he has been in office as there was filed during the twenty-three previous years; that out of the 859 cases previously filed the various county attorneys had during the twenty-three years had secured only 189 convictions or 21.7 per cent of slightly more than 16 per cent. Mr. Dryden says out of the 205 cases filed during the one year he has been in office that he has secured 77 convictions or better than 37 per cent of the cases filed.

That he has secured nearly half as many convictions during the one year he has been in office as the various county attorneys have secured in the twenty-three years prior to his administration and that his record before the several justices county court. Mr. Dryden says courts of the county will compare equally with that of the county court. Mr. Dryden says these accomplishments, are the result of his being on the job at all times and giving it his undivided attention; to do this he has had to make a sacrifice to some degree of the private practice. That he believes the results he has accomplished during his tenure of office and the efforts he has put forth justifies him in asking the citizens for a second term. If re-elected he assures the voters that he will in the future give the office his same undivided attention and be ever ready to render the services devolving upon him and will gratefully appreciate the support of the voters for a second term.

Mrs. C. J. Poor who has been ill for some time was taken to Lubbock Tuesday and placed in the Sanitarium there for treatment. Her many friends wish for her a speedy recovery.

Mr. and Mrs. R. E. Doss spent Sunday at Bula, the guest of the latter brother, Walter Bonness and family.

That's why Castoria is used by so many doctors and mothers. It is specially made for children's ailments: contains no harsh, harmful drugs, no narcotics. You can safely give it to young infants for colic pains. Yet it is an equally effective regulator for older children. **FRIENDSHIP NEWS**

Mr. and Mrs. Roy Lasater of Acme, and Miss Ella Maye Ivey of Quanah, spent Saturday night and Sunday in the C. H. Ivey home.

The many friends of Mr. and W. R. Boyd were very sorry to hear that he was in Lubbock Sanitarium for medical treatment, and hope he has a speedy recovery.

We hope the Community Library will be successful and be of great benefit to Friendship. It is very interesting to visit the farm of Mr. and Mrs. Le-land Byrd about 12 miles southwest of Sudan and see the large flock of Rhode Island Red chicks, all blood tested. They have over 100 head. Mesdames Russ, Stevens and

Ivey visited in the Capps home last Thursday. Mr. and Mrs. H. C. Dennington southwest of Sudan have a very large flock of white Leghorns which they are very proud of.

Another very interesting lesson on "Personality" was conducted in Mrs. H. F. Meyers home last Wednesday; Mrs. J. A. Jones was leader, she spoke on "Care of the Skin", and Low Mental Attitude Affects the Face and body. She had pictures of faces for illustrations which made her topic very interesting. Mrs. E. L. Yarbrough gave some wonderful hints on how to care for the hair.

Mrs. G. A. Benefield discussed the effect of personal appearance on our families.

Mrs. Chas Crawford's subject was, "How to Care for the Body, including underclothing and bodily posture, she also had a chart showing the difference in the proper and improper posture. Each lady had the subject well prepared and all practical. We feel honored to have so many visits all the time, 5 were present for this meeting, making 20 in all with one new member, Mrs. R. M. Wolford, of Amherst.

The meeting adjourned and the hostess served ice cream and cake.

The next meeting will be in the home of Mrs. Tonie in the Ruby club on the 18th, with Miss Mashburn in charge for that lesson which will be on the "The Art of Bed Making". We know that this lesson will be

For this nothing is better than Castoria, a pure vegetable preparation specially made for babies and children. Castoria acts so gently you can give it to young infants to relieve pain. Yet it is always effective, for older children, too. Remember, Castoria contains no harsh drugs, no narcotics—is absolutely harmless. When your baby is fretful with teething or a food upset, give a cleansing dose of Castoria. Be sure you get genuine Castoria with the name:
