SUDAN, LAMB COUNTY, TEXAS, THURSDAY, JULY 28, 1932

NUMBER 3

THE METHODIST CHURCH

If you have not attended the services at the Methodist protracted meeting now in progress at the Methodist church you are the loser. Brother Joseph O. Haymes has been bringing us some splendid messages. The evening services are held out in the open by the side of the church where we have plenty of good seats, good lights and cool breezes. The following are some of the vital themes that will be discussed during the remainder of the week:

Friday A. M.—"Holiness"
Friday P. M.—"The Greatest Love Story Ever Told."

Friday night will be Young Peoples' Night. All the young people are specially invited to be present at this service.

Saturday A. M.—No service.
Saturday P. M.—"Can You Render a Verdict?"

Sunday A. M.—"Things That Abide"

The pastor will begin a protracted meeting at Friendship Community Church at 8:45 P. M. on the first Sunday in August, unless something unforeseen prevents, or makes it necessary to postpone the services to a later date.

Let's remember our goal for attendance at Sunday school and be present Sunday morning at 10:00 A. M.

W. P. McMickin, Pastor.

ATTENDING FARMERS SHORT COURSE, COLLEGE STATION

The following Lamb County club women left the latter part of last week for College Station, where they will attend the Farmers Short Course held there the 25 to 30 of this month: Mrs. Foster Lumpkin and Mrs. Joe Stark; Sudan; Mrs. W. C. Squires; Hart Camp; Mrs. H. A. Sheffield; Spade, Mrs. Rochelle and Miss Betty Stewart, Amherst; Mrs. A. B. King, Center; Irene Brown, 4-H Club girl, Littlefield and the County Demonstration Agent, Miss Ruby Mashburn.

MISS BETTY FAE

STARK HONORED

One of the most delightful affairs of the season was given when Mmes. C. E. Cole and I. B. Teal entertained Tuesday night with a slumber party at Fairview Sand Hills, in honor of Miss Betty Stark, who is visiting from Seminole Texas. The party gathered after church services where they went to the sand hills and had a mid night lunch, the remainder of the night was spent in playing games and horse back riding. After a sunrise breakfast the following guests departed to their various homes, Misses Betty Fae Stark, Margaret Earl Gibbs, Bonnie Bell Lyle, Marjory Alderson, Anna Jewell Shuttlesworth, Oweida Doty, Babe Maxwell, Gaston Maxwell, Lena Ruth Harris, Irma Louise and Bettyu Teal, and Johnnie O.

DAUGHTER SERIOUSLY ILL WITH SCARLET FEVER

Friends of Mr. and Mrs. Gaston Patterson will read with regret that their baby daughter is seriously ill with scarlet fever. Reports coming to the office indicate that the child has little chance for recovery.

Mrs. Clinton Lackey of Lubbock, has been ill at the home of her parents, Mr. and Mrs. W. A. Wells. Mr. and Mrs. Lackey lost their infant son, but Mrs. Lackey is getting along nicely and will soon be able to return home.

Smilin' Charlie Says

"About this time of the year the average golfer begins to wonder if he wouldn't have done better at gardenin'—and vice versa!"

TOWN and COUNTY

Mr. and Mrs. W. M. Slaughter and family left Sunday for Austin where they will visit Mrs. Slaughter's mother and other relatives.

Miss Stella Withrow was a guest of Mr. and Mrs. Jim Sarrett Monday.

Mr. and Mrs. Frank Robinson were in Sudan Sunday visiting.

Mr. and Mrs. John Withrow and son J. C. and J. W. Withrow are expecting to leave Thursday for part of Oklahoma, where they will visit several weeks.

Treba Phillips who has been working in the wheat harvest near Amarillo returned home the latter part of last week.

Miss Margaret McMillen of near Earth, visited her aunt, Mrs. V. M. Jones and family this past week-end.

Mr. and Mrs. Vestus Patterson, Jaunita Piel and Mr. and Mrs. Jim Sarrett and baby, went fishing Friday night. They report a nice time and a very good catch of 92 cats, "that sounds fishy to me."

Mr. and Mrs. I. G. Morrow left Monday for a vacation in South Texas.

Mr. and Mrs. McWilliams left the latter part of the week for Arkansas where they will visit her parents, whom she has not seen for twenty-one years.

W. A. Carter, west of Fairview passed away at Marlin the first of the week. The remains were brought to his home at Fairview and interment was made in the Sudan cemetery.

Mr. and Mrs. T. C. Young of Muleshoe were here Monday and visited Mrs. Youngs parents, Mr. and Mrs. Lowery.

Mrs. Dewey Stephens and baby arrived in Sudan the latter part of last week, and she her husband have room at the A. D. Linton home. Mr. Stephens has been here for some time, but his wife and baby have been at Hereford.

Joe Salem made a business trip to Plainview Monday.

Pete Coldwell was attending to business matters in Lubbock Wednesday of last week.

Street Orator: "We must get rid of radicalism, Socialism, Bolshevism, Communism, and Anarchism"

Voice from the Crowd: "And while we are about it, why not throw in rheumatism?"—The Christian Register.

Miss Lela B. Rone who has been in Cisco the past few months with relatives and friends, returned to her home in Sudan the first of the week.

Dan Welch who has been spending the summer with home folks at Medicine Mound, returned to Sudan the first of the week.

Opal Lee Shuttlesworth returned to her home in Sudan after spending sometime in the Sanitarium at Lubbock. Opal was accidentally shot through the jaw, recently, with a 22 rifle.

Born to Mr. and Mrs. Joe T. Salem an eight pound baby girl, Wednesday. She has been christened Betty Mae. Mrs. Salem and the baby are getting along nicely.

Mr. and Mrs. A. Stuart returned Sunday from a weeks visit with relatives and friends at Carlton, Roscoe and other points. They were accompanied on their return trip by their daughter, Louise, who has been visiting relatives there for the past few months.

Born to Mr. and Mrs. Olen Roark a girl on Wednesday.

Mr. and Mrs. Dolph Smith are the proud parents of a baby girl born the latter part of last week.

Mr. and Mrs. Paul Dill and little daughter, spent Sunday afternoon in Olton with Mr. Dill's brother Bryan Dill; and Mrs. Dill's brother, Ala Monroe.

THAT'S THAT

A. P. Earp of White Deer visited his sister, Mrs. G. D. Sharrock, and brought Mr. Sharrock home from Lubbock, where he has been in the Sanitarium for the past week. Mr. Sharrock is much improved but will have to return to Lubbock occasionally for treatments.

Mr. and Mrs. Jimmie Allred returned from Lubbock where Mr. Allred has been attending the Summer session at the Technological College. They will remain here until the opening of school at Seagraves, where he has a position in the school.

Mrs. Roy Cowan and daughter, Bobby, of Lubbock accompanied Winnie Saunders home Sunday, and spent the day with the Saunders family, and attended the Christian meeting.

Mr. and Mrs. L. R. Redfeorn, Mr. and Mrs. Ross Baker, and Mrs. A. B. Baker, of Shreveport, La., are visiting Mr. and Mrs. F. H. Davis and family. Mrs. Baker is Mrs. Davis' mother.

Mr. and Mrs. J. S. Stuart and daughter of Santa Rita, New Mexico visited the latter brother, Sam Saunders and family, Sunday.

Mr. and Mrs. Leon May, Mrs. Arp and son, and Mrs. Hoag, were Sunday dinner guests of Mr. and Mrs. C. H. Nichols and family.

Messrs. C. H. Nichols and Tom Alderson were attending to business matters in Littlefield Tuesday.

Mr. and Mrs. Leon May who have been spending the greater part of the summer with relatives and friends at Osglesby, returned home, accompanied by Mrs. Mays' mother, Mrs. Arp and son, who will visit here awhile.

Mrs. Ed Nichols and Sam Adkins accompanied Radney Nichols on his trip home from Groesbeck, and they were joined here by Mr. and Mrs. C. H. August 15th., 1932.

Nichols, and they all motored over to Carlsbad Cavern and spent a very enjoyable outing in the mountains.

Dr. G. A. Foote left for Boulder, Colorado, where he will join his wife and daughter, Miss Faye, who are visiting Mr. and Mrs. McSpaden, where they will all visit for awhile before returning to their home in Sudan.

Mr. and Mrs. Sam Beecroff and daughter, Mary, returned from San Antonio and other points, accompanied by Mrs. Beecroff's sister, Mrs. T. H. Kerr and two daughters, Mary Virginia and Betty Ann, and another niece Miss Evelyn Bell.

Jack McLarty returned from Los Angeles, California, the first of the week, and has gone to work at the "M" System. Mrs. McLarty who is in Lubbock will join him here in the near future.

Miss Madaline Fulton of Lubbock, spent the past week with Miss Myrtle McLarty.

Len Irvin, wife and son were in Sudan Monday shaking hands with friends. Len was nominated for Sheriff in Saturdays Primary without a run-off. He received something like two hundred votes over all his opponents.

Judge Simon D. Hay was a pleasant visitor at this office, Tuesday afternoon. The Judge was high man in the Primary held Saturday, and will be in the run-off on August 27th.

SUDAN SCHOOL TO OPEN EARLY

Owing to the fact that we always have to lose sometime from school during crop gathering time our school will open the fall term on August 15th. For the last year or two we have taught on Saturday and holidays to make up lost time but that has proven to be unsatisfactory to a large majority of the patrons.

Please take notice, Monday, August 15th., 1932.

SLATE'S LEFT FOR VACATION MONDAY

Mr. and Mrs. L. E. Slate and son, O. L., left Monday for a vacation in the mountains of New Mexico where they will spend two or three weeks camping. Mr. Slate had built a special trailer, which is patterned after a plan in a mechanical magazine, and is so complete that one has a complete home while traveling. The trailer was built by Smith and Hammock, carpenters; and Joe Wyatt, auto mechanic.

Among the features are two full size beds, close closet, refrigerator, combination kitchen cabinet and table, water system and lights. The water tank carries sixteen gallons. The batteries for lights may be recharged from the automobile battery.

The trailer is easily detached so that one may park it while he goes on a sight seeing trip in city or country.

No doubt Mr. and Mrs. Slate and Crosby will enjoy this trip.

FIGHT ON MR FLY

Dear Editor:—In writing I refer to the great number of flies in Sudan, if something isn't done to curb the fly menace much sickness may result and I'm writing you in hope Sudan will have something done about it. Is there a city ordinance requiring covered garbage cans? Also the garbage collector does not come often enough. I know he is not lazy or careless but when we have to pay fifty cents a month, it seems the city could share its part of the expense and have garbage collected regular. Some alleys and back yards are strewn with all kinds of decaying garbage and filth, also improperly cleaned cow lots and horse lots, a very fertile breeding place for flies.

I wonder if it is possible for Sudan to enforce cleaning up the alleys and filth, otherwise take a firm stand for better sanitary conditions, if this could be done, I am sure they would be pleasing every citizen in Sudan.—A reader.

WHITE ROSE CAFE CHANGES HANDS

A deal was consummated the first of the week, whereby "Chock" Blanchard sold the White Rose Cafe to Gerald Fulton and Ely Lam, Jr. The new owners took possession soon after closing the deal, and are now carrying on the business.

Carl Bridges has just completed a ribbon drive way from the front street to his garage. This is quite a nice addition to his home.

THANK YOU

To the friends and voters in Lamb County who supported me so loyally in the primary last Saturday I here express my heartfelt and sincere thanks and appreciation.

Your votes gave me the largest vote in a single county in the entire district and made it possible for me to lead the ticket for State Senate. Being high man over this large district against four good lawyers and politicians is a real accomplishment. For this I am very grateful.

To those who voted against me I now earnestly invite your support in the run-off. There is no feeling of ill will on my part and I now ask the united support of the 5100 voters in Lamb County so that this county may for the first time have a representative in the Legislative halls of Texas.

Yours for service and a square deal.
Arthur P. Duggan
Candidate for State Senate.

CREAM UP 2CENTS POUND

We noticed a sign on the window of the Sudan Produce the first of the week, which reads as follows:

Cream No 1 12c
Light hens 8c
Heavy Hens 8c

Cream has been selling at 10c per pound for sometime, and the 2 cents advance will be good news to the farmer. Heavy hens are quoted at 9c in Dallas and 8c in Sudan. Sudan has a good market for produce of all kinds, and the merchants are offering good values, and special inducements for business extended them.

It pays to buy and sell in Sudan.

INSTALLS BATH ROOM FIXTURES

W. H. Sampson, installed a complete modern set of bath room fixtures in the residence occupied by Joe T. Salem and family, last week. This is a splendid piece of work and Sampson is to be commended for the job.

C. M. T. C. BOYS WILL RETURN HOME MONDAY

The boys who left here a month ago for Fort Sill, Oklahoma, to spend July in the Citizen Military Training Camp, will return home the first of next week. Five boys from here attended: Winford Wells, Joe Carter, Burnice Brothers, Ed Train, and Forrest Weimhold.

Nathaniel Hertchin, \$5; Mrs. M. Slaughter, \$3; Anna Belle Rudd, \$2; L. N. Rector, \$1; Mrs. Paul Nix, \$1; Mark Weldon, \$1; L. N. Rector, \$1; Joe Stark \$1; Vernon Head, \$1; Mrs. Frank White, \$1.

Mr. and Mrs. Lynn Davis visited with their brother, O. L. and family in Sudan the first of the week. Mr. Davis is principle of the El Paso high school, one of the largest in the state, employing more than two hundred teachers. Mr. and Mrs. Davis have been visiting with their father, and stopped off at Sudan on their return home.

It will be remembered that the father of these boys was severely injured about a year ago, and at one time his condition was critical. We are glad to report the father has improved, that he is doing nicely. His injuries, however, are permanent, and he will not be able to return to his work as an evangelist singer.

F. E. Miller, who has one of the prettiest yards in Sudan, has just finished a side walk in front of his home. Frances is a yard specialist, and is one of the first in Sudan to beautify his home.

TRANSFERS TO THE SUDAN SCHOOL DISTRICT

All students who live outside the Sudan Independent School District and wish to attend school at Sudan this term must transfer before August 1st.

Call on your County Superintendent and secure your transfer. Report this to Supt. O. L. Davis promptly. If you do not get your transfer by August 1st, it will be necessary to pay tuition to be able to attend the Sudan school for the 1932-33 term.

MRS. STERLING LEADS OVER STERLING 83,772

In the latest tabulation of votes cast in Saturday's election, made Tuesday night by the Texas Election Bureau gives Mrs. Ferguson a lead of 83,772 votes over Governor Ross Sterling. Tom Hunter of Wichita Falls running a close third.

Figures in this tabulation, representing returns from 242 including 79 complete, showed; out of 254 counties of the state, Ferguson 326,435; Sterling 242,663; Hunter, 172,952.

Approximately 774,445 votes had been tabulated at that time.

There will be runoff contests for the three places as Congress man-at-Large resulting from the last congressional reapportionment.

George B. Terrell of Alto and Pink L. Parrish of Lubbock led in the contest for place 1. Joseph Weldon Bailey Jr. of Dallas, son of the former Senator, now dead, and Oscar Holcomb of Houston led in the second race. Sterling P. Strong, Dallas prohibitionist, and Douglas W. McGregor of Houston led in the third.

With little more than half the Democrats recording their views there was a 2 to 1 majority for a proposal to petition Congress for a new vote in the United States on federal prohibition. The figures were 285,867 to 110,975. Dry leaders claimed that the light vote showed prohibition sentiment still prevailing in Texas.

Latest available returns on contested offices other than Governor, gave:

For State Superintendent—Shaver, 329,275; Woods, 308,097.

For Railroad Commissioner (six year term)—Terrell, 271,978; Satterwhite, 166,502; Tennant, 118,166.

For Railroad Commissioner (four year term)—Thompson, 179,947; Hatcher, 174,460; Culbertson, 125,289.

For Supreme Court—Pleson, 236,684; Hickman, 194,292; Speer, 135,762.

For Congress-at-Large, Place No. 1—Terrell, 89,558; Parrish, 65,571; Williams, 56,607.

For Congress at-Large, Place No. 2—Bailey, 131,471; Holcomb, 80,659; Cyclone Davis, 78,652.

For Congress-at-Large, Place No. 3—Strong, 104,744; McGregor, 63,997; Burkett, 61,027; Hyer, 45,467.

For Representative of this District, Avery and Tarwater will be in the run-off.

For State Senator of the 30th District, Duggan and Lockhart will go into the run-off; Duggan leading.

District Attorney, 64th District, Griffin defeated Dean by a large majority.

Tabulated form on another page in this issue, shows county candidates who will be in runoff.

For Justice of Peace, precinct 5, Shuttlesworth defeated Morrow by 18 votes. Weldon defeated Nelson for Constable of precinct 5 by a large majority.

IN MEMORY

A. E. Russ was born October 15, 1872 in Upshur county, Tex. He came west in 1891 and lived in different parts of West Texas.

He was married to Virginia Elizabeth Willbanks, Oct. 20, 1897 in Brown County Texas.

Two children were born to them—Bennie who died at the age of 3 months, and William Herschell who has always lived with or near his parents.

The family moved from Scurry County to Sudan, about five years ago.

Mr. Russ was always so considerate of the less fortunate around him, always ready to help those in need. He was converted at the age of 36; but did not unite with any church. He was a man who never bothered about his neighbors' affairs, always attending to his own business.

Mr. Russ loved his neighbors and his friends, and his home, where he spent most of his time with his wife and children, and grandchildren, also neighbors and friends. He always contended for the good principal and the right in all things.

His word was his bond in all his business affairs, he never was too tired to go and make his word good, sometimes with great sacrifices, and it is a pity that his life was snapped off in such a manner, and without a cause. May God help their love ones to bear their sorrow.—Contributed.

"They make fun o' the guy who tries blowin' out the gas light before goin' to bed. But I'm a-thinkin' that bird has just as much brains as the fella who says he can run his business without Advertisin' Smilin' Bill"

Miss Bessie Bellomy,
Second Term.

FOR TAX COLLECTOR—
Gaston Patterson,

COMMISSIONER PRECINCT 2—
C. A. Daniel. Re-election.

PUBLIC WEIGHER PRCT. 5—
F. M. Shelton.

FOR DISTRICT ATTORNEY
64 JUDICIAL DISTRICT
Meade F. Griffin

FOR STATE SENATE
A. P. Duggan
Littlefield

FOR COUNTY ATTORNEY—
J. E. (Bert) Dryden
Herbert C. Maran

FOR TAX ASSESSOR—
Roy Gilbert

SALARIES OF POST OFFICE EMPLOYEES CUT

The federal economy bill will mean a reduction of 8 1-3 per cent in salary for all postal employees and in addition a one-half cent per mile cut in allowances for the upkeep of the rural carriers' equipment, according to preliminary instructions received by postmasters. The bill provides that all rural carriers be given the flat salary reduction and 3 1-2 cents a mile for equipment upkeep instead of four cents.

NEW FEDERAL TAXES

About the only things exempted under the new tax law, by which Congress hopes to raise over a billion dollars a year and balance the national budget, are the things which actually enter into a bare existence. From every source there will be an instant howl go up that the arrangement is unfair. Which perhaps it will prove to be in many instances. No tax law was ever altogether fair and none was ever popular.

But all hand always join in spending and suggesting new ways and means of spending. It is the time when it comes to pay that we fall out with each other. So, no one may anticipate the tax law proving popular or that anybody will be glad to pay the big bill cut out for us. But, after grumbling, we will pay.

HEALTH A POLITICAL ISSUE

Another "whispering campaign" is indicated. Religion was the basis of the one in 1928; this year physical fitness will be stressed. Even while the Democratic convention was in progress the whisperers got busy in questioning the health of Governor Franklin D. Roosevelt and Newton D. Baker. The latter's physical fitness was officially debated by some Ritchie adherents.

Mr. Roosevelt's physical handicap—he has often been described as "an athlete from the waist up"—has long been openly stressed by Smith followers as well as by Republicans in general. In 1922, at the age of 40, Roosevelt was stricken with infantile paralysis following a swim in cold water off the New England coast. It affected the spinal cord and his legs withered somewhat. Nothing daunted he carried on with the aid of crutches. Then, bathing in warm springs and certain under-water treatment so benefited him that he discarded his crutches for braces, though still using a cane. He was so gratified by his improvement that he raised a \$75,000 fund to help fellow sufferers. However, an attendant has to snap the knee braces in and out of position whenever the Governor stands up or sits down.

To satisfy the public that he is physically fit, Governor Roosevelt on April 29, 1931, underwent an examination by four specialists—Dr. Linsley R. Williams, director of the New York

Academy of Medicine and Drs. Samuel W. Lambert, Russell A. Hibbs and Foster Kennedy. As a result, they announced: "We have today carefully examined Governor Roosevelt and we believe that his health and powers of endurance are such as to allow him to meet any demand of private and public life." Before the convention someone asked Roosevelt to "do something" to prove his physical fitness for the presidency, but the Governor evidently thinks that running for office is enough.

That the Republican intend to capitalize the health issue to a greater or lesser degree is seen in the sudden pre-convention statement by Dr. Joel T. Boone, the White House physician, that President Hoover is a "physical rarity" and his ability withstand the strains of office is "almost a phenomenon." So you may expect to hear a lot more about the "health issue."—Pathfinder.

GREATEST TRUST IN TEXAS

(Michigan State Journal)
"Do you inhale?" Is this what you ask your grocery clerk? Oh, no, no!—you don't ask him that. You say—now don't you? "Are these eggs fresh?" Candor compels the view that the question is more pointed.

Perhaps the young man at the grocery has failed in his opinion. But the cook lady always has a last chance. Since, in the vast majority of cases, the cook lady eats at the other end of the great American family table, there is very good assurance that the people of this fair land of ours are not going bolshevik. Talk of the checks and balances provided by the constitution—what are those checks and balances compared to the check on eggs?

The foregoing is by way of a solemn preface. Word has just arrived from Texas that must tend to throw many of us into a contemplative mood. The word is that the egg drying industry has been restored to Texas. So the burning question now before the nation is not, "Do you inhale?" but "Do you suppose Texas eggs are candied before they are dried?"

The Texas Weekly is devoted to the thought that as Texas business grows more diversified, more honest, it grows. That is so, we assure. And, anyway, Texas has taken the dried egg business from China. Good news! Really, we place greater trust in Texas.

HOME TOWN BEST ON EARTH

Fair competition is the life of trade. Home business institutions that are helping to pay for the maintenance and improvements of a city, are entitled to the

trade of the citizens of the home city.

Outside business concerns do nothing toward the building of the home city and local merchants should not be forced to compete with them.

Buying away from home should be stamped out forever. Every dollar and every activity should be united to make business of the home city better. Now is the time to get busy and make local business better.

Every citizen should take an active and positive stand on all things that go to make local business better.

All should take a mental inventory and find out how they stand in ability and honesty of purpose and willingness to make the home city bigger and better.

No man is a success who only enriches himself. The man is a success whose success enriches the community.

There is only one city in the world in which to live and prosper, and that is the city in which you live.

A good way to boost the home city is to buy from the local business concerns who advertise in local papers.

Local advertisers are the people who lead in the things that keep a city moving forward in the march of progress.—Press Guttenberg, Iowa.

FARM POPULATION GAIN WAS 648,000

The farm population was 31,250,000 persons on January 1, 1932, as compared with 30,612,000 on January 1, 1931, a gain of 648,000, according to an estimate issued today by the U. S. Department of Agriculture. The increase in 1931 was the largest and most significant recorded by the Bureau of Agricultural Economics in the ten years in which the bureau has been estimating changes in pop-

CITY GARAGE
Joe Wyatt, Prop.

ulation. For seven years of this period annual decreases were reported and only during 1929 and 1931 were appreciable gains indicated.

The bureau estimates that 1,472,000 persons left farms for towns and cities last year, and that 1,679,000 persons moved farmward. The surplus of births over deaths on farms was 441,000. The gain in number of persons living on farms was 648,000.

A STAGECOACH STILL RUNS

Every day during the summer—except on Sundays—a stagecoach is traveling between Piccadilly, London, and Hampton Court.

This is the Greyhound, which is said to be the last stagecoach in the world to make a regular daily run.

It might be thought that now a days, when there are so many faster modes of traveling, it would be difficult to make a stagecoach pay. But there are keen amateur drivers who appreciate being able to drive four-in-hand on one day each week, and are willing to pay for the privilege. And members of the general public get a real thrill out of the stagecoach journey.

MISCELLANEOUS RECIPES

Sweet Bickled Peaches

1-2 peck peaches
1 quart pure apple vinegar
4 cups brown sugar
1 oz. stick cinnamon
3 cloves for each peach
Select sound fruit not too ripe. Dip peaches quickly in hot water, and peel. Make a syrup by boiling vinegar, sugar and seasonings tied in a cheese cloth bag. Put peaches into boiling syrup and cook until soft. Arrange peaches in sterilized jars. Adjust sterilized rubbers and covers.
Concentrated Vegetable Soup Mixture
1 quart tomato pulp
1 pint corn
1 pint lima beans
1 pint peas
1 pint beans (snap)
1 pint okra
1 cup onion chopped fine
1 1-2 tsp. salt
Cook together tomatoes, peppers and onions put through a sieve to remove seed, and cook to the consistency of catsup. Add corn and other vegetables which have been prepared for canning. Bring to a boil and pack hot. Process No 1 cans 40 minutes at 10 pounds, and No 2 cans 50 minutes at 10 pounds.

Pear Preserves

Mellow pears are not good for preserving, but may be used for marmalade. Firm juicy pears such as the Russet or Kieffer are good preserving pears. Quarter, peel, core and measure pears. To every 2 cup of pears use 1 or 1 1-2 cup of sugar and 1 cup of water. Boil the syrup ten minutes, vigorously. Add pears a few at a time. Cook until pieces become transparent. Remove the fruit from the syrup. Cook the syrup until it reaches the consistency of honey. If desired, slices of pineapple may be added to the syrup twenty-five minutes before removing from the fire. Plump the pears by pouring the syrup over them, and allowing them to stand over night. Back cold the next morning. Cover with syrup. Remove air bubbles. Process fifteen minutes in water bath.

Plum Preserves

Prick the plums with a coarse needle. Allow 2 cups sugar to each 2 cups sugar. Let boil, and skim, add the plums a few at a time, letting them boil gently about twenty minutes. Remove the fruit to jars with a skimmer, and let the syrup boil until it gives the test for jelly. Fill the jars 5-6 full of plums, finish filling with the syrup, and seal.

Beach Preserves

1 pound of peaches
1 cup of water
1 1-2 cup sugar
Remove the skins and cut peaches. Make a syrup of the sugar and water. Pour this over the peaches and allow to stand over night. In the morning cook until the fruit is clear, pack the peaches in jar and cook the syrup until thick, then add the fruit and seal.

Green Tomato Mince-meat

1 peck green tomatoes
5 cups brown sugar
4 cups raisins
2 cups beef suet
1-2 cup vinegar
2 tsp. salt
2 tsp. ground cinnamon
1 tsp. nutmeg
2 cups chopped apples
1 tsp. ground cloves
Slice the tomatoes thin, or put them through a food chopper, allow to drain, cover with cold water, place over the fire, and boil for five minutes. Drain well, add suet, vinegar, fruit and seasonings, return to the fire, and allow to simmer for thirty to forty minutes. Pack while hot, and process as for preserves.

Fruit Juices

After washing the fruit, crush while heating it. Fruit juice will flow readily when the fruit is heated, but the pulp should

not be allowed to boil. When the pulp is thoroughly soft, strain through double cheese cloth, or any thin cloth and squeeze as much juice through as possible, then strain the juice through a flannel cloth without squeezing. Heat the juice until it is very hot, but not boiling; skim and strain into sterilized bottles, place the corks in loosely, place the bottle on a rack in a water bath, and process fifteen minutes at a temperature just below boiling. Press the cork in tight, dip the top of the bottle into sealing wax, and store in a dark dry place. Grapes, blackberries, dewberries, strawberries and agarita berries make good fruit juices.

Pickled Onions

Select small onions and sort into different sizes. Peel and cover with a 10 per cent brine. (A ten per cent brine is made by dissolving 2 cups of a good coarse salt in nine pints of soft water. This gives a reading of 40 on the salinometer) keep the brine at this strength until the onions have fermented and cured. It will take six weeks to 2 months for them to cure, depending on the size of the onion and the temperature. A perfectly cured specimen will be a uniform, clear, translucent color throughout when cut. The presence of white rings is an indication that they are not cured. When cured, remove from the brine and soak in clear water over night to remove excess salt taste. Pack into jars and cover with a cold, spiced vinegar.

Spiced Vinegar

1-2 gallon of 5 per cent vinegar
1 cupful of sugar
1 tablespoon of celery seed
1 tablespoon of mustard seed
1 tablespoon allspice
1 small stick cinnamon

The whole spices in a cheese cloth bag. Drop in vinegar and sugar—let come to simmering heat, cover and let infuse. If the vinegar is kept at this heat for several hours it will be stronger of the spices. More sugar may be added if a sweeter pickle is desired.

Chili Sauce

5 quarts skinned, chopped ripe tomatoes
2 cups chopped sweet red pepper
2 cups chopped green pepper
1 1-2 cups chopped onions
3 tablespoons salt
1 cup sugar
3 cups vinegar
1 teaspoon cloves
1 teaspoon allspice
1 teaspoon cinnamon
Combine the chopped vegetables, salt, sugar, and simmer this mixture until it begins to thicken. Then add the vinegar and spices and cook the mixture down until it becomes a thick sauce. Pour into hot sterilized bottles or jars and seal air tight with sealing wax. This recipe yields about 3 qts of sauce.

HART CAMP 4-H CLUB

The Hartcamp 4-H club girls met in regular session, Wednesday 13, with seven members present and the president in the chair. A demonstration in buttonhole making was given by Miss Mashburn. Our regular meeting day is the 2nd. Wednesday.—Reporter.

CARD OF THANKS

We wish to thank our many friends for kindness and sympathy expressed in the tragic death of our husband and father. Special thanks to those who did special favors, and for the beautiful flowers.
Mrs. A. E. Russ
W. H. Russ and family.

OUR HALF-HONEST PEOPLE

When the Rev. Irving J. Johnson, Episcopal bishop of Colorado, told the graduating class at Union College the other day that the bane of American life is the nation's vast number of "half-truthful, half honest" people, he touched on a flaw usually overlooked.

Those people, he explained, are those that "make our political platforms, regulate the stock market and muddle our whole educational system with the half truth that education will make a nation righteous."

As individuals, he said, not one of them would pick another man's pocket; as members of a political group or a social or economic class they would blithely deprive a nation of its heritage.

What the bishop seems to have been getting at is the fact that we do not live in such a clear-cut, black-and-white world as we like to suppose. We may be betrayed, over and over, by political or business leaders, but the men who betray us aren't conscious villains. Instead they belong to that half-truthful, half-honest group which has lost the capacity to assay its own action correctly.

The politician who accepts the support of a corrupt municipal gang and thereby helps to perpetuate it; the financier who fans the flames of speculation and paves the way for a bank; the industrialist who owns a coal mine where men are as truly enslaved as Siberian serfs; the publicist who averts public wrath from such people by acting as their apologist—these men without exception, think that they are doing the right thing.

They are, in other words, scrupulously honest according to their lights. The tragedy is that the lights by which they live are at fault.

That is the point we must recognize if we are to iron out the kinks in our national life. It isn't enough to have leaders who are honest—for most men, after all, are honest as they know how to be. They must also know exactly where they are going. In plain English, they must combine honesty with intelligence.

BUTTER KEEPS AS WELL IN PRINTS AS IN TUBES

The belief that butter for storage has to be put in a large mass, usually 64-pound tubes, has been disproved in recent years by experiments which indicate that butter in 1-pound prints keep as well as that in tubs, says the United States Department of Agriculture.

For the last eighteen years a creamery in Pennsylvania, co-operating with the Bureau of Dairy Industry, has stored 20,000 to 25,000 pounds of print butter annually in a cold-storage warehouse in Washington, D. C. This was fine quality butter made from unripened, pasteurized, sweet cream. Some of it was stored for as long as seven months. After storage the butter was sold to people accustomed to getting fresh butter from that creamery, and they found it entirely satisfactory.

Butter handlers believed butter should be stored in tubes because this form exposes less surface area per unit weight of the butter. The experiments indicate, however, that sweet-cream butter in 1-pound prints will keep as well and shrink as little as if stored in 64-pound tubs.

TEXAS INDUSTRIAL ACTIVITIES

Riverside Packing Co., Riverside and Lamb-Whitson Foods Products Co., Denton, are new food manufacturing establishments.

Crescent Foundry Co., Amarillo, is planning the erection of a new foundry building. Gilmer Ice and Cold Storage Co., Gilmer, is a new Texas corporation.

Empire Southern Gas Co. plans to lay an additional five miles of mains at Brady. Survey for a natural gas line from Brownwood to Lampasas has been completed.

Abercrombie Pump Co., Houston, is a new company for the manufacture and sale of pumps. It has 13,500 share of no par value.

Three Rivers Sand & Gravel Co., has installed a mechanical gravel washer in its new plant on the Frio River.

Capacity of the Kimbell-Diamond mill at Sherman is being increased from 900 to 1,900 barrels of flour a day.

Texas shipped 2,000 cars of tomatoes during the first half

of June, receiving \$1,350,000 for the shipments, according to estimate by the Dallas News. Several East Texas towns are planning canneries to take care of the later ripe crop.

A new East Texas industry is the making of mineral water crystals and concentrated mineral water at Marlin. The Marlin Water Co., organized early this year, is finding an excellent market for its output.

Dairyland Products Co., Cleburn, has installed a milk-powder plant to take care of the surplus skim milk that previously had been a waste product.

Two new industrial corporations announced at Houston are Shudde's Southern Hat Co., capital \$50,000, and Automatic Ice cream vending machines.

Plans for a new \$27,000 creamery plant at McKinney are announced. Equipment includes plant and ice cream mix plant, complete butter manufacturing.

Riffe Bros., Inc., plan the erection of a \$150,000 grain elevator at Texhoma.

New Texas industries located on the M-K-T lines include a rubber reclamation plant at Houston, a cereal distributing agency at Dallas, a crescent

culvert plant at Denison and a barrel factory at Dallas, capital of \$120,150 and jobs for seventy-six persons are added by the new concerns.

Improvements and expansion involving the expenditure of \$1,000,000 are announced for the Marathon Oil Co. plant at Fort Worth.

The Struve Cheese Factory at Abernathy, purchasing daily around 10,000 pounds of milk, is selling its output under contract to Swift & Co., who are labeling it "Swift's Abernathy Cheese" and building a very favorable reputation for it.

Corsicana is considering plans for a butter factory, one reason therefore being the success of the recently established creamery at Mexia. A survey was ordered to determine the feasibility of the project.

Granite for the new Federal building at Texarkana, Tex.-Ark. is being furnished by the Premier Quarries of Llano.

Moulton, Lavaca County, has this year shipped over twenty carloads of garlic, the 400,000 pounds bringing from 2 1-2 to 4c a pound packed in 50-pound crates and mesh-ventilated sacks.

NOT ONLY WILLING
TO SERVE YOU
HE KNOWS
HOW!

Willingness to serve doesn't come through training; ability does. So Conoco chooses as station salesmen men who want to serve... who like it... and trains them to be experts.

When a Conoco man fills your gas tank or supplies oil, he gives you exactly the amount you want. There's no splashing, no muss.

He gauges the air in your tires accurately and supplies the proper pressure to each, including spares. He cleans your windshield spotlessly. He fills your radiator without splashing.

The Conoco man's information service is just as expert as these things he does with his hands. Ask him about roads, mileage, hotels, camps, sports, places to buy supplies. He is ready with accurate information on these and many other subjects. He keeps his station rest rooms clean and his station inviting. He checks parcels and cares for mail and telegrams. Everything he does for you is done cheerfully, expertly. He wants to make your stop at his station a pleasure for you... and he knows how!

EVERY CONOCO STATION IS A BRANCH OF THE CONOCO TRAVEL BUREAU
... A NATION-WIDE FREE SERVICE FOR MOTOR TRAVELERS

It Pays to Buy and Sell in Sudan
