GRAND JURY FINDS 24 BILLS

Twenty-four true bills, 17 felonies and seven misdemeanors, were returned by the Lamb county grand jury, which reported to Judge Charles Clements, judge of the District Court J. T. Bellomy was foreman of the jury.

Grand Jury Report
"To the Honorable Charles Clements, Judge of Said Court: Comes now your Grand Jury duly empaneled, organized and sworn at this term of court, and files this its final report.

"1. We wish to commend the Sheriff and his deputies for their diligence in enforcing the laws. We find that they have been faithful and prompt in looking after the law violations of the county. Mr. Bob Miller, the chief deputy, has been very efficient and helpful to us in our deliberations, and we think that he should be especially mentioned and given our thanks. The rest of the department have been of much assistance to us, and we give them our hearty thanks.

"2. We have made an inspection of the court house and the jail, and of the ground surrounding the same, and find them well kept and in as good sanitary conditions as it is possible to keep them.

"3. We have diligently inquired into all matters of law violation that have come to our knowledge, and want to compliment the people of our county for their assistance rendered to the officers in this regard.

"4. We want to thank the County and the District Attorney for their assistance rendered us during our deliberations.

"5. The various justices of the peace had their records in good shape and saved us much time and money.

"6. We have returned a total of 24 true bills, of which 17 were felonies and 7 misdemeanors.

"J. T. BELLOMY, Foreman
"For the Grand Jury."

WHOLESALE GIVES ADVICE TO MERCHANTS
The following was taken from a circular sent to retail merchants by a large wholesale house. "The value of your local newspaper to the success of your business cannot be over estimated. It's worth all the support and co-operation you give it. For the newspaper is a mirror reflecting the life of the community which you and your store have an important part. Your advertising is the reflection of your store in this mirror. Everybody sees it there if it is not there, the mirror is dark where your store should be. You are there but you cannot be seen. Your store is open for business as usual, but 'out of sight, out of mind.' To keep in step with the progress of your community; to get your share of business, you must advertise regularly. Take your newspaper publisher into your confidence; he can give invaluable assistance. Establish an advertising budget. Plan a regular schedule for your advertisements. It's a policy that is followed by the most successful store; it's an idea that will be profitable for you." — Stillwater (Minn.) Gazette.

THRUSH PURCHASES WHOLESALE STATION
Wayne Thrush purchased the wholesale station of the Phillips Petroleum Company here from Claxton Draper a few days ago.
Mr. Thrush will now have charge of both the wholesale and retail station.

Sudan And Territory Receives An Inch And A Half Of Rain

An inch and a half of rain fell over Sudan and territory to relieve a long drouth. The rain was needed badly in sections of the territory although very little of the cotton crop was suffering. The feed was needing the rain more than any other crop.
The rain fell slowly and did much good and will increase the feed production in this territory a great deal.
The weather has been cloudy and the temperature is falling.

NOTICE
In calling for a trouble shooter from the Texas Utilities Co. please call Herman Lyle at the First National Bank. Mr. Lyle will in turn call the office at Littlefield. This will avoid the unnecessary expense of paying several calls.
If at all possible please notify Mr. Lyle a day or two before you plan to move in order the company can have a man here that day to change your meter.

Four Persons Are Drowned In Small Creek Near Bovina

Heavy Rain Sends Torrent of Water Down Almost Dry Bed, Washing Stalled Family Car Off the Road

Four persons drowned in a small creek one-half mile east of Bovina early Monday after a six inch rain had converted the usually dry gulch into a maelstrom.
Mrs. C. B. Waddell and two small daughters, Vivian and Virginia, of Friona, were drowned about 2 a. m., when the family car was caught by a wall of water and washed down stream. Waddell escaped with a baby daughter.
Later in the day while searching for the bodies of Mrs. Waddell and her children, Richard Caldwell, 21, either fell or was thrown from his horse into the stream and drowned.
Waddell, Friona gin owner, said there was water in the creek when he started to drive across with his family. The car stopped, then was washed downstream, he said. He escaped from the automobile with the baby and reached the bank of the stream. When he returned for his wife and daughters they were gone.

RETURN FROM VISIT IN NEW MEXICO

Mr. and Mrs. W. L. Foust and children returned the first of the week from a ten day trip in the mountains of New Mexico. They report having a good time and enjoying lots of good fruit.

Admission Prices To South Plains Fair Reduced To 25 & 15c

LUBBOCK, Texas, Sept. 1.— Admission prices to the Panhandle South Plains Fair, Sept. 26 to Oct. 1, have been cut in half, the fair catalog now being distributed announces.

In spite of this cut in admissions, reducing the gate fee to 25c for adults and 15c for children, the same good show will be offered South Plains folks, W. G. McMillan president, has assured the public.

Real agricultural exhibits are expected with better crops being produced this year than for several years and with a number of people over the section at work now gathering products for county and individual agricultural exhibits McMillan says.

The John T. Wortham Shows, one of the largest moving carnivals in the world will be here for the six days.

Four good will trips will be made about the middle of September by Lubbock people, traveling more than 1,000 miles to tell the people of the Plains of the plans for the fair this year. A band will accompany and novelties for the children will be given away.

Garner Will Speak In Mid West While Roosevelt In West

While Governor Roosevelt is touring the west, carrying the banners of Democracy over a more widely spread field than any candidate since Bryan has done. Speaker John Garner will doubtless be busy in the middle-west bent on the same mission.

He has placed himself at the disposition of the Democratic general committee and will do whatever they think best, he says. His tour will include Kentucky, Missouri and the border states, it is thought, while his running mate is speaking in the west, with a wind-up campaign—to last a month or very little more—in the east and his home state of New York.

Whether or not Roosevelt will come into the south has not been decided and his itinerary is yet incomplete. Garner will fill in the gaps left by the presidential nominee, it is indicated.

Mr. Jack Covington of San Angelo, is visiting the J. O. Covington family this week.

Gus Thomas and Mr. Lewis, of Canyon were looking after business interests in Sudan this week, and while here were guests of the Covington family.

FERGUSON LEADS BY 2886 VOTES OVER STERLING IN CLOSE GOVERNOR'S RACE

The last count given out by the election bureau with 249 counties complete showed that Miram A. Ferguson had 476,631 votes while her opponent, Governor Ross Sterling had only 473,745 votes for the Democratic nomination for governor of the State of Texas.

This race is one of the closest in the history of the state with the lead changing seven times during the first three days of counting. The exact count of the votes will not be known until after the State Democratic committee meets at which time all tabulations will be checked.

Arthur P. Duggan of Littlefield was able to win over his opponent, G. E. Lockhart of Lubbock by 794 votes for the nomination for state senator of the 30th district. Mr. Duggan lacked only 49 votes of receiving as many votes as Mr. Lockhart did in Lubbock county which is Lockhart's home county.

The closest race in the history of Lamb county is the race between A. H. McGavock and Simon D. Hay for county judge. McGavock received one more vote than Hay. The winner of this race will not be known positively until after the county election committee meets at Olton Saturday.

Stanley A. Doss, local candidate for county clerk, won over J. W. Hopping of Littlefield by several hundred votes.

In the runoff primary held last Saturday, Stanley A. Doss was nominated for County Clerk, Herbert Martin for County Attorney, and A. H. McGavock for County Judge.

Doss received 2262 votes while his opponent, J. W. Hopping, received 1835 for the Democratic nomination for county clerk of Lamb County.

Martin received 2127 votes while his opponent, J. E. Dryden, received 1867 votes for the Democratic nomination for County Attorney of Lamb County.

A. H. McGavock received 2032 votes while his opponent, Simon D. Hay, received 2031 votes for the Democratic nomination for County Judge of Lamb County.

It is understood by the News that the votes will be recounted in this race, since there is only one vote difference.

Arthur P. Duggan, of Littlefield, won over his opponent, G. A. Lockhart, of Lubbock, by a substantial majority for the Senator of the 30th Senatorial District.

Democratic nomination for A. B. Tarwater, of Plainview, won over his opponent, M. R. Avery of Dimmitt, by a substantial majority for Democratic nomination for representative of the 120th District.

PASTOR URGES PEOPLE TO PATRONIZE HOME PAPER

"I believe that it is the duty of every citizen to be a subscriber and booster of their local paper, and to this end I have striven every since our present editor came to town," are the words of Rev. J. H. McCorkle, local pastor of the Church of Christ. He stated that he had closely observed our little paper every since we began its publication, and that he had found that we dealt square and clean with all religious faiths represented in the town and explaining this, he said: "The Texola Tribune has taken sides with no church nor has it fought any church in the town."

McCorkle further stated that he had lived in towns and tried to operate a business where the local newspaper had failed, and that he found that the failure of a newspaper in a town had the same effect on the town as did a bank failure.—Texola (Okla.) Tribune.

IN FIRST COMMENT IN MONTHS TAYLOR POINTS TO BUYING

Myron C. Taylor, chairman of the directorate of the United States Steel corporation, said this week that a buying movement cannot be long in coming. "The stoppage of production due to the depression, consumption of supplies, the wear and tear on equipment, and the ensuing natural obsolescence, are creating a vacuum which in due course will have to be filled."

Taylor has not made a comment for some months until his statement this week.

"Competition makes necessary the use of the most modern equipment," he went on. "One might look upon this as the time for a thorough housecleaning, and it will be the reason for replacement on a large scale when production facilities of the companies are again called into extensive use."

"It would seem that the buying movement cannot be long delayed." Taylor's corporation plans a \$5,000,000 improvement program which will give work to many hundreds of workmen. The company rotates its work now in order to keep the largest number on the payroll.

A STRANGE DELUSION

Frequently we hear men suggesting that the Eighteenth Amendment be repealed or the Volstead Act modified so as to permit the sale of light wines and beer on the grounds that the government could reap a rich harvest of revenues from the legal sale of these beverages. There is evidence that many of the rich are now advocating repeal or modification in the hope that their own tax burdens would be greatly lightened. They want to shift these burdens to the shoulders of the man who likes his beer. The ordinary housewife can well

understand, however, that if saloons thrown open again, the saloon-keepers will get a part of the husband's income that is much needed to pay family expenses; and the ordinary business man can understand that part of the money which the laboring man now spends for shoes and clothing and groceries would be spent for liquor. The motion that the return of legalized liquor would lighten our tax burdens and make business prosperous is one of the strangest delusions of all time.—Lynn County News.

THE ROAD TO BETTER HEALTH

CAUSES OF HEADACHES

By Dr. William J. Scholes

One of the most common of human pains is headache. Like other pains, it is one of nature's methods of calling attention to the fact that something is wrong. It is a symptom that may arise from any one or more of several causes.

Sometimes the condition under which headache occurs gives a hint as to the possible cause. For example, the attack may come on after using the eyes in close work. In that case there is probably some disorder of the eyes which is causing eye-strain. Properly fitted glasses, and care to avoid abusing the eyes, would then be the remedy. Or, the headache may occur when one is fatigued, either in mind or body. Sufficient rest would then be the remedy. And prevention would consist in avoiding physical and mental activity to the extent of fatigue.

Poisons In System

The presence of various poisons in the system may cause headache. These poisons may be introduced into the system from without. Alcohol, tobacco and lead are examples. Or the poisoning may result from failure of the system to properly eliminate waste products. This type of poisoning is likely to occur in disease of the kidneys and in constipation.

The complete list of disease which may cause headache is a long one. Bright's disease, arteriosclerosis, pelvic disorders, digestive disorders, anemia, functional and organic nervous disturbances, fever and various infections, and diseases of the ear, nose and throat are among the possible causes.

To find the cause in any in-

dividual case is not always an easy matter. But this is the first step in seeking a permanent cure. A careful physical examination may reveal the underlying disease or disorder. If discovered, a careful investigation of the habits may reveal the cause.

The cause should be carefully searched for, and removed when ever this is possible.

HINTS FOR THE HOUSEHOLD

FOR SEPTEMBER

By Betty Webster

HOUSEHOLD HINTS

There is nothing much more annoying than to have clean curtains blowing out of an open window either day or night. The clip clothes pins are a solution for this. Buy them in quantity at some cheap store and paint them in design or plain to match the predominating color in the room where your curtains are. And use them to pin your curtains back.

To Peel Fruit Easily

Pour boiling water over the fruit to be peeled and let stand a few minutes before peeling.

COOKING HINTS

Swiss Steak

Round Steak (about 2 inches thick). Little Flour. Little Onion. Boiling Water.

Method: Pound plenty of flour well into each side of steak. Brown the meat well in hot bacon fat in skillet. Add a little onion—cut up. Then partially cover browned meat with boiling water. Cover. Let simmer about 2 hours.

When ready to serve—season. Remove meat to hot platter. Thicken gravy and pour over meat.

Potatoes can be added to meat during the last half hour of cooking, if desired.

Tomato Cheese Salad

Tomatoes. American Cheese. Green Pepper. Mayonnaise. Lettuce

Method: Slice and chill tomatoes. Wash lettuce. Dice cheese and cut up green pepper. Mix cheese, pepper and mayonnaise. Place tomatoes on lettuce leaves and pour over dressing.

BAKING HINTS

Baked Rice

1 1-4 cup of rice. 1 1-2 cup of grated cheese. Seasoning.

1-2 cup chopped pimento or green pepper.

1 1-2 cup of Tomato juice. Method: Cook rice in boiling salted water until done. Add tomato juice, cheese, seasoning and pimento. Mix well and pour in buttered baking dish. Bake a half hour and serve hot.

Paper Baking Cups

This is an easy way to save washing dishes. Fluted baking dishes come in three sizes and cost very little. When cakes are baked in these they are very pretty to serve at tea parties.

Rhubarb Pineapple Pie

1 1-2 cup of rhubarb (cut up) 1 1-2 cups of crushed pineapple (drained).

3-4 cup of sugar 2 tablespoonfuls of flour.

Method: Prepare regular pie crust then fill pastry lined pan with well mixed rhubarb, pineapple, sugar and flour. Cover with top crust. Place in hot oven for 10 minutes. Then turn oven down and bake about 30 minutes longer.

QUICK THINKING

A chap came out of the theatre only to find a policeman standing by his auto where he had thoughtlessly parked it, beside a fire hydrant. Instead of claiming it and making certain of a summons, he went to a nearby phone and reported his car stolen. In a few minutes the police gave the information that his car had been recovered—and where he could find it—by the fire plug. He went there claimed it, gave the cop a cigar, and drove home.—McLean News.

Changes In Our System

Hello Folks! School has started again. Is everybody happy?

There are quite a number of new teachers this year. There's Mr. Whittle from Lawn, Miss Sikes from Eastland Mrs. Moore Stephensville, Miss Bobo from Canton and Miss Reeves who taught in the grammar school last year. Miss Lewis and Mr. Branch are with us again this year. Miss Bobo teaches daily 114 pupils, Mr. Smith 90 pupils besides his principal duties, Mr. Davis 50 besides looking after the entire school, Mrs. Moore 83, Miss Reeves 113, Miss Sikes 66, Miss Lewis 97, Mr. Branch 103 and Mr. Whittle 107.

We have rearranged our class periods this year from forty-five minutes to hour periods in which thirty-five minutes is used for recitation with the remaining time used for study. This gives every pupil a chance to study.

Public speaking and shorthand are new subjects that are being taught this year. Third year home economics is also an added subject. Agriculture is being omitted this year. The gymnasium is being used every hour instead of two hours as it was last year. We are sharing it with the grammar school two periods of the day.

The largest number up to date to come to school in our twelve buses is 505. There are 212 students enrolled in high school and 600 students in grammar school making a total of 812 students in school.

School Campus

At the close of school last spring, some work had been toward improvement and beautification of the school grounds.

Some of the trees that had been placed around the grounds several years ago were dead. These were replaced and new ones planted between the buildings. Flowers were planted along the front of the buildings with small shrubs at the corners. Then Bermuda grass was set out and this completed the plan.

When school opened, the pupils returned to a grass covered lawn with flowers in the background.

The original plan was to make the Sudan campus, the most attractive in the county, and even the most casual observer will agree that we have succeeded.

Athletics

Our Athletic work began early this year and is proceeding very smoothly. The girls and boys and their coaches from both high school and grammar school are beginning at the very bottom of the work and coming up.

Everyone is working with much interest and enthusiasm.

We have come to the front with six teams willing to tackle any team that come our way, whether they look hard or not. Each team has an assigned period to the gymnasium. The first period the grade school girls are coached by Miss Branch; the second period the senior girls are coached by Mr. Davis; the third period the junior boys are coached by Mr. Smith; the fourth period the junior girls are coached by Miss Lewis; the fifth period the senior boys are coached by Mr. Whittle and Mr. McElreath; the sixth period the grade school boys are coached by Mr. McElreath.

The senior girls "squad" has increased mightily. There are several old players back, but there seems to be much interest taken by girls that are just starting in their first year of real basket ball.

Our teams are working faithful and are looking forward to their first match game, which is to come in the next two weeks.

We are expecting to win many honors and cups for Sudan this year.

Music

Mrs. C. E. Cole is teaching piano music in the Sudan High School; she gives two lessons each week.

She also has charge of the girls glee club. New music has been ordered and much interest is being shown. Several musical plays are to be given at later dates and the chorus will begin making their public appearances.

Grammar School Notes

The grammar school has

settled down to real work with an enrollment of about six hundred students. After the excitement of the first few days everyone is doing excellent work.

The Summer Round-Up, a health examination for the beginners, has been completed.

Personals

Miss Gladys Trantham, former English teacher of the Sudan High School, was the guest of the Clyde Robertsons the past week. Miss Trantham left Saturday for Cress where she will teach this year.

Miss Lou Weatherford of Amarillo was the guest of Ellen Burnham the past week. She will leave for Austin September the 5th where she will attend the University of Texas.

Among the ex-seniors who are taking post graduate courses are: Sidney Gwinn, Lurline Harvey, Gladys Barnette, Jaunita Murrell from Amherst, Curry Lynch and Weldon Shaffer.

The new students in High School are: Jackie Brock, Edward Fraim, Charles Cartwright, Gaston Maxwell, Jaunita Murrell Arlie Beggs, Ouida and Wilda Townsend.

Mr. Slaughter, Mr. Harvey and Alderson have visited the high school and are well pleased with the work.

It is rumored that Mr. Dan-

iels, chairman of the school board, spends most of his time here at the high school.—We wonder why?

"Whoopee!!! the depression is over," says Miss Lewis.

A lost student Hubbard Harrell, president of the 1931 junior class, has bid farewell to his Sudan High School classmates as he is moving to Albuquerque, New Mexico where he will graduate from high school.

No Dramatic Club

This year Sudan High is not having a Dramatic club but will have a new subject to take its place.—"Public speaking is being taught by Mr. Branch and we have a fine class. In this class we will take up the study of plays, debates, orations and declamations. We will give several plays this year.

That's the happy state of health and pep a man enjoys when he gives his vital organs a little stimulant!

When your system is stagnant and you feel sluggish, headachy, half-alive—don't waste money on "tonics" or "regulators" or similar patent medicines. Stimulate the liver and bowels. Use a famous physician's prescription every drug store keeps. Just ask them for Dr. Caldwell's syrup pepsin.

This appetizing syrup is made from fresh laxative herbs, active senna, and pure pepsin. One dose will clear up almost any case of headache, biliousness, constipation.

But if you want to keep in fine shape, feel fit the year 'round, take a spoonful of Dr. Caldwell's syrup pepsin every few days. You'll eat better, sleep better and feel better. You will never need another laxative.

Give the children a little of this delicious syrup two or three times a week. A gentle, natural stimulant that makes them eat and keeps the bowels from clogging. And saves them from so many sick spells and colds.

Have a sound stomach, active liver and strong bowel muscles that expel every bit of waste and poison every day! Just keep a bottle of Dr. Caldwell's syrup pepsin on hand; take a stimulating spoonful every now and then. See if you don't feel new vigor in every vein.

ODD—but TRUE

MOST OF THE WORLD'S GREAT MEN HAD BLUE, GRAY OR BLUE-GRAY EYES

A THIRSTY CAMEL WILL DRINK 25 GALLONS OF WATER AT ONE TIME

A MILLION SILVER DOLLARS WOULD MAKE A STACK NEARLY A QUARTER OF A MILE HIGH

Miss Sikes—"Did you ever attend a course?"

Lurline—"N-n-no, I-I-I just picked it up?"

Mr. Branch—"Use the word 'minature' in a sentence, Charles."

Charles Simmons—"Is Minnie a chewer of gum?"

Little O. L. Davis was taken to the hospital to see the new twins, while looking at the babies he noticed a piece of tape on their legs with their names on it. Not quite understanding he said to the nurse, "Why don't you take the price tag off of them?"
