Sudan received its first bale of cotton last Friday. The bale belonged to E. H. Garner, who resides southeast of Sudan, and was ginned and wrapped by the Farmer's Gin Company free of charge.

The bale of cotton was of good quality, weighing 550 pounds, and was sold to Brisco, a local cotton buyer, for 8 cents.

### COMPLETES IMPROVEMENTS

Mrs. Cora King has completed the improvements started a few weeks ago on her hotel on Second street. The improvements consisted of 300 feet of sidewalk and the remodeling of the front of the hotel. The new front was stuccoed and adds much to the appearance of the building.

A. C. Howard, of near Bula, built a two-room house for cotton pickers, on his farm the first of the week.

### FIRST BLOCK OF SIDE WALK COMPLETED IN RESIDENTIAL DISTRICT

The first block of sidewalk to be completed in the residential district was finished last week in front of the residence of J. R. Dean, F. E. Miller, and Dr. G. A. Foote.

This improvement adds much to the appearance of the homes in that block.

Miss Arlene Wyatts is visiting friends in Vernon and will return home this week.

### CARNIVAL; BIG DANCES

#### On Midway Both Days; Dances Each Night

The Lamb County Fair will be held at Amherst Friday and Saturday of this week and is free to everyone. Much extra entertainment is to be given which will also be free. Horse races will be held at the race tracks both afternoons. Many good horses are to enter. Sweep stake races, will be held each afternoon. Boxing programs will be held each night, which promise to give plenty of entertainment, with some of the best boxers of the Plains participating. A football game is to be played between Amherst and Muleshoe high schools Saturday afternoon. This is all free and everyone is invited to be present.

A carnival is to be on the midway both days to offer further entertainment. A big dance is to be held each night with one of the best orchestras on the Plains furnishing the music.

The boys and girls 4-H clubs of the county, as well as the women's home demonstration clubs of the county are to take a very active part in the fair this year.

Exhibits of all kind are to be shown. It has been made possible by the officials of the fair for competition between grade livestock and poultry. This will add much to the interest of the fair in that most of the stock in Lamb county is not registered although it is of high quality.

A complete list of the exhibits of the girls 4-H clubs and the women's home demonstration clubs will be found on page two of this issue of The News.

Mr. and Mrs. Ephie Gibson and Mrs. Hilda Bess Warren of Charleston, Arkansas, spent the week-end with Sam H. and Iva Branch. ### SINGERS TO MEET

The Lamb County division of the Plateau Singing convention will convene in regular session at Amherst on Sunday, September 18th, at 10:00 a. m. We have been assured that many out of town singers will be in attendance, including some of the best talent in West Texas and eastern New Mexico.

While it has not been the policy in late years to serve dinner on the ground, yet no visiting singers have been allowed to go hungry, as they will be fed either on the ground or in nearby homes. Mr. Zeb Robinson of Littlefield is County President, and Mr. John F. Taylor of Clovis, New Mexico, is district President.

### BAPTIST CONVENTION TO BE AT ABILENE

The Executive Board of the Baptist General Convention of Texas meeting in Dallas, September 13, voted to change the date for the meeting of the Baptist Convention from November 9 to November 16. The Convention voted last year to meet in Abilene in 1932.

Plans were completed for the raising of \$600,000 for missions and benevolences by means of the Every-member Canvass campaign now in progress among the 490,000 Baptist of Texas. Dr. J. Howard Williams, Executive Secretary of the Board, was placed in charge of the campaign, and he has appointed seventeen organizers in as many districts representing every portion of Texas.

The campaign will continue until October 30. The final week, October 23-30, is designated as pledge week, at which time every Baptist in the state will be solicited for a pledge to the \$600,000 fund.

The money raised by this campaign is to be used by the Baptists for their work of missions and benevolences; every Baptist institution is to share in the funds, whether it is in Texas, in China or elsewhere. The proportion of the funds to go to each institution will be worked out at the meeting of the State Convention to be held in Abilene November 16.

### FARMER'S GIN INSTALLS NEW CLEANING MACHINERY

New Extractor Insures Highest Grade of Samples

J. R. Dean, manager of the Farmer's Gin Company, has just completed installing a Wichita Lockett Extractor, which is a wonderful piece of machinery and insures a higher grade of cleaning. The new equipment is especially desirable in the ginning of boly cotton. The extractor makes it possible to get the highest grade of samples from the cotton.

Mr. Dean has also completely checked and over-hauled all of his equipment, and has the gin ready for the cotton harvest. He is prepared to give the very best of service.

### WISAMAN GETS Cotton Premium

L. O. Wiseman brought in the bale of cotton Friday that got the premium. The bale weighed 400 pounds and was ginned free of charge by the Whiteside Gin Company, Saturday morning.

The local business men made up a prize of about \$15.00 which was presented to Mr. Wiseman.

The small son of Mr. and Mrs. W. R. McDaniel, who resides northwest of town, is convalescing after an attack of diphtheria.

### TRIP TO STEPHENVILLE

Saturday morning, September 11, Mr. Shuttlesworth and 10 passengers went to Stephenville in one of the Sudan school buses. We left here at 3:30 a. m., and arrived in Stephenville at 5:30 p. m. We had seen bad roads, but everyone agreed that the roads we went over were the worst we had ever seen.

Mr. Shuttlesworth took his daughter, Annie Jewel, and two sons, Martin and Arthur, to John Tarleton College at Stephenville. Mrs. Moore, the Home Economics teacher, went to her home, which is in Stephenville. Miss Sikes visited her home in Eastland, and Juanita Hazel visited friends in Cisco and Eastland. Alvin Webb went as far as Stephenville on his way to Marshall College. Mr. Evans was on his way to Waco, Miss Othella Daniels of Amherst also accompanied the group to Stephenville to attend the college there. Buster Dyer went along to make the return drive for Mr. Shuttlesworth.

The return trip was much better, and was made in a little less time. We picked up practically every one on the road, and carried him to his destination.—Contributed.

### Sullivan And Woman Companion Taken To Hospital At Albuquerque

Jack Sullivan, wanted in connection with the robbery of the Olton State Bank, July 15th, and a woman companion were wounded in a gun battle with Texas and New Mexico officers, led by Sheriff Crim of Lamb county, last Tuesday about noon.

Sullivan was shot in the arm, abdomen, and the left leg twice. Miss Cuban, the woman companion, about 20, of Gonzales, Texas, received a flesh wound in the shoulder. None of the officers were injured.

Sheriff Crim, Deputy Zeb Payne, and Deputy Tom Matthews left Sudan Monday for Mountain Air, New Mexico, in search of Sullivan. At Mountain Air the Texas officers were joined by Sheriff Roman Gallegos, Deputy Sheriff Joe Langham, and Deputy Sheriff J. B. Dunlop of Torrance county, New Mexico, and Marshall Thos Cain. As Sullivan and his companion started to leave Mountain Air Tuesday about noon the officers tried to stop him. Instead of stopping, though, the officers were met with a stream of gun fire from the vehicle.

Just as Sullivan raised his gun to shoot one of the Texas officers, another Texas officer shot him breaking his arm, which caused him to drop his hand and to shoot himself in the left leg twice before he could release his finger from the trigger of the army automatic.

According to Sheriff Crim, if it had not been for him having a good marksman with him, he probably would not be here today. In the shots fired, Sullivan was seriously injured and the woman companion was slightly injured, he drove four miles down the road, with the officers in pursuit, before he gave up.

Sullivan and Miss Cuban were taken to a hospital in Albuquerque for medical treatment. Miss Cuban was released from the hospital and the officers, by orders of Sheriff Crim Wednesday; while Sullivan is still in the hospital guarded by officers.

The latest report shows that he is getting along very well.

Sullivan would not sign a waiver, therefore Sheriff Crim left for Austin today for extradition papers and will go to Santa Fe as soon as he returns. Sheriff Crim intends to get him transferred to the Lubbock County jail hospital.

Lee Pewsorth, another one of the suspects, who was arrested near Portales recently, will be tried for the murder of Harvey Bolin, long time peace officer of Plainview, who was killed in the gunbattle at Pewsorth ranch near Portales, on September 26th at Portales, after which time he will be turned over to Texas officers.

Stanley Hedrick was also arrested, and Pewsorth's son-in-law, Joe Jones is held in connection with the shooting at Portales a few weeks ago.

Many Sudan folks were in Lubbock the first of the week attending the Democratic meeting to see Ex-governor Ferguson, Governor Sterling, and Governor-elect Miram A. Ferguson.

### FARMER'S PRODUCE REOPENS THIS WEEK

J. J. Love, formerly connected with the Sudan Chick hatchery, informs the News that he has made arrangements with Swift and Company to buy produce at the old Farmer's Produce stand, next door to Higginbotham-Bartlett Lumber Co. on Main Street.

The produce will be open and ready for business Saturday of this week.

Alvin Webb, who graduated from the Sudan High school in 1932, left for Marshall, Texas, where he will enter college.

Mr. and Mrs. J. C. Holden and little daughter, accompanied by Mr. Holden's father, J. A. all of Pletown, New Mexico, are visiting friends in Sudan and Lubbock this week.

During the past week about 3000 feeder cattle have been received by local feeders to be fed out in this territory for the eastern market.

P. E. Boesen received 900 head of cattle from Bledsoe the first of the week, this runs the number that he has now in his feeding pens, west of town, to something over 1300 head.

Furneaux Brothers now have about 1300 head of feeder cattle in their pens west of town to be fed out this winter.

Paul Brothers, whose ranch is near Circle Back, received 200 head the first of the week. This runs their total up to about 350. Foster Lumpkin received 150 head which he will feed out at his farm southwest of town.

According to D. A. Adam, county agent of Lamb county, Sudan feeds out more beef cattle than any other community in the State of Texas.

More feeder cattle will be received in the near future by other feeders of this community. The cattle which have already been received are of the best grade and will fatten out making the best grade of beef.

### PLAINVIEW DENTIST LOCATES IN SUDAN

Mr. Berndt is an experienced dentist and will be ready for business by Saturday. He invites you around to see him about your denistry.

### The E. G. Gage Gin which serves the people of the Circle Back community is in first class shape and is ready for the cotton harvest, according to Mr. Gage.

## Sterling Files Vote Contest At Austin

Governor R. S. Sterling filed suit Wednesday in the Travis county district court contesting the election in which Mrs. Miram A. Ferguson was declared the Democratic nominee for governor.

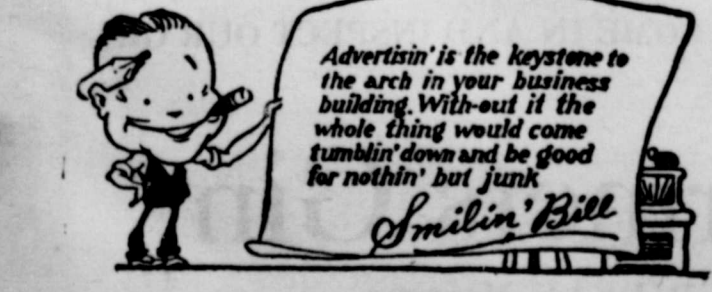

The suit named as principal defendant Mrs. Ferguson and her husband former Governor James E. Ferguson.

The governor's petition was filed after he had quit the plan of fighting the nomination at the convention, by M. M. Crane of Dallas, C. S. Bradley and Sam McCorkle of Mexia, S. J.

Galloway, David D. Trammel and R. A. Stuart of Fort Worth. The Fergusons have already announced that they are ready and know that illegal votes were cast for Sterling and that they are going to uncover them.

Governor Sterling's petition alleged that he received a legal majority in the run-off primary, and that "many thousands" of illegal votes were cast for Mrs. Ferguson.

McCorkle said he would appear before Judge Robertson and ask that a date be set for the hearing of the suit.

**TEN DOLLARS A DAY**

The News expressed the fear in advance that the special session of the Legislature would be of slight value to the State. The opening performance of that body gives no reassurance in this connection. The Senate gestures at working for nothing while the House refuses to work for less than \$10 per day, the quality of the Senate gestures being best judged from the fact that the resolution proposed to give absent Senators \$1 a day while those present were to get nothing. It might be a good investment to pay legislators a dollar a day to stay away from Austin when there is real work to be done. Who knows?

Investigating the Highway Department looked like "a good thing", and possibly is. But investigating the Democratic primary is guaranteed to furnish a full thirty days of excitement. Saving the State money is of moderate concern, but politics is so vastly more important that the legislators wouldn't be human if they resisted the impulse to waste as much time and money as possible while fighting the primary all over again.

Post mortems are rarely more than sad and desultory, but here is a chance to have a real live wake at the State's expense. Indeed the most exciting part about the obsequies is that the corpse questions the Coroner's report and demands a recount. That, and the argument over who is really Coroner, anyhow, leaves the matter one that Kilkenny Irishmen would pay a pretty penny for in order to have the chance to adjudicate it.—Dallas News.

**COUNTY MANAGEMENT.**

Honey Grove Signal-Citizen: After seeing where it takes as much as \$900 to get a place on the Democratic ballots for some offices in Dallas County, we have come to the conclusion that if we lived in Dallas County and had the money to make the race, that we would rather have the money than the job. No you wouldn't, if you knew how well paid Dallas County office-holders are. It costs a good deal of money to be elected in Dallas County, but to be elected is to sit pretty. There are half dozen offices in Dallas that makes the governorship look like a poor man's job. In fact, as compared with some Dallas County officials, the Governor of Texas might be listed as among the unemployed. In saying this we make no insinuation that the Dallas County office-holders enjoy any illegitimate gains. The fees and perquisites are legal and moral, in the main, and some of the excesses revealed by the recent drastic audit had precedent for their guide. Carelessness, or lack of vigilance, accounted for some of the Dallas losses, whereas outright defalcation seems evident in only a few minor instances. The audit cost almost \$150,000, which is perhaps ten times as much as the county will recover. Yet it was worth the money. It disclosed laxity, slothfulness, indifference amounting to indolence, and will serve to make subsequent beneficiaries of public office more energetic and circumspect. In truth the Dallas County audit was a service to the whole State, for what had been going on here has undoubtedly been going on in numerous other counties. A closer check-up will be had in all the counties hereafter, at least for a while. At last the whole people are aware that heavy taxation derives in part from bad courthouse management. A county manager, equivalent to the city managers now more or less common, may be the final outcome. Bad business at the courthouse no less than at the city hall means big taxation.—State Press in Dallas News.

**Fifty and Fit**

A MAN is as old—or as young—as his organs.  
 At fifty, you can be in your prime.  
 Why go along with "fairly good health" when you might be enjoying vigor you haven't felt for years?  
 There's a simple little thing anyone can do to keep the vital organs stimulated, and feel fit all the time. People don't realize how sluggish they've grown until they've tried it. The stimulant that will stir your system to new life is Dr. Caldwell's syrup pepsin. It will make a most amazing difference in many ways.  
 This famous doctor's prescription is a delicious syrup made with fresh herbs, active senna, and pure pepsin. It starts its good work with the first spoonful. That's all you need to drive away the dullness and headache of a bilious spell, and rid the system of that slow poison that saps your strength. It's better than a tonic for tired bowels, and unlike habit-forming laxatives you can take it freely or give it to any child. And it isn't expensive.  
 Get some syrup pepsin today, and take a little tonight. Don't wait until you're sick to give your system this wonderful help. You can avoid those spells of biliousness or constipation. A spoonful every now and then is better than constant worry about the condition of your bowels, or fear of auto-intoxication as you grow older. Dr. Caldwell's syrup pepsin protects the system. All druggists keep this preparation.

**Care - Free!**

The periods in life when one can be carefree are limited. Childhood is one of those periods, and rightfully so, . . . an inheritance due all. Other periods of carefreeness seldom materialize, except through an individual's own planning and consistent work to that end. Relief from financial worries brings a sense of carefreeness which well repays one for the effort made to save and to have, as hundreds of depositors will testify.

### Our High School Building

What are we going to do about it? Of course we have all notice the various improvements that have been made during the summer months, while most of us were off on a vacation having a grand time. We are sure everyone wants to show his appreciation to those who rented our high school building by doing his share to keep it new and shining.

There are many ways to help keep the building clean. One of the most common methods is to use the wastepaper basket not as targets to be thrown "at" but to put paper "in". Wastepaper baskets are also excellent places for chewing gum. It isn't a good policy to put it on the seats—someone might be unfortunate enough to sit on it. Under the tops of desks seems to be the most popular "parking place" for gum, but the most popular habits aren't always best.

Of course we high school students know better than to scratch up the desks, kick the wood work and let's please don't shake ink from our fountain pens on the floors in the school rooms and halls.

Just one more question: What do the girls in rest rooms put most of their lipstick? On the wood work or on the wall? Neither of these places is the most attractive or appropriate place for it.

Let's consider our building!

## School Notes

Friday, September 16, will end a month of school work. This is the first time that Sudan has ever tried the experiment of teaching in August and we are all very pleased with the results. It is so much better than teaching on Saturday.

Bus loads have increased considerably in number. The largest number brought in this year is 516. They have been all on time except during last week. Due to so much rain and muddy roads, a few of the trucks have been late.

There have been few absent and tardy this year and everyone seems pleased with the beginning of school.

## Athletics

The senior girls and boys basketball teams were well pleased last Friday night with Bula. The boys team won over Bula by a score of 18 to 13. The score of the girls game was 34 to 23 in favor of Sudan. That, being our first game, we don't feel that we did our very best, but we expect to do much better in the games to come.

The names of the girls who played and the points they made are as follows:

## SUDAN

Ethel Alexander, 15; Meiba Phillips, 15; Lois Stotts; Domcile Nuttall, 2; Louise Shaffer; Katherine Carruth, 2; Nell Walker; Marrie Epperly; Mary Slaughter; Elta Mae Ray; Zora Withrow; Neoma Phillips; June

Stotts. Total 34 points.

## BULA

## SUDAN BOYS

## The Grammar School League

The grammar school boys basketball league is still working on their series of games. There has been quite a change in the way each team stands in the games.

## How they stand:

Played	Won	Lost
Gents 3	3	0
Sissies 4	3	1
Cubs 3	2	1
Jellies 3	2	1
Giants 4	2	2
Firecrackers 3	1	2
Tuffies 4	1	3
Chiefs 4	0	4

After two weeks of play in the grammar school league, we find Captain Roy Tidwell's Gents leading the league. They are being crowded by the Sissies. The Chiefs haven't won a game but they promise to improve their team.

D. D. Shutes leads the league with the greatest number of points. He now has 21 points.

Twelve boys have been picked from the eight teams to play the Junior Boys from high school. These boys will be changed from time to time as others improve in the play. Jack Stone has been elected captain of the picked team.

## Mr. Smith Says:

Our attendance this year is remarkably good since it is almost a hundred per cent.

There were two new students enrolled in school this week which we are very glad to have. Pauline Potts, who has been visiting in Arkansas and Missouri, enrolled Monday. Earnest Nowell from Slaton entered as a junior.

Next week is six week examination week and grade cards will be given out on the following Wednesday. Students should study and make preparations in order to make passing grades.

Parents please co-operate with the school in seeing that your children devote a reasonable amount of time in studying their subjects, so that they might get the most value possible from their time spent in school.

We are grateful for the splendid spirit assistance of this community in the past. We are expecting results this year in the Sudan schools, and again we solicit the help and aid of both pupils and patrons.

## Breakfast Cooked In The Home Ec. Laboratory

Last Wednesday night some one went into the Home Ec. Laboratory and cooked their breakfast. They entered through the window. Thursday morning the laboratory was in great confusion. Matches were all over the floor and dirty dishes were all over the tables. All the shades were down. The two tables, in the back, and the back stores were used mostly. There were plates set for two and the remains of a good breakfast. Corn, tea, coco, jelly, flapjacks, butter, cheese, two quarts of milk, potatoes, and nine eggs were used. There was also a small amount of money and some candy found missing from Mrs. Moore's desk.

A 50-gallon barrel of pickles for the market and 20 gallons for her family's use is the disposition Mrs. C. E. Taylor, Wichita county home demonstration club member, has made of the cucumber crop in her garden.

Making their own wash dresses for 68 cents is one way farm women in Washington county are meeting the farm problem. In a recent contest between home demonstration club members dresses made by 19 women were appraised at \$1.98 each.

Living at home has been extended by Potter county home demonstration club women to the cleaning business. They have found that 70 cents' worth of naphtha will clean 10 dresses and 10 hats.

A community kitchen for the benefit of his tenants and neighbors has been established by John Barton of McDuff, Bastrop county. It is equipped with furnace, two large pressure cookers and two sealers.

The best turkey investment of the year, according to Marcus Schindler of Colorado county, was an early season worming which he says has kept his losses to less than 5 per cent. He is handling his flock by demonstration methods with the help of the county agent and plans to worm a second time using a combination capsule. The average losses in the county this year are said to run from 20 to 75 per cent of the poult.

A 50 per cent bigger hay crop of double the usual quality was made this year by John Murphy, Leon county farmer, by following a county agents suggestion to plant 5 pounds of Korean lespedeza to the acre in a 15-acre native grass meadow. He expects another crop but even without it says the increase cost him only \$3.25 per ton for seed and inoculation.

Eighty bushels of oats to the acre have been reported to the county agent of Haskell county by Carl Smith, cooperator living near Rule, who sowed 12 acres, following the contour lines. Land across the fence drilled to oats in the ordinary way made 60 bushels.

Twenty-eight miles of terraces were built in July on the old Holloway Ranch in McLennan county, and 2,000 more acres will be terraced next winter, according to the county agent. All terraces are 24 feet wide and 22 inches high.

"I have spent \$1.50 in cash for groceries since last September and we have as much to eat as we ever had," declared Mrs. John Dobmeir of Nazareth Home Demonstration club in Castro county. She has a garden and 4-H pantry.

A dress made of feed sacks at a cost of 54 cents won first place in a contest in the Dilworth Home Demonstration club in Jim Wells county. Until told differently everyone thought it was a linen dress.

Canton—Careful planning and buying, keeping accounts, and the exercise of good taste enabled six Van Zandt county farm women to dress well in the year ending July 1st for an average of \$23.35 each, it is reported by Mrs. Mary Ethel Brandon, home demonstration agent. The women were word robe demonstrators for their respective home demonstration clubs. Their average expenditures were \$6.73 for outer clothing, \$4.20 for materials for dresses, \$1.85 for hats, \$4.74 for shoes and hose, and \$3.28 for accessories.
