

UTILITIES STOCK HOLDERS FORM PROTECTIVE LEAGUE

About 300 purchasers of six per cent preferred stocks of the American Commonwealth Power Corporation met and formed a protective league in Amarillo Tuesday afternoon of last week. The stock was put on sale by Southwestern Public Service Co. which operates in the Northern Panhandle and the Texas Utilities Co. which serves this part of the South Plains with headquarters at Lubbock. Both of these companies were subsidiaries of the Commonwealth Corporation.

The Commonwealth Power Corporation went into the hands of a receiver in December 1931. A letter was received by the stock holders last week telling what the receivers had done. It is considered in conservative circles that the \$1,500,000 worth of these stocks bought by people in this section of Texas and Eastern New Mexico from the utilities company is a complete loss.

The Protective League was organized in Amarillo last week at a meeting of the 300 stock holders had been called by Gene A. Howe, Editor of the Amarillo News-Globe. Mr. Howe was elected chairman of the organization and pledged himself to the task of helping make the utilities return to the people the money they have taken.

Mr. Howe advised patience, and stated that the employees of the companies on whom had been placed the burden of selling the stock should be held blameless, as they were only carrying out instructions of the officials. He also eulogized Judge Kelso, whom he said was an operating man who had built up these companies on the Plains with the aid of bankers, and who was later induced by his associates to go into the combination that despoiled the customers. He further stated that Judge Kelso was a broken-hearted man over the affair.

We believe that those who lost in their stock should co-operate with the utilities companies. If the companies which have sold this stock show a willingness to repay the loss which has been heaped upon the people, time and ample opportunity should be given the companies. Co-operation of all concerned is the only way this can be settled agreeable.

Representatives were present from all points, F. E. Miller represented Sudan. The following is the letter of Judge I. R. Kelso, president of the Texas Utilities Company, in reply to the Protective League committee:

September 21st, 1932

Mr. Gene A. Howe, Amarillo, Chairman, and Messrs, Arthur Duggan, Littlefield, C. W. Warwick, Canyon, Bryon Dickson, Lubbock, Herbert S. Hillburn, Plainview, George Broom Amarillo, and Dr. G. T. Vineyard, Amarillo.

Members of a committee organized for the purpose of protecting interests of certain stockholders of the American Commonwealth Power Corporation residing in the Panhandle of Texas and Eastern New Mexico.

It will be perfectly obvious to the members of your committee, I think, that the present is an inopportune time for the writer to discuss the question of the proper type of reorganization of either the American Commonwealth Power Corporation or the American Community Company, primarily because the question of the treatment of the Six Dollar preferred stock represented by your committee, together with all other classes of stocks, bonds and debentures of said companies, is now the subject of serious consideration on the part of protective committees organized shortly after the appointment of receivers for said companies.

The writer has at all times taken the position with the receivers of said companies and also with the protective committee representing the American Community Company debentures, five and one-half percent bonds, that any reorganization plan that does not adequately provide for the security holders, represented by your committee, in a perfectly fair manner cannot be consummated. Any constructive plan for protecting the interests of the Six Dollar preferred stock represented by you will have my sincere active support.

I realize the difficulties which will be encountered by your committee in its efforts to find a plan that will prove to be workable and acceptable to interested parties represented by your committee, nevertheless, I believe a plan should be devised which will, in your judgment, be for the best interests of the parties represented by you and the people residing in Eastern New Mexico and the Panhandle of Texas; and to that end I am pleased to assure you that I stand ready to render any assistance within my power to put into effect any measures or plans decided upon by you for the purpose of protecting the common interest of all parties concerned.

Yours very truly,
I. R. KELSO.

Slaughter Opening His Mexico Ranch

After being closed for two and a half years because of high tariff on cattle coming out of Mexico, the Slaughter ranch, 160 miles south of Douglas, Arizona, in Sonora, Mexico, is being opened by R. L. Slaughter, Jr. of Lubbock.

Two thousand cattle will be shipped to the ranch in the near future and the stocking begun. Two car load of cow ponies have already been shipped from Lubbock, and one car load is to be shipped from California.

The ranch, which covers 250,000 acres, is owned in fee simple by R. L. Slaughter, Sr. of Lubbock, and was first opened in the then sparsely settled and bandit-infested state of Sonora in 1913.

R. L. Slaughter, Jr. is to manage the ranch and has already purchased an airplane to be used in the operation of the ranch for long in and out trips at the ranch.

Lamb County Wins Honors in Dairy And Swine Contests

R. L. May, Lamb County Dairy demonstrator, placed 3rd in each of the two contests conducted by the News Globe of Amarillo, winning two silver medals, and \$175.00 in cash as reward for his efforts.

Last year Mr. May produced 12,010 lbs of pork at a feed cost of .02 1-3 per pound, while his feed cost per pound for producing butter fat was a fraction over .07 per pound.

This is the third year that Mr. May has placed in the Dairy contest having gone 6th place both years before. He is now entered in the new contest which is being held next year, and is termed "The Balanced farm and livestock contest," which is a combination of both field crop and livestock project.

TEXAS TO HAVE ITS OWN BIG ATTRACTION

Perhaps the Long Horn Cave situated in Burnet County is receiving greater publicity at the present time than any other object in the state.

Every daily paper in Texas, numerous magazines and many country papers are giving the cave considerable space in their columns.

The last issue of the "Texas Outlook" magazine contained an article beautifully illustrating some of the scenes in the cave. The article in this magazine stated this was the 3rd largest cave in the world and that the exploration part of it had only been scratched. When it is fully explored it may enjoy the distinction of being the largest known cave in the world.

Just what this cave will mean to Burnet county, and the town of Burnet and Marble Falls, has not been realized by the people of this section.

The writer visited Carlsbad Cavern of New Mexico two years ago, and on the day he was there 1001 people from various states of the union and from several foreign countries explored the cavern, which is the property of the United States government. Although it cost \$2.00 per head to go through this great wonder cave, no person regretted it. Carlsbad Cavern is in a sparsely settled part of the country, but notwithstanding this, many hundreds of thousands of people have visited it within the past few years. After having visited it once, many people have traveled hundreds of miles to see it the second time. The money spent by people who visit the cavern has made the town of Carlsbad and adjacent country the most prosperous section of the United States. When Long Horn Cave is fully developed there is no reason why many thousand people should not visit it every year. It is much more accessible to people in all parts of the country than Carlsbad Cavern and when highway 66 is completed it will have better roads than Carlsbad.

There are numerous natural advantages that should within the next few years put Burnet county on the map, and more than likely Long Horn Cave will be the greatest factor in such.—Burnet Bulletin.

ROOSEVELT-GARNER CAMPAIGN RECEIVES ADDED MOMENTUM

The campaign to elect Roosevelt and Garner has now received added momentum by the nationwide activity of the Roosevelt Business and Professional League, which is in rapid fire succession sweeping into every state, county and city with its perfection type of organization enlisting, training and marshaling the full active participation of each individual voter who desires the election of the Democratic President and Vice-President.

Headed at National Headquarters by Jesse Isidor Straus, this League has already organized in thirty-six states and simultaneously over the entire nation its cause and work is being quickly sponsored by outstanding Democrats who are captains of industry, leaders in business, and outstanding in professional fields. These officials, members and workers are the most active thinkers and doers of each state and city.

This week the opening gun fired in Texas with the appointment of Honorable Henry Lee Taylor, prominent attorney of San Antonio, as Chairman of the Texas Division. His appointment was by Jesse Isidor Straus, Chairman of the National League, and with full endorsement of J. A. Farley, Chairman of the National Democratic Committee. Taylor is promptly marshalling Texas Democracy forces under the banner "Elect A Texas Vice-President." He is perfecting his State Executive Committee to include such notable Texas Democrats as Albert Sidney Burleson of Austin, Thomas Watt Gregory of Houston, both members of the cabinet of Woodrow Wilson; R. E. L. Knight of Dallas, and Dr. E. H. Carey of Dallas. There will be others on this committee.

Taylor announced from State Headquarters, which are in the Gunter Hotel at San Antonio, that within ten days he will have a League unit functioning with an active committee of the business and professional leaders directing organization in every county and town of the State.

Explaining the functioning of the Roosevelt League, State Chairman Taylor said, "One of our chief activities will be to get all units assembled in each town at noon on Wednesday of each week until election to hear the personally delivered radio address of Franklin D. Roosevelt, which will specifically be delivered for these prearranged meetings to reach all voters in America simultaneously through these League unit meetings in each town of the entire Nation."

Continuing, Taylor said, "This is the most gigantic nationwide broadcasting schedule yet attempted in radio or campaigning, and Texans will be attending in their respective towns in fabulous numbers, because already we have received over 1200 membership applications from 27 different towns of the State, and this is before our Texas campaign even started."

Membership in the Roosevelt Business and Professional League is open to all men and women who desire to support the Democratic ticket and upon payment of the membership contribution of \$2.00, or more, the member receives a large portrait etching of Roosevelt suitable for framing, a window transparent sun shade, a bronze lapel button and subscription to the "Roosevelt Business Advocate", a magazine informing all members of details as propounded by National Headquarters.

Mr. and Mrs. R. E. Doss are in Hot Springs, New Mexico, where Mrs. Doss is taking treatment for rheumatism. They will probably return the latter part of the week.

CLUB CAFE REOPENS

Ralph Davis, who operated the Club Cafe in the King Bldg next door to Doss Cash Grocery last fall and winter, reopened the Cafe at the same stand the first of the week.

Ralph will serve short orders, hamburgers, coffee, pie and regular meals at the lowest prices. He invites you to eat at his cafe.

S. M. U. TO PLAY TECH IN LUBBOCK

Lubbock, September 29.—(Special)—S. M. U.'s internationally famed "Aerial Circus" is coming to Lubbock for a one-night engagement this week. Local and South Plains football fans will be treated to a gridiron show the like of which is an infrequent occasion in this section.

The "Aerial Circus" is Coach Ray Morrison's Mustang gridiron team, who lacked one victory of attaining the title of national football champs of the United States last year. Even with that loss against them, some of the nation's experts contended that the Texas team was the best in the country.

Pete Cawthon's Texas Tech Matadors, who held the powerful Texas Aggies to a 7 to 0 victory at Amarillo in the mud last Saturday, will oppose the Mustangs when they come to Lubbock for the Saturday night game. It will be another step on Tech's ladder toward statewide and countrywide recognition—another point in favor of Tech's ultimate affiliation with the Southwest Conference.

Accompanying the Mustangs will be a special train load of Dallas rooters, marching to the strains of the famous Mustang band, a college band that has spread its music in nearly every important section of the United States and England. The band alone promises a colorful evening. It is the same which accompanied the team to West Point when the Mustangs played the Army, to Notre Dame, twice to Annapolis and the Navy games, to St. Mary's on the Pacific coast last year, to Nebraska and Missouri. This year the band will go with the team to Syracuse, N. Y.

Long famous for its overhead game, the Ponies are due to fill the atmosphere with passes Saturday night. The Matadors are preparing against an overhead game. The contest begins at 8 o'clock. Tickets are on sale at Lubbock and going fast. One of the largest crowds in the history of the school is due to attend the game.

THE METHODIST CHURCH

The regular Promotion Day services that were to have been held last Sunday will be held Sunday, and will take up the entire Sunday school period. Let every pupil be present to receive his certificate of promotion and to take part in the services. We shall also have the installation of all officers and teachers of the Sunday school, whether they be teachers held over from last year or newly elected teachers; so let all teachers be present.

We shall have our regular preaching services as usual: Morning service at 11:00, and evening services beginning at 7:30—please note change from 8:00 to 7:30.

On Friday night October 7, beginning at 7:00 o'clock, all the pastors, Sunday school workers, members of the Women's Missionary Society, Methodist Stewards (old ones and the newly elected ones) and layman generally, will meet at the Methodist Church in Sudan for a zone rally. The zone includes everything in the Plainview District from Littlefield on east, Earth, Y L, and Muleshoe on the north and west and Friendship on the south. The Presiding Elder will be with us and have charge of the meeting. We are expecting a large representation from these places, especially from Sudan and Friendship.

The conference year is drawing to a close, so let's rally to the colors as Methodists and close out the year in the most satisfactory way possible—where there is a will there is a way.

Promotion Day service will begin at 10:00 A. M. All parents of the children who are to be promoted are urged to be present.—W. P. McMickin, Pastor.

MUCH RAIN FALLS DURING PAST WEEK

It has been estimated by local people that about six inches of rain fell during the past week in this territory.

The sun did not shine here for four days due to rain and cloudy weather.

RENFRO AND MORRIS FORMAL GROCERY OPENING SATURDAY

2-CENT POSTAL RATE FAVORED

WASHINGTON, Sept. 28.—The House postoffice subcommittee investigating the postal service today unanimously voted for restoration of the two-cent postage rate on first class mail matter.

The group announced "this action was taken in view of representations made to the subcommittee at its hearings, the falling off in the volume of first class mail since the three-cent rate went into effect July 6 and the postmaster General's recent public statement that the two-cent rate should be restored as soon as the postal business warranted it."

The committee, now holding hearing on postal matters, will report to Congress at the December session.

MAN "TOO OLD" TO FIGHT IN CIVIL WAR DIES IN MISSOURI

Thomas N. Kent died September 28 at Poplar Bluff, Missouri after having celebrated his one hundred and twentieth birthday September 10. He died at the home of his granddaughter, Mrs. Thomas Rudicille near Poplar Bluff.

Kemp had spent his life farming and suffered bad health only during the last year of his life.

Kemp, who maintained he could remember every presidential campaign since 1816 when James Monroe was elected, was born in Carroll County, Tennessee. His parents died when he was very small. He was married twice, the second time to a sister of his first wife. His second wife died over 40 years ago. The youngest child is the only one of the nine children to survive their father.

Kemp was not able to take part in the Civil War due to the fact of his age and being a cripple.

SOUTH PLAINS FAIR IN PROGRESS; MANY ATTEND FROM HERE

The South Plains Fair is being held in Lubbock this week. Many interesting exhibits are being shown and lots of entertainment is being given the visitors of the fair.

Many are attending the fair from here although the weather and roads have been bad. Many others are to attend Friday and Saturday.

Mrs. D. R. McLarty and three daughters, Myrtle, Josephine, and Betty visited the fair Wednesday.

Mrs. C. E. Cole, Lillian Hunt, and Ouida Doty visited the fair Wednesday and also did some shopping in Lubbock.

Mr. and Mrs. Marvin McLarty and children were in Lubbock today where they visited the fair.

Mrs. G. D. Sharrock, Mary and Charis Vereen, and Mrs. F. M. Faris visited the fair Wednesday.

Mr. and Mrs. Herbert Teal and two small daughters are visiting the fair today.

For Sale—Several beautiful Hartz Mountains Singers.—See Mrs. Weimhold at News Office.

Lots of Prizes, Coffee and Cookies Served Free All Day Prizes for the Kiddies

The Renfro and Morris Grocery will have their formal opening Saturday, October 1. This firm offers many special prizes and prizes, to their customers Saturday. Coffee and cookies will be served, free, all during the day.

Five chickens with valuable prizes tied to them, will be turned loose from the top of the store during the day. Catch the chicken, and the chicken and prize is yours.

Two-hundred prizes will be given to the children under 12 years of age, visiting their store. The children are invited to visit the store.

A bottle of vanilla, valued at \$1.00, will be given to the purchasers of \$3.00 or more of merchandise.

Free demonstration of different kinds will be held during the day.

A meat market is to be established in connection with the store as soon as arrangements can be completed.

Renfro Brothers are not new in Lamb County, as they recently celebrated their third anniversary in the grocery business in Littlefield. Norman Renfro, one of the Renfro twins will manage the local store.

MAN DROPS DEAD IN LITTLEFIELD HOTEL

A man whose name was believed to be Nelson dropped dead in his hotel room in Littlefield at 8 o'clock Tuesday night, according to reports received here.

The man was about 60 years old, short and heavy set, weighing about 200 pounds. He had a wart on his upper lip. He was a painter by trade.

FARM NOTES

Winter time and hog killing as well as, beef demonstration time will soon be on hand, and every person desiring demonstrations this year should get in touch with the county agent immediately. There are already about 15 demonstrations signed up, and there will be room for several more during the winter.

Those desiring terracing demonstrations, now is the time to get your name on the list. As soon as the crops are off of the land is the time to get ready to do this work before listing time.

Lamb county was ably represented in the Master Dairy Farmers Contest, and the First Annual Pork Production Contest which was closed this last week during the Tri-State Fair. R. L. May, John Horton of Amherst, and Homer Hall. R. L. May placed third in both contests, and was the only individual to place in both contests.

B. J. McGee, Amherst, reported 5 tons of Soybean hay from acres. In spite of dry weather. This hay was put up in bales.

J. D. Humphries, Littlefield 4-H club, won sweepstakes at the county fair on his ten heads of Milo.

Lamb county is leading at the present time in the number of cattle on feed.

L. L. Goble, Olton, has built a trench silo, and is filling it with hegari for silage.

BRISCO AND WELCH TO OPEN COTTON OFFICE

J. W. Brisco and Dan Welch local cotton buyers are to open a cotton buyer's office in the Daniel building on the north end of Main street. The firm is known as Brisco and Welch.

The office is being repainted and repaired according to government specifications. The fixtures will probably be moved in this week and the office open by the latter part of the week.

According to Mr. Welch this firm handled more cotton last year than any other independent cotton buyer on the South Plains.

CHURCH SCHOOL PROMOTION SUNDAY

The Methodist Church School will observe Sunday, October 2nd., as promotion day. Plans were on foot for this service to be held on Sept. 25, but due to the unfavorable weather it was postponed for one week.

The entire Sunday School hour will be used for the program, which has been under preparation for several days. Come and show your interest in those who are ready to take a forward step in religious education. (See Promotion Day page 4)

The home of Mr. and Mrs. L. E. Slate has recently been repainted and redecored.

PRIZE WINNERS LAST SATURDAY

A. J. Shaffer won the grand prize of \$75.00 and Loyd Venorable won first prize of \$5.00. Other prize winners were:

G. L. Gilreese	\$3.00
James Ivey	\$2.00
Clarence Dyer	\$1.00
Red Willingham	\$1.00
Mrs. Leonard Payne	\$1.00
Mrs. C. E. Cole	\$1.00
Mrs. Eulus King	\$1.00
Paul Neal	\$1.00
W. H. White	\$1.00

Cash prizes are given away each and every Saturday in Sudan. Everyone is invited to come to Sudan and do their trading. "It Pays To Buy in Sudan."

Mr. and Mrs. H. G. Ramby are in Austin where Mrs. Ramby is at the bedside of her mother, Mrs. J. R. Bull who is suffering from a stroke of paralysis.

Go To Church Sunday

You are always welcome at any of the churches in Sudan. Services are held at the Baptist, Methodist, and Christian churches every Sunday.

The memberships as well as the pastors of these churches invite you to attend some of the services which are very interesting and helpful.

All are urged to attend some church on Sunday.

H. H. Weimhold . . . Editor
\$2.00 PER YEAR, IN ADVANCE

Reading Notices, Obituaries, Card of Thanks, Resolutions of Respect, Etc., 10c per line.

A school paper published free as a part of the local paper in a nearby town carries an item of the senior class giving a three-year order to a commencement invitation peddler last week. The three-year idea was invented to keep a change in superintendents from interfering with the peddler, as superintendents in many towns realize their duties as citizens of the community, and order their commencement invitations from the local newspaper man. Some of the three-year stuff caused trouble here at one time as the decrease in prices was not considered by the peddler, while if he had not had the school tied up, competitive prices would have lowered his prices. It is always better to buy such things at home, and in this particular case it is only common courtesy to give the home man a chance, as he carries into school news papers, school taxes, and co-operates in every way for the best interests of the school.

SMALL TOWN IS NECESSARY

Two things have come out of the depression that are worth noting. The large centers of population have discovered that they cannot get along without the country. The small communities have discovered that they can make their own life without much worrying concerning large cities. For long it was a habit of big cities to display airs of superiority to the so-called "rural communities." They have pretended to believe that the small town was passing into eclipse, and that people would flock to big cities and make them more and more important and influential. And, also, a lot of "country" people, lured by the glamor of the cities, have left the country side. They have discovered, many of them too late that life in the small communities have a thousand advantages not possessed by large centers, and that the much-room development of big cities has been a bad, not too good thing. Today the small city is taking on a new dignity and individuality. We see everywhere the proof that the small community is realizing its possibilities, forgetting to ape the manners of the more artificial "centers of population", and attending enthusiastically the duty of building a destiny for itself. As the small community becomes strengthened, and as the farm community becomes more independent, the large city will prosper too. What we need in America is vitality of individual effort, and this is what the small city will give in the next generation as it did in the past. The disillusioned folk who thought that the bright lights were what made life worth while, will be drifting back to the country, eager to capture once again the peace, the sincerity, the integrity, the gladness that abides where neighborly comradeship is possible.—Herald, Slayton, Minnesota.

School paper sponsors and others are informed that all advertising must be kept out of their columns. We have only one rule as to items turned in by anyone. If you would charge us for the thing you want publicity on, we must charge you for the publicity.

Pessimism Cannot Bring Good Business

Pessimism is helping prolong hard times, remarks Merryle Stanley Rukeyer, financial editor of Universal Service, in recalling that John M. Hancock, banker, once told him that "hard times will be over when the business tires of remaining pessimistic." Writing in the Nation's Business, Ernest Elmo Calkins comments: "Back in 1929 it was the fashion to brag of your winnings; now we brag—and even lie—about our losses, our cuts in salaries, the red ink on the books, and the people laid off. The only remedy is for us all to act as spontaneously and unanimously on an optimistic basis as we do on a pessimistic one." Despair

is unwarranted, according to B. C. Forbes, who reports some inspiring facts with this conclusion:

"The plain, incontestable truth is that America is infinitely better equipped to rise this time than it ever was before. We are more blessed than in any earlier crisis with every material resource—with capital, with savings, with gold, with banking facilities, with manufacturing facilities, with mining facilities, with power resources, with scientific skill, with managerial skill, with trained workers, trained salesmen, trained advertisers.

Some vociferous pessimists seem bent on trying to change the national slogan to "See America BURST" by saying that prosperity is never coming back. But, then, many people never expected long skirts to come back either. Good times have always been timid. They usually sneak up behind you when you have your nose pressed to the grindstone. We must remember that, after all, the depression is nothing but the dent of circumstances.

The road to success still has many BUY ways. One way to make money today is to buy from pessimists and sell to optimists. A sharp business man is one who is always prepared for dull times. The energy wasted by some business men shivering over the financial outlook is sufficient if it only could be harnessed in this hot weather, to produce 100,000 milk shakes a day. As pointed out by Henry I. Harriman, head of the United States Chamber of Commerce the way to bring back business is "stop the present disastrous inflation, restore general commodity prices to somewhere near the 1922-1929 level so that the country will not be bankrupt, and put men back to work at fair wages." This means that big business men will have to get away from the idea that a glass-topped desk and a dizzy blonde stenographer insure success. On the other hand, the trouble with many of the hands of industry is that they have in the past spent too much time watching the hands of the clock. Meanwhile it is well to remark that some of the folks who are yelling loudest about hard times are those who have had to reduce their tremendous profits.—Hockley County Herald.

SMOOT TALKS SENSE

United States Senator Reed Smoot, apostle of the Mormon church appeals for "constructive planning, and not expedient, destructive oratory" in consideration of the silver situation. Senator Smoot wisely says: "There is an acknowledged necessity for the utilization of silver in the monetary system of the various nations as an aid to world-wide recovery." Senator Smoot strongly decries the jeopardizing of the cause of silver by partisan differences in the heat of a political campaign, or at any other time. "Not one party, but all parties, must be primarily interested in the welfare and progress of the people, and hence full cooperation of all parties is a necessary antecedent for ultimate success." Our country is rich in silver waiting to be mined. Our people want to have it mined in order that it may supplement the gold upon which our monetary system is based.

But Wall street controls the gold supply of the country, and Wall street does not want any other metal to interfere with its control of our monetary

As long as the people submit to Wall street domination they will have only gold. When they assert their rights through their representatives in congress and the government, we will have both gold and silver, and will be vastly richer than we are under a single gold standard, with our millions of tons of silver lying idle under the ground.

NOT SO DIGESTABLE

"Her father married her mother for the bread she made." "Her suitor wants to marry her for the dough she's got." Boston Transcript.

HAS CAPITALISM FAILED

"According to the Marx theory, the United States, as the most advanced capitalist country, should have been first to succumb to socialism. On the contrary, it has held out longest and best, and is first to begin recovery, simply through placing the government credit at the service of cities and states to provide work for the unemployed, not to pay them doles."—Oregonian.

Compare this condition with Germany, Australia, New Zealand and other countries where paternalism prevails.

RETAIL BUSINESS INCREASES TEN PER CENT IN AUGUST

Austin, Texas—An increase of 10 per cent was noted in August sales of 96 retail stores reporting to the University of Texas Bureau of Business Research. These sales totaled \$2,618,644, as compared with \$2,371,733 in July. The usual seasonal increase is only 3 per cent. This notable increase is attributed partly to cool August weather which naturally interested customers in fall merchandise, and partly to improved business sentiment generally. These 96 stores include department stores, dry goods and clothing stores, women's specialty shops, and men's wear shops.

"As confidence among the buying public is restored and as customers begin to take advantage of the undoubtedly good values being offered, the lag in dollar value of sales as compared with a year ago may be greatly reduced before the end of the year," the Bureau's report said.

The best showing as compared with July was made in El Paso stores, where sales during August exceeded those of the previous month by 27 per cent. San Angelo made a gain of 24 per cent as compared with July.

Trucks Are Trying To Comply With Law

Good-bye SUMMER and Outdoor Lines—

With the passing of summer, women all over town are looking to their mirrors for reports on complexions. And Sudan Drug Store offers toiletries for assistance.

We have a complete line of beauty aids. An attendant will tell you of them if you wish.

SUDAN DRUG

Describing as erroneous the wide spread impression that motor truck owners are attempting to override the decision of the United Supreme Court by means of injunctions against the 7,000-pound load law, Walter Beck, general manager of the Texas Motor Transportation Association and former member of the Texas Legislature, today stated that truck owners are not trying to violate the law but to comply with both in spirit and letter.

Concerning the Supreme Court decision, Mr. Beck stated that the substance of the Court's ruling was that the Texas Legislature had a right to pass such a law if it so desired. The Court also recognized the right of the State to provide for certain exceptions, as provided by the law, under which loads up to 14,000 pounds could legally be hauled.

One of these exceptions was in cases where the load was being carried from or to the nearest practicable common carrier loading point.

Acting on this decision of the Court, certain truck operators began to haul loads of 14,000 pounds to the nearest common carrier loading point, only to find that these points were not properly equipped to handle their loads. In the belief that it was then legal to pass points which were not properly equipped or "practicable" these operators passed by the nearest loading points carrying their loads of more than 7,000 pounds.

Several of these operators were arrested. The arrests continued until in self-defense of what they considered their right under the law various operators asked court injunctions protecting them from the arresting officers until the matter could be taken up by the State Courts and specifically passed upon.

More injunctions were granted to private owners and operators of trucks than to operators for hire. Business firms in all parts of the State applied for and received temporary injunctions until the question could be specifically dealt with by the courts.

Recently several members of the Highway Patrol were cited for contempt of court by two district judges in whose courts the injunctions were filed, because the Patrol members disregarded these injunctions and arrested operators to whom they had been granted. The case was heard Monday, Septem

ber 19, before the State Supreme Court and attorneys were granted time to file briefs. A decision is expected about October 1.

Stronger Than He Was at Twenty

FIFTY-FIVE years old, and still going strong!

Do you want the secret of such vitality? It isn't what you eat, or any tonic you take. It's something anyone can do—something you can start today and see results in a week! All you do is give your vital organs the right stimulant.

A famous doctor discovered the way to stimulate a sluggish system to new energy. It brings fresh vigor to every organ. Being a physician's prescription, it's quite harmless. Tell your druggist you want a bottle of Dr. Caldwell's syrup pepsin. Get the benefit of its fresh laxative herbs, active senna, and that pure pepsin. Get that lazy liver to work, those stagnant bowels into action. Get rid of waste matter that is slow

poison so long as it is permitted to remain in the system.

The new energy men and women feel before one bottle of Dr. Caldwell's syrup pepsin has been used up is proof of how much the system needs this help.

Get a bottle of this delicious syrup and let it end that constant worry about the condition of the bowels. Spare the children those bilious days that make them miserable. Save your household from the use of cathartics which lead to chronic constipation. And guard against auto-intoxication as you grow older.

Dr. Caldwell's syrup pepsin is such a well known preparation you can get it wherever drugs are sold and it isn't expensive.

Do You, Too, Live From Hand to Mouth?

Everyone knows the sinking feeling of being caught without sufficient funds in his pocket to meet an immediate need. It's bound to happen at times to the most careful people. . . . But there's little excuse for the constant recurrence of such experiences. . . There are two remedies: living sanely on a simple budget; using a checking account and using it carefully. Let us assist you in both. Ask about our budget plan and checking accounts. Don't live from hand to mouth.

Athletics

The senior boys team played Bula Friday night winning by a score of 13-11. The line up of the Sudan boys was as follows:

Eldon Nichols (forward)	3
Damon Phillips (forward)	2
Arlie Beggs (center)	0
C. Cartright (guard)	4
Winifred Wells (guard)	0
The substitute were:	
Charlie Carruth	0
Radney Nichols	2
Bernice Brothers	0
Woodrow Malone	0
Total	13 pts.

The girls game was postponed on account of bad weather. They hope to have a game with Littlefield Friday night.

The grammar school boys played the junior high school boys Friday at noon. The score was 12-0 in favor of the high school players.

The junior high school girls played the grammar school girls Friday and won by a score of 24-11.

Here You Are Folks!!!

"Nobody but Nancy" the play that the public speaking class is giving October 6th, free of charge, is now under way and will be a big success, come on folks lets all come and see it.

The characters are:
 Nancy King, Just Nancy—Ellen Burnham.
 Sarah Andrews, who looks after Nancy—Sidney Gwinn.
 Sue Andrews, Sarah's niece—Juanita Pierce.
 Adeline Perkins, The town's old maid—Clara Mae Fisher.
 Luella Crawford, The Sweetest thing in Sweet Springs—Kathryn Wilson.

Fanny, the hired girl—Mary Luttrell.

Larry Wilson, an unexpected visitor in Sweet Springs—Bernice Brothers.

Ted Parker, a much abused young man—Bill Henson.

Adar King, Nancy's peppery Uncle—Winifred Wells.

Jimmy McCabe, from the back alley—Charlie Cartwright.

The play is to be managed by the remaining students of the public speaking class, they are: Stage manager, Arlie Beggs; Assistant stage manager, Edith Gann; Costume helpers, Arlene Scogin and Ouida Townsend; Ushers, Myrtle McLarty and Frances Brewster; Business manager and stage lights—Weldon Shaffer.

Don't forget the date, October 6, 1932.

Come, and bring your friends!

Home Economics Department

There are 83 girls enrolled in the home economics department this year. Most of the 83 are taking first year work. The first year girls are studying the different types of breakfast and their preparation. The second year girls have been studying entertainment in the home. They are now taking up a study of dinner, including the setting of the table, and the duties of a hostess. The department is working for affiliation on the third year work.

Pep Squad Organized

A large group of high school girls met in the gymnasium at the P. E. period to organize a pep squad to boost their boys and girls. Lela Burnham was elected main leader and Juanita Pierce was elected assistant leader. After the leaders were elected, school songs were sung and several yells were practiced.

The Pep Squad intends to back its teams to the limit during the rest of the games.

Grade School News

Low First: Mrs. Stone issued the low first grade their primers Friday. She reports two new pupils, Billy Fulcher and Nate Hawk. She states they have had almost perfect attendance until it began to rain.

High First: Miss Jones says she has been teaching a class in swimming since it began to

rain. Their room leaked so badly that they had to move to an extra room upstairs.

High Second: Mrs. Dean visited in the high second grade Wednesday. They have elected their room Mothers who are Mrs. Dean from town and Mrs. Farmer from the country.

Low Third: Betty Jane Harrell has been out of school on account of having her tonsils removed. Marion Monroe reports a new baby brother at his home. Mrs. Harrel was elected their country room mother.

The third grade has completed framing the pictures for the P. T. A. The pupils also wrote stories for their English lesson about them.

High Third: Mrs. Kittley reports that one pupil has withdrawn, Dorie Willingham. Several have been absent due to illness.

The high sixth have elected their room mothers. They are Mrs. McKinley from town and Mrs. Foust from the country.

Bus Drivers Report

The bus drivers report the following bus loads for the past week:

Brought in	Carried Home
Mon. 471	486
Tues. 472	477
Wed. 471	467
Thurs 445	429
Fri 271	327

Personals

Mrs. Dodgen's mother and father, Mr. and Mrs. S. J. Farquhar, of Littlefield, spent Sunday in Sudan.

Allie Clark a new student enrolled in school from Cooberton, Oklahoma. She is a sophomore.

Venda Young visited school Monday.

Clarence Weeks, an ex-graduate visited school Monday.

Roy Harris and Dick Williams from Y. L. visited school Monday.

Jokes

Miss Reeves—I can speak every language except Greek.

Mr. Smith—Can you speak Spanish?

Miss Reeves—No.

Mr. Smith—Can you speak German?

Miss Reeves—No, they are all Greek to me except English.

ON TEXAS FARMS

A Wood county poultry demonstration flock with production below the rest in the county was brought up to par by using the county agent's suggestion to cut out the scratch grain because of a plentiful supply of waste grain in the barnyard, and to keep laying mash before the hens at all times. When the scratch grain was cut out the hens began eating the mash and production came up to the county demonstration average.

Wheat on terraced land made four bushels more per acre than on unterraced land on the farm of Allie Walling in Cottle county.

Sixteen silos, mostly of the trench type, have been built by Kleberg county dairyman this year, says the county agent bringing the total in the county, exclusive of King Ranch, to 56.

Summer fallowed wheat on 640 acres harvested by Herman Borth in Sherman county averaged 21 bushels per acre compared to averages of 5 to 8 bushels per acre on unfallowed wheat on adjoining land.

Al Kuntz increased his income \$4.20 per acre by producing 37 bushels of wheat to the acre on old sweet clover land. He lives in Wolfe Ridge community in Cooke county and as told by the county agent, wheat on old corn land near by made slightly less than 25 bushels to the acre.

Three years ago not a dairyman in Hardin county grew feed crops, all depending on the open range for pasture and buying their feed, says the county agent, who declares that now every dairyman is growing feed, usually soy beans and hegar.

Jacksboro—Four hundred fifty feet of tomato rows paid her \$42.25, claims Mrs. Hershell Kirk of Avis Home Demonstration Club in Jack county. From these vines she picked enough tomatoes to fill the canning budget requirements of her own and her father's family, supplied these families and two neighbors with all the fresh tomatoes they could eat, furnished two bushels of ripe ones for chili sauce and ketchup and two bushels of green ones for chow-chow.

Mason—With 65 varieties in their farm and home exhibit at the Hilda Community Fair in Mason county recently, Mr. and Mrs. Frank Leoffler are due some kind of distinction for a close approach to the complete living-at-home ideal, thinks the home demonstration agent. The figure did not include several varieties of the same product. The exhibit contained almost every kind of fresh and canned product possible to raise in the county, and nuts, grain syrup, poultry, quilts, hogs, cattle, wool, mohair, buckwheat, coney, bees' was, and others.

Nacogdoches—A 50-50 canning proposition made home demonstration club women of Nacogdoches county by business men for the benefit of a local charity organization was accepted quickly by the women who have responded with 16,000 cans of food.

Weatherford—Miss Janie Parks county home demonstration agent of Parker county, reports that 1861 of the 2500 farm families in the county have been

helped by home demonstration work this year. This includes only those of whom she has definite records. Club women have helped non-club members to grow can food, and in other home demonstration work.

Glenrose—Milk was produced for less than 10 cents per gallon in July by L. C. Trimble, Somervell county dairy herd demonstrator, who has 12 registered Jerseys on which he is keeping records. According to the county agent, good sudan grass pasture reduced costs materially.

BIRTHS

Dr. G. A. Foote reports the following births:

Mr. and Mrs. S. L. Cagle, 8 miles northwest of Sudan, a baby girl on September 24th.

Mr. and Mrs. Phillip Pierce, 14 miles southwest of Sudan, a girl on September 28th.

PAINTING

Paul Dill is repainting the front of his grocery store on Main Street this week.

Mr. Chesher is showing two complete programs this week and next. After next week three programs will be shown each week. A program every night in the week, Saturday midnight and Sunday afternoon.

Using Old Method In Road Building

Collinsworth county has started something that will help unemployment. They now propose to build a new highway using the old methods. Wagons will haul the gravel and men with shovel and hoe will mix the concrete thus giving employment to a larger number of citizens in that county.

BAYER ASPIRIN
is always SAFE

BEWARE OF IMITATIONS

Headaches Neuralgia
 Rheumatism Lumbago
 Neuritis Toothache

Genuine Bayer Aspirin, the kind doctors prescribe and millions of users have proven safe for more than thirty years, can easily be identified by the name Bayer and the word genuine.

Genuine Bayer Aspirin is safe and sure; always the same. It has the unqualified endorsement of physicians and druggists everywhere. It doesn't depress the heart. No harmful after-effects follow its use.

Bayer Aspirin is the universal antidote for pains of all kinds.

Aspirin is the trade-mark of Bayer manufacture of monoaceticacidester of salicylicacid.

Bureau Gives August Cotton Consumption

According to reports from the Census Bureau of Washington, D. C., the cotton consumed in August this year totaled 402,601 bales of lint and 47,620 of linters compared with 278,656 of lint and 37,210 of linters in July this year and 425,030 and 61,807 in August last year.

Cotton on hand August 31 was held as follows:

In consuming establishments, 1,090,421 bales of lint and 282,747 of linters compared with 1,218,863 and 301,869 on July 31 this year and 840,783 and 230,100 on August 31 last year.

In public storage and at compresses 6,547,563 bales of lint and 56,276 of linters, compared with 6,703,453 and 53,082 on July 31 this year and 4,426,399 and 42,285 on August 31 last year.

Imports for August totaled 7,223 bales, compared with 8,264 in July this year and 7,236 in August last year.

Exports for August totaled 452,154 bales of lint and 10,606 of linters, compared with 449,476 and 9,169 in July this year and 211,030 and 5,244 in August last year.

Cotton spindles active during August numbered 22,022,490, compared with 19,756,252 in July this year and 25,630,136 in August last year.

points and Chicago was \$33, leaving a gross difference between cost and Chicago price of \$63 a ton.

The same huge spread exists with regards to many other products of Texas, and when more of Texas products are transformed into the manufactured (i. e., canned, dehydrated, preserved or otherwise treated) in Texas plants, much of the spread will be eliminated and additional employment given to potential producers of all kinds of Texas products.—Morton News.

PROMOTION DAY

(Continued from page one)
Only living things grow. Is your religion dead? If it is alive it is growing, can it grow if you never take it inside the church? Make this, the first Sunday of the Sunday School year, the time that you will start to church regularly. If you are a church member, your place is in the church. If you feel that you cannot, or will not, take an active part in the

When In Lubbock Shop At

"The Fashion Corner"
Broadway and Ave. J.

gram of the church, why leave your name on its roll? Will that in any way help you? If it does, come and tell the ones who support and carry on the church, in just what way.

There will be twenty ready for the promotion, Sunday: Helen Payne, Billie Joe Head, Gwendilyn Lam, Ruth Carter, Dorothy Miller, Clyde Barron Jr., Nelson Nichols, Josephine McLarty, La Rue Ormand, Norma Jean Lam, Katherine Dean, Frances McKinley, George Weim hold, Hazel Lippard, Lillian, Austin, Winolee Saunders, Betty McLarty, and Doris Ormand. Is your child in Sunday School? If not, why not? Do you know that a survey of the reform schools of the nation

show that about 99 per cent of the criminals—men, women and youths are people who never, or very seldom, go to church.

We extend a very hearty welcome to you to be with us at all times, either as a member of the Sunday School and Church or as a visitor.—F. B. Talbot, Superintendent of Sunday School.

Producer Gets \$4.00 Consumer Pays \$100 For Texas Cabbage

An experience of E. B. Neiswanger, president of the Central Power and Light Company and director of Progressive Texans, Inc., illustrates one of the problems to which that organization is devoting considerable attention, the unreasonably spread between the price paid to the producer and that charged to the ultimate consumer.

When cabbage was selling at \$4.00 per ton in Rio Grande Valley, Mr. Neiswanger went to Chicago and investigated the prices there. He found that the same cabbage which was bringing Valley producers \$4.00 per ton was being sold in Chicago at \$100.00 per ton—a spread of \$96 or 2400 per cent. He found by investigation that the maximum cost of transportation and icing of refrigerator cars between Valley
