NUMBER 13

## \$100 Counterfeit Bill Passed In Sudan; Two Are Arrested In Littlefield After Neighboring Banks Are Notified By Local Bank

### PAIR IS CHARGED WITH KIDNAPPING LATER DISMISSED

Mattie Ann Cox, 10 year old daughter of Richard Cox, City employee of Littlefield, was alleged to have been kidnapped from the school grounds in Littlefield by her mother Mrs. W. H. Dannie and husband W. H. Dannie of California. Local officers were notified and City Marshal A. C. Finley stopped the Dannies on the highway here and held them for Littlefield officers.

Fred Hoover, Littlefield Constable, and Mayor T. S. Sales of Littlefield came after the Dannies and the girl.

"Don't you want to go back to Littlefield with Fred?" the constable asked the child. "You see I've known her for several years and she called me Fred."

"No, I want to go with my mamma," Mattie Ann said, and began crying, Hoover reported.

Custody of the child is disputed. According to Constable Hoover, Mrs. Dannie said she had signed a waiver when Cox sued her for a divorce in Panama several years ago but denied that she gave custody of the child.

The Dannies spent Sunday night here in Sudan, going to Littlefield Monday morning getting the child and were going back to California when they were stopped by A. C. Finley. The trial was held Tuesday in Justice of the Peace court in Littlefield.

The pair was released after the state was unable to present evidence proving custody of the girl. A copy of the divorce had not been received by the Littlefield officers Wednesday. The child is still in the custody of Richard Cox, although it is believed that the mother Mrs. Dannie will file court action for possession of the child.

### SHIPS CAR LOAD OF BEEF CATTLE TO KANSAS CITY

Tom Kent shipped a car load of fine beef cattle to Kansas City last Wednesday.

The cattle had been fed out at the Paul Brothers ranch near Circle Back.

### OCT. 16 IS "STATE MISSION SUNDAY" FOR BAPTIST IN TEXAS; ARE RAISING FUNDS

Texas Baptists will hold Associational meetings and institutes in each of the 107 groups in the state, beginning October 9th, in the interest of the Every-member Canvass Campaign. During the last few days there have been meetings in each of the 17 districts, in all parts of the state. At these meetings plans were made for the Associational group meetings and the work placed in the hands of 107 committees, each serving in its own territory.

Sunday, October 16 has been designated as "State Mission Sunday", and on that day most of the 3000 churches will take special offerings for this cause. The campaign closes in "Pledge Week," October 23-30.

In the Every-member Canvass Campaign the half million Baptist of Texas are attempting to raise \$600,000 for mission and benevolences. This sum will represent a gift of \$1.20 per person for the entire year to these causes, and those directing the campaign feel very much encouraged at the outlook to date.

### Clovis Prodigy To Northwestern

When Northwestern University at Evanston, Illinois, announced that it would have a special class for "infant" prodigies who had graduated from high school, more than 100 applications were filed. Out of that number only seven, two girls and five boys, were accepted. Miss Jane Alice Hall, 15, of Clovis, New Mexico, was one of the girls.

### Clovis Road Will Be Located North Of Santa Fe Railroad

The highway between Texico and Clovis, N. Mex., will be located on the North side of the Santa Fe railroad between the two towns, according to the decision of the New Mexico Highway Commission.

This will eliminate the underpass between the two towns along the crossing of the railroad in the edge of Clovis.

Funds to finance the project will be let immediately and Clovis citizens are securing the right of way for the new location.

### TEMPERATURE FALLS; JACK FROST VISITS

Temperature fell to 33 degrees Tuesday night as Jack Frost visited this section of the Panhandle.

It is thought that very little damage was done by the frost as Wednesday was clear and the frost was not so very heavy. More rain fell during the past week although it cleared off Monday morning, then a sandstorm. Tuesday was cloudy with the thermometer falling and Wednesday was clear.

### City Department Grades Streets

The City Department had a grader and tractor working on the streets of Sudan the first of the week following the past two weeks of rain which cut up the streets pretty bad.

A. C. Finley was manning the grader while Fat Rector was driving the tractor. All streets are in pretty good shape now. Main Street is getting lower all the time, though.

### Gins Start Running As Weather Clears

The local gins started running at a pretty good speed Wednesday of this week as the weather fared up and cotton picking started.

If the weather stays clear cotton will be rolling into town fast by the last of this week and the first of next.

Local stores were busy Wednesday and Thursday selling cotton sacks, ducking and cotton gloves for the pickers to use in gathering the crop.

### NOTICE

Anyone wanting to employ cotton pickers should see Joe T. Salem at the Salem Dry Goods Company, as he has a list of a 112 pickers consisting of families that will be available Friday of this week.

### Tech Wins First Game From Southwest Foe Saturday In Lubbock

Having satisfactorily disposed of the first two Southwest Conference teams on the schedule and with the third one yet five weeks away, the Texas Tech Matadors took things a bit easier this week in preparation for the game here Friday night against the Austin College Kangaroos from Sherman.

In one of the greatest triumphs in Texas football history, Coach Pete Cawthon's Matadors polished off the S. M. U. Mustangs, kings of the Southwest Conference, Saturday night to the tune of 6 to 0. It was the first victory a Tech team had ever won over a Southwest Conference eleven. A crowd of more than five thousand fans sat and stood through an almost constant rain to cheer the Bullfighters on.

With such a start, the Matadors plan to keep the victory ball rolling with a win Friday night over the Kangaroos, contenders for the Texas Conference championship. They are pointing to the game with as much enthusiasm as ever, for the motto is, "Take 'em as they come."

Pete Cawthon once coached at Austin College. Dutch Smith and Del Morgan, assistant coaches, were on Cawthon's great teams at the Kangaroo institution. The Kangaroos, then, inspired by the possibilities of beating a former Austin College coach, should put a great battle in Lubbock Friday night. Once before, in the early days and when Tech first boasted its first strong team, the Matadors and Kangaroos fought to a 3-3 deadlock on Tech field.

Ticket prices have been reduced for this week's game, grandstand seats going for one dollar plus ten cents tax. The game will start at 8 o'clock, Friday night.

FOR TRADE—Victor Portable and records for Turkeys. Mrs. Jackie Smith, Route 2 Sudan, Texas. 21p

### METHODIST RALLY FRIDAY NIGHT

We shall have a Zone Rally at the Methodist church Friday night composed of all the pastors, stewards, representatives from the Woman's Missionary Society, and Methodist laymen generally, from all the churches within the territory from Littlefield, Earth, Y. L., Muleshoe, Friendship, Amherst and Wilson. The meeting will be called to order by the Presiding Elder at 7:00 o'clock. The speakers will be mostly laymen: three from Littlefield, one from Amherst, one from Muleshoe and one from Sudan. After the program and general round table discussion, we shall have refreshments served by the women of the Sudan church and the Friendship community. One of the objects of the rally is to give the Methodists of this zone an opportunity to come to know one another. Let's give these visiting Methodist an enthusiastic and cordial welcome, and in order to do so we want all of the Methodists of Sudan and surrounding community present Friday night.

We had our Promotion Day service last Sunday and entered upon our new Sunday school year. We shall soon outgrow our present Sunday school quarters and equipment, in fact we have already done so; we have therefore already begun to lay our plans to move our present church building and annex to the new lots on Main Street, where we shall complete our basement and place the old building on the rear end of this basement. This arrangement will double our space and give us ample room for the present, and until we can complete our main auditorium on the front end of the lots and facing Main Street.

The Young People's service will be held at 6:30 P. M. instead of at 7:00, as hitherto. We are re-organizing our young people's work along with the re-organization of our work in the Sunday school, and urge all of the young people to come and begin at the beginning of the re-organization. Prof. Clyde A. Whittle is the newly elected president of the Young People's division of the church.

Regular preaching services at the church at 11:00 A. M. and at 7:30 P. M. Let all the Methodist be out Friday night at 7:00 o'clock.—W. P. McMickin, Pastor.

### PRIZE WINNERS LAST SATURDAY

Joe Barnett, Jr.	\$5.00
C. T. Might	\$3.00
H. J. McCarty	\$2.00
Jesse Parks	\$1.00
Red Willingham	\$1.00
Joe Barnett, Jr.	\$1.00
Paul Neal	\$1.00
Clarence Dyer	\$1.00
L. L. McWilliams	\$1.00
Paul Nix	\$1.00

### JUNIOR STUDY CLUB IS SPONSORING STYLE SHOW

The Junior Study club, of Littlefield, is sponsoring a style show in connection with the regular program offered by the Palace Theatre of Littlefield on Wednesday night, October 12th. "New Morals for Old" is the name of the picture that is being shown. The club will receive a per cent of the receipts that night. Admission is the small amount of 15c for children and 30c for adults.

### Ladies Bible Class

The Ladies Bible class of the Church of Christ met Tuesday afternoon with eight members present.

The class will meet next Tuesday at 3 P. M. The lesson will be 2 Chron 17th chapter to 24 chapter. Mrs. C. A. Daniels will teach the class.

All ladies are invited to attend.—Reporter.

### NOTICE

Up until six o'clock P. M. of November 6, 1932, sealed bids will be received by the City Secretary of the City of Sudan, Texas, for the rate per cent to be paid upon daily balances for handling said City's funds during the next year.

John A. Dryden

### Card Of Thanks

We wish to thank our friends and neighbors for the kindness and attention shown us during the illness and death of our darling baby, and the beautiful floral offering.

May God's blessings rest upon one each and everyone.

Mr. and Mrs. C. F. Monroe and children.

Mrs. Ada Gray.

Mr. and Mrs. I. G. Morrow and Mrs. D. C. Morrow visited relatives in Lubbock Thursday and Friday of last week.

### Assistant Cashier Robertson Detects Bogus Bill too Late to Apprehend Man Who Got Change at Bank.

### American Legion Conventon At Plainview Oct. 15-16

Department Commanders from three southwestern states have been invited to attend the convention of the American Legion of the 18th Texas District to be held in Plainview October 15 and 16. Acceptances of invitations have been received from Carl E. Nesbitt of Mineola, Commander of the Texas Department and from Everett Grantham of Clovis, N. M., Commander of the New Mexico Department.

The 18th District is composed of 60 posts in the territory comprising the 18th Congressional District, extending from Chillicothe, Quanah and Haskell west to the New Mexico state line and north from Snyder, Lamesa and Seminole to the north boundary of the Panhandle of Texas.

Eight Posts in the immediate vicinity of Plainview are aiding the Plainview Post in preparation of programs and will act as joint hosts. These Posts are Lubbock, Lockney, Floydada, Petersburg, Tulla, Dimmitt, Littlefield, and Silverton.

The morning of the opening day will be devoted to registration of guests. At 3:30 that afternoon the Amarillo and the Pampa will entertain.

A lunch for visitors will precede an athletic program late in the evening and a dance will close the day's program.

A school for service officers will open the second day.

At noon a barbecue will be served.

Concurrently with the Legion Convention the Legion Auxiliary will be held on the first afternoon and a supper will be served by the Plainview Auxiliary.

The business session will be held Sunday after the public meeting.

Dr. Bradford Knapp, recently appointed president of Texas Tech will also speak to the Legion members.

Allan Calcutt was thrown from a horse last Sunday breaking his arm between the elbow and the shoulder. He is reported to be getting along fine.

A heavy set man about five feet eleven inches tall and red complexion changed a one hundred dollar counterfeit bill at the local bank about Tuesday noon and escaped. Assistant-Cashier Melvin Robertson suspected the bill as he started to put it in the drawer and upon examination of the bill found that it was counterfeit. Mr. Barron, cashier of the bank notified all surrounding banks while Melvin went out on the street and looked for the fellow.

Zeb Payne and Melvin Robertson went to Littlefield in search of the man. About two hours later a man by the name of Overstreet appeared at the First National Bank in Littlefield to change another counterfeit bill and was arrested. His wife who was waiting in a parked car in front of the bank was also arrested.

The Overstreets operate a restaurant in Dickens City, Texas. Sheriff G. R. Crim phoned the sheriff at Dickens to inquire about the Overstreets and found that the sheriff there had been looking for them for several days on suspicion of passing counterfeit bills there.

Sherriff Crim with the help of other officers searched the car and all clothing of the pair but were unable to find one counterfeit bill. The sheriff even took pains to remove all the tires from the car as it is said that this is the best place to carry counterfeit money.

According to the story they told the sheriff they got the bill Tuesday morning when a man came into their restaurant, and wanted it changed. Overstreet stated that he went to change the bill, as there is no bank in Dickens. According to the sheriff, Mr. Overstreet statement conflicts with that of her husband.

Two one hundred dollar bills were passed in Amarillo, and four in Lubbock. They were found after they had been notified by the local bank to watch for counterfeit bills.

A man was arrested in Lubbock as he attempted to pass a counterfeit bill while officers were looking for a woman who had passed three of the counterfeit bills.

It is believed that there is a gang of counterfeiters working in this section and that these were working with them. None of those arrested have had any counterfeit money other than the one bill that they were trying to pass.

The Overstreets have been turned over to the Department of Justice at Amarillo.

It is believed here that a large counterfeiting ring has been uncovered by Melvin Robertson detecting the counterfeit bill in time to notify other banks before the other bills were presented to be changed.

### Sudan H. D. Club

The Sudan Home Demonstration club will meet Friday afternoon of this week at the Christian Church on Temple Street at three o'clock.

All members are urged to be present as their lots of new business to attend to. Visitors are always welcome.—Reporter.

Raymond and Kirk Dean, Loyd Chesher, and Earl Ladd saw Texas Tech beat Southern Methodist University 6 to 0 in a football game in Lubbock Saturday night, returning to Sudan Sunday.

### 2 Cars Of Hogs To Los Angeles

Boesen and Kent shipped two car loads of hogs to Los Angeles last Friday.

The hogs were good quality and brought top market prices.

## Bullington Does Not Speak Here Due To Mother's Illness

### Is Represented Here By Several Friends Who Electioneer In His Behalf

Orville Bullington, Republican nominee for Governor of the state of Texas, was unable to carry out his speaking tour in this part of the Panhandle due to illness of his mother, Mrs. Sarah Bullington of Weatherford. Mrs. Bullington has been ill for several days and Mr. Bullington received a phone call after his speech at Plainview calling him to the bedside of his mother.

Mr. Bullington plans to take up his speaking tour at Abilene again. A. G. Hinn, Plainview; O. M. Unger, Plainview; and C. L. Richhart, Press representative from Bullington headquarters at Fort Worth were here Tuesday afternoon in the interest of Mr. Bullington's campaign. V. C. Nelson, chairman of the Republican party of Lamb county, was out of town, and L. E. Slate, postmaster, accompanied the Bullington representatives, introducing them Sudan folks.

Mr. Bullington sent his deepest regrets to the people of Sudan for not being able to carry out his address here and put before the people his candi-

dacy. To give you an idea of what Mr. Bullington stands for we are printing the following excerpts from his opening address at Waco, Texas:

"Regardless of party affiliation, the people of Texas who desire good government have enlisted in a united effort to rid Texas of the common enemy."

"This is neither a party nor a political contest. It is a contest between the forces of good on one side and the forces of evil on the other, and I have repeatedly said in view of the menace which now threatens Texas that partisan politics must be adjourned. I am a Texan first and a party man afterward. I would despise myself if I allowed any consideration of personal or partisan advantage to influence my course in the crisis now confronting our state. My sole desire is to save Texas from the calamity which threatens it, and I am ready to make any sacrifice to that end. I will co-operate in every possible way with those who are working to accomplish the same purpose."

"Woodrow Wilson was right when he declared that political parties have no legitimate purpose except to serve the public

welfare.

"The people of Texas have demonstrated on many occasions that they put principles above party. They will not fall to do so now."

"My election can not and will not be considered a party victory in any sense of the word, but it will be a glorious triumph for civic righteousness and for honesty and responsibility in government."

"All of the shame and humiliation that Texas and its people have suffered from the day she proudly took her place in the galaxy of states as the Lone Star has been caused by one man. I want the people of other states to know that we Texans have stood enough. We have stood all we are going to stand and on the 8th of next November by an avalanche of ballots we propose to rid Texas of its besetting sin."

"If I am elected Governor of this state I will ask the Legislature to make it a felony for one who receives compensation from the people of Texas to accept salaries or fees from those seeking legislative and other forms of special privilege. No man can serve two masters. That is as true as it was when the Savior said it two thousand years ago."

"The tax burden upon most of the citizens of Texas is unbearable. It cannot and will not be longer endured. There is a taxpayers' strike on now in Texas, and if something is not done, and done quickly, our governmental activities will collapse for want of revenue to sustain them."

"I favor adoption of a constitutional amendment for exemption from ad valorem taxes on homes up to the value of \$3,000.00. I go further than this. I favor abolishing the state ad valorem taxes altogether. The tax burden cannot be fairly and uniformly equalized and distributed under the present state ad valorem tax system. There are only two alternatives. One is a State Equalization Board which results in centralized and bureaucratic government. The other remedy is to abolish the state ad valorem taxes. I favor abolishing them."

"A large percentage of property in Texas is escaping its proper share of taxes. Much of it pays nothing at all toward the support of the government. This defect in our tax system should be remedied without further delay."

"Our Constitution should be so amended as to give to coun-

ties, if they desire it, the privilege of home rule now enjoyed by most of our cities.

"The pardon and parole peddling industry needs attention. Pardon and parole peddlers have during certain administrations reaped a harvest in fees from the friends and relatives of convicts. This pardon and parole business in some administrations in the past has been a sunch in the nostrils of all honest men. If I am elected Governor I propose to stop this outrageous graft. I am going to put these pardon and parole peddlers out of business. I will not pay political debts with pardons and paroles. They will be granted on merit. It should be made a penal offense for any person to take pay for securing or attempting to secure a pardon or parole. I will refuse to pardon those who hire these pardon and parole peddlers. If a convict is entitled to a pardon he can get it from me if I am Governor and will not cost a red cent to get it."

"I don't intend to make this a campaign of mud-slinging and personalities. I intend to pitch this campaign upon such a high plane that no mother will be afraid to have her children listen to what I have to say."

Assume for a moment all schools closing for a school generation. . . . . Six to twenty-six . . . . . a period of twenty yrs. There will be little if any, modern education and training; because, where millions of learners need to be educated, only organized education could possibly do the work. How would uneducated and untrained people fit into the business man's scheme of producer or buyer? Even the mailorder houses would have to organize picture classes in order to explain their catalogues to prospective buyers. As producers the people would react no better. Such a crash in business would follow that past panics would seem like a quarter-point fluctuation in the securities market by comparison. In short schools perpetuate a continually upkeeping and upgrading process in our American life. If the schools were closed for one generation, the golden chain of economics success would be broken, and it would take several generations to recover the loss because their great power lies in their perpetuity and continuity.—Vega Sentinel.

It looks as though governmental red tape is going to effectively prevent any of the mass of needy citizens in the United States from participating in the benefits which were so quickly and easily granted to the railroads, banks and insurance companies by the R. F. C.

With two billion dollars to loan for relief purposes not a cent has been used to put any body to work, up to last week. Out of two hundred and twenty-five self-liquidating loans applied for, only three are said to be near action and getting the money is only the first step. It will be weeks, if not months, before anybody secures any work on any of the three. Although Congress doubled the money available for public works, no new ones have been started and only a few have reached the stage of being agreed upon. Three months have been spent in organizing the Home Loan Mortgage system. Not a loan has been made. All of which goes to show that it's a poor idea to depend upon help from the Government if the necessity is urgent. A thousand dollar loan in prospect won't keep a fellow who has no job and no money from starving to death and probably thousands of small home owners who should have been helped by the Home Loan Mortgage bill, have already lost their homes while the higher-ups dalled with organization details. It was the same way with the farmers' loans. A ruling on the part of those sharged with the distribution of the agricultural fund, prevented growers of winter wheat from securing loans in time to help them finance the crop this fall. All in all, it's mighty disappointing waiting for help from Uncle Sam and something else to think about is the day of reckoning.—South west Plainsman.

**AN OPPORTUNITY**

We have a high regard for our church organizations, regardless of creed, but we often wonder if they are not devoting too much of their time to prohibition and to the disastrous neglect to state and local issues of great import.

Take the average city. With a few exceptions they are governed entirely by professional politicians who would be as lost in an efficiently governed municipality as a toad would be in the Garden of Eden. Their principal thought and endeavor is to get as many of their followers on the payroll as possible, and thereby build up their own political machines and insure their future feeding at the public trough.

And right there is one source of the burden of excessive taxation which is so destructive to our future prosperity.

The churches are all powerful when they unite in a just cause. Their membership is overwhelming in numbers, sufficiently strong to retire to private life any delinquent public official against whom they might unite. We can conceive of no higher

or lasting duty the churches might undertake than that of purging our state and municipal governments and placing men in public office who will govern wisely and economically, thus curtailing public expense and reducing the confiscatory taxation which is crushing the life out of the nation.

**WHY PEACE MOVES FAIL**

Although the great majority of Europeans and Americans, beyond a doubt, want peace, not very many well-informed men and women really believe that there will be no more wars; and the chief reason, perhaps, is the fact that those who want peace have only the foggiest notion how to keep it. A realistic footnote to the peace-of-war problem was furnished not long ago when a delegation of pacifists called on Norman Thomas, the Socialist candidate for the presidency. To the surprise of the delegation, Mr. Thomas expressed himself as follows:

"I am fed up with these peace societies that think you can wish peace on the world. Peace is no panacea. Men will have to shift their interests from spots like Manchuria and the Polish Corridor before they can have real peace."

It is precisely that point which peace lovers usually overlook; and it is for that reason that their well-intentioned and praiseworthy efforts have so little real effect.

We tend to an assumption that wars come because statesmen are stupid and depraved, and forget that the real reason usually is the fact that vast masses of people very deeply want things which they can get only by fighting.

The Japanese, for instance, are not in Manchuria because they are inherently pugnacious. They are there because they are convinced that the fertile plains of Manchuria are vitally needed for the continued well-being of the Japanese people. All the diplomatic notes in the world won't make them feel otherwise.

Similarly, this country is objecting to their presence there, not from a high-minded desire to see even justice done but because it feels that its own vital interests will suffer if Japanese domination of Manchuria becomes complete.

Here we have a perfect example of the sort of thing that menaces world peace. It isn't a situation that can be remedied by soft words. Nothing short of a complete revamping of international relationships will prevent such situations from arising.—Boonville (Mo.) Advertiser.

**SEED TESTS INDICATE GERMINATION RATE TO BE LOW THIS SEASON**

Austin.—While last year was ideal for the production of planting seed of high germination, this year is just the opposite. J. B. McClung, chief of the seed laboratory division of the State Department of Agriculture, points out in advising farmers to have their planting seed tested before sowing. Last year weather conditions during the growing and harvesting seasons was excellent, but this year excessive dryness during the

growing season and excessive during the harvesting period has tended to reduce the average germination of seed, tests made by the State seed laboratory indicate.

During the fiscal year ending August 31, seed represented by the 4,000 samples of cottonseed, which are usually submitted in the fall, are being tested this year than last, and more labels to be used for the sale of seed as "state tested" are being sold. While the number of farmers submitting seed samples to determine the germination percentage for their guidance in planting is increasing, the bulk of seed tested for that purpose is submitted immediately prior to the planting season.

All seed sold in lots of more than ten pounds must be labeled either "not tested seed" or have attached a label issued by the State Department of Agriculture showing the germination percentage, the purity (not varietal) of the seed, percentage of inert matter and weed and other seed content.

**HOME DEMONSTRATION NOTES**

Home Demonstration Club Women of Lamb County will have a demonstration on the "School Lunch" in October. To do these things once or twice is no trick but to do it five or more times a week for thirty six weeks, requires thought, time and ingenuity. The school children's diet should include daily: Milk, one quart; vegetables, two in addition to potatoes, rice or grits; Fruit, two servings; meat or meat substitutes, one serving; egg, one serving; water, four to six glasses.

To pack an adequate school lunch one must consider: 1. The food requirements of the child; 2. Relation of the lunch to other two meals; 3. The child's preference for food; 4. The attractiveness of the lunch when the box is opened. One of the easiest ways of attacking the lunch problem is to think of it as consisting of five different things: 1. Sandwiches, a substantial sandwich with a filling of meat, cheese, hard boiled eggs, beans or nuts. 2. A succulent food, as a salad or a vegetable sandwich. 3. Milk in some form. 4. Fruit either fresh or cooked and carried in a jar. 5. A sweet, if desired. This may be a piece of sweet chocolate, a cookie, unfrosted cake or a sweet sandwich.

Sandwiches are the staff of the lunch. They gain variety not only through the filling but by the use of different kinds of bread. Whole wheat, rye, nut and thin slices of crisp cornbread may replace white bread. Sandwich making hints: Use

**Oatmeal Cookies**  
1-2 cup fat, 1 cup sugar, 1 egg, 2 tablespoons cream, 1-2 teaspoons baking powder, 1-2 cups rolled oats, 1-2 cups flour, 1-8 teaspoon salt, 1-2 teaspoon cinnamon, 1 cup chopped raisins, 1-4 teaspoon soda.  
Cream fat, sugar and eggs. Sift flour, baking powder, salt and cinnamon. Dissolve soda in cream. Add oats, then raisins or other fruits which have been dredged in flour. Drop by spoonfuls on greased pans. Bake in moderate oven (350 to 375) for 12 or 15 minutes.

**Vegetable Relish**  
1 cup sweet red pepper, chopped fine, 1-2 cup celery chopped fine, 1 cup small white onion chopped fine, 1-4 cup sugar, 1 cup cucumber chopped fine, 2 tablespoons salt, 2 cups cabbage chopped fine, 2 cups vinegar.

**Whole Wheat Crackers (Salty)**  
2 cups finely ground whole wheat, 1 teaspoon salt, 3 tablespoon solid fat, 6-7 tablespoon water.

Mix the dry ingredients and cut in the fat with a biscuit cutter. Add sufficient water to make a stiff dough. Roll the dough into thin sheets. Cut into squares (3x3) and bake in a quick oven (450F).

SUDAN, TEXAS

bread which is twenty-four hrs. old, it cuts to better advantage. Leave the crust on the bread. The completed sandwich should not be more than 3-4 inch in thickness. Each slice may be cut 1-3 inch in thickness. Soft-spreading. Spread evenly and lightly on one side of each slice. Have fillings minced or shredded, so the sandwich may be more easily eaten. Mushy fillings are not appetizing because they soak into the bread. If the sandwiches are cut into two parts they are more easily eaten. Wrap each sandwich in oiled or paraffined paper.

Types of sandwich fillings: 1. Substantial fillings, cold meats diced or ground and slightly moistened with salad dressing. Cheese, cream or cottage, seasoned or combined with nuts, relish or celery. American Cheese grated and combined with heavy sour cream. Eggs hard cooked, minced and mixed with chopped pickle and mayonnaise. Baked beans, mashed and moistened with relish. Peanut butter moistened with cream or fruit juices. 2. Succulent fillings. Chopped cabbage and grated carrots. Chopped celery alone or combined with nut meats. Sliced sweet onions. Smell string beans chopped fine, seasoned with chili sauce. Grated carrots and raisins. Raw carrots and salted peanuts ground together. 3. Sweet fillings. Honey and pea nut butter. Prune pulp and peanut butter. Fruit marmalades, conserves, and paste used as a spread.

The following recipes add variety and interest to the lunch.

**Vegetable Relish**  
1 cup sweet red pepper, chopped fine, 1-2 cup celery chopped fine, 1 cup small white onion chopped fine, 1-4 cup sugar, 1 cup cucumber chopped fine, 2 tablespoons salt, 2 cups cabbage chopped fine, 2 cups vinegar.

**Whole Wheat Crackers (Salty)**  
2 cups finely ground whole wheat, 1 teaspoon salt, 3 tablespoon solid fat, 6-7 tablespoon water.

Mix the dry ingredients and cut in the fat with a biscuit cutter. Add sufficient water to make a stiff dough. Roll the dough into thin sheets. Cut into squares (3x3) and bake in a quick oven (450F).

**Aches and PAINS**

When you take Bayer Aspirin you are sure of two things. It's sure relief, and it's harmless. Those tablets with the Bayer cross do not hurt the heart. Take them whenever you suffer from:

- Headaches
- Rheumatism
- Neuritis
- Neuralgia
- Lumbago
- Toothache

When your head aches—from any cause—when a cold has settled in your joints, or you feel these deep-down pains of rheumatism, sciatica, or lumbago, take Bayer Aspirin and get real relief. If the package says Bayer, it's genuine. And genuine Bayer Aspirin is safe.

Aspirin is the trade-mark of Bayer manufacture of monoacetic acid ester of salicylic acid.

**BEWARE OF IMITATIONS**

**Part of the Community**

The strength of any community is to be found in the various links that go to make up the chain of ever-moving hustle that goes to make up the community. It is our pride that we stand guardian over the service of giving Sudan and its citizens the efficient functions of a properly managed financial institution.

## BIG THREE ACT PLAY TO BE GIVEN TONIGHT

### EDITORIAL

Our grading system can be summed up like the boys we used to take to town on Saturdays with the horse and wagon. The F boy is the one who falls completely out of the wagon. The D boy is always running behind trying to catch up. Then next is the C boy. He is the average boy and sits at the end of the wagon, with his feet hanging off. The B student finds his place close to the front of the wagon while the A boys sit on the front seat, driving on, always trying to get further ahead and set the pace. Which boy are you? Do you fall off the wagon or are you sitting on the seat? Our high school always needs boys and girls who try ahead and set the pace.

### TO THE STUDENT BODY

Texas makes a cash investment in every student who enrolls in a state-supported school. On this account each individual enrolled must show in the final audit as a profit or a loss. When you arrive, your classification on the books of the state is undetermined. If you improve yourself while here, you become a social asset. So long as you stay in a tax-supported school, you are under obligation to keep on the asset side of the State's ledger. You will always be welcome to all that the State can provide. Budget your time, scrutinize your expenditures, and demand a definite return upon the outlay of these two precious items. Ample provisions is made for work and play. Arrange for a proper balance; both are essential.

On behalf of the State of Texas, which is making an investment in you, I welcome you to your school.

This article has been copied from a college paper but it can be applied to all public school students.

O. L. Davis, Superintendent of Sudan Schools.

### Interesting Facts About The Home Economics

The Home Economics course is an elective one, open to only girls here, though at many places courses in Home Economics are offered to boys. In time it is hoped that we can offer the boys of Sudan something along this line.

At the present it is quite interesting to notice that out of 20 senior girls 13 are taking HE; out of 23 Junior girls 18 are taking HE; out of 24 Sophomore girls 19 are taking HE; and out of 33 Freshman girls 32 are taking HE. Out of the 105 girls in all the high school 82 are in the four sections of HE. It is also interesting to notice that no girl has dropped HE unless she has withdrawn from school, and we have not had very many to withdraw. Most of the girls seem to be very interested in the work and are very eager to repeat at home the lessons they have learned at school. We desire the cooperation of the parents in this department perhaps more than any other, for the girls can only learn only by doing so they surely need the consent and help of their parents in doing their home practice work.

### Physical Education Period

The Physical Education period on Friday of each week is to be devoted to the training of "pep" leavers, and development and encouragement of a greater and more congenial school spirit. The entire group of High school girls are permitted to participate in the school songs and yells. In this way we hope to educate socially as well as physically.

The other periods are being devoted to calisthenics and games on the school campus in that the girls may derive the benefits of the sun shine and "fresh" air. The high school girls through drills of exercise every morning from ten o'clock until eleven-thirty, under the directions of Miss Lewis

### Play Stars Ellen Burnham and Bernice Brothers; Free

Say folks, something is happening up at the high school building tonight (Thursday). Yes, its that clever play "Nobody but Nancy," that the whole town has been talking about for the past two weeks. Sure, it will be worth your time and more too, remember its all FREE. Hurry! Eat your supper and come out and see this darling Nancy "through all her scrapes; her peppery uncle," is he good? And how! See, this Adeline Perkins woman, "who about drives 'Uncle Adam crazy with her 'four brats' that insist on making tents out of her best table cloth." You don't want to miss seeing the dashing hero, "Lawrence Wilson," and the town's Sweetheart "Luella Crawford," and oh! the rest, there's a lot of laughter awaiting for you so don't forget to come tonight (Thursday). Here are a few of the catchy lines:

Nancy (grasps): You want me ME to ruin the business!  
 King (snorts): You've ruined it so far—you may as well finish the job.  
 Sue: Have a cookie to ease your wounded feelings.  
 Jimmie: In Professor Apples' Eyclepeddie, it tells how to get beautiful and—  
 Adeline: Don't get personal, Handsome.  
 Larry: Promise?  
 Luella: (Coyly) I promise.  
 Nancy: Where's my hat?  
 Adeline: Take me Adam—The answer is "Yes."  
 King: See here! I won't take them brats.  
 Sarah: But what on earth will you do about it, honey?  
 Nancy: Well, I was thinking of Ted.  
 Ted: Where's my hat?

**The Commercial Department**  
 In Shorthand the first semester will be spent in learning to write words and sentences in shorthand. The second semester will be spent in developing speed in taking and transcribing shorthand notes.

The Typewriting classes have just finished mastering the entire keyboard. The remainder of this semester will be used to develop accuracy in typing, and no thought will be given to speed. The second semester will be given over to developing both speed and accuracy.

Shorthand students will be required to transcribe their shorthand notes on the typewriter. Especial attention will be given to the accuracy in the transcription, and also to the placement of the transcription on the typed sheet. Such work as the student is likely to meet with in the business world will be emphasized in both the typing and shorthand classes.

The majority of the work in bookkeeping is laboratory work in which the students work practice sets, thereby learning to apply the principles of elementary bookkeeping. By the end of the year the students will be in a position to keep books for an ordinary business.

### Library Donation

Mrs. E. C. Broyles has donated to our high school library several books and two magazines. This donation is greatly appreciated by the faculty and the student body.

### Athletics

The junior high school girls played the senior girls in practice games Wednesday and Friday. The senior girls won both games.

Our high school junior girls played the grammar school girls last week in a practice game and won by a large score.

Mr. McElreath's teams finished their series of games last week and the girls won by a slight margin. They will be given some kind of an entertainment in the next few days.

The grade school boys are starting boxing this week, for a change from basket ball. We are expecting some of them to be heavy weight champions some day!

### High School Honor Roll

The following students made 90 or above on the designated subjects for the first six weeks of school ending September 23, 1932:

Algebra I. Chris Furneaux, Dorothy Jones, Floella Jones, Dean Simmons, Alice Marie Glasscock, Mary Will McNeely, Algebra II. Nannie Marie Breeding, Lucille Shore. Chemistry. Ethel Alexander, Mary Luttrell, Sophia Salem, Morris Dudley.

English I. Mary Will McNeely, Bennie Fee Stone, Virginia Verdeen, Jaunita Hazel, Floella Jones, Dorothy Jones.

English II. Modine Barnes, Elta Mae Beachamp, Nannie Marie Breeding, Louise King, Hazel Shore, Zela Thompson.

English III. A. B. Askew, Vasca Cates, Margaret Dean, Louise Shaffer, Charles Simmons, Mary Slaughter, Eloise Weeks, Morris Dudley.

English IV. Margaret Erle Gibbs, Bonnie Belle Lyle, Mary Luttrell, Sophia Salem, Ethel Alexander, Lela Burnham, Clara Mae Fisher.

General Science. Eugene Stanley.

Geometry. Margaret Dean, A. B. Askew, Bernice Brothers, Morris Dudley, Edith Gann, Sophia Salem.

Government. A. B. Askew, Margaret Dean, Elbert Ford, Mary Luttrell, Lois Stotts.

Home Economics I. Walter Marie Carruth, Mary Belle Hill, Dorothy Jones.

Home Economics II. Nannie Marie Breeding, Lela Burnham, Louise King, Myrtle McLarty, Thelma Moore, Eloise Weeks, Kathryn Wilson.

Home Economics III. Bonnie Belle Lyle, Mary Slaughter, History I. Lena Ruth Harris, Dorothy Jones, Floella Jones.

History II. Modine Barnes, Irene Hill, M. V. Murrell, Lois Statts.

History III. Maude Nichols, Ada O'Keefe, Morris Dudley, Clyde Robertson.

Public Speaking. Frances Brewster, Ellen Burnham, Clara Mae Fisher, Mary Luttrell, Myrtle McLarty, Jaunita Pierce.

Winfred Wells. Spanish I. Nannie Marie Breeding, Lena Ruth Harris, Dorothy Jones, Floella Jones, Louise King, Hazel Shore, Lucille Shore, Dean Simmons. Spanish II. Sophia Salem, Charles Simmons. Typewriting. Ethel Alexander, Eldon Nichols, Lois Statts. Students making the honor roll in four subjects. Mary Luttrell, Sophia Salem, Dorothy Jones, Nannie Marie Breeding, Morris Dudley.

### Grammar School News

**LOW FIRST—**  
 The low first class has elected its room mothers. They are Mrs. Charles Hardin from town and Mrs. Grif Kennedy from the country. They were honored with a visit from Mrs. Hardin Wednesday. Lucille Jenkins has been out of school due to illness.

**HIGH FIRST—**  
 Miss Jones is planning a Halloween party for Friday.

**LOW SECOND—**  
 Miss Mabel Shaffer reports that Manuel Tidwell has withdrawn from her class.

**HIGH SECOND—**  
 Miss Clifford Shaffer reports several out of school. Leroy Beachamp is absent owing to the illness of his grandfather who lives in Oklahoma.

**LOW THIRD—**  
 The low third grade is very proud of its pictures that they have framed. The Foxworth-Gabraith Lumber Company donated the frames and the pupils painted them.

Mrs. McKelvy reports attendance holding up well. They are beginning their fall decorations and also an Indian project.

**HIGH THIRD—**  
 Mrs. Faris from town and

Mrs. Brantner from the country were elected as room mothers for the high third.

**LOW FOURTH—**  
 The low fourth's part in the assembly Tuesday is a story, "Cinder and Inky" given by Agatha Barnett.

**LOW FIFTH—**  
 Room mothers for the low fifth have been elected. They are Mrs. Shaffer from the country and Mrs. Covington from town.

Robert Davis and Gladys Minor have returned to school after several days absence.

Mr. Butts reports the following new pupils in grammar school.

Leon and Marion Clark from Snyder, Oklahoma; Guy Carter from Phoenix, Arizona; Vernon Collins from Lubbock.

A general assembly of grammar school was held Tuesday, October 4.

Ruby Lamb went to the fair at Lubbock.

Alien Calicut has broken his arm.

**Grammar School Honor Roll**  
 The following pupils received the average of ninety or above for the first six weeks of school ending Friday, September 23, 1932.

High Second. Kathrine Dean. High Third. Genevieve Wilker son, Betty Ross Ray, Imogene Morgan, Ruth Carter.

Low Fourth. Agatha Barnett, Dorothy Miller, Corine Stenson. High Fourth. Arnold Parrish. Low Fifth. Vivian Covington, Alla Lee Floyd, Inez Reece.

Low Sixth. James Kartef, Mildred Kent, Wayne Kitley. High Sixth. Winnilee Saunders, Joyce Stone.

High Seventh. Christine Bew-

**BOARD OF CHRISTIAN EDUCATION ORGANIZES AT MEETING THURSDAY**

The Board of Christian Education of the Methodist Church met and organized a few days ago. J. E. Dryden was elected president, Professor Whittle was elected as secretary. Other members of this board are the pastor, Rev. W. P. McMickin; the Sunday School Superintendent, F. B. Talbott; the president of the Women's Missionary society, Mrs. J. J. Franks; Mr. O. L. Davis. Another member will be elected when necessity arises.

This organization for helping to centralize the work on the church is a new thing. It is intended that there shall not be so much overlapping of authority and organization. It really is to the church just what the Board of trustees is to the public school. It is the ruling body for selection of officers and planning of the methods of carrying out the plan as set forth in the Church laws.

This body is intended to do away with some cases where "tail tries to wag the dog." It must elect, or confirm, all officers and teachers of the Sunday School and Church. It is to see that the Methodist Methods are used in Methodist Churches.

The following teachers have been confirmed by this board. Beginning at the lower classes and going upward: Mrs. Dean, Mrs. McMickin, Mrs. Franks, Mrs. Mastin, Mr. Whittle, Miss Reeves, Mr. Salem, Mrs. Talbott, and Mr. White.

Another necessary department that has been loafing along, and doing practically nothing, has been aroused to a renewed beginning; is the young peoples organizations—The Epworth League, Mr. Whittle was elected President of this young peoples division. Mr. Whittle is a graduate of Southwestern University—the oldest Methodist college in the South. He has had ample training to carry forward the young peoples work in a very credible way. We are looking forward to this department really doing some worthwhile things in the near future.

The Promotion Day program was a decided success. It closed the old year in Sunday School and opened a new one in which we are determined to make a greater progress. In connection with promotion of 20 children, the officers and teachers of the Sunday School were officially installed. A greater interest was aroused generally in the work of the church.

One noticeable change in the plans of the Sunday School is the organization of a Primary department, where the small children may meet for their song service and have a devotional opening befitting to their age, instead of wiggling around while the older ones went through their part of the morning service. Mrs. Dean is Superintendent of this department. Arrangements are complete for these children to have a piano of their own and a helper for their worship program, in addition to the regular teachers.

COME ALL OF YOU METHODIST PARENTS AND BRING YOUR CHILDREN. They are anxious to serve the Lord—why not encourage them?

Again we urge you, if you are a Methodist, to be in your place. If you are not a Methodist, but are not going to some other church of the town, we extend you a hearty welcome to attend our Sunday School and Church.—F. B. Talbott, Sunday School Superintendent.

Joe Barnett and Doyle O. Morrow attended to business matters in Roby, Texas, Wednesday of this week.

Mrs. L. E. Slate and Miss Lillie Mae Carruth were shopping in Amarillo Tuesday and Wednesday of this week. Mr. and Mrs. L. E. Slate and Mr. and Mrs. Ves Terry were in Lubbock Saturday and saw the S. M. U.-Tech football game returning home Sunday.

Hubert Wingo returned from Tucson, Arizona, Tuesday where he has been attending to business.

Elwin Hamilton, Tom Salem, Herbert Teal, Wayne Thrush and Warren Ferguson attended the football game in Lubbock Saturday night. They state that it was a mighty good game. They left Lubbock at midnight getting into Sudan Sunday morning at 7:15.

**BIRTHS**

Dr. Foote reports the following births: Mr. and Mrs. Phil Pierce, 15 miles south of town a girl, September 28. Mr. and Mrs. Don Burnett, north of town, a boy on September 30.

**Blue Bonnet News**

Elbert Testament and children and Cleve Johnson of Denton, Texas, were visiting in the home of the mother and father of Mr. Testament, Mr. and Mrs. G. B. Testament last week. Elbert was called home due to the illness of his wife who is in a hospital at Denton. He left the children in the care of their grandparents. Mrs. Testament's friends are indeed sorry to learn of her illness.

Mr. and Mrs. Joe Terrell and Mr. and Mrs. Coleman Floyd from Amherst spent Sunday with Mr. and Mrs. C. R. Terrell.

Mrs. Syble Williams returned home in Tuscola, Texas, last Saturday where she will teach school this winter. She has been visiting her sister Mrs. Edgar Wright and husband. Her son Kendrick who has made his home with the Wrights for the past two years returned home with Mrs. Williams.

Mr. and Mrs. John McDaniel and Mr. and Mrs. Cumming from Morton visited Mr. and Mrs. Doyle Terrell last Sunday. Mr. and Miss Ashby of Everton, Arkansas, are visiting Mr. and Mrs. Doyle Terrell and Miss Vanda Young this week. Mr. and Mrs. Curtis Chisholm were shopping in Littlefield last Monday.

Lols and Frank Burnett, of

Robert Wilson was in Amherst last Saturday. Mr. and Mrs. Campbell and Mr. A. F. Wilson were in Lubbock on business Monday.—Reporter.

**H. D. NOTES**

Continued from 2

2 cups finely ground wheat, 3 tablespoons sugar, 1 teaspoon salt, 1-2 teaspoon soda, 3 tablespoons solid fat, 2 tablespoons molasses, 6 tablespoons water.

Mix the dry ingredients and cut in the fat with biscuit cutter. Mix the molasses and water and stir in the dry ingredients. Spread the mixture on a bak-

ing sheet. Cut into squares (3x3) and bake at (425F).

At the last meeting of the Amherst 4-H club the girls reported the following complete: Canned vegetables 187 quarts, canned fruit 117 quarts, preserves 46 quarts, jelly 47 pints, pickles 52 quarts. Dresses 20, underwear 4, caps and aprons 4, lunch sets 1, patches and darns 6, dresses 20, dresses renovated 13, rugs braided 2, mats braided 2, mats hooked 2.

Mrs. H. K. Irwin of the Sod House Club has canned 1400 cans of vegetables in addition to the supply prepared for her

Broadway and Ave. J.

family to last until gardening time again. These 1400 containers were prepared and sold locally. Mrs. Irwin was the first club woman to standardize a canned product in Lamb county. The standard products are prepared according to standard recipes, passed upon by the local marketing committee and the standardization committee of College Station. If product is standard it may then be sold under the Texas Better 4-H Products Label.

At a recent meeting of the Sudan 4-H Club girls, Mrs. W. A. Peachey was elected sponsor. There were 46 members at this meeting.

306 club women have reported fall gardens with from one to six vegetables ready to use. Much of the required food for 4-H Pantries is being secured from fall gardens.

110 of the above women will have one to three vegetables in their winter gardens. The most common winter vegetables are: Escalot, carrots beets, turnips, radishes, winter radish and carrots. Many of the women have turnips and greens.
