

Lamb County Citizens Organize To Fight Crime

ROOSEVELT - GARNER - BULLINGTON CLUB ORGANIZED

A call to Texas Democrats to rally to the support of Franklin D. Roosevelt for President, John N. Garner for Vice-President and Orville Bullington for Governor of Texas was issued today by a group of Texas Democrats who selected Webb Walker of Fort Worth as their chairman.

A statement released from the headquarters established in the Blackstone Hotel for the statewide organization of Roosevelt-Garner-Bullington Clubs over Texas was signed by between 20 and 30 prominent Texas Democrats. It was noted in examining the list of names of those signing the call that all of the signers are known to have always supported the straight Democratic ticket in the past.

It was stated that the organization perfected in Fort Worth is working in entire harmony and cooperation with all other groups organized for the purpose of making Orville Bullington Governor of Texas.

The statement pledges the support of the group to Roosevelt and Garner, but asserts that Mrs. Miram A. Ferguson, not being entitled to support, and that the pledges taken in the primary is voided by the existence of fraud in the primary elections, as charged by both of the contending factions in that contest.

The statement follows: "We are Democrats. The time has come in Texas when every true Democrat must take a stand to put an end to the strife which for 20 years has threatened to destroy the Democratic Party in Texas. The honor of our State is involved, and it is high time that we, who have always stood by our party, go on record as being so opposed to the doctrine of Fergusonism that we will rally to the cause of Orville Bullington and elect him Governor of Texas while we are at the same time putting into power our national Democratic nominees, Franklin Roosevelt and John N. Garner.

"In his opening address Mr. Bullington declared: 'I am a Texan first and a party man afterwards. I would despise myself if I allowed any consideration of personal or partisan advantage to influence my course in the crisis now confronting our State. My sole desire is to save Texas from the calamity which threatens it, and I am ready to make any sacrifice to that end. I will cooperate in every possible way with those who are working to accomplish the same purpose.'

"That manly declaration comes as a challenge to the patriotism of every Texas Democrat who loves his State, and a call to him to join with his fellow-Texans regardless of party, to save Texas from an impending calamity. We accept that challenge and answer that call. We appeal to our fellow Democrats to unite with us in giving Mr. Bullington our whole-hearted support in the battle he is waging to save the state from the Fergusons and from Fergusonism.

"We have always supported the nominees of the Democratic Party, and we are not refusing them at this time, because Mrs. Ferguson is not the nominee of the Democratic Party. No Texas Democrat is bound by a pledge taken to support the nominee of a primary when it is found and ample evidence exists to the effect that such primary was fraudulent and illegal.

"Directly on this point General M. M. Crane stated in the Dallas News, of October 18, 'I have never failed to vote for a nominee of the Democratic Party for Governor or for President, but I have always recognized the fact that any nomination procured by fraudulent or illegal votes does not bind any Democrat. I shall not vote for Mrs. Ferguson.'

"We appeal to all Texas citizens, both Democrats and Republicans, the cast their ballots in the coming general election for Orville Bullington for Governor of Texas, for

GROCERYMAN IS FATALLY WOUNDED AFTER HOLD-UP

Robert Tharp, age 25, assistant grocery store manager of Lubbock was fatally wounded after the store of which he was employed was held up Saturday night in Lubbock.

Tharp died Monday morning in one of the Lubbock hospitals. Tharp was shot after two bandits had entered the store and staged a hold-up. As the two left the store one of them turned around and shot Tharp in the abdomen. Tharp was rushed to a hospital but died Monday morning.

Tharp was well known throughout this county as he worked for the 'M' System in Littlefield several years. He was a star football player when he attended McMurry College in Abilene.

The motive of the bandit in shooting Tharp is not known as it is reported that Tharp did not resist the hold-up men. When Tharp was on the operating table, he stated, 'Why did he shoot me, I did everything he told me to do.'

Franklin D. Roosevelt and Jack Garner for President and Vice-President of the United States.

"Even as Orville Bullington is being offered to the people of Texas to bring us out of the political chaos which exists in our State today, just so are the Democratic nominees for President and Vice-President being offered to the nation. Our standard-bearer, Governor Roosevelt, is making this appeal to American citizens everywhere, that regardless of party affiliations, they cast their votes in behalf of 'a new deal for the American people.'

"As Democrats and Texans we resent the brazen attempt to subordinate the interests of the party, of its national standard bearers, and of the State itself to the personal fortune of a political adventurer who is in no true sense a Democrat, who has opposed and has repeatedly maligned the Democratic Party in the past, and who has been such a disturber of our civic life and promoter of turmoil within the party during the past 20 years as to subject the State of Texas to ridicule before the nation and to bring the Democratic Party in Texas to the verge of destruction.

"The interests of Roosevelt and Garner, our national standard bearers, are not in the remotest sense identified with the interests of the Fergusons in Texas. The attempt to make it appear so is a betrayal of the national party and an effort to make a base use of the influence of its national nominees, regardless of the effect upon the success of the national ticket in Texas and in the Nation.

"For the past two decades Texas Democrats have been embroiled over one issue, and one alone, and that is that of the Democratic Party in Texas being transformed into a Ferguson party. A certain school of politicians in this state during that period of time have capitalized this one issue of Fergusonism to such a degree that many of the more constructive phases in the administration of public affairs have been lost sight of. Our appeal is to all patriotic Texas citizens to put an end to this political order in our state by giving their support and rallying to the cause of Orville Bullington.

"Our charge to the people of Texas is to deliver a mandate to those political bosses who have fattened for so long by encouraging strife and discord among the Democrats of this State, and let that mandate be: 'The people of Texas will stand for this no longer.'

"To Governor Roosevelt's plea for 'a new deal for the American people', we add our plea 'a new deal for Texas'. Signed by 50 Democrats."

Gins Are Humming; 1150 Bales Ginned

At Thursday noon local reports showed that 1150 bales of cotton have been ginned by the three local gins. The three gins are averaging over 100 bales of cotton a day. If the weather stays fair the gins will be running night and day by the middle of next week.

Cotton in this section is maturing fast. The cotton ginned up until the last few days has been pretty green. Farmer's Gin leads in the ginning to date with 437 bales.

RENFRO AND MORRIS GIVE \$50.00 WORTH OF GROCERIES

The Renfro and Morris Grocery gave away \$50.00 worth of groceries last Saturday to their customers. Ten baskets containing \$5.00 worth of groceries each were given away. One of the baskets was given away every 30 minutes starting at one o'clock, with the last one being given away at 5:30 in the afternoon.

Annual Tech Rodeo

Lubbock, Oct. 19.—The third annual Texas Tech rodeo, proceeds of which go towards sending the stock judging teams to various livestock shows, will be held at the college barns the afternoon and evening of October 21.

Curtis Williams, senior agriculture student, is manager, assisted by Buford Browning, Gerold Gordon, Ben Jenkins and other senior students. Bronco riding, steer riding, calf roping and all regular rodeo events will be held and in the evening a free barbecue will be given to those who attend.

GINNING PRICES ARE CUT

The local gins have cut their price on ginning from 30c per hundred to 25c per hundred and their wrapping from \$1.25 per bale to \$1.00 per bale.

At the meeting of the Ginner's Association in Lubbock recently it was decided by the ginner to charge 30c per hundred as at that time it seemed that cotton would bring a good price. Due to the fact that the price of cotton has gone down instead of up the local ginner thought it wise to cut their prices.

Earth Man To Be Deputy Under Irvin

J. M. Barlowe, of Earth, for many years a peace officer in Texas and Oklahoma, has been appointed jailer and office deputy by Len Irvin, Lamb county's next sheriff, who was elected at the last primary in a landslide of votes, defeating three opponents without runoff. Mr. Barlowe will move his family to Olton in December and take charge of his duties on January 1st.

A field deputy for Sheriff Irvin is the question now before the commissioners court. Heretofore the county has given each Sheriff a field deputy and Sheriff Crim has had one all along and has now, but this question is being considered by the court.

Lamb county has a permanent population of over 17,000 people, with this swelled by several thousand during the fall, and how one man can handle such a populated county with as much disregard for lawlessness as is prevalent among lots of people at this time, is more than anyone can comprehend.—Amherst Argus.

Mrs. H. Taylor visited friends in Amherst this week.

PRIZE WINNERS LAST SATURDAY

The following are those who won prizes given away last Saturday by the local merchants:

W. H. White	\$5.00
Mrs. Seether Hawk	\$3.00
Mrs. Clarence Lack	\$2.00
Mrs. Jessie Park	\$1.00
G. W. Masten	\$1.00
Milton Wiseman	\$1.00
Earl Venable	\$1.00
Mrs. J. M. White	\$1.00
Joe Essary	\$1.00
Mrs. Carlyle Daniels	\$1.00

COMPLETES COTTON HOUSE

The Farmer's Gin has just recently completed a cotton house with eight stalls. The capacity of the new house is about 35 bales of snapped cotton and 40 bales of picked cotton.

The unloading system has just been completed and is ready to be put into service according to Mr. Dean, manager of the gin.

Mrs. Carl Cooper and children of Antlers, Oklahoma, are here visiting her mother, Mrs. J. D. Campbell.

Eyesight Specialist In Sudan Each Week

Dr. J. H. Croft, eyesight specialist, formerly of Amarillo, has located in Littlefield at the Grand Drug Store. Dr. Croft will spend Thursday of each week in Sudan with his office at Ramby's Pharmacy.

Dr. Croft, who is a registered optometrist, has had 20 years experience in this business, and holds a certificate from the State Board of Texas. He is not a "floater" but is locating permanently in Littlefield and will spend one day each week in Sudan and one day in Amherst at the Loyd Drug Store.

Dr. Croft will give examinations free and guarantees all of his work. He invites you to come in to see him. If your children have defective eyes they can not do their best in their school work.

Return To Sudan

Mr. and Mrs. Jack Foust who have been in Sayre, Oklahoma for the past two years have returned to Sudan and are now in the employment of the Arroyo Dry Goods Company.

Mr. and Mrs. Foust will assist Mr. Arroyo in his store during the fall and winter months. Mr. Arroyo has added these two to his force in order to give his customers better service.

YOUTH KILLED WHEN DUG-OUT CAVES IN

The fifteen-year old son of W. W. Smith was killed when a dug-out caved in on him when he and two friends were sleeping. A scantling hit the boy on the head causing death.

The mother of the boy did not know about it until the next morning when she went out to call the boys for breakfast. She secured help and dug the three out. The Smith boy was dead but the other two boys were alright.

Excessive rain of late is believed to have caused the earth to give way and cave in.

BIDS ASKED FOR ON 25 BRIDGES

AUSTIN.—The Texas Highway Commission asked bids for the construction of 25 bridges and two railroad overpasses, estimated to cost \$570,000.

The projects were advertised to be let on October 24 and 25, the commission previously having asked for proposal of approximately \$3,500,000 worth of highway construction to be let on the same days.

Silver Is The Money Of Over Half World

The silver problem isn't a distant and remote matter that never touches the life and welfare of the average man. It's everybody's problem—and it's your problem.

Anything that affects international trade, the buying power of nations, and the free flow of commerce, affects every job, every industry, every home. Silver is the medium of exchange of countries comprising half the world's people. When it has a fair value, those people buy goods from other countries and keep the factory chimneys of all the world smoking. When its value is depressed, as at present, those people no longer have the money with which to buy.

There isn't enough gold in existence to carry on world commerce—and no major additional supplies are known. In a stable world silver must have its place as a money, and its value in relation to gold must be definite and permanent. It's time the family of nations went hard to work on the problem—and when they do that, and solve it. It will mean money in your pocket.

GRAND PRIZE TO BE GIVEN SATURDAY BY LOCAL MEN

The Grand Prize of \$7.50 which is given every other week in addition to the ten cash prizes given each week will be given by the local merchants this Saturday.

Everyone is invited to come to Sudan to do their trading. You are always assured of getting quality merchandise at lowest prices.

Cash prizes are given away in Sudan each and every Saturday. Everyone is invited to trade in Sudan.

"BUY IT IN SUDAN".

GOVERNMENT REPORT SHOWS COTTON GAIN

The October 1st government cotton report gave the total cotton production of the United States at 11,425,000, which is an increase over the September 1st report of 15,000 bales.

Cotton declined as a result of the increased number of bales reported by the bureau.

A census bureau report showed 4,835,465 running bales of cotton ginned from the 1932 crop prior to October 1st, compared with 5,409,657 for the 1931 and 6,303,895 for 1930.

BOY IS ACCIDENTALLY SHOT

Kenneth Hogan, seven-year old son of Mr. and Mrs. L. R. Hogan, who reside between Mulshoe and Lariat is in a serious condition at a hospital in Clovis, New Mexico, as the result of an accidental discharge of a 22 calibre rifle.

The boy was shot in the abdomen after one of his playmates had accidentally pulled the trigger causing the discharge.

WORK TO START SOON ON TEXICO-CLOVIS HIGHWAY

Work will start in about 30 days on the new road to be constructed between Texico and Clovis. The New Mexico State Highway Commission let the contract for the job recently, at a cost of \$52,000.

The right-of-way has already been obtained by the Clovis chamber of commerce. The new highway will be finished with caliche, for the present. The construction is to start in about 30 days and it will be rushed to completion.

3 CARS OF CATTLE SHIPPED THIS WEEK

Paul Brothers and Kent shipped two cars of fine beef cattle to Los Angeles, California the first of the week.

Boesen and Kent shipped one car of fine beef cattle to Los Angeles, California this week.

Elects Officers At Littlefield Meeting; Lamb County Lawyers Not To Protect Criminals

LUMBERMEN TO MEET IN SUDAN SATURDAY

The Foxworth-Galbraith Lumber company will hold a meeting of all the managers of their yards on the South Plains at the office of their local yard Saturday.

Lunch will be served to approximately 15 managers from over the South Plains by the White Rose Cafe.

Among the towns that will be represented here are Amherst, Littlefield, Lubbock, Monro, Ralls, Wilson, Levelland, and Smeyer.

RAIN SLOWS UP CROP HARVESTING THURSDAY

Rain started falling at about five o'clock Thursday morning and continued to fall throughout the day. The rain fell very slowly.

The rain slowed up the harvesting of the cotton crop which was in full swing. Gins continued to gin throughout Thursday although very little cotton was brought in.

WILL TURNIPS GROW IN LAMB COUNTY?

J. C. Stone brought in a trailer load of turnips the first of the week from his farm south of town, which were the largest we have seen, to still be sweet and tender. Mr. Stone presented the News family with three of these fine turnips, anyone of which will make a big meal for a family of six.

SANTE FE AND HALSELL PAY SCHOOL TAXES

According to W. N. McNeely, secretary of the Sudan Public schools, the Sante Fe railroad paid its taxes, Monday of this week, which amounted to \$1845.91. The railroad company is always among the first to pay its taxes.

On Tuesday of this week, Halsell, paid his school taxes, which amounted to \$2554.00.

The school officials appreciate the payments of taxes at this time.

PEBSWORTH GIVEN 99 YEARS FOR SLAYING HARVE BOLIN

IS A RAILROAD A GOOD CITIZEN

One of the best examples of what a railroad means to any community is given in the following editorial from the Williston, North Dakota, Herald:

"The Great Northern sent a check Monday for its taxes. It was for \$198,487. It is the biggest check for taxes annually received. It may always be depended upon. The Great Northern is never a delinquent taxpayer. Most of us never think of it as a citizen of this community. Few of us realize, until the matter is called to our attention, as in this case, what a part it has in keeping things going hereabouts. It helps pay for our schools, roads and bridges, and takes care of our needy.

It discharges all the duties of citizenship on the paying end with little complaint.

"We can afford to be most patient with all our railroads. They face conditions of change that are not yet fully or clearly developed. In them is invested a lot of the money of plain everyday people. What they mean in a community sense is perhaps best expressed for popular appreciation in a check for \$198,487 in taxes. That will go a long way toward keeping schools open and cash in the treasury to pay the salaries of policemen, firemen, county officials and other public servants.

Thousand of American communities depend upon these railroad tax checks. What would happen to the small taxpayer if railroads were government-owned and tax-exempt? His taxes would probably be so high he could not pay them.

Lamb county citizens met Thursday afternoon at four o'clock at the City Hall in Littlefield for the purpose of fighting crime in Lamb county. The meeting was called by Sheriff G. R. Crim and other peace officers of the county.

Many good speeches were made at the meeting and an organization was formed with Rev. Joe F. Grizzle, pastor of the Baptist church in Littlefield, as county chairman; J. M. Carruth, vice-chairman for Sudan; George Montieth, vice-chairman for Amherst; and J. W. Richards, vice-chairman for Olton.

The legal profession of the county thought it wise to follow Lubbock in not defending criminals who commit hi-jacking, murders in attempted robbery, etc. This was the best move made at the meeting as in many recent cases shrewd lawyers have been able to clear lots of criminals by confusing the jurors.

Sheriff G. R. Crim stated Thursday that his department and the other peace officers of the county, backed by the citizenship of the county, intended to wage a war on all crime. According to Sheriff Crim all loafers must either go to work or go to jail—take the choice.

Lubbock county was the first to organize to fight crime, which came as a result of the fatal shooting of Robert Tharp after a hold-up in Lubbock last Saturday night, as well as, many other crimes committed recently in Lubbock.

Terry county has also organized against crime organizing Thursday of this week.

With lawyers doing their part and the citizens of the county co-operating with the officers it looks like crime is going to be stopped in the above named counties.

STRAYED OR STOLEN—Two black and tan Belgian Police dogs. Largest answers to name of Roy. Reward, Return to Mrs. G. R. Crim, Sudan, Texas. ltp.

Lee Pebsworth, charged with the fatal shooting of Harve Bolin, Plainview peace officer, pleaded guilty in District court at Portales, N. M., and was given a sentence of 99 years in the penitentiary.

Harve Bolin was shot when Sheriff Crim lead Texas and New Mexico officers in a gun battle with Lee Pebsworth at Pebsworth's ranch near Portales on August 20.

Crim had a warrant for the arrest of Pebsworth in connection with the Olton bank robbery a few months ago.

Charges against Joe Jones, son-in-law of Pebsworth, and Stanley Hedrick were dismissed at the same time for the lack of convincing evidence.

Joe T. Salem, of the Salem Dry Goods Company, returned Wednesday from Dallas where he bought merchandise for the local store. Mr. Salem also visited the State Fair.

Mrs. Cole and son, Johnny left Sudan last Sunday for Iola, Kansas, where they will visit with Mr. Cole's mother Mrs. L. M. Cole. Word was received Thursday that they made the trip in good time and arrived safe.

Mrs. Ed Doss, of San Saba, is visiting her son, R. E. Doss and wife.

WANTED: 12 Rhode Island Red hens. See F. H. Weimhold at the News office.

Miss Frances Weimhold spent last week-end in Sudan visiting with home folks. She is attending Texas Technological College at Lubbock.

\$2.00 PER YEAR, IN ADVANCE

Reading Notices, Obituaries, Card of Thanks, Resolutions of Respect, Etc., 10c per line.

Is It Fall

Lodges are getting their winter's activities under way. Young folks are wooing Terpsichore again. There is hot competition around the reading lamp for possession of the home town paper. Bridge is still played. There is some demand for corn-poppers. The ice man looks a little glum but the electric-light meter reader wears a smile like a split watermelon as he sets down the figures.

It has been a wonderfully fine summer with more than usual opportunities for outdoor enjoyments. But it will be fine to have the nip of frost and the sheen of snow. Just as one of the fine things about going away from home is to come back there, so one of the fine things about summer is that finally we come to its end and to normal change. Seasons lend variety and prevent monotony. And each of them in Lamb county is enjoyable.

That Vacation

Well, you are home again from your vacation. Or, if you have had no vacation, at least you have been out in the open on numerous occasions. How did the experience strike you?

Did you find yourself in a class with those people who never ask the why of anything, but simply accept the marvels they see and give them no second thought? There are many like that. They have eyes to see, but they see not, minds to reason with, but they think not.

Or were you one of those who see and hear and reason, but who sum up the whole matter by saying that this world, and all there is in it, has come about by chance or accident? No design, no intelligent purpose, but just a happy coming together of favorable circumstances, and here we are!

Or were you among those whose answer to the great riddle of the universe is a Creator? In your heart, then, is written the truth, old 4,000 years ago yet ever new—"The sea is His and He made it, and His hands prepared the dry land."

If you are in this latter class you have made most of that vacation. That is the spirit in which one should approach the wonder world one lives in. That is the inevitable conclusion one should reach after coming back. Maybe your vacation did not inspire thoughts like these. But you will admit, if you look back

over it, that the failure was not in the experience of that tour, or that stay by the sea or the mountains, but in yourself.

THIS FALL IN SUDAN STORES

Sudan merchants are much ahead of the average in cities of this size in announcing a fall opening in the manner in which they have chosen and on the scale which they have adopted as the best method. The fall and winter season, replete with its merchandising opportunities, is often ushered in gradually without announcement, with no inducements other than those ordinarily found peculiar to the community.

But not so here. This issue of the Sudan News is teeming with special buying offers made

THIS FALL
\$5 buys more
than for many a year

A Genuine
STETSON
HAT

TODAY, at Alderson's you can exchange a \$5 bill for a genuine Stetson hat.

It is easily the greatest value that Stetson has ever offered in 67 years of making fine hats. The Stetson standard has been raised—not lowered.

The \$5 Stetson comes in a full range of colors—both soft and derbies—styled with traditional Stetson authority.

Alderson's

at a time when buying is most necessary and representing most of those items which every family is forced to acquire at this particular time of year. And not only are the items seasonable and other attractions overbalancing to a foreign competitor, but the great trade event of the year, the annual gift campaign, is opening. This in itself is not an ordinary feature—it is made extraordinary by its relation to the community and the eagerness with which the people as well as the tradesmen look forward to it.

So, the fall season is here in spirit as well as in fact. It is opened by mercantile offerings that may not have equals during the remainder of the year. The "saddest of the year" time for shoppers may have a different aspect. And the folks of Sudan and trade territory are given an opportunity from today forth to choose seasonable merchandise from stocks that qualify as to quality and high standard. It is your opportunity to profit as well as that of your business friend. And it is your duty, other things being equal, to give your home merchant that which he has a right to expect. Start the fall season with him.

H. D. NOTES

By Miss Ruby Mashburn.
A Lamb County Rug Association was organized at a recent training school for the purpose of making better hand made hooked rugs for home and commercial use.

Mrs. H. M. Packard was elected president, Miss V. O. White vice-president, Mrs. Roy B. Dodson secretary and treasurer.

The following members were present: Mrs. M. M. White, Miss Willie White, of Sod House; Miss Edna Packard, Spring Lake; Miss Vessie Strawn, Spade, Mrs. Carrie Withrow and Mrs. C. L. Hagemeier, Pleasant Valley; Mrs. R. L. Drake, Center, and Mrs. S. E. Nite, Spring Lake.

The next regular meeting will be held at the Club House at Amherst, Noon October 25th.

Cisco and Breckenridge Future Farmer boys are cooperatively purchasing lambs for feeding again this year. By buying and shipping their lambs together they save some \$50.00 on 150 lambs. These lambs were on feed October 10 and will be fed until class shows in February and the Fat Stock Show in March. This is the third year that the two Future Farmer Chapters have bought lambs together.

A total of 225 bushels of corn on 5 acres or an average of 45 bushels per acre is the record of Orville Griffith, student of vocational agriculture of the Willis Point high school for the year 1931-32. Seed selection, the use of common fertilizer and the proper fertilization were the main factors in this yield of corn which was in excess of the average yield per acre in the community by 15 bushels.

In Colorado vocational agriculture students are predicting that cotton will yield from one-half to the bale per acre, maize make 35 to 50 bushels

per acre, and hegari produce from 750 to 1000 bundles which will weigh 7 to 8 pounds each when dried out.

Two blue ribbons, one for a pen of white leghorns and another for first place in the single white leghorn hen class, were awarded to Willard Bryan, members of the Greenwood Chapter of Future Farmers, at the Wise County Fair held in Decatur recently. Both the pen of two hens and one cock and the single hen were selected from Willard's project flock in vocational agriculture.

A gain of \$2,005.00 has been

made by Comyn farmers during the last eight weeks by treating their turkeys for worms. Lessons and demonstrations for treating the turkeys were made in an evening school conducted by W. Doyle Graves, vocational agriculture teacher.

By swapping work with a neighbor, Creigan George, vocational agriculture student, was able to build a silo in which to put the hegari he had raised for his calves. He says that since he has the silo he can easily feed his seven calves until market time.

WHY IS IT?

They've Never Tasted a Tonic!

THESE are not patent medicine children. Their appetite needs no coaxing. Their tongues are never coated, cheeks never pale. And their bowels move just like clockwork, because they have never been given a habit-forming laxative.

You can have children like this—and be as healthy yourself—if you follow the advice of a famous family physician. Stimulate the vital organs. The strongest of them need help at times. If they don't get it, they grow sluggish. Dr. Caldwell's syrup pepsin is a mild, safe stimulant.

When a youngster doesn't do well at school, it may be the liver that's lazy. Often the bowels hold enough poisonous waste to dull the senses! A spoonful of delicious syrup pepsin

once or twice a week will avoid all this. It contains fresh laxative herbs, active senna, and pure pepsin, and does a world of good to any system—young or old. You can always get this fine prescriptional preparation at any drug store. Just ask them for Dr. Caldwell's syrup pepsin.

Get some syrup pepsin today, and protect your family from those bilious days, frequent sick spells and colds. Keep a bottle in the medicine chest instead of cathartics that so often bring on chronic constipation. Dr. Caldwell's syrup pepsin can always be employed to give clogged bowels a thorough cleansing, with none of that painful griping, or burning feeling afterward. It isn't expensive.

HINTS FOR THE HOUSEHOLD

FOR OCTOBER
By Betty Webster
HOUSEHOLD HINTS
Save Paraffin

Save all paraffin from used jelly glasses. Don't throw it away. That's being wasteful. Simply take each piece out of the used jelly glass and wash and dry it. Put away in a covered dish and keep handy for use again when needed.

COOKING HINTS

Hallowe'en Cats

Make cats out of cheese. Method: Mold two balls of cheese—one a little larger than the other. Place smaller one on top of larger one. Then on top one—mark cat's face—eyes, nose, mouth and ears. A tail can easily be added. These are cute on salad plates.

Hallowe'en Salad

This is a pretty way to serve fruit salad.

Method: Take a pretty red apple. Hollow out center. Make a face on side. Fill with fruit salad.

Grape Juice Mousse

1 pint of whipping cream.
3-4 cup of powdered sugar.
Salt.

1 cup of grape juice.
Method: Whip cream. Add sugar, salt and grape juice. Mix well. Put in a chilled mold. Pack and let stand 3 hours. This recipe makes 3 pints.

BAKING HINTS

Baked Lima Beans And Salt Pork

Method: Cook lima beans until tender. Drain. Put in buttered baking dish. Place thin strips of pork throughout and on top. Season. Sprinkle little brown sugar over all. If very dry add a little milk. Bake in a moderate oven until strips of pork are nicely browned.

Baked Steak

2 pounds of round steak.
1 green pepper.
1 onion.
Little tabasco sauce.

1 tablespoon of Worcestershire sauce.
1 cup of catsup.
1 cup of hot water.
Little flour.
Pepper and salt.

Method: Pound flour into steak. Put in a pan of hot grease. Brown well on both sides. Season. Add onion, green pepper, lemon, tabasco and Worcestershire sauce. Pour catsup and water over all. Cover. Place in oven. Bake 2 hours.

1932 BULLETIN GAME LAWS NOW AVAILABLE

The Bureau of Biological Survey has issued its annual summary of the game laws in North America.

"Game Laws for the Season 1932-33: A summary of Federal, State, and Provincial Statutes." U. S. Department of Agriculture Miscellaneous Publication No. 151. discusses changes made in game laws during the past year, presents the Federal regulations in detail, and summarizes for each State and Province the laws relating to seasons, licenses, bag and possession limits, and transportation. In the interests of economy, other details included in previous summaries have been omitted.

The publication this year is not available for free distribution but may be obtained from the Superintendent of Documents, Government Printing Office, Washington, D. C., at 5 cents per copy.

Thirty calves were paraded on the streets of Beville at the opening of the Bee County Fair recently. All of the calves are being raised by vocational agriculture students.

Arkansas Merchant Cancels All Debts Customers Owe Him

Texarkana—Calvin Jones, merchant of Kiblah, in Miller county near the Louisiana line, has decided to forgive all his customers the debts they owe him, totaling approximately \$7,000 in accounts ranging from \$10 to \$190. Some of these accounts are secured by mortgages on land, livestock and implements. All of the mortgages are to be cancelled and returned and receipts given to all debtors for full amount of the unsecured accounts.

Realizing the inability of his former customers to pay the pre-depression debts, Jones reached the decision to wipe the slate clean.

"Failure to pay me is due to no fault of these farmers," Jones said. "It is due to causes beyond their control."

More than a year ago Jones abandoned the system of credit business, but he did not let his old credit customers wander away because they owed him money. He let the debts ride and welcomed them as cash customers.

It is his belief that a new era of business and cooperation must be designated to meet needs and conditions as they exist today, and not as they existed before the business depression and distressed agriculture came upon the country.

"I am not wanting or expecting to make anything but a modest, honest living for myself and family," Jones said in his announcement of debt refunding, but I do want to see my fellow countrymen relieved of some of their burdens, and I am going to take a hand in bringing this about in my locality.

Water with meals helps stomach juices, aids digestion. If bloated with gas add a spoonful of Adlerika. One dose cleans out poisons and washes BOTH upper and lower bowels. For Sale at Ramby's Pharmacy.

THE ROAD TO BETTER HEALTH

BOILS
By Dr. William J. Scholes

Occasionally someone is so unfortunate as to have one crop of boils after another. Anyone so afflicted would like to know why the boils occur. They would also like to be informed on what can be done to prevent them. For the prevention of any disease consists of a practical application of our knowledge of its cause.

Boils are always caused by infection. The infection lodges about the hair follicles and in the oil glands of the skin. The germs responsible for the infection are usually of the kind known as staphylococcus. They either enter from the surface of the skin or are brought to it from some nest of infection in the system. The tonsils, the teeth, gums, nose and nasal sinuses are some of the places where nests of infection frequently occur. People who have diabetes are especially susceptible to boils and carbuncles. They lack resistance to infections in general.

Cleanliness Important

Among the preventives, cleanliness of the skin is one of the most important. The avoidance of irritation is another. The back of the neck is a place that is often irritated by the collar. Then, when one is unfortunate enough to have a boil, care must be exercised to avoid spreading the discharge to other parts of the skin. Painting the area surrounding the boil with a thin layer of iodine will help some. Care not to carry any of the pus to other part by means of the fingers will help considerably.

The urine should be examined for sugar. Treatment for diabetes is sometimes necessary. And even though the urine contains no sugar, it is often advisable to cut down the amount of starch and sugar in the diet. Restriction of the carbohydrates (sugars and starches) is especially advisable if one is overweight.

Any discoverable nests of infection in any of the places mentioned above should, of course, be cleaned out. This may end the tendency to boils and at the same time prevent the occurrence of other diseases.

OUT OF A SLUMP BY ESCALATOR

WHEN the business world after a long slump, has entered a period of recovery, which parts of the economic machine recover first, and which improve later? In what regular order, if any, do the different parts of the price structure begin to move upward? Some years ago one of the country's greatest statistical institutions conducted an exhaustive inquiry regarding these questions. It found, almost to its own surprise, that in every period of the past when the business world had been through a depression and entered into a time of recovery, the impetus of advance became manifest, successively within the different parts of the economic machine, in a fixed and unchanging order. In every one of the recoveries studied, the series was the same. Certain of its main elements were:

- 1.—Prices for basic commodities—raw materials—were the first to reveal a trend upward.
- 2.—An advance in the bond market and in listed stocks was the next phase.
- 3.—Increase of manufacturers' prices for goods at wholesale came next in order.
- 4.—Higher retail prices then followed.

Where do we stand just now in this sequence? As to stage No. 1, the firming of commodity prices has stood of late beyond question. The extent of the rise is not great, but every student of any of the numerous tables and indexes of commodity prices is struck by the certainty of such advance as has come, and of the large number of commodities which have shared in the upward trend. Some of the foodstuffs and other raw materials began to move forward from their lows as long ago as last April and May.

Stage No. 2, as everyone knows, had its blessed initial day just after July 8. The Dow Jones average for industrial stocks dropped, on the eighth, to the four figure of 41.22. At the close of business on August 25 the comparable figure was 73.55—an advance measuring more than 78 per cent. During the same period the rails rose from 13.23 to 36.36, nearly a three-fold increase. The bond averages went up from 65.78 on June 1 to 83.26 on August 23.

Evidences of activity in Stage No. 3 began this week to become very definite and clear. In the textiles, for example, the report of manufacturers' prices for woolen goods was quite general. The "Transcript's" special observer said on Thursday: "The volume of business is still well below normal, but the relationship of stocks and production to demand is such that sellers now are in a position to take a firm position on prices. As large buyers of raw wool got into the market on an extremely favorable basis just before prices took a definite bound upward, it appears that the members of the clothing trade who cover well ahead today will seize a good opportunity." As another and very striking instance in the textile field, Women's Wear yesterday made an advance of ten cents a pound for rayon yarn in two of the most staple and generally used classifications. This is the first rise rayon has known for five years.

When will Stage No. 4—the rise of retail prices—set in. As the historical studies always have shown, there is a lag of a few weeks, after the manufacturers' wholesale prices begin their advance, before the retail field shows the results. But the delay is not long. Study of the Fairchild Retail Price Index indicates that the cost of goods which the consumer buys in stores and from agents has already reached the end of its decline for the year. The precise moment at which recent unusual bargains will disappear, and rising retail prices become strongly evident, we make no attempt to predict. But since the historical sequence of recovery has already passed into the third stage, the coming of the fourth appears only a matter of days. This, to the wise would seem word enough.

An Editorial From the Boston Transcript of August 27.
