TIPS ON TAXES

By Ray H. Nichols

Austin, March 13—There is a very noticeable lessening of talk about the need for new taxes in order to balance the State budget within the last few days. Economy moves gained correspondingly in momentum, following the declaration of a bank holiday. This is true, although it was apparent that perhaps a majority of the legislators were sincerely endeavoring to redeem the pledge to reduce the cost of State government 25 per cent.

Chances of a sales tax generally regarded as having disappeared. There is less talk of an income tax. Automobile license fees are almost certain to be reduced. The Senate is yet to act on a bill adopted by the House providing for a third lower license fees on automobiles and light trucks. The House has voted to reduce the State poll tax to the constitutional minimum of \$1. A Senate bill is pending to fix the limit of the State ad valorem tax to 57 cents for this year.

Another new tax measure its appearance in a bill which would levy a tax of 2 cents per 1,000 cubic feet of natural gas. An exemption clause relieving the first 150 million feet for each producer for each three months, it is claimed, will have the practical effect of relieving Texas consumers of any additional tax burden. The obvious purpose of the bill is to realize revenue from gas exported to northern and eastern states.

Natural gas at present pays a gross production tax of 2 cents. The proposed bill would heavily increase this tax on exported gas. Backers of the bill claim 81 per cent of gas marketed from the Panhandle goes to the north and east. They also claim that the proposed 2-cent tax would yield, based on 1932 consumption, more than \$1,700,000 annually, compared with about \$120,000 paid in gross receipts last year.

A State budget of less than \$30,000,000, as compared with an eight-year average of \$45,000,000 and last year's figure of \$42,000,000 is in prospect, if re-

ductions recommended by the House appropriations committee is finally approved. Judiciary, eleemosynary and departmental appropriations have been finished in committee. College heads have been instructed to bring in recommendations for 35 per cent reductions in their budgets. Educational appropriations are incomplete.

Efforts to abolish eight State colleges are apparently defeated. The Senate killed a bill to that effect. Institutions scheduled to close by the bill were teachers colleges at Denton, San Marcos, Alpine, and Nacogdoches. John Tarleton at Stephenville, Junior A. & M. at Arlington, C. A. I. at Kingsville and College of Mines at El Paso.

There were 10,443 beneficiaries of Confederate pensions on the 1932 rolls. Although there have been 12,243 deaths among pensioners since 1924, the number has dropped only from 12,897 to the figure for 1932.

Payments of the Confederate pensions have more than doubled since 1924, figures being \$1,764,000 for 1924, compared to \$3,562,000 in 1932. The increase has come by liberalizing pension requirements and increases in payments to individual claimants. In nine years the number of claimants decreased 11 per cent while payments were increased 100 per cent. The pension fund was \$2,825,000 in the red at the close of the last fiscal year.

The Comptroller's annual report, just issued, contains some very interesting figures. Tax rolls show horses and mules had an average valuation of \$18; cattle, \$12; jacks and jennets, \$17; sheep, \$1.79; goats, 94 cents; and dogs, \$14. Average value of land was \$9.61 per acre. Since only 5,500 dogs were rendered for taxation, tax assessors might hasten a solution of the tax problem by getting more dogs on the rolls.

The fact that local taxes comprise the greater portion of the tax bill of the average Texan is emphasized by the Comptroller's report. County tax rates average 90 cents for the entire State. The range is from 29 cents to \$2.70. Reeves county has the lowest rate and Duval county the highest. School and other special district taxes are not included. City taxes are also additional. The Comptroller has no record of these purely local taxes.

NATURE'S SIGN OF SPRING

By J. D. Stone

Ah! Spring is here, for yonder I see
The mockingbird sporting in the cottonwood tree;
Singing his song loudly; so all might hear,
Filling every heart with glad-some cheer.
And down at my feet; in a

hurrying mass.
Thousands of little brown ants wind through the grass,
Now here, now there, with ne'er a stop.
All diligently gathering the abundant crop.
Yonder! See yonder! It takes a sharp eye to see;
Mr. Fly ventures forth on a mid-day spree.

But ere he sails through the air; he carefully flings,
To the bright sunshine, his glossy wings.
Ho! Mother Nature, I'm hard to fool,
Don't hide from me your white toadstool;
Put some in the open so they can be seen,
And use the others to stud the Green.

Sleepy Mrs. Daisy? Then why do you droop?
Come! Dance once more at the head of your troop.
Thirsty? My goodness, in this cool breeze,
And the dewdrops falling as thick as you please?
I'm glad to see you, Miss Violet, with the purple hue,
It's hard to compare other flowers with you.

Don't fold up your leaves with her death.—Contributed.

shameful pride,
Like one who has long been gone,
And receives a hearty welcome when he returns home;
So we greet thee, Spring, with a hall and cheer!
For we're glad to see this time of the year.

OBITUARY

Mrs. Annie McAdams, age 26, of Vernon, Texas, died of pneumonia February 28, 1933. She was an active member of the Methodist church. She leaves to mourn her death the following: Husband and small daughter Cathrine Hope, age 16 months. Parents Mr. and Mrs. J. M. Reynolds; sister Mrs. Pearl Moore, Mrs. Zelia Frost, Miss Ophelia Reynolds of Vernon, Mrs. Fannie Tombs, of Medicine Mound; Mrs. Jessie Holden of Phoenix, Arizona; Brothers: Jack and Oliver Reynolds of Colorado, Texas.

Mrs. McAdams was a niece of Mrs. L. J. Williams of Bula. She has a host of friends and relatives and friends in Lamb county who will be sorry to hear of her death.—Contributed.

SUDAN, SATURDAY, MARCH 18TH

At 2:00 o'clock p. m.

SEE THE

IRON MAN

World Famous Dare-Devil

And one of the FOREMOST STUNT PERFORMERS on the American continent will be in SUDAN to entertain you FREE of charge next SATURDAY afternoon promptly at 2:00 P. M. Starting on Main street.

When the IRON MAN arrived in SUDAN to show his wares, he was promptly CHALLENGED by the CONTINENTAL OIL CO. to pull a FULLY LOADED TRUCK of that NEW CONOCO BRONZE GASOLINE up the street with a rope around his neck. The IRON MAN accepts this challenge.

Not to be outdone, Mr. Doyle Morrow of the NATIONAL TIRE STORE says he dares him to try this load with a NATIONAL TUBE AROUND HIS STOMACH. The IRON MAN says he'll try that too. SO THERE YOU ARE. Now he is being assisted in these feats of strength by a NEW 1933 CHEVROLET FROM THE SUDAN MOTOR CO.

While the Iron Man entertains you with feats of daring and strength, he will be assisted in his health talk by the SUDAN DAIRY.

He will also bend cold iron in his iron jaws, and many other features.
Do you think it possible for a human body to stand this terrific punishment?
Then be in SUDAN at 2:00 p. m. Saturday, as the guests of the firms whose names appear in this ad.

Do Your Part!

This editorial by Superintendent Duca, taken from the Avalanche-Journal, gives us some encouraging thoughts. The Sudan parents, school board, and teachers urge everyone to give this article much thought and abide by it.

"This is a time when everyone will have to do his part in helping to reduce the costs of maintaining the schools. The depression has made it impossible for many people to pay their taxes, which renders it difficult for the school board to finance the schools. Up to the present time the efficiency of the schools has been maintained. This is due to the splendid spirit of sacrifice manifested by all concerned—parents, school board, and teachers. However conditions now are such that patrons, school board, superintendent, principals, teachers and pupils will have to work together even more earnestly if we maintain our present school standards.

"Students can do much to help maintain the efficiency of the work of the schools. They can conserve the energies of the teachers by always being agreeable courteous and cooperative.

"Students can economize on paper, pencils, ink, and the other supplies they use, thus reducing the costs to their parents by wearing less expensive clothing. Children should remember that it is extremely difficult for the majority of parents to keep their children in school during these trying times, and reduce costs to them just as much as they can.

"Students of our school can join the rest of us in smiling in the face of difficulties and having the faith to believe that

good days will soon be here again. They can help by smiling in the face of the sacrifices they have to make and by realizing that every sacrifice they make, every hardship or difficulty they overcome makes it possible for them to overcome effectively the next one they meet. They should remember that the men and women who count in the world's life are those who have grown strong in the face of the burdens they have borne, the difficulties they have met, and the sacrifices they have made.

Sports

The season is now opening for tennis, vally ball, and base ball. Our school is helping to develop the body as well as the mind. In playing these games the student gets fresh air and sunshine. He also develops the muscles in his body. Every student in high school should take part in one of these sports. Let us make Sudan school stand above all the other schools in out door sports.

Trial in Government Class

The government class of Sudan High School has been studying trial crime. Along with this study a trial was planned.

The prosecuting attorney was Bernice Brothers while Arlie Beggs acted as defense attorney. Doyle Baccus was the accused. The charge was bank robbery and the murder of a peace officer.

Louise West, Catherine Carruth, Elbert Ford Ben O'Keefe, and Mary Luttrell composed the jury. The remainder of the students acted as witnesses.

The evidence was heard by jury and the jurors returned a verdict of guilty.

Miss Lewis, the instructor, plans to take this class to Muleshoe to attend a trial when one is held that would be of benefit to the students.

Debating Tournament

The public speaking class has for the past two weeks been engaged in a debating tournament, the finals were run off in chapel, March the 9th.

The subject which was involved was: Resolved that, postmasters should be elected by the popular vote of the people.

Each student had a buddy and were buddies during the entire tournament. There were as follows:

First—Arlie Beggs and Bill Henson debated Mary Luttrell and Doyle Baccus in which

Mary Luttrell and Doyle Baccus were the winners.

Second—Winifred Wells and Chanle Cartwright debated Kathryn Wilson and Ellen Burnham in which Kathryn Wilson and Ellen Burnham were the winners.

Third—Blanche Fowler and Allene Scoggins debated Clara Mae Fisher and Edith Gann in which Clara Mae Fisher and Edith Gann were the winners.

Fourth—Ouida Townsend and Weldon Shaffer debated Jaunita Pierce and Boyd Breedings in which Ouida Townsend and Weldon Shaffer were the winners.

Then in the semi-finals Mary Luttrell and Doyle Baccus debated Kathryn Wilson and Ellen Burnham in which Kathryn Wilson and Ellen Burnham were the winners. In the finals Ouida Townsend and Weldon Shaffer debated Kathryn Wilson and Ellen Burnham in which Kathryn Wilson and Ellen Burnham were the winners.

Winifred Wells summed up the debates and gave a flowery speech and presented the winners with a grand prize. A beautiful tin drinking cup. The names of the winners will be engraved on the cup soon. Ellen Burnham gave a wonderful appreciative speech in return.

These debates have been the most interesting feature of this term. The public speaking class is preparing for another tournament.

Betty Goodall of Amarillo has entered school as a freshman.

Agnew Adams of Amarillo has entered school as a sophomore.

Dean and Charles Simmons are moving to California this week.

Junior Party

The juniors were entertained by a Hoover party at Margaret Dean's home last Friday night.

All the boys wore overalls and the girls wore print dresses. Refreshments of punch and sandwiches were served to the following: Louise West, Margaret Dean, Lena Ruth Harris, Catherine Carruth, Doris Malone, Domicile Nuttall, Louise Shaffer, Pearl Carter, Maxine Barnes, Letha Belle Shafer, Ople Shafer, Nell Walker, Mavis Terrell, Mary Slaughter, Lucille Wright, Charles Simmons, Dorrell Malone, H. B. King, Bill Linton, Miles Lumpkin, Earnest Nowell, Doyle Baccus, Gilbert Coccahauger, Clyde Robertson, Truman Parrish, Mr. Smith and our sponsors, Miss Bobo, and Mrs. Moore.

Boy Scout News

Boy Scouts of Troop 31 had a real treat last Tuesday night when they were the guest of Mr. Chesher at the show. The bill was "Young America." It was the finest type of show for the boy scouts. Thanks, Mr. Chesher.

Sunday afternoon the Boy Scouts went horse back riding to Robertson's pasture south of town. A very thrilling game of "Capture the Flag" was played on horses. Jack Stone furnished plenty of amusement for the crowd with his donkey. What worried Jack most was getting back home; for Jenny decided she would lie down and take a nap just at the time the boys were leaving. The hike and horses was the most enjoyable one they have had. The troop plans a bicycle hike in a few days.

A court of Honor is held once a month. The scouts are working hard on advancements.

Grammar School News

Low First—E. R. Cartmill has reentered school and Mildred Lily is a new pupil.

The Low First grade pupils are working on the story telling contest for the Interscholastic League meet.

High First—Mrs. McKelvey reports almost 100 per cent attendance every day.

This week they are working on the story telling project for the County Meet.

Low Second—Alton Linton from Amherst is a new pupil in the Low Second.

High Third—Miss Lewis section of the High Third is studying birds and the room is adorned with pictures of beautiful birds of all kinds.

J. C. Withrow who is in Mrs. Dodgen's section is in the hospital at Lubbock with a broken arm.

Mrs. Dodgen's room gave the assembly program Wednesday.

Mrs. Dodgen says that the junior baseball teams are doing splendid work.

High Fourth—The high fourth have held another health election.

They have received answers from the different places that they wrote to for pamphlets. This a project they have been working on for quite a while. The letters were written in English class and the pamphlets received are used for Geography.

J. W. Love brought the high fourth a new letter box.

Low Fifth—Rosa Lee Powell, Waunita Moore, and Alma Ruth Hardcastle entered the declamation contest.

High Fifth—Zeb Payne has returned from the Rio Grande

valley.

High Sixth—The high sixth has made some very good geography notebooks which contain panels on history, occupation, and landscapes. The fronts of the notebooks were made after a lesson in lettering, design, and pleasing use of margins. The geography class is now started on a unit of work on Europe. They have illustrations and outside readers on Europe to aid them in this study.

Low Seventh—Mattie Maye Neagle is back in the low seventh grade now.

Mr. McElreath's room enjoyed the debate in assembly Wednesday because the class has been studying the different phases of government and taxation in civics.

In a study of graph making in arithmetic, the pupils of the low seventh made graphs of their history grades. The best of the graphs were on the board, then any pupil may see how he stands, whether he is below or above the average. They have some very good graphs and all seemed to be interested in this type of work.

Mr. Butts says—That the sixth and seventh had a chapel program Wednesday; the high seventh furnished the program.

New Oil Saving Device
This device when installed on your Ford will stop the rear main bearing from leaking out the oil, and will in turn make you think more of your Ford than you have heretofore.
We guarantee that this device will stop the rear main bearing from leaking oil; also it will let the fumes out over the opposite side of the motor, so you won't be bothered with the smell of burnt oil, which at present comes out through the breather cap and up through the brake peddles.

TIPS ON TAXES

By Ray H. Nichols

Austin, March 13—There is a very noticeable lessening of talk about the need for new taxes in order to balance the State budget within the last few days. Economy moves gained correspondingly in momentum, following the declaration of a bank holiday. This is true, although it was apparent that perhaps a majority of the legislators were sincerely endeavoring to redeem the pledge to reduce the cost of State government 25 per cent.

Chances of a sales tax generally regarded as having disappeared. There is less talk of an income tax. Automobile licenses fees are almost certain to be reduced. The Senate is yet to act on a bill adopted by the House providing for a third lower license fees on automobiles and light trucks. The House has voted to reduce the State poll tax to the constitutional minimum of \$1. A Senate bill is pending to fix the limit of the State ad valorem tax to 57 cents for this year.

Another new tax measure its appearance in a bill which would levy a tax of 2 cents per 1,000 cubic feet of natural gas. An exemption clause relieving the first 150 million feet for each producer for each three months, it is claimed, will have the practical effect of relieving Texas consumers of any additional tax burden. The obvious purpose of the bill is to realize revenue from gas exported to northern and eastern states.

Natural gas at present pays a gross production tax of 2 cents. The proposed bill would heavily increase this tax on exported gas. Backers of the bill claim 81 per cent of gas marketed from the Panhandle goes to the north and east. They also claim that the proposed 2-cent tax would yield, based on 1932 consumption, more than \$1,700,000 annually, compared with about \$120,000 paid in gross receipts last year. A State budget of less than \$30,000,000, as compared with an eight-year average of \$45,000,000 and last year's figure of \$42,000,000 is in prospect, if re-

ductions recommended by the House appropriations committee is finally approved. Judiciary, eleemosynary and departmental appropriations have been finished in committee. College heads have been instructed to bring in recommendations for 35 per cent reductions in their budgets. Educational appropriations are incomplete.

Efforts to abolish eight State colleges are apparently defeated. The Senate killed a bill to that effect. Institutions scheduled to close by the bill were teachers colleges at Denton, San Marcos, Alpine, and Nacogidches, John Tarleton at Stephenville, junior A. & M. at Arlington, C. A. I. at Kingsville and College of Mines at El Paso.

There were 10,443 beneficiaries of Confederate pensions on the 1932 rolls. Although there have been 12,243 deaths among pensioners since 1924, the number has dropped only from 12,897 to the figure for 1932.

Payments of the Confederate pensions have more than doubled since 1924, figures being \$1,764,000 for 1924, compared to \$3,562,000 in 1932. The increase has come by liberalizing pension requirements and increases in payments to individual claimants. In nine years the number of claimants decreased 11 per cent while payments were increased 100 per cent. The pension fund was \$2,825,000 in the red at the close of the last fiscal year.

The Comptroller's annual report, just issued, contains some very interesting figures. Tax rolls show horses and mules had an average valuation of \$18; cattle, \$12; jacks and jennets, \$17; sheep, \$1.79; goats, 94 cents; and dogs, \$14. Average value of land was \$9.61 per acre. Since only 5,500 dogs were rendered for taxation, tax assessors might hasten a solution of the tax problem by getting more dogs on the rolls.

The fact that local taxes comprise the greater portion of the tax bill of the average Texan is emphasized by the Comptroller's report. County tax rates average 90 cents for the entire State. The range is from 29 cents to \$2.70. Reeves county has the lowest rate and Duval county the highest. School and other special district taxes are not included. City taxes are also additional. The Comptroller has no record of these purely local taxes.

NATURES SIGN OF SPRING

By J. D. Stone

Ah! Spring is here, for yonder I see
The mockingbird sporting in
the cottonwood tree;
Singing his song loudly; so all
might hear,
Filling every heart with glad-
some cheer,
And down at my feet, in a

hurry mass.
Thousands of little brown ants
wind through the grass,
Now here, now there, with ne'er
A stop,
All diligently gathering the a-
bundant crop.
Yonder! See yonder! It takes a
sharp eye to see;
Mr. Fly ventures forth on a
mid-day spree.
But ere he sails through the
air; he carefully flings,
To the bright sunshine, his
glossy wings.
Ho! Mother Nature, I'm hard to
fool,
Don't hide from me your white
toadstool;
Put some in the open so they
can be seen,
And use the others to stud the
Green.

Sleepy Mrs. Daisy? Then why do
you droop?
Come! Dance once more at the
head of your troop.
Thirsty? My goodness, in this
cool breeze,
And the dewdrops falling as
thick as you please?
I'm glad to see you, Miss Violet,
with the purple hue,
It's hard to compare other
flowers with you.
Don't fold up your leaves with

shameful pride,
Like one who has long been
gone,
And receives a hearty welcome
when he returns home;
So we greet thee, Spring, with
A hail and cheer!
For we're glad to see this time
of the year.

OBITUARY

Mrs. Annie McAdams, age 26, of Vernon, Texas, died of pneumonia February 28, 1933. She was an active member of the Methodist church. She leaves to mourn her death the following: Husband and emal daughter Cathrine Hope, age 16 months. Parents Mr. and Mrs. J. M. Reynolds; sister Mrs. Pearl Moore, Mrs. Zella Frost, Miss Ophelia Reynolds of Vernon, Mrs. Fannie Tombs, of Medicine Mound; Mrs. Jessie Holden of Phoenix, Arizona; Brothers: Jack and Oliver Reynolds of Colorado, Texas.

Mrs. McAdams was a niece of Mrs. L. J. Williams of Bula. She has a host of friends and relative and friends in Lamb county who will be sorry to hear of her death.—Contributed.

SUDAN, SATURDAY, MARCH 18TH

At 2:00 o'clock p. m.

SEE THE
IRON MAN

World Famous Dare-Devil

And one of the FOREMOST STUNT PERFORMERS on the American continent will be in SUDAN to entertain you FREE of charge next SATURDAY afternoon promptly at 2:00 P. M. Starting on Main street.

When the IRON MAN arrived in SUDAN to show his wares, he was promptly CHALLENGED by the CONTINENTAL OIL CO. to pull a FULLY LOADED TRUCK of that NEW CONOCO BRONZE GASOLINE up the street with a rope around his neck. The IRON MAN accepts this challenge.

Not to be outdone, Mr. Doyle Morrow of the NATIONAL TIRE STORE says he dares him to try this load with a NATIONAL TUBE AROUND HIS STOMACH. The IRON MAN says he'll try that too. SO THERE YOU ARE. Now he is being assisted in these feats of strength by a NEW 1933 CHEVROLET FROM THE SUDAN MOTOR CO.

While the Iron Man entertains you with feats of daring and strength, he will be assisted in his health talk by the SUDAN DAIRY.

He will also bend cold iron in his iron jaws, and many other features. Do you think it possible for a human body to stand this terrific punishment?

Then be in SUDAN at 2:00 p. m. Saturday, as the guests of the firms whose names appear in this ad.

Do Your Part!

This editorial by Superintendent Ducas, taken from the Avalanche-Journal, gives us some encouraging thoughts. The Sudan parents, school board, and teachers urge everyone to give this article much thought and abide by it.

"This is a time when everyone will have to do his part in helping to reduce the costs of maintaining the schools. The depression has made it impossible for many people to pay their taxes, which renders it difficult for the school board to finance the schools. Up to the present time the efficiency of the schools has been maintained. This is due to the splendid spirit of sacrifice manifested by all concerned—parents, school board, and teachers. However conditions now are such that patrons, school board, superintendent, principals, teachers and pupils will have to work together even more earnestly if we maintain our present school standards.

"Students can do much to help maintain the efficiency of the work of the schools. They can conserve the energies of the teachers by always being agreeable, courteous and cooperative.

"Students can economize on paper, pencils, ink, and the other supplies they use, thus reducing the costs to their parents by wearing less expensive clothing. Children should remember that it is extremely difficult for the majority of parents to keep their children in school during these trying times, and reduce costs to them just as much as they can.

"Students of our school can join the rest of us in smiling in the face of difficulties and having the faith to believe that

good days will soon be here again. They can help by smiling in the face of the sacrifices they have to make and by realizing that every sacrifice they make, every hardship or difficulty they overcome makes it possible for them to overcome effectively the next one they meet. They should remember that the men and women who count in the world's life are those who have grown strong in the face of the burdens they have borne, the difficulties they have met, and the sacrifices they have made.

Sports

The season is now opening for tennis, vally ball, and baseball. Our school is helping to develop the body as well as the mind. In playing these games the student gets fresh air and sunshine. He also develops the muscles in his body. Every student in high school should take part in one of these sports. Let us make Sudan school stand above all the other schools in out door sports.

Trial In Government Class

The government class of Sudan High School has been studying crime. Along with this study a trial was planned.

The prosecuting attorney was Bernice Brothers while Arlie Beggs acted as defense attorney. Doyle Baccus was the accused. The charge was bank robbery and the murder of a peace officer.

Louise West, Catherine Carruth, Elbert Ford Ben O'Keefe, and Mary Luttrell composed the jury. The remainder of the students acted as witnesses.

The evidence was heard by jury and the jurors returned a verdict of guilty.

Miss Lewis, the instructor, plans to take this class to Muleshoe to attend a trial when one is held that would be of benefit to the students.

Debating Tournament

The public speaking class has for the past two weeks been engaged in a debating tournament, the finals were run off in chapel, March the 9th.

The subject which was involved was: Resolved that, postmasters should be elected by the popular vote of the people. Each student had a buddy and were buddies during the entire tournament. There were as follows:

First—Arlie Beggs and Bill Henson debated Mary Luttrell and Doyle Baccus in which

Mary Luttrell and Doyle Baccus were the winners.

Second—Winifred Wells and Chanle Cartwright debated Kathryn Wilson and Ellen Burnham in which Kathryn Wilson and Ellen Burnham were the winners.

Third—Blanche Fowler and Allene Scoggins debated Clara Mae Fisher and Edith Gann in which Clara Mae Fisher and Edith Gann were the winners.

Fourth—Ouida Townsend and Weldon Shaffer debated Jaunita Pierce and Boyd Breedings in which Ouida Townsend and Weldon Shaffer were the winners.

Then in the semi-finals Mary Luttrell and Doyle Baccus debated Kathryn Wilson and Ellen Burnham in which Kathryn Wilson and Ellen Burnham were the winners. In the finals Ouida Townsend and Weldon Shaffer debated Kathryn Wilson and Ellen Burnham in which Kathryn Wilson and Ellen Burnham were the winners.

Winifred Wells summed up the debates and gave a flowery speech and presented the winners with a grand prize. A beautiful tin drinking cup. The names of the winners will be engraved on the cup soon. Ellen Burnham gave a wonderful appreciative speech in return.

These debates have been the most interesting feature of this term. The public speaking class is preparing for another tournament.

Betty Goodall of Amarillo has entered school as a freshman.

Agnew Adams of Amarillo has entered school as a sophomore.

Dean and Charles Simmons are moving to California this week.

Junior Party

The juniors were entertained by a Hoover party at Margaret Dean's home last Friday night.

All the boys wore overalls and the girls wore print dresses. Refreshments of punch and sandwiches were served to the following: Louise West, Margaret Dean, Lena Ruth Harris, Catherine Carruth, Doris Malone, Domicile Nuttall, Louise Shaffer, Pearl Carter, Maxine Barnes, Letha Belle Shafer, Ople Shafer, Nell Walker, Mavis Terrell, Mary Slaughter, Lucille Wright, Charles Simmons, Dorrell Malone, H. B. King, Bill Liston, Miles Lumpkin, Earnest Nowell, Doyle Baccus, Gilbert Cocca-naugher, Clyde Robertson, Truman Parrish, Mr. Smith and our sponsors, Miss Bobo, and Mrs. Moore.

Boy Scout News

Boy Scouts of Troop 31 had a real treat last Tuesday night when they were the guest of Mr. Chesher at the show. The bill was "Young America." It was the finest type of show, for the boy scouts. Thanks, Mr. Chesher.

Sunday afternoon the Boy Scouts went horse back riding to Robertson's pasture south of town. A very thrilling game of "Capture the Flag" was played on horses. Jack Stone furnished plenty of amusement for the crowd with his donkey. What worried Jack most was getting back home; for Jenny decided she would lie down and take a nap just at the time the boys were leaving. The hike and horses was the most enjoyable one they have had. The troop plans a bicycle hike in a few days.

A court of Honor is held once a month. The scouts are working hard on advancements.

Grammar School News

Low First—E. R. Cartmill has reentered school and Mildred Lily is a new pupil.

The Low First grade pupils are working on the story telling contest for the Interscholastic League meet.

High First—Mrs. McKelvey reports almost 100 per cent attendance every day.

This week they are working on the story telling project for the County Meet.

Low Second—Alton Linton from Amherst is a new pupil in the Low Second.

High Third—Miss Lewis section of the High Third is studying birds and the room is adorned with pictures of beautiful birds of all kinds.

J. C. Withrow who is in Mrs. Dodgen's section is in the hospital at Lubbock with a broken arm.

Mrs. Dodgen's room gave the assembly program Wednesday. Mrs. Dodgen says that the junior baseball teams are doing splendid work.

High Fourth—The high fourth have held another health election.

They have received answers from the different places that they wrote to for pamphlets. This a project they have been working on for quite a while. The letters were written in English class and the pamphlets received are used for Geography.

J. W. Love brought the high fourth a new letter box.

Low Fifth—Rosa Lee Powell, Waunita Moore, and Alma Ruth Hardcastle entered the declamation contest.

High Fifth—Zeb Payne has returned from the Rio Grande

valley.

High Sixth—The high sixth has made some very good geography notebooks which contain panels on history, occupation, and landscapes. The fronts of the notebooks were made after a lesson in lettering, design, and pleasing use of margins. The geography class is now started on a unit of work on Europe. They have illustrations and outside readers on Europe to aid them in this study.

Low Seventh—Mattie Maye Neagle is back in the low seventh grade now.

Mr. McElreath's room enjoyed the debate in assembly Wednesday because the class has been studying the different phases of government and taxation in civics.

In a study of graph making in arithmetic, the pupils of the low seventh made graphs of their history grades. The best appearing one was on the board, then any pupil may see how he stands, whether he is below or above the average. They have some very good graphs and all seemed to be interested in this type of work.

Mr. Butts says—That the sixth and seventh had a chapel program Wednesday; the high seventh furnished the program.

CHICKENS TURKEYS

Give Star Parasite Remover in their drinking water and disinfect all nests and roosts by spraying each month; it will destroy disease-causing germs, worm rid fowls and the premises of all lice, mites, fleas and bluebugs, tone their system, keep them in good health and egg-production and prevent loss of baby chicks. Begin its use now. Germs and worms always come with the hatching season. No trouble to use, cost very small and your money back if not satisfied. For Sale at Ramby's Pharmacy.

NOTICE!

On account of conditions it is necessary for me to discontinue my regular trips to Sudan and from this date, I will spend all of my time at my office in Littlefield.

GRACE BEAUTY SHOPPE

TOWN and COUNTY

Mrs. J. C. Barron, Mrs. C. M. Furneaux and Mrs. G. A. Foote attended a bridge party at the home of Mrs. C. E. Cooper in Littlefield, the first of the week.

Mrs. Ovie Teal, who has been visiting her mother in Fort Sumner, New Mexico, returned to her home in Sudan the first of the week.

Mr. and Mrs. Chris Furneaux, Mr. and Mrs. W. O. Wright, Mr. and Mrs. Edgar Wright, Dr. G. A. Foote, L. E. Slate, and Mr. and Mrs. R. E. Thomas, of south of town, were called as witnesses in the Ballard case. The case was continued until the June court.

V. C. Nelson returned from a business trip to Amarillo the first of the week.

Dan Welch has returned from a visit with his parents at Medicine Mounds.

Mr. and Mrs. Zeb Payne and children have returned from a visit in South Texas.

Miss Bartie Lee Butts who is attending the Technological College in Lubbock, spent the week end with her brother, Hubert Butts.

Mr. and Mrs. R. E. Doss spent Tuesday in Ralls with relatives.

Mrs. Herman Lyle who underwent an operation several weeks ago for double mastoids, was able to visit with her family in Sudan Monday. She returned to Lubbock where she is still under the care of a physician, but hopes to soon be able to return home permanently.

Mr. and Mrs. G. D. Sharrock spent Sunday in White Deer with Mrs. Sharrock's parents Mr. and Mrs. J. S. Earp.

The Fire Boys of Littlefield entertained the Sudan and Amherst Fire Boys Monday night with a barbecue at Littlefield. After the feast the boys were taken to the Theatre and enjoyed a good picture.

Mr. and Mrs. Coral Miller of Amarillo have been visiting in the F. E. Miller home.

New Oil Saving Device

This device when installed on your Ford will stop the rear main bearing from leaking out the oil, and will in turn make you think more of your Ford than you have heretofore.

We guarantee that this device will stop the rear main bearing from leaking oil; also it will let the fumes out over on the opposite side of the motor, so you wont be bothered with the smell of burnt oil, which at present comes out through the breather cap and up through the brake peddles.

A. C. PHILLIPS
Patent Applied For.

When you come to Sudan Saturday to see The Iron Man, World Famous Dare-Devil, don't fail to visit our store and take advantage of the many bargains we are offering that day.
