No. 34

FINAL REPORT GIVEN ON LAMB GINNINGS

J. W. Hoppings, special agent for the Department of Commerce in reporting ginnings in Lamb county, has finished his work for the past season and reports to the Department that the county ginned 61,776 bales of cotton.

This report shows all gins total run in the county to date. Last season up to this time of the report, March 31, 1933, the county had ginned a total of 79,470 or, a difference from last years crop and this years, of 17,694. This decrease of cotton for the county was due to hail and drouth principally. Lubbock led the South Plains this year with about 92,000 bales.

Bailey county ginned for the season 12,473 bales, compared with 21,919 bales for 1931-32 crop.

LEAGUE OF UNEMPLOYED

We the members of this League greatly thank the farmers of this county for the help and kindness they have shown in helping the unemployed of Sudan. Everything given was greatly appreciated and we thank you all. We also, want to thank the business men of Sudan for the kindness and respect they have shown the League. We feel, with their backing, we will do others good as we would have them do unto us.

W. H. Whiteley, Member.

YOU ONLY HAVE A FRIEND (J. D. Stone)

Life might be hard; still harder to blend.

With the laws that govern each man.

But if it's this way, and you have a friend,

These troubles you are sure to disband.

When you are bearing every woe that any being might send,

And you are feeling melancholy and blue;

Just drop all care, and chat with a friend,

You'll be surprised at what he can do.

Tell him your sorrows, of present and past;

His spirits you can't overwhelm,

He will stand staunch even to the last,

Like a helmsman to the helm.

Centuries may come, and centuries may go,

Great rocks may crumble to dust;

But Time in its patience, is even too slow.

To steal away a true friend's trust.

I had rather be weighed and thrown in the sea.

Than his sincere good faith to offend.

For who can take his place or even be,

Like your true associate and friend?

FARM NOTES

Planting time will soon be here, and in order that you have not smut in your grain sorghums next fall, planting seed must be treated. Use copper carbonate, ceresan at the rate of 3 oz per bushel of planting seed for grain sorghums. 3 oz. is approximately a heaping tobacco can full. Put seed in a carbinde can, old cream can, or barrel, then pour copper carbonate over seed, and roll until every seed is covered with the dust. Do not wet this is a dry treatment. This can be obtained at most drug stores.

A great help in preventing grape leaf hoppers is cleaning up sorghum stubble in fence rows, for these are the hibernating places. The first infestation will be light, and probably show up about June, and the use of Black Leaf Forty at the rate of 1 teaspoonful to the gallon of water to help control them. This is a contact poison, and must get on the insects.

Plans for all kinds of farm buildings can be obtained at the county agents office.

Roy McQuatters, Jr., of Spade 4-H Club reports 820 lbs of gain on his two calves. Initial weight was 1645 lbs. These calves consumed 4384 threshed grain at \$2.50 per hundred; 750 lbs cotton seed meal at a total cost of \$7.50; 2000 lbs bundles \$1.00 per ton; 39 lbs Limestone worth 50c; and total grinding expense was \$8.22. Total expense feed and grinding \$24.34. These calves sold at Lubbock--one weighing 875 lbs. for 6c and the other 770 lbs at 5 1-2c, making a total income for his gain of \$47.29. Hauling expense was \$1.25 leaving a profit of \$21.70. Average daily gain was 2.1 lbs. daily and feed cost was \$2.96 per hundred.

Merrill Brigrance of Olton reports 1890 lbs gain on five calves. These calves consumed 14,655 lbs whole heads, 1305 lbs. of meal and cake; 600 bundles,

\$1.15 worth of pasture \$2.26 worth of limestone and other miscellaneous expenses making a total feed bill of 41.83. These calves were fed unground feed with plenty before them all times. Total income for the gain was \$102.84. One half of hauling expense at \$1.75 per head was \$4.87, leaving a profit of \$56.09. Average daily gain per calf was 1.91 per day, and feed cost per pound of gain was \$2.21 per hundred.

Golden Benton of Sudan, Roy Bryan McQuatters, Merrill Brigrance, and others are getting calves this week from John M. Gist of Midland to feed for next year.

4-H Club Boys Sell Beef Calves at Quality Meat Show in Lubbock

Thirty-nine Lamb County 4-H Club boys and vocational boys received a total of \$1538.25 or an average of 17.72 per head in come for the gain on 92 calves fed by them on a cooperative agreement with the Haisell Cattle Co., of Amherst, states D. A. Adam, County Agent.

Ninety-four calves were received by the boys on September 8, at an average weight of 456.6 pound per head. These calves were fed 197 days, with an average feed bill of \$9.46 per head, including heads, threshed grain, bundles, limestone, cotton seed and cotton seed meal. Calves sold at an average price of \$5.33 per hundred, with a sale weight after 24 hours shrinkage and a three day show at Lubbock of 754.7 lbs. making a total income per calf of \$40.22. These calves fed by the boys showed a total average gain per calf of 298.1 lbs per calf and a daily average gain per calf of 1.54 lbs per day.

Jesse Money of the Spring Lake 4-H club showed real spirit when he took two calves to feed last fall, with no equipment at all, being a tenants son; and having to haul water for his two calves two miles every day, and then when the county show was held, this boy led out the grand champion calf weighing 790 lbs

Roy Bryan McQuatters of Spade club reported the heaviest gain for a boy feeding two calves or less, with a total gain of 820 lbs. on two calves with a net daily gain per calf of 2.1 lbs after shrinkage and showing at Lubbock. Feed cost per pound of grain was \$2.06 per hundred. This boy fed ground

NOTICE ALL CAR OWNERS

The city officers have been instructed by the city commission to see that the traffic laws are enforced. Car owners are asked to go to the end of the block or to the barricade to make their turn and park on the right hand side of the street. This applies to the block between first and second avenues on main street. We especially request the citizens of Sudan, Texas to cooperate with the city commission. We are not desirous of accessing and collecting fines, but please don't insult or abuse our local officers if they correct you in a friendly way. If the city officers are abusive to you, kindly report same to the Mayor.

To The Local Doctor,
Sudan, Texas.

Dear Doctor:

The facts, as near as I recall them in the case of the broken arm, were stated in my answer to your pipe dreams. As you know I was out of town at the time of the accident and it is possible that I could have missed some of the facts of the case; but, I stated them as they came to me.

As to calling one or more of the other Sudan Doctors, I did not do this because I considered you and your assistant as efficient on this case as either of the other Sudan Doctors.

I believe that you should talk to the Local Merchants before you form any opinion about the amount of money spent by me for local charity.

In answer to the questions you asked in your last letter I will say that the County Records at Olton, Texas contain the answers to all of these and they are open for inspection at any time by any tax payer of Lamb County. I invite you to inspect them at your leisure.

Yours truly,
C. A. Daniels, Commissioner

LADIES BIBLE CLASS

The Ladies Bible class met with Mrs. T. Fife on Tuesday afternoon with fifteen ladies present to enjoy the interesting discussion on Daniels Visions. Mrs. Fred Johnson was leader for the afternoon, with Mrs. Townsend leading the devotion.

We missed our dear sister, Mrs. Dill and our prayers are for her speedy recovery.

Next Tuesday we meet at the church, with Mrs. Matheny as leader.—Reporter

LOCAL BOY GETS PHILLIPS AGENCY

During the latter part of last week, Walter Grissom, local boy who is well and favorably known to the people of the Sudan trade territory secured the agency for Phillips "66" and took charge immediately upon closing the deal. Mr. Grissom has secured the service of Leonard Payne and Horace Swindell, both well known young men of Sudan, and with this competent help he hopes to build up a patronage of far reaching, for that well known Phillips "66" gas and oils. Walter and the boys invite you to call at their station or the whole sale station for the kind of service you are looking for in these products.

threshed grain, cotton seed meal, and bundles.

Merrill Brigrance of the Olton club reported with largest gain for a boy who fed five calves or more with a total gain on his five calves of 1890 lbs, averaging 378 lbs per calf, making a daily average per calf of 1.91, after shrinkage at the Lubbock Show. Feed cost per pound of gain was \$2.21 per hundred. This boy fed whole heads, cotton seed meal and cake, and bundles.

Lamb County 4-H Boys have already signed up for 75 calves, and it is estimated by the County agent that there will be 100 calves on feed in this county this year.

HESITATE BEFORE YOU BRING LIQUOR BACK.

Extracts from an address by the great Southern orator and statesman, Henry W. Grady, at Atlanta, Ga., in 1887.

This sounds like a message of this morning rather than 46 years ago. It is the same old slimy serpent, yesterday, today and forever trying to deceive and destroy all humanity.

The Message

"My friends hesitate before you vote liquor back now that it is shut out. Do not trust it. It is powerful, aggressive and universal in its attacks.

Tonight it enters an humble home to strike the roses from a woman's cheek. Tomorrow it challenges this Republic in the halls of Congress. Today it strikes a crust from the lips of a starving child. Tomorrow it levies tribute from the Government itself. There is no cottage humble enough to escape it, no place strong enough to shut it out. It is flexible to cajole but merciless in victory. It is the mortal enemy of peace and order. It is the despoiler of men, the terror of women. It is the cloud that shadows the faces of children. It is the DEMON that has dug more graves and sent more souls unsaved to judgement than all the pestilences that have wasted life since God sent the Plagues to Egypt, and all the wars that have been fought since Joshua stood beyond Jericho.

Oh, My Countrymen, loving God and Humanity, do not bring this grand old country again under the dominion of that power! It can profit no man by its return. It can uplift no industry, revive no interest, remedy no wrong. You know it cannot. It comes, to destroy, and it shall profit mainly by the ruin of your sons and daughters, or mine. It comes to mislead human souls, and to crush human hearts under its rambling wheels. It comes to convert the wife's love into despair, and her pride into shame. It comes to still the laughter on the lips of little children. It comes to stifle all the music of the home and fill it with silence and desolation. It comes to ruin your body and mind. It comes to wreck your home. And it knows that it must measure its prosperity by the swiftness and certainty with which it wrecks.

NOW WILL YOU VOTE FOR IT?

ORGANIZE MISSIONARY SOCIETY MONDAY

The young women of the Methodist church met Monday afternoon at 4:30 to organize a Missionary Society. The society is to be known as Circle No. 2. Fifteen women were present. The following officers were elected: Mrs. Chris Furneaux, president; Mrs. J. C. Barron, vice president; Mrs. Joe Salem, secretary-treasurer; Mrs. H. B. Teal, corresponding secretary; Mrs. Ves Terry, superintendent of study; Mrs. Bert Dryden, agent for the Voice.

After business session refreshments were served by Circle No. 1.

The Sudan Home Demonstration Club will hold a food sale each Saturday at the Sudan Produce.

Merely selling foodstuff at low prices is not our idea of good business—But to sell good foods at prices no higher than asked for inferior grades is an achievement which we think constitutes a good business policy—That is a policy inaugurated at this store when it was founded—and it is the policy that prevails today.

How to get to **SLEEP**

When you can't sleep, it's because your nerves won't let you. Don't waste time "counting sheep." Don't lose half your needed rest in reading. Take two tablets of Bayer Aspirin, drink a glass of water—and go to sleep.

This simple remedy is all that's needed to insure a night's rest. It's all you need to relieve a headache during the day—or to dispose of other pains. Get the genuine tablets of Bayer manufacture and you will get immediate relief.

Bayer Aspirin dissolves always immediately—gets to work without delay. This desirable speed is not dangerous; it does not depress the heart. Just be sure you get the genuine tablets stamped thus:

NOTICE!

On account of conditions it is necessary for me to discontinue my regular trips to Sudan and from this date, I will spend all of my time at my office in Littlefield.

Six weeks examination week again! Why do we have to worry over exams?

Were you ever in a close place with a crowd—and all the time you couldn't breathe good or see anywhere for the mob around you? That is exactly the way you feel about exam week—each week you can't breathe good and can't see beyond the exams. We could make exam week easier for us if we would study more and know our lessons each day so that the exam week wouldn't be so hard. Let's all resolve to make the next exams easier by studying each day.

This six weeks will determine many things, so let's work hard and meet our goal.

WHO'S WHO OF THE SENIORS IN S. H. S.

Bernice Brothers.

Everyone in Sudan High School knows the president of the Senior class and one of the most popular boys in school, Bernice Brothers. He is a good sport, taking part in many athletics and also in debating. He is the future lawyer of Sudan and Mr. Branch says that he will be a good one.

Mary Luttrell. The most outstanding thing about Mary Luttrell is her exceptional good grades. It's only natural for her to be Valedictorian. She has always led the classes and in our "Who's Who Contest" she was voted the smartest girl.

James Ivey. James Ivey is one of Sudan's outstanding students because he belongs to the "Boyal Society," so he says, and Mr. Whittle says that only the smartest people belong to this society. People who didn't know him might think that he couldn't debate but he's "a good one" when it comes to debating and wise cracking."

Sophia. Sophia Salem has a very high rating in her school work, as well as among the students and teachers of Sudan High. Sophia's one weakness seems to be in the love for chewing gum and being locked in the school building.

Arlie Beggs. Arlie Beggs is Sudan's extempore speaker, having won second at the county meet. This tall, and studious Senior is recognized by all of his classmates by his good grades and sportmanship.

Ethel Alexander. Ethel will always be remembered in S. H. S. for her athletic ability and especially for the accuracy with which she can shoot those goals. She is a good sport and you never see her mad on the basket-ball court.

On the other hand she will be remembered for her studious attitude in her work—always interested and doing her best.

PERSONALS

Mrs. Ware, Miss Shaffer, and Miss Jinkins spent Saturday in Lubbock.

Frances Brewster and Myrtle McLarty were in Lubbock Saturday.

Kathryn Wilson spent Saturday night and Sunday with Louise King.

Ellen Burnham spent Sunday in Clovis, New Mexico attending the show.

Lols Stotts spent the week-end with Gladys Barnett.

and Chris Jacobson spent Saturday nite and Sunday with H. B. King. They are from Hereford.

Agnew Adams spent the week-

end in Amarillo.

NEWS ITEMS FROM SUDAN GRADE SCHOOL

Mr. McElreath had very interesting report to give me about the low seventh. They have staged a debate on the question, "Resolved, That voters should have an education equivalent to a primary teacher." Amos Tropp and Mildred Doty defended the affirmative while Frances McKinley and Ralph Roper had the negative. The negative. The negative won the debate. The members of this class have written some dialogues and intend to act the best one which was written by Joyce Stone about some negroes.

When I entered the high sixth, the first thing that attracted my attention was a beautiful fish bowl with marbles and pretty shells and rocks and one tiny gold fish. Miss Branch told me that the members of the class contributed money to buy the bowl and bought the marbles and shells from home. They are now contributing fish and expect to have a bowlful to show next week.

The high fifth is mourning the loss of a member, Zeb Payne, who has withdrawn and is moving to Fort Sumner, New Mexico. Mrs. Mays also reports that Ben Oglesby spent the week-end visiting in Lubbock.

I learned that the high fourth had received their writing papers which had been sent to Oklahoma City for grading and that the following are entitled to certificates: Aubrey Erle Fife, Jackie Reese, Durwood Ramsey, Loree Alva Jean Clayton, Agatha Barnett, Lorena McAdams, Edith Flynn, Corrine Stenson, Clodele Hodge and Austin Bills. This class held their regular health election, electing Lois Alexander, Governor, and Lorene Ray, Alma Lee Pickett, Dorothy Benton, Wilma Jean Kittley and Agatha Barnett, Representatives. Edith Flynn has returned to school after a few days absence. Clinton Baker who has been absent a week also returned Monday The

high fourth have received reading charts by which the progress of each pupil can be judged in silent reading.

Lavelle Moore of the low fourth has been visiting in Morton. Everyone is very sorry to hear of the misfortune of Wanda Dill of the high third; her shoulder was broken in an automobile wreck, Sunday.

J. C. Withrow who is in Mrs. Dodgen's section of the high third went to Lubbock last week to have his arm inspected which was broken several weeks ago. Mrs. Dodgen's class had the program Wednesday and they certainly had Indians and Negroes galore.

The high second is proud that Dorothy Mae Flynn is able to return to school. She has been out several days with sore eyes. Mrs. Ware says that the class is starting plans for Easter.

The low third is rejoicing over receiving a letter from their classmate, Lee Royce Crump, who moved away some time ago. Katherine Dean has been ill.

Mrs. McKelvey certainly has a room full, being an average of 47 present every day in the high first. The class is working on a very pretty Easter program, decorating the room with rabbits.

The low first is working on projects for Easter. Leonard DeLoach has been out of school two weeks.

HERE YA' ARE FOLKS!

1. Does Ellen Burn-ham? And how!
2. When does Clyde Whittle? We hear in biology class on frogs and cats.
3. Who are Bernice Brothers? They are all sisters.
4. Is H. B. King? Well, that's news to us, King of what we wonder.
5. So Jack is a Fisher, we suppose he catches whales.
6. They say Winfred is Well, we are glad to hear that.
7. So Gladys Boyles, we

didn't realize she had a temper.

8. Did you say Eunice is More, more what we wonder.

9. Did you ask if Eloise is Week? Yeah, guess so.

10. Does Kathryn Hunt? Yeah "Bill."

11. Who does Juanita Pierce? 12. Is Eldon worth Nichols, well several of 'em!

13. Why is Edgar White? We all wonder that.

14. Arlie Beggs? You don't say.

15. Does Sophia Salem? And how!

16. Does Mary Slaughter? We wonder what.

17. Did you know Ag-new Adam? He must be an anti-que.

18. So Ludy May-May do what?

19. Do think Kathryn is Wilson? No, his daughter.

20. Pauline Potts! Yeah, potts flowers of all kinds.

21. James Ivey—We wonder if he's poison.

22. Harland Barnes! Horse or cow?

3 RULES big help to BOWELS

What a joy to have the bowels move like clockwork, every day! It's easy, if you mind these simple rules of a famous old doctor:

1. Drink a big tumblerful of water before breakfast, and several times a day.
2. Get plenty of outdoor exercise without unduly fatiguing yourself.
3. Try for a bowel movement at exactly the same hour every day.

Everyone's bowels need help at times, but the thing to use is Dr. Caldwell's Syrup Pepsin. You'll get a thorough cleaning-out, and it won't leave your insides weak and watery. This family doctor's prescription is just fresh laxative herbs, pure pepsin, and other helpful ingredients that couldn't hurt a child. But how it wakes up those lazy bowels! How good you feel with your system rid of all that poisonous waste matter!

Nicknamed! that's what happened

THE contest for a name and slogans for Conoco's new gasoline is over. The winning name and slogans have been selected and awards made to the contestants listed here.

More than half a million good friends tried sincerely to help us, and we are grateful to all of them for the names and slogans sent us, each of which had a careful reading and consideration.

Even though we have selected and paid for a splendid name, we find we cannot use it or any of the many hundreds of good names submitted.

Here is what happened: Personality always wins a "nickname." We never thought of that in our anxiety to get a good name for an outstanding

gasoline. Bronze was used as a color to make this new gasoline distinctive and to protect our customers. It was liked by everybody—they, you, everybody called it Conoco Bronze. So, try as we might, we couldn't change now. It will always be known as Conoco Bronze. It had too much personality to avoid this popularity rating—"nicknamed!"

Therefore, conforming with contest rules, we are using a name of our own creation, the name used in all the contest advertisements—"Conoco Bronze"—even though it is not the name for which we paid \$5,000.

Each user of Conoco Bronze gets a perpetual prize of instant starting, lightning pick-up, greater mileage and power—for it is a great gasoline.

ANNOUNCEMENT

I am glad to announce that I have secured the Wholesale and Retail Stations of the well known PHILLIPS "66" Gas and Oils. These products are second to none in their field and give more service for the price than any other car or tractor necessities. I have secured the services of Mr. Lenord Payne and Horace Swindell, both local boys, and with their assistance I will be equipped to render the best of automobile service.

We are also equipped to give you a firstclass grease and wash car service, and invite you to try this part of our service for satisfaction.

You are no guessing—we are not guessing when you come to our station for automobile service. Our oils and Gasolines are highly refined products only, and sell for prices no higher than you would pay for less carefully selected grades.

Make our station your headquarters for automobile service of all kind. Complete satisfaction guaranteed.

BEAUTY PARLOR OPERATORS TO METT IN LUBBOCK APRIL 24, 25 and 26

A thousand beauty parlor operators are expected in Lubbock April 24, 25 and 26 for the second annual Wes-Tek New Mex Spring Beauty School and Equipment Show at the Hilton Hotel.

Both shop owners and operators from all parts of West Texas, Eastern New Mexico, and Western Oklahoma are being invited by Russell Morrison Company of Lubbock, sponsors of the show.

A dance honoring the visiting beauticians will be held each evening with special vaudeville entertainment.

A style show will climax the show with models exhibiting every popular style of hair dressing, dying, and eye brow and eye lash style.

FIVE LOCAL PEOPLE INJURED IN CAR WRECK

Mr. and Mrs. Paul Dill, and little daughter, and Mr. and Mrs. Ed Aryain and two sons, had the misfortune, Sunday evening, while returning from a visit to Clovis, New Mexico, of colliding with another car, driven by a Mr. Gammel of Clovis, in which five of the Sudan people were injured. Mrs. Dill received a fractured collar bone and was otherwise seriously injured. Mr. Dill suffered several minor cuts about the face and their little daughter's collar bone was broken. Mr. and Mrs. Aryain were not seriously injured; but were badly shaken up and Mrs. Aryain was badly bruised. Mrs. Dill and little daughter were taken to the Lubbock Sanitarium and late reports from the hospital are that they are both recovering nicely.

NICHOLS BUYS EARNEST GROCERY STOCK

A deal was closed the latter part of last week between C. H. Nichols and Mrs. J. P. Earnest, in which Mr. Nichols became the owner of the Earnest Grocery stock, and same has been added to the Nichols Grocery. The Earnest Grocery was established about three or four months ago, and was located in the Holden building.

DON'T SUFFER FROM SOUR STOMACH, INDIGESTION

Indigestion, acidity, heartburn and sour stomach often lead to serious stomach trouble. Dr. Emil's Adla Tablets counteract these conditions. Give quick relief. Ramby's Pharmacy.

It took 7 1-2 bales of cotton to run an average of 50 pounds per mattress for Hardsman county farm wives to make 77 mattresses at home by methods shown by the home demonstration agent. The mattresses cost an average of \$4.08 each and were valued at \$8.00.

Bosque county farmers and ranchers are turning to the tanning of hides instead of selling them for the low prices offered. Laces, harness leather, shoe soles, and rugs have been made the county agent reports.

It takes more than an armadillo to stem the tide of canning that has swept Texas. A 4-H pantry demonstrator in Jefferson county, Mrs. J. H. Robins of Amelia, has canned armadillo meat on her shelves. Her family say it is delicious.

"Syrup week" was recently celebrated in Crockett, with pure ribbon cane syrup accepted as legal tender for newspaper subscriptions and many kinds of merchandise. The quality of locally produced syrup has been steadily improved by the members of the Houston County Syrup Growers Association. The county agent says pointing out that shipments have made to all parts of Texas and many other states.

TEAM WORK COUNT BIG---

Hard Times may be HELPFUL, after all, for we are then all dumped together in one boat. All of us having our different and various troubles, we are more helpful to one another.

We learn that when our competitors prosper, we also may prosper. We learn that success comes through team work. Cooperation takes the place of competition very largely, for it is often a case of "all hang together or else be hung seperately," as Benjamin Franklin one time said. During these times of economical exigency it is a case of all of us having to buckle down and pull our share of the load.

This bank, now as always, is trying to do its share—and the more patrons we secure, the better we can serve you and the public generally.

LET'S ALL WORK TOGETHER. IT'S TO OUR MUTUAL INTEREST!

No. 34

FINAL REPORT GIVEN ON LAMB GINNINGS

J. W. Hoppings, special agent for the Department of Commerce in reporting ginnings in Lamb county, has finished his work for the past season and reports to the Department that the county ginned 61,776 bales of cotton.

This report shows all gins total run in the county to date. Last season up to this time of the report, March 31, 1933, the county had ginned a total of 79,470 or, a difference from last years crop and this years, of 17,694. This decrease of cotton for the county was due to hail and drouth principally. Lubbock led the South Plains this year with about 92,000 bales.

Bailey county ginned for the season 12,473 bales, compared with 21,919 bales for 1931-32 crop.

LEAGUE OF UNEMPLOYED

We the members of this League greatly thank the farmers of this county for the help and kindness they have shown in helping the unemployed of Sudan. Everything given was greatly appreciated and we thank you all. We also, want to thank the business men of Sudan for the kindness and respect they have shown the League. We feel, with their backing we will do others good as we would have them do unto us.

W. H. Whiteley, Member.

IF YOU ONLY HAVE A FRIEND (J. D. Stone)

Life might be hard; still harder to blend

With the laws that govern each man

But if it's this way, and you have a friend,

These troubles you are sure to disband.

When you are bearing every woe that any being might send, And you are feeling melancholy and blue;

Just drop all care, and chat with a friend,

You'll be surprised at what he can do.

Tell him your sorrows, of present and past;

His spirits you can't overwhelm,

He will stand staunch even to the last,

Like a helmsman to the helm. Centuries may come, and centuries may go,

Great rocks may crumble to dust;

But Time in its patience, is even too slow.

To steal away a true friend's trust.

I had rather be weighed and thrown in the sea.

Than his sincere good faith to offend,

For who can take his place or even be,

Like your true associate and friend?

FARM NOTES

Planting time will soon be here, and in order that you have not smut in your grain sorghums next fall, planting seed must be treated. Use copper carbonate, cerasan at the rate of 3 oz per bushel of planting seed for grain sorghums. 3 oz. is approximately a heaping Tobbaco can full. Put seed in a carbinde can, old cream can, or barrel, then pour cooper carbonate over seed, and roll until every seed is covered with the dust. Do not wet this is a dry treatment. This can be obtained at most drug stores.

A great help in preventing grape leaf hoppers is cleaning puv 'sugunad pjo 'usiqnqx jo dn fence rows, for these are the hibernating places. The first infestation will be light, and probably show up about June, and the use of Black Leaf Forty at the rate of 1 teaspoonful to the gallon of water to help control them. This is a contact poison, and must get on the insects.

Plans for all kinds of farm buildings can be obtained at the county agents office.

Roy McQuatters, Jr., of Spade 4-H Club reports 820 lbs of gain on his two calves. Initial weight was 1645 lbs. These calves consumed 4,384 threshed grain at \$2.50 per hundred; 750 lbs cotton seed meal at a total cost of \$7.50; 2000 lbs bundles \$1.00 per ton; 39 lbs Limestone worth 50c; and total grinding expense was \$8.22. Total expense feed and grinding \$24.34. These calves sold at Lubbock--one weighing 875 lbs. for 6c and the other 770 lbs at 5 1-2c, making a total income for his gain of \$47.29. Hauling expense was \$1.25 leaving a profit of \$21.70. Average daily gain was 2.1 lbs. daily and feed cost was \$2.98 per hundred.

Merrill Brigrance of Olton reports 1890 lbs gain on five calves. These calves consumed 14,655 lbs whole heads, 1305 lbs. of meal and cake; 600 bundles,

3.15 worth of pasture \$2.26 worth of limestone and other miscellaneous expenses making a total feed bill of 41.83. These calves were fed unground feed with plenty before them all times. Total income for the gain was \$102.84. One half of hauling expense at \$1.75 per head was \$4.87, leaving a profit of \$56.09. Average daily gain per calf was 1.91 per day, and feed cost per pound of gain was \$2.21 per hundred.

Golden Benton of Sudan, Roy Bryan McQuatters, Merrill Brigrance, and others are getting calves this week from John M. Gist of Midland to feed for next year.

4-H Club Boys Sell Beef Calves at Quality Meat Show in Lubbock

Thirty-nine Lamb County 4-H Club boys and vocational boys received a total of \$1538.25 or an average of 17.72 per head in come for the gain on 92 calves fed by them on a cooperative agreement with the Halsell Cattle Co. of Amherst, states D. A. Adam, County Agent.

Ninety-four calves were received by the boys on September 8, at an average weight of 456.6 pound per head. These calves were fed 197 days, with a average feed bill of \$9.46 per head, including heads, threshed grain, bundles, limestone, cotton seed and cotton seed meal. Calves sold at an average price of \$5.33 per hundred, with a sale weight after 24 hours shrinkage and a three day show at Lubbock, of 754.7 lbs. making a total income per calf of \$40.22. These calves fed by the boys showed a total average gain per calf of 298.1 lbs per calf and a daily average gain per calf of 1.54 lbs per day.

Jesse Money of the Spring Lake 4-H club showed real spirit when he took two calves to feed last fall, with no equipment at all, being a tenants son; and having to haul water for his two calves two miles every day, and then when the county show was held, this boy led out the grand champion calf weighing 790 lbs

Roy Bryan McQuatters of Spade club reported the heaviest gain for a boy feeding two calves or less, with a total gain of 820 lbs. on two calves with a net daily gain per calf of 2.1 lbs after shrinkage and showing at Lubbock. Feed cost per pound of grain was \$2.06 per hundred. This boy fed ground

NOTICE ALL CAR OWNERS

The city officers have been instructed by the city commission to see that the traffic-laws are enforced. Car owners are asked to go to the end of the block or to the barricade to make their turn and park on the right hand side of the street. This applies to the block between first and second avenues on main street. We especially request the citizens of Sudan, Texas to cooperate with the city commission. We are not desirous of accessing and collecting fines, but please don't insult or abuse our local officers if they correct you in a friendly way. If the city-officers are abusive to you, kindly report same to the Mayor.

To The Local Doctor,
Sudan, Texas.

Dear Doctor:

The facts, as near as I recall them in the case of the broken arm, were stated in my answer to your pipe dreams. As you know I was out of town at the time of the accident and it is possible that I could have missed some of the facts of the case; but, I stated them as they came to me.

As to calling one or more of the other Sudan Doctors, I did not do this because I considered you and your assistant as efficient on this case as either of the other Sudan Doctors.

I believe that you should talk to the Local Merchants, before you form any opinion about the amount of money spent by me for local charity.

In answer to the questions you asked in your last letter I will say that the County Records at Olton, Texas contain the answers to all of these and they are open for inspection at any time by any tax payer of Lamb County. I invite you to inspect them at your leisure.

Yours truly,

Next Tuesday we meet at the church, with Mrs. Matheny as leader.—Reporter

LOCAL BOY GETS PHILLIPS AGENCY

During the latter part of last week, Walter Grissom, local boy who is well and favorably known to the people of the Sudan trade territory secured the agency for Phillips "66" and took charge immediately upon closing the deal. Mr. Grissom has secured the service of Leonard Payne and Horace Swindell, both well known young men of Sudan, and with this competent help he hopes to build up a patronage of far reaching, for that well known Phillips "66" gas and oils. Walter and the boys invite you to call at their station or the whole sale station for the kind of service you are looking for in these products.

threshed grain, cotton seed meal, and bundles.

Merrill Brigrance of the Olton club reported with largest gain for a boy who fed five calves or more with a total gain on his five calves of 1890 lbs, averaging 378 lbs per calf, making a daily average per calf of 1.91, after shrinkage at the Lubbock Show. Feed cost per pound of gain was \$2.21 per hundred. This boy fed whole heads, cotton seed meal and cake, and bundles.

Lamb County 4-H Boys have already signed up for 75 calves, and it is estimated by the County agent that there will be 100 calves on feed in this county this year.

HESITATE BEFORE YOU BRING LIQUOR BACK.

Extracts from an address by the great Southern orator and statesman, Henry W. Grady, at Atlanta, Ga., in 1887.

This sounds like a message of this morning rather than 46 years ago. It is the same old slimy serpent, yesterday, today and forever trying to deceive and destroy all humanity.

The Message

"My friends hesitate before you vote liquor back now that it is shut out. Do not trust it. It is powerful, aggressive and universal in its attacks.

Tonight it enters a humble home to strike the roses from a woman's cheek. Tomorrow it challenges this Republic in the halls of Congress. Today it strikes a crust from the lips of a starving child. Tomorrow it levies tribute from the Government itself. There is no cottage humble enough to escape it, no place strong enough to shut it out. It is flexible to cajole but merciless in victory. It is the mortal enemy of peace and order. It is the despoiler of men, the terror of women. It is the cloud that shadows the faces of children. It is the DEMON that has dug more graves and sent more souls un-saved to judgement than all the pestilences that have wasted life since God sent the Plagues to Egypt, and all the wars that have been fought since Joshua stood beyond Jericho.

Oh, My Countrymen, loving God and Humanity, do not bring this grand old country again under the dominion of that power! It can profit no man by its return. It can uplift no industry, revive no interest, remedy no wrong. You know it cannot. It comes to destroy, and it shall profit mainly by the ruin of your sons and daughters, or mine. It comes to mislead human souls, and to crash human hearts under its rambling wheels. It comes to convert the wife's love into despair, and her pride into shame. It comes to still the laughter on the lips of little children. It comes to stifle all the music of the home and fill it with silence and desolation. It comes to ruin your body and mind. It comes to wreck your home. And it knows that it must measure its prosperity by the swiftness and certainty with which it wrecks.

NOW WILL YOU VOTE FOR IT?

ORGANIZE MISSIONARY SOCIETY MONDAY

The young women of the Methodist church met Monday afternoon at 4:30 to organize a Missionary Society. The society is to be known as Circle No 2. Fifteen women were present.

The following officers were elected: Mrs. Chris Furneaux, president; Mrs. J. C. Barron, vice president; Mrs. Joe Salem, secretary-treasurer; Mrs. H. B. Teal, corresponding secretary; Mrs. Ves Terry, superintendent of study; Mrs. Bert Dryden, agent for the Voice

After business session refreshments were served by Circle No. 1.

How to get to
SLEEP

When you can't sleep, it's because your nerves won't let you. Don't waste time "counting sheep." Don't lose half your needed rest in reading. Take two tablets of Bayer Aspirin, drink a glass of water—and go to sleep.

This simple remedy is all that's needed to insure a night's rest. It's all you need to relieve a headache during the day—or to dispose of other pains. Get the genuine tablets of Bayer manufacture and you will get immediate relief.

Bayer Aspirin dissolves always immediately—gets to work without delay. This desirable speed is not dangerous; it does not depress the heart. Just be sure you get the genuine tablets, stamped thus:

NOTICE!

New Oil Saving Device

This device when installed on your Ford will stop the rear main bearing from leaking out the oil, and will in turn make you think more of your Ford than you have heretofore.

We guarantee that this device will stop the rear main bearing from leaking oil; also it will let the fumes out over on the opposite side of the motor, so you won't be bothered with the smell of burnt oil, which at present comes out through the breather cap and up through the brake peddles.

Merely selling foodstuff at low prices is not our idea of good business—But to sell good foods at prices no higher than asked for inferior grades is an achievement which we think constitutes a good business policy—That is a policy inaugurated at this store when it was founded—and it is the policy that prevails today.

EDITORIAL

Six weeks examination week again! Why do we have to worry over exams?

Were you ever in a close place with a crowd—and all the time you couldn't breathe good or see anywhere for the mob around you? That is exactly the way you feel about exam week—all week you can't breathe good and can't see beyond the exams. We could make exam week easier for us if we would study more and know our lessons each day so that the exam week wouldn't be so hard. Let's all resolve to make the next exams easier by studying each day.

This six weeks will determine many things, so let's work hard and meet our goal.

WHO'S WHO OF THE SENIORS IN S. H. S.

Bernice Brothers.

Everyone in Sudan High school knows the president of the Senior class and one of the most popular boys in school, Bernice Brothers. He is a good sport, taking part in many athletics and also in debating. He is the future lawyer of Sudan and Mr. Branch says that he will be a good one.

Mary Luttrell. The most outstanding thing about Mary Luttrell is her exceptional good grades. It's only natural for her to be Valedictorian. She has always led the classes and in our "Who's Who Contest" she was voted the smartest girl.

Mary has her place on the stage we know, because she entered and won first place at County Meet in extempore speaking.

James Ivey is one of Sudan's outstanding students because he belongs to the "Boyal Society," so he says, and Mr. Whittle says that only the smartest people belong to this society. People who didn't know him might think that he couldn't debate but he's "a good one" when it comes to debating and "wise cracking."

Sophia Salem has a very high rating in her school work, as well as among the students and teachers of Sudan High. Sophia's one weakness seems to be in the love for chewing gum and being locked in the school building.

Arlie Beggs.

Arlie Beggs is Sudan's extempore speaker, having won second at the county meet. This tall, and studious Senior is recognized by all of his classmates by his good grades and sportmanship.

Ethel Alexander

Ethel will always be remembered in S. H. S. for her athletic ability and especially for the accuracy with which she can shoot those goals. She is a good sport and you never see her mad on the basket-ball court.

On the other hand she will be remembered for her studious attitude in her work—always interested and doing her best.

(To be Continued.)

NEWS ITEMS FROM SUDAN GRADE SCHOOL

Mr. McElreath had very interesting report to give me about the low seventh. They have staged a debate on the question, "Resolved, That voters should have an education equivalent to a primary teacher." Amos Tropp and Mildred Doty defended the affirmative while Frances McKinley and Ralph Roper had the negative. The negative won the debate. The members of this class have written some dialogues and intend to act the best one which was written by Joyce Stone about some negroes.

When I entered the high sixth, the first thing that attracted my attention was a beautiful fish bowl with marbles and pretty shells and rocks and one tiny gold fish. Miss Branch told me that the members of the class contributed money to buy the bowl and bought the marbles and shells from home. They are now contributing fish and expect to have a bowlful to show next week.

The high fifth is mourning the loss of a member, Zeb Payne, who has withdrawn and is moving to Fort Sumner, New Mexico. Mrs. Mays also reports that Ben Oglesby spent the week-end visiting in Lubbock.

I learned that the high fourth had received their writing papers which had been sent to Oklahoma City for grading and that the following are entitled to certificates: Aubrey Erle Fife, Jackie Reese, Durwood Ramsey, Loree, Alva Jean Clayton, Agatha Barnett, Lorena McAdams, Edith Flynn, Corrine Stenson, Clodele Hodge and Austin Bills. This class held their regular health election, electing Lois Alexander, Governor, and Lorene Ray, Alma Lee Pickett, Dorothy Benton, Wilma Jean Kittley and Agatha Barnett, Representatives. Edith Flynn has returned to school after a few days absence. Clinton Baker who has been absent a week also returned Monday. The

high fourth have received reading charts by which the progress of each pupil can be judged in silent reading. Lavelle Moore of the low fourth has been visiting in Morton.

Everyone is very sorry to hear of the misfortune of Wanda Dill of the high third; her shoulder was broken in an automobile wreck, Sunday.

J. C. Withrow who is in Mrs. Dodgen's section of the high third went to Lubbock last week to have his arm inspected which was broken several weeks ago. Mrs. Dodgen's class had the program Wednesday and they certainly had Indians and Negroes galore.

The high second is proud that Dorothy Mae Flynn is able to return to school. She has been out several days with sore eyes. Mrs. Ware says that the class is starting plans for Easter.

The low third is rejoicing over receiving a letter from their classmate, Lee Royce Crump, who moved away some time ago. Katherine Dean has been ill.

Mrs. McKelvey certainly has a room full, being an average of 47 present every day in the high first. The class is working on a very pretty Easter program, decorating the room with rabbits.

The low first is working on projects for Easter. Leonard DeLoach has been out of school two weeks.

1. Does Ellen Burn-ham? And how!
2. When does Clyde Whittle? We hear in biology class on frogs and cats.
3. Who are Bernice Brothers? They are all sisters.
4. Is H. B. King? Well, that's news to us, King of what we wonder.
5. So Jack is a Fisher, we suppose he catches whales.
6. They say Winfred is Well, we are glad to hear that.
7. So Gladys Boyles, we

8. Did you say Eunice is More, more what we wonder.
9. Did you ask if Eloise is Week? Yeah, guess so.
10. Does Kathryn Hunt? Yeah "Bill."
11. Who does Juanita Pierce?
12. Is Eldon worth Nichols, well several of 'em!
13. Why is Edgar White? We all wonder that.
14. Arlie Beggs? You don't say.

17. Did you know Agnew Adam? He must be an antique.
18. So Ludy May-May do what?
19. Do think Kathryn is Wilson? No, his daughter.
20. Pauline Potts! Yeah, potts flowers of all kinds.
21. James Ivey—We wonder if he's poison.
22. Harland Barnes! Horse or cow?

3 RULES big help to BOWELS

What a joy to have the bowels move like clockwork, every day! It's easy, if you mind these simple rules of a famous old doctor:

1. Drink a big tumblerful of water before breakfast, and several times a day.
2. Get plenty of outdoor exercise without unduly fatiguing yourself.
3. Try for a bowel movement at exactly the same hour every day.

Everyone's bowels need help at times, but the thing to use is Dr. Caldwell's Syrup Pepsin. You'll get a thorough cleaning-out, and it won't leave your insides weak and watery. This family doctor's prescription is just fresh laxative herbs, pure pepsin, and other helpful ingredients that couldn't hurt a child. But how it wakes up those lazy bowels! How good you feel with your system rid of all that poisonous waste matter!

Nicknamed! that's what happened

THE contest for a name and slogans for Conoco's new gasoline is over. The winning name and slogans have been selected and awards made to the contestants listed here.

More than half a million good friends tried sincerely to help us, and we are grateful to all of them for the names and slogans sent us, each of which had a careful reading and consideration.

Even though we have selected and paid for a splendid name, we find we cannot use it or any of the many hundreds of good names submitted.

Here is what happened:

Personality always wins a "nickname." We never thought of that in our anxiety to get a good name for an outstanding

gasoline. Bronze was used as a color to make this new gasoline distinctive and to protect our customers. It was liked by everybody—they, you, everybody called it Conoco Bronze. So, try as we might, we couldn't change now. It will always be known as Conoco Bronze. It had too much personality to avoid this popularity rating—"nicknamed"!

Therefore, conforming with contest rules, we are using a name of our own creation, the name used in all the contest advertisements—"Conoco Bronze"—even though it is not the name for which we paid \$5,000.

Each user of Conoco Bronze gets a perpetual prize of instant starting, lightning pick-up, greater mileage and power—for it is a great gasoline.

ANNOUNCEMENT

I am glad to announce that I have secured the Wholesale and Retail Stations of the well known PHILLIPS "66" Gas and Oils. These products are second to none in their field and give more service for the price than any other car or tractor necessities. I have secured the services of Mr. Lenord Payne and Horace Swindell, both local boys, and with their assistance I will be equipped to render the best of automobile service.

We are also equipped to give you a firstclass grease and wash car service, and invite you to try this part of our service for satisfaction.

You are no guessing—we are not guessing when you come to our station for automobile service. Our oils and Gasolines are highly refined products only, and sell for prices no higher than you would pay for less carefully selected grades.

Make our station your headquarters for automobile service of all kind. Complete satisfaction guaranteed.

BEAUTY PARLOR OPERATORS TO MEET IN LUBBOCK APRIL 24, 25 and 26

A thousand beauty parlor operators are expected in Lubbock April 24, 25 and 26 for the second annual Wes-Tek New Mex Spring Beauty School and Equipment Show at the Hilton Hotel.

Both shop owners and operators from all parts of West Texas, Eastern New Mexico, and Western Oklahoma are being invited by Russell Morrison Company of Lubbock, sponsors of the show.

A dance honoring the visiting beauticians will be held each evening with special vaudeville entertainment.

A style show will climax the show with models exhibiting every popular style of hair dressing, dying, and eye brow and eye lash style.

FIVE LOCAL PEOPLE INJURED IN CAR WRECK

Mr. and Mrs. Paul Dill, and little daughter, and Mr. and Mrs. Ed Aryain and two sons, had the misfortune, Sunday evening, while returning from a visit to Clovis, New Mexico, of colliding with another car, driven by a Mr. Gammel, of Clovis, in which five of the Sudan people were injured. Mrs. Dill received a fractured collar bone and was otherwise seriously injured. Mr. Dill suffered several minor cuts about the face and their little daughter's collar bone was broken. Mr. and Mrs. Aryain were not seriously injured; but were badly shaken up and Mrs. Aryain was badly bruised. Mrs. Dill and little daughter were taken to the Lubbock Sanitarium and late reports from the hospital are that they are both recovering nicely.

DULL HEADACHES GONE SIMPLE REMEDY DOES IT

Headaches caused by constipation are gone after one dose of Adlerika. This cleans all poisons out of BOTH upper and lower bowels. Gives better sleep, ends nervousness.

Lubbock, Texas, April—The latest development in the field of engineering from the making of rayon from wood and cotton to the measuring of electricity by means of heat will be exhibited and demonstrated at the fifth annual Tech Engineer's Show at the Texas Technological College, afternoon and evenings, Friday and Saturday, April 14 and 15.

The show is being held at the same time of the district Inter-scholastic League Meet in order that more high school students may be permitted to see the show.

"The show will be highly entertaining and interesting, as well as educational, both for adults and students," Preston Conner of Lubbock, general manager of the show, has announced. "High School students, yet undecided as to the profession they wish to follow and the type of courses to take when they enter college may get first hand information at this show regarding the field of instruction in the school of engineering, here or at any other recognized engineering college."

The Carlsbad Caverns, in miniature, might be the label for a miniature cave showing stalagmites and stalactites which the geological department will exhibit. The architectural department will have a mural painting of the modern "Eve in the Garden," the chemical engineers will burn air in gas and gas in air, while the civil engineers will test strength of material up to 200,000 pounds and resistance of brick paving to abrasion. Other interesting things and demonstrations will be included in the show by the nine departments of the Engineering School.

The show is staged entirely by the senior engineering students with the help of Junior. Sophomore and Freshman students in the engineering school. Personnel of students in charge of the show follow: Preston Connor, Lubbock, general manager; Don Wellenman, Amarillo, publicity manager.

Department superintendents follow: Carl McAdams, Gordonville, architectural; B. L. Man-

ire, Slaton, chemical; Arch King Lubbock, Civil, Arthur Waghorn Lubbock, electrical; J. O. Sanders, Big Spring, Geological; M. M. Burkett, Lubbock, engineering drawing; Alton Miller, Hereford mechanical; John Jacobson, Hereford, mechanical engineering shops; Ford Benham, Amarillo, textile engineering. Garnet Reeves, Publicity Mgr. Lubbock Chamber of Commerce.

NICHOLS BUYS EARNEST GROCERY STOCK

A deal was closed the latter part of last week between C. H. Nichols and Mrs. J. P. Earnest, in which Mr. Nichols became the owner of the Earnest Grocery stock, and same has been added to the Nichols Grocery. The Earnest Grocery was established about three or four months ago, and was located in the Holden building.

DON'T SUFFER FROM SOUR STOMACH, INDIGESTION

Indigestion, acidity, heartburn and sour stomach often lead to serious stomach trouble. Dr. Emil's Adia Tablets counteract these conditions. Give quick relief.
Ramby's Pharmacy.

It took 7 1-2 bales of cotton to run average of 50 pounds per mattress for Hardeman county farm wives to make 77 mattresses at home by methods shown by the home demonstration agent. The mattresses cost an average of \$4.08 each and were valued at \$8.00.

Bosque county farmers and ranchers are turning to the tanning of hides instead of selling them for the low prices offered. Laces, harness leather, shoe soles, and rugs have been made the county agent reports.

It takes more than an armadillo to stem the tide of canning that has swept Texas. A 4-H pantry demonstrator in Jefferson county, Mrs. J. H. Robins of Amelia, has canned armadillo meat on her shelves. Her family say it is delicious.

"Syrup week" was recently celebrated in Crockett, with pure ribbon cane syrup accepted as legal tender for newspaper subscriptions and many kinds of merchandise. The quality of locally produced syrup has been steadily improved by the members of the Houston County Syrup Growers Association, the county agent says pointing out that shipments have made to all parts of Texas and many other states.

TEAM WORK COUNT BIG---

Hard Times may be HELPFUL, after all, for we are then all dumped together in one boat. All of us having our different and various troubles, we are more helpful to one another.

We learn that when our competitors prosper, we also prosper. We learn that success comes through team work. Cooperation takes the place of competition very largely, for it is often a case of "all hang together or else be hung separately," as Benjamin Franklin one time said. During these times of economical exigency it is a case of all of us having to buckle down and pull our share of the load.

This bank, now as always, is trying to do its share—and the more patrons we secure, the better we can serve you and the public generally.

LET'S ALL WORK TOGETHER. IT'S
TO OUR MUTUAL INTEREST!
