RANGER
WITH
RON...
By Ronald Waters

OUR TELEPHONE was ringing off the hook! People called us after closing hours. Everyone, it seemed, was excited about identifying MRS. MAMIE RUTH HAMRICK, English and journalism teacher at Ranger College, and BILL ANDERSON, salesman at Anderson Chevrolet.

Anderson's picture was taken while he was in the Navy, in 1944. At least 35 people called at the Times office.

Now, for the benefit of some others who would like to join the fun—we state the rules.

1. Winner will be determined by a drawing. All persons correctly identifying each cut will have a chance to win.

2. Deadline (not set until now) is 3 p. m. each day before the paper comes out (on Monday, Wednesday and Friday).

3. A free name plate will go to the winner if he will pick it up at the Times office.

That's all there is to it—so, come one, and guess this one.

Last person to identify our cut of Bill Anderson and to win a name plate is...

DEAN HARRISON

NOW it's August 2—and time for my monthly predictions, concerning Ranger and area people. Fortunately, most of my predictions for July failed to materialize.

Well, here we go again. Street paving at RANGER COLLEGE will get well underway this month and continue into the next.

The Rogues will "elaborate" the Ministerial Alliance in a benefit game for the Jimmy Arrendale Hospital Fund, set Aug. 12. There will be lots of aches and pains on the part of the "Saints", but the "Sinners" will take it all in their stride and march over the Saints.

Some day, at the swimming pool, Richard Robie, Donnie Chestnut, Jimmy Barnett and Charlie De Los Santos will fail to show up—only due to the rain.

A grasshopper will land on the weak bridge, on Young St., and it will collapse into the creek.

Cars will continue to get rattled and all shook-up making "wash board" send off Hunt St. RAY LILLEY will have a record business as August grows hotter and hotter.

Death rates in Ranger will continue to be higher than birth rates. At least two high school boys will be injured in fall football work-outs and several Ranger College players will tape their ankles.

Some girls will stand up JAMES GERMANY some night!

ARTIE and MORRIS CAMPBELL will get underway redecorating and re-arranging their newly purchased Campbell Ford Sales, Inc.

DELBERT CAPPS will rush out to take a photograph and forget his flash bulb. (This could happen to me, too?)

During the third week in August, things will be deadlier than a dildrum in Ranger, and I will be muttering: "What a dreadful, dreary, dildrum day."

Dwaine Dennis, our shop foreman will spell Sen. Gonzalez' name 200 times as a sort of a "penance."

WILSON GUEST will add up a large group of figures—completely incorrectly—but will discover his mistake.

Since most of my predictions fail to develop (in the dark room or elsewhere I feel it safe to say again) that at least one tornado will be sighted in the county.

That's all for this time.

Lions Hear
Rev. Brown

Rev. Lively Brown, pastor of the First Methodist Church, spoke on "Happiness" before the Ranger Lions Club, Thursday noon.

Introduced by Lloyd Bruce, Rev. Brown began by saying, "Happiness is something we seek for and search for... yet we find it elusive."

He continued by pointing out that Americans are noted for mass production and their failure to find satisfaction in life.

Four causes of unhappiness were then, enumerated. Rev. Brown said that unhappiness was caused by (1) living too much for the future instead of living for today. This does not mean that we should not plan ahead, he added.

Unhappiness is caused by (2) searching too much for material possessions. Money does not bring happiness to everyone, Rev. Brown stated.

Unhappiness is created by (3) trying to make quantity a source of happiness, instead of quality. The fourth cause of unhappiness is letting society form opinions, instead of shaping the beliefs of society, said Rev. Brown in conclusion.

Cubs and Pirates Tie;
End Ranger's Season

In the last game of the season, the Cubs tied the Pirates (and the Pirates tied the Cubs) 24-24 in a Minor League action Friday night.

With the playing of two extra innings, baseball season came to an official end in Ranger. Only the Rogues remain to continue playing indefinitely.

Following the game, the boys were furnished refreshments by Mrs. Sammy Elder and Mrs. Winston Squires, at the ball park.

At the end of the fifth inning, the game stood at 24-24, and neither side earned a run in the next two innings. So—it was called a "stalemate" and everyone went home.

Pitching for the Cubs was Joe L. Jimenez. Pirates pitcher was a Derrel Swinney.

Outstanding players were Benji Elder (who gained four runs) and Derrel Swinney.

Outstanding scorers for the Pirates were Jerry Falls, who made three runs and no hits. Randall Mahaffey, with three runs and four hits; and Dowell Hartsfield, with three runs and one hit.

Making three runs for the Cubs were Ricky Squires, Dwight Dunn and Jimenez. Wayne Bennett and Johnny Williams made two runs, each.

Business Booms
At Post Office

"Business" was really booming at the post office Thursday as Rangerites rushed down to save on postage before the increase in postal rates.

Max Obr even mailed out a Christmas card to Dr. Douglas Mims, in order to save a penny.

Only twice before, in the history of the nation, had postage been raised. Once before, Airmail stamps had been decreased—but their value was quickly raised.

A good supply of four-cent Lincoln booklets, containing 24 stamps, and selling at 97 cents each, went on sale Friday.

Regular four-cent Lincoln stamps have been in issue for several years.

Also on hand at the local post office are three-cent Liberty postage stamps, seven-cent airmail stamps (to go on sale later), and re-valued envelopes.

New four-cent envelopes will go on sale, here, later.

About 6,000 one-cent stamps were purchased between Tuesday and Thursday—the biggest rush in years—in anticipation of raised postal rates.

Warrants Will
Be Issued Here

A second warning to parking violators in Ranger has been issued by Assistant Chief of Police Dan Butler.

Butler said that warrants for the arrest of notified violators with parking tickets would be issued next Wednesday. Fine for over parking is \$5 plus a \$2 warrant fee.

All parking violators have been notified.

Spanish Peanut Support
Price Is Set at \$209.60

Support price on 1958 South-east Spanish peanuts will be \$209.60, per ton, the United States Department of Agriculture announced today.

The loan price, which is the basis for buying in the Southwest as well as other areas, will be some \$9.00 below support or approximately \$200.60 per ton or \$3.008 per bushel.

The support price is below the national average, and again Southeast growers will be paid less

for their peanuts than growers in the Southeast and Virginia.

Support price on Virginia peanuts will be \$222.74. Southeast peanuts will be supported at \$218.28 and runner type peanuts at \$202.22. The national average will be \$213.20.

The \$213.20 average was announced March 31. Price differentials have just been announced, however.

The support price on peanuts grown in Eastland County is also lower than the recommendation

made by the industrial group, composed of representatives from all areas.

Southwestern Peanut Growers Association explained that peanut grower and sheller representative met in Washington July 22 in an attempt to reach agreement with respect to price support differentials.

"The price by types range both over and under the national average," the SWPGA pointed out. "Establishing these prices to conform to the national average is an administrative function of the USDA. However USDA officials asked for recommendation of the industry group. The following recommendations were adopted by the industry representatives in the recent meeting."

"Being unable to agree on any better basis of establishing price differentials on peanuts of various types, it was resolved that we support the recommendations of the Department as set forth in a bulletin dated July 10, 1958 and request that it be adopted for the 1958 season, with the further recommendation that a study be continued to determine method of determining differentials in 1959."

The July 10, USDA bulletin recommended Southwest peanuts be supported at \$210.30 per ton, Southeast peanuts at \$218.28 per ton, Virginia peanuts at \$222.74 per ton and runner peanuts at \$202.22 per ton.

A check shows that since the July 10 bulletin was released, the USDA further penalized Southwest growers to the advantage of Southeast growers.

When Those Saints Go Marching In—

Funds Will be Raised
In Benefit Ball Game

Members of the Ranger Ministerial Alliance are vacationing prior to strenuous work-outs for benefit game scheduled between the "Saints" and the "Sinners" (Rogues) on Tuesday, Aug. 12, at Little League Park.

On vacation this week are two members of the Alliance, and others are planning to take trips soon. Work-outs are expected to start the last part of this week.

Any men, interested in becoming "Saints", may contact Ronald Waters in Ranger to be signed up on the baseball team. Umpires are also needed.

The benefit game is being held to raise funds for the Jimmy Arrendale Hospital Fund Drive, now underway. Donations will be taken at the game.

Playing for the "Saints" will be Rev. Ralph Perkins, Rev. Ed Scarbrough, Rev. K. C. Edmonds, Rev. Mario Benitez, Rev. J. C. Atkins, Rev. Jack Barker, Rev. Bill Vaughn, Rev. J. E. Lamb, and Rev. Lively Brown, plus the recruits, Jesse Sutton.

"Sinners" will include Hayman Thomas, Tommy Edwards and J. Tyrone of Olden; Gerald Ables, Jimmy Jimenez and J. Dorsey McAlreath and Clinton Humphries of Eastland; and David Wharton, Jimmy Jimenez, J. Dorsey McAlreath, Ray Logan, Paul Hinds, Glen Herring, Randall Hoover, Terry Young, Alonzo Stevens and Charles White—all of Ranger.

There's water in Lake Leon, but don't press your luck a few steps away from shore.

The new Lone Cedar Country Club got a dry hole when they put down a \$2 foot well this week. Drilled by Bill Hoffmann, the well turned out much as others in the same general area have, powder dry.

That will mean that a filtration unit will have to be installed to process lake water which will be used for drinking purposes in the clubhouse.

Baseball season is finally over! Both senior and junior leaguers started off badly, but ended up playing good ball.

TEDDY NEELEY and RICHARD ROHBE were runners-up. All of these boys have done a fine job this season. DAVID LOCKWOOD was an outstanding pitcher for the junior leaguers.

ABOUT YOUR HEALTH

A weekly public service feature from the Texas State Department of Health.
 HENRY A. HOLLE, M.D., Commissioner

It will arouse the wrath of sun worshippers, but this must be said: The healthful effect of a sun-tan aren't worth the time and trouble it takes to get one. After all a sunburn—like any other burn—is a manifestation of a skin injury.

True, a sensible bask in the sun makes a fine mental pick-me-up, and there is no denying the supple appeal of a tawny lifeguard but to overdo it can lead to trouble. In fact it can kill you. More than one person has succumbed to prolonged and unaccustomed exposure to the sun.

Even at best, overexposure can mean two or three miserable days when a mere shirt or blouse is torture, and a friendly pat on the back can end in murder.

The medical term for sunburn is "erythema solaris." It's the ultra-violet light in sun rays which does the damage. And since clouds don't remove all ultra-violet rays, it is possible to get burned even on overcast days in mid-summer.

Some people are physically unable to tan. Known medically as "heliophobes," they could spend the entire summer on Padre Island, and all they'd get would be blisters on their blisters. The reason: Their skins lack the pigment necessary to produce the tan out. They never had a tan and they never will, so they ought never attempt one. Each new exposure will only mean a new burn.

Assuming you are the type who can tan—a "heliophilic" that is—the well-known rule about doing it by progressively longer exposure time is valid and should be followed.

Sunshine is a source of vitamin D, as most people know. What is apparently misunderstood is that ordinarily healthy persons suffering from pellagra, lung tuberculosis, high

people can get all the D vitamin they need through routine activities such as hanging out the family wash, mowing the lawn, or walking to the store.

blood pressure, or hyperthyroidism sunlight may be definite harmful.

In case you have wondered about the source of freckles, here's the answer: The color of everyone's skin is determined by the amount of pigment in skin cells. Dark complexioned people have considerable, blondes very little, and albinos none at all. Under a microscope the pigment in skin cells look like tiny flecks of brown paint. Sometimes, especially in children, it is manufactured unevenly and collect in the spots we know as freckles.

Ultra-violet rays can be filtered fortunately by smearing a thin film of olive oil over the exposed skin. So if you are a heliophilic, and if you have to have a golden sheen this summer, it might pay you to try it.

Christian Science

How strength and freedom are gained through understanding God, divine Love, will be a topic dealt with at Christian Science services Sunday.

One of the selections from the Bible in the Lesson - Sermon entitled "Love" is this from Matthew: "And Jesus went about all Galilee, teaching in their synagogues, and preaching the gospel of the kingdom, and healing all manner of sickness and all manner of diseases among the people" (4:23).

Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (454:18-23): "Love inspires, illumines, dignifies, and leads the way. Right motives give pinions to thought, and strength and freedom to speech and action. Love is priestess at the altar of Truth. Wait patiently for divine Love to move upon the waters of mortal mind, and form the perfect concept."

ed for the games with Baylor (Dad's Day), Arizona (Band Day) and Arkansas (Homecoming). The 1958 schedule will mark the first time since 1949 for Tech to meet a Southwest Conference opponent at Homecoming.

To make a total of five Southwest Conference opponents—most in history—on the Red Raider schedule, Texas Tech will also play Texas A & M in Dallas September 20, University of Texas in Austin Oct. 4, and Texas Christian in Fort Worth Oct. 11, all at night. The Red Raiders will meet five SWC opponents next year, also before launching official title play in 1960.

A more experienced team than last year's will face the schedule, toughest in Tech history. Compared with only nine returning lettermen in '57, a 3-8 season, Tech will sport 20 returnees this fall besides two letter winners from previous seasons.

Sports Corner—

(Continued from Page One)

guers would like to express their appreciation to DAVE PICKRELL and the ROTARY CLUB for sponsoring both teams throughout the season.

All the boys and managers appreciate it.

Last Monday night the Little League awards were presented to the Giants, for winning first place, and to the Indians, for taking second place.

Thanks to Premier Oil Co for donating the trophy and to Commercial State Bank for the plaque.

I'm sure all the people in town appreciate the team managers of Little League. An outstanding job was done by JOE COMACHO and JESSE RENTERIA for the Giants by MARCUS MATTHEWS and CURTIS BLACKWELL for the Indians. Also outstanding were LEWIS COX with the Dodgers, AARON HOWTON and RONALD CARROLL coaching the Yankees.

Looking forward to fall's football—will be Coaches HAROLD BAERETT, STUBBY WARDEN, and FRANK BEYERS at the high school. They won bi-district last year and looks like they'll have another good season—coming up COACHES DAVID SLAUGHTER and JIM PURYEAR from my home town, will coach at the college next year. Both coaches are expecting a really good season this year. They have a lot of weight on the line and a lot of speed in the backfield.

Will see you out at the games!

I've enjoyed writing the column so far this summer. But think I will call "time out" until fall work-outs start at the high school and college.

This is your Sports Corner friend, James Germany, saying that the next time I write—it'll be about the gridiron.

Serve Sweet Potatoes With Sausage Patties

BY DOROTHY MADDOX

Browned sweet potato halves go beautifully with sausage patties. They can be cooked together in same skillet.

Another good dish is potato and pea chowder. Canned peas are in abundant supply now and should be a budget item.

Jersey Sweets and Sausage Patties (Serves 4)

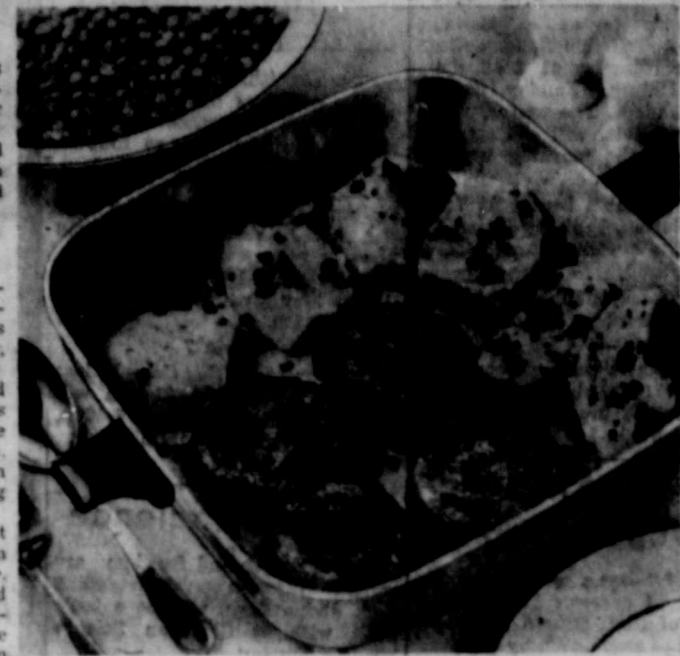

Three New Jersey sweet potatoes, boiling salted water, 3 tablespoons lemon juice, 3 tablespoons brown sugar, few grains nutmeg, 4 sausage patties.

In a kettle of boiling salted water cook the sweet potatoes until tender. Drain, peel, halve and place them on a shallow dish. Sprinkle the combined lemon juice, brown sugar and nutmeg over the sweet potatoes.

In an electric or heavy skillet cook the patties over medium heat until browned on one side. Turn and then add the halved sweet potatoes. Brown the patties on the other side and the halved sweet potatoes. Turn the sweet potatoes occasionally. Serve.

Pea and Potato Chowder

Four tablespoons ham fat, butter or margarine, 1 large onion, sliced; 1 No. 2 can peas, 2 cups diced potatoes, 3 cups milk, 1

Sausage patties fried with New Jersey sweet potatoes make a succulent dish. Serve canned peas, which are now plentiful.

cup diced cooked or leftover ham, salt, 1/2 teaspoon pepper, 2 tablespoons chopped parsley. Add onion to fat in large saucepan and cook until tender, but not brown. Drain peas and add pea liquid to saucepan. Bring to a boil and add potatoes; cover and cook 10 minutes. Add peas, milk and ham. Heat thoroughly. Add salt to taste and pepper. Add parsley and serve.
