MYSTERY FARM—Last week's mystery farm stumped readers of this newspaper (and the editor as well). It is still not known to whom the farm belonks. The first person who identifies it will still receive two free tickets to the Majestic Theatre. The farm pictured above, the 15th in the series, shouldn't stump many readers, however. The names of all persons identifying it will go in a hat and one name will be drawn out. That person will receive two passes to the Majestic. And the owner of the farm will receive a free enlargement of the aerial photo if he calls for it at the newspaper office.

It's an old American Custom-

for people to lose things including their eye glasses and title papers. We later find our glasses on our noses but we seldom, if ever, find our abstracts. There is really no excuse for losing anything we have if we will be careful. Right now we are in the process of losing our Freedom, and will if we don't arouse ourselves and fight. We can make you another abstract if you lose yours, but if you lose your Freedom it's gone forever. Freedom has a high price!
