OAMING THRU ANGER By Ronald Waters

THE BULLDOGS gained about 344 yards rushing and passing in the game with the Gatesville Hornets. They completed three out of seven passes, which is about average, and made 17 first downs. Gatesville, on the other hand,

failed to pick up much more than 100 yards and only made three first downs the whole game. We'll try to have more facts and figures available for you after the game with Mineral Wells.

LAST YEAR the Bulldogs were picked to finish last and ended up first in the district. This year they were picked first, but I'm sure they wont' finish

those who claim that the meters hurt local business. They say times get angry and even refuse to come back to Ranger when they get a parking ticket. Some businesses are hurt by lack of local shopping because their place is surrounded by meters —so goes the claim.

Just keep calm over the situation that may prove to be quite heated—if not "explos-ive"—and remember that you can be a friend to a person who violently disagrees with you.

Calling all frustrated dessert lovers! Here's a spicily fragrant, deciously smooth Apple-Cheese Cake that also boasts of being low a calories! Easy to make, too! You whip it up in your electric lender (or mixer, if your prefer), and it's ready for the oven in a

matter of minutes.

Cream cheese and applesauce give this rich-tasting baked pudding cream cheese and applessauce give this rich-tasting based pudding its velvety smoothness. Cinnamon contributes to its tantalizing aroma and spicy goodness. And, Sucaryl, the non-caloric sweetener, provides its natural-tasting, just-right sweetness, at the same time holding calories to a minimum. Thanks to Sucaryl, nearly 50 calories have been whittled from each serving of this tempting dessert. Surprise your family and friends by baking an Apple-Cheese Cake.
