

ROAMING THRU RANGER WITH RON...

By Ronald Waters
COMMUNITY CHEST workers are busy, following the kick-off of the annual drive Tuesday morning—very early. Guess you know how important it is for Ranger to make its quota this year. And I know we don't need to urge you to contribute to this worthy cause. Remember you can make your checks payable to any one, any group or all of the participating agencies.

RANGER HIGH School is full of capable and intelligent students who could win scholarships—but usually don't try. Charlie Garrett, principal, came by the other day to announce that substantial GM scholarships are available—along with others. Also these students don't get all the glory and praise of football stars, they should realize that it's a great honor and privilege to hold a college scholarship.

TIME FOR my weekly guesses. And with 4/6 of the district resting this week—they will be guesses. Both the high school and college have open dates, so football will be out of the Times this week. Hankell takes on Cisco and Colorado City will play Winters—in the only scheduled District 7-AA game. I'll pick Cisco to win by 26 points and Colorado City by 7.

Hardin - Simmons Cowboys travel to Tempe to take on Arizona State in what should determine the conference winner. I'll take H-SU by 12 points. Texas Tech plays TCU in what should be a good game. Picking an upset on this one, by choosing Tech by 6 points.

The Oklahoma - Texas clash is a real headline all over the nation. Look for anything to happen when the Longhorns battle the Sooners. Its time for a Texas win, but I'll pick Oklahoma by 14 points.

It looks like Rice over Arkansas by 20 points. Back to the high school scene: Brockmeier should have little trouble in downing Snyder by at least 12 points; Stamford over Graham by six points; Wichita Falls over Vernon by 20 points; and Mineral Wells (still undefeated) over Waxahachie by 13.

Mrs. Ethel Brooks Gilmore, local historian who has contributed greatly to several historical societies, needs information on any transplanted Georgia families that may be in Texas or the area. She is compiling this for the director of the Georgia Historical Society. Mrs. Gilmore would appreciate information on families that have moved to Brazil or Mexico. Give her a ring if you know of any.

Last week's game with Murry State of Oklahoma showed much improvement over previous games. The entire team showed more spirit than previously. It was not our best game of the season, but everyone played a fine ball game. Both touchdowns were made on passes. We've been working on passes a great deal and it seemed to pay off. One pass was from Quarterback Dick Maxwell to Slot man Jim Clark. The other was from Quarterback Jack Waggoner to End Wayne Cromer.

The Rangers have an open date this week, therefore workouts haven't been too heavy. Next week, however, a rugged schedule is being planned in preparation for our game with Henderson County Junior College on the 18th.

The Bulldogs played one of their best games of the season last week in beating Dublin 26-6. Jake Basham has been out since the first game with an injury, and this has probably hurt them more than any other factor. Basham is not the only injury the Bulldogs have suffered this season, as they have been playing with other injuries since the start of practice.

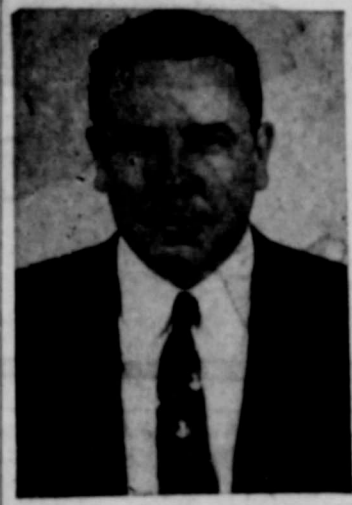

Since both teams have an open date this week there won't be (Continued On Page Two)

Band Day Carnival Set Saturday in Rec. Building

Ranger High School Band is holding a Band Day Carnival in the Recreation Building this Saturday at 6 p.m., sponsored by the Band Boosters Club. Purpose of the carnival, according to letters sent out to parents, is to raise the money necessary each year for the yearly awards to the band students, for the Band Banquet and the sixth grade band party.

J. B. HOUGHTON named Lay-Pastor

J. B. Houghton Is Lay-Pastor for Laymen's Week

J. B. Houghton has been elected as "Lay Pastor" for Laymen's week at the First Baptist Church beginning Oct. 12 through 18. "Joe" will preach at the evening service at 7:30. He has brought messages in more than 25 churches during the past few years. Houghton is past Brotherhood president, and has served as Association officer in the past years. He is chairman of Evangelism for the Brotherhood. He teaches the College Boys Sunday school class.

Harold Barrett, program vice president of the Brotherhood, will preside over the service. Lee Russell will direct the music, and the men will fill the choir. Wednesday night at 8 Jim Blair will bring the message and John Usery, newly elected Brotherhood president, will be in charge of the service. The men will furnish the special music for this service.

Community Chest Drive Begins As Workers Seek \$5,643 Goal

Credit Institute Is Underway At College

In session this afternoon, beginning at 2 p.m., was the Consumer Credit Institute of Ranger College—the second meeting of this type to be held at a Texas college. A large crowd of area people is expected to attend the night session in the College Cafeteria at 7. Speaking tonight will be Robert N. Winston of Washington, D. C., vice-president of United Finance & Thrift Corp., on "Using Your Credit Intelligently" and W. J. Custance of Kansas City, Mo., conducting a question-and-answer period. Custance, who is regional public relations director of the Beneficial Management Corp., will be introduced by Miss Emma Sidenburg, business teacher. Boyce House, Fort Worth writer who formerly served as editor of the Ranger Times, will give "More Laughs and Lore" in a talk tonight. He is executive vice president of the Texas Consumer Finance Association—which made the sessions possible. Dr. Price R. Ashton, president of the College, will extend the welcome and introduce House. Following the presentation of the motion picture "The Littlest Giant", David D. Pickrell will introduce Winston. Speaking this afternoon were Paul Monroe of Dallas, vice-president of the Allied Finance Co.; Custance, moderator for the question-and-answer period; and House. Introducing the speakers were Dr. Ashton, F. P. Brashier and Morris Newnham.

Community Chest captains and workers are out to raise \$5,643 as Ranger's share in the annual drive. The drive was kicked-off with a breakfast at Ranger College Cafeteria Tuesday morning when the directors met with the captains. A total of 32 captains, named by the directors earlier, are calling on people listed on cards by districts. The cards were distributed at the breakfast meeting.

Roscoe Hopper, president of the Board who presided at the meeting, urged every one to go into their pockets a little deeper because Ranger's quota has been increased from the \$5,840 asked last year. "Our needs are greater," Hopper said, "and with all of us participating we can take care of the organization's needs." At the same time he urged the workers to complete their cards as quickly as possible and turn them in to Mrs. Reba Ralls, secretary of the Chest, at the City Hall. No deadline has been set for termination of the drive. The residential section of Ranger has been placed in charge of the Ranger Garden Club, with Mrs. John Roberson acting as captain. Cards are available at the City Hall for any workers or Captains who missed Tuesday morning's meeting. Although this year's goal represents an increase over the amount asked last year, it is less than the \$6,160 quota of 1956-'57 when only \$4,676 was raised. Last year the drive went over the top by \$94,90 when a total of \$4,934.90 was raised. Contributors may make checks payable to any one, any group or to all of the seven participating agencies. In an earlier meeting of the Board, allotments were made to the agencies as follows: Camp Fire Girls \$300, Child Welfare \$300, Library \$650, Salvation Army \$680, Boy Scouts \$800, Red Cross \$1200, Teen Town \$1200. Mrs. Kenneth Jameson is the local representative of the Red Cross.

Cross, Mrs. A. W. Brazda, for the Child Welfare Club; Arthur Duffebach, for the Boy Scouts; Mrs. Glenn Covington for the Camp Fire Girls; Mrs. Frances Jameson, Library; Mrs. Helen Dawley and Mrs. P. M. Kuykendall, Salvation Army; and David Pickrell, Teen Town. Any excessive funds that may be raised in this year's drive will be allotted evenly among the agencies.

Lee Crossley is vice president of the board and W. H. Creager is treasurer. Others attending the meeting Tuesday included: Mrs. Kenneth Jameson, Mrs. Frances Jameson, Mr. and Mrs. Roscoe Hopper, Mrs. Price Ashton, Mrs. H. C. Croom, Mrs. Lois Argus, Pickrell, Gaston Dixon, Duffebach, Aaron Houston, Dwayne Derdick, Pat Collins, Homer Perry and Mrs. Ralls.

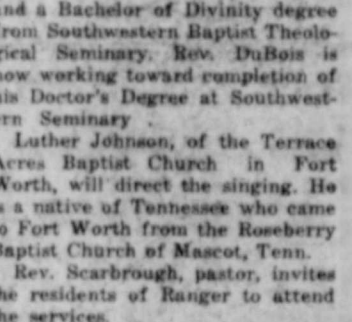

TO AREA FIREMEN Jet Fire Fighting Technique Explained

Firemen of the North Central Texas Firemen's Association got the latest news on how to fight jet fires Tuesday night when they met in Eastland for their quarterly meeting. O. A. Kimbrough, civilian fire chief of Dumas Air Force Base, and D. C. Musick, Abilene fire chief, spoke to the more than 100 firemen attending a banquet at Eastland city hall. Mineral Wells won the pumping contest held before the banquet. The Mineral Wells team took just 21 1/2 seconds to hook up their line and get water on the target area. Ranger placed second with a time of 22 seconds flat. The Eastland team had an identical time, but the host team does not compete for honors. Weatherford was timed in 26 seconds flat and Cisco's team had a 27 second timing. Eastland Fire Chief Billy Johnson served as host chief and Bill Ewing, president, presided. Ewing is from Ranger. Other officers are Melton Brewton, Mineral Wells, first vice president; Johnson, second vice president; Lem Rushing, Ranger, secretary-treasurer; Max Ohr, Ranger, chaplain; and Don Johnson, Cisco, sergeant-at-arms. Weatherford actually had two teams here. An all-girl team didn't get to participate, but they did cheer on the Weatherford male team. Guy Robinson is captain of the Eastland team and other members are Chief Johnson, Sam Herring, Elton Simpson, Jack Willis, Don

Daniels and Johnny Grimes. Captain of the Ranger team is (Continued on Page 2)

Revival Starts Sunday at The Second Baptist

Rev. Francis DuBois, pastor of the Bethany Baptist Church of Breckenridge, will conduct revival services at the Second Baptist Church for one week, beginning next Sunday. A graduate of Baylor University, he received his Master's Degree from the University of Texas and a Bachelor of Divinity degree from Southwestern Baptist Theological Seminary. Rev. DuBois is now working toward completion of his Doctor's Degree at Southwestern Seminary. Luther Johnson, of the Terrace Acres Baptist Church in Fort Worth, will direct the singing. He is a native of Tennessee who came to Fort Worth from the Roseberry Baptist Church of Mascot, Tenn. Rev. Scarborough, pastor, invites the residents of Ranger to attend the services.

Cub Pack 34 To Re-Organize

Reorganization of Cub Pack 34 will take place Friday night at 7:30 in the basement of the First Methodist Church, according to an announcement from George Rush-ton, Cub Master. Rush-ton urged all interested boys, between the ages of eight and eleven, to be present at the meeting and to bring their parents. The Pack has been inactive during the summer months, but is now planning to commence activities again. Several dens will be organized and a Den Mother will be selected to head each group of six to eight boys. Sponsor of the Pack is the First Methodist Church.

Massegee Named Youth Director At First Baptist

Rev. Charles Massegee, area evangelist, has assumed duties as Youth Director of the First Baptist Church. He will bring the morning message this Sunday, using the theme, "The Way Back to God", taken from Luke 15:11-24. For the past four years Rev. Massegee has been a student at Hardin-Simmons University where he earned four letters in football. Considered as one of the outstanding youth evangelists in this area, Rev. Massegee has conducted revivals in four states. The First Baptist Church has maintained a youth program here for many years and many activities are planned for the fall and winter seasons, Rev. Ralph Perkins pastor, said. Rev. Massegee is married to the former Shirley Wymer of Ranger. Both are graduates of Ranger High School.

Festival Set By Young School

Young School's Harvest Festival has been set at the Recreation Building Thursday, Oct. 23, according to an announcement from Mrs. Kenneth Hardy, president of the Young P.T.A. Mrs. Hardy is co-chairman of the festival with Mrs. Bill Anderson. Program chairman is Mrs. Morris Newnham; Mrs. L. B. Kennedy is decorations chairman, and Mrs. Clayton Kuhlman is publicity chairman. Well — the rain sure mellowed up the pep rally, which had to be held in the big gym! Everyone thought the football game was a big success. And the band did a nice job on the slippery field. They used their "head lights" again. The fair was a big hit. There were four bears brought back on one bus. I brought back a pink and black poodle dog, and there were other things brought back too. The bus stopped at Jordan's Cafe in Weatherford for supper, and everyone got home about 7 p.m. The FHA bean nominations were made Thursday. To be voted on this week are: Joe Barber and Hetch Owens. Freshman Richard Robie and Richard Wilhelm. Sophomores: Walter Blackwell and Walter Hutchins. Juniors: Joe Bradford and Dan (Continued on Page Four)

Hess Holds Big Lead In District Scoring Battle

Ken Wigington, Ballinger's top scoring, got within one point of holding his own with Cisco's sensational Randall Hess last week in the scoring race, but Hess easily stayed on top with a total of 63 points. Wigington has 54 points for this season to rank second and Pat De-tuck of Coleman held on to the third place spot with 38 points. Charles Wolford got just two points Friday night, but that was enough to hold him in a tie for fourth with Jerry Harris of Coleman. Both boys have scored 30 points. Eastland's Clint Humphreys obtained his sixth place position with 27 points. Hess and Winters were the most impressive teams in District 7-AA last week. Cisco mopped up on DeLeon, 45-0, and Winters upset Houston, 8-0. Ranger had a harder time than expected in

beating Dublin, 26-6, while Coleman rose up to tie Haskell, 14-14. Eastland took a sound whipping from Albany, 57-14, and Ballinger was upset by Lake View of San Angelo, 34-6. This week C'co will entertain Haskell and Winters plays host to Colorado City. Eastland, Ballinger, Coleman and Ranger all have open dates.

Carbon School News

By MAXINE STACY
Telegram School Reporter

Here it is six weeks test week at Carbon and there have been several changes made. First, I'm now the reporter for the "Carbon School News" instead of Linda Collins. I hope I can do as well as Linda has done.

Things have really been popping around CHS the past few weeks. The grades school boys have an organized football squad for the first time in several years. They played their first game last Thursday, Sept. 30, at Sidney. They played a hard game but were defeated by a score of 25-13. Those composing the squad are as follows: Kenneth Parrigan, Kenneth Eaves, Larry Duncan, Tim Stacy, Duane Clover, Earl Matthews, Ronnie Pack, J. R. Harle and Don Harris.

The boys are coached by Garret Rice. He is the assistant high school football coach.

The grade school team has a very peppy cheering section to back them up. The leaders are Nita Tucker, Nancy Benton, Linda Hallmark, Anita Duncan, Bertha Taylor, and Peggy Hale.

The twirlers are Claudette Guy and Shirley Hogan. Their mascot is little four year old Debbie Warren, daughter of Mr. and Mrs. Gaylon Warren of Carbon. The assistant leaders are Linda Jackson, Mary Duggan, Kathy Sandlin, Adita Duncan, La Verne Lee, Paula Norris and Addie Campbell.

The Carbon Wolverines played Gastine last Thursday night and were defeated by a score of 60 to 20. Our boys played a good game despite the fact that most

of them had colds. We are looking forward to coming home with a victory tonight when we journey to Sidney to meet the Eagles.

The seniors want to say "thanks" to everyone who helped make the 42 party a success Monday night. I think everyone enjoyed themselves even though their pocket books were a little flat when they got home.

The seniors enjoyed it most especially because the money goes into the class fund for the senior trip.

Members of the third year homemaking girls are making blueses in class now and are going to start making wool suits in a week or two. When they finish the blouse they will go on a field trip to Brownwood. Juanita O'Connell, sponsor, has arranged for them to tour the Weales Mill and Purchase their material. We are looking forward to the trip.

closed. The inscriptions in the concrete at the Chinese Theatre are still there, with some recent additions—but I noticed that several of the older visitors looked with most interest at those which went back the furthest, such as Tom Mix (1926 or 1928, I don't recall which), Mar's Dresser and Wallace Beery.

Gone is a landmark that looked old even in 1939 when I first visited Hollywood; a rambling, several-storied frame hotel with wide porches where middle-aged folks sat, surveying the passing world in comfort from rockers a n d swings in late afternoons and after darkness had fallen.

As the train stopped en route to Los Angeles, I looked out the

window and saw a sign at the station, "Palm Springs." A signboard stated that Palm Springs has more than 1,000 swimming pools and 289 hotels. Doubtless, you can get clean—and cleaned.

I almost got to visit the famous desert resort in the winter of 1939-40 while serving as technical advisor and writing consultant for "Boom Town." The genial director had a cold which was hanging on and so, at a story conference, the producer, Sam Zimbalist, remarked, "If your cold doesn't get better, we ought, all of us, to run up to Palm Springs for a few days."

Unfortunately, the cold got well right away.

Five Persons Arrested Here

Police activities from Saturday through Monday saw five persons arrested on various charges.

A Stephenville man, placed in city jail Saturday, was charged with being drunk in a car following a head-on collision. He was released Sunday upon paying a fine of \$50.

A Ranger man, charged with be-

ing drunk, was arrested by Constable Ralph Veal and later released, with a warning from the city.

Monday, a woman was placed in jail for being drunk. She was given a City Limit Parole Tuesday morning.

A Ranger teenager was picked up on a warrant from Midland, charging him with writing a worthless check. He paid a fine of \$42.85.

A man from Fort Worth and another man from Hobbs, N. M., were arrested Monday morning and charged with being drunk. They were released upon paying fines of \$15.70 each.

YOUR SOCIAL SECURITY

By R. R. Tuiley Jr.

Some important changes have been made in the old-age survivors insurance program as a result of the Social Security Amendments of 1958 which President Eisenhower signed into law on August 28, 1958.

All of the changes, directly or indirectly, affect the American public as a whole. Working persons—employed and self-employed—need to know about them; their families need to know about them.

In the articles to follow I shall describe the changes singly and in detail; today, I shall restrict myself to a summary of the most important changes designed to strengthen this Federal social insurance system which provides partial protection against loss of earned income upon the retirement, death, or total disability of the worker.

Most important, because it affects practically all working people and their families, is the increase in benefit amounts. This applies to those now getting benefit payments and to those who will become beneficiaries in the future. Most monthly benefit checks will be about 7 percent

higher, with a minimum increase of at least \$5.00 in the amount payable to a worker who retired at age 65 or later. (Women workers who began to receive benefits at any time between age 62 and age 65 will receive slightly smaller increases). The maximum monthly payment a family may receive is increased from \$200 to \$250 a month. Families now receiving maximum monthly benefits under the law will receive increases from \$7.50 to \$14 depending upon the deceased worker's average monthly wages.

Right here I want to point out that people now on the beneficiary rolls do not have to get in touch with the social security office to obtain these benefit increases. The larger amounts are effective with January and will show up on benefit checks for that month which will be in the mails early in February.

W. A Teatsorth Funeral Service Still Pending

William Allen Teatsorth, longtime Eastland barber, died Wednesday morning in his home at 509 South Halbryan.

Funeral services were still pending this morning awaiting the arrival of relatives from California.

Mr. Teatsorth was born Jan. 15, 1879 in Ohio. He married the former Minerva Bartley June 29, 1917 in Weatherford and moved to Eastland soon after. He was active as a barber since the time he first moved here.

Survivors include his wife; one son, Jack of Hawthorne, Calif.; and a sister, Mrs. Cleo Hochstetter of Long Beach, Calif.

Mr. Teatsorth was a member of the Church of Christ. Hamner Funeral Home is in charge of arrangements.

IT'S THE LAW in Texas
A public service feature of the State Bar of Texas

PROPOSED CONSTITUTIONAL AMENDMENTS AFFECT LOCAL OFFICIALS

Some of the proposed amendments to the Texas Constitution, to be voted upon at the General Election on November 4, will, if adopted, affect officers and employees of cities, counties and precincts. The changes will mainly involve length of terms of office and retirement, disability and benefits.

Proposed Amendment Number Two authorizes each county to establish, following a majority vote of its voters, a retirement, disability and death compensation fund for appointive officers and employees of county or precinct. Elective officers may also be covered if the voters approve.

each officer and employee, plus contributions made by the county. The county's part must at least equal the amount paid in by the individual, but cannot exceed 7 1/2 percent of the individual's salary. Accumulated money in the fund would have to be invested in federal, state, county or municipal bonds. Taxes receiving benefits from the fund would not be eligible for any other pension retirement funds or direct aid from the state, unless the entire fund is first released to the state.

Proposed Amendment Number Three would in many instances change the length of time for which the county persons to court can appoint persons to fill vacancies in the offices of County Judge and Justice of the Peace. Now such appointments can be made "until the next general election for such offices." If the amendment is approved, such appointments may hereafter be made only "until the next succeeding General Election," as is already the case in appointments made by the Governor to fill vacancies in district and appellate courts.

Proposed Amendment Number Four provides an "automatic resignation" for any district, county or precinct official serving a four-year term who announces his candidacy for a different office while he still has more than one year of his term to serve. The provisions cover announced or actual candidacy for "any office of profit or trust under the laws of this State or the United States, other than the office then held."

Proposed Amendment Number Five would allow Home Rule Cities to amend their city charters to set up longer terms of office, not to exceed four years, for their elective or appointive officers, or both. Other cities, operating under the general laws rather than Home Rule provisions, could do the same thing by majority vote of their qualified voters.

This amendment also contains provision for "automatic resignation" where the holder of one of five offices for or becomes a candidate for another office while he still has more than one year to serve of a term originally longer than two years.

There is one restriction on cities setting up the longer terms for their noncivil service officers. All members of their governing bodies must be elected by the voters, and vacancies in such governing bodies must be filled by special election rather than by appointment.

STOCK MARKET REPORTS

FORT WORTH—Cattle prices were uneven. Hogs showed strength in more than a week. Sheep and goats were steady at Fort Worth Monday.

Offerings of cattle and calves were near 10,000 below a week

earlier around the major market circle. Hogs at 12 major markets were 16,000 below a week earlier. Sheep numbers were up 2,500 around the circuit.

Cattle and calves were slow. The receipts included a big percentage of mixed grade and classes of 1-year factor in the slow movement early in the day was the extreme nothing that was necessary. Red beaver were scarce and about steady. Cows fiscal lower offers from slaughter interests averaged 25 to mostly 50 cents lower by the time a clearance was completed. Bulls were steady.

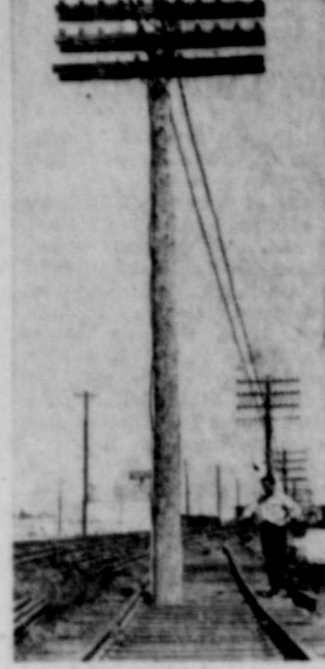

Slaughter classes ruled steady. Stocker and feeder classes were unevenly full steady to somewhat lower. There was very strong demand from farmers of the area on types suitable for winter pasture operations but buyers with northern connections were taking lower prices following the \$1 lower close in the north late last week. High grade stockers were relatively scarce.

Good and choice slaughter steers and yearlings cashed at \$24 to \$28, the highest figure for some baby beef type heavy calves of light yearling weights. Medium and lower grades sold from \$23.50 down.

Fat cows sold mostly from \$18.50 to \$22 and canners and cutters drew \$14 to \$19. Bulls sold from \$18 to \$22.75.

Good and choice slaughter calves sold mostly from \$24 to \$28, with a few heavies higher. Cull, common and medium calves sold from \$16 to \$24.

Good to choice stocker calves cashed at \$29 to \$33 and heifer calves ranged from \$30 downward. Stocker steer yearlings sold from \$31.50 downward, with heavier yearlings \$27.50 downward. Stocker cows sold from \$18 to \$21.50. Some weighty feeder steers sold from \$22 to \$25.50.

IT CREW THERE?—It looks as though something will have to give when a train comes chugging along this track in Hicksville, N.Y. The track, used as a siding, was built right around the telephone pole by the Long Island Railroad. Examining the puzzling setup is Larry Mulvehill of Wantagh, Long Island, N.Y.

Vocational Agriculture Important During Changing Agriculture Time

(This is the first in a series of articles in which Gilbert Copeland, Olden High School Vocational Agriculture teacher, will discuss the importance of agriculture in our educational system and in our society.)

Thirty years ago a most remarkable model "A" automobile was made in Detroit. It captivated the American people. This automobile was a tough, long-legged car possessing many of the virtues and a few of the vices of the model "T" it replaced. The simple mechanism of the model "A" made it possible for any shade tree mechanic to repair it with only a knuckle-busting wrench, a pair of pliers, and an adequate supply of baling wire. The simplicity and economy of operation caused it to be sold by the millions. But, impossible as it seems, within a period of 12 years the model "A" became obsolete. Times, roads, and economic conditions changed. The vehicle belonged to yesterday—the good old days.

The antiquation of this automobile did not deny the American people a means of transportation. Such antiquation merely resulted in changing cars. The importance of the automobile as a means of transportation was not decreased. Changes such as have occurred

in the automobile industry have been and are occurring in the field of education—especially in the field of agricultural education. High school vocational agriculture programs are in the midst of a changing situation. To meet these new demands and to keep abreast of the times, it has become necessary to recognize and change the agricultural education programs.

It is true that change and progress sweep away many good and cherished things. We may deplore the change from an agrarian economy to an industrial economy, such as we are now experiencing, but we cannot stop it.

Agricultural Changes

Let us take a look at some of the agricultural changes that are occurring in Texas and the United States that are affecting our agricultural industry and our high school vocational agriculture programs.

1. Population changes. Our rural population is declining. Only 13 percent of the nation's population are needed to produce the food and fiber needed by the remaining 87 percent of the population. It has been predicted that in the very near future only 5 percent of the population will be required to produce the food and fiber needed by the remaining population.
2. Industrial changes. The nations of the world are highly industrialized and are becoming more so. Industry will continue to attract large numbers of rural youth and adults. Of the nation's 5 million farmers, over 1 million have incomes of less than \$1,000 per year. Texas has 1.8 million farmers and many thousands of these have annual incomes of less than \$1,000. These people cannot and will not stay on farms. Politically, we have abandoned the idea of helping them remain "down on the farm." Educationally we can assist them to make the transition from rural to urban living.
3. Changes in farm sizes. The number of large size farms and small size farms in the United States is increasing. Because of various economical reasons it has become necessary for full time farmers in order to have an economical farming unit. Too, because of the increasing number of part-time farmers, the number of small size farms have increased. The number of small farms will no doubt increase as we become more highly industrialized. Many people employed in industry maintain a small part-time farming operation in order to supplement their income and to maintain a rural-urban type of living.
4. Production changes. Automation is just around the corner for agriculture. Mechanization has enabled agriculture to crowd 200 years of progress into the last ten years. Such progress has resulted in an increased amount of leisure time for rural people. We have not yet learned to use this leisure time wisely. For example, we have literally hundreds of thousands of teenagers on farms and in cities with nothing to gainfully occupy their time.
5. Changes in behavior of youth. As a result of many socio-economic changes, we have a distressed and confused generation of youth. J. Edgar Hoover states that, "Teen Age crime is the most pressing problem in America today." According to E. V. Walton, head of the Department of Agricultural Education at Texas A & M, juvenile delinquency increased 36 percent in 1956 in the United States. Rural or small town juvenile delinquency increased 58 percent during the same period. Rural youth may not be as "mean" as their city cousins, but the frequency of rural delinquency is almost twice that of city delinquency. Such an increase in delinquency among rural youth is probably due to their mobility—i.e. the ease with which they can get from one place to another. Too, they read and are influenced by newspapers, television, and radios.

in Chicago on Saturday, it can, because of modern communication media, become common talk in Texas or Georgia by Monday.

This quick look around the corner of tomorrow calls for a bold new look at our educational program in vocational agriculture and

an examination of the ways in which the program has kept pace with the agricultural changes that have occurred. We should also look at the program and examine the means by which the program proposes to cope with conditions that are expected to arise in the future.
