

Rangers Batter Cardinals 18-8, Saturday
Parking Meters Approved; Heads Replaced

ROAMING THRU RANGER WITH RON... By Ronald Waters

EIGHT OUT OF TEN—That's the way I picked the games this weekend. Got eight out of ten correct and my average shot way up for the season!

Also missed the Rice-SMU game when I picked Southern Methodist. From now on—I will go on my original "hunches," because I wanted to pick both Ranger and Rice—but reconsidered (Alas!)

For the second time in succession I have picked the Bulldogs to win by the exact margin of score. Took them by six points, and they came out 20-14, looking impressive.

ALSO correctly picked: Coleman over Eastland (24-19); Cisco over Ballinger (32-12); Texas over Arkansas, 24-6; TCU over A. M. & M., 24-8; Baylor over Tech, 26-7; Sweetwater over Graham 42-7; and Abilene over Waco, 36-0.

IN CASE—you're wondering how Virgil Moore got the initials of AWE (used here last week). It comes from "Award Winning Editor" (not awful). He really is. An award winning editor (not awful).

YOUNG SCHOOL pep squad is made up of Jill Bucken, Latoria Stephens, Dorothy Ewins, Janice Duncan, Kay Duncan, Janeene Eaton, Patricia Brown, Linda Jean Stephen, Catherine Neal Stroud, Tawana Nichols, Sharon Brown, Linda Joyce Duncan, Denise Huling, Connie Pittman, Judy Jones and Nadine Rainey.

Services were held Monday at 3 p.m. in the Second Baptist Church, of which she was a member, with Rev. Ed Scarborough, pastor officiating, assisted by Rev. Ralph Perkins, pastor of the First Baptist Church of Ranger.

At a recent Ranger Band Day Festival, the dunking board was reported as the most successful crowd catcher.

Other Kings and Queens, selected by grade, are as follows: Billy Anderson and Nancy Newnam, second grade; Ann Ratliff and Lewis Pounds, third; Joanne Hamilton and Mentford Heskey, fourth; Eddie Howton and Sherry Vinson, fifth; and Milton Kennedy and Tawana Nichols, sixth.

A good crowd of local people is expected at the affair.

For the Meters: 290 Against Meters: 170

A good turnout of voters approved the city ordinance authorizing the use of parking meters in the City by a vote of 290-170 at the City Hall voting box Monday.

City employees were replacing the heads of the meters today. They will be back in use today or tomorrow following an observance period of over one month.

The 460 residents at the polls Monday represented an above average turnout. In the last city election, about 500 persons voted for the mayor and present city commissioners.

Tony B. Wheeler Dies Monday; Services Pending

Tony B. Wheeler, 66, father of nine children, died at his home Monday at 11:10 a.m. after suffering a heart attack.

Before ill health forced his retirement, he had operated a grocery and gas station here and previously had worked 22 years as a pumpjack for Panhandle Refinery at Wichita Falls.

A World War I veteran, he belonged to the American Legion and the Baptist Church.

Born in Comanche County on April 17, 1892, he had lived in Eastland County 64 years, and in Ranger since 1945.

He married the former Mattie Lee Sharp in the Lone Cedar community on Aug. 29, 1920.

Survivors are the wife of Ranger; six sons, Clyde, of Abilene, Jack, Glenn and Jimmy of Sweetwater, Bobby of the home, and Kenneth, stationed in Europe; three daughters, Mrs. Jack Bradford and Mrs. Durwood Cox of Sweetwater and Mrs. Pete Williams of Archer City; two brothers, C. S. of Phoenix, Ed of West Fork, Ark.; a sister, Mrs. Mary Hemphill of Mineral Wells; 14 grandchildren and one great-grandchild.

Funeral plans will be announced by Killingsworth Funeral Home.

Rites Are Held For Mrs. House

Mrs. Maud House, 76, a resident of Ranger for 20 years, died Sunday in Ranger General Hospital.

Services were held Monday at 3 p.m. in the Second Baptist Church, of which she was a member, with Rev. Ed Scarborough, pastor officiating, assisted by Rev. Ralph Perkins, pastor of the First Baptist Church of Ranger.

Pups Prove Power Down Cisco 58-8

A powerhouse of the district—the Ranger Junior High School Pups "lobbered" the Cisco "Midgats" 58 to 8 in Cisco Thursday night.

The Pups will go into the game with Eastland's Junior High School team this Thursday. Undefeated and untied, they are coached by Frank Hevers, a recent graduate of Hardin-Simmons University, in his first year here.

Earlier in the season, they downed Cisco 6-0 here.

In the first quarter, Gene White intercepted a pass and ran all the way from the 45-yard line for a touchdown. Conversion was no good. Jimmy Hogan scored the next tally with a five-yard run through the center, but the conversion again failed.

J. B. O'Shields scored a touchdown for Ranger after running 55 yards around right end. The conversion failed.

City Commissioners before the election voiced opinions that they opposed the removal of meters, but they also stated that they thought the public should decide the issue.

Those who favored keeping the meters in Ranger noted that parking space was more difficult to find, following the removal of meter heads.

Opponents of the meters had contended that farmers and out-of-town shoppers (as well as local people) were going to Rising Star to shop because Rising Star has no meters. They expressed the belief that the presence of meters in Ranger was hurting business.

City officials had pointed out that revenue received from the meters within the last nine years totaled \$66,140.57. Licensing zones and permits brought this figure up to \$68,558.49. Expenses over that period were listed at \$1,762.03—not including salaries of the man working the meters (which was charged to Police salaries).

A circular, brought out by the opposition, stated: "Any statement as to a tax raise is absurd as we could lay off one policeman and show a profit of \$1,528.40 per year."

Commissioners formed a rebuttal by issuing a statement saying that only three regular policemen were used by the city, exclusive of relief men and fireman-radio operators.

Figures released in the circular were called... "a distorted and incorrect statement concerning the Parking Meters," by Mayor W. F. Creager.

A great deal of interest in the issue was shown by local people.

New Chaperons Are Named For Teen Town

Mr. and Mrs. J. D. Barker, who have been filling in as chaperons at Teen Town, were named Tuesday as semi-permanent sponsors until permanent chaperons can be found.

The announcement was made by Mrs. Leonard Pounds, president of the Mother's Club.

Mr. and Mrs. Homer Perry, former sponsors of Teen Town, resigned from the position earlier this month. Mr. and Mrs. Barker agreed to fill in about the same time.

Teen Town will be closed this Thursday night due to the Young School Harvest Festival. It will be open after the football game Friday night, and out-of-town guests are expected to be present. Saturday night, Teen Town will be open from 9:30 to 11:30 p.m.

Fall membership tickets are necessary, Mrs. Pounds said.

Charles Garrett At State Meet

Charlie Garrett, principal of Ranger High School, was to return today from a meeting of the State Association of Secondary School Principals held in Houston.

Mr. and Mrs. Garrett left for the annual meeting Saturday.

Purpose of the sessions was to review work of the previous year and to make plans for the coming year.

MYSTERY FARM—Mystery farm number 27 should be fairly easy for readers to identify, and the owner of the farm should have an especially easy time. It will also be easy for the farmer to own a free enlargement of the aerial photo.

Local Teams Pose Threats to Foes

Local teams posted impressive victories this weekend, at the same time threatening to wrack havoc in district and conference play.

The Rangers now hold a 3-2 season record and a 1-1 conference record. They are posing a threat to Texas Conference standings. The Bulldogs hold a 4-2 record and should determine the district winner in their game with Cisco this weekend.

Season statistics follow for both teams.

Rangers: George "Buzz" Boynton, left half, picked up a whopping 111 yards for the Rangers—on the ground—in the Henderson game to lead in the rushing department for the last three games, with a total of 168 yards.

Season totals show that the Rangers have picked up 773 yards rushing, gaining a total of 277 in the last game. This figure represents the most yardage gained on the ground this season, over 100 more yards than gained against Murry.

The Rangers completed seven of 11 passes to earn 41 yards in the air and to bring their season total to 479 yards. They have averaged 95 passing yards a game and 154 and three-fifths rushing yards.

In all they have completed 39 of 75 passes this season.

Second in the rushing department is Jerry Blakely, fullback, with 104 yards. Charles Duggan, fullback on the No. 2 team, has proved a consistent player—picking up 67 yards. Not far behind him is Dick Maxwell, Quarterback, with 55 yards. These are yards gained only in the last three games.

Jim Clark, playing the slot position, leads in passing yardage with 81 yards. No one else comes close to this figure.

Gaining 15 first downs (the second highest this season) (Continued On Page Four)

Charles Garrett, principal of Ranger High School, was to return today from a meeting of the State Association of Secondary School Principals held in Houston.

Mr. and Mrs. Garrett left for the annual meeting Saturday.

Purpose of the sessions was to review work of the previous year and to make plans for the coming year.

Game Marks First Homecoming Win

A tough outfit from Henderson County Junior College fell before the powerful Ranger College Rangers 18-8 Saturday night before a good crowd of homecoming fans in Bulldog Stadium.

The game marked the Rangers' first homecoming win in the history of the college, said Dr. Price R. Ashton. Ashton added that it was an excellent game, all the way through.

FFA Sweetheart Nominees Named

By Mike Herrington (Editor's Note: Jim Robinson, FFA reporter, co-operated with Mike Herrington in the writing of this story.)

Nominations for the FFA Sweetheart of 1959, made by the high school FFA boys, were announced Monday at Ranger High School.

Two from each class were nominated. They are seniors Gay Ann Daskewich and Sue Williams; juniors, Norma Gayle Emfinger and Linda Drennon; sophomores, Sarah Johnson and Sue Cantwell; and freshmen, Donna Drennon and Sandra Allsup.

High school students will vote by dropping coins into boxes marked for the candidates. Each penny counts as one vote. The first election (Continued on Page Four)

Bulldog Band Will Perform At North Texas

DENTON — The 54-piece Ranger High School band, directed by Dan Whitaker, will perform at the annual North Texas State College Homecoming, Saturday.

More than 25 junior and senior high school bands will participate in pre-game and half-time activities for the NTSC - Tulsa University football game at Fouts field during the afternoon. The bands will join with the NTSC Marching Band and the Air Force ROTC Sabre Drill team in mass formation at the half.

Approximately 1400 band members (Continued on Page Four)

As a result of the game, the Rangers loom as a powerhouse in the Texas Conference — with a 3-2 record for the season and a 1-1 conference record. The Cardinals from Athens fell for the third time to a Conference foe, apparently out of the running with a 2-3 record.

Stacking up a total of 277 rushing yards, the Rangers proved more powerful on the ground than in the air. Their defense clicked, as usual, and the offense also gave an impressive show.

GAME AT A GLANCE

Table with columns for Rangers and Cardinals, listing statistics like First Downs, Rushing Yardage, Passing Yardage, etc.

Coach David Slaughter said "Our boys played the best ball game they have all year... They went overboard." He added that it was a 100 per cent effort on the part of every team member that won the victory for the Rangers.

George Boynton, left halfback, who broke loose to scamper 69 yards down the field for the second touchdown, also piled up a total of 111 yards rushing.

Ranger received the ball, on the kickoff, and started a drive on their own 25. They picked up four first downs before they were stalled on the Henderson 32.

The Cardinals soon punted from the 50-yard line, and the Rangers were forced to punt a few plays later. Again the Ranger line held, setting back the Cards 12-yards in one play, and the Henderson team was forced to punt.

Ranger took the ball on the Cards' 45-yard line, and Jack Waggoner, quarterback on the No. 2 team, picked up 21 yards. Leo Savell, halfback, made 11 yards on the next play to set the Rangers up on the seven-yard line.

From there, Waggoner charged through the line to gain the first score of the game. His pass fell incomplete and the Rangers led (Continued On Page Four)

PAGE ONE MUST

Young School P-TA will not meet tonight due to the Harvest Festival planned for the school next Thursday night in the Recreation Building.

Explorer Post 16 will meet tonight at 7:30 in the Boy Scout Cabin to make plans for a camping trip.

Call the Times if you would like to list your club or organization's meeting dates in Page One Musts.

A bon fire and pep rally for the Bulldogs will be held this Thursday night at 7:30 by Little League Park.

Parking Meters go back in today, after a good turnout of voters approved their use at the polls Monday.

Cisco answered a question Friday night that everyone has wanted to know since the Lobos began their string of impressive victories. Yes, the Lobos can come from behind and win.

Cisco, hit hard and fast in the first quarter by Ballinger, and outplayed in the entire first half, struck quickly in the second half to ride to a 32-14 victory over Ballinger in 7-AA play.

The win over Ballinger definitely makes Cisco the odds-on favorite to win the district crown, and completely reverses the 1957 ranking. Both of the other district games were nip and tuck affairs, showing that the other four district teams are pretty well even. Coleman edged past Eastland, 24-19, and Ranger gained a 20-14 victory over Winters. Ranger got back Jake Basham in the Winters game, and his return to the Bulldog lineup greatly strengthened the team's position.

A lot of why-shoulders should be forthcoming this Friday night. Cisco will be at Ranger in the big game of the week, and a win by the Lobos could just about assure Cisco of at least a tie for the district crown. Ballinger will play host to Coleman in another tie.

Anderson is third in the scoring race, with 26 points, followed by Quarterback Lee King, with 18.

Winters will be at Eastland. Eastland and Ballinger must win this week to maintain any hope of winning the championship.

Randall Hess easily maintained his lead as the top scorer in the district as he scored four touchdowns against Ballinger. He now has 99 points for the year and the only interest left in the individual scoring race is who will finish second. Just about any of a dozen boys could snag that honor.

Pat DeBusk of Coleman and Ken Wington of Ballinger are now tied for the spot with 44 points. Cisco's Duane Hale is just one touchdown off the pace, Coleman's Jerry Harris needs just eight points and Clint Humphreys of Eastland just 10.

GUY E. OWENS

Guy E. Owens Completes Air Force Training

LACKLAND AFB.—Airman Guy E. Owens, son of Mrs. Agnes Owens of Desdemona, has completed his initial course in Air Force basic military training here. He has been selected to attend the technical training course for Supply Specialist at Amarillo AFB. Airman Owens is a graduate of Desdemona High School. Basic airman at Lackland are selected for specialized training at technical schools on the basis of their interests and aptitudes. They are reassigned to the school after four weeks of basic and are given additional military basic training along with the technical subjects.

Three Trucks Crash Here; Damages Heavy

A three-truck collision Friday afternoon at the intersection of Main St. and Highway 80 resulted in total losses to two of the trucks—including a city fire truck—and heavy property damages. The accident occurred when a '53 Ford two-ton truck, driven by George Edward Black, Jr., of Abilene—collided with a fire truck going east on Main St., driven by Noble Robertson. Black, who was going south at the time, apparently didn't see the fire truck going east on Main St. He smashed into the fire truck while making a left-hand turn—the investigating officer said.

Impact of the collision knocked both trucks into a late model Chevrolet two-and-one-half-ton truck into the front porch of Swoveland's Cafe, knocking down a post and damaging the truck. Driving the Chevrolet, which was stopped at a red light at the time of the accident, was Delmos Waldworth of Monahans. The trailer truck was carrying a rig from Monahans, it is believed.

Robertson was treated for minor injuries, caused from gasoline oil on one of the trucks. He was treated and immediately released.

At the time of the impact, the fire truck—with siren blowing and red lights turned on—was heading toward a grass fire reported northwest of King's Cove on Highway 80. Black was given a ticket for failing to grant right of way to a fire truck.

Both the fire truck and the '53 Ford, owned by R. P. Lightfoot of Fort Worth, were total losses. Damages to the Chevrolet were estimated at \$500, and damages to the cafe were light.

Roaming—

(Continued from Page One) Thursday, but he got left out—by mistake. Ausburne is a left end used as a utility back. He is as hard to pin down as a two-dollar permanent.

The PUPS deserve more attention than they've received—both by local people and by this newspaper. Due to space limitations (one of the editor's big problems) they have been pushed off the front page and many of their stories have run late.

They're a scrappy bunch of boys yet to taste defeat this season. And they really proved their power by over-running Cisco (for the second time this season) 68-8. Frank Bevers is doing a fine job as coach. Let's support this up and coming team of future Bulldogs.

Hospital News

New patients in Ranger General Hospital are: W. W. McCoy, Strawn, medical; Rev. S. R. Gray, Burkett, surgical; and Carol Hilliard, Olden, surgical.

FORD TRUCK—The popular F-100 pickup is one of the 371 Ford truck models available in 1959. Dual headlights and a new Ford nameplate on the hood are standard features on the pickup models. With the 223 cubic inch six-cylinder engine—the most modern "six" in the industry—Ford offers greater economy in the high speed or increased load range. Going on display tomorrow at Campbell Ford Sales Inc., will be the '59 Ford pickups. This one is available with either the Styleside body, shown, or the Flareside body.

New Ford Trucks On Display Here

Ford's 1959 line of trucks, designed and built to the highest quality standards, introduces new economy, durability, styling and driver comfort features in a full range of 371 models, which this year includes a new tilt cab tandem model and a Ford-built four-wheel drive.

The new Ford trucks are now on display at Campbell Ford Sales, Inc. Ford's new four-wheel drive models, which will be available soon, in the F-100 and F-250 series, will cruise along the highway in two-wheel drive, or pull through deep mud, snow or sand when shifted into four-wheel drive. Equipped with the optional 292 V-8 engine, the new four wheel drive trucks in the F-250 series will climb grades of more than 60 percent.

Another new truck model Ford introduces this year is the tilt cab tandem. Ford sold more tilt cab models in 1958 than any of its competitors. The new model combines the serviceability advantages of the tilt cab with the proven features of the powerful tandem axle and chassis.

New front-end styling of the 1959 Ford trucks includes a new hood on lights and medians, new "floating type" grille with a horizontal design, new rectangular parking lights mounted in the grille area under the safety twin headlights, and on the light trucks, a new contoured integral bumper with a center recess area that protects the license plate. A new Ford windshield wiper system on a broad angled aluminum strip across the front of the hood of light and medium trucks.

A new tractor package and extra heavy duty Ford trucks in-

STOCK MARKET REPORTS

Last week hog prices took a drubbing all over the country, and as they dropped from the \$22 range to the \$20 range, they lost a total of \$2 to \$2.50 in just three days of last week. However, at Fort Worth Monday, the trend was up for the first time in more than a week.

Butcher hogs were 50 cents or more higher Monday. Choice butcher hogs cashed at \$20 to \$20.25. Medium to good butcher hogs sold at \$18.50 to \$19.85. Sows were reported from \$18 to \$19.50. Boars drew \$8 to \$9. Stags cashed at \$12 to \$15.

Sheep and lambs were steady at Fort Worth Monday. Medium to good slaughter lambs sold from \$20 to \$22, some shorn lambs with No. 1 pelt and some woolled lambs at the top of \$32. Good slaughter yearling wethers cashed at \$18 to \$20. Slaughter ewes sold from \$7.50 to \$8. A few nannies sold at \$7.50. Stocker and feeder lambs cashed at \$18 to \$21.75.

TELEPHONE TALK
by W. H. McAnally, Manager

IDEAS FOR '59

You have probably heard of "brainstorming" over at the telephone company. We are having just that. We call it "Ideas for 1959"—ways of improving anything and everything about the telephone company, and its service to you. Top management of our company realize that the men and women that do the actual work of providing the telephone service are in a good position to know ways of saving money, improving service, and etc.

All of the suggestions are put on paper and reviewed by the top management of the company. Not all the suggestions can be used. However, some of them are already in use. Others will receive favorable consideration and will be in effect as time goes on.

LUXURIOUS—BUT NOT A LUXURY

Got a telephone for your bedroom, yet? Nothing tops a bedroom telephone for real luxury living. When I'm home using ours, I like to stretch out on the bed with the phone cradled between my shoulder and my ear. I can relax and really talk that way.

There are plenty of good, practical reasons for having a bedroom phone, too. Privacy, for example. Women often say how reassuring it is to have a phone at their bedside when they're alone in the house at night. It's much nicer to be able to "reach" to answer instead of having to dash to another room.

Here in Ranger a bedroom extension costs only \$1.00 a month plus tax and installation. And for a one-time charge of only \$10, you can have your choice of any of the nine beautiful color telephones. They're especially smart for bedrooms.

EASY TO KEEP IN TOUCH

I guess at one time or another, we all remember—out of a clear sky—someone we haven't thought of in a long time. "Whatever happened to George?" we say. Or to Ruth, or the Browns, or the Martin family. Usually it's someone we really mean to keep in touch with—like the old couple who used to live next door, or old friends in faraway places. But with so much on our minds and so much to do, the months fly by and we never get around to it.

The quick, easy way to make up for lost time, of course, is to use your telephone.

A long distance phone call is the personal, thoughtful way of keeping in touch with those you care about. Try a call tonight, and you'll see what I mean.

Call by number. It's twice as fast.

Royal Neighbors To Convene In Ranger Thursday

The Royal Neighbors of America will hold a district convention in Ranger Thursday, October 23, at the Elks Hall. From 100 to

150 ladies are expected to attend the all day meeting. Activities will begin at 9:30 a. m. A banquet will be served at the First Baptist Church at 6:30 p. m. Mrs. E. F. Arterburn of Ranger is district president. Mrs. Doris Cook of Graham is vice-president.

Hometown Merchants Trade With Your

Annual Baptist Convention to Be Held in Abilene

The Baptist Annual Convention of District 17 will be held in the Southside Baptist Church in Abilene Oct. 23 - 24. The WMU session begins at 12:30 p. m. with Mrs. George L. Graham of Abilene, president, in charge of the meeting. A returned missionary, Mrs. Keith Parks of Abilene, will bring the main message.

The pastor - laymen's conference will begin at 1 p. m. with L. L. Troit of Abilene presiding. Dr. L. L. Morris of the First Baptist Church, Midland, will bring the message. The general session will begin at 7 p. m. M. D. Rexrode of Haskell will preside, and Rev. Jack Southland, pastor of the First Baptist Church of Stamford, will bring the message.

IOOF, Rebekah Association Meets In Stephenville

The Oil Belt District IOOF and Rebekah Association met in Stephenville Thursday, October 16, at the City Recreation Hall. The supper and social hour was held from 6:30 to 7:30 p. m. Seating of officers was by the Graham team. A welcome song was sung by the audience. Rev. Milton Baty gave the invocation. The audience gave the pledge of allegiance to the flag.

Guests were welcomed by Judge Dale Harbin of Stephenville. Jesse King of Dublin gave the response. The business meeting was called to order by the president, Estelle Anderson. The following members were introduced and welcomed: Superintendent and Matron of the home in Ennis, Mr. and Mrs. Chitwood; assembly warden, Sadie Patterson of Graham; six lodge deputies; and fourteen past presidents of the association. Routine business was transacted. The following new officers were elected and installed: president, Mary J. Smart of Breckenridge; first vice president, Hazel Collings of Gorman; second vice president, Jesse Smith of Eastland; secretary, Betty Bear of Breckenridge; and treasurer, Madeline Evans of Breckenridge.

The program which followed consisted of a song by Adele Long of Stephenville, a memorial ceremony by the Breckenridge Rebekah lodge, and the closing prayer by Golda Pemberton, Chaplain. About one hundred members were present from Mineral Wells, Eastland, Gorman, Dublin, Breckenridge, Graham, Stephenville, and Ranger. Those attending from Ranger were: Clara Ivy, Ruby Greer, Eula Blackwell, Gertrude Gideon, C. E. Bell, and R. H. Blackwell. The next meeting will be in Breckenridge in April.

TRADE WITH YOUR HOMETOWN MERCHANTS

AROUND RANGER COLLEGE CAMPUS

By Ranger College Journalism Class

Many Ex-students from out-of-town were present for Homecoming Saturday and Sunday, Oct. 18 and 19. Among those attending were Jody Beal and Donald Szazama from Albany; Ken Chandler from the University of Texas; Dan Mitchell, Robert Brockman and Lanny Smith from North Texas State College; Dub and Diane White from San Marcos; Doris Nabers and Teddy Henderson from Austin; Boone Martin from West Texas State College; Sonja Irvin Clayton, Gail Gagley, Butch Kalinec, and Charles Wayne Smith from Rusk; Carl Sims from McGregor; Bubba Canuteson, Mary Lou Wright, Barbara Nichols, and Delores Hagar from Fort Worth.

Also present were Mr. and Mrs. Everett Weaver of Fort Worth; Donna Blackwell Bell of San Angelo; Shirley Matlock Nelson of Olden; Lt. and Mrs. Charles Walker of Pensacola, Florida; a student James Tull of Midwestern University. There were also many other visitors here for the Ranger-Henderson County game Saturday night. The parents of most of the Rangers and Ranganas, as well as many of their friends, were present.

The automobiles used in the presentation ceremony for the weekend Saturday evening add a dash of elegance to the performance, and we wish to express appreciation to the Anderson Chevrolet Company and the Campbell Ford Sales of Ranger and to Don Pierson of Eastland.

ATTEND OIL SHOW

Mr. and Mrs. Howard Elwood spent the weekend in Odessa and attended the Permian Basin Oil Show.

RECENT VISITORS

Recent visitors in the home of Mr. and Mrs. O. G. Lanier were her brother and wife, Mr. and Mrs. D. D. Mason of Los Angeles.

Electa Class Meets Friday For Luncheon

The Electa Sunday School Class of the First Baptist Church met Friday, Oct. 17, for a covered dish luncheon. Mrs. A. N. Anderson gave the invocation. After the luncheon, Mrs. W. C. McDonough, president, presided over the business meeting. Mrs. Frank Arrendale, teacher of the class, presented the devotional. Mrs. V. A. Galloway led in prayer. The minutes were read by the secretary, Mrs. Cora Preslar. Mrs. McDonough led the closing prayer. The following members were present: Mmes. Anderson, R. L. Ross, J. V. Elrod, Ida Hunt, McDonough, Preslar, Arrendale, and one visitor, Mrs. Galloway.

Shower Honors Deanne Hazard, Bride-Elect

Miss Deanne Hazard, bride-elect of Roddy Carter, was honored with a bridal shower at the Community Clubhouse from 7 to 9 p. m. Thursday, Oct. 16. Hostesses for the occasion were Mrs. Dale Cozart, Mrs. Jack Blackwell, and Misses Helen Carroll, Carolyn Weaver, Sherry Baker, and Sue Garrett. The refreshment table was laid with a white cutwork cloth and centered with an arrangement of pink asters. Refreshments of punch and cake were served by Mrs. Cozart and Mrs. Blackwell.

Miss Carroll presided at the registry book. Guests were greeted by Miss Garrett. The couple will be married Saturday, Oct. 25. All friends are invited.

HERE FOR WEEKEND

Miss Ann Robinson of Hardin-Simmons University in Abilene visited her parents, Mr. and Mrs. K. V. Robinson, over the weekend.

'Way Back in the early 20's'
... we started out in the abstract business in Eastland County. Then, as now, the abstract was a necessary part of every real estate transaction. We soon learned that an abstract was something more than a bundle of pages with numbers on them. Even more important today, it must not only be accurate, responsible and revealing, but it must be a quality product of completeness prepared to stand the most thorough and critical examinations.

LIVE BETTER... ELECTRICALLY

Enjoy the **CLEANLINESS** of Electric Cooking

Utensils keep their jeweled gleam... curtains stay bright and drap... venetian blinds stay sparkling clean... all with minimum washing and care... when you cook electrically. Electric heat is as clean as electric light, and is transferred to utensils by direct contact for maximum cleanliness and efficiency. The electric oven, insulated on all sides, top and bottom, conserves heat and keeps cooking vapors to a minimum. Result: a Spring-bright kitchen the year around. See your electric range dealer soon. Cook electrically... Live better electrically!

TEXAS ELECTRIC SERVICE COMPANY
A. N. LARSON, Manager Phone 189

Rangers-

(Continued from Page One)
6-0, when the quarter ended.

Second Quarter
Henderson received the ball, but were soon stopped on the 31-yard line. Hoyston took the ball, broke loose, and ran all the way—69 yards—for the most spectacular scoring play of the game. The passing attempt was no good and Ranger led, 12-0.

Henderson took the ball, after the kickoff, on their own 36-yard line, and began picking up fast yardage. The Cards rumbled down the field to the Ranger 25-yard line from there — Billy Hopson, right half, scattered all the way for the Cards' first and last score. He ran for the extra points to make the score 12-8.

The Rangers started back on the Ranger 31, but were stalled on the 45 where they made a 35-yard punt. The quarter closed with

Henderson in possession of the ball.

Third Quarter
The kickoff was returned 29 yards by the Cardinals, but they lost their chance when Kenny Wells, halfback, intercepted a pass. Two plays later, however, the Cardinals retaliated by intercepting a Ranger pass.

A fumble regained the ball for the Rangers, on the Henderson 30, and set them up for the third score. They completed one pass and ran the rest of the way for the tally.

It was Leo Savell, left half back, who plunged over from the one-yard line to make the score 18-8. Immediately afterwards, the Rangers were set back 15 yards on a personal foul. The kick attempt by Savell failed to find its goal.

A confusing mix-up followed the kickoff returned 16 yards by the Cardinals. They began a short drive from their own 25, but were

soon stopped and forced to punt. Ranger began a drive on the Ranger 44, making their way down to the 18 before the end of the quarter.

Fourth Quarter
A penalty set back the Rangers 15 yards and they failed to get past the Henderson 28-yard line. Quarterback Dick Maxwell failed to find a pass receiver, setting the Rangers back eight yards, and they failed to pick up a first down on the next play.

The ball quickly went back to the Cardinals, however, after Quarterback Ben Harper lost 11 yards for the Cards on an attempted pass.

Ranger took the ball on the Henderson 43, posed a scoring threat on the three-yard line after picking up fast yardage, and then were set back 15 yards on a clipping penalty. They lost their chance when two passes fell incomplete.

The ball went back over to the Cardinals who made it up to the 35 before they were stopped on downs. The Rangers had just completed a first down when the final whistle blew.

Bulldog Band-

(Continued from Page One)
bers will participate.

Largest visiting band is from Thomas Jefferson High School, Dallas. The 100-piece band is directed by Charles Vick.

Other junior and senior high school bands represented will be from the following towns and cities:
Burleson, Celina, De Leon, Dublin, Era, Garland, Grand Saline, Jackboro, Wilmer - Hutchins, Dallas, Fort Worth, Denton, Overton, Haltom City, West, and Northwest (Justin) High.

FFA-

(Continued on Page Four)
tion is being held this week. One nominee from each class will be eliminated. A runoff will be held the second week amongst the remaining four girls.

The Sweetheart will compete at the District FFA in Stephenville on December 8. After district contests, there will be area, state and national selections.

The current Sweetheart is Miss Nancy Warren, a junior serving her first year as Bulldog cheerleader. The 1957 Sweetheart, Miss Betty Gall Gardenhire, was the last Ranger girl to capture district honors. She is now a freshman at Abilene Christian College.

Rites Are-

(Continued from Page One)
Burial was in Bullock Cemetery under the direction of Killingsworth Funeral Home.

She was born Oct. 8, 1882, in Indian Territory (Oklahoma).

Survivors include three sons, Aaron House of Old Glory, O. W. of Ranger, and Earl of Wichita Falls; one brother, Otis Childress of Fort Worth; three sisters, Mrs. Joe Elliott of Fort Worth, Mrs. May Rodgers of Ranger, and Mrs. Ellen Briscoe of Freeport; six grandchildren and three great-grandchildren.

Palbearers were D. W. Rodgers, Pete Rodgers, Pete Elliott, Troy Elliott, Leroy Rodgers and Sam Yancy.

ATTEND THE CHURCH OF YOUR CHOICE EACH SUNDAY

Area Churches To Participate In Crusade

DALLAS — Eleven Texas Baptist churches in the Cisco Association have agreed to participate in the 1959 North American simultaneous evangelistic crusade, said Dr. C. Wade Freeman, superintendent of evangelism, Baptist General Convention of Texas, this week.

A recent extended survey by the state evangelism department showed that 5,515 or 94.8 per cent of the denomination's churches in Texas will be included in the movement.

Additional statistics released by Dr. Freeman show that 3,508 churches will observe New Year's Eve prayer service this year, and 3,352 churches will schedule a "commitment to soul winning day," January 4, 1959.

"This is the first time that all major Baptist groups in North America have participated in such a drive. We hope the effects of this year of revival will be worldwide with prayer periods and crusades scheduled in many foreign countries," said the veteran evangelist.

Texas crusade dates are January 25 - February 8, March 15-29, and April 12-26.

An estimated 70,000 baptisms will be recorded this year, said Dr. Freeman. Last year, BGCT churches reported 62,283 baptisms.

Theme for the simultaneous crusade is "New Life For You."

Olden P-TA Hears Mrs. M. Johnson Speak on Hobbies

Mrs. Marene Johnson, Eastland postmaster, presented the program for the Olden PTA as the members met Thursday evening for their regular meeting.

Mrs. Johnson presented a most interesting and informative talk on "Hobbies Create Character." She displayed a stamp collection and stated her plans for making a mosaic window out of stamps. Mrs. Gilbert Copeland, president, presided over the business session during which projects for the year were discussed. The PTA also voted to become a member of the Eastland County PTA.

Concluding the meeting refreshments of cookies and coffee were served to about 35 members.

Local Team-

(Continued from Page One)
brought the Rangers' total up to 66, while their opponents have 46. Penalties total 326 1/2 yards for the Rangers and 390 for their opponents.

Leo Savell, left halfback, is second in the scoring race with eight points. Picking up six points have been Jack Waggoner, Blakely, Maxwell, Clark and Wayne Cromer.

"TREASURE HUNT" SET BY RANGER MERCHANTS OCTOBER 24 AND 25

"Treasure Hunt" Set As First Special Fall Event

The "Treasure Hunt" launched today on this page is the first of several special events, planned earlier by Ranger merchants, as part of this year's Fall Campaign.

Sponsored by the trade extension committee of the Ranger Chamber of Commerce - all events are aimed towards more and better business to benefit the people of this area.

Coming, as part of the program, will be a Santa Claus parade on Nov. 29, a turkey give-away and Christmas street and home decorations.

Morris Newnam is chairman of the sponsoring committee consisting of John Tibbels, Calvin Lipkin, John L. Smith and W. H. Stevenson.

Santa will land in downtown Ranger via helicopter on Saturday, Nov. 29. At 3 p.m. that day, candy will be given away to all the kids present by Santa and his helpers.

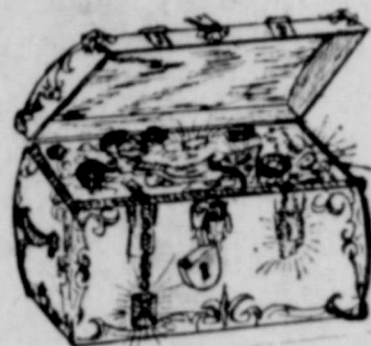

Thanksgiving night in Ranger will see the Christmas lights turned on downtown and other decorations (some of them new) will be on display.

Sometime around Thanksgiving a turkey give-away is planned to be held downtown. This event is expected to draw a large crowd of people.

As in the past, prizes will be offered to homes in Ranger for colorful Christmas decorations. Lights and Christmas decorations will brighten the appearance of many Ranger homes prior to the final judging. All area residents are invited to view these beautiful decorations.

THIS IS YOUR
TREASURE HUNT NUMBER

№ 3032

NO PURCHASE REQUIRED!

Just Match This Number
With Number In Merchant's
Store And Win
FREE PRIZE.

Now is the Time to Go Hunting for Treasure!

Like to hunt for "buried treasure?"

Now's your chance. Take the "Treasure Hunt" number (In Box) on this page to merchants participating in the "Treasure Hunt" and match the number with the prize and walk out of the store with it. That's all there is to it.

Anyone receiving this page, no matter where they may be, is eligible to participate. No strings attached. This is really a free gift.

Prizes galore are being offered by Ranger merchants, listed at the bottom of this page. Go by and see for yourself, but don't forget to take the number with you.

In connection with the first Treasure Hunt held in Ranger, many merchants are offering bargains and specials at their stores. So now is the time to take advantage of it ... as you go hunting for your treasure.

Prizes not awarded within the next two days (Oct. 24-25) will be held on display where they may be redeemed next Monday or Tuesday (Oct. 27-28).

This event, sponsored by the trade extension committee of the Ranger Chamber of Commerce, is one of several special events planned in connection with the current Fall Campaign.

REMEMBER THE DATE ... FRIDAY AND SATURDAY, OCTOBER 24 - 25. FREE PRIZES TO LUCKY NUMBER. NOTHING TO BUY ... JUST MATCH THE NUMBERS.

Free Parking In Ranger All Day Saturday

Highway Patrol Sergeant Gives Explanation of Use of Radar

(Editor's Note: The following article was prepared for this newspaper by Sgt. C. A. Cockrell, lead of the Texas Highway Patrol station in Eastland.)

Since the advent of radar as a traffic law enforcement aid, several news releases have indicated that many lay citizens and some courts do not properly understand the police's purpose in using radar.

On occasion violators have returned to the scene and assumed the "good samaritan" role by flagging speeders approaching a radar or by installing home made radar warning signs near by to alert speeders. When police have stopped the interference of these self appointed "traffic supervisors" by filing charges, some citizens and even courts have responded with questions such as, "What was wrong with that? Weren't they slowing down speeders? Weren't the police trying to slow down speeders with radar? What's the radar for if it's not to slow down speeders?"

The first reaction of many citizens to these questions is that the police were more interested in filing charges against speeders than they were in preventing the speed violations. The reasoning implied in the questions and the public's reaction indicate a lack of understanding of what radar is for. This misunderstanding works against the safety of the public who have employed the police for the purpose of protecting person and property. The purpose of this article is to present an explanation of "what radar is for" from the police's point of view.

First, if we ask, "what are traffic officers for?" one might say, "To prevent accidents." This answer relates to an indirect result of the officers' work, but it is not the logical answer. One of the duties of the traffic officer is to enforce laws. It follows (if the laws are sound) that driver compliance with the laws will result in fewer accidents. The officer enforces laws; as a result of enforcement more drivers comply with laws; as a result of wider compliance more accidents are prevented. However, the officer does not file charges against drivers for having accidents. It is not against the law to have an accident. It is against the law to commit the violation that caused the accident to happen.

If you now have a clear understanding how enforcement work of traffic officers prevents accidents, you are better conditioned to accept the following answer to the question, "What is radar for?"

In one instance a court sided with the violator, who had gone back to the radar station a n d flagged speeders. The court told the arresting officer, "He slowed traffic down. That's what the radar was for, wasn't it?" The answer

is "No."

The purpose of radar is to generate widespread driver compliance with speed regulations. Radar can generate widespread driver compliance only when drivers widespread over a city or state cannot know where the radar detectors are located. If the locations of radar detectors are revealed to drivers, the cost of purchasing, maintaining and operating radar equipment is a waste of the public's money.

If a sign or a flagman warns drivers that a radar unit is just ahead of them, the traffic law enforcement program designed to prevent accidents is back where it was before radar. The resulting effect is that approaching speeders slow down temporarily. However, one officer in a police car parked in view of drivers would produce the same effect. And the "same effect" is that the halo of an enforcement unit is reduced to a very short strip of roadway. Why spend money to buy expensive radar equipment and assign two officers to do a job which one officer alone, and without radar equipment, could do just as well, or rather, just as poorly.

If radar does not generate widespread driver compliance, it not only is a waste of equipment money but also is a waste of time of police units that could be patrolling to detect other violations such as wrong side on curve, passing on hills, stopping on pavement and failing to yield right of way.

Radar, therefore, is not for "slowing down traffic" for a few hundred yards near the location of the radar. Rather it is for increasing the probability of arrest of speed limit violators everywhere. When the probability of violator arrest increases, driver compliance increases, throughout the city or the state where radar units are used regularly as a scientific aid to traffic supervision.

Where the locations of radar stations are unknown to drivers, radar wields a tremendous influence upon violators of speed regulations. The percentage of drivers who exceed speed limits on the State and Federal rural highway system in Texas has been reduced every year since the Texas Highway Patrol began using radar in November, 1954. And the number of fatal accidents and the number of people killed on the system have been reduced every year. The following statistics tie those results together: the per cent of vehicle speeds in rural fatal accidents that were above 60 mph was reduced from 39 per cent in 1953 to only 25 per cent in 1957.

You should recall these cold facts when you hear someone holler about being trapped by radar or when someone advances the ridiculous suggestion that there should be a radar sign to warn

speeders that they are approaching a radar station.

Radar is not for slowing speeders down to the speed limits. It is for keeping them from driving over the speed limits in the first place. It can do this only when it increases the probability of arrest for speeding. It can increase the probability of arrest only when speeders cannot know when or where they may be driving down a radar beam.

Citizens who sincerely want to reduce their exposure to death and injury on our streets and highways and who recognize that police radar is a valuable aid in accomplishing this goal should oppose the expense of radar units unless the units are used only in such a way that speeders cannot

know where they are located.

Signs giving Texas speed limits are posted all over the State highway system in full view of drivers. Additional signs informing drivers that speed laws are enforced with radar are posted in full view of drivers. Through these warnings and the use of radar the police are trying to develop a safer transportation system at lower cost by making more effective use of manpower and equipment.

The police only want widespread compliance with speed regulations. They are trying to do this by using radar discipline that there will not be any speeding arrests at all. The violators who complain that they were "trapped" because they could not see a radar unit ahead are the very ones that radar is intended to

discipline.

In 1953, 71 per cent of Texas passenger car drivers on rural highways drove under 61 mph. By 1957 this majority had increased to 93 per cent. These drivers drove through thousands of radar beams and never knew the beams were there. Whenever you hear a driver squawking about radar traps, you can bet your bottom dollar that he is not one of this large majority of drivers who are willing to comply with speed laws as a personal contribution toward safer highways. What is done to prevent accidents, prevents accidents. A driver is doing something to prevent accidents when he keeps his vehicle's speed within posted limits.

What the speed limits are, or

should be, is another question, but whatever the speed limits are, the use of undetectable radar units is the most practical way yet devised to procure widespread compliance.

The police are much more concerned about the public generally understanding the purpose of radar than they are about a few individuals informing speeders as to where a radar detector is located. The reaction of well meaning citizens (even a court) to police action against a convicted speeder who returned to the scene to warn other speeders merely revealed the need of an explanation of why police use radar.

Some reliable but uninformed people who really want a better enforcement program look upon the hiding of a radar detector as an unethical practice designed to

increase the number of traffic arrests. Yet these people support the police practice of "hiding" to detect burglars, robbers, thieves and narcotic peddlers.

These people should be reminded that in 1957 Texas had 1,084 criminal homicides and 2,539 motorcides. We had 8,287 aggravated assault cases and 122,195 persons injured in traffic. It is not intended to classify traffic misdemeanors per se with those crimes. But a comparison of the results of violations of criminal statutes with the results of violations of traffic laws reveals that highway traffic losses are major social and economic problems in Texas. These people need to make an "agonizing reappraisal" of modern traffic problems and of their attitude toward officials

whom they employ to provide protection of person and property.

The goal of traffic law enforcement and driver education is to develop among drivers and pedestrians using our streets and highways a type of intelligent discipline such as we lay citizens now envision.
