Both local football teams have a chance to capture the crown in district and conference play before the end of the season, although both have lost a conference game.

Statistics for the season, presented below, will show the strength of both teams, perhaps better than comparative scores. The Rangers now hold a 4-2 record for the season and a 2-1 record in the Texas Conference. The Bulldogs hold a 4-3 record with 1-1 in District 7-AA play. Both Navarro Junior College and Cisco High School must lose for the locals to have a chance.
