## **Debeak Poultry** To Prevent Cannibalism

COLLEGE STATION - Even the trouble. in the best of poultry families, a bad actor may develop. And once the cannibalistic habit is acquired, feather-pickers or for those being there's trouble ahead unless the attacked ntion, says Ben Wormeli, extens-

CARPET YOUR **ENTIRE HOME** NO DOWN PAYMENT 36 MONTHS TO PAY

Exchange 123 N. Rusk - Phone 242

There are several things which may cause feather-picking or can-nibalism in a poultry flock. Limit-ed feeding and watering space, crowding, lack of proper ventila-tion, irritation caused by lice or mites or the energy level of the diet and the form in which it is fed, may all be factors in causing

At this season when pullets are being housed, a careful watch for should be kept, advise inquent is given immediate at- the specialist. There are some management practices which will tend to keep the trouble at a minimum and these are listed by Wormeli as a comfortable, well - ventilated house; plenty of well distributed feed and water space; no external arasites; feeding diets higher in fiber, and the feeding of mash instead of an all-pellet ration.

The surest way to combat the trouble is to debeak the birds. Wormeli suggests that the local county agent be contacted for de tails on carrying out this opera-

\* in Texas \*

reality, however, these rules are In trying to understand the ws regulating intersecting trafic, it is best to start off with the law and prepared by the State Bar al dignity, legally speaking. Traffic not to advice No person should ever apply or interpret any law rule somewhat, but when in doubt thout the aid of an attorney the safer to assume that all driv-

Obviously, however, in many be legally entitled to the right of way. When it becomes necessa determine right of way in articular situation, the drive he reaches the intersection firs r who is going to get there first

ordinarily favored. But when two automobiles ar n equal distance from the inter ction, that one approaching from e other driver's right normally as the right of way.

Some intersections are kn "courtesy corners," having op sign or a flashing red signs acing each direction of approach The first driver reaching the corr and coming to a complete sto ay over other vehicles not a ready in the intersection. How ver, don't depend too much or he other fellow's courtesy, and be sure to keep a "proper lookout" and your car under "proper ntrol," as explained in a earlier

At intersections involving one hrough street and another street aving a stop sign and coming to a full stop is ordinarily said to have the right of way over veh icles approaching on the through street but not already in the in

However, this last rule must be nualified by saying that you hould not proceed, cross or turn rto the through street until you an do so without interfering with encoming traffic. In other words, f an approaching car will arrive thin the intersection before you tle longer. The same rules apply entering a highway from a side ad containing a stop sign.

Many drivers violate the rule right of way covering left-hand rns at intersections. When turn left, you should always be or he inside (or center) lane, dis playing the proper hand signal You must allow all cars coming rom the opposite direction, a ready in the intersection, to pas through before completing your ern. Even when the intersection other oncoming traffic is far anough away to be able to see your you to turn with safety cerned.

Stay in the inside gradually over to the rightne if you wish. When right, stay in the right-ha to the center lane, as s unnecessary, unlawful

rossibly the most mystifying of all traffic rules to the average driver are those relating to "Right of Way" at an intersection. In of Way" at an intersection. In any person requesting same from the Department of Public Safety, Drivers License Division, Austin,

Texas. (This column, based on Texas ers crossing your path have a facts may change the application of the law.
