

ROAMING THRU RANGER WITH RON...

YOUNG PEOPLE are leaving Ranger almost every week, moving away elsewhere in search of jobs. They are usually successful, but sometimes they're not...

PESSIMISM precedes progress and it is necessary, or otherwise no one would ever realize that anything was wrong (or needed correcting) in the first place.

HERE'S ANOTHER essay, reprinted here from the National Essay Association's anthology, written by a student of Mrs. Lillie Robinson.

By Melanie Newman. Faces are the windows of our personalities. Some of these windows need to be washed and polished to make them shine with the radiance of a smile instead of the shallowness of a frown.

Organized Sunday was the Ranger Racers, an organization to promote safe and skillful driving among the young people of Ranger.

Re-opening Wednesday, the Frigid Queen will be open seven days a week, from 10 a.m. until 12 midnight.

Try and buy the popular, smart new Bambar, truly a honey-wasney gas burner. Famous for fun, resale, quality and economy.

Phone Pioneers Are Organized

Telephone pioneers from Eastland, Ranger, Cisco, Albany, Breckenridge and Dublin officially organized the West of the Brazos Telephone Co. Pioneers at an organizational meeting held in the roof garden of the Connelley Hotel in Eastland Friday night.

THE ABTRACTOR AND THE LANDOWNER
 ... are inseparable friends and naturally for we have so many interests in common. The abstractor would not exist if there were no landowners and the reverse is also true. When business is brisk we both share in the prosperity; when it is bad we suffer together. So we are yoked together for better or for worse journeying toward an unknown future, and as we trudge merrily along let us wish for ourselves and the rest of you a prosperous New Year.
EARL BENDER & COMPANY
 Eastland, (Abstracts since 1923) Texas

What to Do With The Pricklypear?
 College Station — Pricklypear—good or bad?
 This is a question in the minds of many Eastland County ranchmen who often ask if pricklypear should be controlled or kept as an emergency feed reserve.
 For over a century pricklypear has been used for livestock feed. On Texas rangelands it usually is considered an undesirable plant but does have some economic value as supplemental forage for cattle and sheep during winter and drought periods.
 Frequently, ranchmen burn pricklypear for a supplemental roughage for cattle during winter. Burning consists of singeing pricklypear spines with a hot flame from butane or oil pear burners. Pear burners are constructed and operate much like a blowtorch. The spines should be burned enough that they cannot be felt when the pad is touched. If pricklypear is burned excessively livestock refuse to eat it, but they eat it readily when it is burned properly.
 Chemical analysis of green parts usually consumed by animals follow: crude protein, 1.4 to 4.4 percent; digestible protein, 0.5 percent; fat, 1.55 percent; potash, 3.04 percent; phosphoric acid, 0.33 percent; crude fiber,

8.65; calcium, 2.84 to 13.85 percent; nitrogen-free-extract, 57.85 percent; and water, up to 85 percent. From this analysis it would be classed as a fair roughage.
 The Texas Agricultural Extension Service has published a bulletin which contains discussions of pricklypear's forage value and its advantages and disadvantages as a range plant. It also has sections devoted to control measures and what management follows control.
 This publication, B-806, is available free of charge from local county agents or the agricultural information Office, College Station.

Two Place In All-Region Band

Two members of the Ranger High School Band were selected Saturday for the all-region band in try-outs held in Abilene.
 Playing in the band Saturday night were Mollie Mitchell, at first chair piccolo and Carol Sue Montgomery, sixth chair horn. Also trying-out for the band were Linda Black and Emma Lou Montgomery. The event was staged at McMurry College.
 A total of 16 region bands in the state are selected from the best band players.
 Rehearsals were held Saturday afternoon, following the try-outs, and the concert was heard Saturday night.
 Mollie will try out for the all-area band in Stephenville next Saturday, competing with three other piccolo players. All-area band players will compete for the state band in contests set Feb. 18-20.

SOCIAL SECURITY
 900-99-0000
 YOUR SOCIAL SECURITY

(Editor's note: This is the seventh in a series of 10 articles.)
 Social Security benefits are intended to replace in part loss of income brought about by the death, disability, or old-age retirement of the worker. For this reason, they are related to the average earning of a worker in employment or self-employment covered by the social security law. Obviously, social security benefits are affected by changes in the national economy.
 Since the last benefit increase was put into effect in 1954, wages have increased by about 12 percent and prices by 8 percent. Congress felt that adjustments in the benefit scale were in order and voted an across-the-board increase in the amendments which the President signed into law on August 28, 1958.
 These benefits becomes effective at the beginning of 1959, and will be included in all benefit checks for January which will reach beneficiaries early in February. As I said in the first article in this series, it is not necessary to visit your social security office to apply for these increases. They will be made automatically.
 The benefit increases for retired workers amount to about 7 percent over the levels provided in the old law, with a minimum increase of \$3.00 in the benefits payable to a retired worker who came on the rolls at or after age 65.

IT'S THE LAW
 in Texas
 LEGAL CHECKUP IS SAFETY MEASURE
 Legal trouble is easier and cheaper to prevent than to cure. Most wage earning, childbearing, home-buying installment paying families don't see much need for a family lawyer.
 Often under prodding, one may get a lawyer to write a will.
 But can you tell a big legal risk from a small one? Can you spot the signs of legal trouble?
 Check your family lawyer when:
 1. Your status changes: upon coming of age, marriage, the birth of your children, buying a house, divorce or death. For you may then need to draft or revise your will, change your insurance, or re-figure your rates.
 2. You buy or sell. Look out for flaws in the papers before you go into debt, part with money, or sign anything involving big expenditures or long term obligations.
 3. You enter into other contracts. Promises, spoken or written, bind you if they call for a "consideration", something of value in return.
 4. Someone threatens your rights. The law exists to defend them, but with some rights you must take action yourself for them to work for you.
 When you can bring your lawyer "live" facts (e.g. unsigned contracts, vexing tax returns you haven't filed), he can do much more for you, and at a smaller cost than when you bring him "cold" facts (mistakes you have made which threaten trouble.)
 But above all, get both live and cold facts to him at once. For time

may run out in many such situations. Your lawyer may be able to do something for you today, which he cannot do tomorrow.
 Tell your lawyer what you want. Tell him all the facts, good or bad, and then keep him informed all along. He is sworn to keep what you tell in confidence, and he cannot serve you well without full knowledge.
 (This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Slightly smaller increases will be shown on the benefit checks of retired women workers who elected to retire at age 62 or at any age thereafter before reaching age 65. Proportionate increases will be made in benefits paid to beneficiaries who are the dependents or survivors of retired or deceased workers.

For retired male workers now getting benefit payments, the monthly payments, beginning with the payment for January, will range from \$32 to \$116, as compared with \$30 to \$108.50 under the old law. For women workers now getting retirement benefits the increased checks will range from \$26.40 to \$116 per month. This slightly lower minimum benefit is due to the fact that some women chose to retire before age 65.

Firemen Rush To Barn Fire
 Volunteer firemen rushed to a blazing barn, about 10 miles southeast of Ranger, Saturday afternoon at 3:15 p.m.
 Belonging to Joe T. Butler, the barn was valued at \$2,000 full of feed. About three acres of grass land were also on fire.
 Firemen had difficulties in extinguishing the blaze due to deep sand, a spokesman said, but had the fire out in about an hour.
 Earlier Saturday, firemen had been called to a grass fire near Blackwell's Gulf Service Station. Chief Ed Willingham was in charge of the runs made by Fire Marshall Glen Carr, in the booster truck, W. P. Hatfield and Alonzo Stephens. Rex Mitchell was the night radio man.
 Willingham and J. D. Barker, assistant fire chief, and others are helping to remodel the Police radio room. Painting on the floor and some of the furniture started Saturday morning. The walls will be re-painted in the near future.

Now don't tell me I am loco in coco (plain nuts) as I already know that; but I'm not a dead head (sad sack); but I gotta drag it like, you know what I mean, and don't forget; I've Got Eyes For You (be seeing you).

FFA-

(Continued From Page One) to another investor at any time. "The insured farm loan in an attractive investment for private lending institutions and individuals and has been well received here in Texas," McKay stated. "In fact, 92% of our more recent real estate loans totalling \$8,926,000 were made from funds provided by private credit sources. We anticipate that raising the rate of interest to lenders to 4 percent will result in a substantial increase in lender participation and thereby enable Farmers Home Administration to meet the credit need of more farm families."

Many Cows Are Low-Productors

College Station — Not many farmers would put up with a tractor that's hitting on only half its cylinders. Yet many dairy farmers keep cows that aren't carrying their full load.

The difference, of course, is that the tractor usually coughs and sputters and otherwise lets the owner know that it isn't on its best behavior. Not so with the low-producing cow. A cow that isn't producing enough to pay her feed bill may appear as pretty and smooth looking as her more productive stablemates.

It is estimated that one-third of the 728,000 milk cows on Texas dairy farms don't produce enough milk or butterfat to return a profit on the feed and labor they require.

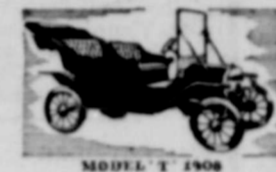

A herd of uniformly good cows free from a bunch of "loafers" must be developed gradually by systematic culling, says J. W. Davis, extension dairy husbandman. In order to cull accurately and intelligently, dairymen must

keep records. Davis recommends using any of the three record-keeping plans sponsored by the National Cooperative Dairy Herd Improvement Program. The three are the standard DHIA, the owner-sampler and the Weigh-a-day-a-month. He reminds that just keeping records is of little value. They must be analyzed and used as a guide for herd improvement. Records that are "used the most are worth the most."

More information and assistance may be obtained from the county agent.

Perfect indoor climate... yours all year around with the **ALL-ELECTRIC HEAT PUMP**

Imagine a home in which the indoor climate stays at the level you like best — from season to season, from day to day, even from hour to hour — all automatically — without your lifting a finger!

That's the kind of automatic home comfort you get with an All-Electric Heat Pump. Using only electricity and air in its operation, it both heats and cools from the same unit — switches automatically from heating to cooling or back again as needed, even with-

in the same hour. You just set the thermostat once and enjoy home-wide perfect comfort the year around.

With the Heat Pump, there's no seasonal start-up or shut-down of heating or cooling equipment — no discomfort from sudden weather changes. And because the Heat Pump is all-electric, it's clean, modern, healthful. Phone, write or visit our office for complete information about the All-Electric Heat Pump for your home or place of business.

All-Electric Year-round Air Conditioning is a feature of all Live Better Electrically Gold Medallion Homes.

Pound Cake Is Tasty With Well-Brewed Tea

Old-fashioned pound cake loaf, brandy-flavored dates and spiced lemon slices are fine accompaniments for tea. Be sure that tea is prepared correctly for this traditional treat.

Some time ago, at the Newspaper Food Editors Conference in New York, there was a "Boston Tea Party" given for the visiting food experts.

First, everyone was shown how to make a really fine cup of tea: Use one teaspoon of tea or one bag for each cup. Use water that is boiling. Brew three to five minutes. Scald pot or cup before making the tea.

Old-fashioned pound cake, brandied dates and other taste-tempters were served.

Old-Fashioned Pound Cake Loaf
 Three cups sifted cake flour, 1 1/2 teaspoons double-acting baking powder, 1/4 teaspoon salt, 1/4

BY DOROTHY MADDOX
 teaspoon mace, 1 cup butter, 1 1/2 cups sugar, 1 teaspoon vanilla extract, 3 eggs, unbeaten; 1/2 cup milk
 Heat oven to 350 degrees Fahrenheit. Grease a three-quart ring mold on bottom and sides. Sift flour, baking powder, salt and mace three times.
 In a large electric mixer bowl, with mixer at medium speed or "cream," mix butter with sugar and vanilla, then with eggs until very light and fluffy, about four minutes altogether.
 Then, at low speed, or "blend," beat in flour mixture alternately with milk in small amounts, beating well after each addition. Bake in greased 10x5x3-inch

loaf pan at 350 degrees Fahrenheit one hour and ten minutes, or until done.
 Serve as is, or dust with confectioner's sugar.

Brandied Dates (About 1 1/4 quarts)
 Two pounds packaged dates, 1 pound brown sugar, packaged; 1 pint water, 1/2 to 1 cup brandy flavoring.

Pour boiling water over dates and let stand one minute. Drain dates; remove skins and pits. Bring sugar and water to boil; add dates and simmer five minutes. Add brandy flavoring and turn into clean, hot jars. Seal and store in cool place at least 10 days before using.

 Robert Green
 Are Married**

Miss Betty Lee Vinson, daughter of Mr. and Mrs. Jim Vinson of Ranger, and Robert Glenn Green, son of Mr. and Mrs. Dewey Mann of Ranger, were married Friday, Jan. 9, at 7:30 p.m. The double ring ceremony was read in the home of Rev. Ellis, pastor of the Merriman Baptist Church.

The bride wore a full-skirted dress of blue linen. Only the immediate family attended. The couple will make their home in Ranger, where he is employed at American Aggregate Company. She will attend Ranger High School, where she is a junior.

VISIT PARENTS

Visiting in the home of Mr. and Mrs. C. C. Bearden Sunday were their children, Mr. and Mrs. W. H. Bearden, Kathy, and Randy of Aledo; Mr. and Mrs. Jack Bearden, Debbie and Larry of Ranger; and Mr. and Mrs. C. R. Bearden of Mingus.

VISIT PARENTS

Mrs. Darlene Fields and Rhonda of Big Springs visited her parents, Mr. and Mrs. J. H. Crabb, last week.

ATTEND FUNERAL

Those from out-of-town who attended the funeral of Mrs. R. D. Kimmel were Mrs. Mary Cooksey, Mr. and Mrs. J. H. Gaunce, and Mr. and Mrs. George Wiley, all of Fort Worth; Mr. and Mrs. Bobby Harper, Truman Harper, Mrs. Desdie Harper, and Mr. and Mrs. Wayne Ervin, all of Dallas; R. L. Kimmel of Ardmore, Okla.; Mr. and Mrs. B. A. Kimmel of Winnie, Okla.; Mr. and Mrs. J. D. Hefner and A. A. Hawkins, all of San Antonio.

R. D. Hefner of Aztec, New Mexico; Mr. and Mrs. D. A. Weems, Lola Faye, and Paul of Carlbad, New Mexico; Mr. and Mrs. R. L. Kimmel of San Mateo, California; J. E. Kimmel of Denver, Colorado; R. P. Kimmel of Farmington, New Mexico; Lester Kimmel of Kirtland, New Mexico; Mr. and Mrs. Ray Huntington of Bloomfield, New Mexico; Rev. and Mrs. Bailey Hagar of Weatherford; Mrs. Ruth Mitchell of Houston; and Mr. and Mrs. Tommy Harper of Waco.

**Coffee Honors Mrs. C. E. May, Jr.
 Monday Morning in Ratliff Home**

Mrs. James Ratliff honored Mrs. C. E. May Jr., with a coffee Monday morning, January 12, from 9:30 to 11:00 a.m. at the Ratliff home.

Arrangements of white flowers were used throughout the house. The table was laid with an imported Italian cutwork cloth. The centerpiece of white stock was flanked with white candles in silver

candelabra. Silver appointments were used.
 Mrs. Earle Pittman, Mrs. F. P. Brasher, Jr., and Mrs. W. P. Watkins alternated at the coffee service.
 About sixty guests called during the morning.

**Don't lock the barn
 after the hay
 is gone!**

It's so easy to think of insurance . . . when it's too late.

It takes some sense and some foresight and action to imagine loss in advance and to get insurance to prevent the loss.

Insurance is a comfort every day you own it—and a salvation if a loss really comes. Let us protect you against losses by fire, wind, lawsuits and other common calamities.

No "narrow-gauge" car
 hugs the road like PONTIAC!

The wheels are moved out 5 inches for the widest, steadiest stance in America.

Road-test the only car with Wide-Track Wheels

Behind the wheel of a Pontiac you enjoy a feeling of security you've never known in all your years of driving. With the widest stance on the road and a low, low center of gravity, Pontiac clings to the curves without lean or sway. And the same great advance gives Pontiac a decided edge over other cars in the way it smooths the bumps and holds straight and true against crosswinds. Try it and see!

Portable Transistor Radio
 is removable from glove compartment for use as self-powered portable. (Optional at extra cost.)

America's Number 1 Road Car!
 DRIVE IT AND YOU'LL BUY IT!
