

## ROAMING THRU RANGER WITH RON...

By Ronald Waters

PROGRESS is the keynote for '59. We will probably remind you of this for the rest of the year, as we have on several occasions already.

But let us take a look into the future to see what '59 holds in store for Ranger. Some of the forthcoming events are so indefinite that they're not even in the planning stage yet; others are fairly certain.

Anyway, you can look at it as another group of prophecies—if you like.

SOON, and probably sooner than you think, there will be trees lining both sides of Cooper St. leading from Highway 80 to Ranger College. Before the end of the year plans will be well formulated for building an archway to the college, and Cooper St. will be paved.

A college gymnasium will be erected, and most—if not all—work on the steel-brick structure will be completed before Dec. 31. Located near Newall Hall, the building will be about 140 by 90 feet and plenty of parking space will be available.

ANOTHER FISHING RODEO will be held at Lake Leon on July 4th, with skiing and other water events. An even larger crowd will be present this year, and the timing will be more efficient.

Some brave soul or organization MAY have a ski jump built by that time.

Work on a new building for the Southwestern Bell Telephone Co. will begin within the next few weeks. It will probably be completed in 1960, when Ranger will convert to the dial system.

STILL PROPHECYING and not stating known facts—we'd say that Interstate 20 in Eastland County will be in use before the end of this year. In fact, work will be nearing completion in June.

Several new businesses will move into Ranger, this year, and the vacant buildings on Main St. will just about all be filled by December. Capps Studio plans a move soon.

A new industry will move into Ranger, and a manufacturer connected with production of clay products will become interested in settling in this area.

LOOK for much talk on road construction in the Ranger and Lake Leon area and let's hope for more progress than was made last year.

Look for Cisco to get the seventh annual pecan show this year and the state convention site next year.

Ranger's March of Dimes Drive will bring in more money this year than for many past years.

## Beauty Is Seen In Natural Countryside

(Editor's Note: The following article on wild flowers, shrubs and trees, and the preservation of the countryside was written by Mrs. W. F. Creager. Similar contributions are always welcome.)

By MRS. W. F. CREAGER

The term "wild flower" may mean any plant that grows wild anywhere. Helen S. Hull in her book "Wild Flowers for Your Garden" discusses only those wild flowers which are native species. Some of our loveliest are the blossoms of trees and shrubs which certainly add much to the beauty of roadsides and parks as well as wildflower gardens.

To fit a house into a landscape, to make it belong—there is no way so easy or so satisfactory as to use the trees, shrubs and flowers which naturally grow on the site. This principle has long been followed by those who live in special areas, such as the desert or near the sea, but it is often overlooked in places where many kinds of plants will grow. The desert, with little rain—and much sand, makes it difficult to have any plants but those which grow wild and bloom there. Those who live by the sea learn to love the grasses, heather, everlasting bayberry, and all the trees and shrubs which take hold in the sand and withstand gales and salty spray. If this practice is generally followed, plantings can be made which will require little maintenance and, at the same time, will look right because they are what the land naturally has selected. What actually exists on a site can be an exciting point of departure from which to build your wildflower garden.

There are practical reasons for saving the trees, shrubs and wild flowers which grow naturally in a location. These species have spent millions of years finding out how to grow in the very conditions which you have, and they have had to survive without care. If wild plants had to depend on protective sprays, so native plants are more resistant to pests and diseases than exotic species which have not been so disciplined. The introduction of plants from distant areas, with few exceptions, is not likely to be profitable.

## PROCLAMATION

WHEREAS we observe in honored reverence the birth of George Washington, First President of our United States, on February 22 next; and

WHEREAS Washington's Continental Army, to which we are ever grateful for preserving the freedoms we enjoy, was composed of loyal Militiamen from all areas of our colonial nation; and

WHEREAS their tradition of citizen-soldier service to community and country is continued today by the militiamen of our Army and Air National Guard units; and

WHEREAS the duties performed by our National Guard in preserving peace by constantly remaining alert and prepared are most vital in these troubled times;

NOW THEREFORE, by virtue of the authority vested in me by the City of Ranger, be it proclaimed that George Washington's Birthday, February 22, in this community also be designated as "National Guard Muster Day" in tribute to the officers and men of the city who stand ready to serve us in any emergency.

W. F. Creager, Mayor

## 'Muster Day' Observance Set

Mayor W. F. Creager has proclaimed Monday, Feb. 22, as National Guard "Muster Day" in Ranger, in tribute to the officers and men in the Guard.

George Washington's Birthday is set aside each year, all over the nation, as the date for the observance. Sunday will mark the fourth annual "Muster Day" for the local unit in the 648th Armored Field Artillery.

Open house is planned at the

National Guard Armory, from 2 to 4 p.m., Sunday, at which time weapons and vehicles will be on display.

New Battery Commander Local and area people will have a chance at that time to come out to meet the new battery commander, First Lieutenant J. Nelson Williams of Ranger, leading the 648th service battery.

Williams replaces Capt. Cecil C. Carr of Rising Star, who resigned recently. He invites area people out for the open-house ceremonies.

A veteran of World War II, with five years and eight months service with the U. S. Navy in both theatres, Williams saw action as a first class aviation mechanic on a carrier.

He was executive officer for the Cisco unit for six years before taking the commanding officer's post there. A member of the National Guard for seven years, he first joined the 112th armored tank regiment at Snyder and later transferred to the Cisco Battery.

## Rangers Finish Season; Lose to Navarro, 76-64

Rounding out Ranger's regular basketball season the Rangers played Navarro Bulldogs a good hard game Wednesday night in the Recreation Building before falling 76-64.

In the season final, plenty of excitement was offered Ranger fans—especially in the first half when the score was often tied and the lead changed back and forth. At the end of the half, the score stood at 36-all.

As a result of the game the Rangers finished third in Texas Conference standings, with a 3-5 record. They are tied with Blinn Jr. College of Brenham.

Here are the standings:

Team	Wins	Losses
Henderson	7	0
Navarro	7	1
Stanger	3	5
Blinn	3	5
Cisco	0	8

Henderson has one game to go. Presented before the game as the Basketball Sweetheart of 1959 was Mrs. Frances Jameson, girls' counselor. As basketball boys formed a rank on both sides, she was presented with a bouquet by Captain Jerry Larned.

Dean Faulkenberry, a consistently good player and high-point man this season, shot four baskets and got eight field goals for 16 points. He was tied for scoring honors with Jerry Larned, a tricky player, who earned six baskets and four free throws.

Coming in second was Don Russell with 14 points.

High-point man for Navarro were Louis Gonzales, a remarkable small player, and Elton Rathan, who earned 11 free throws.

earning 17 points each. Upton Lackey got 15 points.

Here is the box:

Player	FG	FT	Pts.
Faulkenberry	4	8	16
Larned	6	4	16
Russell	3	8	14
Bob Sullivan	3	6	12
James McElroy	1	1	3
James Hamilton	1	0	2
Bill Phillips	0	1	1

Mrs. David Slaughter served as scorekeeper.

JERRY CANTRELL AT CORPUS Jerry Don Cantrell, son of Mr. and Mrs. Olo Cantrell of 212 Lula, Ranger, a former student at Ranger College, has enrolled in the University of Corpus Christi for the spring semester.

## 50 Trees To Be Placed at College

Fifty live oak trees will line both sides of Cooper St., leading from Highway 80 to Ranger College in the very near future, said Calvin Brown in a report to the Rotary Club Wednesday noon.

Brown stated that digging of the holes got underway Wednesday, and that planting of the trees was to get underway Thursday.

Trees were furnished from the surrounding area. Brown said. Hole work is being done by Buddy Rogers and Calvin Ainsworth of Ranger.

Rotarians will provide funds for the holes in which the trees will be placed. Individual members of the civic club will donate money for the project.

The matter was also submitted before members of the Lions Club today at noon for discussion. Details will be announced later.

Boosted by the civic improvement committee of the Chamber of Commerce, the project also includes building an archway at the street entrance. A spokesman said that plans are formulating for construction of the arch in the near future.

## All-District Band Event Set

Band directors in the area have been invited by Dan Whitaker to participate in the all-district band event to be held here March 21.

Souvenir programs for each of the high school band students participating will be prepared, listing activities of the day.

Following a general assembly in the high school auditorium and morning rehearsals, the Stephenville stage band will present a concert. Afternoon rehearsals, dinner, and the evening concert will follow.

A concession stand in the downstairs study hall will be manned by the Ranger Band Booster Club.

The Olden boys won 50-49 as Gary Fox rang in a two pointer for Olden in the last seconds of play. LeRoy Yarbrough was high for the Hornets with 13 points, but Don Yancey was high scorer in the game with 20 points for Desdemona. Desdemona led 32-24 at halftime.

Elizabeth Fox paced the Olden girls to a 64-59 victory, getting 20 points to outscore Desdemona's Carr, who had 28.

## 'Ranger Day' Set At Tulsa

Ranger oil men will be honored with a special day during the fourteenth anniversary International Petroleum Exposition to be held in Tulsa, Okla., May 14-23, this year.

"Ranger Day" will be held in honor of all the men and women in this area who are employed in the vast petroleum industry. It will be Thursday, May 21. Tentative special events are being planned to assure local oil men a busy schedule.

Actually, just touring the more than 30 acres of oil exhibits is a feat itself, and more than one-half million people from 50 foreign nations and practically every state in the union are expected to view the special oil equipment and techniques valued in excess of \$500,000,000.

Members of the American Legion Post and Auxiliary will celebrate George Washington's Birthday with a dinner Friday at 6:30 p.m. Each family is urged to bring a vegetable or salad.

McMurry Charters, a 28-voice choir from Abilene, will present a concert at the First Methodist Church next Tuesday night.

Rebekah Lodge will hold a cake sale at Ranger Livestock Auction barn next Monday at 1 p.m. for the March of Dimes. Cakes will be auctioned off at that time.

## Carbon Boys to Play Blanket In Bi-District

Carbon's boys wrapped up the District 32-B basketball crown Tuesday night with an impressive victory over Gorman while the Olden Hornets were polishing off Treasemen, the only team which had a chance of tying the Wolverines.

Carbon will next take on Blanket in Comanche Monday night at 8 in a bi-district game. Blanket compiled an outstanding record in winning District 31-B honors.

Coach Garner Rice will probably start Don Underwood, Jerry May, Pat Guy, Kenneth Taylor and Eldon Hooper against Blanket. Underwood has averaged 15 points a game this year and May had a 10 point average. Guy is Carbon's top rebounder.

Others on the Carbon team are Gene Woods, Charles Bryant, Billy Sandlin, Larry Morrow, Charles Caraway, Jerry Lanster, Henry Frazier, and Charles Stephens. Carbon has a season record of 18 wins and nine losses.

## A. C. Kunkle Dies Wednesday

A. C. Kunkle, father of Mrs. Earl Horton of Ranger, and a former Ranger resident, died Wednesday morning at his home in Weatherford, according to word received here.

Mr. Kunkle, a former employe of Humble Oil and Refining Co. for over 20 years, retired several years ago. He worked for Sun Oil Co. in Ranger for about five years. Services were pending in Longview where burial was to take place.

A TOUGH TASK—Three volunteer firemen, including Jack Graham, left, of Eastland, are shown fighting the raging grass fire which burned more than 3000 acres of grass and timberland between Eastland and Cisco Tuesday and Wednesday. The fire was termed the largest grass fire in the county's history. The other two firemen were not identified. (Moderne Photo by Pat Purcell).

## Grass Fire Is Largest Ever In Eastland County

Firemen from five cities and scores of volunteers fought one of the largest grass fires in the history of Eastland County Tuesday and Wednesday morning, winning the battle only after losing some 3,000 acres of brushland to the fard to handle, wind-blown flames.

Fire Chief Billy Jack Johnson of Eastland declared that the fire, which burned out of control between Eastland and Cisco for four days, was the largest he or any member of his department can remember.

Firemen from Eastland, Cisco, Ranger, Breckenridge and Brownwood were called to fight the blaze, and many landowners and other volunteers assisted in the battle. The dry brush burned at an amazingly fast pace as terrific wind gusts pushed it westward.

Only three small sheds were lost to the fire, as fire fighters were able to save some 10 to 15 homes, a drive-in theatre, an oil company camp, a pottery factory and a hospital.

Flames licked up to within inches of some houses and were stopped by fire fighters at the edge of the Joy Theatre.

No injuries were reported, but two firemen from Eastland and a volunteer fire fighter from Cisco came close to being overcome by flames.

Eastland Chief Johnson reported he and Assistant Chief Wayne Jackson and an unidentified Cisco volunteer were completely surrounded by the fire in timberland at one time. Chief Johnson dodged for aid, but had to drive through the flames and heavy smoke before it could arrive.

"I don't know how I managed to get through without hitting one of those trees," Johnson told a reporter, "for I couldn't see anything except smoke and fire."

The fire started Tuesday morning near the Bog Grove manufacturing plant in Cisco, according to firemen. Cisco firemen answered

the alarm and thought they had the fire under control. Later, however, it spread quickly as high winds hit the area, and soon was out of control.

Firemen from Eastland joined the fight as the flames raced westward along Highway 80. Then Ranger and Breckenridge firemen joined the battle and later Brownwood equipment hit the scene. Cisco had three units in operation and Eastland had two. The other departments each had one truck.

Firemen brought the fire under control about 4 p.m. Tuesday after

it had burned a trail across the R. W. Martin place, the southwest corner of the George Fee ranch and land owned by Mrs. Perry Gallagher.

Road maintainers were brought in and helped stop the fire to the west, and to the north.

About 7:30 more trouble began on the south side of Highway 80 near Hambleton. Either a new fire began or sparks from the first blaze set fire to timberland across the highway. The second fire was about a mile from the first blaze.

Firemen brought the fire under control about 4 p.m. Tuesday after

Benefit basketball games set in the Recreation Building Friday night at 7.

Members of the American Legion Post and Auxiliary will celebrate George Washington's Birthday with a dinner Friday at 6:30 p.m. Each family is urged to bring a vegetable or salad.

Rebekah Lodge will hold a cake sale at Ranger Livestock Auction barn next Monday at 1 p.m. for the March of Dimes. Cakes will be auctioned off at that time.

McMurry Charters, a 28-voice choir from Abilene, will present a concert at the First Methodist Church next Tuesday night.

## Benefit Games Are Set Friday

Two benefit basketball battles are set Friday night at 7 in the Recreation Building to determine the champion and consolation of the tournament underway at the high school.

Earlier this week, the junior high school team downed the freshman squad to earn the right to participate in the tourney.

Getting underway Friday morning at 10, the sophomores will tangle with the Junior high squad and the Juniors will play the seniors. The winners will pair off for the championship Friday night, and the losers will battle for the consolation.

Intramural teams are made up of high school boys, playing according to classification.

The event is sponsored by the Student Council at Ranger High School. Proceeds go to the March of Dimes drive.

FFA boys will sell popcorn for the March of Dimes at the tournament.

## Gaye Notes

Well I guess by now that everyone has heard of the March of Dimes Program that we had up here at R.H.S. It was some program! The seniors really went all out to get that one period vacation. All in all they raised about \$94 in cash and checks, but I don't think there were any money orders. The enthusiasm shown by the student body all during the program was evident in the amount of money raised for the drive. The sum total was about \$236.

For those of you who didn't get to see the basketball game Friday night—you missed a good game, but you also missed the crowning of the Basketball Sweetheart, Miss Mollie Mitchell was crowned 1959 Basketball Sweetheart. Tommy Warford presented her with a bouquet of lovely red roses, and Lee King presented her with the traditional sweetheart kiss.

**Ruth Miller Is Crowned Queen at Church Banquet**

The annual Sweetheart banquet of the Second Baptist Church was held Saturday night, Feb. 14, in the White Elephant Restaurant in Eastland. The banquet theme, "Outer Space," was carried out in the decorations. Place cards were small bows and arrows. Programs were in the shape of rockets.  
 The speaker's table was centered with a large red heart, a silver arrow, and red carnations on a white styrofoam base. Steps leading to the table held small red rockets pointing to the sky. A large half-moon and star hung behind the queen's chair.  
 Rev. Ed Scarbrough, pastor, served as Master of Ceremonies. After the invocation by Charles White, the banquet was served by candlelight. The menu consisted of Ham a la Jupiter, Candied Spudnik, Garden Comets, Satellite Salad, Churned Milky Way, Rocket-Rolls, Solar Delight, and Javanese Flying Saucers.  
 Travis Watson, Youth Director, crowned the queen, Ruth Miller, and the princesses, Dawn Lopez and Sandra Tibbels. They were chosen in a contest between the Intermediate and Young People's Department. The Young People won with the highest average.  
 Following the coronation, the group sang "Let Me Call You Sweetheart." Travis Watson sang "Stairway to the Stars," accompanied by Sherry Baker at the piano. A poem was read by Sharon Sutton. Jesse Prestridge sang "All the Way," accompanied by Sherry Baker.  
 Joyce Joyner gave the benediction from I Corinthians 13.  
 Those on the youth committee are: Travis Watson, Mrs. Roland Goodwin, Mrs. Carl White, Mrs. Willie Joyner, and Rev. and Mrs. Ed Scarbrough.

### Mrs. Bill Hoffmann Presented As Sweetheart of Lone Cedar Club

Mrs. Bill Hoffmann of Eastland was presented sweetheart of the Lone Cedar Country Club Saturday night at the club's first Valentine Dances.

Eight candidates were nominated including Mrs. R. A. Bearman and Mrs. J. A. Robinson of Cisco, Mrs. Hoffmann and Mrs. Steve Potts of Eastland, Mrs. Roscoe Hopper and Mrs. Morris Newland of Ranger, and Mrs. W. M. Brogdon and Mrs. Frank Kirk of Gorman.

A wrist corsage was presented to each of the candidates by Dr. James Whittington of Eastland.

Dr. Pritch Ashton of Ranger presented the sweetheart, Mrs. Hoff-

mann, with one dozen red roses.

Valentine corsages were presented as favors to all ladies present.

Mrs. Bunnie Scoggins Rivera of Abilene was commentator for the event.

Mel Sandler's orchestra of Abilene furnished appropriate dance music throughout the evening.

### Carbon Couple Observe 50th Anniversary

Mr. and Mrs. J. F. Hayes celebrated their 50th wedding anniversary Sunday with an open house at their home in Carbon.

The couple was married in Pleasant Plains, Ark. Feb. 14, 1909.

All of the couple's four children were present for the occasion including three daughters—Mrs. J. S. Bennett, Big Springs, Mrs. L. D. Wyatt, Carbon, Mrs. L. E. Powell, Midland and one son M. F. Hayes of Carbon. The grandchildren and great grandchildren were all present with the exception of two grandsons.

One sister and six brothers of Mrs. Hayes also attended. They are Lattie Harris, Roby, R. J. Harris, Eastland; H. L. Harris, Cisco, T. B. Harris, Ranger; John Harris, Roby; Bedford Harris, Fortales, N. M., and E. L. Harris of Sweetwater.

Many friends and other relatives registered throughout the afternoon.

### Cub Scouts Visit Telegram Printing Plant

Members of the Cub Scouts in Den No. 5 of Pack 32 visited the Times Publishing Co. in Ranger, which prints the Eastland Telegram and The Ranger Times, Tuesday.

The scouts were accompanied to Ranger by their den mothers Tuesday afternoon, in observance of "Newman's Week."

Each Scout visited the composing room, saw the Telegram being made up, and saw the large duplex newspaper press. A line of type was made for each of the boys with his name on it.

Scouts attending were: Larry Mace, Randy and Gary Butler, Billy Wayne Earley, Jerry Hollis, Alfonso Gaeta, James Fullen, Bob Day, Bill Hoffmann, Steve and Creig Land, and the den mothers, Mrs. Neil Day and Mrs. Fehrman Lund.

### ABOUT YOUR HEALTH

A weekly public service feature from the Texas State Department of Health. HENRY A. HOLLE, M.D., Commissioner

Last week a strong and vigorous 50-year-old Central Texas dairyman suddenly crumpled unconscious to the floor of his dairy barn while going about his routine chores. The doctor's diagnosis was quick and sure: Stroke. That's one of the most ominous words in the language today. What does it really mean?

The medical term is "cerebral vascular accident," because it is caused by a cerebral vascular disease. The body's cerebral vascular system is the brain's network of blood vessels. Thus, cerebral vascular disease refers to diseases of blood vessels in the brain.

Brain cells require a good blood supply in order to work properly—more so than most other body cells. When something happens to that blood supply, the brain itself is impaired.

That something could be a hemorrhage, thrombosis, embolism, compression, or a spasm. Each one of these key words is a major

cause of strokes.

A hemorrhage (bleeding) is the result of a break in a brain artery which allows blood to escape and damage surrounding brain tissue. Apoplexy is this type of stroke.

A thrombosis is caused by a clot of blood forming in a brain artery, stopping the flow of blood to the part of the brain it supplies. But when a clot is formed by a diseased heart or elsewhere in the body and pumped to the brain to plug up an artery, it is called an embolism.

A tumor, swollen brain tissue, or a large clot in another vessel may press upon a brain vessel to stop the flow of blood. This is called compression. A spasm is caused when a brain artery constricts or tightens up, reducing the flow of blood to a particular

brain area.

With present medical knowledge it is not possible to prevent the majority of strokes, except insofar as some conditions causing cerebral vascular diseases—high blood pressure, for example—can often be helped by modern treatment.

Too, several conditions associated with blood clot formation respond to anti-clotting drugs, and blood vessel defects with which some children are born can sometimes be corrected by surgery, thereby eliminating the danger of strokes.

Rehabilitating a stroke victim may be long and arduous, but it is never hopeless. If stroke damage is slight, rehabilitation may be accomplished by the patient's family and physician. For those with extensive handicaps, special teams

### Retired Civil Employees Favor Keeping Court

At the regular meeting of Eastland County Chapter No. 555, National Association of Retired Civil Employees, with Vice President J. E. T. Peters presiding in the absence of the President, Mrs. Stella E. Morrow, and upon motion of Earl S. Gallagher, the following resolution was adopted by unanimous vote:

Whereas, the citizens of Eastland County bonded themselves to build a fifth floor to their modern courthouse to house the 11th District Court of Civil Appeals, and Whereas, we understand the court is pleased with their location and accommodations, Therefore Be It Resolved: This Chapter deplores any effort to remove the court from Eastland County.

### Grass Fire—

(Continued from Page One)

Several hundred more acres were lost before firemen, using a road as a blockade, managed to halt the fire. Firemen finally left the scene about 2 a.m. Wednesday.

Later Wednesday morning Cisco firemen were called back to the area, but handled a small blaze without aid.

Firemen credited radio communications with "saving the day." They reasoned that the fire probably would have caused heavier damage had all units not had radios, thus aiding firemen in knowing where they were needed worse.

Chief Johnson said members of his department (some with 25 years service) had never encountered a brush fire of such a degree. He warned that the fire hazard is still great in the county.

Firemen and volunteers were fed at the scene of the fire Tuesday night. Food was rushed from Cisco.

**'Conservation' Is Program Theme At Ranger Garden Club Meeting**

The Ranger Garden Club met Friday, February 13, for a program on "Conservation." Mrs. John T. Roberson, president, opened the meeting. The Club Collect was read by Mrs. F. S. Pearsall.

Mrs. P. M. Kuykendall, Arbor Day chairman, gave her report of the planting of the Arbor Day trees at Ranger College. Mrs. Robinson announced that R. V. Galoway had called to thank the Club for decorating the college cafeteria for the Chamber of Commerce banquet.

Mrs. J. D. Johnson brought a Valentine arrangement of red and pink roses at the base of a pink branch holding pink feather puff balls and red hearts.

Mrs. L. L. Bruce, program chairman, introduced the speakers. In a talk on "Birds," Mrs. W. J. VanBibber said, "Man could not live in comfort without birds, at the end of ten years, insects, if unchecked, would have eaten every green thing and man would perish. So as Garden Club members let us feed, water, and preserve our feathered friends which give us so much in return."

Mrs. W. F. Creager discussed "Wild Flowers, Shrubs, and Trees." Colored slides of wild flowers and birds were shown by Mrs. Bruce.

Mrs. R. W. Gordon brought the door prize, which was won by Mrs. H. C. Croom.

A plant exchange was conducted by the Horticulture Committee.

The following members were present: Mmes. Huck Wallace, W. J. VanBibber, Bruce, R. W. Gordon, J. D. Johnson, Alex Roberson, E. L. McMillan, W. W. Mitchell, P. T. Smith, H. C. Croom, L. E. Mrs. Waymond Greenwood . . . weds Saturday

**Saturday Rites Unite Jo Ann Hollis and Waymond Greenwood**

Miss Jo Ann Hollis became the bride of Waymond E. Greenwood Saturday afternoon in the home of the bride's parents at 1408 South Seaman, Eastland. James Fleming pastor of the Bethel Baptist Church, officiated the double ring ceremony.

Mr. and Mrs. Roy C. Hollis are the parents of the bride. Parents of the bridegroom are Mr. and Mrs. T. B. Greenwood, 28 North Gaklawen, Eastland.

Given in marriage by her father, the bride wore a winter white wool flannel suit with blue accessories. Her corsage was of white carnations trimmed in blue and she carried a white Bible. A gold wedding bracelet, worn by the bride's grandmother, Mrs. H. L. Harris of Cisco, whom she was married, was among the brides jewelry.

Miss Judy Inzer, Eastland, pianist played "Because", "Always", "I Love You Truly" and the traditional "Wedding March".

Miss Patsy Hollis, served as her sister maid of honor. She wore a light blue dress with lace bodice.

Her accessories were white and she wore a white carnation corsage.

The groom's brother, Ira O. Greenwood of Abilene, was best man.

A Valentine theme was carried out in the decorations. Blue Valentines tied with white bows were placed appropriately throughout the house.

For her daughters wedding, Mrs. Hollis chose a navy blue dress tied at the neck with a white bow, and she wore a corsage of white carnations. Mrs. Greenwood wore a black dress with a large white collar and a white carnation corsage.

Following the wedding a reception was held in the home of the brides parents. Included in the house party were Mrs. Ira Greenwood and Mrs. Alton Fleming.

The serving table was laid with a white damask cloth and crystal and silver services were used. The three tier wedding cake was topped with the bride and groom and centered the table. The white napkins were inscribed with "Jo Ann and Waymond".

Before leaving on their wedding trip to New Mexico, Carlsbad, Arizona, Grand Canyon and Phoenix, the bride changed to a navy velvet suit with red accessories. The couple will return to Eastland to make their home at 302 1/2 East Main Street.

The bride is a graduate of Eastland High School. During high school she served as Lion's Club sweetheart, Band sweetheart, Girls' State Representative and Valedictorian of her graduating class. She attended Rutherford Metropolitan Business College in Fort Worth and is presently employed by the State Department of Public Welfare.

Greenwood is also a graduate of Eastland High School and for the past two years has served in the Army. He is presently stationed at Camp Wolters, Mineral Wells. Following his discharge March 4, he plans to work for civil defense.

Out of town guests for the wedding were Mr. and Mrs. H. L. Harris of Cisco; Mr. and Mrs. Alton Fleming of Clyde; Mr. and Mrs. Ira Greenwood, Abilene; and Mrs. John Harris, Brownwood; Mrs. L. J. Williamson, Olden and Mrs. June Harris, Rising Star.

relaxation, more informal living and the freedom of the out-of-doors. One and one-half million people are moving to rural areas annually. This is a sensible and sound move. It probably will be reflected in a better and healthier generation of children growing up in sunshine, away from the noises and pressures of the city. It will produce more stable citizens—stronger physically, calmer mentally.

But this movement can carry the seeds of its own destruction, if these millions destroy the countryside itself. Razing large areas for housing, without regard for the land itself, immediately deprives the newcomer of the chief benefits of the country. It makes little cities where there was country. Houses are standardized, regimented and lined up on denuded land. What a change there would be if new communities and housing developments were built among whatever tree growth existed and enough natural vegetation were left to preserve the original character of the area. These new developments would not stick out like sore thumbs, and their inhabitants could enjoy the beauties about them.

The birds, animals, flowers, shrubs and trees native to this country are being crowded farther and farther back. Less and less land remains undisturbed for free growth and even for survival. Birds have fewer places in which to find food, shelter and nesting sites. Similar pressures are imposed on animals and insects and other living organisms which keep nature in balance. As trees are cut down, the water table falls. As ground covers decrease, more and more rainfall rushes down silt-filled streams to be lost in the sea. Then more and more wilderness areas must be confiscated to provide water. Big dams are built, further destroying the natural providers of water, land, soil and habitats for wildlife and recreation for man. This vicious circle is the basis for today's conservation alarms.

The preservation of wild plants is not simple, and cannot be solved permanently by law or restriction on collecting, nor even by public sanctuaries for the purpose. The best solution is some of all these plus the development of many, many wild-flower gardens. It was thought that collecting or buying wild plants as novelties, that it would decrease native flora. Now we know that the opposite can be true. Preservation of native plants is not served by carelessly tearing them up from roadsides and woods and ripping out the natural stands, but we do agree that wild-flower gardening is a very real means of saving the species. Growing them makes us appreciate them.

Everyone who preserves the native trees, shrubs and flowers of the countryside—by growing them

**Shrine Club to Hold Meeting in Eastland**

Members of the Cross Timber Shrine Club will hold a short business meeting at the Lakeside Country Club Friday at 7:30 p.m., according to Henry Pullman, president.

**Muster**

(Continued from Page One)  
Members of the battery will stage the Muster Day ceremony, climax of a month long recruiting campaign to bolster the ranks of the blue-chip National Guard Division.

This program is part of a nation-wide recruiting campaign, an annual affair to boost enlistments and increase the National Guard's defense efficiency. The birthday cake candle-lighting ceremony will be the fourth annual such program in the 49th Armored Division. Birthday cakes will be lighted simultaneously in 55 Texas cities where the division has its combat and supporting units.

It is the National Guardsman's way of paying tribute to Washington, the nation's first commander-in-chief and founder of the militia system known today as the National Guard.

All residents of Ranger are invited to the Washington Birthday ceremony to see the National Guard unit and to meet its officers and men.
