A Small City with Big Industry - A Bright Spot for New Industry

RANGER, TEXAS, THURSDAY, MARCH 12, 1959

Progressive Rangerite

By RONALD WATERS

R. V. "Rip" Galloway, manager of the Chamber of Commerce, has boosted Ranger for 41 years—promoting industry and civic progress at every opportunity.

He has served the Chamber well,

in many different capacities. Roads have been built, Ranger has gained in prosperity and new buildings and industry have come to Ranger through his efforts.

Of Ranger and progress, Galloway says, "I think Ranger has a wonderful future, limited only by the amount of effort put forth by its citizens. Each individual should show his faith in Ranger by presenting the good things and doing his or her part in the progress of our town and assisting in the activities of the Chamber of Commerce, programs of the various churches, clubs and civic organizations."

"A town is as good as its citizens make it," Galloway adds, and to accomplish our dreams each one of us must do our part in actively supporting the things that help Ranger."

Usually one of the first persons a newcomer in town meets, Galloway makes an immediate and lasting impression. He has gained many friends in his years of service.

Born in Iredell (Bosque County), he graduated from Georgetown High School. "Rip" attended Southwestern University, there, as well.

It was while he was going to school in Georgetown that he acquired his nickname. (Only a very few people in Ranger know what the "R. V." stands for.) It seems that the teacher had him stand in the corner, and he would pretend as if he were asleep while there. Thus, he acquired the name of "Rip" from Rip Van Winkle.

Married to Augusta Jackson at Aquila, Jan. 23, 1908, she died April 27 of last year. They raised three sons and three daughters, and Galloway now has 13 grandchildren and two great-grandchildren.

The three sons are Dr. R. Jack Galloway, chairman of the English Department at Texas A & I College in Kingsville; James A. of Odessa, an auditor; and Robert L., employed by the Sheild Brown Co. of Minneapolis, Minn., who is presently residing in Ranger with plans to move to a central location in the West Texas area.

The three daughters are Mrs. Jess (Margaret) Cearley, who works in the school office at Amarillo; Mrs. Marshall (Kathryn) Watson of New Orleans; and Miss Marie Galloway of San Antonio, a secretary to the auditor of the Southwest Methodist Conference.

Coming to Ranger in January of 1918, Galloway first dealt with leases and royalties in the oil business. Later he operated a linotype machine for the Ranger Times, for several years.

In 1925, he opened his own printing office—the Prompt Printer—in the McCleskey Hotel, which was destroyed by fire in July of 1924. His shop was reopened on S. Rusk St. where he published a weekly paper in Ranger for about nine years, from 1926 to 1935. As editor and publisher of the Eastland County News, Galloway also got out the "Loud Speaker", a free distribution paper. At the time he was in competition with the Ranger Daily Times.

Elected County Clerk in 1936, he served four terms up to 1944. During this time he and his family lived in Eastland.

Prior to becoming manager in 1946, Galloway served as a director and on many committees of the Chamber of Commerce. He served as acting manager in 1955.

June 1 will mark 13 years of service in his present capacity. During that time the Chamber of Commerce has sponsored the securing of the National Guard unit for Ranger, sponsored the building of the Caddo Road (Farm Road 717), widening and taking over by the State Highway Commission of the Morton Valley Road (Farm Road 101), building of the four-lane Highway 80 through Ranger and the road to Lake Leon (Farm Road 2461). The Chamber also raised funds to start the original light-weight aggregate plant, which later was bought by the American Aggregate Co., present owners.

An outstanding accomplishment since his connection with the Chamber was the sponsoring of the creation of the Eastland County Water Supply District. The Chamber fostered the passing of the bill through the legislature creating the district. The bill was signed by Governor Jester on May 29, 1949. After this was accomplished (Continued on Page Two)

Gaye... ...Notes

By Gaye Ann Daskevich

Editor's Note: Since Roaming Ron is having problems of his own, he simply couldn't get inspired to write a column here today. In it's place—we have Gaye Notes...

The Sub-Deb Club held their annual Spaghetti Supper at the Community Club House last Saturday night. The spaghetti was delicious, and everyone ate their fill. The girls and their guests were entertained by the Teddy Bears who presented a most delightful program. Dawn Loper, president of the Club, acted as mistress of ceremonies, and the mothers served the dinner.

The students of RHS have turned poetic! No, not really. However, the Juniors and Seniors are trying their hand at writing poetry. The best poems written will be entered in a national student poetry contest. So, it might be worth the time and effort after all.

Some of the Home-Economic girls served dinner for the School Board and their wives last Tuesday night. From what I hear, Mrs. Deffebach is making some pretty good cooks out of those girls.

Now, don't forget the Senior Play—Friday night!

Kite Safety Rules Given By TESCO Manager

Safety rules for boys and girls who fly kites were outlined today by Al Larson, manager for Texas Electric Service Co.

As explained by Larson, the five safety rules in order of their importance are: First, fly your kites out in the open where it won't get caught in wires or trees. Second, use only nylon string made of cotton, silk, linen, nylon or rayon. Third, use only wood in your kite frames. Fourth, fly kites only in good weather. You don't want to get them rain soaked. Fifth, if your kite should get caught in electric wires, call Texas Electric Service Co. They will send someone to get it down for you.

"Local youngsters who fly kites have been very careful in the past about where and when they flew their kites," Larson stated. "We had a perfect record last year with not one boy or girl being injured and only a few kites demolished. This year, I fully expect that even the number of kites lost will be reduced because it seems that every year, our boys and girls listen more carefully to our warnings and cooperate better in making kite flying safe."

To further impress children that safety is all-important in kite flying, Texas Electric Service Co. is providing posters for all school bulletin boards and announcements for school principals.

Senior Play set tomorrow night at 7:30 in the high school auditorium.

Teen Town will be open Friday night after the Senior play, and Saturday night from 7:30 until 11 p.m. for Junior high and high school students.

Kappa Kapers set tonight in the Student Union Building at Ranger College.

St. Patrick's Day party planned for all Teen Town members Saturday. A program for the evening will be held.

Cub Pack 34 meets Friday night in the First Methodist Church at 7. Awards will be presented. Cubs are invited to attend with their families.

Fishing Contest Is Underway At Arterburn's

Arterburn's Hardware and Furniture, 120 Main, has been appointed official headquarters in Ranger for the "H-I Fisherman's Conservation Contest."

The nationwide contest, sponsored by Horrocks-Ibbotson Co., leading fishing tackle manufacturer, is designed to focus public attention on the problems of fishing conservation and water pollution. The H-I firm's program is being carried out through fishing tackle and sporting goods dealers' stores across the nation as well as in advertising in leading sportsmen's magazines.

Sportswomen—and the general public—are invited to take part in the H-I contest by picking up free (Continued On Page Two)

Work On Lone Cedar Golf Course Begins

Lone Cedar Country Club's Family Night, every Tuesday evening, is proving increasingly popular among members and their guests. One of the largest crowds on record was in attendance last Tuesday evening for the buffet supper and events that followed.

Mrs. "Boots" Priest, manager, announced that there are several surprises planned for next week's Family Night.

Programs to be featured in the near future will include Phil Hewitt and his Band on April 4. Hewitt's band is a versatile group that offers everything from Dixie Land to the sweetest of the sweet music.

"You're sure to enjoy dining and dancing to this band," Mrs. Priest said.

County 4-H Contests Are Slated Saturday

To many of the Eastland County 4-Hers Saturday will be a big day. That is the day for the Eastland County 4-H Club Eliminations. These contest winners will be eligible to participate in the District Contests to be held in Stephenville April 11.

There are four different contests which the members are entering. These include Dairy Foods, Electric, Vegetable Preparation

and Share-the-Fun. Also, each type of demonstration is divided into both Junior and Senior Divisions.

The Dairy Foods, Electric, and Vegetable Preparation Contests will be held in the basement of the First Baptist Church in Eastland, and will start at 9 a.m. Each member has been asked to bring a sack lunch, and immediately after lunch, 4-Hers will go to the High School Auditorium for the Share-the-Fun Contest. This will get under way at 1:15 p.m.

Each person entering these contests will receive an award.

The public is urged to attend these contests.

Mrs. Vinovich Services Are Held

Mrs. Michael (Hattie) Vinovich, 79, died Saturday morning about 11:30 in Ranger General Hospital from a heart attack.

Funeral services were held at the Baum and Carlock Funeral Home of Mineral Wells, Sunday at 2:30 p.m. Burial took place at Dobbs Valley, near Mineral Wells.

A resident of Ranger since 1944 she lived on Tiffin Rd. She was born in Bennett, Nov. 21, 1879.

Survivors include her husband; one brother, Ernest Hatfield of Ranger; and a nephew, W. P. Hatfield, Ranger.

Buford Anderson Is Named As Election Judge

Buford Anderson has been named as election judge for the April 4 board of trustees election of the Ranger Independent School District.

G. B. Rush, superintendent of schools, announced the selection of Anderson. Clerks will be named at a later date.

Steven Calvert Services Today

Steve Antony Calvert, eight-month-old son of Mr. and Mrs. William D. Calvert of Strawn, died Tuesday.

Funeral services were to have been held today at 2:30 p.m. in the Methodist Church at Gordon with Rev. James Ellison and Rev. S. Ross Grace, officiating. Burial was to be in New Gordon Cemetery.

Survivors include the parents and grandparents, Rev. and Mrs. Grace of Burkett, and Mr. and Mrs. Burton Calvert of Gordon.

Fall Football Schedule For Bulldogs Given

Football schedule for the Ranger High School Bulldogs has been announced by Coach Harold Barrett.

The Bulldogs will play the same teams this next season as they did last, with the exception of Gatesville. They are playing Rotan, instead.

Five non-district games precede district play, following an open date on Oct. 9. Three home games are scheduled.

Date	Team	Place
Sept. 4	Rotan	There
Sept. 11	Mineral Wells	There
Sept. 18	Diamond Hill (Fort Worth)	There

Farm Bureau to Hold Membership Rally Monday

Millard Shivers, Texas Farm Bureau organizational specialist, from Waco, will be the guest speaker at the annual Farm Bureau membership rally to be held at 7:45 p.m. Monday at the Christian Church annex in Eastland, according to Mrs. Bill Tucker, office secretary.

Shivers address will stress the statewide slogan, "Fourth Place in the Nation with 4000 More Members in Texas in '52." Key community leaders and workers will speak in pairs during the rest of the month of March, armed with information and membership blanks to do their share of the four by four campaign to help place Texas fourth in the nation in membership, Mrs. Tucker said.

Their aim is for each member to enroll another member and by doing this put the Eastland County quota of 475 for 1959 over the top in the county drive.

Paul Hinds Will Enter Track Meet

Paul Hinds of Ranger, a sophomore at Harbin-Simmons University, will participate in the mile relay in the Southwest Recreation Track and Field Meet in Fort Worth Saturday.

Hinds will be a member on the 12-man squad from H-SU making the trip. He ran the 51.8 lap in the mile relay last week in the Border Olympics held in Laredo.

Hinds will also enter the 440-yard dash and the sprint relay at the Fort Worth meet.

Kappa Kapers Is Set Tonight At College

For an evening of fun, tonight, call Kappa Kapers!

Phi Theta Kappa will present as one feature of the evening's entertainment those two well-known stars—Jane Mansfield and Marilyn Monroe, who will present a variety of entertainment in the Student Union Building at Ranger College. The Melo-Duo—the college's girls' trio composed of Glenda Henden of Knox City, Paula Angus and Jimmie May Miller, of Ranger—will sing "Whispering", "September Song", and "Smoke Gets In Your Eyes". They will be accompanied by Mrs. H. A. Lotz on the piano, and Johnnie LaForge, from Breckenridge, on the bass.

The grand door prize, an electric skillet, purchased at L & J Supply Co., will be given to the lucky person whose name is drawn. Everyone is invited to join in the bingo games and cake walk.

Cakes for the cake walks have been donated by members of Phi Theta Kappa and faculty members. Some of the cakes will be cut to serve. Milk and coffee will also be available.

Prizes for bingo, which will be played throughout the evening, were donated not only by Phi Theta Kappa and faculty members, but also by the town merchants. Phi Theta Kappa wishes to show appreciation for donations by recognizing the following merchants as donors:

Dun Ervin's Jewelry Store, Mathena's Flower Shop, Betty's Fashion Shop, El Rancho Coffee Shop, The Globe Clothiers, Penney's, Ranger Farm Store, Craven's Texaco Service Station in Eastland, Unique Beauty Shop, Penn's Service Station, White's Auto Store,

Joy Dry Cleaners, Ranger Auto Parts, Greer's Boot Shop, Swaney's Pharmacy, and Ben Franklin.

Also Lilley's Drug, Western Auto Store, Arterburn's Hardware & Furniture, Tony's Barber Shop, Hamilton's Fruit Market, Worth Food Mart, Adam's Grocery, Anderson Chevrolet, Ranger Greyhound Lines Bus Depot, Ranger Dry Cleaners, Ranger Times, Miss

Garage, Linda's Beauty Shop, Robinson's Grocery, Vie's Beauty Shop, Vinson Radio & T.V. Service, and Ratliff's Feed & Seed.

Proceeds from Kappa Kapers will be used by Phi Theta Kappa members to finance the club's good neighbor tour to Monterrey, Mexico, to promote better international understanding with our neighbors South of the Border.

Preparations Made For Cancer Crusade

Preparations for the 1959 Eastland County Cancer Crusade were made in an organizational meeting of city chairmen and workers in a Tuesday morning meeting held in Eastland.

Literature concerning the cancer drive was explained and distributed by Mrs. N. N. Largent of Abilene, field representative of the American Cancer Society. In the session held at the White Elephant restaurant.

Mrs. Jack Sparks of Abilene, house-to-house chairman, discussed the drive before the group, and Mrs. Roscoe Hopper of Ranger, county chairman, spoke on the American Cancer Society.

City chairmen attending were Mrs. Marjorie Theberge of Ranger, Mrs. R. L. Carpenter of Eastland, Mrs. Austin Flint of Cisco, Mrs. C. G. Stubbiefield of Carbon and Mrs. Dorothy Hatcher of Gorman.

Theme of the Society is "Guard your Family," Mrs. Hopper said. "Fight cancer with a check up and a check." It is the nation's number 2 killer, she pointed out, and 255,000 die from cancer annually.

Mrs. Hopper added that cancer will strike forty million Americans now living at the rate of about 700 a day, or one person every two minutes.

About two million men and women are volunteer workers in the nation's drive, she said.

"We can help the society... research program to find new discoveries that will control cancer," Mrs. Hopper said in conclusion. "Our goal is to save all Americans who now die of cancer."

Sunday, April 12, has been designated Cancer Sunday through-out the nation. The drive will start on Tuesday, April 14.

W. G. "Pop" Garrett of Eastland, a member of the national board of the society, gave the invocation. Mrs. Carpenter gave the benediction.

Attending from Ranger, not already mentioned, were Mrs. O. C. Warden, county co-chairman; Mrs. Bill Clem, publicity chairman; and Mrs. R. W. Gordon.

Boat Ramp To Be Built At Lake Leon

Directors of the Eastland County Water District decided to provide a steel ramp for launching boats at Lake Leon during their Tuesday afternoon meeting in the Eastland Chamber of Commerce.

The ramp, to be made up of sheet steel, will remain permanently at the lake, near the dam. A gravel ramp is now in use.

It was pointed out that the ramp would benefit the Port Worth Angler's Club fishing rodeo, to be held at the lake April 19, as well as area fishermen.

Herb Tanner, manager of the Eastland Chamber of Commerce, met with the directors. Chambers of Commerce at Eastland and Ranger are sponsoring the fishing rodeo at Lake Leon.

Local Scouts Plan to Attend Breck Meeting

The First Junior Leaders Training Conference in the eight-county Comanche Trail County in recent years will be held March 21 and 22 in Breckenridge. Local Scouters plan to attend.

The object in the course is to train boy-leaders with their Scoutmasters and Advisers from Scout Troops and Posts. The program is to train the leaders in advance (Continued on Page 2)

Control of Nutria Is State Problem

(Editor's Note: Nutria have been spotted all over Eastland County. Large rat-like animals, they are considered a nuisance.)
AUSTIN—Control of nutria now has become a problem in Texas, with this little South America import on an eating rampage pretty well over half of Texas. There are areas in Texas where it has become a real menace, according to H. D. Dodgen, executive secretary of the Game and Fish Commission.

Reports from southeast Texas indicate heavy damage in the marshland, where nutria have practically taken over thousands of acres of marshes. They are destroying not only duck food, but crops too, according to the reports. The little animal also has spread over much of the eastern half of the State. Many country clubs with lakes are reporting that nutria have eaten off shrubs around the lake banks and are destroying the foundations of some of the dams.

They also have encroached on State owned fish hatcheries and are eating all growth on the levees, thereby weakening them so that water seeps out.

Many privately owned small lakes in the south Texas area are operating under special programs to kill off the nutria.

The nutria was imported into the United States a few years ago because it was felt they might control undesirable vegetation on lakes and streams. They did not stop at eating undesirable vegetation, however. They destroyed other vegetation and are now classed as a nuisance.

OMAR BURLISON, M. C.
17th District, Texas

WASHINGTON, D. C. — The count-down has started. Exactly two and a half months from now will come the greatest test for this Country and world peace which has occurred since World War II. It probably is a test as great as Korea—greater than that which occurred in Lebanon or that which involved Matsui and Quemoy.

May 27 is the deadline set by Khrushchev of the Soviet Union to give the East Germans control

of the three air corridors, one railroad and one highway from West Germany through Soviet controlled territory to the City of Berlin, a distance of about 100 miles. After May 27, Khrushchev says that the East Germans, who are not recognized as a government by the Western powers, will assume control. He further indicates that the East Germans will close or restrict ingress and egress from the Allied sectors of West Berlin. He threatens that when and if the East Germans restrict travel and supplies through the transportation corridors from West Germany to West Berlin, and open these avenues of supply, should force be used to keep World War III from being started.

President Eisenhower says we will not "budge an inch" in protecting our rights to West Berlin.

Why is it important we maintain our position in Berlin? It is important because if it were not Berlin, it would be some other place. It may be Korea again—Matsui or Quemoy; it may again be Lebanon or some other place in the Middle East; it may be Africa, Southeast Asia and even Latin America. There is no end to the trouble making by the Communists. Revolution is ripe in many places which are fertile ground for the seeds of foment sown by the Russians. They are masters at sowing. They are excellent judges of fertility.

If we are not underestimating the Soviets in the ballistic missile field, we are underestimating them in world trade, subversion and effectiveness of propaganda.

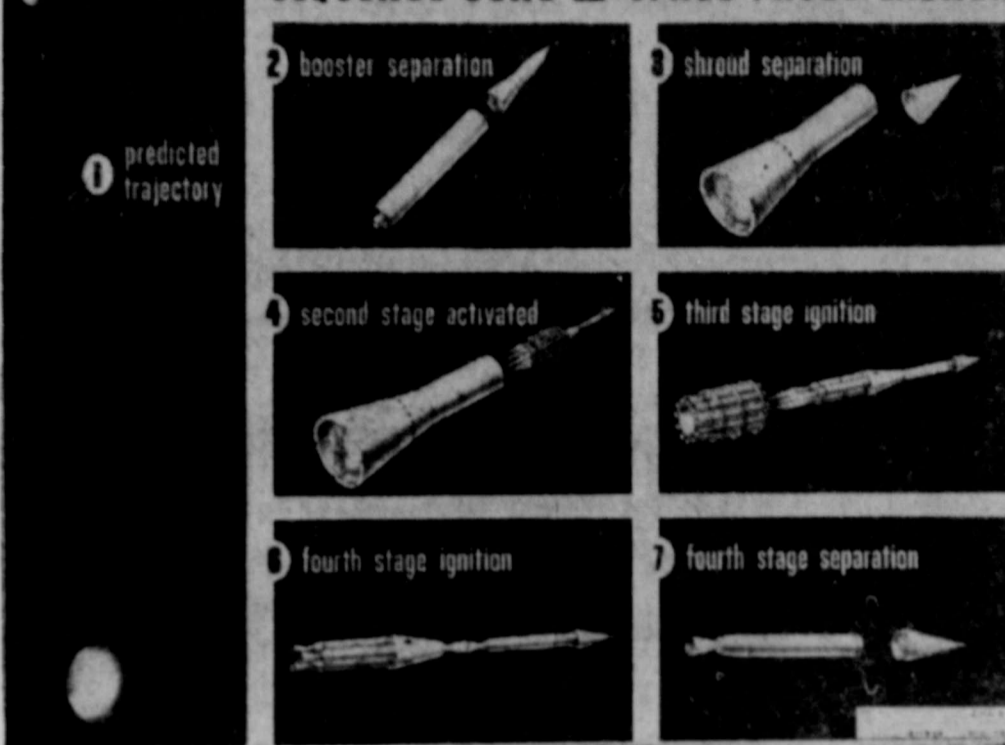

As an example of the effectiveness of Khrushchev's propaganda, what could be more reasonable than his statement that, "It is the task of the German people to re-unite Berlin." It sounds reasonable that the German people themselves should decide how and when they shall unite and let others not "interfere." The catch is that the East German government was imposed by the Soviets, is dominated by them, and any settlement would be dictated by the Kremlin. He seemingly means that a settlement by the two German States would be between a West Germany, speaking for West Germany, and an East German government speaking for the Soviet Union.

The May 27 deadline set by Khrushchev is a real test for the Western powers. The United States, England and France either default, not only to the West Germans, but to all free governments, or they stand up to the Russians in the face of the most serious challenge presented since World War II. As the President has said, it is no time for panic in the face of these threats. It is, however, time for the Western nations to let it be crystal clear to the Kremlin that we have no intention of kowtowing under their demands. Aside from the Allies' commitment to the West Germans, it would only be a short time until another challenge of a similar nature would be presented in another place, and if possible, one even more sensitive. The world is now too small to find a place to hide. There really is little or no choice but to face the Soviets with all the determination at our command, backed up with whatever force is necessary.

There is good reason to believe that if no doubt is left in the mind of the Dictator of the Kremlin that we will resist this threat, no shooting will occur and no war result. Should, however, they miscalculate our determination, anything could happen.

It is an understatement that we sit in an anxious seat and must occupy the chair for the next two and a half months.

SEQUENCE JUNO II SPACE PROBE LAUNCH

SPACE PROBE—Pioneer IV which soared smoothly into space at 12:11 a.m. EST March 3 got its biggest boost from the Army's "Old Reliable" Jupiter intermediate range ballistic missile which started the 13.40-pound payload of instruments on its journey to orbit the sun. The artist's conception here shows the various sequences of the launching of the space probe.

Grain Study Is Completed

COLLEGE STATION—A study was recently completed on the importance, location of products and trends for the seven principal grains grown in Texas.

Clarence Moore, Department of Agriculture Economics and Sociology, Texas A & M College, made a report of the findings of this study to SM-11, a Southern Regional Grain Marketing Research Project group.

Moore pointed out that the average yield per acre of grain sorghum during 1953-57 was almost twice that of the 1935-39 period. Annual variations were large, but yields showed a rising trend over the 23-year period.

"There are several reasons for this," he explained. "Use of improved varieties, increased use of irrigation and more widespread

planting of superior hybrids had a lot to do with the higher yield. Better cultural practices and wiser use of fertilizer also helped. Too, acres diverted from cotton and corn to sorghum in the last few years may have been more productive."

The study also revealed average acreage and production of corn during 1953-57 were only about one-half that of 1935-39. Corn declined from 82 percent of 1935-39 state's total feed grain production during 1935-39 to 16 percent in 1953-57 while grain sorghum increased from 20 percent to over 70 percent.

Moore attributes this mainly to the fact that grain sorghum has been in an economically favorable condition over corn due to lower production costs.

Wheat has declined and rice has increased in relative importance since 1950. Moore says this is mostly due to the fact that rice has had a more favorable market since the war, while there has been a surplus of wheat.

I GIVE YOU TEXAS

By BOYCE HOUSE

More recollections of the winter of 1920-21, spent in Cotulla at the Travelers Hotel.

The hotel guests, "regulars" and those who spent only one night under the roof of the Travelers' Hotel, were an interesting study and many of them I can recall 38 years afterward. There was an oil stock salesman named Snow from Chicago; a member of the legislature from Tinsford—his name was Hall; a big man with clipped mustache who was a spinach buyer; a lawyer who was a former member of the legislature—he was of German descent and spoke with a decided accent; his name was Burmester, or something similar, a widely-read and interesting conversationalist. He confided that he never tried to get rid of the accent, implying that before a non-Texasian jury, it created sympathy for his client because they felt the attorney was handicapped by an imperfect command of the language, which was far from the case.

Another guest was a wealthy, middle-aged widow whose husband, an Oklahoma oil man, had been shot to death and the slayer was serving a life sentence. Then there was a likable young Irishman, with white teeth, dark mustache and ready smile, who spoke fluent Spanish and who attended every performance of a tent show in the Mexican quarter.

Still another was quite generous with information about himself. He had, he said, been a federal judge but had resigned and he was a friend of Senator Bailey and also of former Gov. James E. Ferguson and had contributed to their campaigns.

I did not realize how closely I was studying the guests until some months later, in a Brownwood hotel lobby, I saw the former federal judge and spoke to him, mentioning that I had met him in Cotulla. When he said he did not remember me and could not even remember ever having been in Cotulla, I said, "Then you had better be careful; you have a double" and I proceeded to quote half a dozen things that the man in the Cotulla hotel lobby had said about himself and the "judge" had to acknowledge that the man had been himself.

The most interesting of all the many guests was a soldier of fortune. He related that he had been in Nicaragua and had knocked down the dictator, General Castro, the result being that the "gringo" was thrown in jail with an excellent prospect of facing a firing squad but bribed a guard and escaped.

FHA Members Attend Meeting

The "House of Delegates" meeting of the Future Homemakers of America, Area IV, was held Friday, March 6, at 7 p.m. at Tarleton State College, Stephenville.

Those attending from Ranger were Linda Carroll, Lydia Mendoza, and the sponsor Mrs. Edwina Deffebach. Lydia was the voting delegate representing the Ranger Chapter.

Second Baptist WMU Meets for Mission Study

The Women's Missionary Society of the Second Baptist Church met Monday afternoon for a business meeting and Bible study. The meeting was opened with the members' repeating the WMU Watchword in union. Mrs. R. B. Wymer led the opening prayer.

Mrs. R. B. Needham taught the Bible study on "The Reigning Christ." Mrs. J. D. Nichols, president, presided at the brief business meeting.

Ranger Girls Attend Area IV FHA Meeting

Twenty-six girls of the Ranger Chapter of the Future Homemakers of America attended the Area IV meeting of the FHA, Texas Association, at Tarleton State College in Stephenville on Saturday, March 7. The theme of the meeting was "Alice in Home Economics Land."

Greetings were given by Dr. E. L. Howell, president; Miss Mattie Walker, Head of the Home Economics Department of Tarleton State College; Mrs. J. Louis Evans, wife of the mayor of Stephenville; and Frankie Burkhardt, FHA State vice president. The principle address "The Career of a Home-maker" was given by Mrs. Woodson Arms of Fort Worth. Short skits under the title "Alice Dreams of Her Future" were given by several FHA Chapters.

Sugar Cookies Make Delightful Easter Treats

Of all the traditional activities associated with the Easter season, the one custom which brings the greatest pleasure to every child is coloring and decorating the holiday eggs.

To give added joy to the occasion, here's an easy fun project for the youngsters to do. Baked sugar cookies are cut oval-shaped to resemble the traditional egg. Then, by using a small paint brush, these cookies are brushed with tinted decorator's icing to form interesting designs.

An unusual way to serve these cookies is to set them in and around the Easter basket surrounded by green grass and a bunny centerpiece.

- Sugar Cookies**
- 2 1/2 cups sifted flour
 - 2 teaspoons baking powder
 - 3/4 teaspoon salt
 - 1 cup butter
 - 1 1/2 cups granulated sugar
 - 2 eggs
 - 1 teaspoon vanilla extract
 - 4 teaspoons milk
- Sift dry ingredients together. Cream butter and add sugar, beating until light and fluffy. Add eggs, vanilla and milk. Stir in sifted dry ingredients. Blend thoroughly and chill dough.
- Roll dough 1/4 inch thick. Cut in desired shapes. Brush with melted butter and sprinkle with colored sugars. Bake at 400° F. for 8-10 minutes.
- Yield: 3 dozen cookies
- Decorator's Icing**
- 3/4 cup (1 stick) butter or margarine
 - 1 lb. confectioner's sugar
 - 3 tablespoons milk
 - 1/2 teaspoon lemon juice
 - 1/2 teaspoon vanilla
- Place butter in mixing bowl, allow to soften, then cream well. Stir in 1/2 confectioner's sugar and mix well. Add remaining sugar and milk alternately, beating after each addition until smooth. Add lemon juice and vanilla and mix well. Add desired food coloring.

Saturday, March 14, will be a big day for Lavaca County 4-H girls. The county contest eliminations will be held in the First Baptist Church in Eastland. The contests will include Dairy Foods, Vegetable Preparation, Electric and Share the Fun. The winners of each of these groups will go on to District Contests to be held April 11 in Stephenville. Let's support these 4-Hers with our presence to view their accomplishments on March 14.

Reason for the versatility of the little high hat is that suits, costumes and dresses all have the new low set-in sleeves, soft collar, round shoulder look. A high-crowned headpiece is necessary to give an upward effect, or an otherwise stylish spring outfit is likely to appear droopy.

Of particular significance are the hats geared to the coiffure. These have open crowns, a profile tle, or are very small creations

that ride high on the head exposing the hair-do.

Straws highlight the material scene with great emphasis on smooth lines—Soft organdies and silk flowers are numerous as well as hair braids, straw cloth and novelty braids.

Tones of blue are particularly strong. A high fashion shade is peridot green-yellow. Also on the scene are lavender to cherry shades, near-white, black or navy. The color plan is completed with shades of beige to mocha.

Best test in selecting a hat is the mirror. If the hat looks right for you and your costume, it's right. If it makes you look unduly feminine and catches and folds the glances of others, it has the top interest that fashion is paying up his season.

Shrinks Hemorrhoids Without Surgery

Science finds healing substance that relieves pain—Shrinks Hemorrhoids

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne)—discovery of a world-famous research institute. This substance is now available in repositary or ointment form called Preparation H. At all drug counters—money back guarantee.

Shrinks Hemorrhoids Without Surgery Stops Itch—Relieves Pain

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation H. Silage Is Possible From Grasses, Clovers

COLLEGE STATION — Highly palatable silage can be made from spring grasses and clover when conditions are not favorable for hay making, report research workers of the Agricultural Engineering Department of the Texas A&M College System.

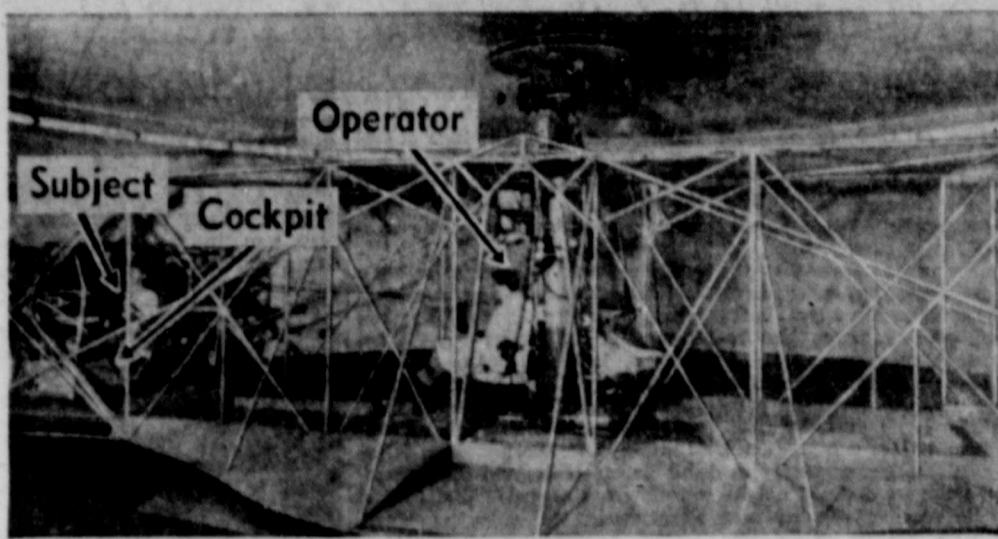

The use of plastic covers and sodium bisulfite preservative reduced spoilage and improved silage quality, the research workers said.

The studies conducted at the Rice Pasture Experiment Station, near Beaumont, showed that good silage can be produced when weather conditions during the spring season are unfavorable for hay making. Farm size silos, incorporating the better known methods of silage making, were used in the tests. The silos used included a 70-ton bunker, two plastic bag silos with capacities of 10 and 25 tons and three horizontal, plastic covered stacks of about 30 tons capacity.

Spoilage losses were higher in 1958 in the plastic bag silos due to difficulties encountered in packing the low moisture silage and from air getting into the bags from punctures in the plastic during the filling operations and from mice damage. In 1957 tests when high moisture silage was put into the bags, no puncture problems were encountered and spoilage losses were very low.

Silage stored in the bunker was successfully self fed to beef cattle; thus, reducing the labor usually required with silage feeding. The research workers reported that horizontal stack silos covered with plastic are showing promise and that the initial investment in them are low.

The tests are being continued in an effort to improve the silage program for the area.

LEGAL HEALTH

Are you in sound legal "health"? It costs much less to avoid legal trouble than to get out of it once you are in. Hence the family lawyer.

But since you can't go running to him all the time, how do you spot legal trouble in time? The following pointers will help in diagnosing your situation.

1. When you come of age, marry, have children, get a divorce, buy or sell property, move to another state, or when someone in your family dies, you may take on new legal rights and duties.

2. When you buy or sell property, always have the legal papers prepared or checked by your attorney before you sign them or put up any money.

3. Double check your contracts, important letters or leases before (not after) you sign them.

4. The law defends your rights, but sometimes only if you yourself act within certain time limits. Make sure you do. Otherwise your claim may be outlawed, or it may be too late to file an action to protect your rights.

5. If you have been in a car accident, for example, get all the facts at once and check with your lawyer and your insurance company.

6. A few other questions may put you in good shape to avoid legal trouble:

In case something happens to you, who knows where you keep papers—your deeds, will, insurance policies, or contracts?

Has everybody in your family a birth certificate?

Where is your marriage certificate? Your social security card? Have you checked your life, hospital, health, home and accident insurance policies? Do they protect you the way you want? Does your life insurance plan, for example, fit in with your will?

Are your tax records in good shape? (This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Tough-built Chevy truck bulls its way deep into the woods for mammoth loads

This big Series 60 Chevy bulls its way as far as 8 miles into the Louisiana woods, fights over ruts and jagged stumps... then grinds back out with towering loads of logs! The Sabine Lumber Company attests to the truck's ability to take it: "Chevrolet makes the best truck for our type of operation."

Out where a truck is known for the beating it can take, Chevy's making friends fast. Truckers like the way these toughies hold up; the way they wade right in, take their lumps, yet stay in shape.

Today, it's grit that Chevy's showing the trucking industry. Real toughness that pays off in job-after-job dependability... in ability to get work done at least expense. You can match Chevy muscle against any tough light-, medium- or heavy-duty job and know you've got it beat!

Your Chevrolet dealer's ready right now to meet your special work requirements. Stop by and see him soon.

No job's too tough for a Chevrolet truck!
