MIRACLES TODAY?

Several religious organizations of today profess to perform miracles of various degrees upon people with body infirmities. They claim to do so by the power of God's spirit. But we deny that people today are inspired with God's Spirit to perform such mighty, wonderful works as were performed by the Christ, His apostles, and by those upon whom the apostles laid their hands to impart gifts of the Spirit.
Miracles were common during the personal ministry of Jesus and were for the express and sole purpose of confirming His Messiahship. John 5:36-37; 20:30-31 "He healed them all" (Matt. 12:15). "He healed their sick" (Matt. 14:14). He healed "them that had need of healing." (Lk. 9:11). He healed the "lame, blind, dumb, maimed, and many others" (Matt. 15:30-31).
The apostles worked miracles through the power Jesus gave them that they might be effective witnesses of Christ and His Gospel. (Acts 1:8) Acts 5:16 says: "There also came together the multitude from the cities round about Jerusalem, bringing their sick folk and them that were vexed with unclean spirits; and they were healed, EVERY ONE." The miracles worked by the apostles were God-given proof that the apostles were God-appointed men with a God-given message of salvation. They were on a divine mission amongst a sin-filled world. Their power to perform miracles constituted their divine credentials. (Heb. 2:1-4)
Certain miraculous gifts of the Spirit were bestowed by the laying on of the apostles' hands. (Acts 8:18). These gifts were temporary in the early church and were to cease when God's complete revelation to mankind (the law of Christ) had been fully delivered by the apostles. See Chapters 12, 13, 14 of 1st Corinthians.
Miracles ceased with the death of the last apostles and the last person upon whom an apostle laid his hand. There has not been an case of MIRACULOUS divine healing in the world since that time.

We See-

(Continued from Page One) of Texas (he was born in Ochel Tree County).
Now there is an interesting Texas county name. Texas has a number of such names that the New Yorkers would find quaint. There is Cherry Key County, for instance, down in East Texas, named after the Cherry Key Indians. Up in the northern part of the state is Mon Agre County (after a killed-in-volunteer, probably) while the coast has Mata Gorda. She may have been a relative of Mata Hari.
Over in the South Central part of the state is Color Ado County, while up in the north is the county of Boo Wee. Of course, Lips Comb County is right up there next to Ochel Tree.
All the way from Hutchins to Hi Dale, we have county names to delight the jacket writer's thirst for the poetically primitive.

Always Call Your Doctor-
... if you are sick, but call your abstractor if you are about to buy a farm, ranch or city property for a check-up on the title. The doctor has the right prescription to cure most any kind of physical ailment, but there is only one prescription for the land title and that's the abstract. You wouldn't buy a sick horse, would you? Then why take on a sick title?

Christian Science

The spiritual power of Christ Jesus' teachings and example will be emphasized Sunday at Christian Science services in the Lesson-Sermon entitled "Sacrament."
One of the key statements of Jesus to be read from the Bible is this from John (6:63): "It is the spirit that quickeneth; the flesh profiteth nothing; the words that I speak unto you, they are spirit, and they are life."
Correlative citations from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include (25:26-31): "Implicit faith in the Teacher and all the emotional love we can bestow on him, will never alone make us imitators of him. We must go and do likewise, else we are not improving the great blessings which our Master worked and suffered to bestow upon us."
The Golden Text is from II Corinthians (13:14): "The grace of the Lord Jesus Christ, and the love of God, and the communion of the Holy Ghost, be with you all."
