An Electric Dishwasher not only eliminates dishwashing drudgery, it gets dishes hygienically clean because it uses water hotter than hands can stand. Tests show that the bacteria count or electrically-washed dishes is well below that of dishes washed by hand. An Electric Dishwasher helps protect the health of your family ... and at the same time relieves you of the timeconsuming chore of washing and drying dishes by hand.

See your tavorite appliance dealer for an automatic electric dishwasher that will help you live Better . . . Electrically.

Gelatine Salads Ring A Reception

using unflavored gelatine to mold two kinds of chicken salad.

One ring combines diced cooked chicken with pineapple and celery in a consomme base. The second one has chicken green pepper and celery in a creamy base. The chicken and other ingredients are fully savored because unflavored gelatine offers no competing taste.

Chicken and Pincapple Ring

2 envelopes unflavored ¼ cup lemon juice gelatine 1 can (14 ounces) crushed gelatine 2½ cups cold chicken stock, divided ¼ teaspoon salt

pincapple
3 cups diced cooked chicken
1/2 cup diced celety rinkle gelatine on 1 cup of the cold chicken stock in sau can to soften. Place over low heat; stir constantly until gelatine is dissolved. Remove from heat; stir in remaining 1½ cups stock, salt, lemon juice and pineapple. Chill until the consistency of unbeaten egg white. Stir in chicken and celery. Tutn into a 5-cup ring mold; chill until firm. Unmold; fill center with salad greens.

Chicken and Vegetable Ring

2 envelopes unflavored gelatine
1½ cups mayonnalse or salad dressing
3 cups diced cooked chicken tock teaspoon salt
2 tablespoons lemon juice
2 tablespoons lemon juice 1% cups cold chicken stock

Sprinkle gelatine on 1 cup of the chicken stock in saucepan to soften. Place over low heat; stir until gelatine is dissolved. Remove from heat: add remaining ¼ cup chicken stock, salt and lemon juice. Cool; gradually stir into mayonnaise. Stir in chicken, green pepper and celery. Turn into a 5-cup ring mold; chill until firm. Unmold, fill center with salad greens.

Yield: 12 servings.

Always Call Your Doctor-

. . . if you are sick, but call your abstracter if you are about to buy a farm, ranch or city property for a check-up on the title. The doctor has the right prescription to cure most any kind of physical ailment, but there is only one prescription to the land title and that's the abstract. You wouldn't buy a sick horse, would you? Then why take on a sick title?

Why these questions?

est but most unnecessary hazards faced by older persons according to the Texas State Department of Health.

Hundreds of thousands of old people are injured every year from falls, and more people died after 65 from falls and their complications than from auto accident in-

One of the major factors in falls is that as persons age their balance - recovery machinery fails. If a person starts to "teeter," certain muscles in his body instantly go into action to keep him on his feet. But in the older years, these muscles get lazy and don't function as rapidly.

Some of the most common causes of falls and their preventions are:

Stairways: When an older person goes up or down stairs, he should not take one step with each foot, but should put both feet on a step before proceeding to the next one.

Insufficient light. Older persons don't see as well as they once did. Stairways especially should be lighted. A night light in the bathroom is recommended. In addition, items of personal property. a person should keep a flashlight state? If so, consult its laws. by his bed to use if he gets up in Many people who come to Texas

Taking a step backwards. If a footing, he should never step back- your will drafted while you are in wards unless he can see where he good health and clear minded.

Not lifting feet high enough. As a person ages, his muscles and ligaments are less lively and he doesn't lift his feet as high, with the result that he trips over all sorts of things-rug corners, toys, thresholds and doormats. Other dangers are bathrooms and climbing on chairs. WE NEED MORE MONTHLY SAVINGS ACCOUNTS

and by this we mean more people who put in a certain sum each month like \$5.00, \$10.00, \$25.00 or any other amount. You will be surprised how quickly one of the monthly savings accounts will some day add up to \$1,000.00 or if you want to you do not necessarily have to put in the same amount each month nor do you have to pay in every month. You could start with \$5.00 or more and add to the account in any amount and it doesn't necessarily have to be the same amount each month or you can skip a month or two. On this kind of account your dividends at 4% per annum will be added to the principal each six months and remember you can always get your money at any time with no advance notice being necessary.
