## As I See Ranger

By Gene Townsend

I would like to start this column off with a salute to the individuals of Ranger who work for the improvement and betterment of the town through the various organizations. For example the work that Boy Scout leaders or our community do for the boys who are trying to learn better citizenship in Scout work.

Fred Bennett, Scoutmaster of Troop 10, directed a Court of Honor Tuesday night where 10 boys received advancement ratings, and 14 boys received 29 merit awards. This is an achievement for the boys to earn these awards, but it is a greater achievement for Fred that he has inspired the boys to work and earn them.

Through personal experience the past several years, I know that it takes a lot of time on the part of the leader to find ways to keep the boys interested in the scouting work. Interested enough to work for advancement the way that Fred has his boys working.

Fred has his job, and a family, that takes most of his time, but still he has found time to work with the scouts. Anyone that has ever worked with young boys will realize that Fred has to have a lot of patience and understanding to be a successful leader for young people. The ceremony that I witnessed Tuesday night proved that Fred is a very successful leader.

The post office department always asks everyone to do their (Continued on Page Three)

## Bryans Purchase Sweetbriar; Now To Be Lou Dell's

Mr. and Mrs. Raymon Bryan announced Wednesday, the purchase of the Sweetbriar Shop in Ranger.

Sweetbriar's desire to close-out their chain store in Ranger is simply a matter of company improvements. It is their desire to establish bigger and better stores in greater populated areas. It is a policy that a progressive company of this nature must take to put forth an honest endeavor for continued growth and a more complete service to the growing needs of its customers. The store here in Ranger will continue to operate under the private ownership of Mr. and Mrs. Raymon Bryan, who will make a sincere attempt to follow the Sweetbriar's policy to furnish its customers with good quality merchandise at the most economical prices.

Sweetbriar will continue to furnish the store with their merchandise for a period of time that will be sufficient to prevent any sudden change in the stock that the public expects to find there. The Bryans plan to start building the stock up as soon as they can feel out the needs of their customers. The shop will have to be renamed, and it is the Bryans' desire to name it Lou Dell's.

Management and ownership of the store will be under the direction of Mrs. Bryan. Mrs. Max Anderson will continue as an employee of the store.

Mrs. Harry Henry, whom all customers will miss, will be a field representative of Sweetbriar, Inc., assisting them in training new managers in their new stores. It will be a well earned semi-retirement for Mrs. Henry, who has worked with a never faltering interest in keeping Sweetbriar customers pleased.

## WILL YOU HELP?

By Gene Townsend

It has been called to the attention of the Times that there is a person in our community that needs help.

A fire that occurred last week completely destroyed Mrs. M. E. McGough's home and all her belongings. Mrs. McGough is an elderly widow woman, and her sole support is a pension that she gets from the government. This is not enough for her to live on and re-furnish a home and buy new clothing.

If anyone wishes to help Mrs. McGough, they can leave their offerings at 121 Pine Street, or call Mrs. Frank Robinson at 507 and she will pick up what you have to offer.

## Rangers Get Big Test Sat.

The Ranger College Rangers will be pre-season rating when they in Junior colleges in the south in the pre-season rating when they in the Texarkana Bulldogs, Saturday night in Texarkana.

The Rangers as usual will go into the game as the underdog, never having defeated the Bulldogs before. The Bulldogs won over the Rangers in 1958, 53 to 2.

The Rangers will go into the game with a better season record than the Bulldogs, but in comparative games won and lost there is no comparison. The Bulldogs have won two of the strongest teams in Texas Junior Colleges while on the other hand the Rangers

have won over two fairly weak teams and surprised the Paris Dragons on the opener. The Rangers one loss came from the Strong Cameron Aggies of Oklahoma. The Bulldogs one win came by way of Hines of Mississippi 17 to 7. There is no comparison since we don't know Hines' record.

Texarkana was defeated 13 to 0 by Del Mar a team that defeated Cameron 22 to 6. Whorton defeated the Bulldogs 23 to 13. Both of these teams have shown much power this season. Texarkana could come back after these two losses and still make a great showing in their conference.

The Rangers will be looking for an upset. A win over this team would give the Rangers a fine rating in the Junior Colleges of south. They will be out to avenge the 53 to 2 beating they took from the Bulldogs last season.

The team from Texarkana will be operating under a new Coach, Kenneth Braden has moved up from the assistant position to head coach. They are running the Straight "T" formation. They have a big tough team with fine running backs.

The Rangers will be more ready for this game than any they have played so far this season. They all realize that a win over Texarkana will mean a lot to their rating, and will give them a good record as they near mid-season.

Bill Phillips, halfback and James Stanford, guard were listed on the Dallas Morning News Junior College Player of Week, due to their performance in the Murry State game. Phillips gained 63 yards in 13 carries, picking up several badly needed first downs. James Stanford, was outstanding on defense, stopping the Murry back at the line of scrimmage time and again.

The Ranger College Rangers are rated in first place in the Texas Conference. Here is the complete list:

Team	W	L	T	Pts.	Op.
Ranger	3	1	0	67	45
Henderson Co.	2	2	0	89	52
Navarro	1	2	0	42	36
Blinn	0	3	0	13	79
Cisco	0	3	0	6	87

## PAGE ONE MUST

The Eastland County Singing Convention will meet at Mountain Top Sunday, Oct. 11, for an all day singing. Lunch will be served at noon. Everyone is invited. Mountain Top is 10 miles south of Cisco. Turn east at the White Flag.

Teen Town will be open Thursday night for Junior High School students, Friday night for High School students, and Saturday night for both groups.

The Junior High Football team will play Stephenville there at 4 p.m. Friday. Only the seventh grade team will play.

580 BURGERS IN ONE HOUR—That's a lot of burgers, but Harry Jordan thinks that he can put out that many if the occasion should arise. Pictured is his new Roto Red Burger Broiler that will turn out a burger every six seconds after it gets warmed up. (Photo by Capps).

## From The Halls Of R. H. S.

By Nellie Sue Vinson

Things are real calm around RHHS this week because there is no football game. This is six weeks' test week, and everyone is busy studying in hopes of passing his first six weeks work. Good luck, kids.

In regards to the F. F. A. boys' inquiries, I am sorry that I stated that the FHA operated the popcorn machine at the football games. It is operated by the FFA, not the FHA. Are you satisfied now, boys?

The band did a wonderful job at the game Friday night. I'm sure everyone enjoyed the majorettes' skillful twirling of the fire batons. The Bulldogs did a fine job also. Keep it up, Bulldogs.

At the regular meeting last week nominations were made for FFA officers. Nominations are Jimmy Needham and Douglas Rogers, seniors; Chuck Garrett and Richard Robie, juniors; Teddie Neeley and Terry Towzlen, sophomores; and James Stephens and Charlie De Los Santos, freshmen. Elections will be held next week.

The FHA will have a bake sale Saturday, Oct. 10 at the Worth Ford Mart, and in front of the Gholson Hotel. We expect to have cakes, pies and cookies for sale. We would like for everyone to come by. If you don't want to buy a cake, we would appreciate a contribution. Ladies, don't bake this weekend, let us do it for you.

News around RHHS is scarce this week, so I'll say goodbye until next week.

The new Ford Falcon goes on display today at Campbell Ford Sales, Inc. in Ranger.

James O. Wright, vice president and Ford Division general manager, said the 1960 Ford was redesigned from bumper to bumper because "we wanted to increase passenger space and comfort and improve the roadability and handling ease and performance."

He said, "After the car originally planned for 1960 was well under way, the advanced styling office showed us some designs for Ford Motor Company cars even farther advanced than our planned 1960 model."

"One of these was called 'Quick-silver,'" he said. "It captured everyone's imagination immediately, and we began to explore the possibility of advancing it to the 1960 models. We were faced with a crucial decision involving millions of dollars."

"When the engineers pointed out that a complete new car also would enable them to design additional quality features into a vehicle, company management gave the go-ahead."

"One of the most important features of the new Ford," Mr. Wright said, "is that it has been 'comfort-engineered.' There is substantially more hip room, shoulder room, leg room and head room in the 1960 Ford than there was in the 1959 model—which ranked far above its competitors in these vital comfort areas."

"With the new body design, the new frame, redesigned suspension and improved power train, the 1960 Ford rides better, handles better and performs better than any Ford in history," Wright said.

Passenger comfort and convenience have been given particular attention in the design of the new Ford cars. New, swept-back windshield pillars have eliminated the troublesome "dog-leg" found in cars with the full-wrap windshield. Yet, the new model Ford has 17 per cent more windshield area than last year's Ford, provides (Continued on Page Three)

## David Webb Receives Eagle Award

## Scout Troop 10 Holds Court Of Honor Tues.

Troop 10, Comanche Trail Council, Boy Scouts of America, held a Court of Honor Tuesday night.

## Roto Red Broiler Gives Fast Service At Jordans

The Jordan Steak House has purchased a new Roto Red Broiler, the latest thing in burger cooking.

The new broiler gives faster service and better flavor to the burgers. After the machine gets warmed up and ready to cook, it will broil a burger in six seconds. The burgers are suspended in evenly distributed heat, which cooks the flavor into the meat. No added shortening is needed as in the old grill process, and you get just the actual flavor of the meat.

Harry Jordan, owner, is holding an open house Saturday, featuring the new machine in operation. A hamburger, coffee or tea, and donuts will be the special of the day on Saturday. He is extending a special invitation to everyone to come in and try a Roto Red cooked hamburger.

## Ranger College Player Of Week

James Stanford, guard, has been named player of the week at Ranger College. Chosen by the coaches of the Rangers, he was selected on the basis of his performance in the game Oct. 2 against Murry State College of Tishomingo, Okla.

He was a 1957 graduate of Breckenridge High School, where he was a three-year letterman in football. Stanford received the Ranger Lions Club trophy as outstanding Ranger College letterman of 1958; and he was named on the All-Star Team of the All-Texas Junior College Athletic Conference and on the 1958 All-State Junior College Team picked by the Dallas Morning News.

He also was given honorable mention in the Fifth Los Angeles Times All-American Junior College Team in January, 1959. He received honorable mention as Lineman of the Week in the Dallas Morning News Oct. 7.

A sophomore, Stanford is an industrial arts major.

## Garrett Presides At District 13 Cancer Meeting

H. R. Pop Garrett of Eastland will preside at a meeting of the District 13, American Cancer Society, today in Jacksonville.

Garrett, one of three district directors, called the meeting to order this morning at 9:30. Other district directors are Mrs. A. Foy Curry of Fort Worth and Edwin C. Webb of Wichita Falls.

A business meeting was scheduled for this morning, along with an address by Dr. Travis White of Midwestern University.

A luncheon session will be followed by a talk by Dr. Edwin C. Webb of Wichita Falls.

Others from Eastland County who were to attend the meeting include Mrs. R. L. Carpenter of Eastland, Mrs. O. C. Warden and Mrs. Roscoe Hopper, both of Ranger; Mrs. Austin Flint of Cisco; and Mrs. Jenkins of Rising Star.

presenting 16 Scouts with awards of advancement and merit.

The ceremony was opened by Scouts David Melhaffey and Darrell Swinney giving welcome to the Court of Honor. Bugler Johnny Camacho called the Court to attention.

Archie Robinson, committeeman for Troop 10, introduced the Scouts who were to be presented awards, and the members of the committee that made the presentation.

Scout Johnny McGee was presented the Tenderfoot badge of advancement by committeeman Roscoe Hopper. Scout Dan Collins was presented the Second Class badge of advancement by Hopper.

Scouts Jimmy Ratliff, Jerry Bob Warden, Craig Loper and Pat Jamison were presented First Class Badges of advancement by committeeman Arthur Deffebach.

Morris Newnam, committeeman, presented the following Scouts with badges of merit: Jimmy Drennan, Johnny Camacho, Tommy Lentin, David Webb, Ranger Hopper, Ray Newnam, Bob McCleskey, Craig Loper, Jimmy Ratliff, Richard Herwek, Jerry Bob Warden, David Vinson, Bob Townsend, and Rush Boggs.

Scouts Bob McCleskey, Ray Newnam and Jimmy Drennan were presented the Star Scout pin by committeeman W. F. Crenner. Rev. Lively Brown, Institutional Representative, presented Scout Bob Townsend with the Life Scout pin of advancement.

Highlight of the Court of Honor was the awarding of an Eagle Scout, the highest rank that a Scout can obtain, was awarded to

Scout David Webb. David earned the rank of Eagle Scout while living in Ranger, but has recently moved to Abilene where he is a junior in the Abilene High School. He chose to receive the award in Ranger where he earned the rank.

Archie Robinson introduced Eagle Scouts Carl Black and Dick Henderson of Ranger, and Mike Potts and Bob Slaughter of Eastland, who conducted the Eagle Scout ceremony. Robinson reviewed the Eagle Scout examination that is given to all applicants for the Eagle rank.

The Eagle Scouts stated the responsibility that is placed on all new Eagles. The responsibility to live with honor, loyalty, courage, and service.

The parents, Mr. and Mrs. E. F. Webb, were escorted to the front where Scoutmaster Fred Bennett gave Mrs. Webb the Eagle Badge to present to her son, and in turn was presented a red sash on by David.

David is the first Scout in 12 years to receive the Eagle rank in Ranger.

Troop 10 is sponsored by the Hall Bible Class of the First Methodist Church. Fred Bennett is Scoutmaster and is assisted by Allen Rushing.

## National Peanut Acreage Set for 1960 By USDA

The Agriculture Department announced Tuesday a 1960 national peanut acreage allotment of 1,610,000 acres, the minimum allowed under law.

The department also said peanut growers will vote in a referendum no later than Dec. 15 to decide whether they will accept marketing quotas for 1960, 1961 and 1962.

Approval would require a two-thirds vote of those voting. If approved, those peanut farmers who comply with acreage allotments would be eligible for price supports of not less than 75 per cent of parity. If rejected, the price supports would be at 60 per cent of parity for those who comply.

Whether or not marketing quotas are approved in the referendum, the 1960 crop peanut acreage allotments will remain in effect as a means of determining eligibility for price support.

The law provides that marketing quotas must be equal to the average quality of peanuts harvested for nuts during the previous five years. However, the quotas must be sufficient to provide a national acreage allotment of at least 1,610,000 acres.

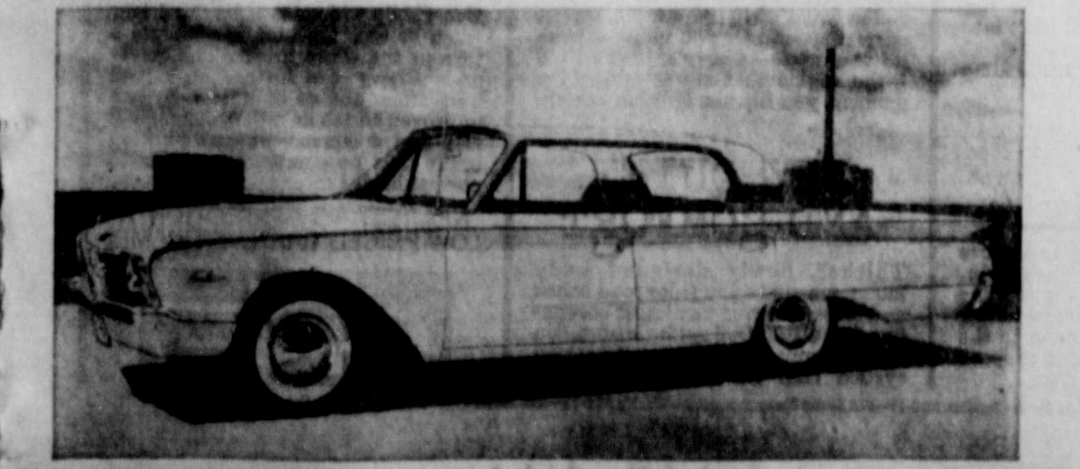

In determining the marketing quota for the 1960 crop, a normal yield of 1,160 pounds an acre was used. This yield, or about 1,610,000 acres, results in the 1960 marketing quota of 984,000 tons.

If the minimum allotment provision of the law was not in effect, the marketing quota for 1960 would be 720,000 tons and the resulting national acreage allotment would be 1,241,000 acres.

The 1960 acreage allotments by states and the comparable 1959 allotments included:

Texas 356,422 acres for 1959 and 356,932 for 1959; New Mexico 4,996 and 4,922; and Oklahoma 138,058 and 137,964.

## KOKOMO NEWS

By Mrs. Glenn Jordan

Mr. and Mrs. W. T. Henderson Tommy and Paul of May spent the weekend with his uncle, Mr. and Mrs. John W. Henderson. Visiting with Mr. and Mrs. Euell Allison and Alvie on Wednesday were his cousin and family, Mr. and Mrs. Ralph Hutchinson, of Truro, Iowa. Mr. Edwin Allison and Miss Annie Allison were also visiting with the Allison.

Mrs. A. B. Eaves spent part of last week in Lubbock visiting her aunt, Mrs. Mattie Neill.

Mrs. John W. Henderson and Mrs. E. C. Bramlett visited with Mrs. Odie Rodgers on Thursday. Spending the weekend with Mr. and Mrs. R. Q. Graham and Mr. and Mrs. Delman Eaves and Mark were their son and brother, Mr. and Mrs. Clifford Graham and Patricia of Monahan, and Mrs. Clifford Graham's mother, Mrs. Baker of Odessa, and sister, Mrs. Bob Pierce of Coshoma.

Mr. and Mrs. John O'Neal of Hamlin visited with Mr. and Mrs. W. A. O'Neal on Sunday.

I am sorry to report that Mrs. W. F. Bryant is still not able to return to her home from the Gorman Hospital.

Mr. and Mrs. Jimmy Little spent Sunday with Mr. and Mrs. Vera Garrett.

Mr. and Mrs. Claude Fuller visited on Sunday afternoon with her dad, Mr. Platt.

Mr. and Mrs. C. G. Wheeler of Carlsbad, N. M. visited this week with her brother, Mr. and Mrs. Albert Hendricks and her sister, Mr. and Mrs. Floyd Wood and an aunt, Mr. and Mrs. Lum Tuggle. They also visited at Flatwoods with Mrs. Willie Mae Hendricks.

Mr. and Mrs. Vernon Fields spent Sunday in Eastland with her brother, Mr. and Mrs. James Johnson.

Mr. and Mrs. Eugene Buckley of Sheridan spent Friday and Saturday with her sister, Mr. and Mrs. Buford Parker.

Mrs. John Lasater was shopping in Brownwood on Tuesday.

Larry Morrow visited with Charles Caraway on Sunday.

Bob and Mike Rodgers spent Sunday with Dwayne Snider.

Mr. and Mrs. Pete Snider and Danny visited with his parents, Mr. and Mrs. Lon Snider on Sunday afternoon.

Mr. and Mrs. Emmett Woodard and Janet of Abilene spent Saturday night with her parents, Mr. and Mrs. A. B. Eaves. On Sunday Mr. and Mrs. Woodard visited with her brother, Mr. and Mrs. Wayne Eaves and boys in Gorman.

Sunday guests of Mr. and Mrs. A. B. Eaves were Rev. and Mrs. Jackie Heath and girls.

Mrs. Buford Parker visited with her daughter, Mrs. Houston Griffin in Gorman on Monday.

Mrs. Griffin will be moving to Andrews in the near future.

Mr. and Mrs. Euell Allison and Alvie were in Carbon Saturday night to help her grandmother, Mrs. C. J. Lovell celebrate her 86th birthday.

Mr. and Mrs. Jim Jordan attended Mr. and Mrs. Jim Weaver's Golden Wedding anniversary celebration at Carbon on Sunday.

Mr. and Mrs. H. L. Seiter's granddaughter, Mrs. Melba Jordan, underwent an emergency appendectomy late Sunday afternoon in the Eastland Memorial Hospital. We extend wishes for a speedy recovery.

Mr. and Mrs. Mounce are visiting with their daughter in Wichita Falls.

Guests in the home of Mr. and Mrs. J. A. Baze Sunday were their son and family, Mr. and Mrs. Ray Neil Baze of Ranger.

Mr. and Mrs. Gene Ellison, Pat and Jennie of Abilene visited with their parents, Mr. and Mrs. J. N. Ellison and Mrs. Burkett Sunday evening. Mrs. Burkett returned home with her daughter for a weeks visit.

Mr. Bunk Lewis returned from a ten day visit with his brother, Albert Lewis in Odessa. Mrs. Al-

bert Lewis visited with her sister-in-law while her husband was away. The Albert Lewis returned to their home in Odessa Sunday.

Mrs. Oda Alsbrook of Dallas was a recent guest in the home of her mother-in-law, Mrs. C. O. Alsbrook.

Lewis Andrews received a message Friday evening that his sister, Mrs. Mat Bowman was in a hospital in Throckmorton suffering from broken bones and bruises that she received in a car accident.

Mr. and Mrs. J. W. Richardson are on an extended visit with their daughters and family, Mr. and Mrs. Bill Wood of Waco, Mr. and Mrs. Robert Jones and children and Mr. and Mrs. Bob Heffley and children in Ft. Worth.

Mr. and Mrs. R. C. Boswell returned Thursday from a three weeks visit with their daughter and family, Mr. and Mrs. Bob Fogue in Morrist, N. M. The Fogue's brought them as far as Brownfield and Mr. and Mrs. James Smith met them there. They had lunch together and a nice visit. Mrs. Fogue and Mrs. Smith are sisters.

Recent visitors in the home of Mr. and Mrs. Evan Martin were his son and family, Mr. and Mrs. Avon Martin and children of Abilene.

Mr. and Mrs. Bob Boswell and Joe Ed were weekend visitors in the home of his parents, Mr. and Mrs. R. C. Boswell.

April 16—Former non-residents or minors who shall have since become eligible to vote must obtain exemption from county tax collector by this date.

April 17 to May 3—Absentee voting for first primary.

May 7—First primary election and precinct conventions.

May 14—County convention.

May 15-31—Absentee voting for second primary.

June 4—Second primary.

June 14—State convention.

July 11—National Democratic Convention.

Oct. 19 to Nov. 4, 1960—Absentee voting for general election.

Nov. 8, 1960—General election.

## Shelter Important For Dairy Animals

COLLEGE STATION — Many natural advantages for dairymen are found in Texas. Due to these advantages many Texas dairymen have been led to believe the North would be put out of the dairy business. Yet, says A. M. Meekma, extension dairy husbandman, Northern and Mid-West dairymen are not only still in the dairy business, but are supplying milk to almost every major milk market in the state.

Meekma says that Texas dairymen have taken literally the term "natural advantages." Too long the barbed wire fence has been considered sufficient shade and shelter. Texas dairymen do not require the elaborate, expensive arrangements of the North, but adequate arrangements to provide protection for dairy animals should be provided to protect them from the cold winter rains and the summer heat. In Meekma's opinion dairy cattle should be protected from the summer sun even more so than winter cold.

A pole-type, open shed, which is very inexpensive as construction costs go today, will do an excellent job. The shed should provide 50 to 70 square feet per cow. Well-fed dairy cows do not need warm or elaborate quarters. They thrive when housed in open sheds, protected from prevailing winds and summer heat. Meekma adds that some protection should be provided, at least more adequate than the barbed-wire fence.

Meekma adds that some protection should be provided, at least more adequate than the barbed-wire fence.

Meekma says that Texas dairymen have taken literally the term "natural advantages." Too long the barbed wire fence has been considered sufficient shade and shelter. Texas dairymen do not require the elaborate, expensive arrangements of the North, but adequate arrangements to provide protection for dairy animals should be provided to protect them from the cold winter rains and the summer heat. In Meekma's opinion dairy cattle should be protected from the summer sun even more so than winter cold.

A pole-type, open shed, which is very inexpensive as construction costs go today, will do an excellent job. The shed should provide 50 to 70 square feet per cow. Well-fed dairy cows do not need warm or elaborate quarters. They thrive when housed in open sheds, protected from prevailing winds and summer heat. Meekma adds that some protection should be provided, at least more adequate than the barbed-wire fence.

## Shelter Important For Dairy Animals

COLLEGE STATION — Many natural advantages for dairymen are found in Texas. Due to these advantages many Texas dairymen have been led to believe the North would be put out of the dairy business. Yet, says A. M. Meekma, extension dairy husbandman, Northern and Mid-West dairymen are not only still in the dairy business, but are supplying milk to almost every major milk market in the state.

Meekma says that Texas dairymen have taken literally the term "natural advantages." Too long the barbed wire fence has been considered sufficient shade and shelter. Texas dairymen do not require the elaborate, expensive arrangements of the North, but adequate arrangements to provide protection for dairy animals should be provided to protect them from the cold winter rains and the summer heat. ## As I See—

(Continued from Page One)

Christmas mailing early each year. There is a couple of young children in Ranger that have taken this advice in real earnest. The following letter was received at the post office this week:

Dear Santa,  
Please bring us an Annie Oakley suit. A wagon train that Jack and I can ride in. Hat and Boots, a jeep and car. Would you please get me an Annie Oakley wig with braids?  
We love you. We have been good.

Beth and Jack  
The letter has been forwarded on to the North Pole and I am sure Santa will be pleased to have received such a nice letter, and he will have plenty of time to give his attention to it.

I notice that Texas is going to be honored by a visit from Vice President Nixon at the parade opening the State Fair in Dallas. That reminds us that next year is election year. I wonder if this had any bearing on Nixon's timely appearance.

### Lacasa Lines

By Mrs. D. B. Raney

Mrs. A. O. Templeton, who underwent surgery last Friday, is showing much improvement at this time in the Ranger General Hospital.

Mrs. Edna Taylor is feeling better at the home of their daughter, Mrs. A. N. Bradford.

The young people of New Hope Baptist church enjoyed a Training Union Social Saturday night at the home of their sponsor, J. B. Jones and his mother, Mrs. Vallie Jones.

Sue Watson, who is attending Howard Payne College, was home over the past weekend visiting her parents, Mr. and Mrs. Wilson Watson.

The Intermediate girls had their Sunday School class meeting at the home of their teacher, Mrs. Frank Brooks, Tuesday evening a n d night. The girls rode the school bus to her house and spent the night.

There will be a 4-H Club meeting at the Lacasa Club House, Oct. 17. All interested are urged to attend.

Mr. and Mrs. Carson McNabb announce the arrival of a new son, Danny Carson. The baby has two sisters, Melba Jean and Melinda Ruth. Parental grandparents are Mr. and Mrs. Clark McNabb. Maternal grandparents are Mr. and Mrs. Hubert Pockrus, and Mrs. Tryphena Pockrus is the great grandmother.

Mrs. Myrtle Templeton is visiting her son, Van Templeton and helping care for a new baby there. They live near Breckenridge.

Mr. and Mrs. Laurence Dan Mitchell of Pampa visited in the home of his uncle, D. B. Raney, Sunday afternoon, having visited with his grandmother, Mrs. Ida Raney, at Ranger also. His parents, Mr. and Mrs. D. W. Mitchell also were here Sunday night, visiting relatives. They were on their way home to Skellytown from Louisiana, where they attended the funeral of his brother, Joe Mitchell.

Mr. and Mrs. D. B. Raney and Ann visited her sister, Mrs. Adie C. Davis at Goldthwaite, Sunday, going especially to be with two aunts, who were there, Mrs. Ann

Northington of Fort Worth, and Mr. and Mrs. Till Warburton of Hallettsville.

The following have been elected as officers for the coming year: Sunday School Superintendent, Gailard McGowan; Training Union Director, Robert Bradford; WMU President, Mrs. G. V. McGowan; Treasurer, Albert Bradford; Church Clerk, Mrs. D. B. Raney; Pianist, Mrs. Frank Brooks; Music Director and Brotherhood President, Weldon Leonard.

Mr. and Mrs. Bill Herrington and daughter, Billy Lynn, visited his parents, Mr. and Mrs. Zelma Herrington.

Eddie Martin was home from

Tarleton State to spend the weekend with his parents, Mr. and Mrs. H. E. Martin.

The eight or more inches of rain were just what the farmers and ranchers needed.

### FORD—

(Continued from Page One)

better visibility out over the hood, and has a windshield wiper pattern one-third greater than in 1959.

Ford's "posture-perfect" seats permit the driver and passengers to sit in comfort on foam padding and at what Ford research has proven to be the most comfortable seating angle.

### Ford Falcon—

(Continued from Page One)  
inches shorter than a 1959 Ford Fairlane, yet it is a full six-passenger car with interior roominess approximating that of standard models," he said.

"For example, front leg-room in the Falcon is only one-tenth of an inch less than in a 1959 Ford and front head-room is actually seven-tenths of an inch greater. Rear-seat passenger space also compares favorably."

Wright emphasized that the Falcon is "all new from the ground up." None of its parts will be interchangeable with those of standard Ford models.

### Farmers Can Get Social Security Disability Aid

Beginning this month farmers will have social security disability protection for the first time. That date can be an important one for any farmer who becomes severely disabled in October or later months.

Although many severely disabled people in the Abilene area are now receiving disability insurance benefits under social security, farmers have not been able to qualify up until this time, according to R. L. Tuley, Jr., Manager of the local social security office.

A disabled person has to have

social security credit for 5 years in the 10 years immediately before he became disabled. Because farmers were not covered under the law until January, 1955, they could not meet this test before October, 1959, unless they had had other work covered by the Social Security Act in earlier years. By now, however, most farmers will have earned 5 years or 20 quarters of coverage under social security beginning with the month of October.

This does not mean that farmers can be paid disability benefits for the month of October because the law still requires that a person be disabled for 6 months or more before payments can be made. But it does mean that the farmer who becomes disabled in October or later can meet the work require-

ments of the law and become eligible for benefits after the 6 months waiting period.

This 6 months period was placed in the law as a means of measuring the effect of the disability, which must be of "indefinite and long-lasting duration".

### ACHING MUSCLES

Relieve pains of tired, sore, aching muscles with STANBACK, tablets or powders. STANBACK acts fast to bring comforting relief... because the STANBACK formula combines several prescription type ingredients for fast relief of pain.

Circle No. 4 Meets with Mrs. James Ratliff

Mrs. James Ratliff was hostess to Circle No. 4 of the WSCS of the First Methodist Church at a meeting in her home Monday, Oct. 5, at 9:30 a.m. A short business meeting was called to order by Mrs. Ratliff, chairman of the

circle. The following officers and committee chairmen were appointed: program chairmen, Mrs. Charles Milliken and Mrs. James Townzen; treasurer, Mrs. Richard Bonney; secretary, Mrs. David Allsup; cheer fund chairman, Mrs. Jack Sledge; and bereavement chairmen, Mrs. Charles Gann and Mrs. Ratliff.

The announcement was made that there would be a meeting in Gordon Oct. 7 at 7:30 p.m., for a program on the United Nations. Mrs. Ratliff, chairman of the

tend. The group discussed the guest book which is in the foyer of the church. The next meeting will be held in the home of Mrs. Roscoe Hopper in November. Dates were filled for future meetings.

Mrs. Lively Brown gave the devotional. The group enjoyed hearing a recording of the Lord's Prayer by Howard Correll.

White flowers were used, denoting the purity of Christ.

A picture of a mountain and a valley below denoted the devotional theme for this year, "There Is A Light Upon The Mountain."

Mrs. Milliken was in charge of the program on the United Nations. She said, "Churches have helped to shape the charter of the United Nations and have a direct line of interest in the UN."

The group discussed the four phases of the United Nations, Economic, Humanitarian, Independence, and Political. Mrs. Brown led the closing prayer.

Ladies Bible Club Meets In Peppers Home

The Ladies Bible Club met Tuesday morning at 9:30 in the home of Mrs. H. I. Peppers.

Mrs. T. J. Spindle opened the meeting with prayer. The devotional was given by Mrs. V. M. Tollett. The closing prayer was led by Mrs. H. V. Dawson.

The following members were present: Mmes. Dawson, Earl Young, Spindle, Burt McGraw, D. A. Lambert, W. H. McGee, Tollett, Mary Thurman, and the hostess, Mrs. Peppers.

The next meeting will be Tuesday, Oct. 13, at 9:30 a.m. in the home of Mrs. McGraw. Everyone is invited to attend.

VISITING IN CLEM HOME

Mrs. C. M. Clem of Texarkana is visiting in the home of her son and wife, Mr. and Mrs. W. H. Clem.

American Legion Auxiliary Holds Regular Meeting

The American Legion Auxiliary held a regular meeting Monday night, Oct. 5, at the Legion Hall. Mrs. Fred Moseley, president, presided.

Because of the new program set-up on the sale of poppies, the auxiliary voted to postpone the poppy sale to a later date because of unfavorable conditions.

After the business meeting, Commander John Hart invited the auxiliary to join the legionaires in hearing the new recruiting officer, Sgt. Robert Butler, speak. Sgt. Butler expressed his pleasure at being invited to join them, and offered any help he can give. He expressed his thanks to the men of World War I for their time and efforts in making conditions so attractive in the Army today, and pledged himself to work for the members of tomorrow. He said, "The army's aim is to have a

regular army, and do away with the draft which is of great expense to the taxpayer."

Refreshments of coffee and cookies were served to the legion and auxiliary members by Mrs. Luma Lane, Mrs. Vivian Butler, and Miss Electra Pearson.

The next regular meeting will be held Monday, Oct. 19, at 7 p.m.

VISIT IN ROSCOE

Mr. and Mrs. Bob Stuart of Fort Worth, and Mrs. Lloyd Waddington and Mrs. Lottie Davenport of Ranger visited in Roscoe, Texas Sunday. They visited in the home of Mrs. Stuart's parents, Mr. and Mrs. D. O. Hopkins, who celebrated their 60th wedding anniversary.

Mr. and Mrs. Stuart spent Sunday night in Ranger and returned to their home in Fort Worth Monday morning.

HERE FROM MIDLAND

Mr. and Mrs. Gene Fuller of Midland visited in the home of his mother, Mrs. T. J. Fuller, last week. They also visited his sister and family, Mr. and Mrs. A. W. Warford and children.

Altar Society Meets Monday In Bourdeau Home

The Altar Society of St. Rita's Catholic Church held its regular monthly meeting Monday, Oct. 5, at 7:30 p.m. in the home of Mrs. W. N. Bourdeau, 441 South Rusk Street.

Mrs. C. L. Shaffer, president, presided at the business meeting. The minutes of the last meeting were read by the secretary, Mrs. Dorothy Jolly.

The meeting was adjourned with the recitation of the rosary. The following were present: Mmes. Shaffer, Jolly, Charles Campbell, Lillian Hartfield, Everett McGee, A. E. Ernest, James Cockie, H. X. Wallace, Miss Mary Frances Higginbotham, Father Van Hemelrych, and the hostess, Mrs. Bourdeau.

The next meeting will be held in the home of Mrs. Shaffer early in November.

INGROWN NAIL HURTING YOU? Immediate Relief! A few drops of OUTGROW® bring blessed relief from tormenting pain of ingrown nail. OUTGROW® loosens the skin underneath the nail, allows the nail to be cut and then grows further pain and discomfort. OUTGROW is available at all drug counters.

Mrs. Creager  
Is Hostess to  
Circle No. 2

Circle No. 2 of the Women's Society of Christian Service of the First Methodist Church met Monday, Oct. 5, in the home of Mrs. W. F. Creager.

Mrs. O. B. Paynor, circle chairman, gave the opening prayer. Mrs. M. P. Williams presented the devotional on "Good News of Peace and Life." She read scriptures from the 22nd chapter of Genesis.

Mrs. J. A. Johnson was leader for the program on "Faces to Reflect the Light." She stated that the United Nations, its membership comprised of eighty-one sovereign nations, has many personalities. Mmes. Guy Brown, R. E. Johnson, and Beverly Dudley, Jr., portrayed the voices of Thomas Jefferson, President Truman, and

Doug Hammarick-Joid.

There are four faces of the United Nations, Mrs. W. F. Creager gave the Economic Face; Mrs. O. B. Paynor, the Humanitarian Face; Miss Electra Pearson, the Face of Independence, and Mrs. J. A. Johnson, the Political Face. "God of Grace" was sung by the group. The minutes were read and approved. The treasurer and the cheer fund chairmen gave their reports. Mrs. R. E. Johnson closed the meeting with a prayer.

Refreshments were served to the following: Mmes. F. W. Lowe, Annie Shawfield, Guy Brown, W. J. VanRipper, J. A. Johnson, M. P. Williams, O. B. Paynor, R. E. Johnson, Beverly Dudley Jr., Betty Wolford, T. C. Wylie, Miss Electra Pearson, one visitor, Mrs. A. J. Ratliff, and the hostess, Mrs. Creager.

## VISITING RELATIVES

Mrs. Sadie Navokovich left Tuesday evening for a vacation in Albuquerque, Santa Fe, and Toluca, New Mexico; Globe and Phoenix, Arizona; and Los Angeles, Hollywood, and other parts of California.

In Albuquerque, she will visit her son, Ira Navokovich, and his family, and in Globe, Arizona, she will visit her grandson, Nick Navokovich and family. She will visit friends in California. She will return home soon after Christmas.

## VISITING MOTHER

Mr. and Mrs. C. A. Jackson of Hartlingen, Texas, are here on an extended visit with her mother, Mrs. Ida Hunt.

## A Hostess Who Eats Slowly

Dear Mrs. Post: I would appreciate an answer to the following question that has come up. I am a slow eater and my husband contends that when we have people to dinner, it is not right for me, as hostess, to keep our guests waiting while I finish eating. He says that when all the guests have finished a course, I should remove the plates even though I myself have not finished what is on my plate. I have never heard of any such rule of etiquette and would like your opinion on this.

Answer: One usually waits for the slowest eater at table to finish before removing the plates, but if you are very much slower than any of your guests, you as hostess, should not finish what is on your plate if it means keeping them all waiting.

## Acknowledging Wedding Presents

Dear Mrs. Post: I am going to use the fold-over cards (informals) for acknowledging my wedding presents and would like to know what name to have printed across the face of them. Should it be Mr. and Mrs. John Smith, Mrs. John Smith or Mary Smith?

Answer: Your thanks would be better if written on your own note paper. But if you wish to use "informals" they may either be printed Mr. and Mrs. John Smith or Mrs. John Smith for those thank-you notes which you were not able to write before your wedding.

## Lighting Candles In Daytime

Dear Mrs. Post: The typical reception after a church wedding in this area takes place in a large room in the recreational wing of the church immediately following the wedding. In this room a large table contains the wedding cake, punch and an arrangement of flowers with candles is set up. My question is this: At a wedding reception of this sort taking place at three thirty in the afternoon, should the candles be lighted?

Answer: Not unless they are necessary for light.

## An Embarrassed Guest

Dear Mrs. Post: Last evening

## NEWS FROM DESDEMONA

The excessive rainfall has put

farmers behind with their peanut

harvest.

The Harrold Martin family of

Kerrville was here Saturday evening

visiting friends.

Mr. and Mrs. Jimmy Burleson

of Fort Worth spent the weekend

here with their parents, the Le-

roy Burlesons and the Skinny

Lewis families.

Mr. and Mrs. Charles Nick and

Baby of Possum Kingdom spent

the weekend here with her par-

ents, the J. D. McMaisters.

Mrs. W. W. Mitchell, who has

been away on a visit for the past

month, returned home this week-

end.

Mr. and Mrs. Audrey Hood of the

Victor community was here Mon-

day.

Capt. Bobbie Burleson of San

Marcus joined his wife and son,

who have been here for the past

month. He is here on a 30-day

leave while awaiting his new

assignment in Germany. His wife

and son will go with him.

Mrs. Dess Abernathy wants to

thank all her friends and neigh-

bors for all the kind words, flow-

ers and cards she received at the

loss of her mother, Mrs. Rissie

Hunter.

Mr. and Mr. E. E. Hunter and

Mrs. Mammie Watson all of Ran-

ger, and Mrs. Dess Abernathy

visited in Ft. Worth Friday and

Saturday with a nephew, who is

quite ill.

Mr. and Mrs. Dan Johnson of

Dumas spent the weekend here

with her mother, Mrs. Eula North-

cott and Eva.

Mr. and Mrs. Bob Myers of

Arlington spent the weekend here

with her parents, the Raymond

Joiners.

## The Little Things We Notice—

... in preparing your abstracts often grow into big things later on. For example, if a deed is drawn by a careless person it is sure to be full of errors and these errors will show up in your abstract as originally written. The moral is, have your title instruments prepared only by qualified conveyancers and from a legal standpoint the lawyer is the only person who can do this work for you.

## Fire Is Serious Threat to Pastures

COLLEGE STATION — In the drier areas of Texas, range fires pose a serious threat to many millions of acres of valuable grasslands. Already this year thousands of acres of grass have been destroyed by fire. G. O. Hoffman, extension range specialist, says

precautions should be taken to protect grassland from fires.

Fire guards are cheap insurance against an unexpected fire. They are used for fire protection throughout the entire state from the piney woods of East Texas to the short grass area of West Texas. A fire guard is a bare strip of ground usually just inside the pasture fence. Also, many are made between the bar ditch and the pasture fence. They vary in width,

but should be at least 10 feet wide. A fire guard can be made by a road drag, bulldozer or any other kind of scraper. Once the fire guard is made it should be scraped clean of vegetation each year.

If you think of the investment in grass, says Hoffman, it is easy to see that protecting it is a major responsibility. If grassland burns, it means that more winter feed than usually needed will be required. Local county agents can supply additional information on building fire guards.

The specialist warns motorists driving through range areas to be careful. Put cigarette butts, cigars and pipe ashes into your car ashtray instead of throwing them out the window. Hoffman adds that everyone likes a tasty beef steak or lamb chop. To have good meat the animal must be well fed. For the sportsman, grass represents food and cover for deer, quail and other game birds and animals. For the fisherman, the grass means clear streams and better fishing in ponds or lakes. To conserve grass we must all work together, adds Hoffman, using all precautions possible to conserve grass—one of our greatest natural resources.

## Texas Tops All States In 1958 Net Farm Income

COLLEGE STATION — Texas farmers realized a net income of \$1,001.5 million from farming in 1958, \$474.6 million more than in 1957. Estimates prepared by the Agricultural Marketing Service show that Texas ranks 1st among the states in realized net farm income.

Realized net is the income farm operators have to spend after paying their production expenses.

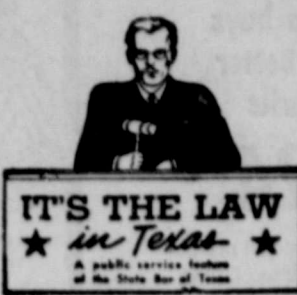

Average realized net income per farm in Texas amounted to \$3,430 in 1958, compared with \$1,774 in the preceding year. The Texas farm operators ranked 17th among the states in realized net income per farm.

Farm operators in Texas built up inventories of crops and livestock in 1958 by \$46.4 million. When realized net income is adjusted to allow for the change in inventories, the total net farm income of Texas operators was \$1,047.9 million. It was \$719.1 million in 1957.

Cash receipts from sales of farm commodities yielded Texas farmers \$2,372.6 million in 1958 compared with \$1,702 million in 1957. Government payments to farmers totaled \$122.2 million, \$9.5 million more than in the preceding year. The gross farm income of Texas farmers amounted to \$2,684.3 million in 1958, a loss of \$697.7 million from 1957. Gross income includes cash receipts and government payments plus allowances for the value of food and fuel produced and consumed on the farm and the rental value of the farm dwelling.

Production expenses of Texas farm operators rose from \$1,459.7 million in 1957 to \$1,682.8 million in 1958. Production expenses are subtracted from gross income to obtain realized net income.

## Go To Church This Sunday

Agents Necessary In Business

Practically all business transactions of every kind depend upon the services of agents of one kind or another. Your insurance man is an agent and so is the man who sells you real estate, or delivers your groceries, or drives your bus. These are just a few examples and each under the law of agency is somewhat different.

But they have in common the idea that, in some way or another, they represent or act for someone else. The person or corporation for which they act is known as the principal.

Generally speaking, there are two broad classes of agents—special agents and general agents. For example, suppose you wish to sell your house and you engage a realtor to handle it for you. He is a special agent who represents you in this transaction alone.

On the other hand, if you were to be absent from the city for a long period of time and have business affairs to be cared for, you might grant a power of attorney to a close associate to act in your place as fully as if you were present.

He would be your general agent and could use his own judgment and discretion in conducting your affairs without consulting you as to what should be done with any old or new problems that might arise.

However, the principal is responsible for the conduct of his agent, either general or special, if the agent is acting within his "scope of authority", and someone is injured through the agent's negligence, the principal is liable.

Very often difficult legal questions arise as to whether the conduct of the agent was within the "scope of his authority", and thus binding upon the principal. For example, suppose the grocer's deliver boy while enroute to a customer's home, and despite the grocer's instructions to stick to business while on deliveries, decided to go a mile or so out of his way to see his girl about a date that night. He drives through a stop sign and hits a pedestrian. Is the grocer responsible for this?

Though this is one of the areas of the law that can be very complex at the same time it is one of the areas of the law where fairness, common sense, and common understanding are most important.

(This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any

law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in fact may change the application of the law.)

# Announcing! A WONDERFUL NEW WORLD OF FORDS FOR 1960

## FINEST FORDS OF A LIFETIME

This new Ford Galaxie, like all the new, beautifully proportioned 1960 Fords, is styled from a new viewpoint. Traditional automotive elegance combines with modern design in the style of a new decade!

In 1960, for the first time in history, your Ford Dealer presents not one, not two, but three new lines of Ford cars...

1. The 1960 Fords—The Finest Fords of a Lifetime, beautiful from any Point of View, worth more from every Point of Value!
2. The 1960 Falcon—The New-size Ford, the world's most experienced new car and the easiest car in the world to own!
3. The 1960 Thunderbird... The World's Most Wanted Car!

## Introducing the New-Size Ford... the 1960 Ford Falcon

Meet the New-size Ford—the Falcon! Here's a car with plenty of room for six big adults and all their luggage. It's sized to handle and park like a "small" car... powered to pass and climb like a "big" car... and built like no other car for savings!

It gives you up to 30 miles per gallon on regular gas. Aluminum mufflers normally last twice as long as ordinary kinds. A Full-Flow oil filter lets you go 4,000 miles between oil changes. Even insurance can cost you less! And this Falcon is the world's most experienced new car. It was driven over every mile of numbered Federal Highway in EXPERIENCE RUN, U.S.A.—a grueling demonstration lasting Ford's 3 years of development and testing.

The Falcon has the features that American car buyers prefer. Its gearshift is off the steering column—not on the floor. Its engine is located up front for greater stability and safety. Best news of all is the Falcon's low, low price. See it at your Ford Dealer's... and see the difference!

Now you can see them—the Finest Fords of a Lifetime! Economy-minded Fairlanes. Big-value Fairlane 500's. Elegant Galaxies. A breath-taking new Sunliner convertible and a brand-new hard-top model, the flashing Starliner. Then there's a whole new world of Station Wagon Living, too. It all adds up to 15 glittering variations of the world's newest, most elegant styling theme!

And Ford sets the new trend in power. Ford's Thunderbird 292 V-8 and 352 V-8, like the famous Mileage Maker Six, bring a new world of smoother, hotter performance on regular gas. To top it all, the Finest Fords of a Lifetime are priced for savings. Ford is still priced to outvalue all comparable models of its major competitors.

Ford savings, however, only begin with a low price. You save still more with engines that thrive on regular gas and save up to a dollar on every tankful... a Full-Flow oil filter that lets you go 4,000 miles between oil changes... Diamond Lustre Finish that never needs waxing... aluminum mufflers that normally last twice as long as conventional types... new, safer, Truck Size brakes that are the biggest ever in Ford's history... and new soft-tread, Treadex cord tires that run quieter, last longer.

In every way these are the Finest Fords of your Lifetime! See them at your Ford Dealer's!

## I GIVE YOU TEXAS

By Boyce House

Reminiscences of an old-time sports writer.

Many years ago, I went to a West Texas town to cover a high school football game for a big city daily and the man on the gate refused to honor my pass because it was signed by only one school. The cost of a ticket was 75 cents and

so I paid 38 cents as the non-signing team's share of the gate receipts. (That item was included in my expenses account but it wasn't listed by itself!)

Then there was the time that LeRoy Menzing drove 125 miles for the annual Cisco-Abilene classic. He was sports writer for the Fort Worth Star-Telegram and I was editor of an Oil Belt paper. A band was seated in front of the press box and the brass horn was squarely in front of Menzing, completely blocking his view, so I "broadcast" the game to him, telling him who carried the ball, who made the tackle and how many

yards were gained or lost, on each play.

They took their football seriously in the old Oil Belt. A visiting sports writer, in a parade before the game, was pelted with clods and another sports writer was seized by the ankle by a fan who was desirous of pulling him out of the press box. Also there was the occasion that a visiting team sprang an upset and numerous individuals — (I have always suspected they were fans of the losing team) — threw gravel through the open windows of our special train as we were pulling out.

There is the recollection, too, of a fan, indignant at something I wrote, who sent the word that he was going to give me a whipping when he came to Eastland for his team's game. Since he did not know me, several citizens persuaded the county highway officer to

put on street clothes and pose as me. Not long before, this officer had arrested three "drunks" and when they became belligerent, he subdued all three of them with his fists. So I felt this was going to be one fight that "House" would win. The other fellow, however, failed to show up.

The Oil Belt in those days (1921-30) was probably the "hot-test" district in the State. It abounded in historic rivalries. When Ranger and Cisco met, or when Breckenridge and Ranger met, or when Eastland and Cisco met, or when Abilene and anybody met, you could look for a ding-dong battle. The four cities were in a space of 50 miles, connected by excellent roads, and the attendance often was greater than the population of the town where the game was being played.

At various times, I was editor

(and therefore sports writer) in Cisco, Eastland and Ranger. One season, I would be advocating the cause of the Lobos, the next year the Mavericks, and the following season the Bulldogs. A fellow had to remember at all times where he was!

As a matter of fact, though, my last three seasons, I wrote up the Ranger-Eastland game for both papers — and it was the same writeup, too. (I've always felt that I would make a good trouble-shooter for the United Nations.)

A sports writer wasn't looked upon as much of a success unless he had at least two feuds going

with other sports writers. My favorite targets were Blondy Cross of San Angelo and Prexy Anderson of Abilene but occasionally I would go entirely out of my class and try to take on Jinx Tucker of Waco. Actually, we were all very fond of each other but these feuds added zest to living and also made it easier to fill up our daily "column."

Maybe most of us scribes didn't make a lot of money but we enjoyed life—and we got into the football games free.

(Except that time I had to pay for half a ticket.)

## TELEPHONE TALK

### CAN CALLERS FIND YOU?

I was talking with Mr. Fred Nevius, our District Traffic Superintendent, recently and he told me about something I thought very interesting. It is "tied in" with additional telephone directory listings. It seems there are many firms known by several different names. Potential customers very often do not ask for the name as it is listed when they call information; therefore we are unable to assist them. This is where the additional telephone listing service "excels." Many of you business men are aware of the fact that your firms are known by different names. Why not order additional listings in these names?

Our policy is to provide the best service possible. This extra service will help us do just that.

### BEAUTY ON DUTY

What does this headline mean to you? If you're a homemaker, it could mean a new washer or dryer, or maybe even a new dishwasher.

To a man "Beauty on Duty" could mean a new car or the new transistor radio that brings you the World Series.

For teenagers, it could mean the old but treasured jalopy sitting proudly in the driveway.

But here at the Telephone Company, we have our own special definition of "Beauty on Duty"—a bedroom telephone in color.

A bedroom phone in color deserves the title, too, because it brightens your bedroom while helping you keep in touch between chores during the day. It also gives you a sense of security and keeps you free from care and worry at night.

Color telephones are also available with a built-in night light—ideal for bedrooms. To order your bedroom phone in color, just call the telephone business office.

### HOW NOT TO TIE UP YOUR PHONES

I was passing the time of day with a fellow recently when he suddenly blurted out, as if he'd just thought of something, "I just found out that if the receiver isn't on your phone straight and firm that all the phones in your house can be tied up and nobody can call you."

"That's right," I said. "Well," he said, "You ought to tell people about that. It's important."

My friend's right. It is important to make sure receivers on all your telephones are on the hook. It's even more important if you're on a party line. A receiver off any phone ties up the line for everyone else.

"Why," I asked my friend, "Are you so suddenly interested in this subject?"

"Because a fellow tried to call me and couldn't, and I missed out on a fishing trip—that's why," he said sadly. Can't say I blame him, can you?

Call by number. It's twice as fast.

## Gorman Gatherings

By Mrs. R. E. Boucher

Recent visitors in the home of Mr. and Mrs. A. M. Thurman were Mr. and Mrs. Ed Thurman, Mrs. J. L. Elliot of Cisco, Mrs. F. H. Patterson of Snyder and Mrs. E. R. Trimble of Carbon.

Mr. and Mrs. R. F. Godges of Midland visited with her father, Mr. E. Watt, the past week.

Visitors in the home of Mr. and Mrs. Robert Todd the past week were their daughter and family, Mr. and Mrs. De La Fosse of Groveton and Mrs. Jannette Marcus and son, Mike of Groveton and Mrs. Harvey Dare of Dallas and their son, Elmer Todd, of Slaton.

Mr. and Mrs. Charles Juergenson of Ft. Worth were visiting relatives here Sunday. She is a niece of Mrs. J. N. Ellison, T. H. Bennett, T. G. Gray and Dick Gray.

T-Sgt. and Mrs. Joe Cook and son, Tommy of Homestead, Fla. are visiting his mother, Mrs. Seytha Bogwell and Mr. and Mrs. Oda Monroe. T-Sgt. Cook left Monday for Amarillo Mrs. Cook and Tommy are here for an extended visit.

## HOME MAKERS

### Views and News

As dove season comes your way, you may be lucky enough to have some extra birds. If so, stock the freezer with a fresh supply to enjoy later.

It's a very simple process—draw birds as soon as possible after they have been shot. If there isn't time to do a thorough job of cleaning and dressing, remove the crop and intestines. Chill promptly.

Plucking the birds is preferable to skinning them. Skinning causes dryness and some loss of flavor. Wash birds thoroughly before packaging. Wrap individually in moisture-vapor-proof material. Cellophane, aluminum foil, plexiglass different kinds of laminated wrapping papers are satisfactory.

Seal with freezer tape. Label with name and date. To maintain top quality store birds at 0 degrees F. or below. From six to nine months is the recommended storage period. Thaw birds before cooking.

Care of Leather Items—Leather accessories are expensive items in the clothing budget these days. Fall and winter costumes call for more leather bags, belts, gloves and shoes. Proper care will give them a much longer life.

Shoes especially receive hard wear. An economical plan is to have two pairs alternate daily wear, allowing each pair to rest or dry out between wearings. Perspiration weakens leather, and causes shoes to crack and rip. Use a good shoe cream frequently to protect the leather. Preserve the shape of your shoes by using shoe trees or paper pads in toe and heel.

On belts, bags and gloves, use cream or wax polishes to protect the leather and keep it pliable and soft.

To remove spots from leather articles clean with benzene or gasoline, air well and re-polish. Saddle soap can also be used to remove dirt and grease from leather articles between polishings.

Prevent cracking and preserve the finish on patent leather articles with vaseline. Use a cheese cloth pad to apply a light, even coating once or twice a month.
