**THANKSGIVING—SHARE AND GIVE**  
Thanksgiving, ever since the first one in America, has been a day of giving thought as well as thanks to the blessings of freedom—spiritual freedom and economic freedom, too. Appreciation

of good fortune carries with it the normal human urge to share with the hungry, destitute and anguished of the world. This is the philosophy of America's three major faiths, Protestant, Catholic and Jewish, which through their vast overseas

relief programs have been ministering to the homeless, the hungry, the refugees, the sick and poverty-stricken in all corners of the globe. The work of the religious overseas agencies bolstered by the Thanksgiving appeals of each has

been termed one of the greatest people-to-people efforts carried on in the world. The day-to-day, person-to-person aid programs of Church World Service to finance free distribution of surplus food supplies to the hungry and homeless will be made in Catholic churches, the appeal will be for wearable used clothing, shoes, bedding supplies, etc., for distribution overseas to those in need regardless of race, color or creed. The United Jewish Appeal, conducted among America's Jews,

people. In Protestant and Orthodox churches throughout the United States at Thanksgiving, an appeal for the Share Our Surplus program of Church World Service to finance free distribution of surplus food supplies to the hungry and homeless will be made. In Catholic churches, the appeal will be for wearable used clothing, shoes, bedding supplies, etc., for distribution overseas to those in need regardless of race, color or creed. The United Jewish Appeal, conducted among America's Jews,

seeks to help a half million Jewish men, women and children—including new immigrants to Israel and Jews in distress in twenty-four other countries throughout the world. Added to these specific appeals, further impetus, if needed is the fact that this year has been proclaimed World Refugee Year. Many leaders, including Pope John XXIII, have asked that efforts be intensified to relieve the plight of millions of refugees who

still languish in so many parts of the world. One's church or synagogue is likened to a heart delivering life-blood throughout the world—food to the hungry, shelter to the homeless, clothing to the rugged and cold. Performing the same function as the heart, your own faith's organization will do the tireless job of administering and distributing . . . if you will do the sharing and giving. The generosity of Americans

has never been questioned. The response by those who "have" for those in need is always a heart-warming source of pride and even amazement. The need does not lessen. No one can tell where in the world armed uprising, strife, floods, typhoons, fires, hurricanes, droughts, and resultant destitution and need will next occur. Remember the appeal of your religious faith at Thanksgiving and give thanks by giving.

## Rangers To Climax Season With Mexico Bowl Game

The Ranger College Rangers will begin Friday morning the climax of their 1959 grid season as they start their trip to Monterey, Mexico to play in the Mexico Orange Bowl Saturday afternoon. It will be a season that the Rangers can well be proud of. In a most successful season the Rangers have turned in some brilliant performances. This season saw for the first time in the College history a Ranger team defeat Tyler Junior College. The Rangers opened the season against Paris Junior College with a convincing win of 8 to 0, never allowing the Dragons to get past the 20 yard line. Kenneth Hart, made his college football debut by being named Junior College back of the week for his performance in this game. The Rangers came back home the following week and suffered a severe blow to their bright looking future with a 27 to 7 defeat by the Cameron Aggies.

The following week they thrilled home town fans by getting back into the winning circle with an eighteen to six victory over Austin College. Away on the road again the following week they pulled one out of the fire by coming from behind to edge Murry State of Oklahoma 14 to 12. Then they had the misfortune of bumping into the top Junior College in the south when they went to Texarkana, and came up on the short end of the score, 26 to 6. They came home the following week to redeem themselves in

Bulldog Stadium by blasting Northern Oklahoma 26 to 6. One of the highlights of the current campaign was the upset of the highly rated Tyler Apaches. The Rangers came from behind time and again to finally emerge a 26 to 23 winner. Jim Hamilton, end, drew praise in an outstanding performance in this game, being named as the Junior College lineman of the week by the Dallas Morning News. But the season hasn't been all peaches and cream. They lost their first conference game to Navarro by a crushing 20 to 6 defeat. The following week they tried vainly to get back into the conference race against Henderson County, but could never overcome the powerful Bulldogs, and went down 22 to 20. They salvaged a little prestige by winning their homecoming game by a 26 to 0 defeat of Blinn Junior College. In this game another Ranger player made all of Texas take notice of his outstanding play in scoring 24 points and (Continued on Page Two)

## Ranger College Player of Week

It is unusual for one man to be chosen twice, but this is exactly what has happened. Bill Phillips, sophomore halfback for the Rangers, again, has been chosen Ranger College player of the week by his coaches. Week before last he was the Player of the Week, and last week he was Back of the Week in the Dallas Morning News. Three or four touchdowns a game is becoming a habit with Phillips, and most are scored on long runs. He plugged the sizable Cisco eleven all night, literally carrying tacklers with him as he shattered through the defensive wall. Bill has scored more points and rolled up more yardage in the four conference games than a lot of backs will score in several seasons. He has scored 63 points in the four conference games, 24 against Blinn and 19 against Cisco, his two best games. Saturday night at Cisco he gained a total of 300 yards, 292 rushing and eight on pass catching, along with this he completed one pass for 34 yards. This modest young man is destined for football fame, and his colorful gridiron accomplishments will long be remembered by Ranger College, as well as by his unlucky opponents.

## Ranger Downed By Comanche In Round Ball

Ranger High School basketball team lost to Comanche Tuesday night in both the A and B team games. James Henry led the Bulldogs with 15 points in a close 35 to 31 defeat. Starters on the A team were Dean Richey, Charles White, James Henry, Jerry Wilson and Charles De Los Santos. Richey, Wilson and Santos fouled out of the game to hurt the Bulldogs chances. Jimmy Hogan led the B team with 15 points in even a closer contest, 37 to 36. The B team starters were David Lockwood, Jimmy Hogan, Gene White, Edward Mendez, and Don Chatham.

## Christmas Lights To Burn Thanksgiving Night Announcing Opening Of Holiday Season

Santa Claus will arrive in Ranger at 3 p.m. Friday, November 27 to officially open the Christmas Season. The Christmas lights will be turned on Thanksgiving night. Santa will arrive at the railroad crossing at 3 p. m. Friday and will board a fire truck and be led up Main St. by the High School Band. The procession will go up Main Street to the O. K. Grocery and return to the City Hall where Santa will receive the children that want to talk to him. He will give each kiddie a sack of candy when they visit him at the City Hall. Ranger merchants are decorating their store windows and interiors, expecting a big Christmas rush. A replica of Santa is standing 13-foot high, at the intersection of Main and Commerce—facing the highway. Ranger's schools turned out today for the Thanksgiving Holidays, and classes will resume next Monday. Children from all over the area are anxiously looking forward to seeing Santa, a symbol of the Christmas spirit. Many downtown merchants have already decorated their store windows to fit the time of year, and more are expected to display Christmas decorations, merchandise and gifts soon. Wayne Terry, manager of Montgomery Ward, plans to remain open until 8 p.m. Friday night for the convenience of shoppers. More stores are expected to follow his example. With only 24 shopping days to Christmas, merchants are busily getting ready for the "big rush" which has already started and is expected to gain momentum right up to Christmas Eve. Funeral services were held at 10 a.m. Wednesday in the First Baptist Church in Carbon with the Rev. Roger Butler, pastor, officiating. The Odd Fellows Lodge was in charge of graveside rites in Murray Memorial Cemetery at Carbon. Survivors include his wife; five sons, W. H. (Stubby) Greer of Abilene, T. G. of Liberal, Kan., the Rev. Lee Greer of Pueblo, Colo., James N. with U. S. Army and Larry of Lubbock; six daughters, Mrs. H. T. Lovier of Dallas, Mrs. Gene Milligan of Aspermont, Mrs. J. T. Wilson of Eastland, Miss Betty Greer of Dallas, Mrs. George W. Bussey of Casper, Wyo., and Mrs. Robert J. Lee of Denton; one brother, W. J. of Carbon; two sisters, Mrs. Lilly Greer of Coolidge, Ark., and Mrs. Ivy J. Tyrone of Fort Worth; 22 grandchildren and four great-grandchildren.

## State Teachers Association Meet In San Antonio

Football games and cranberries notwithstanding, several thousand Texas Teachers will convene in San Antonio for the Thanksgiving holidays and the 81st convention of the Texas State Teachers Association. They will hear nationally known speakers and a leading musical program, pause for a worship service, consider educational problems and their solutions, visit educational exhibits, attend interest group meetings, and wind it all up with a business session — on Saturday morning. G. B. Rush and Jimmy Hughes will attend the meeting from the Ranger Schools. Rush is the Oil Belt delegate for the Association. Presiding will be TSTA President Vincent W. Miller, superintendent (Continued on Page Two)

## Locker Room Quips

**By Bill Tailion**  
Ranger College ended its official season by demolishing arch rival Cisco 47 to 16 Saturday evening in Cisco. A chilly crowd saw the Rangers come to life in the second half. Cisco, ahead at the half, fell apart under the aerial and running attacks put on by a fired-up Ranger eleven. This was an impressive send-off for the many sophomores who have played their last conference game. With this game now in the past, the main objective lies south of the border. James Brock: I think we made a fine showing. There was a fine team effort in the second half. This ends our official season; that is, playing football in the United States. We'll invade Mexico this week and hope to come back on the winning side. Bill Phillips: Cisco had some good boys. The game was surprisingly clean despite the fact that they're our annual rivals and tempers flare easily. Ned Galloway: Cisco? That's forgotten. We'll be eating tortillas, beans and Mexican football this week. Wayne Gravelly: It was a tough situation at the half, but I think we all knew deep down that we could whip them. At the start of the third quarter we all seemed to realize that it was time to move, and brother, we did! James Hookmon: I'm glad we beat them. They had some good boys, but they fell apart in the second half. Beat Mexico in the big word now, and we'll put out our best effort to do so. Bill Levy: We were nearly caught napping, but came to our senses in the third period. I hope we can come through the same way with Mexico.

## George Rushton Returns From T. U. Symposium

George Rushton, chairman of the science department at Ranger College was one of 38 college professors that attended the Nuclear Fusion Symposium conducted at the University of Texas last week. Rushton was the guest of the Texas Electric Service Company at the meeting. The symposium, the first of its kind ever held in the Lone Star State, featured papers by many of the world's leading experts in nuclear fusion research. In attendance other than the college professors, were research and scientific personnel from a number of industrial firms in Texas and neighboring states. The college professors from the Texas colleges were guests of Texas Atomic Energy Research Foundation, co-sponsors of the symposium with the University of Texas. ## Covered Sugar

**By Mrs. Cubian Perry**  
"O give thanks unto the Lord; for He is good; for His mercy endureth forever."—Bible. "Oh, that men would praise the Lord for His goodness, and for His wonderful works to the children of men!"—Bible. "Praise ye the Lord."—Bible. Thanksgiving is here once again, we bow our heads and thank the Lord for all the good things that we have but why should we wait a whole year to thank Him for our blessings? Is it because the good things in our lives become as so many habits that we take them for granted? We forget to be thankful and grateful for food, sheltered homes, common every day comforts, peaceful surroundings with people we love. Will Carleton gave us a poem that expresses true Thanksgiving so pure and simple that I would like to share it with you—Ve thank Thee O Father, for all that is bright The gleam of the day and the stars of the night, The flowers of our youth and the fruits of our prime, And the blessings that march down the pathway of time. We thank Thee, O Father, for all that is dear—

In the last regular game of the season the Rangers were almost caught sleeping as Cisco slipped up on them while they were thinking of their post-season appearance in the Orange Bowl. The tough Cisco squad held a surprising 15 to 7 halftime lead. The Rangers came back after the half to put on a dazzling performance

and crush the Wranglers by running up 40 second-half points to emerge a 47 to 15 winner.

Now the highlight of the year has arrived with the trip beginning early Friday morning, as they start their "south of the border" journey. They will arrive in Monterrey late Friday evening and will work out under the Mexico lights to limber up after the 12 to 14 hour bus ride.

Saturday the big day will begin with a chance to watch a preliminary scrimmage between the Mexico Prep School and the American Prep School of Monterrey. Then the big moment of the Ranger's career will arrive when they will perform in the first Bowl game in the history of the College. The Rangers will be at full strength for the first time since the season started with only a few slight injuries that haven't fully healed but the entire 30 active players are expected to see action against the light-weight but fast Mexican all-stars.

Sunday the Rangers will be given a day of entertainment in Monterrey before returning to the USA.

Teeners' Bed-Living Room Is a Family Boon

Combination bedroom-living room give the teenager room to entertain in the smaller home. New color scheme, bed-couch, small dining table and TV helps to effect the transformation.

Having your living room  
draped constantly with teen-  
agers is not conducive to a rest-  
ful feeling. Yet, your teen-agers  
need a place to entertain their  
friends. It's their home, too.  
Most families can't afford an  
extra room these days. It means  
more rent or a more expensive  
house.

But they can make one room  
serve the purpose of two. Your  
teen-age daughter's bedroom can  
be converted to a bed-sitting-  
room, or what the Victorians  
used to refer to as an "apart-  
ment".  
Here she can, with her friends,  
listen to those awful records,  
watch TV and talk endlessly.  
The room need not be fur-  
nished from start to finish with

new and expensive furniture.  
Secondhand pieces, refinished,  
can serve nicely. The bed can be  
transformed into a couch, TV  
set can be inset in a desk and a  
small dining table added for  
snacks.  
Give the walls a coat of latex  
paint as the first step. Pick a  
color scheme that isn't bed-  
roomy. Cost will be low and the  
whole family will get a break.

#### It's That Time of Year Again—

... when harvest time is here and the fall season looks promising. Folks as a rule do more trading in the fall than any other season of the year. Business in real estate usually picks up and that calls for abstracts. Everybody wants an abstract when they buy real estate and you can't blame them. So if you plan selling your farm or your home in town let us get you ready now for some fall trading.

### Synonymous: Summer and Full-Skirt Cotton

Dark cotton for summer is done in a rich tapestry print, left, with fitted midriff of velveteen. At right, ever-popular full-skirted dress has square neck inset with rows of frilly lace. Fabric is mixture of nylon, cotton and acetate. Both are by Betty Barclay.

Full-skirted cottons for hot weather are as American as apple pie, baseball and the hot dog. Like the shirtwaist dress, they bloom again and again, no matter what the current fashion. There are several reasons for this. But the important ones are that full skirts are cool, and pretty, too. They also hide hip problems

and turn even a girl who's inclined to bulge in the wrong places into a semblance of a willowy beauty. They're easy to maintain, for those full skirts are not at all difficult to iron. And many of them have been given a crease-resistant treatment which makes

them even easier to handle on an ironing board. The full-skirted fashion is one for every age, starting with the teens and going right on. Styling is far more sophisticated, of course, for the mature woman. But basically, it's the same fashion, and one of the few classic styles that looks good on a teen-ager and her mother, too.
