Yankees and Indians Win League Openers

The Ranger Little League got off to a good start Monday night with a large crowd watching two exciting games that went to the last innings in deciding a winner. In the first game the Yankees came from behind in the top of the sixth inning to defeat the Strawn Braves 7 to 6. Then in the second game the Indians came from behind in the bottom of the sixth inning to down the Dodgers 8 to 7. In the first game the Strawn Braves took the lead in the second inning, scoring two runs then picked up three more in the bottom of the fifth to lead the Yankees five to one going into the last batter. Hartsfield relieved Donald Buntion after three innings to go on and get credit for the win. Marty Salazar was the losing pitcher, going the distance for the Braves. Joe Don Gibson, Billy Polk, Alex Nunez and Stuart Mills each collected one hit each for the Yankees. Donald Buntion got two hits and Dwight Dunn, Dowell Hartsfield, Bobby Jaskiewicz, Jimmy Crossley and Billy Ainsworth, each got singles for the Yankees. In the second game the Dodgers took a 2 to 1 lead in the first inning and went on to increase it to 7 to 5 through the fourth. The Indians pulled to within one run in the fifth, and went ahead in the bottom of the sixth to win 8 to 7. G. J. Caraway led the Indians by collecting two hits, followed by Manuel Gomez, Jimmy Battle and David Mahaffey, who each got one for the Indians. For the Dodgers LeRoy Pearson, Bennie Elder, Jerry Watson, Lester Robinson, Gilbert Nail and Jack Watson each got one hit. Jack Watson slammed a ball over the left field fence in the second inning but failed to touch second base on his round, so the first home run of the season was credited out. David Mahaffey was credited with the win after relieving Alberger Garcia in the third inning. Gilbert Nail took over for the Dodgers in the third and was charged with the loss.

Commissioner's Race at Star Has 2nd Place Tie

About the biggest news left over from Saturday's Democratic primary is the unusual way the Precinct 3 (Rising Star) commissioner's race ended up. With seven men in the race Mark Clark led by ticket with 168 votes. However, no man ended in a tie for second place. They are L. J. Collins and Ervin Hull. Each had 161 votes. To further complicate matters, the Rising Star voting box ran out of ballots at one time Saturday afternoon. It wasn't long until more ballots arrived, but there has been some talk in Rising Star that one person left the polls without voting. The state election law clearly defines what steps must be taken. The law says the two candidates who tied for second place must "cast lots" to decide whose name will be on the runoff ballot. In that race, the incumbent, Bob Carter, ran third with 142 votes. J. F. Hubbard got 123, Darrell W. White polled 101 and Dennis Clark received 80. In other races which were not determined Saturday night, Tom Doughton won the 22nd District state senate race. He polled more than 21,000 votes to some 18,500 for Floyd Bradshaw. Omar Barleson easily won reelection to the United States House of representatives. He defeated

Covered Sugar

By Mrs. Cubian Perry Politics — The science and art of government. Would you say that we put theory to practice in these days of high pressure salesmanship for our elected officers? If you are honest with yourself you won't say, yes. I listen to a candidate on the air waves and get to thinking: Now there is a real true, red-blooded, American! That's the one I will vote for for that particular office, and would you believe it, the next speaker I hear makes me think that the first one will pick the nickles off his dead mother's eyes; would stab you in the back if he knew that you weren't looking, and claims that, well, I am not going to turn my back to find out. The next one I hear, I get to thinking—wow—is he even a heel and then here we go again; the next speaker makes me think that the heel could save the whole economy of Texas! It seems to me that more praying and less mud slinging would do all our candidates a powerful lot of good. The ugly shadows would leave from their faces, and smiles from the heart would shine through the lens of the camera. Despite all the things, pro and con, for each and every man that ever ran for office on any ticket, there is bound to be some good, some bad, in their lives that some person knows about. I just put your ear close to their mouth and you soon know it too. The perfect male hasn't been located as yet, so lets all just vote on the man we think will do the best he is able and stay behind him all the way. Course that is the way our government should be, freedom of speech, freedom of voting for the man of our choice but we personally wish they would always speak the whole truth about a candidate, not a portion of truth which could reflect either bad or good about him. If each of us would put forth a lot of interest and effort we would know which man would be right for that office, but I am afraid there are too many citizens like myself, too indifferent to learn just what is really going on in our state house until its too late. Most of us cry to the high heavens after we let some bill pass over our heads because we were too busy with other things in our lives to realize how it was going to affect us. What we all really want is a good, clean, up-standing government which our fore-fathers established, fought for and, (by gun) defend. We have come to the crossroads where we must forget the idea of "What's in it for me" but "what will it be for our children and the generation to follow." Don't we really want to leave them a heritage to be proud of and not just a hodge-podge of debts, unrest and a cry for a better way of life? These United States started out with the best form of government, but we have sat on our hands and let man after man put this and that into effect until we hardly recognize it as it once existed!

#### President McKinley Once Said—

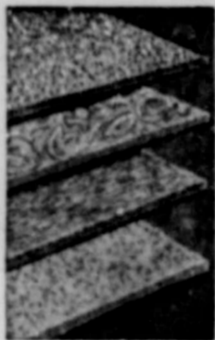

"I do not prize the word CHEAP. It's not a word of hope, nor cheer, nor inspiration. To the contrary, it is a badge of dishonesty, the sign of distress. Cheap merchandise means cheap men and cheap men a cheap country". The quotation reminds us of a friend who bought a ranch in another state, demanded a cheap abstract and got it. He's busted now and the abstractor who accommodated him died of a broken heart. The moral is, don't do it!

**Chevy hums through Chicago traffic to the tune of 21 miles to the gallon!**

Working for Bumper and Auto of Illinois, Inc., ten 1960 Chevrolet pickups battle Chicago traffic day after day. Each truck averages about 2,000 miles a month in this wearing stop-and-start delivery service. Mr. Harry Holton, General Manager of S & H Truck Leasing, who leases the trucks to the bumper firm, reports: "We provide full maintenance on the trucks—gas, oil and everything else—so it pays us to know just where we stand on costs. And our records show that the '60 Chevies are giving us as much as 21 miles per gallon . . . with an average of better than 17 miles per gallon. Mister, these are our kind of trucks!"

Truck owners have good things to say about all Chevy engines. And when they're not talking about Chevrolet performance and economy, they're telling you how great that new Torison-Spring Ride is. How it soaks up road shock and vibration. Protects fragile loads. Lets you run at faster, safe speeds to get more work done in a day. Drive a torsion-spring Chevy soon. We'll send our case on that one ride.

## First Baptist Announces Wed. Night Services

Wednesday evening services at the First Baptist Church will begin at 6:15 with the church choir rehearsal. Directing the choir will be Lee Russell.

Sunday School officers and teachers will meet at 7:15 with departmental meetings and the preview of the Sunday School lesson. Each superintendent will direct his own department. At 8 p.m. the pastor will conduct the midweek prayer services and Bible Study. A church conference will be held following the meeting.

Rev. Perkins said, "The prayer meeting hour has been an important mid week service for many scores of years. The average church requires but little of the members' time, in comparison with the free time given to secular affairs. Too often it is the spiritual matters that are neglected. Our present society shows lack of the spiritual element. Bible Study and daily prayer should be a part of the life of each person, Christian and non-Christian alike. If you would like a Bible readers guide you may contact me."

## Installation Service Held by FHA Chapter

The FHA Chapter of Ranger High School met for the last meeting of this school term, Thursday morning, for installation of new officers. The out-going and the incoming officers were seated on the stage.

In the center of the stage was a table which had an arrangement of red roses and one red candle and eight white ones. In the service the chairman, Glenda Rains, lighted the red candle which represented the light of homemaking.

Each out-going officer lighted a white candle and repeated the purposes of FHA. The officers for the coming year then took their pledge of office, after which each one told of her duties as stated in the constitution. The new officers were presented with a red rose, the FHA flower.

All officers repeated the creed, and the new song leader led the chapter in the FHA Prayer song. After thanking the chapter for her election the new president, Joyce Spindle, dismissed the meeting.

### TELEPHONE TALK

by Arthur H. Marx, Jr., Manager

### THE FULL STORY

A great big vote of thanks would be yours, compliments of our fine group of long distance operators, if each of you would remember to give both letters and all digits when placing long distance call.

Giving your operator only four or five numbers rather than the MI 7 and then the last four numbers is insufficient for two reasons:

1. It could cause the call to be billed to a wrong town since your operator handles calls for some thirteen towns in this area.
2. When Ranger is connected to the nationwide customer long distance dialing network, and you yourself dial your long distance calls, it will be necessary for you to dial every letter and number.

You business folks might also check to be sure your advertising carries two letters and five numbers. Won't you help us out? Your operators would be most appreciative. By practicing this now, it will make it much easier to remember to do so in the future.

### PLAYING CUPID

It's such a natural thing—sometimes it's almost automatic—for your phone to come to mind when you think of someone you love who's out of town. Yes, I suppose not a day goes by that somebody in Ranger doesn't use the phone to remember a loved one.

So it's easy to see why an Air Force sergeant stationed in Iceland thought of telephone service when he wanted to send flowers to his wife back home for her birthday. This fellow wanted folks at the telephone company to have the flowers delivered and then charged to his telephone account.

Now, even though it wasn't possible to bill the flowers to his telephone account, the girls in Miss Clara Balzen's service order group decided to help, anyway. They wrote they were sorry that the telephone company was unable to charge a florist bill to his phone, but they added this personal note: "However, we feel such thoughtfulness deserves special attention."

Then they picked out a birthday card and a dozen roses and had them delivered to the sergeant's wife.

The upshot of it was that the lives of two people—miles apart—were brightened by the thoughtfulness of a group of telephone girls who cared enough to find a way to help.

### WHAT ELSE IS SO DEPENDABLE

Most folks don't realize it, but everytime you make or receive a telephone call, your phone sets a new record for dependability.

And because it does, you needn't worry about wear and tear, replacement parts, or repair bills. When repairs are needed, there is no charge to you. I doubt whether there are many other things you have that are so free of trouble as your phone.

Call by number. It's twice as fast.

**SOUTHWESTERN BELL TELEPHONE COMPANY**
