I GIVE YOU TEXAS

By Boyce House

My debating coach in high school days taught commercial law and I recall one of his stories...

I was leaving the Piccadilly Cafeteria in Austin recently when a man asked, "Didn't you live in Ranger?"

Only a few days before, as I was leaving T. C. U. stadium after the Baylor game...

conclusion reached was that adequate legislation was the only solution to Eastland County's school problems...

The committee, composed of two men from Eastland, Ranger and Jiden, with Whittington as chairman, have devoted many hours to this work...

The amount of work done by the committee is apparent in the charts, graphs, brochures, letters of analysis and other documents prepared by the committee...

Several of the committeemen have made trips to Austin and Dallas to solicit expert help in gathering information for the solution of this county's school problems.

The Texas Research League, a non-profit organization, made a project-study of the school problem, coming to the conclusion that legislation was the only solution...

Dr. Whittington said though only three schools in the county had undertaken the study, it was impossible to study the situation without making a complete study of the entire county...

The study committee was formed for the purpose of studying the present situation, and present to the people the facts and the steps that could be taken to improve the school situation.

TSTA to Ask Legislature for Teacher Raise

A beginning salary of \$4,000 for Texas public school teachers will be requested at the next session of the Legislature...

This and other TSTA proposals are in line with recommendations made two years ago by the 254 county Hale-Alken committees...

Mrs. Alexander made these points: The Gilmer-Alken Minimum Foundation School Program has not been changed since 1949...

State increases in Texas teacher salary in the last ten years are the lowest in the nation...

In one proposed bill, TSTA will ask the Texas Legislature to strengthen the three basic parts of the Gilmer-Alken program...

Provide an annual salary of \$4,014 for a beginning teacher with a bachelor's degree (now \$3,024) and \$4,239 for an M. A. degree (now \$3,429)...

Add \$250 per school bus to help pay increased transportation costs for school children...

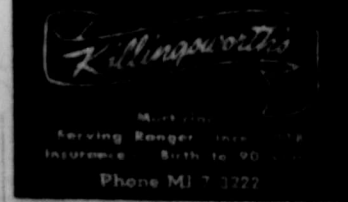

Increase to \$500 per teacher the allowance for maintenance and operation of school plant and program (now \$350-\$400)...

Larger cities, and other areas with rapidly expanding population, would especially benefit from another TSTA proposal...

We Like To Talk About Abstracts—

... because making abstracts has been our job for many years. And it's an interesting subject. Every day people come to us with their title problems. Some cases are tragic. Take the example of the couple who have spent their all for a home to find out later they have no title. Most title problems are simple and the abstract helps to make them simple. So before buying real estate better talk to us about the title.

Merriman Baptist Ladies Meet for Bible Study

The ladies of the Merriman Baptist Church met in the home of Mrs. A. E. Dawson Tuesday at 1:45 p.m. for their weekly Bible study. The meeting was opened with a prayer by Mrs. J. W. Vinson. The devotional on the 51st and 52nd chapters of Isaiah was brought by Mrs. G. D. Falls. The meeting was closed with a prayer by Mrs. A. E. Dawson.

Refreshments were served to the following: Moses, G. D. Falls, J. W. Vinson, W. S. Vinson, Jim Vinson, Bob Green, S. H. Whitehead, W. L. Dawson, and the hostess, Mrs. A. E. Dawson.

Utilization of Area Milk Is Reported Low

Daily Class I utilization by Central West Texas handlers during July was 2.79% below June and 4.69 percent less than July 1959. During July 1960 daily Class I utilization amounted to 370,532 pounds. This is the lowest daily Class I utilization since July 1958.

Producer receipts during July were 135.8 percent of Class I utilization, the highest since the effective date of Federal Order No. 82. This compares with a relationship of 134.1 percent during June and 128.2 percent in July 1959.

During July there were 491 producers on the Central West Texas market who delivered an average of 503,113 pounds of milk per day. This was 1.57 percent less than daily producer receipts in June and .97 percent greater than during July 1959. Daily deliveries per producer averaged 1,025 pounds during July, compared with 1,037 pounds in June and 851 pounds during July 1959.

Producers delivering milk to plants of handlers regulated by the Central West Texas Federal order will receive a minimum uniform price of \$5.16 per hundredweight for 4.0 percent milk during July 1960, according to an announcement by E. Ford W. Bain, Market Administrator. This price is subject to a local adjustment. For each point (0.1 percent) that the average butterfat content of producer milk varies from 4.0 percent, a butterfat differential of 7.0 cents applies.

By Mrs. D. B. Raney

The GA's of New Hope Baptist Church had a slumber party at the home of their counselors, Mrs. D. B. Raney and Ann, last Thursday night. After the girls arrived, they trimmed the tree for their Christmas in August party, placing their gifts on the tree. Jane Ann Bradford, newly elected president to replace Ann Raney, Junior counselor, called the house to order for a business meeting. Then Ann taught the juniors a study course book. At a break in the study, punch and cookies were served, and then at the finish, hot hamburgers. Some of the girls went to bed early, but several played scrabble and Dominos and put together a jigsaw puzzle until the wee hours of morning. Those attending were June Ann and Nancy Bradford, Nancy Venie, Mary Carol Mitchell, and Sarah Robertson.

Sunday Mr. and Mrs. C. C. Veal took Mrs. Lillie Boney to see her husband at a Dallas hospital, where he underwent bone surgery on a leg last week. He was improved and may be home in a few days.

Attending Baptist Workers' Conference at Rising Star were Rev. and Mrs. Bob Estes, Mr. and Mrs. G. V. McGowan, Mrs. C. C. Veale and D. B. Raney, Nancy Venie, and Ann Raney.

Mr. and Mrs. D. W. Mitchell of Stinnet brought her mother, Mrs. Ida Raney, home Saturday and visited her sisters and brothers in this community and Ranger. The group had a picnic supper Monday evening at the Ranger City Park. Attending the picnic were Mr. and Mrs. H. L. Caraway, Mr. and Mrs. Norman Morrison, Glenda and Bobby; Mr. and Mrs. Weldon Leonard, Peggy, Roy, Stephen, and Joyce; Mr. and Mrs. D. W. Mitchell; Mr. and Mrs. D. B. Raney and Ann; Bobby Berkoff; Sherry White, and Mrs. Ida Raney.

Visitors to New Hope Baptist Church Sunday morning were Mrs. George Glasscock of Crosson, Tommy Ledbetter, and Mr. and Mrs. D. W. Mitchell.

The new pastor of New Hope Baptist Church, Bob Estes, and his wife have moved into the parsonage. He will be ordained Sunday, August 28, at 3:00 P.M. at the local church.

On Friday night, August 26, a ten-day revival will begin at New Hope Baptist Church.

Mrs. M. I. Lasiter had as visitors Sunday her sister, Mrs. Jim Wells, and Mr. Wells of Breckenridge.

Questions And Answers On Vets Affairs

Q—Was the GI loan interest rate changed by the recent law which gave World War Two veterans another two years in which to get a loan?

A—No. The interest rate was not changed. The maximum allowable interest rate is still 3 and one fourth percent.

Q—I am a Korean veteran, holding a term life insurance policy with the letters "RS" before the policy number. I understand I can exchange this policy for new type term insurance at lower cost. How do I go about it?

A—You may exchange your present term policy for one costing about a third as much, yet with the same protection. The new term insurance must be converted to permanent plan insurance before age 50, however, if you wish protection. Write the VA office where you pay your premiums, telling them you wish to make the exchange. Be sure to give your present policy number.

Q—I am a World War Two veteran applying for pension for the first time. Do I have to include my wife's income in reporting my own income for pension purposes?

A—The first \$1200 of your wife's income need not be included but all over that available to you should be. In case where that would work extreme hardship, exceptions may be made under the law.

Q—The new pension law has caused a lot of talk about just what pension is and what is compensation. Will you define each kind of payment, as it applies to living veterans?

A—Compensation is payable to eligible veterans whose disabilities are DUE to service. Pension is payable only to eligible veterans whose total and permanent disabilities are NOT DUE to service.

END YOUR CONSTIPATION WORRIES

Now you can end your constipation worries once and for all. Put aside chemical laxatives, oils or bran-like roughage that may upset your system. Instead, take Serravallo in a glass of water every day. Serravallo is an all-vegetable laxative aid that provides the proper moisture, bulk and peristaltic stimulation you may need as you grow older—to promote daily regularity. This is entirely different from chemical laxatives. Prove it to yourself. Take Serravallo as directed for at least one week. You must be well on the road to daily regularity or your money back from the maker.

Elizabeth Truly Circle Meets With Mrs. J. B. Baker

The Elizabeth Truly Circle of the Second Baptist Church WMU met Monday, Aug. 15, in the home of Mrs. J. B. Baker, circle chairman.

Mrs. Alice Crabtree led the opening prayer, and a short business meeting followed. Mrs. Bob Wymer, community missions chairman, discussed and made plans relative to community missions.

The program on "Recognizing His Ownership" was led by Mrs. Lena Beck, program chairman of the circle. Mrs. Baker gave the devotional, following which Mrs. Crabtree gave a talk on the basis of tithing. Mrs. Beck discussed the beginning of tithing, and Mrs. Wymer brought out many thoughts on the blessings of tithing. The closing prayer was given by Mrs. Wymer.

Refreshment were served to Mrs. Alice Crabtree, Mrs. Bob Wymer, Miss Lena Beck, and the hostess, Mrs. Baker. One member of the circle, Mrs. Betty Noth, was at the church with the Sunbeams.

First Baptist WMU Meets With Mrs. Carl Black

The Woman's Missionary Union of the First Baptist Church met Tuesday morning, Aug. 16, for a Royal Service program and business meeting.

An informal coffee hour opened the meeting and was followed by the monthly business meeting, at which Mrs. Black presided. Mrs. Ralph E. Perkins gave a report on her trip to Glorieta for WMU Week. The following additional new officers were elected: Mrs. Frank Arrendale, vice-president; Mrs. J. B. Houghton, YWA Director; Mrs. Ralph E. Perkins, GA Director; and Mrs. Melvin Crouch and Mrs. Louis Conn, GA Counselors.

The program, passed on Southern Baptist work in Japan, was the theme, "Carest Thou Not?" Mrs. J. B. Houghton, program chairman of the Carolyn Bell Circle, which was responsible for the program, was leader. She was assisted by Mrs. Glenn West. A colorful display of Japanese figurines, clothing, a dish garden, and decorative household pieces added interest to the discussion.

Mrs. Black gave the closing meditation. After the meeting a going-away gift was presented to Mrs. Earl Horton, who is moving to Gainesville.

The following members were present: Meses. Ralph E. Perkins, A. W. Warford, Glenn West, L. L. Brown, L. D. Tankersley, L. H. Kay, Pete Miller, Annie Tullos, H. E. Brooks, J. B. Houghton, Lee Mitchell, L. G. Kennedy, W. A. Reuser, Gorman Morton, R. L. Hamrick, Miss Ethel Adams, and the hostess, Mrs. Black.

Jr. G. A.'s Give Program for Ruth O'Dell Circle

The Ruth O'Dell Circle of the Second Baptist Church WMU met with Mrs. Erma Sutton Monday, Aug. 15.

Mrs. Helen White, circle chairman, opened the meeting with a prayer and then presided at a short business meeting.

The Junior G. A.'s of the Second Baptist Church, who are sponsored by the Ruth O'Dell Circle, were guests of the circle and presented a program on Japan. Twam Nichols, program chairman of the Junior G. A. group, was in charge of the program. Preceding the presentation of the program, the girls sang the G. A. hymn, and then Twam read a passage of Scripture. Mrs. Dora Caraway, Jr. G. A. Counselor, closed the discussion and led the closing prayer.

Refreshments were served to Meses. Helen White, Fannie Duncan, Minnie Caraway, J. D. Nichols, WMU president; Dora Caraway, G. A.'s Twam Nichols, Linda White, Joanne Williams, and Eileen North and Mrs. Sutton.

The Privilege Of The Hostess

Dear Mrs. Post: We have a married couple to dinner occasionally sometimes alone and sometimes with other guests. Regardless of who is here this man will say, "How about some bridge?" as soon as we leave the dinner table. I feel he is very much out of order and that it is up to the host or hostess to plan the entertainment. We enjoy playing bridge but we also like to converse with our friends. Don't you think it is rude for a guest to suggest what to do unless he has been asked?

Answer: You are right. It is not the province of a guest, but that of the hostess to suggest playing bridge or whatever else it is she wishes to do.

When To Arrive And Leave

Dear Mrs. Post: My husband and I have been invited to a dinner party at the house of his employer. I would like to know how long before dinner we are expected to arrive, and how long do we stay after dinner is over. They are very formal people and this will be our first visit to their house.

Mrs. Charles Bernard Barry ... formerly Wanda Dell Perrin

Perrin - Barry Vows Solemnized In Abilene Church Rites

Miss Wanda Dell Perrin became the bride of Charles Bernard Barry of Abilene at seven o'clock Saturday evening, Aug. 13, in a double ring ceremony read in the chapel of the First Baptist Church, Abilene.

Officiating was Dr. James Zambus, professor of history at Hardin-Simmons University, Abilene.

The bride is the daughter of Mrs. Flora Perring of Ranger. Parents of the bridegroom are Mr. and Mrs. Richard Barry of Windthorst.

Honor attendants were Donnie Martini of Wichita Falls and Mrs. James Blair of Ranger, twin sister of the bride.

Candlelighters and ushers were Jackie Odom of Brownwood, and Joe Houser and Cecil Norris of Abilene.

Donna Kay Barry of Wichita Falls, niece of the bridegroom, was flower girl. Ring bearer was Jackie Odom of Brownwood, nephew of the bride.

James Estes, organist, and Joe Chitwood, soloist, presented wedding music.

Miss Perrin was given in marriage by her brother, Harlon Perrin. She wore a gown of white embroidered organdy styled with short sleeves, fitted bodice with pointed waistline, and waists-length tiered skirt. Her veil of illusion was attached to a tiera of seed pearls. She wore a single strand of pearls and carried a cascade bouquet of pink sweetheart roses with a detachable corsage of baby sweetheart roses.

Mrs. Barry's waists-length dress of pink organdy over taffeta was fashioned with a matching cummerbund, fitted bodice with round neckline, and bouffant skirt. She

carried a small white lace umbrella showered with pink rosebuds and ivy.

A reception was held in the dining room of the church. Serving in the house party were Eula Windham, Billie Gideon, Mrs. Jack Odom, Mrs. Dave Barry, Olene NeSmith, Mrs. Dan Stephenson, and Mrs. Afton Stehle.

For a wedding trip to Lake Buchanan, Mrs. Barry wore a bone silk shirtwaist dress with black patent accessories and the corsage from her bouquet.

The bride is a graduate of Ranger High School, Hendrick Hospital School of Nursing, and Baylor University School of Anesthesia. The bridegroom graduated from Antelope High School and Draughton's School of Electronics at Wichita Falls. He is employed by Schlumberger Well Surveying Corporation.

Insurance is as necessary as groceries

You don't dare to run a home or a business without insurance. The risks of financial loss are too great.

Sensible people don't go a single day without adequate insurance of several kinds. They know that, otherwise, they may be suddenly ruined by a fire, storm, burglary, accident or a damage suit.

They buy insurance almost before they buy meat and potatoes.

And insurance probably does not cost as much as you think. Consult us today as to what it will cost you to protect you against most possible financial losses in your home or business.

Texas Agricultural Experiment Station in East Texas. The experiment station comes up with an average cost of \$99 per mother cow per year to produce an annual average of 378 pounds of beef, taking into account all such items as interest on investment, operator's labor, depreciation and all other annual expenses. With the average production of 378 pounds of beef per year, it figures that the operator must receive slightly more than 26 cents per pound for the beef produced if he does nothing more than to break even. It goes without saying that many Texas operators, particularly those in the smaller brackets, seldom take into account all of the essential bookkeeping and losses.

If no charge is made for the operator's labor, the average cost per mother cow per year comes to \$82. In such case, the operator could cover all cost if he obtained 21.5 cents per pound for his beef but he would be throwing his labor into the deal with no actual return. Then, cutting the bookkeeping still further, if interest on investment should be excluded the cost of production would come down to \$65 per cow. With a return of slightly more than 17 cents per pound the operator would be receiving a fair wage for his labor, but would not be getting to cover any return whatever interest on his monetary investment.

If labor and interest costs should be excluded, the annual cost for producing 378 pounds of beef each year would come to \$47 per mother cow. This means that over a short period of time the operator could receive 12.5 cents per pound for the beef produced and still manage to stay in business. However, what he would be receiving would be the bare costs of replacement for the beef he was marketing.

Many Texas cowmen, who have watched the losses pile up in time of drought and in days when the markets were glutted, could show the bookkeepers where they have managed to remain in business with considerable less return than the average indicated requirements. At the same time, however, they would be the first to admit that they were not actually making any money and knew it all the time even without any expert bookkeeping or accounting systems.

windbreakers next January. Don Young, head of the Forest Management, Department of the Texas Forest Service, urges landowners to place their orders as early as possible before the February 10 deadline.

Orders must be in multiples of 50, and no order for less than 100 trees will be accepted. The delivered cost of seedlings this year is \$1.50 per hundred. Tree species available for the 1960-61 planting season are Austrian pine, black locust, black walnut, stratford nut, catalpa, cottonwood, Chinese elm, mulberry, orange orange, ponderosa pine, red cedar, rose multiflora, sycamore, slash and loblolly pine.

All seedlings are packaged in mesh and moisture-proof paper and shipped directly to the landowner. Tree seedlings, purchased from the Texas Forest Service, may not be used or resold for ornamental purposes. The landowner further agrees to protect the trees from fire, cattle, and destructive insects.

Labor Dept. Reviews Child Labor Laws

Many kinds of part-time jobs are permitted to teenagers who want to work after school and on weekends this fall, Regional Director William J. Rogers of the U. S. Labor Department's Wage and Hour Division in Dallas pointed out today.

"An opportunity to work part-time may make the difference for some youngsters between continuing in school or dropping out when the new term begins this fall," he said. "These opportunities are available within necessary restrictions under the Federal child-labor law to protect the minor's health, welfare and safety."

"Boys and girls at least 16 years of age can work under the Federal child-labor law (Fair Labor Standards Act) in any job in any industry, except those which have been declared hazardous by the Secretary of Labor," he stated.

"Although the law prohibits the employment of children under 14, even a 14- or 15-year-old minor

may be lawfully employed in office and sales work, and in fruit and vegetable packing sheds," he added.

Thirteen hazardous occupations orders have been issued by the Secretary of Labor which prohibit the employment of minors under 18 years of age in certain occupations. The prohibited jobs include work as a driver or a driver's helper on a motor vehicle, jobs involving riding on a freight elevator unless operated by an assigned operator, operating or assisting in operating power-driven hoist apparatus, and certain other power-driven machinery, including paper balers.

Rogers also pointed out that there are some restrictions on the hours which may be worked by 14- and 15-year-old children. They may work only outside of school hours, not more than three hours on any school day, and not more than eight hours on a non-school day. They may not work more than 18 hours a week during a week any part of which school is in session, and not more than 40 hours a week when school is not in session. They may work only between 7 a.m. and 7 p.m.

He said employers frequently ask how to protect themselves from unintentionally violating the Act by employing underage youngsters. The answer: Obtain and keep on file an age certificate showing the minor to be old enough for the job in which he is employed. In Texas, these certificates are issued as a public service by the local office of the Texas Employment Commission.

The child-labor provisions of the Fair Labor Standards Act apply to employment in interstate or foreign commerce or in the production of goods for such commerce. There are a few exemptions from these provisions, however. Rogers pointed out that the child labor provisions of the Act do not apply to children engaged as newspaper carriers, or to actors or television performers. Nor does the Federal law cover such work as baby sitting, caddying, and working in some retail and service establishments. The law also exempts children working for their parents in their parents' own business as long as the work is not mining or manufacturing, or has not been declared hazardous, and children employed in agriculture outside school hours.

He added that where State and Federal child-labor standards differ, the higher standards must be observed. Additional information concerning the application of the child-labor provisions of the Act may be obtained from the Wage and Hour Division's regional office at 114 Commerce St., Dallas.

Safety Expert Urges Care On Cookouts

Nothing smells better on a soft summer evening than a steak or chicken cooking over a charcoal fire. A burning house or a burned hand adds nothing to the pleasure derived from a cookout, however. W. L. Ulich, extension agricultural engineer, says that a few precautions will help keep accidents from marrying an otherwise pleasant occasion.

One of the first safety measures to take, says Ulich, is to set up your grill or fire in a safe place, well away from buildings, trees, dry leaves, grass

or brush. If you use a charcoal-lighting fluid, be sure to use it according to directions. Soak a little into the briquets, before starting the fire. Never use gasoline, paint thinner or any other highly combustible fluid to kindle charcoal. Ulich warns.

The safest way to kindle charcoal is to use dry, crumpled paper of a light substance like steel wool, under the pile of charcoal. Simply light the paper as in starting an ordinary wood fire. It may take a little fanning to get the charcoal kindled, but when you see grey or white spots around the edge of the charcoal, it is kindled. In 20 minutes or so it will be hot enough to grill.

Ulich suggests that the charcoal

chef—and others who join in the cook-out—wear heavy, fireproofed gloves, both in building the fire and using it. He also suggests that cooking will be done more conveniently with long-handled forks, tongs, skewers, slits and saucepans.

As a final suggestion, Ulica recommends having a pail of water handy so that you can douse the fire in an emergency or when leaving the picnic site.

When you have taken these precautions, sit back, relax, and

enjoy that wonderful aroma of charcoal cooking.

WHY PAY TO HEAT MORE THAN ONE HOUSE WHEN YOU LIVE IN ONLY ONE!

GAS saves you the difference!

Gas continues to be your biggest bargain and is still your most dependable source for home heating. No other method can compare with GAS for comfort, efficiency, safety and dependability. Gas heat is cleaner, fresher—constantly flowing—with fresh air intake the air completely changes every hour. Prevents lingering of stale household odors.

Gas is safer by far—figures issued by National Board of Fire Underwriters prove that gas is unquestionably the safest source of controlled energy in your home. Gas heating is more dependable—delivered underground safely—wind, ice, storms do not interrupt gas supply. Consider all the facts—you'll always stay with gas. Only GAS heats so much better... for less! See your gas heating dealer or

As I See

(Continued from Page One) has been undergoing an extensive building program this summer. In addition to adding several rooms to the church, they have built a steeple. A steeple used to be a standard way of identifying a church building. Now very few churches have steeples. It makes for easy identity of the church. Everyone should drive out Young Street and check on this.

"These trails would shake the cab off an ordinary truck...but not our Chevy"

Few trucks are subjected to the body-wracking beatings that are part of a day's work for this Chevrolet Series 60 pulpwood hauler. It's owned by J. E. Fox, North Carolina logging contractor. As Bobby Fox, a partner in the business says, "Loaded with pulpwood, we drive over stumps and potholes you'd think would tear the truck to pieces. These trails would shake the cab off an ordinary truck, but not our Chevy. We can average an extra load a day... make \$45 to \$50 a day more with this Chevy than we can with the others."

In every weight class these Chevies are doing more work at less expense than trucks have ever done before. Drive one at your Chevrolet dealer's. It's an experience that could pay you big dividends.

"That 6-cylinder engine really performs," says Bobby Fox. "It's got the hugging power we need in the woods and walks right along with a full load on the highway."
