PRICE FIVE CENTS

A Small City with Big Industry - A Bright Spot for New Industry

RANGER, TEXAS, TUESDAY, AUGUST 30, 1960

As I See Ranger

By Gene Townsend

The Peanut Bowl Football game which is planned between the Ranger College Rangers and the Cisco College Wranglers on Sept. 24 in Eastland is getting State-wide publicity. Shortly after the plans for the game were complete between college officials and members of the Eastland Junior Chamber of Commerce, news of the game was being aired over KRBC-TV in Abilene and was picked up by Associated Press which serves approximately 130 Texas newspapers.

Five County Bands Accept Bowl Bids

All five Eastland County high school bands accepted invitations to take part in the first annual Peanut Bowl to be held in Eastland Sept. 24. Phil Hewett, Eastland High band director, who is a member of the sponsoring organization, the Eastland Junior Chamber of Commerce, will serve as coordinator for the special halftime show. The combined bands from Cisco, Ranger, Rising Star, Gorman and Eastland will put on the show under Hewett's direction. Band directors accepting the invitation were Lloyd Gonzales of Rising Star, Alton Roan of Gorman, Eric Ritchie of Cisco and William Auvenshine of Ranger. Ranger College and Cisco Junior College will play in the bowl game. Other activities planned include a downtown parade with the five county bands and possibly several others participating and the crowning of the Eastland county Peanut Queen.

Jaycees plan to stress the importance of the county's major crop, peanuts, in promoting the game and Hewett said his halftime show would be based around that theme. Tickets for the game will go on sale in the near future in Eastland, Ranger and Cisco and possibly in other county towns.

Mrs. G. W. Janes Dies Monday In Austin

Mrs. G. W. Janes, 86, a long-time resident of Ranger, passed away Monday in the home of Mrs. Ethel Ray, a daughter who lives in Austin. Services are to be held at the Second Baptist Church in Ranger at 2:30 p.m. Wednesday. Rev. Frank Brooks, pastor of the Second Baptist Church, will officiate. Mrs. Janes was a member of the Second Baptist Church. Interment will be in Evergreen Cemetery.

Mrs. Haynes Is Buried Saturday In Fort Worth

Mrs. Fannie Haynes, aunt of Ed Haynes of Olden, was buried Saturday at 1 p.m. at May Cemetery. She died Thursday night in Fort Worth. Survivors include her husband, John F. Haynes of Fort Worth; four sons, John R. of Fort Worth, Hope of Los Angeles, A. L. of Parsons, Kan. and Billy of Fort Worth and a daughter, Mrs. Charles K. Jones of Fort Worth.

Phillip Hewett Is President of Band Association

Phillip W. Hewett, Eastland High School band director, has been elected president of the Region 2, Eastern Division, All District Band board of directors. Hewett was elected at a meeting held in Eastland this weekend. T. R. Atwood of Stephenville was elected secretary-treasurer. Directors voted to hold their meeting in Cross Plains, Oct. 29. It was also decided to hold the Stage Band Festival in Stephenville this year. Date of the festival will be announced later.

Local Recruiter Commended for Outstanding Job

Sgt. Robert Butler, local U. S. Army recruiter, was honored recently at Fort Sam Houston, Texas, where he was presented a Fourth U. S. Army Recruiting District Outstanding Achievement Award for exceptional endeavor in personnel procurement. The award was presented by Lieutenant General Edward T. Williams, Commanding General, Fourth U. S. Army. A letter of commendation, signed by General Williams, was also presented. The presentation was a highlight of a two-day conference for U. S. Army Recruiting Main Station Commanders for the five-state area of Texas, Arkansas, Oklahoma, New Mexico and Louisiana. Capt. Lenus Weisheit, Commanding Officer, U. S. Army Recruiting Main Station, Abilene, attended the conference from this area. In addition, high ranking officers from Department of the Army, Washington, D. C., and Headquarters Fourth U. S. Army were present.

Sgt. Butler achieved 151 percent of his assigned objective for the period January 1, 1960 through June 1960. With an objective to obtain 35 Army enlistments during this period, he enlisted a total of 53.

MODERN FAITH—Dominating the scene at Munich, West Germany, a highly modernistic portrayal of the Last Supper rises above Munich Archbishop Wendel as he celebrates mass during the Eucharistic Congress. The outdoor altar was set above banner-draped steps of Feldherrn Hall.

Mrs. Robinson Reports Study Tour Near End

(Editor's Note: This is the fifth in a series of articles contributed by Mrs. George Robinson, giving an account of her study tour of Europe. Mrs. Robinson consented to keep the Times posted on the group's activities while on tour.)

August 24, 1960
Florence, Italy
We had a five hour train ride from Switzerland to Munich on Aug. 14. Dinner was served in the diner. Our guide told us that 72 percent of the Swiss people speak German, 20 percent speak French, and 8 percent speak Italian.

Monday morning we left our hotel at 5 a.m. to drive 65 miles to Oberammergau to see the Passion Play. The desk clerk was to call everyone at 4:30 a.m. He forgot our room. I awoke at 4:45. Olive and I were on the bus at 5 a.m. The play began at 8:15 a.m. The first part lasted until 11:45 a.m. The theatre seats 5500 and all seats have been sold for months. The second part began at 2 p.m. and lasted until 6:45 p.m. The play was so beautiful and inspiring that one hardly noticed the time. The weather was very cold and it rained as we were rushing. Festured in crowds to the hotel where lunch was served. We always have reservations for our meals.

For entertainment in Munich we saw a floor show as we were dining at the Pfalz. The entertainers were dressed in native costume. We attended Richard Strauss Magic Opera Der Rosenkavalier. We visited the International Youth Library which was endowed by the Rockefeller Foundation. We heard a lecture on a comparison of education in Germany, with education in England. I was surprised to see copies of Ole Paul Bonyan, Peas Hill and His Bouncing Bride and many other books (Classics and Good triographies) which we have in our library.

I glanced through a book entitled Tales of a Korean Grandmother. She said, "Korea is a bone between two dogs." O u r German guides father was a general in the Prussian army; her mother was born in San Francisco. We flew from Munich to Vienna. As we drove from the airport to our hotel, we were within ten miles of the Hungarian border. One of our group visited her aunt and uncle, (the uncle is in the diplomatic service). They went to the Hungarian border and saw the barbed wire fences. Two watchmen were on a tower and one, leading a German police dog, was patrolling the ground. We saw two prisons. In one 20,000 people were packed and in the other 11,000 were banded. There is a memorial stone in memory of the victims of the Nazis. We saw a Russian war memorial which I had seen before. We saw a monument to keep up before Russia would sign the peace treaty. Our guide said, "We call it the monument of the Unknown Plunderer." We saw the barracks which the American troops occupied for ten years. Only 4 percent of the Austrians are Communists. No communist has a seat in Parliament. Vienna was bombed heavily during World War II. Our guide pointed out new

THURSDAY NIGHT

Open House at High School

G. B. Rush, Superintendent of Ranger Public Schools announced today that an open house will be held at the High School Building Thursday from 7 p.m. to 9 p.m. prior to registration which will be held in all schools Friday, September 2.

The open house is being held for the purpose of letting the citizens of Ranger see the improvements in the High School Building that were made during the summer months. Several members of the school faculty and the maintenance personnel have spent the past three months working on the regular summer maintenance and installing the new facilities at the school. New chair-desks have been installed in all of the High School class rooms and new lighting fixtures have also been installed. Rush explained that the State Accreditation report issued last spring strongly criticized the furniture and lighting in the High School building. He went on to explain that in order for these things to be corrected, it was necessary for the School Board to obtain extra income. Therefore, the tax evaluation was raised in the district. This additional income was put to use by the installation of the new furniture and lighting. New lighting fixtures are instantaneous on fluorescent and will provide each class room with lighting well above the State requirements. Another improvement to be noted at the High School Building is the grounds. The lawn around the building is in better condition than it has ever been before.

County Savings Bond Sales Above Schedule

"Savings Bonds sales for the first seven months of 1960 totaled \$360,308," Guy Parker chairman of Eastland County's Bond Committee reported today. "Our county has now reached 69.2 percent of its 1960 goal of \$520,000. July sales were \$57,850." Sales in Texas for July 1960 were \$12,204,662 which was 5 percent greater than the same period in 1959. "A part of every American's savings should be invested in National Savings Bonds, to provide for his future and to add strength to the National economy," stated Parker, County Chairman.

Rev. Winkel Is New Pastor Of St. Rita's

Rev. Marcel Van Hemelryck, better known to his congregation as "Father Van" has been appointed rector of the Study House of the Immaculate Heart Mission Society, in Washington, D. C., in which young men receive their training to become Priests and Missionaries. His Washington address will be 1309 Newton St., N. E., Washington 17, D. C. Rev. Joseph Van Winkel will succeed him as pastor of St. Rita's, in Ranger, of St. Francis' Church, Eastland and of Holy Rosary Church in Cisco, as of August 28. Rev. Van Winkel who spent many years in China as a missionary, has been pastor of Breckinridge, Sacred Heart Church, some years ago. In recent years, he was teaching at the Major Seminary of his Order, in Louvain, Belgium. Father Van Hemelryck said he deeply regrets leaving Ranger, he came to like it very much. He extends his best wishes to the friendly people of Eastland County, with whom he has associated in the course of his stay here, and hopes to return to Texas soon.

Porkey Pig Burglarized Sunday Night

The Porkey Pig Drive in was burglarized Sunday night, Police Chief Bob Patterson reported today. Patterson also reported that the Police Department here had received notice that drive ins in Eastland and Mineral Wells were burglarized the same night, and one in Breckenridge on Saturday night. Only the money from the coin boxes in the cigarette and music machines was reported taken.

Covered Sugar

By Mrs. Cubian Perry

Going back is lots of fun—going back to what you ask? To places you have been before in another era of your life; such as when you were a starry-eyed Hi-School girl going off to college preparatory school. Two girls (twins to be exact) and myself left Tulsa to go to Chickasha but due to a hold over on the way down on a slow moving train we pulled into the station just as our transfer train pulled out of the station leaving us stranded in Oklahoma City. Babes in the woods! Well, they had nothing on us. We found out that the next train out was not due till the following morning. That town got bigger, bigger and bigger by the second. Back in those days young girls hardly knew their hat from a hole in the ground on what to do in a fix like that! Never in my life did I see so many men leering at me, tipping their hats, smiling like werewolves! Now-a-days there are information booths to advise on hotels, cafes, etc., to go to a hotel that was not the case with us. The only thing we knew for sure was to get and quick before we had to call a cop. One of the twins said, "Let's call Uncle Charlie to come get us." All I can now remember about Uncle Charlie was the mansion he lived in. I wish they gave me a time-saver and not till this day have I seen such a push button home. Would you believe it? I couldn't work a thing in the bathroom. I wanted, commode, sunken tub, founts a shower and they all worked from a master key board of push buttons. Did I have fun living it up, all by myself, when I found the right button for the tub—why the Queen of Sheba never had so much fun! Whoops! Just as I reached for the button to drain the tub I saw this other button, so I got brave and tried it. What do you think happened? Gulp-Gulp, that beautiful ornament over the tub was a shower and it darn near drowned me as I was looking up, mouth agape, and boy was that water cold! The bedroom was a fabulous affair with a canopy bed that sat on a two foot platform with steps leading up on one side but not on the side close to the bathroom (wouldn't you just know it). The canopy was all lace, satin and yards of eyelet embroidery. Every time I awoke I would think I was in a coffin and out of that thing I would bounce. You guessed it, I was on the wrong side! The only thing that saved me was that thick rug so after a few wild leaps I decided it was just as nice as that night-nare bed and spent the night down there. This last week I again was in Oklahoma City for a school attendance but this time with the better half and no Uncle Charlie nor anything quite so elaborate in the way of abode. The nights were no better as the better half kept mumbling of the days lecture in life underwriting. The City—it is darn near as big as I had imagined it as a girl. A girlfriend friend who lives there sent her husband after me as I would not get lost. So again, I got to live it up, recounting all things which had happened to me and mine and her and hers since last we had seen each other. Some of you may remember, Emma Stephens, now Mrs. Jimmie H. Pangburn who has two married daughters, a granddaughter and grandson all residing in Oklahoma City and doing very well. She wished a fond hello to all her Ranger friends.

Legislative Needs In Farm Program Pointed Out

Southern commissioners of agriculture, having made clear their views of what is needed in the way of a Federal farm program at the recent 1960 session in San Antonio, are awaiting the outcome of the November election and the next session of Congress to see what develops.
Among other items, the Southern commissioners warned against

the delegation of too much administrative power in putting any Federal farm program into effect.
It was pointed out that "the experience of the past seven years has clearly demonstrated the danger of allowing too much administrative leeway in farm legislation—in effect, delegating legislative powers to the administrative branch of the government. During this time all of the administrative powers have been used negatively to wreck the farm program.
"As a result it has been unnecessarily expensive, which too little benefit to the farmers, and surpluses have piled up in certain commodities to the point of the ridiculous. This has been by design, not mere bungling, and by making the farm program unpopular with the people has enabled the administration to back away at farm legislation. This could not have happened if our farm program had been more broadly based in concept and legislative provisions to carry out its intent had been more rigidly drawn.
"The time has come when we should seek to avoid more piecemeal, patchwork or piece-meal legislation for agriculture. The urgent need now is for a program to meet the total needs of agriculture and give it stability.
"The continued steady decline of our farm population may soon reach a danger point. Automation in farming operations and steadily increasing crop and livestock yields will ultimately reach a limit. Our rapidly increasing total population, together with our growing per capita demands for agricultural products, could in the course of the next 20 years place us in the position of being a nation of scarcity rather than one of abundance. This will happen unless we provide an economic atmosphere for farmers which will halt the trend toward further shrinkage of our farm population.
"There is too much at stake for any one person or party to make political capital of the farm problem. It strikes at the very heart of our economy and way of life, and it should transcend party lines.
"Both the potentialities and the

problems are now plainly visible and can be dealt with on both a current and long-ranged basis. Therefore, now is most especially the appointed time for the kind of broad farm program we need and must have."

How Use Of Water May END YOUR CONSTIPATION WORRIES

As you grow older, your system begins to dry out. This is true of your digestive system, and it may lead to constipation. SEAUTAN, taken daily with plenty of water, produces a smooth gel that provides the proper moisture, bulk and peristaltic stimulation to help end your constipation worries.
SEAUTAN is the all-vegetable laxative aid that moistens hard, dry food wastes and forms it for easy, regular elimination. SEAUTAN is entirely different from harsh chemical pills, salts, bran or oils. Take SEAUTAN daily with water and enjoy regular elimination or your money back.

WE LIKE TO TALK ABOUT ABSTRACTS—
... because making abstracts has been our job for many years. And it's an interesting subject. Every day people come to us with their title problems. Some cases are tragic. Take the example of the couple who have spent their all for a home to find out later they have no title. Most title problems are simple and the abstract helps to make them simple. So before buying real estate better talk to us about the title.
EARL BENDER & COMPANY
Eastland. (Abstracts since 1923) Texas

WE LIKE TO TALK ABOUT ABSTRACTS—
... because making abstracts has been our job for many years. And it's an interesting subject. Every day people come to us with their title problems. Some cases are tragic. Take the example of the couple who have spent their all for a home to find out later they have no title. Most title problems are simple and the abstract helps to make them simple. So before buying real estate better talk to us about the title.

New 3 3/4% interest on U.S. Savings Bonds

The Treasury explains why the new ones you buy and the ones you own now are better than ever

Q: How does the new 3 3/4% interest rate benefit me?
A: With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.
With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to 2 1/2% for the first year and a half; then a guaranteed 4% each year to maturity.
Q: When did the new rate become effective?
A: June 1, 1959.
Q: Does the new rate change the Bonds I bought before June 1, 1959?
A: All older E and H Bonds pay more now—an extra 1/4% from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.
Q: Will the Bonds I own automatically earn their new rate?
A: Yes. You don't need to do a thing—just hold on to your Bonds.
Q: When my E Bonds mature, will they keep on earning interest?
A: Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.
Q: With the new interest rate, should I cash in my old Bonds and buy new ones?
A: No. The automatic 1/4% increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.
Q: How are series H Bonds different from series E Bonds?
A: The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bonds. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.
Q: In what denominations can I buy series E and series H Bonds?
A: E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00).
H Bonds: \$500, \$1,000, \$5,000 and \$10,000. They are priced at face value.
Q: How safe are U.S. Savings Bonds?
A: Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.
Q: What if my Bonds should be lost, stolen or destroyed?
A: You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.
Q: Where can I buy Bonds?
A: Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.
Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?
A: Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

ATTENDS WEDDING Mr. and Mrs. H. B. Weather and Mrs. W. P. Powell attended the wedding of Jan Powell and Doyle Cooper Saturday night at the University Baptist Church in Abilene. Jan is the granddaughter of Mrs. Powell.

WEEKEND GUESTS Weekend guests in the home of Mr. and Mrs. R. H. West were their son and family, Mr. and Mrs. Raymond H. West of Hurst and Mrs. George Davis of Arlington.

New Arrivals Mr. and Mrs. H. R. Tibbels announce the birth of a son, Fredrick Scott. He was born Thursday, Aug. 25 at 12:20 a.m. and weighed 8 pounds and 9 ounces. He has a brother, Allan, who is two years old.

Maternal grandparents are Mr. and Mrs. Brownie King of Ranger and Mr. and Mrs. Fred Tibbels of Ranger and the paternal grandparents.

ATTENDS REUNION Mr. and Mrs. L. S. Waddington Sr. attended the reunion at Stamford, Sunday, Aug. 21. Their grandchildren, Donnie and Sandra of Abilene came back with them to spend last week and Mr. and Mrs. Waddington took them home over the weekend.

VISITS GRANDPARENTS Mark and Carla Dobbs of San Antonio are visiting their grandparents, Mr. and Mrs. W. A. Robinson.

Janice Powell, Doyle B. Cooper Wed Aug. 27, In Abilene Ceremony

Janice Elaine Powell, daughter of Mr. and Mrs. W. G. Powell, of Abilene and Doyle B. Cooper, son of Mr. and Mrs. Doyle Cooper of Glen Rose, pledged marriage vows Saturday evening, Aug. 27. Janice is the granddaughter of Mrs. W. P. Powell of Ranger.

The Rev. Maple L. Avery, pastor, read the double ring service at the University Baptist Church of Abilene at 7:30 p.m. The Rev. Bob Armstrong of Burleson gave the invocation.

Nuptial music was by Jeanette Bone, organist, and Mrs. Billy P. Smith, soloist. Mrs. Armstrong was her sister's matron of honor. She wore a street length dress of ice silk organza over taffeta. The fitted bodice had brief sleeves and rounded neckline which dipped low in back. She carried rose colored carnations.

In September he will enter Texas A&M Veterinary School of Medicine at College Station where the couple will reside after September 13.

Bridesmaids were Cecilia Vick, Virginia Edwards of Sweetwater and Barbara Lynn Howard, cousin of the bride. Their dresses, fashioned like that worn by the matron of honor, were flamingo rose and they carried blush pink carnations.

Bridal attendants' headpieces were crowns with matching veil of tulle. Matching satin slippers completed their costumes.

Sylvia Thomas, cousin of the bride, was flower girl. Bill Cooper of Garland, brother of the bridegroom, was best man. Groomsmen and ushers were Grady Spikes of Cleburne, Carey McKensie of Fort Worth and Bradley Rushing of Brownwood.

Mr. Powell gave his daughter in marriage. She wore a floor length gown of white chantilly lace and tulle. The skirt was designed with upon effect of lace over tulle with ruffles down the back.

Her fingertip veil was fastened to a crown of seed pearls and she carried white rosettes on a white Bible belonging to Mrs. Armstrong.

Hurricane lamps lighted the garden at the home of the bride's parents where the reception followed the ceremony.

For travel to Arkansas the bride chose a honey dew suit styled with pleated skirt, short jacket and

matching blouse. Her feather hat was gold and brown. She had lizard accessories and wore the corsage from her bridal bouquet.

A 1958 graduate of Abilene High School, the bride attended Howard Payne College where she was '59 May Queen nominee, an officer of Jacket Co-Eds, of the sophomore class, of the Charissa social club and of HPC's Texas State Education Assn.

The bridegroom is a 1958 graduate of Glen Rose High School where he was captain of the football and basketball teams and was a letterman in track. At Howard Payne he was a member of the Yellow Jacket football team and an officer of the Cen-Tex Aggies Club.

In September he will enter Texas A&M Veterinary School of Medicine at College Station where the couple will reside after September 13.

Rehearsal dinner was hosted by the bride's parents in the Continental Room at Arthur's Cafeteria in Abilene.

Mrs. Fred Allan Green ... wed August 20

Burnet Ceremony Unites Miss Leta Joy Tarver and Fred Allan Green

Miss Leta Joy Tarver, daughter of Mr. and Mrs. John Tarver of Burnet, became the bride of Fred Allan Green, son of Dr. and Mrs. E. R. Green of Stephenville, formerly of Ranger, Saturday evening, August 20, at the First Presbyterian Church at Burnet.

The Rev. W. A. Engstrom officiated at the double ring rites. The bride, given in marriage by her father, chose a gown of white embroidered tulle over taffeta. The bodice was overlaid with embroidered tulle and accentuated by a scalloped neckline and long sleeves. The full skirt of chiffon over taffeta with panels of embroidered tulle ended in a chapel train.

A scalloped tulle of lace and seed pearls held her fingertip veil of illusion. She carried a white orchid atop a white Bible.

Miss Elizabeth Tarver of Burnet, sister of the bride, was maid of honor. Miss Cathy Yarbrough of Bluff Dale and Miss Gayanne Green of Fort Worth, niece of the bridegroom, were bridesmaids. The maid of honor wore a dress of lilac organza over taffeta and the bridesmaids wore identical dresses but one shade lighter.

Steve Davis of Stephenville, cousin of the bridegroom, was best man. Groomsmen and ushers were Harold Green, brother of the bridegroom, and James Tarver, cousin of the bride.

After a reception at the First Presbyterian Church, the couple left on a short wedding trip. They will reside in Fort Worth.

The bride was graduated from Burnet High School and attended Tarleton State College where she was a member of DST social club

NEWS FROM DESDEMONA

The Jesse Clark family of Elcetra were here on vacation this week visiting the L. E. Clark family.

Mr. and Mrs. John Allen and daughters, Lunelle, Johnnie Marie and Miss Linda Ann Greenhaw, spent last week in El Paso visiting with relatives.

Mr. and Mrs. Robert Able and son, Larry Bob, of Oil Center, N. M. spent part of last week here with their parents, Mr. and Mrs. R. Joiner and Mr. and Mrs. R. H. Able.

Mr. and Mrs. Clay Ende returned to their home in Kilgore Thursday after being here several days with his mother, Mrs. Mollie Ende, who has been ill but is improved at this time.

The Frank Gees were here for the homecoming. Mr. and Mrs. Preston Bailey and boys of Roswell, N. M. and Mrs. Loper, Dawn and Eyeneet of Ranger visited Thursday evening with Mr. and Mrs. Pug Guthery.

Mrs. Eula Clark and daughters, Mrs. Cleta Mae Coffman and daughters of Ranger were here Saturday visiting old friends and attended the homecoming.

The Rudolph Davis family left early Monday morning to visit relatives in Nebraska.

Mrs. Margie Caudle and Sherril visited recently in Strawn with a son and brother Harold Caudle and family.

Mrs. Ida Wilhite had all of her children and quite a few of her grandchildren and great-grandchildren home for the past weekend.

The summer revival at the First Baptist Church is in progress at this time. Rev. A. L. Teaff is holding the revival and Moody Smith is in charge of the song service. Come out and bring someone with you.

Don Wittie of Kermil was here over the past weekend on business. Visiting here over the weekend with Mr. and Mrs. Roy Guthery were her sisters, Mr. and Mrs. Reese Wright of Los Angeles, Calif. and Mr. and Mrs. Jack Bealy and sons, Bill and Jackie, of Goree.

Rev. Eldon Shipman and family of Seaton, Tenn., enroute to their new home in Marshall, spent Friday night with a brother, Rev. Nelson Shipman and family here. Mr. and Mrs. Floyd Moore and Miss Lizzie Moore were in Seagraves for the weekend visiting their daughter, Mr. and Mrs. Virgil Branshan and family. While there they attended the W. S. Witt reunion and the H. J. Rogers of Big Spring.

If your house burns down -

If your home should burn, it is still going to cost you a lot more than you probably think it will to rebuild it or buy a new house.

Don't keep thinking about what your house cost you in the first place, maybe years ago. Building costs and home values have risen greatly in recent years. Think: how much would it cost me to duplicate it tomorrow?

If you are like the average home owner, you are still probably way under-insured and should talk to us mighty soon (maybe this minute) about increasing the amount of your fire insurance coverage.

Trail Ride To Be Staged At San Antonio

A 137-mile trail ride, which may become one of the largest conducted by modern trail riders, will be staged by San Antonio this October in connection with the world premiere here of the epic movie "The Alamo".

Present estimates by the Bexar County Sheriff's Mounted Posse, which will arrange and conduct the five-day ride, indicate that as many as 1,000 riders may start out on the trail. The ride will be from the set erected for the movie near Brackettville to San Antonio, and will feature the idea of travel from "the replica of the Alamo to the Alamo".

A state-wide committee, composed of more than 150 leading figures of San Antonio and the state, has been organized by the San Antonio Chamber of Commerce to program a three-day celebration around the premiere showing of the movie. Theo Weiss, San Antonio attorney, Chairman of the Alamo World Premiere Committee; and Forrest M. Smith, local bank president, vice-chairman, of the Committee are following a theme of re-dedication and tribute to the principles of the Alamo for the celebration.

The trail ride, one of a number of events on the premiere program, will be a colorful affair participated in by horsewomen as well as men riders. The inclusion of wagons and buckboards will increase the size and scope of the ride.

The sheriff's posse committee appointed to conduct the ride, said invitations to join the trek will be sent to all known trail ride clubs in the state, but added that individual riders and trail riders from out of the state will be welcome to participate.

Milk Production Can Be Increased By 5-Step Plan

A five-step plan that can increase milk checks is recommended by A. M. Meckna, dairy husbandman for the Texas Agricultural Extension Service.

The plan includes the keeping of production records. There's a choice of official testing (AAR, HIR, DHR), standard DHA, owner samplers, and weigh-a-day's method. Using information from such records, herds have been able to return in excess of \$1 for labor above the average for the state.

Secondly, develop a good breeding program. Make sure your cattle have inherited ability to produce large quantities of milk and fat according to their feed. Breed cows to proven sires. If proved sires aren't available, use a young bull with an ancestry of proved sires and dams. Research shows it may soon be possible to "insure" 10,000 lb. producing cows by following good breeding and management practices.

Thirdly, choose a good feeding plan. Make sure cows get enough energy, protein, minerals and vitamins. Home-grown feeds, pastures and other forages are the cheapest and best feeds for dairy cattle. That's true if they are harvested and stored to save a high percentage of the nutrients. Early cutting, for example, increases net energy percentage of hay by 24 percent over late cutting.

Fourthly, manage carefully. Labor, machinery and equipment must be used efficiently these days. Self-feed hay and silage whenever possible. Practice sanitation. Wash and wipe the udder before milking. Use a strip cup to check on abnormal milk. If you see signs of mastitis, milk that cow last. Give the cows a 6-8 week rest period between lactation periods. Such a rest can boost production 10 percent over the dry period.

And, finally, maintain milk quality. Cool milk immediately after milking to 40 degrees or below. Feed strong-odored feeds, such as silage, only after milking. Keep pastures free of weeds and seeds that cause objectionable flavors in milk.

Hot Tips On Overheating
During the remaining summer months, you'll probably be encountering quite a few engines which are suffering from the heat. However, before undertaking any major repairs to correct overheating, engineers at Champion Spark Plug Company advise a thorough check of an overheating engine on your truck or tractor can waste a lot of time. If you encounter this problem, you may be able to diagnose the trouble by checking the following points:

- (1) All drive belts should be properly tensioned.
- (2) Radiator cap must release pressure at specified PSI.
- (3) Engine idle speeds must be set to proper specifications.
- (4) Radiator and hose must be leak free.
- (5) Check the water flow. When normal engine operating temperatures are attained, carefully remove the radiator cap and observe the coolant in the radiator. If water circulation cannot be seen when the engine is slightly accelerated, check the thermostat for proper operation.
- (6) Check the tightness of the pulley hub on the water pump and the water pump gasket.

Fuel Mixture Too Rich Or Too Lean Can Cause Trouble
If you're one of those farmers who believe that enriching the fuel mixture on your tractor increases power, better change your ways, advise service engineers at Champion Spark Plug Company.

Actual dynamometer tests prove that an excessively rich fuel mixture does not increase power. As a matter of fact, power actually is lost, and in addition to higher fuel bills, the over rich mixture will increase maintenance cost considerably as a result of carbon deposits, gum, fouled spark plugs and oil dilution.

Tests also prove that too lean a mixture won't lower fuel bills either, since leaning out the mixture merely results in rapid power loss. Also, the lean mixture probably will result in higher valve temperatures which reduce valve life considerably.

Tips On Setting Spark Plug Gaps
If you do any of your own tractor service work, you probably include cleaning and re-capping of spark plugs as a 75-100 hour "must". Here are two pointers from the engineers at Champion Spark Plug Company with regard to that important spark plug gap adjustment.

First, beware of a plug that requires much bending of the ground electrode for proper gap. An excessively wide gap is an indication the plug is due for replacement. If it's more than .005 in. over specifications and has been used less than 100 hours, the trouble may be excessive electrode erosion due to incorrect heat range or too lean a mixture. (Or it could also be due to inaccurate adjustment when the plug was installed.)

If you adjust gaps narrower than specification, you may have a

NEWS FROM GORMAN

Mary Ruth, William, Sarah and Karen of Gorman. They attended the Boswell reunion in Dublin Sunday. Mr. Kearney and John returned home Sunday night while Mrs. Keenan remained for a weeks visit.

Mrs. Willie Pogue of Mariarty, N. M. and her son, Mark of Ft. Worth, were Saturday and Sunday visitors in the Boswell home. They also visited in the home of Mr. and Mrs. Dean Kirk.

Brown, and daughter Joan Barbee. Mr. and Mrs. W. I. Dixon of Winters spent the weekend with the Bob Bouchers and the B. E. Wilsons. They also visited the Gail Bennett. Mr. Dixon is a former rural mail carrier from here.

Mr. and Mrs. Brooks Ross of Plainview were in Gorman Friday visiting with old friends down town.

Mrs. Millie Slaton of Brokenridge was a weekend guest in the home of her sister, Mrs. E. C. Sutton.

Mr. and Mrs. Jake Webb and son of Borger visited with their parents, Mr. and Mrs. J. C. Webb and Mr. and Mrs. J. L. Roberts. They also visited other relatives and friends the past week.

Mr. and Mrs. Gene Ellison, Patricia and Jennie of Abilene were weekend guests in the home of their parents, Mr. and Mrs. J. N. Ellison and Mrs. Fanny Burkett.

Mr. and Mrs. Marvin Nix had as their guest over the weekend their son, Ben, from Denton.

Mr. and Mrs. Marvin Nix left Tuesday for Paducah where they will visit her sister and brother-in-law, Mr. and Mrs. C. R. Wood. They plan to spend one day in Paducah with her brother, Dr. Calvin James and family.

Mr. and Mrs. R. C. Boswell had as their guests over the weekend their children and grandchildren, Mr. and Mrs. Charles Kearney, John and Jim of Columbus, Mrs. Bill Pogue, Billy and Mike of Mariarty, N. M., Mr. and Mrs. Bob Boswell, Joe Ed and sister, Mr. Carrol of Eastland and Mr. and Mrs. Dean Kirk, David, Tommy,

rough idle, uneven power and possibly a more critical carburetor adjustment.

Too wide a gap may cause a miss at higher speed and load.

A final note from Champion—be sure the sparking surfaces of the electrodes are parallel, and have squared corners. A spark will jump the gap better from this type of surface than from a rounded surface.

This Could Happen To You!

Farmer Jones was having trouble with his tractor. It seemed to be losing power and would miss under load. He put in a new set of spark plugs, but it didn't help one bit.

Finally, he checked everything he could think of and he had the engine gone over by his local dealer.

They found the trouble—a ball of lint in the gas tank, restricting the flow of fuel to the carburetor. It seems Farmer Jones used the gas tank as a convenient place to dip his rag when cleaning his oily and greasy hands. Each time a little lint would drop into the tank, and he finally had trouble. A word to the wise!

STILL LOTS OF LIFE IN THE OLD CAR thanks to Advanced Custom-Made Havoline Motor Oil. You get extra measure of engine life, because its tough film weas-proofs your engine. Havoline cleans as it lubricates — so you get greater gasoline mileage, pep and power. Try this fine oil, preferred by millions of motorists.

Record of Child's Health Should Be Recorded

School for most Texas children begins today or next Tuesday. Back-to-school means more than pencils, paper and new-smelling blue jeans.

The September issue of the Texas Health Bulletin, a monthly publication of Health, is devoted to matters of school health. All articles in the Bulletin were written by persons with wide experience in their respective fields including school nurses, environmental engineers, teachers and a physician.

There are many hints that will come in handy for parents as well as school personnel. A common problem is estimating the ideal weight for a child. The solution suggested in the September Bulletin says multiply the child's age in years by seven, and add one-half pound for each month past that year. This will hold true from ages six through 12.

and current rate-of-growth must be considered. All information which pertains to the health or growth of a student should be kept in a permanent record all through school. Items such as immunizations, sickness, sight or hearing handicaps, as well as teacher observation reports should be included. The importance of teacher observation of children for physical disorders and handicaps should be a routine procedure, because in addition to catching a physical disorder before it becomes serious, the teacher is often able to uncover emotional difficulties at home.

Bermuda Grass Field Day Set In Brownwood

Saturday has been designated as Coastal Bermudagrass Field Day in Brown County.

Visitors will assemble at the parking lot of Brown Brothers Butane Company on West Commerce Street in Brownwood on Highway 67.

The tour as planned will last from 9 a.m. to 12 noon. A. J. Beck, A. E. Lamb, W. W. Dees, Oliver Steele, Ovid Wall and Paul Winn farms will be visited.

Results obtained by these growers under a wide variety of conditions and methods will be seen. N-K 37, a coastal type grass grown from seed will be seen at the Beck Farm at Oliver Steele's. Program is sponsored by the Brown County Extension Service and the governors of Coastal Bermudagrass and N-K 37.

 MAN STREET — RANGER
 "Where Prices are Born—Raised Elsewhere"

No stuffy "thermos bottle" living with GAS heating!

No need to seal off your home in order to keep heating costs within reason. Gas heating gives you "fresh air" warmth. Air flow is the answer! In "fresh air" gas heating, air constantly circulates ... forever refreshes itself ... with fresh-air intake, completely changes every hour. Each room is completely comfortable. Stale household odors can't linger as in "thermos bottle" living!

Gas heating is clean, safe, dependable — and costs so much less — actually just a fraction as much as other types. Don't be fooled —

Gas heating is your greatest home heating value. Why pay to heat more than one house when you live in only one? See your gas heating dealer or
