### If your house burns down -

HOLKY /

If your home should burn, it is still going to cost you a lot more than you probably think it will to rebuild it or buy a new house.

Don't keep thinking about what your house cost you in the first place, maybe years ago. Building costs and home values have risen greatly in recent years. Think: how much would it cost me to duplicate it tomorrow?

If you are like the average home owner, you are still probably way under-insured and should talk to us mighty soon (maybe this minute) about increasing the amount of your fire insurance cover-
