

Demo Rally Success Despite Bad Weather

Jim Wright, United States Congressman, told Eastland County Democrats that, "some unthinking people along the road of big spending socialism and welfare state at the expense of the modern Republican," at the Tuesday night "Democratic rally and barbecue in the Eastland City Park.

Although the rally was dampened by threatening weather, some 700 Democrats from Eastland County, Weatherford, Jackboro, Bains, Clyde, Abilene, Breckenridge and other points in North Central Texas turned out for the largest political rally held in Eastland County in many years.

Richard Moore of Cisco and Mrs. Roscoe Hopper of Ranger, are co-chairmen of the Kennedy-Johnson organization which has campaign headquarters in Ranger. Maurice Brooks and Virgil Musick are co-chairmen of the 17th Congressional District Democratic

campaign.

Some six hundred pounds of barbecue was prepared by Kitch Gregory of Ranger to feed the large crowd. Sam Aills of Ranger was County Chairman of Arrangements for the rally.

Wright, one of our youngest congressmen, and a fine speaker, talked in everyday language and presented what the crowd wanted to hear. He attacked the policies of the present administration in Washington and outlined a 4-point course the Democratic party would follow if they win in the November election.

He discussed the financial condition of the government and said, "The national debt was reduced \$11 billion under Truman's administration, even during the Korean War. Under the Republicans, the debt has increased \$19 billion.

Wright was introduced by French Robertson of Abilene, Committeeman of State Democratic Executive Committee, 24th Senatorial District, who called him "one of the young men destined for greater achievements on the

national scene."

Among prominent state and area Democrats present were Calhoun County Executive Director of the Kennedy-Johnson Campaign, Charles Walker of Baird; Wiley Connally, brother and state representative of State Democratic Chairman Ed Connally of Abilene; Scott Bailey of Cisco, newly elected state representative from this district; Grady Hoger, president of Cisco Junior College served as Master of Ceremonies.

The Eastland High School Stage band, under the direction of Ed Hewitt, gave a concert preceding the barbecue. Also the Harmonettes, a girls quartet from Baird High School entertained a large crowd.

A light thunder shower moved the crowd into the American Legion Hall for the enthusiastic speech given by Wright. He was given a standing ovation at the conclusion of the speech.

Ranger College Students Elect Class Officers

Ranger College students met Oct. 5 at the Activity Period for the organization of the classes and the election of class officers.

Sophomore class officers are president, Howard Stallings, Fort Worth; vice-president, Clyde Smith, Carrollton; secretary-treasurer, Pat Blakely, Seagraves; reporter, Sandy Taylor, Eastland; and Student Council representative, Butch Scott, Anson.

Freshman class officers are as follows: president, Jimmy Potts, Breckenridge; vice-president, Don Lambeth, Goree; secretary-treasurer, Norma Gayle Emfinger, Ranger; reporter, Walter Blackwell, Ranger; and Student Council Representative, Bill Stuart, Ranger.

Activities for Year Is Planned By 4-H Council

The Eastland County 4-H Council met at the Court House Saturday for the purpose of planning the activities of the year. Jimmy Wright, chairman, presided.

The date for the Achievement Banquet was set for Nov. 12, National Achievement Day. The banquet will be held at the Cisco Junior High gymnasium. Plans were also discussed for a Christmas party.

Officers of the 4-H council are Jimmy Wright, chairman, of Eastland; Christina Stroebel, vice-chairman, of Nimrod; Danye Sherman, secretary, of Morton Valley; and Sharon Donham, reporter, of Rising Star.

The three committees appointed were the foods, entertainment and decoration committee. Carol Stroebel, Butch Phillips and Sharon Donham are members of the food committee. Entertainment committee members are Christina Stroebel, James West and Larry Duncan. Diana Thompson, Jimmy Ratliff, Judy Phillips and Cicely Sargeant are members of decoration committee.

Approximately 50 members attended the meeting. After the business session an Officers Training School was held with J. M. Cooper in charge of the reporters, Mrs. Carroll Shelton, the secretaries, Curtis Boase and Miss Melbaeann Hoberts, the presidents and vice presidents.

Car and Garage Burns On Travis Street Wednesday

The Ranger Fire Department answered a fire alarm Wednesday at 107 Travis Street.

Although the fire truck arrived at the scene of the fire less than five minutes after receiving the report, they were too late to prevent the complete destruction of a 1949 Buick automobile which had caught fire in the garage of K. E. Falls.

Bob Hazard was working on the automobile in the garage when a broken trouble light ignited some gasoline. The rapidly burning fire also did extensive damage to the rafters in the sheet-iron garage.

Rangers to Meet Top J. C. Grid Team

The Ranger College Rangers will meet the Tyler Apaches this Saturday night at Tyler.

Tyler Apaches are rated as the number one Junior College in the South with a record of five wins and no losses. The Rangers are catching the two toughest opponents on their schedule in a two week period.

Tyler in their five wins have defeated the top three Junior Colleges of the south, they were Miami, Oklahoma 46 to 8, Texasarkana, 16 to 0, and Victoria 14 to 22. They also downed Paris 14 to 6 and Henderson County 36 to 6. Three of these games, Miami, Texasarkana and Victoria, were defeated in a seven day period.

They run from a straight T formation with three of their backs returning from last season's starting team. The other back, Henry Boxley, runs the hundred yard dash in 9.6 seconds. Their backfield will average approximately 185 pounds per man. The quarterback, Jimmy Lyons is a smart field general who can run and throw, and mixes his plays well.

The line will average approximately 209 pounds per man, with two 250 pounders anchoring the right side. Guard Richard Farris, 250 pounds, is fast and is reported by many coaches to be the best Junior College lineman ever to play in Texas.

The Tyler coaches think that this year's team is the best they have had since 1951 when they went to the little Rose Bowl. By all indications Tyler will be the number one choice to the Junior

Rose Bowl again this year. They have met and conquered their toughest opponents with apparent ease.

Frank Brewer, returning fullback, made over 200 yards against the Rangers last year, and is one of their hardest runners again this season.

The Rangers played a magnificent ballgame against the Apaches last year and defeated them 27 to 25, the first time in several years that they had defeated Tyler.

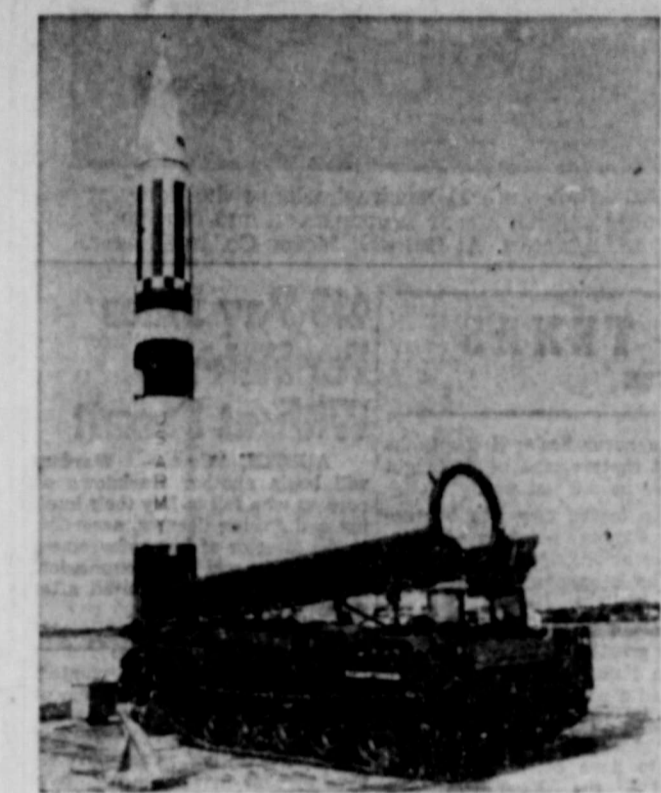

This year they seem to be even stronger on defense than when they played Tyler last year. Their offense this year has seemed to lack the punch needed for scoring consistently.

This week, in the Rangers camp, time has been spent working on offense, stressing more power up the middle. Also, they have been drilling on offensive blocking assignments.

Couch Jim Puryear has changed his offensive formation a little by moving one of the split ends in front and moving the slot back outside. This will give a better blocking angle for move inside running.

The Ranger squad will go to Tyler full strength. Carl Free, tackle, who missed the Cisco game and saw only limited duty in the Del Mar game will be ready to go all the way this week. Several other minor injuries have improved and the squad looks in tip top shape.

The Rangers are going to be trying hard to knock off the number one team to make up for last week's loss.

THE PERSHING MISSILE named in honor of General of the Armies John J. Pershing. A successful test firing of PERSHING from its new transporter-erector-launcher held recently was the first firing from its new mobile launcher. The new type launcher will permit PERSHING to be transported to an unprepared site, erected and fired in a matter of minutes.

Bulldogs to Show New Look Friday

The Ranger Bulldogs will travel to Cross Plains Friday night to take on the Buffaloes in the final non-district game of the season.

Following Friday night's outcome the four remaining games will be district play, with three of the district teams looking stronger each week. Coleman, Winters and Ballinger are building impressive records and indicate one point toward a tough three-way fight between the three teams for the district crown. Ranger and Cisco have been struggling along through their earlier games and haven't shown any indications as a district threat. If the battle to the south gets real rough and the three teams down there begin to take each other up, Ranger or Cisco might slip up on somebody and mess up the district ratings.

Ranger will present a "New Look" at Cross Plains this week. They will be running two offensive units. Not as two complete units, but as one unit with two backfields. Through workouts this week Jim Robinson and James Henry have been running in the fullback and halfback positions with Joe Barker at wing back. This backfield, along with the regular backfield, will provide an added scoring punch, which the Bulldogs have been lacking. The new unit in the backfield will give the Bulldogs a little added power, and will also give the regular backfield some much needed rest.

The "New Look" in the backfield will also present a "New Look" in the offensive line. The knee injury suffered by Center Charles Garrett in the Dublin game necessitated the shift of Ronnie Daskevich from guard to center. Alfonso Vasquez filled in at

the open guard position. With Jim Robinson doing part time duty in the fullback spot, David Lockwood will plug the other line vacancy. With James Henry doing part time duty at halfback, the end position left open will be filled by Edward Mendez and Arthur Mendoza. Barker and Mendoza will alternate at wingback. Other positions on the starting lineup Friday will be Dean Richey and Richard Guest at the tackle positions. Richard Robie will be at quarterback and Charlie De Los Santos at end and Richard Wilhelm at halfback.

The Bulldogs and the Buffaloes have the same season records of one win and four losses. They both lost to Dublin and De Leon. By all indications it should be a fairly even game, according to season record, weight and experience. The Bulldogs will probably hold the advantage in the game due to their desire and spirit, and fine defensive play.

Cross Plains has some fine running backs and a left handed halfback who likes to throw the running pass. And with both Dublin scores against Ranger being on passes, Cross Plains will probably try the airway frequently Friday night. They also run quite a bit of wide stuff around end.

Both ball clubs will be wanting this game and it should be an interesting game.

Mayor Creager Issues Order For City Election

Mayor W. F. Creager called for an order of election of a City Commissioner to fill the unexpired term of H. E. Angus in Place Number One as Police and Fire Commissioner of the City of Ranger, who is no longer a resident of Ranger.

I. C. Maupin Catches Big Ones At Lake Leon

H. B. O'Keefe of the Chuck A-Block Marina at Lake Leon reports that fishing at Lake Leon has been good and there has been several good catches of big black bass and channel catfish around the lake in the past few days.

I. C. Maupin of Ranger, has been getting excellent results as he has caught over 20 big bass weighing better than 65 pounds in the past week. Sept. 29, he landed four weighing 15 pounds, two at five pounds each. On Sept. 30, he netted five big ones, weighing 17 pounds, two weighed around six pounds each. On Oct. 1, he brought in four more weighing 16 pounds, Oct. 3, five more were hauled in weighing 18 pounds. Of all the catches, seven weighed over five pounds each. He said he had many more strikes than what he managed to land. Several of the big lunkers broke his tackle and took his plug. He uses a black and white skirted hand-made jig with silver spinner.

Jack Gardner and Levi Wynniger of Fort Worth also netted 12 pounds of bass during the same period.

Angus, who has had a long and commendable record as a civic leader in Ranger has been transferred by his company, Premier Oil & Refining Company, to Coleman. He worked for the Illinois Oil Company prior to World War II and upon his return from the Armed Service went to work for Premier, who had purchased the Illinois Co. He had been living in Ranger since his return from the Army in 1945. He was an assistant foreman for Premier at the time of his transfer and is holding that same position at Coleman.

Angus first was elected to the City Commission in 1947 when he served two terms or until 1951. He was again elected and served three two-year terms or until 1955. He was again elected in 1957 and was serving his fifth two-year term this time. Expiration date of his term of office would be in April 1961.

Angus faithfully served the City of Ranger for many years in the office of City Commissioner. Regularly attending the weekly meeting of the commission and discharging his duties without ever drawing any compensation from the city in this capacity.

Mayor Creager called for the election to be held within the City of Ranger on the 29th day of

November, 1960.

The election will be held at the City Hall and W. W. Paschall will serve as Election Judge.

Fall Revival In Progress At First Baptist

The Revival being conducted in the First Baptist Church continues to grow in interest and attendance. Members have been received upon profession of faith and baptism and by letter. The services will continue through Sunday evening.

Dr. Ray Ellis of Harding-Simmons University is doing the preaching and John Peery, ESU Director at Hardin-Simmons is directing the Revival Choir and helping with the special music.

"There have been many visitors and friends from other churches and there is an invitation to everyone to come worship with us these remaining days of revival," a spokesman for the church said. The Nursery is open during the service and during visitation.

Student Council Officers Elected At College

Ranger College students have elected officers of the Executive Council of the Ranger College Student Association.

Officers are as follows: President, Phil P. Reed, vice president, Brenda Roberts, and secretary-treasurer, Janis Lopez.

Phil Reed is a sophomore engineering student from Hobe, Arizona. Brenda Roberts is a sophomore business administration student from Throckmorton; and Janis Lopez is a freshman English major from Atlanta.

Runner-up were the following: Fred Wendeborn and Jerry Collins for president; Horst Krause and Beth Key for vice president; and Norma Gayle Emfinger, Linda Drennon, and Nancy Kelley for secretary-treasurer.

John Woodall to Speak at Youth Rally Saturday

John Woodall, State president of the Christian Youth Fellowship, will be guest speaker at the Christian Church Youth Rally Saturday at 7 p.m. in the annex of the First Christian Church in Eastland.

The Christian Church young people of Cisco, Ranger and Eastland will meet for an evening of fun and fellowship.

Woodall will also bring the morning message at 10:30 a.m. at the First Christian Church in Eastland Sunday.

Berry of Weatherford; one brother, L. D. Cummings of White Deer, Texas; five grandchildren and three great-grandchildren.

Funeralbearers are Johnny Boen, Verne Peterson, Reed Campbell, L. E. Gray, W. R. Swancy, G. B. Rush, Tom Lang, all of Ranger, and Jim M. Coates of Weatherford.

Anderson Chevrolet Co. Displays New Automobiles

The new 1961 Chevrolet automobiles are being shown at Anderson Chevrolet Company in Ranger Friday and Saturday.

Top seller of 1960 automobiles, Chevrolet promises to solidify its position in 1961 by significantly broadening its range of passenger cars.

Scheduled for display at dealer showrooms Friday are 20 freshly styled conventional models; nine Corvairs including new passenger and commercial models, and the spirited two-place Corvette.

Complete new body styling, which provides easier loading for both passengers and baggage and establishes new heights in motorizing comfort and convenience, is featured in the regular line of passenger cars.

The entire body, from floor to roof and grille to rear bumper, is all new. Prime design emphasis has been placed on functionalism with thrift.

High on the list of advantages of the all-new body are:

1. Easier entrance to passenger compartments.
2. Large, more accessible luggage space, with the trunk loading level lowered as much as 10.5 inches.
3. Improved chair height and over-the-shoulder visibility which will increase the ease of parking and add to driving safety.
4. Other safety items include improved brakes, oversize electric windshield wipers, and a new placement for the fuel tank which protects it from road hazards such as hard bumps and flying stones.

Although the conventional cars

are shorter, narrower and slightly lower, the interior roominess remains about the same or better than comparable 1960 models. Riding comfort is improved.

From a styling standpoint, the new models feature gently curving and smooth lines and a generally cleaner and strier appearance from all angles.

The Corvair models to be unveiled Friday also blossom out into a complete line of passenger and commercial vehicles. They (Continued on Page Three)

Bagwell Motor Company Shows New Pontiac Today

The new 1961 Pontiacs are being shown today at Bagwell Motor Company in Ranger.

"Pontiac for 1961 has combined dynamic new styling concepts with significant engineering advances to present the most exciting new car in its 53-year history," said S. E. Knudsen, General Motors vice president and Pontiac Motor Division general manager, in announcing Pontiac's new line of automobiles.

"Fifteen new eye - appealing models in four versatile series are precision designed to set new standards in car beauty, reliability, performance, and motoring comfort," Knudsen declared. "With this new line we intend to strengthen our position of leadership in the medium price field."

The new Pontiac is as much as .9 inch lower, four inches shorter, and 2.5 inches narrower, Knudsen revealed, yet important passenger compartment dimensions have been improved. Pontiac's famous wide track design, prevailing in each series, is also proportionately increased.

Knudsen also cited a new perimeter frame, new front and rear suspension systems, and a lighter weight, more efficient V-8 engine among the car's completely new engineering features.

Pontiac's dynamic new styling approach for 1961 conveys an overall impression of distinguished simplicity and unmistakable identity.

I GIVE YOU TEXAS

By BOYCE HOUSE

When I was a youngster, I associated greatness with winning. Therefore it was a matter of great surprise to me when, one season, the sports writers selected as "league" outstanding manager, Kid Eberfeld. His team was in last place.

What the sports writers were saying was that Eberfeld had almost no material and deserved the honor of "manager-of-the-year" for accomplishing something with little.

If winning was the only test, then the greatest general in history would be a man that most people never heard of—the Duke of Marlborough, of whom it was said

that he never besieged a city he did not capture, and never fought a battle he did not win.

But a leader may win because he has superior numbers or heavier guns or because of luck or because he is opposed by poor generals.

Napoleon is generally considered the greatest military genius of modern times—yet he lost battles and died a prisoner on a rocky island.

Robert E. Lee is considered by many to have been the greatest general of the English-speaking races — (Theodore Roosevelt, for one, thought so) — yet Lee lost battles and the Confederacy, for which he fought, fell.

As one philosopher expressed it, "Success is not in winning—but in playing a poor hand well."

433 Pay Fines For Fishing Without Permit

AUSTIN, Sept.—Wardens will begin another crackdown on persons who fail to buy their hunting and fishing licenses, according to the director of law enforcement of the Game and Fish Commission. New licenses were required after Sept. 1.

Last month 433 persons paid fines for failure to have fishing licenses, according to the monthly report of the law enforcement division. There were 546 arrests for the month, with fines and costs amounting to \$3,075.42. Five persons paid fines for "telephoning" for fish. This is the illegal use of electrical devices in shocking fish.

Licenses were revoked on a dozen violators, including those who "telephoned" the fish. Others who killed deer out of season also got their licenses revoked.

"There is little excuse for a person to get caught without hunting or fishing license," the director said. "Everyone knows such a license is required. They think they can get by without one, and then get caught."

Latest Tips On Freezing Poultry For Home Use

The popular Texas Agricultural Extension Service bulletin "Freezing Poultry for Home Use" has recently been reprinted for the third time. In addition to listing the equipment needed for preparing poultry for freezing, the bulletin explains and illustrates the different steps in cutting and packaging poultry for efficient and easy use.

As explained in the bulletin by

F. Z. Beamblossom, poultry marketing specialist and Roy Snyder, meats specialist, poultry used for freezing should be of high quality and prepared ready to cook. Because of this need for preparation, it is advisable to think about the every-day needs of the family and special occasions before preparation of the chicken or turkey starts. Be sure the poultry is ready to be cooked regardless of the form in which it is frozen.

The recommendations given in the bulletin have proven to be reliable in insuring a quality product, but they are not necessarily the only procedures. This bulletin, B-177, may be obtained from local county extension agents.

District 1 P-TA Holds Workshop In Mineral Wells

Between 350 and 400 women attended the meeting of the District 1, Texas Congress of Parents and Teachers workshop held at the Baker Hotel in Mineral Wells, September 29. The theme was "Strengthening the American Family Today."

The workshops were divided into sections according to school divisions: high school, junior high, elementary and pre-school.

One of the highlights of the day was a panel discussion with Mrs. Mary Strub Ballew, consultant

of home and family life education in Fort Worth public schools as moderator and panel members were Dr. L. P. Barrett, director of health services in Fort Worth schools, Mrs. Ruby Lee Piester, state child welfare supervisor, John Price, director of juvenile rehabilitation in Tarrant County, Mrs. Robert Halton, Evaluation and goals chairman of District 1 P-TA and Miss Lloyd Stewart, woman's section writer for the Fort Worth Star-Telegram.

Dr. Barrett discussed the matter of fifth grade through junior high school age boys playing competitive football, and he asked that all parents read the article in the September edition of "McCall" magazine. He also was discussion leader for the high school group. He urged that Driver's Education

not be offered until the age of 16, as that is the legal age for licenses to be obtained.

Ms. Price, discussion leader for the elementary group, pointed out the fact that children need love, faith, and trust and if they do not get love at home they will get it elsewhere.

Miss Stewart compared today with 29 years ago, saying that youth were not so different but the time had changed. She stated that the parents were the different ones as they now push their children into social activities before they are old enough to be secure or mature in their feelings. Mrs. Piester suggested that the problem lay with trying to keep up with the Jones.

The workshop was preceded by a District Board meeting at the

Baker Wednesday with Mrs. Stanley Statch, president of the board, presiding. It was announced during the meeting that there had been a re-distribution of the district, and area 1 is to include Parker, Palo Pinto, and Stephens counties. Area 2 will include Tarrant, Johnson, Hood and Somervell counties; Area 3, Hamilton, Erath and Comanche counties; Area 4, Shackelford, Callahan and Eastland; and area 5, Brown, Mills and Coleman counties.

There are 394 local P-TA units in the district.

Area P-TA members attending the workshop were: Mrs. Bob Latsom, District vice president from Cross Plains; Mrs. B. C. Jones, Local unit president, Cross Plains; Mrs. J. B. "Tip" Arthur, Eastland, district health chairman; Mrs. Frank Sayre, Eastland, district high school chairman, and Mrs. M. W. Herweck, Ranger, district parliamentarian.

These officers will plan a workshop based on the theme, "Strengthening the American Family Through Cooperative Action," for the area at a later date.

Mrs. Bill Squyres and Mrs. Kitty Stephenson spent the weekend in Odessa visiting Mr. and Mrs. Curley McCallum, Mr. and Mrs. Gabe Walker, Mrs. Alta Waggoner and W. J. Pool.

All Hunters Must Possess Tags for Deer

AUSTIN, Sept.—If you hunt deer you must have deer tags, even though you are entitled to exemption. This is the warning of the fiscal director of the Game and Fish Commission, whose job it is to provide hunting and fish-ing licenses.

For persons entitled to an ex-emption, the license is required only if you hunt deer or turkey. The exempt license is not required for other types of game.

The following are exempt from buying a hunting license: If you hunt entirely within your own county (except for deer and tur-KEY); if you are over 65 or under 17 years of age. If you qualify for hunting without a license un-der these conditions you do not need a permit.

Tags are necessary, because it is illegal to possess a deer that does not have a tag. These tags must be securely attached to the deer immediately after it is killed.

Just having the tag in your pocket is insufficient. As soon as you reach your deer, the tag, properly filled in, should be at-tached to the antlers, if a buck, or a leg if a doe, where does ar-legal. It can be securely wrapped with string, or fastened with ad-

hesive tape. And the tag should be put on so it will not become loose with handling the carcass in either the ichehouse or the au-tomobile while in transit.

The deer tags are non-transfer-able and must bear the name of the holder.

Youth to Hold Bake Sale Sat.

A bake sale will be held by the youth of the First Christian Church Saturday, Oct. 8 beginning at 9 a.m. Tables will be located near Worth Food Mart and the Gholson Hotel.

Proceeds will help the church in aid of the Foreign Division of the Foreign Missions of the Disciples of Christ to cover the losses sustained in mission work in the Congo as a result of the recent political crisis there.

Guard Against Fire Damage

What would you and your family do in case of a fire? Do you have any emergency plan? The Texas Farm and Ranch Safety Council says that if every member of the family knows what to do in case of fire, severe property damage or even loss of life may be prevented.

The Councilmen urge families to work out a simple emergency plan that is understood, and even rehearsed periodically, by all members of the family. Basically, the plan should involve calling the fire department, getting the family to safety and saving animals or farm livestock. The more isolated your place is, the more important it is to have fire-fighting equipment on hand. Such common tools as rakes, axes, shovels, a ladder and garden hoses are valuable for fighting small fires. It is also a good idea to have commercial fire extinguishers handy. Dry chemical or carbon dioxide extinguishers should be available for use on flammable liquid or electric fires, the Council says.

Another valuable fire-fighting aid is the farm pond or irrigation canals. If pumps are available water sources such as these could mean the difference between light or heavy losses. High-pressure orchard sprayers can also double as fire-fighting equipment. Avoid fire hazards is also a vital part of safeguarding your home from damage, the Council points out. Care should be taken in house planning and construction, in installation and use of electrical appliances, and in such everyday activities as trash disposal, use of flammable liquids, and power equipment operation.

VOTE FOR TEXAS

RICHARD M. NIXON, candidate for President, is a Californian, but he thinks the Texas way. Richard Nixon stands for:

- A strong national economy and defense so that America will not have to apologize to Khrushchev for anything;
- A sensible farm program that will attack and solve the present problems.
- Texas retaining its tidelands, and a tax policy favorable to Texas.
- Local control of our schools.

If you will read and compare Nixon's platform to that of his opponent, you will agree that a vote for Nixon is a vote for the best interests of Texas.

THE '61 PONTIAC IS OUT TODAY!

It's All Pontiac! on a new Wide-Track!

New track-to-body proportion! The track is the width between the wheels. Pontiac is the only Wide-Track car. Body width is reduced, shaving side overhang, balancing more weight between the wheels. Best relationship of body width to wheel width ever tailored. Lean and sway are ancient history.

Announcing the new Pontiac Trophy V-8 Engine! We've improved the engine the experts said was perfect. New fuel induction system saves gas by using more air in the gasoline mixture. This makes the engine breathe more efficiently, giving you better acceleration. Eleven versions to choose from. Horsepowers range from 215 to 348. For best economy, specify the Trophy Economy V-8. Its lower compression ratio lets you use regular gas.

More headroom, legroom, footroom for greater comfort! You'll take great comfort in the extra roominess we've built into the '61 Pontiac. Seats are higher, yet there's more clearance beneath the steering wheel and more hatroom over your head. There is more legroom, more footroom. Doors are wider and designed to swing open farther. The more highway you put behind you (Pontiac specializes in this) the more you'll appreciate the new room that's all around you in this sleek new '61.

THE ONLY WIDE-TRACK CAR! Body width trimmed to reduce side overhang. More weight balanced between the wheels. No other car hugs the road with such sure-footed stability and precision.

ISN'T THIS YOUR BIG YEAR FOR A WIDE-TRACK PONTIAC? ITS ALL PONTIAC!
